

## His True Colors Chapter 1571-1580

### Chapter 1571

At that moment, Han Qianqiang had already opened the gift box prepared by Su Guolin.

"By the way, why did you buy this clock?" On the way to Su Guolin's house, Han Qianli even made a trip to a watch store, an act that puzzled Su Yingxia, who hadn't figured out what the reason was until now.

"Can't you see what I want?" Han Qianli smiled.

Su Yingxia shook her head, her eyes filled with confusion.

After Han Marchiang took out the tea leaves and put the clock in the gift box, Han Marchiang said, "Now do you understand?"

Looking at Han Qianqian's tone of voice, it seemed like Su Yingxia should understand, but she still couldn't understand what it meant.

"Are you afraid that Su Guolin is weighing the wrong weight?" Su Yingxia was curious.

This time it was Han Qianqian's face that was confused, he has done this step, Su Yingxia still does not know what it means, is it hard for her not to know the expression?

"There are taboos on giving gifts, such as a bell," Han 3,000 explained.

"What's ..... to send a clock to the end!"

"End of life!"

Su Yingxia suddenly realized what Han Qianqian meant.

No wonder he deliberately went to the watch store, so that's what he meant, this is Su Yingxia never thought.

But this move was a bit too cruel for Su Guolin, on his birthday, he gave this kind of gift, he would not be able to make the old man vomit blood.

"You're really ruthless." Su Yingxia said.

Han Qianqian accosted a smile and said: "Kindness to the enemy is cruelty to oneself, he and Su Hachao, did not have a soft heart for you before."

Su Yingxia didn't mind the past, but what Han Qianli said was true.

In addition to teasing her, he also used her as a servant, and as long as Su Yingxia wasn't sure, Su Hachao would definitely beat her behind her back.

So much so that when Su Yingxia saw Su Hai Chao later, she already had a psychological shadow.

"You're doing this, isn't it just to let Su Guolin know that we did this thing?" Su Yingxia asked, puzzled, took away the tea and left the clock, when they served the tea, Su Guolin was sure to be able to recognize it.

"It's just to let him know that it's best to be able to make him mess with you on his big birthday," Han Qianli said.

"What if it's torn apart?" Su Yingxia asked with a worried face.

"How can it be debunked, do you think the old man is willing to believe you, or trust him?" Han Qianli laughed with a thief's smile.

In the beginning, on the birthday of the Su family's old lady, Su Haichao sent fake goods, even though Han Qianli discovered it, the old lady helped Su Haichao to conceal it, which also led to a misunderstanding and a slap on the face from Su Yingxia.

Although Han Qianqian did not take this revenge to heart, it doesn't mean he can let it go.

Now, he wants Su Guolin and the old lady to know that there is nothing he can do about it even if he knows he is a civet, which is also a revenge for that year.

"You have so many little thoughts, you won't use them on me as well," Su Yingxia said.

"I am sincere to you," said Han Qianli. Han Qianli said.

Su Yingxia just casually said, of course, she does not think that Han 3,000 will have any small thoughts on her, after all, the three years of humiliation in Yuncheng, Han 3,000 was willing to swallow her anger for the sake of Su Yingxia, this is something Su Yingxia knows very well, and Han 3,000 later changed, but also because of Su Yingxia.

Su Yingxia has never doubted Han Qianli's heart.

The two of them exchanged things, and Han Qianli left the gift box after restoring it to its original state.

It is also a good idea to buy a ring and choose a gift for the old man, which is quite rewarding.

After returning to the hillside villa, the twelfth knife was just the rest stage of cultivation, which is what Han Qianli told him, not to be too eager for quick success, to learn to moderate relaxation, or else it will be counterproductive.

"The day after tomorrow is the Su family's old man's birthday," asked Knife Twelve to Han 3,000.

After the old man's birthday, it meant that they would be leaving the Earth.

Although Han Qianqian tried to look relaxed on the surface, the tension inside him would not go away as the day approached.

After all, the future would be completely out of Han Qianli's control, which would bring him a great sense of insecurity.

"Mo Yang's side has been dealt with, and should be back soon." Knife Twelve said.

"By the way, how did Liu Fang do?" Han 3,000 was curious.

