

His True Colors Chapter 1561-1570

Chapter 1561

After all, what he is pursuing now is the realm of the Eight Directions, and Sacred Chestnut is after all a product of Xuanyuan World, so even if he eats more, it will not improve his realm.

So now the way to make the most of the Sacred Chestnut is to give it to Mo Yang and the others, whose realms are low, and who can make the most of it after eating it.

After hearing Mo Yang's words, Han Qianli casually took out a few of them and said to Mo Yang, "Go, time is running out, do what you want to do and leave no regrets."

Mo Yang took the sacred chestnut in passing, without any outward appearance, and did not say thank you to Han 3,000, after all, the feelings between men do not need to express gratitude verbally.

"Let's go, now that you have Sacred Chestnut, you don't have to worry about keeping up with the realm." Mo Yang said to Liu Fang.

Liu Fang gratefully looked at Han Qianqian and said, "Thank you."

Han Qianqian shook his head and said, "What are you thanking me for, it's of no value to me, giving it to you will instead be of the greatest use."

Liu Fang didn't say anything more, because if she had to thank Han Qianli, she wouldn't be able to repay him in any way, because thanks to Han Qianli, she had the opportunity to see the world outside of Earth.

After the two of them left, Han Giangni instructed Blade Twelve on a number of things.

Although he could arrange some things to minimize their danger after they went to Xuanyuan World, Han 3,000 couldn't guarantee that anything would happen, so the best way to ensure their safety was their own strength.

Han 3,000 hoped that before he went to the Eightfold World, he could raise Blade Twelve's realm to the highest, preferably to the Extreme Master realm, so that Mo Yang and Liu Fang's lives would not be threatened in any way.

But to make Blade Twelve become an Extreme Master in a short period of time, this is absolutely not an easy thing to do, even if there are more sacred chestnuts, it will not help.

"Can't Fei Lingsheng be hard to defeat to protect them?" Seeing Han Qianqian struggling with this matter, Su Yingxia wondered to Han Qianqian that there was a ready-made strong person who didn't need to be used, but preferred to take a detour to accomplish something that wasn't very realistic, making Su Yingxia unable to figure it out.

"Fei Lingsheng does have the strength to protect them, but this person is not a hundred percent trustworthy." Han Qianli had always been wary of Fei Lingsheng, and after betraying him this time because of the Linlong, Han Qianli was even more convinced that Fei Lingsheng was not a reliable person, so he would never put the lives of the twelve or thirteen knives in Fei Lingsheng's hands.

"Why?" Su Yingxia was curious.

"She has betrayed me on this trip to the apocalypse, but fortunately I found out in time, or else she would have found an opportunity to kill you." Han Qianli said.

"Kill me?" Su Yingxia felt very strange, for no reason at all, why did Fei Lingsheng want to kill her, it made no sense at all.

"She is controlled by the Linlong, and the Linlong is afraid of your strength, so he wants you to die." Han Qianli explained.

Su Yingxia suddenly realized, and unconsciously said, "This stinker actually wants me dead, let's see how I can deal with it."

When Han Qianli heard the word stink bug, he couldn't even laugh or cry, with his current strength, he didn't dare to call the Linlong this way, but Su Yingxia was fully qualified, which also reflected the gap between Han Qianli and Su Yingxia now, which was something he couldn't even admit if he didn't want to.

"If he knew that he had upset you, he would definitely hide like an earthworm." Han Qianli said with a smile.

At that moment, Su Yingxia suddenly thought of something, and her expression became a bit more serious.

Han Giangxi also noticed Su Yingxia's change in mood and asked, "What's wrong with you?"

The first time I saw a dragon, it was a crystal-clear jade color, and countless people were prostrate in front of it, as if they were begging for mercy.

It was the first time I had ever seen a dragon in my life, and I was so impressed that I could feel a strong sense of oppression.

What kind of dragon is this, and why is it so powerful!

"It's nothing. I seem to have suddenly thought of something, but I can't describe it specifically," Su Yingxia said. Su Yingxia said.

Han Giangxi knew that it was probably because the memories belonging to Fuyue had begun to unblock bit by bit, but Su Yingxia would still need to eat what that old man left behind if she wanted to recover all the memories of her previous life.

Han Giangli gave Knife Twelve a few sacred chestnuts and said, "Do your best, you can't force this kind of thing."

Blade Twelve's expression was resolute, and even Han Qianqian thought that this was unlikely, but he would not give in, and must do his best to try.

In the following days, Han Qianli and Su Yingxia stuck together almost every day, doing what ordinary lovers should do, and in a short period of time, their feelings for each other heated up dramatically, like glue, and now Su Yingxia is no longer holding Han Qianli's wrist all the time.

On the other hand, Knife Twelve is always closed, and in order to meet the requirements of Han Qianli's desired realm, Knife Twelve is really desperate.

On this day, Han 3,000 and Su Yingxia were preparing to go out to cultivate their relationship with each other as a couple, but when they opened the door, there was a person standing in the front yard that Han 3,000 had never expected to see, but it was only logical that he would appear sooner or later.

Yi Qingshan.

This guy was ordered by the Linlong to come, the initial purpose was definitely to find trouble for Han 3,000, but now, he was able to take the initiative to appear, indicating that the Linlong has no idea of dealing with Han 3,000.

"I didn't expect that we would meet here." Han Qianqian said to Yi Qingshan.

Yi Qingshan put on an inscrutable appearance, but he was puzzled by Han Qianqian's words, as if he recognized him.

"If we don't meet here, where else can we go, and if I don't show up, you'll never find me," Yi Qingshan said.

This was something Han 3000 had to admit, and I don't know what method Yi Qingshan had used to escape Han 3000's consciousness, but his non-appearance couldn't have any effect on Han 3000, because he couldn't confront Han 3000 head on either.

"I don't need to look for you because I know you'll show up sooner or later, and as long as I'm here, you won't be able to hurt anyone," Han 3,000 said.

Yi Qingshan didn't know how to refute this, and he indeed didn't dare to make a move easily, as he might lose his life if Han Qianqian noticed, and he didn't dare to gamble with his own life.

Chapter 1562

"You've never been one to fear death, am I right." Seeing that Yi Qingshan did not contradict himself, Han Qianli smiled and continued.

Ever since he reached the Nine Lanterns Realm, preserving life had become Yi Qingshan's top priority. Once the slightest threat to his life appeared, Yi Qingshan would run away, and he was definitely the fastest one.