"A car accident, a serious car accident on the highway, but only she died." Knife 12 said.

Mo Yang and Liu Fang borrowed the car accident to cover up Liu Fang's fake death, but didn't pose any danger to others in the process.

Han Qianqiang looked at Su Yingxia, who was also planning to die to end her life on Earth, but until now, she hadn't told Han Qianqiang exactly how she was going to go about it.

## **Chapter 1572**

In fact, Su Yingxia so far hadn't thought about exactly how to proceed, and had decided to say goodbye to death because it was the best way and wouldn't leave any thoughts of her family on Earth.

"Don't look at me, I haven't thought about it yet." Su Yingxia said.

Han Giangli said, "There's no hurry, we still have time."

When it came to the issue of time, Su Yingxia's face was much darker, which made the sensitive Han Qianqian notice at first that time seemed to become a huge problem for her.

The thing that could make Su Yingxia worried was definitely related to the Eightfold World.

Plus, the old man had said that the Fu Clan was in desperate need of Su Yingxia, which meant that she had to return to the Eightfold World at a certain point in time.

Han Qianli didn't continue this topic, since Su Yingxia didn't tell her, there must be something unspeakable, Han Qianli would never doubt to pursue the answer.

"By the way, did Mo Yang say when he'll be back?" Han Qianli changed the subject and asked Dagger Twelve.

"Liu Fang's funeral is over, Mo Yang should be able to settle his family's funeral arrangements, the day after tomorrow at the latest," said Dao XII. Knife Twelve said.

"I know, you've rested enough, go and practice." Han Qianqian said.

Knife Twelve knew that Han Qianqian was deliberately trying to distract himself, so he didn't say anything more and went straight to his room.

Su Yingxia also returned to her room at this time.

After Han Giangli caught up, he heard Su Yingxia say, "I've hidden something from you, will you blame me?"

"Of course not." Han Giangli said without hesitation, "You must have your reasons for not telling me, so how could I blame you."

"Really?" Su Yingxia blinked her big eyes and looked at Han Qianli sincerely.

"Of course it's true, I have absolute trust in you, and I know you're hiding it from me, so it must be for my own good." Han Qianqian said.

Su Yingxia just breathed a sigh of relief, she was really worried that Han Qianli would mind this matter, but looking at Han Qianli's attitude, she was relieved.

"You'll know everything in the future, but right now, it's not the right time." Su Yingxia said.

"I understand, don't worry, I won't be imagining things." Han Qianli said with a smile.

He knew very well that the so-called timing, in fact, was because he was not strong enough, if Han Qianli was strong enough to solve any problem, there would be no timing problem.

Certain things, after the first time, would happen a second or third time, and still happen out of control.

In broad daylight, Han Qianqiang closed the doors and windows.

On the other hand, Su Guolin went to see his lover, who was crying and saying that he didn't expect such a thing to happen, but Su Guolin is not a naive person, and he has done a very good job of protecting himself every time, so the chances of such a thing happening are very low.

And over the years, Su Guolin has changed many lovers and never had this happen, he will not easily believe that this is just a coincidence.

"Say, what exactly do you want, no need to beat around the bush with me, after so many years, I still have a good idea about these things, if you didn't move, how could you get pregnant." Su Guolin almost bit the back of his throat to finish these words.

The lover's wailing was not interrupted by Su Guolin, and even when she was made aware of the plan, there was no panic on her face.

"Su Guolin, I've followed you for two years, do you still have a conscience when you say these words now?"

"Don't mention any conscience to me. I'm greedy for your beauty, you're greedy for my money, and that's a deal," Su Guolin said. Su Guolin said.

"I'm so good to you, and you only treat it as a deal?" The lover said incredulously.

Su Guolin smiled faintly and said, "You don't need to act anymore, do you want to make the third child straight? I tell you, this is absolutely impossible, if my matter is known to the Su family, I will never be able to return to the company, even if you make a mess of my wife and family, you will not get any benefit, without the Su family, I am a poor man and so on, so I advise you better think carefully." "Since you are so desperate, don't blame me for being heartless, I want three million.

"Since you are so desperate, don't blame me for being unrighteous, I want three million, give me three million, I'll pretend that nothing has happened." The lover said.

"Will you promise not to bother me again?" Three million is not a small amount, but it's still within Su Guolin's ability, and at this critical period, Su Guolin doesn't want anything to go wrong, so as long as this matter can be resolved, paying three million is a price he can accept.

"I've already set up a blind date with someone in my hometown, as long as you pay the money, I'll go back to my hometown and marry him, and I'll never bother you in the future." The lover said.

Su Guolin laughed disdainfully and said, "What a pitiful honest man, meeting such a played-out product like you, and I don't know what hurtful things I did in my past life."

Her lover's face was very ugly by these words, but she could not refute them.

"The money will arrive tomorrow, and you can pack your bags now." Su Guolin said.

## **Chapter 1573**

The day of the Su family's old man's birthday.

Cloud City's most luxurious Karen Hotel.

It was still early, but at nine o'clock the entrance was crowded with luxury cars, so almost all the famous business people of Cloud City were there.

Because the Su family's current status in the business community is worthy of everyone's attention, they also hope to have some cooperation with the Su family, so on this big birthday, it is inevitable to show their sincerity.

Of course, there is another very important point, the real reason that drove these people to appear at such an early hour, and that is the CEO behind Fengqian Company.

Many days ago, there were rumors that Feng Qian's CEO would appear at the old man's birthday banquet, which made countless people begin to look forward to it, after all, being able to cooperate with the Su family is still second-rate after all, and if they were able to directly cooperate with Feng Qian, that would be the fastest way to promote their status in Yuncheng.

Now Feng Qian is already a worthy top company in the business world of Yun City, even the former Tian family had to bow before Feng Qian, these people, as profit-oriented businessmen, will naturally find a way to please Feng Qian.

"Mr. Li, I didn't expect you to come so early, is the company so free?"

"Mr. Liu, you too, you have nothing to do early in the morning, is it hard for the company to have any business at all?"

"Hahahahaha, my company is very busy, but I have capable people under me, I don't even need to personally appear, unlike Mr. Li, who has to do everything himself, but it's hard enough."

"I don't know when the old man will show up, the gift I prepared for him this time is definitely the best in the room."

"Yo, so confident, you don't want to just bring a bad joke to make a fool of yourself."

Su family old man has not yet appeared, the hotel entrance is already filled with the smell of smoke, many people are competing with each other, because they are clear that the Su family does not need so many partners, so other than themselves, everyone else can be collectively referred to as the enemy.

And at this time, the old man of the Su family was still not out at home.

"Dad, I heard that many guests have arrived in front of the hotel, and it looks like they are all waiting for you." Su Guoyao said to the old man with a smile on his face, now the Su family can have such a great influence, he has contributed a lot, so this kind of words, Su Guoyao itself also has a sense of pride.

The old man couldn't hide the smile on his face and exclaimed, "I never dreamed that the Su family would still be here today."

"Yes, who would have thought it." Once upon a time, the Su family was just doing a little business, although the business also improved later, but compared to today's position in Yun City, there is still a huge gap.

"Guoyao, do you still remember when the company first developed its business, when you went to those people to talk about cooperation, how they treated us?" The old man asked Su Guoyao, "When the Su family started out, the old man liked to explain things to Su Guolin.

When the Su family first started, the company's power was in the hands of the old man, but the old man liked to give things to Su Guolin to order, and Su Guoyao was often the victim of these things.

Su Guoyao was often the victim of these things. Su Guolin would send him to some cooperation that he knew was impossible, and often Su Guoyao would be humiliated by them.

That's not all, when he returned to the company, he would be severely lectured by Su Guolin for not doing his job properly.

It can be said that this brother of his, never treated him as a brother, even worse than an outsider.

"Of course I remember, I was once even thrown over the company, and the more difficult the cooperation is to negotiate, the more Su Guolin will send me there." Su Guoyao said through gritted teeth, although things have passed for many years, but now looking back, it still makes Su Guoyao angry.

Because everything Su Guolin did was maliciously targeted, that is, deliberately trying to fix him.

"Now those companies, all eager to cooperate with us, what do you think we should do?" The old man was smiling, and he completely ignored how Su Guoyao said that Su Guolin was wrong.