Of course, not just anyone is qualified to call out such a nickname.

But Yi Qingshan was surprised that people in Xuanyuan World knew about it, but why would a guy from Earth look like he knew him so well?

"Who exactly are you, why did the Lin Long kill you, and why do you know anything about me?" Yi Qingshan asked Han Qianqian.

This surprised Han 3,000 yuan, because Lin Long remembered him, and Fei Lingsheng also remembered him, which made Han 3,000 yuan subconsciously think that his rebirth had only changed the earth.

However, Yi Qingshan's current state seems to be that he doesn't recognize himself anymore, which means that his rebirth has also brought changes to the Xuanyuan world.

But Why are Fei Lingsheng and Lin Long a special one, which made Han Qianqian somewhat unable to understand.

"Is it hard to fall down Lin Long didn't tell you?" Han Giangli said to Yi Qingshan with an expression of surprise.

"What's the matter, what should it tell me?" Yi Qingshan asked with an eager face.

"I'm the only God Realm powerhouse in the Xuanyuan World, you wouldn't know that," Han Qianqian said.

Yi Qingshan was stunned. The message he got from the Lin Long only told him that Han 3,000 was very strong, the strongest among his peers in the Extreme Master Realm, so the Lin Long repeatedly told Yi Qingshan not to show his face in front of Han 3,000 to avoid risking his life.

Yi Qingshan, who was afraid of death by nature, did not dare to try it.

But he never expected that Han Qianqian had become a legendary God Realm powerhouse in Xuanyuan World!

"I know." Han Giangli suddenly smiled and said, "I know why Lin Long didn't choose anyone else but you."

"Why?" Yi Qingshan asked in puzzlement.

"Because you are afraid enough to die, because you can be sure to let the Linlong know that you will not easily appear in front of me without his orders." If it were any other strong person, he might still have some inner dissatisfaction and fight with Han Qianqian, but Yi Qingshan would never do so.

But Yi Qingshan would never do that. Such words are obviously not a compliment.

But Yi Qingshan didn't mind it at all. He was afraid of dying and the whole world knew it, so he didn't think it was something to be ashamed of anymore.

"If I knew that you were a strong God Realm, I wouldn't have come to this place at all." Yi Qingshan had begun to regret it, and even felt that he shouldn't have appeared in front of Han Qianqian.

If Han 3,000 wanted to kill him at this moment, he wouldn't have a chance to escape.

Although the Extreme Mastery Realm was strong enough, Yi Qingshan still knew what he was doing in front of a strong God Realm.

"You don't need to be afraid, I won't kill you, but there's a reason why you suddenly appeared, right?" Han Qianqian smiled and asked.

Yi Qingshan just remembered the main matter explained by the Lin Long and said to Han Qian, "The Lin Long asked me to convey to you that there has been a break in the Xuanyuan World, and now the

Heaven's Gate is wide open, once Su Yingxia appears in the Xuanyuan World, he will be taken away immediately."

The Heaven's Gate is wide open!

This is not giving Han 3,000 a chance to breathe.

If Su Yingxia was taken away, Han 3,000 would have to follow at once, which meant that Han 3,000 had no time to deploy the Xuanyuan World to ensure the safety of Blade 12 and the others.

This is very bad news, but it's good to know in advance, and Han 3,000 is prepared in advance.

"Thank it for me, I was going to kill it, but if it can inform me, I'll spare its life, so if there's any update, let me know at once." Han Qianli said to Yi Qingshan.

Yi Qingshan's throat visibly squirmed, then asked Han Qianqian, "Can I go now?"

Han Qianqian smiled helplessly, a strong Extreme Master realm, but such a coward as a mouse, what a disgrace to the Extreme Master.

"Of course, you can go." Han Qianqian said.

After Yi Qingshan left, Han Qianli saw Su Yingxia with a heavy expression with his remaining light.

Originally, he planned to pretend that he didn't know anything and continue to have fun with Su Yingxia for the rest of the day, but looking at Su Yingxia's state, it was clearly unrealistic.

"What's wrong?" Han Qianqiang asked Su Yingxia, "I don't know why, but I have a strange feeling in my heart."

Su Yingxia took a deep breath and said, "I don't know why, but I have an uneasy feeling in my heart, like is going to be separated from you."

Chapter 1563

"Don't worry, no one can separate us." Han Qianli said in a heavy tone, although he knew that everything after going to the Eightfold World was out of his control.

But this kind of determination, Han Qianli still had it.

Su Yingxia nodded her head, and although she tried to think on the bright side, the feeling of dread inside couldn't be diminished at all.

Seeing that Su Yingxia was no longer in a good mood, Han Qianli simply cancelled today's trip, and they both returned home to practice.

After Yi Qingshan left the hillside villa, he immediately got in touch with Lin Long and lost his temper, because Lin Long had concealed Han's strength from him, making Yi Qingshan feel that he had suffered an unprecedented crisis.

When Yi Qingshan finished complaining, he said indifferently, "If you are afraid that he will kill you, aren't you afraid that I will kill you? Talking to me in such a tone, I really want to know how many moves you can take from me."

Yi Qingshan was stunned, his attitude instantly changed, and said to Lin Long, "I'm sorry."

Lin Long laughed, this soft guy was really insulting the name of the Extreme Master Realm, who could be as cowardly as him.

"I warn you, your body resides my breath, as long as I want you to die, just need a thought to, you better think carefully before you lose your temper with me next time." Lin Long said.

It was because of this that Yi Qingshan was able to escape Han Qianqian's consciousness, because the Lin Long's breath had completely covered up Yi Qingshan's original breath.

"I'm sorry, I know I was wrong, and I definitely won't do it again." Yi Qingshan said.

"What else did he say after he knew about that incident?" Linlong asked.

"He said he won't kill you, and if there are any updates, he needs to be told first." Yi Qingshan said in a straightforward manner.

The Linlong was quite relieved to hear this, but he wasn't afraid of Han Qianqian, but of Su Yingxia, with its current strength, it wasn't enough to fight in front of Su Yingxia.

"With your strength, is it hard to be afraid of Han 3000, is the God Realm so powerful?" Yi Qingshan couldn't hold back his curiosity and asked Lin Long.

He really wanted to know just how strong the Divine Realm was!

"The Divine Realm is not scary, and neither is Han 3000." The Lin Long said.

This made Yi Qingshan feel even stranger. If Han 3000 is not frightening, then what is it that the Lin Long fears?