Su Guoyao knew that it was already his limit for the old man to drive Su Guolin out of the company, so the old man would not interfere with the conflict between their two brothers.

"Personal grudges are not worth mentioning, if it helps the development of the company, I think we can ignore the past, the most important thing for businessmen is not a breath of air, but interests." Su Guoyao said.

The old man was surprised to see Su Guoyao, he never thought that his son could actually say such words.

This is the heart of a true businessman, as long as in front of the interests, anything can be ignored.

"Not bad." The old man nodded his head repeatedly in satisfaction and said, "Looks like you've grown up quite a bit, the Su family's future is in your hands, so I don't have to worry about it."

"Dad, don't worry, I won't let you down." Su Guoyao smiled, although he was able to be where he is today because of Han Qianli, Su Guoyao was still very clear about one thing, that is, he couldn't rely on Han Qianli forever, so in the process, he was still very serious about learning how to become a real businessman.

"Right, Su Guolin wants to return to the company, what do you think, of course, this matter is completely up to you, I just casually mentioned." The old man asked Su Guoyao.

The old man asked Su Guoyao. He said very carefully, only saying that he had casually mentioned it, and seemed very careless.

However, Su Guoyao knew that if he really didn't care, he wouldn't have mentioned it in front of himself.

Since he said that, then in his heart, he probably wanted Su Guolin to return to the company.

The old man did think so, Su Guolin is his son after all, and the punishment given during this time was enough in the old man's opinion, so it was time to give Su Guolin a chance to reform.

But the old man was afraid that Su Guoyao would be unhappy, after all, the future of the Su family was still in Su Guoyao's hands, that's why he didn't care enough to mention this matter.

"Dad, since you want him to come back, then let him come back, although I am now responsible for the company, the company is still yours." Su Guoyao said.

"I don't have anything to do with whether I want him or not, it all depends on your attitude, if you are willing to give him a chance, I'm happy." The old man said.

Su Guoyao's heart was very disdainful, the old man seemed to be generous to let him decide, but between his words, he let Su Guoyao have no chance to refuse.

"Okay, I don't have any problem, but I have one request, he can't dictate the company's decisions." Su Guoyao said.

"Don't worry, I let him come back, just an ordinary employee, he is not qualified to attend the senior management meeting."

#### **Chapter 1574**

It was almost eleven o'clock when the old man was ready to go out, and the sun was already shining outside.

Outside the hotel, since the master was not present, other people naturally did not dare to go into the hotel to cool off, and waited outside one by one in a sweat.

Almost everyone had a big complaint in their hearts, but none of them dared to say anything, because expressing the master's secrecy at this time was tantamount to dropping a word in front of one's opponent.

It is the first time that the company has been able to offer its services to the public.

Finally, the old man's car slowly drove up to the entrance of the hotel, those who had been waiting for a long time began to stir.

"Old Master."

"Blessings on the old man."

"I wish the old man a long life."

The countless welcoming scenes were like welcoming a great man.

Although it was the first time that the Su family's old man had received such treatment, he was not at all fearful in his heart, because he had long since accepted the fact that he was above all others, and even felt in his heart that he had taken it all for granted.

Nowadays, it was not a strange thing for him to be treated courteously by the business people of Yuncheng City, as everyone wanted a piece of the Su family company after all.

"I've kept you all waiting for a long time, let's go into the hotel to cool off." The old man said.

The birthday banquet was held in the largest main hall of the hotel, and in order not to be disturbed by idle people, the Su family had directly chartered the entire hotel, and had not allowed any guests to stay since a week ago, which could be said to be a very generous move.

In the main hall, all aspects of the birthday banquet had been set up properly and was filled with a sense of luxury.

The old man, who was very satisfied with all of this, praised Su Guoyao repeatedly.

If it weren't for Su Guolin, Su Guoyao would have been very happy, but now, he couldn't smile at all.

Su Guolin returned to the company, although he was just an ordinary employee, but to some extent, it would still cause some trouble for Su Guoyao, which Su Guoyao did not want to see, but could not avoid.

When he came to the main table, the old man sat directly on the top seat, and the guests offered gifts at this time.

The old man was calm as water on the surface, but inside, he was already overwhelmed with excitement, and he had never dreamed of receiving gifts like this.