"What was scary was the woman he was with," Lin Long continued.

That woman?

Today, Yi Qingshan specially checked the scent of that woman, who is a normal person, and he couldn't even feel the slightest power.

"That woman, isn't she just an ordinary person? I have felt her scent, but there is nothing special about it." Yi Qingshan said. Yi Qingshan said.

This made Lin Long laugh. How could a Kongdong realm powerhouse like Yi Qingshan be able to easily feel out a trash like her?

"You really think highly of yourself, are you qualified to find out how strong she is in the Eightfold World?" Lin Long said in a disdainful tone.

The Eightfold World!

Yi Qingshan's pupils changed slightly, isn't the Eightfold World the space above Xuanyuan's world?

Legend has it that people from Xuanyuan World are only qualified to go to that world if they reach the God Realm, which is enough to show how powerful the people there are.

And Su Yingxia, in fact, was the strongest person in the Eight Directions World!

Yi Qingshan, whose eyelids were jumping, didn't know what to say.

"What should I do next?" Yi Qingshan asked to Lin Long.

"Your current use is to inform the public, so if I have new news, I will naturally tell you." Lin Long said.

"Yes." Yi Qingshan responded respectfully.

Hillside Villa.

In order to prevent Su Yingxia from continuing to be despondent, Han Giangli deliberately found a comedy film and they watched the movie at home.

But no matter how happy the movie was, the weight on Su Yingxia's face didn't fade a bit.

The first thing I noticed was the fact that there was a lot of people in the world who were not aware of what was going on.

But this pressure, in fact, can be avoided.

As long as Su Yingxia has recovered her memory and knows all the things that happened, perhaps these pressures will cease to exist.

"Why don't you recover your memories first." Han Qianli suggested to Su Yingxia, which was not Han's original intention, because if Su Yingxia regained her memories, she might become a different person, and the relationship between the two of them might also be affected.

But Han Qianli would never let Su Yingxia suffer alone because of her selfishness.

Su Yingxia took a deep breath, and the reason she was silent was because she was considering this matter.

"Do you think this is good for me?" Su Yingxia asked.

"I'm not sure if it's beneficial or not, but it's sooner or later, and it won't make much difference if it's sooner or later," Han Giangli said.

Chapter 1564

Things that must be faced, delay and avoidance will not solve the problem.

This truth is very clear in Su Yingxia's heart.

When Han Qianqian said this, Su Yingxia made up his mind.

When he saw Su Yingxia take out the glass bottle, although Han Qianli was smiling, he couldn't stop sighing in his heart, because he knew that the carefree life he had expected would end prematurely.

"I'm going out for a walk." Han Three Thousand said to Su Yingxia.

"En." Su Yingxia responded softly, and didn't let Han Qianli stay.

After leaving the hillside villa, Han Qiangiang came to the garden, where the flowers would surely bloom in the coming year after being sorted out by Mo Yang and his wife, but it was a pity that Han Qiang could no longer see the flowery look of the place.

At this time, Han Qianli's heartbeat inexplicably accelerated a lot, because he knows that when he sees Su Yingxia later, he will not be exactly the Su Yingxia that he knew, and may even change dramatically.

This kind of unknown made Han Qianli's heart unsettled, he always felt that the relationship between himself and Su Yingxia would change because of this matter.

"Three thousand, what's wrong with you?" At some point, Blade Twelve came to Han Qianqian's side.

This was completely unnoticed by Han Qianqiang, who was even startled by the sudden voice.

"What's wrong?" Han Giangli asked.

"You have something on your mind, I'm the one asking what's wrong." Knife Twelve said.

"Something on my mind." Han Qianqian giggled and said, "Where do I have anything on my mind, no no."

Knife Twelve didn't believe Han Qianqian's words, if he didn't have anything on his mind, how could he not even notice that he had arrived at his side, knowing that he was a God Realm powerhouse.

"There's only one thing that can make you worry in this world, and it must have something to do with Su Yingxia." Knife Twelve said, and it was anyone's guess, because anyone who was close to Han Qianli knew that he didn't care about anything except Su Yingxia.

Han Qianli sighed heavily, and nodded his head as if there was not much need to hide it from Knife Twelve.

"What's wrong?" Knife Twelve asked.

After Han Qianli took a deep breath, he told Knife Twelve the situation he was facing.

When Blade Twelve learned that Su Yingxia was a powerful person in the Eight Directions World, he was shocked, and it was even more incredible that she was so powerful that she could even treat Han Qianqian like a mole.

But Blade Twelve knew that Han Qianli couldn't have lied to him by saying such things for no reason, and that the worry on Han Qianli's face was a genuine expression of emotion, which could never be adulterated.

"You're so powerful, yet you're going to the Eightfold World to be a Gryphon, and the family of Yingxia is so powerful, will you be in danger." Blade Twelve worried.

This question hadn't crossed Han Qianli's mind yet, because his starting point for considering things wasn't because of himself, but because of Su Yingxia, and he would only worry about what situation Su Yingxia would face.

"Now the Heaven's Gate, once we return to Xuanyuan World, we'll go straight to the Eightfold World without even the slightest chance to breathe, and it's putting a lot of pressure on my heart." Han Qianli said with a sigh.

Blade Twelve couldn't empathize with this matter because he wasn't as powerful as Han Qianli, nor could he imagine what angle Han Qianli stood on.

But Blade Twelve was convinced of one thing, and that was that no matter what difficulties Han 3,000 encountered, he would be able to find his own way to solve them.

The Eightfold World is stronger and more numerous, so let yourself become stronger, right?

"Three thousand, I believe in you, with your ability, you will definitely be able to handle everything, and when you get to the Eightfold World, you will definitely be able to become a strong party." Knife Twelve said in a firm tone.

This made Han Qianqian laugh and cry, when was the time that Knife Twelve was still in the mood to brag about him.

"The Xuanyuan World's divine realm was once just a legend, but you did it, and you did it in a very short period of time, so I believe that you will be able to do it after you go to the Eight Directions World." Blade Twelve said.

Han Qianli subconsciously shook his head. Knife Twelve would say that because he didn't understand the situation at all.

Han Three thousand's rapid progress in cultivation in Xuanyuan World was entirely due to the skeleton, and Han Three thousand was able to reach the God Realm because of this factor.

The inhabitant of this skeleton was probably a strong person from Xuanyuan World, which gave Han 3,000 a shortcut to take.

But it was different when he went to the Eightfold World, and the skeleton might not be able to help Han 3,000 very much.

"There are a lot of things that you don't understand, and this is an absolute problem for me, but you can rest assured that I will not give up no matter what for the sake of welcoming Xia." Although going to

the Eightfold World and becoming a mole was a huge blow to Han Qianli, it didn't mean that it could erode Han Qianli's fighting spirit.

As long as Su Yingxia was there, Han 3,000's fighting spirit would always be burning like a blazing fire.

The time soon came to night, but there was no movement from Su Yingxia in the room.

Han 3,000 was afraid of disturbing Su Yingxia, so he could only wait in the living room with one finger.

Blade Twelve had been persuaded to go back to his room to continue his retreat, because the safety of Mo Yang and Liu Fang would need to be guaranteed by Blade Twelve in the future, so he could not delay his cultivation for half a moment.

Soon, it was late at night again.

The hillside villa at night was extremely silent, but Han Qianxiang didn't use his consciousness to check the situation in the room.

Finally.

It was three o'clock in the morning when Su Yingxia came out of the room.

At this instant, sweat appeared on Han Qianli's palms, because to him, what would happen next was unknown, even Su Yingxia was a stranger.

"I remembered everything that happened before." Su Yingxia's voice, just like a tool person, without any emotion.

Han Qianli's heart instantly fell into an ice valley, although he had already guessed that recovering his memories might change the emotional relationship between the two, but when the truth actually happened, Han Qianli still couldn't accept it inside.

"Yes, is it." Han Three Thousand said at a loss for words.

"Do you want to know why I'm here on Earth?" Su Yingxia asked, her voice still so emotionless, as if she had treated Han Qianli as a stranger.

This distance made Han Giang feel very uncomfortable inside, but he was still reluctant to show it in front of Su Yingxia.

"If you can tell me, I'd like to know." Han Qianli said.

"If you want to know, why don't you make me some midnight snacks, I'm dying of hunger." Su Yingxia suddenly changed the subject and said to Han Qianqian with a dissatisfied pout, rubbing his stomach in the process.

Chapter 1565

Han Qianli was stunned in place for a very long time, and Su Yingxia's sudden change back to his familiar appearance left Han Qianli overwhelmed with joy.

He had thought that everything had changed. But looking at Su Yingxia's now familiar smile, it all seemed to be the same as before.

"What are you waiting for, you're not just going to watch me starve, are you." Su Yingxia walked to Han Qianli's side, pulled Han Qianli's arm and started to pamper her.

Only then did Han Qianli regained consciousness and quickly said, "Wait here, I'll make it for you right away."

"I'll do it right away." Finished speaking. Han Qianli went to work in the kitchen, while Su Yingxia, who was sitting in the living room, regained her composure. Her expression regained its gravity, and it wasn't until Han Qianli reappeared that a smile appeared on her face again.

The first time I saw her, I thought, "I'm not going to be able to do that," he said.

In fact, the present Su Yingxia. The reason she did this was to give herself some time, to stabilize her emotions, and then share some important memories with Han Qianli.

After eating the noodles, Su Yingxia made a face like she was enjoying herself.

Only after looking at Han Qianli's wide-eyed expression did Su Yingxia say, "I left the Eightfold World and hid on Earth, but it's because I ran away from my marriage."

"Escape from marriage!" Han Qianli was startled. Su Yingxia had come to Earth because he had run away from his marriage, so wouldn't this indicate that he would face great trouble.

"En. This is a family marriage, a marriage of the eight worlds' giants, and because of my escape, the Fushi line was dealt a severe blow. The old man you see here is my teacher. He taught me everything from childhood to adulthood. The reason he said the Fusi lineage needs me is because he wants me to go back and complete the marriage, only then can the Fusi lineage be preserved." Su Yingxia said.

Complete the marriage?

For Han Qianqiang, this is almost a doomsday for him, because Su Yingxia is his wife, how can he consummate his marriage with another man?

However, there is one thing Han Qianqian couldn't figure out, he heard Lin Long mentioned that there are three strong families in the Eightfold World, and Fushi is one of them. How could they be seriously attacked by other families?

"The Fu Clan is also one of the top families in the Eight Directions World, how could it be struck so easily?" Han Qianli was puzzled.

"Do you know the supreme realm of the Eightfold World?" Su Yingxia asked.

Han Qianli nodded his head. This was something that Lin Long had mentioned, so Han Three Thousand remembered it very well.

"True God, Fushi also has one, who is absolutely strong. He can even make worlds." Han Three Thousand said.

"Not bad, but do you know. True Gods also have an end of life, and the Eight Worlds. There will always be only three True Gods existing at the same time." Su Yingxia said.

"Why?" Han Qianli was puzzled and asked, "There will always be only three True Gods existing at the same time. This means that as long as the three existing True Gods remain alive, it is impossible for the others to reach such a state. This was a bit too strange.

"According to the ancient legends of the Eightfold World, the three Gods restrained each other. Only by doing so could the Eight Directions World be kept free of chaos." Su Yingxia said.

There are still legends in the Eight Directions World!

This made Han Qianqian think of one thing for the first time, where did the legends come from, and how could it be that there is a stronger space above the Eightfold World?

"I understand the principle that the three legs of the tripod can check and balance each other, but how can we restrain others from reaching the realm of the True God?" Han Qianli was curious.

Su Yingxia shook her head, which had been a secret in the Eightfold World, and no one knew what the real situation was.

"But what does this have to do with the strike on the Fushi lineage?" Han Qianli continued to ask.

"My grandfather was one of the three true gods, but unfortunately, he's dead." Su Yingxia said.

"Dead!" No wonder the Fu Clan had such an encounter. Without the True God, how could it be a rival to the other two families?

But what does this have to do with Su Yingxia? Why does she have to marry, and could it be that a marriage would preserve the position of the Fusi family?

Han Qianqiang couldn't help but feel that the Fu Clan's head was a little too simple. The family's status would definitely need a true god to be stable, and it was simply impossible to rely on marriage alone, and after the marriage, the Fu Clan would most likely become each other's subordinates or even servants, which was not necessarily beneficial to the Fu Clan.

"It's too easy to think of a marriage to maintain the Fu Clan's position." Han Qianli disdained, if he were to be the head of the Fu Clan, he would never do so.

"Of course it wouldn't be that simple," Su Yingxia said.

"What else is there to hide?" Han Qianli was confused.