It is not just today, but since two days ago, the old man has received many valuable gifts, and the house has been piled up like a mountain.

The entire gift-giving process lasted almost an hour, and just this matter alone was enough for the people of Yuncheng to talk about it after dinner.

Su Guolin had been waiting for his chance to be the grand finale, and he was already eagerly waiting in his heart, because he was confident that the gift he gave was definitely one that the old man would like.

Although there were people who gave more expensive gifts than he did, in Su Guolin's opinion, none of the gifts were really delivered to the old man's heart.

At this time, outside the hotel, Han Qianli and Su Yingxia finally arrived.

The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

"Don't worry, I'm sure I'll be there in time. There are a lot of people giving gifts today, and with Su Guolin's mentality, he'll definitely make the grand finale." Han Qianli said to Su Yingxia.

"If you do that again in the future, you can continue to sleep on the floor," Su Yingxia threatened.

Han Qianli looked ashamed, as his strength increased, so did his ability in certain areas, and he didn't expect to be able to toss a night out.

When he arrived at the main hall, Su Guolin just walked up to the old man with his own gift.

Seeing this situation, Han Qianli and Su Yingxia breathed a sigh of relief, finally catching up, and not wasting their previous efforts.

"You're lucky," Su Yingxia said to Han 3,000.

The boulder in Han Qianli's heart has fallen, and he knows that if he misses this good show, he may have to sleep on the floor in the future.

"Dad, I was confused and made some mistakes, and today I purposely picked out a gift for you that you like, I hope you can forgive me." Su Guolin stood in front of the old man with a face admitting his mistake, this is all because the old lady taught him, must make his attitude sincere, as long as he can return to the company, temporarily put down the face.

Since a few days ago, the old lady has been brainwashing the Su family's old man, saying that Su Guolin has traveled to all nearby cities to find gifts for him, and his legs are almost broken.

It was because of this that the old man was soft on Su Guoyao about letting Su Guolin return to the company.

So the old master was still very much looking forward to this gift from him.

"Open it and take a look." The old master said.

## **Chapter 1575**

Since it was a gift from his own son, the old man naturally hoped that other people would take a long look at it and he would give himself a long face.

Su Guolin was very confident in his gift, so after placing the gift box on the table, he carefully opened it up.

By this time, the smile on Han Qianli's face was so strong that he could almost imagine what the next scene would be like.

Su Guolin would completely embarrass the old man, and his wish to return to the company would never come true again in his life.

When the gift was opened, Su Guolin was struck by lightning and froze on the spot.

In the gift box, the tea that was clearly in the box, and that he had personally wrapped, how could it become a piece of clock!

"What is this, what is this thing!"

"It's actually a bell, how can there be a reason to send a bell on top of a big birthday."

"Dimple, Su Guolin wouldn't want the old man to die, would he."

When the others saw this, they were all shocked.

In such a big scene, Su Guolin did such a disrespectful thing in public, he really didn't take the old master into consideration.

The old man's expression stirred ugly, even with a hint of fierceness.

He also wanted Su Guolin to help him grow his face, and by the way, let those people get to know Su Guolin more, know Su Guolin's face, and in the future, it would be more convenient for Su Guolin to work on his business.

But I didn't expect that Su Guolin would give him such a big bowl of ice water from head to toe.

"Su Guolin, what do you mean." Su Guoyao was the first to come to his senses and loudly snapped at Su Guolin.

Su Guolin was trembling with fear.

He didn't know what was going on, but he knew very well what his fate would be when a piece of clock appeared on such an important occasion.

"It's not me, it's not me, I didn't buy this." Su Guolin desperately shook his head, in this situation, he could not admit it to death.

The old lady with a pale face could only shake her head helplessly, she had tried every possible way to help Su Guolin, but Su Guolin still did such a stupid thing, making her feel hopeless.

"It's not you, is it hard for me, but this is something you brought yourself." Su Guoyao said.

Su Guolin suddenly pointed at Su Guoyao and said, "It's you, it must be you who set me up, it's you who changed my things."

Su Guoyao did not do this thing, the body is not afraid of the shadow, and said with a frank face: "I Su Guoyao how could I do such a thing, and this is a gift you bought, has been placed by your side, how could I have the opportunity to approach it."