Su Yingxia suddenly became somewhat embarrassed, and Han Qianli subconsciously felt that what Su Yingxia said next seemed not simple.

Chapter 1566

Su Yingxia hesitated for a long time, and Han Giangxi didn't rush her, just waited quietly.

Finally, after a long silence, Su Yingxia spoke up: "There is a destiny master in the Fu Clan. Su Yingxia spoke up, "There is a Destiny Master in the Fu Clan, and from astrological observation, it is known that in the future, there will be another True God in the Fu Clan, and this True God is the child born between me and that person."

Han Qianli suddenly realized. No wonder this marriage existed in the Fu Clan, if they weren't sheltering each other. Rather, they were hoping that the next True God would still appear in the Fushi lineage.

But whether this so-called stargazing is true or not, no one can know, I guess.

"Can this this be true?" Han Qianli asked.

Su Yingxia shook her head and said, "I don't know if it's true or not, but I don't know if it's true or not, but it's impossible for me to marry someone who has no feelings at all. It's absolutely impossible."

Han Qianqian knew how strong Su Yingxia's attitude was, and if she didn't, she wouldn't have left the Eightfold World to come to Earth to hide, which was a clear indication of how resolute she was.

"Right!" Han Qianli suddenly remembered something and said in astonishment, "Now that you have a child, wouldn't it be half a chance that the True God would be Nian'er."

In Han Qianli's opinion, although he wasn't the main character in the astrological image, at least Su Yingxia was the key figure, and Han Nian's chance of becoming the True God was half. There should be a half chance for Han Nian to become the True God.

Su Yingxia shook her head very directly and said, "No way. Because the True God will not be a girl."

"Why? Can't a woman be the True God?" Han Qianqiang was puzzled by the fact that the difference between men and women is just a matter of gender, but gender does not mean ability.

"The true gods of the Eightfold World have never been male," Su Yingxia said.

"What if Nian'er would be an exception?" Han Qianqian said.

Su Yingxia laughed bitterly and shook her head, she understood why Han Qianli would think so. But this was absolutely impossible, and Han Nian's existence. It wasn't something that the Fushi lineage could acknowledge and accept, not to mention cultivating Han Nian into a true god, even if she survived in the Eight Directions, it would be a difficult task.

"I can tell you with absolute certainty that if the Fushi clan knew of Han Nian's existence, they would definitely kill Nian'er at the first opportunity," Su Yingxia said.

Han Giang gritted his teeth, and he could understand that the Fu Clan didn't mean to acknowledge Han Nian's existence.

But if the Fu Clan wanted to kill Han Nian, it would be a huge piece of bad news for Han 3,000. Because Han Qianli had guessed that Han Nian had been captured by the Fushi lineage and taken to the Eightfold World.

If this guess was correct, then Han Nian might have been captured by the Fushi lineage and taken to the Eightfold World. Then Han Nian had most likely met her death.

"Don't worry, Nian'er won't have been captured by the Fushi lineage." Su Yingxia guessed what Han Qianli was worried about and said to Han Qianli.

"How do you know?" Han Qianqiang was puzzled that Su Yingxia had no connection with the Eightfold World. How could she know about the Eightfold World.

"That teacher of mine has always treated me like his own daughter. If he knew about it, he would never have been able to hide it from me. But he didn't ask you to pass on anything, which means he doesn't know. This also proves that Nian'er is not in Fushi." Su Yingxia explained.

This explanation was somewhat difficult to justify to Han Qianli. After all, he didn't have the same level of trust in the old man as Su Yingxia, but Su Yingxia said so. Han Qianli was still willing to believe it.

But other than the Fushi lineage, who else would do this?

"After going to the Eightfold World, you and I will have to separate, or else your life will be in danger, but I will wait for you, wait for you to come to take your wife, wait for you to find Nian'er, and then take me with you." Su Yingxia said.

Although Han Qianli's current strength was only a tiny mole in the Eight Directions World, after hearing Su Yingxia's words, Han Qianli was full of fighting spirit.

"Don't worry, no one can tear us apart, not even the true gods of the Eightfold World." Han Qianli said.

Su Yingxia smiled faintly, she knew in her heart how remote this matter was, because she knew that Han Three Thousand's strength would never be able to counteract the entire Fushi lineage, but she had to hold on to this illusion, only then could she not despair.

"Let's go." Su Yingxia suddenly took Han Qianqian's hand and said.

"Where to?" Han Qianli was confused and didn't understand what Su Yingxia was doing.

"Of course I'm going back to bed, is it hard for you not to want to sleep?" Su Yingxia said, "What is Han Qianli's realm?"

What realm is Han Qianqian.

And what is Su Yingxia's realm?

These two simply do not need to sleep.

But Su Yingxia made such a request, of course, Han Qianli nodded repeatedly as if pounding garlic.

Back in the room, Su Yingxia didn't ask Han Qianqian to sleep on the floor anymore.

When the two of them were sitting on the end of the bed, Su Yingxia suddenly put her arms around Han Qianli's neck and whispered, "Are you still the same as before, a log?"

Han Qianli unconsciously swallowed his saliva, he is not a wood, just out of respect for Su Yingxia, so he did not mess up.

But today, Su Yingxia took the initiative to mention it, and as a man, Han 3,000 couldn't be indifferent.

Chapter 1567

Three days before the Su family's old master's birthday.

Since the Su family's status in Yun City is completely different now, the old man, naturally, has become a sought-after target by the Su family's upper class, and countless people want to take this opportunity to befriend the old man.

The smile on the old man's face was almost stiff, and the smile he showed for most of the day today was more than he had shown in the previous few years, which was enough to show how happy the old man was.

He knew that there were many big gifts that the business families would give on the birthday, which made the old man think it was a beautiful thing just by thinking about it.

In the past, he never dared to think that he could have such a strong influence, and that the entire business community of Yun City would be sensationalized by him on his birthday.

The old lady saw that the old man was happy today, and specially made a pot of tea to come to the side.

"It's been many years since I've seen you so happy," the old lady said with a smile. The old lady said with a smile.

The old man couldn't hide the upturned corners of his mouth and said, "How can I not be happy, I'm well, and the Su family has a bright future.

In the past, the Su family was nothing more than a small transparency to the business community in Yun City, and not many people would take it into consideration, but now, the Su family has become the number one family in Yun City, and its status has far surpassed that of the Heavenly Family, which in the past, would only be a dream.

"It shows that you not only have a great life, but also a great fortune." The old lady smiled.

The old man denied this statement, he did not feel how lucky he was, because all of this was brought to him by Han Qianli, the recovery and the development of the Su family, all closely linked to Han Qianli, it can be said that Han Qianli single-handedly changed the entire Su family, and even Yuncheng.

"Although the Su family is now powerful and well-developed, we must not forget Han Qianli's kindness to the Su family. The old man said, "Han Qianli's status in his heart has become higher and higher, of course, the old man is also very clear why Han Qianli is good to the Su family, but it is a pity that Su Yingxia is not old enough, otherwise, he would like to hold a wedding for Han Qianli and Su Yingxia earlier, so that this relationship can be completely stabilized.

The old lady's eyes clearly flashed with a trace of displeasure, but she was quick to conceal it.

In her heart, her rejection of Su Yingxia did not diminish with the appearance of Han Qiangli, and the old woman did not want the Su family to fall into the hands of Su Guoyao, because she thought Su Guoyao was a loser who had relied on Han Qiangli's charity to get the Su family to its present position, and the temporary prosperity was false.

The most effective way to stop it was to let Su Guolin return to the company, regain power, and hand the company over to Su Hechao in the future, so that the Su family could be truly stable.

"While you're so happy, I have some ideas I want to tell you." The old lady said.

As soon as she heard this, the old man's face immediately showed a look of displeasure and said, "If it was still because of Su Guolin's matter, you wouldn't have to ask, I don't want the good mood to be ruined by you."

"Su Guolin is also your son, how can you be so generous, and the Su family is now developing steadily, you let him go back to the company, give a small position, can also be considered to give him a bite to eat, is it so hard that you want to watch him starve to death on the street?" The old lady said.

In order for Su Guolin to take over the position in the future, the first step was to let him return to the company.

But the old man was obviously very reluctant about this matter.

After hearing the old lady's words, he showed a face full of disdain and said, "Starve to death on the streets? He's an adult, if he doesn't even have the ability to support himself, what's the use of him returning to the company, my Su family doesn't need such a waste."

In the old man's eyes, the current Su family, in addition to Su Guoyao is his own son, Su Yingxia is his own granddaughter, everyone else can be ignored.

For a profit-oriented businessman, relatives have no weight at such times.

As long as the Su family can develop in an orderly manner, even if Su Guolin really starves to death on the street, the old man will absolutely not go to look at it.

"Are you really that ruthless?" The old lady gritted her teeth and said.

"Don't think that I don't know what's going on in your head, I'm warning you, if you keep messing around and don't drop those thoughts, you'll end up, and you'll also be kicked out of the Su family, and whoever dares to undermine the Su family's interests will be my enemy!" The old man said.

The old lady felt a little guilty, so much so that she didn't dare to look directly into the old man's eyes.

The old man continued: "You treat Su Guoyao as trash, and Su Guolin as the future of the Su family, but the facts have already been laid out in front of you. And Su Guolin's skills have been used against his own family, when has he ever really contributed to the company?"

"It's true that I've been sick for many years, but that doesn't mean I don't know anything about the company."

"I also know that you're manipulating Su Guolin, do you enjoy draping yourself over the company? So when you couldn't manipulate Su Guoyao, you couldn't take it anymore?"

The old lady's face was already pale after this speech.

When Su Guolin was in charge of the company, it was true that she was the one behind the scenes, and many of the company's decisions were made by the old lady, who did seem to be draping herself over the administration, and liked to operate Su Guolin as a puppet.

But all this, no one said, not even the old lady herself did not feel, she just felt that the Su family can only be better if it is developed according to her ideas.

"You want to manipulate the company, but you also have to look at your own ability, you have done a lot for the Su family, but is everything really good?" The old man questioned again.

The old lady took a deep breath and instantly seemed to have aged a lot more.

"I am trying to make the Su family better." The old lady said.

"The Su family will become the best in the future because of Han Qianli." The old man said with a decisive voice.

Chapter 1568

In the most prosperous commercial street of Cloud City, Su Yingxia took Han Qianqian's hand and strolled through the businesses along the road one by one.

It's not too boring for Han Qianli, who went into every store to look around with Su Yingxia. After all, it was a beautiful thing for Han Qianli to be able to accompany Su Yingxia on her shopping trips.

And their quiet moments are few and far between, so Han Qianli seems to cherish them even more.

When she arrived at a gift store, Su Yingxia fell in love with a pair of rings, but felt that it was difficult for her to bring this up. So she called Han 3,000 to her side.

"Look, does this necklace look good?" Su Yingxia pointed to the window and asked Han Qianqiang.

"Good looking." Han Qianqian said without hesitation. With Su Yingxia's posture, any accessory would be an added bonus for her, and there was nothing to say whether it looked good or not.

"Then I'll try it on."

Su Yingxia tried the necklace first, and after she was not satisfied with it, she tried something else.

In Han Qianli's opinion, everything was impeccable after it was brought on Su Yingxia's body. They were all impeccable, but she didn't show the slightest satisfaction on her face.

This made Han Qianli feel very strange, in normal times Su Yingxia is not such a picky person.

Gradually, Han Qianli discovered the problem.

Su Yingxia chose many things, but the only thing she didn't mention was the pair of rings in the middle, as if she had suspiciously overlooked the existence of the rings.

The smart Han Qianqian quickly thought of the reason, couldn't help but smile, and then said to the shopping guide, "Let me see these rings.

After saying that, the shopping guide took out the rings, and Han Qianli first put them on for Su Yingxia, then put the other one on herself. Then he put another one on his own hand.

"How about it, does it look good?" Han Qianqiang asked Su Yingxia.

"En. Good looking." Su Yingxia finally showed a satisfied smile.

Through this smile, Han 3,000 also knew that his guess was right.

But a woman is a never-ending book, this truth, Han 3,000 today is considered a thorough practice.

After knowing Su Yingxia for so many years, Han 3,000 thought that he still understood her very well, but sometimes her behavior. It's no wonder that some people describe women as the most emotionally complex animals in the world.

"You wanted the ring. Why didn't you say so earlier, hinting at me in this way, what if I can't understand it?" After paying the bill and leaving the jewelry store, Han Qianqian asked Su Yingxia.

The ring on her hand, which Su Yingxia stared at with satisfaction, was not a valuable item, but it was a gift from Han Qianxiang, and she was very happy.

The company's main business is to provide the best quality products and services to the customers.

"This kind of thing. How can a girl ask, if you don't understand. I will ignore you." Su Yingxia said.

Han Qianqiang could not laugh or cry, this is really an unmitigated disaster ah, in exchange for a slightly numb boy, it is normal to not understand it.

"Right. I still have to choose a gift for grandpa, what do you think I should get?" Su Yingxia asked Han Qianqian. The main purpose of going out shopping today is to choose a gift for the old man of the Su family. But it's in a girl's nature that she can easily lose herself once she goes shopping. The good news is that Su Yingxia still managed to find her way back in time.

"There's no need to send anything, as long as you can be there. He'll be very happy." Han Giangli smiled.

Is there a shortage of gifts for the old man nowadays?

And to say that the best gift Su Yingxia gave to the old man. Isn't it the development of the Su family now?

If it wasn't for Su Yingxia, would the Su family be where they are today?

And the old man's condition worsened, and without Han Qianxiang's help, he would have been dead.

You know that all this is closely related to Su Yingxia.

"Of course it can't be like this, everyone else has been sent, how can I not send them." Su Yingxia said.

Han Qianqian was a little surprised inside, Su Yingxia had recovered her memory, it is reasonable to say that the relatives in the Eight Directions World are the most important to her, but looking at her now, she seems to value these relatives on Earth very much.

"Do you think there's anything else he's missing? Now the Su family has plenty of money, so they can't buy anything they want," Han Qianqian said. Han Marchiang said.

"Of course it's different, money to buy things for yourself is just to satisfy your own desires, but the gift I gave, that's a heartfelt gesture." Su Yingxia said.

"Why don't we go to this store and take a look?" The old man loves tea, so it wouldn't be wrong to send him tea.

The company's main business is to provide a wide range of products and services, including a wide range of products and services, and a wide range of products and services.

Su Yingxia wrinkled her nose slightly and said to Han Qianli, "The tea here is really strange, the tea of the eight worlds, the fragrance of a thousand miles, will not have such a strange taste."

Han Qianli couldn't help but roll his eyes, the tea leaves of the Eightfold World were divine, how could they be compared to these mortal things on Earth?

"Can it be compared? You don't look at what kind of immortal characters the Eight Worlds are, and how poorly they make it." Han 3,000 said.

Chapter 1569

"Boss, has what I need arrived yet?"

As soon as Han Giangli and Su Yingxia entered the store, a familiar voice sounded behind them.

Han 3,000 yuan took a glance at it with his spare light, and it was an acquaintance, what a coincidence.

Su Guolin took a sum of money from the old lady and ordered a special batch of good tea. He was prepared to honor the old man on his birthday in exchange for his forgiveness, because if he wanted to return to the company, he had to get the old man's nod to do so.

Of course, behind the scenes, it's still the old lady who is the mastermind, and every step Su Guolin takes is almost always according to the old lady's plan for him.

The old lady did like the feeling of manipulating people, that's why she wanted Su Guolin to return to the company. Only then, when she was directing Su Guolin's work, could she enjoy herself. Only then could she enjoy herself when directing Su Guolin's work.

"Boss Su, how dare I be sloppy with what you want, of course it's here." The tea store owner piled up a flattering smile on his face when he saw Su Guolin.

Although Su Guolin had been expelled from the Su family, only the Su family's insiders knew about this matter, so in front of outsiders, Su Guolin was still a member of the Su family. This had to make the bystanders treat him with respect.

"The price you have to give me a little cheaper, my old man is a lover of tea, if he is satisfied, I'll bring his old man to your store to walk around personally." Su Guolin said, he is a wild goose, even if the money taken in the old lady's hands, as long as it passes through his hands, it will never be safe, this kind of corruption, almost has become a habit of Su Guolin.

The tea store owner got excited when he heard that Su Guolin was able to take the Su family's old man around the store.

Although he was just a small tea store, if he could have a big person like the Su family's old man appear, it would be a huge benefit to his future development in Cloud City.

"It's not fair for you to say that, since it's a filial tribute to the old man. How can I charge for this tea." The tea store owner smiled and said, "For him, it's a free gift to Su Guolin. In fact, it was treated as an investment, because he could get more benefits from the Su family.

Unfortunately, what he didn't know was that Su Guolin had already been kicked out of the Su family, and it was questionable whether he would be able to attend this big birthday, let alone bring the old man to the small tea store himself.

"Boss, you're quite good at doing things, don't worry, as long as there is time. Don't worry, as long as I have time. I'll definitely bring the old man of the family." Su Guolin said, taking the tea with him and leaving.

The owner of the tea store sent a phase to the door, and only then did he reluctantly return to the store.

The owner's mouth was upturned. He was obviously in a very happy mood and seemed to have seen a promising future for himself.

"This uncle of yours, he really takes advantage of everything." Han Qianli smiled and said to Su Yingxia.

Su Yingxia sneered at this, Su Guolin's style in the company has long been known to everyone, the amount of money he embezzled in the company is not small, although these things are open secret, but because he was the highest level of the company, no one dared to comment.

After Su Guoyao rose to power, Su Guolin was directly driven out of the Su family, and Su Guoyao didn't pursue those matters in the past.

"The Su family in his hands, sooner or later will be defeated, and I don't know what makes grandmother think he can make the Su family develop better and better." Su Yingxia said.

The old lady's attitude towards Su Guolin. Everyone in the Su family knew it by heart, if they didn't know that the old man's condition had suddenly improved, Su Guolin would have been in the chairman's seat.

"In fact, there are many things. The old lady was behind it, and she liked Su Guolin because he was obedient enough to listen to her in everything." Han Qianli explained.

Su Yingxia shook her head, she didn't bother to think about these trivial matters, after all, she was about to leave Earth. These things didn't have much to do with her either.

And with this kind of energy, Su Yingxia might as well think about how to deal with the situation in the Eightfold World.

"Boss, do you have any good tea recommendations?" Han Qianqiang and Su Yingxia both do not know how to make tea. So they asked the boss about related professional issues.

The boss was in a good mood, so he patiently explained to Han Qianqian in detail the taste and preferences of each type of tea.

Han 3,000 for the things that do not understand, listened to the clouds also foggy. In the end, it was Su Yingxia who made the decision.

"Take the most expensive one." This is the simplest way to deal with things you don't understand, buy the most expensive. There is absolutely nothing wrong with it.

The boss was a little angry when he saw that he had spent so much time and effort to get such a cheesy result in return. But at least he was able to make money, and his mood was a little more balanced.

When it came time to pay the bill, Su Yingxia looked at Han Qianqian. And Han Qianxiang also looked at Su Yingxia.

This state of the two of them immediately made the boss realize that something was wrong, and said, "You two, you made me spend half a day talking.

Han Qianqiang was slightly embarrassed, he hadn't been in the habit of taking money out of the house for a long time, and there weren't many places he could use it.

As for Su Yingxia, she didn't have any money at all!

Chapter 1570

Seeing that both of them looked like they were unable to pay, the tea store owner's face gradually showed anger.

"I've been talking for so long, you're not playing with me, are you?" The tea store owner said in a deep voice.

Han Qianli and Su Yingxia looked at each other, smiled helplessly, and then Han Qianli said, "Boss, how about this: wait until I get the money when I get back, and then come back to buy it, how about it?"

"If you don't have money, don't pretend to be here, waste my time for so long, I really thought I had met some big customers, want the most expensive, feelings are just a loose lips, next time don't let me see you again." Although the tea store owner was very angry, but Han 3,000 two people have no money, he can do nothing, can only scold a few words and then let Han 3,000 two people go.

When they left the tea store, neither Han nor Su Yingxia were angry. At their stage, it was hard for them to get angry over such trivial matters, and it was true that they were at fault, so they couldn't blame the owner for being angry.

"It's not right." Not long after Su Yingxia walked out of the tea store, she suddenly froze.

"What's wrong?" Han Qianliang was curious.

"Just also bought the ring, how could I not have money, I just didn't react, I almost got cheated by you!" The first thing that I want to do is to tell you that I'm not going to be able to afford to pay for it.

With Su Yingxia's knowledge of Han Qianqian, he wasn't such a person, if he didn't want to give it away, he would have said so directly, there was no need to play these little tricks.

"The best tea has been taken away by Su Guolin, so there's no point in us buying it there." Han Qianli said with a smile.

With Su Guolin's desire to please the old man, what he picked was definitely the best thing in the store, which meant that no matter how they chose it, the quality would be slightly inferior to Su Guolin's. Although the old man definitely wouldn't mind, Su Yingxia would inevitably be ridiculed again by Su Guolin or Su Hachao.

"You mean, no more tea delivery? But grandpa doesn't have any other hobby besides tea." Su Yingxia said with a tangled face, "It is indeed a very difficult thing to give gifts to the elderly, unlike the young people who are so widely accepted.

"Send, of course, and send the best." Han Qianli smiled.

"Let's go, let's go to another one." Su Yingxia took Han Qianqian's hand and prepared to continue shopping.

But Han Qianqian froze in place and didn't move.

"What are you doing?" Su Yingxia looked at Han Qianqian with confusion.

"No need to go shopping, I know where to find the best tea." Han Qianli smiled.

"Where?" Su Yingxia asked.

"Su Guolin's hands." Han Qianli ghostly smiled, with a little bit of a cheap laugh.

Su Yingxia looked dazed, then lowered her voice to Han Qianli and asked, "What do you mean, we're going to steal it?"

Han Qianli frowned and said with an unhappy face, "How can it be called stealing, it's not his stuff, when did you see him pay, this is called taking."

Su Yingxia also laughed smartly and said repeatedly: "Yes, yes, yes, yes, yes, yes, yes."

"It's almost time, let's go." Han Qianqiang had already locked onto Su Guolin with his divine sense.

At this time, Su Guolin had already arrived at home, and he had prepared a special, beautifully wrapped box.

This big birthday was the best opportunity for him to return to the Su family, and as long as he could please the old man, he might be able to get back what belonged to him in the Su family, so he was extra careful.

If he could not seize this opportunity, he might not have the chance to return to the Su family company in the future.

After wrapping the tea leaves, Su Guolin looked at his masterpiece with satisfaction and said to himself, "This time, Dad will be happy, Su Guoyao, you are just waiting to lose the rights you have now."

Su Guolin and the old lady, both of whom seemed to retain a sense of naivety, thought that a box of tea could change the old man's attitude, and seemed to have no idea what Su Guoyao meant to the Su family today, or if they did know, they just didn't want to admit it in their hearts.

At this time, Su Guolin's phone rang, and when he saw the caller ID, he subconsciously looked to his left and right to make sure no one was home, before pressing the answer button.

"What are you doing, didn't I tell you not to initiate contact with me, how dare you call me, do you want to die?" Su Guoyao said through gritted teeth, seemingly in a very angry mood.

"I'm pregnant."

There are only four simple words on the other end of the phone, directly causing Su Guoyao to be struck by lightning and stunned on the spot.

When Su Guolin first held the Su family company's heavy power, he didn't shy away from using the company's money to support a third party, for this matter, he is already a repeat offender, but the good thing is that there hasn't been any problems for so many years.

The company's main business is to provide a wide range of products and services to the public.

Pregnant!

This was no small matter, and once it got to the old man's ears, it was even more unlikely that he would be able to return to the Su family.

"Where are you, I'll come to you right away." Su Guolin asked.

"Renting a house, I'll wait for you."

Su Guolin went out in a hurry, because if this matter was not dealt with properly, not only would he not be able to return to the Su family, but he might also lose his wife and family, which was not the outcome he wanted to see.

Not long after Su Guolin left, Han Qianli and Su Yingxia appeared at the door.

An ordinary security door has no meaning to Han Qianli, and it can't stop him at all.

With just a thought, the lock cylinder automatically jumped open.

He pushed the door open and entered.

Su Yingxia looked at the bottles and cans on the display case, which should be all valuable items, mostly embezzled from Su Guolin's tenure in the company.

"I didn't expect that this hidden home of his would actually contain so many good things." Su Yingxia said, "Su Guolin didn't live here before, and only moved home after he was kicked out of the Su family.

But obviously, this is not a new home, which means that Su Guolin has kept his embezzled things here for so many years, that's why no one has found them.

"Although none of them are particularly expensive, they're worth quite a bit of money, and I'm afraid the benefits of the Su family's company's losses have fallen on his head." Han Qianli smiled.

There was no one in the entire Su family who didn't know that Su Guolin was corrupt, only that he didn't know to what extent.

Su Yingxia has seen today, but Su Guolin's boldness still makes her a bit strange, after all, once the loopholes in the accounts are found out, the consequences are very serious, has he never worried?