This sentence, also made Su Guolin himself confused.

The gift was always kept at home, indeed no one else can approach, to low who is stealing the sky?

"Su Guolin, go away, I don't want to see you again." The old man said in a deep voice.

These words instantly hollowed out Su Guolin's heart, and he knew that if he left, he would never be able to return to the Su family again.

"Dad, it's really not me, I don't know what's going on." Su Guolin kneeled down in front of the old man, weeping bitterly, he had no way to prove his innocence, he could only kneel down to pray for the old man's forgiveness.

But in front of so many people, how can the old master come down?

And he knew that if this story got out, it would be a joke in the streets.

Now that the old man's status was so high, how could he be made fun of?

All of this was caused by Su Guolin.

"Get out, get out right now." The old master angrily rebuked.

At this time, Han Qianli suddenly took Su Yingxia's hand.

"What are you doing?" Su Yingxia was puzzled and asked.

"What else can I do, to give a gift, of course." Han Qianli smiled.

Su Yingxia subconsciously shook off Han Qianli's hand and said, "Su Guolin is still here, and if you send a gift now, won't that make him recognize you, are you crazy."

Although Su Yingxia was about to leave Earth, and the Su family's attitude towards her was no longer something she should care about, but she still felt a little guilty about such things being torn apart.

However, Han Qianli and her thoughts were completely different, Han Qianli just wanted to debunk this matter and to let the old man know that Su Guolin could never return to the Su family, and that there was a reason for him to do so.

Only with such a warning would Su Guolin be completely finished.

"Let's go, you can just watch me perform." Han Qianli once again took Su Yingxia's hand.

Su Yingxia didn't break free this time, but was curious as to what Han Qianli wanted.

She walked up to the old man.

When the old man saw Han Qianli, the anger on his face was instantly withdrawn.

He could be angry at anyone, but only Han Qianxiang and Su Yingxia, he was not qualified.

"Grandpa." Su Yingxia shouted.

"Yingxia bought you some gifts, but it took a lot of energy, look." Han Qianli said to the old man.

The old man nodded his head repeatedly, his attitude was different, and that high-minded look was all gone in front of Han 3,000.

When Han 3,000 yuan opened the gift box, Su Guolin went crazy.

"It's you, it's you who exchanged my gift, this tea was obviously bought by me, how could it be in your hands." Su Guolin snarled at Han Qianqian.

## **Chapter 1576**

Su Guolin's fierce look was as if he wanted to kill Han Qianli.

However, when he rushed to Han Qianqian, he was grabbed by Han Qianqian's throat, and it was difficult for him to enter.

"Things can be eaten indiscriminately, but words cannot be spoken indiscriminately, Su Guolin, do you know how these words will change my opinion of the Su family?" Han Qianqian said coldly.

All the guests were baffled by Han Qianli's words. So what if Han Qianli has changed his mind about the Su family?

"Who is this kid, so loud-mouthed."

"He shouldn't think that the Su Family will put him in his eyes."

"Oh, now the Su family is already the number one business family in Cloud City, besides Feng Qian Company, does the Su family still need to put anyone in their eyes, this young man is really out of his depth."

Many people began to whisper and discuss, and in their opinion, Han Qianli's words were a bit unclear about their own weight.

But the master of the Su family was chilled to the bone after hearing these words.

Wasn't it because of Han Qianli that the Su family was able to cooperate with Feng Qian?

If he had any dissatisfaction with the Su family, Fengqian would probably cancel the cooperation at any time.

This is definitely not what the old man wanted to see. It was not easy to reach today's position, and once Fengqian is lost, the Su family will fall back to the bottom.

So the old man made a move that startled the whole audience.

After walking up to Su Guolin, the old man slammed his face and said angrily, "Su Guolin, you prepared the wrong gift yourself, how can you accuse someone unjustly, you unfilial son, from today onwards, the Su family will completely cut ties with you, and you will never want to return to the Su family in your life."

In public, the old man said these words, there is no room for maneuver, which shows that he has an iron will, and this is also a way to tell the outside world that from now on, Su Guolin is no longer a member of the Su family.

"Dad, Dad, don't, don't ah, my gift was really switched by him, I didn't lie, I really didn't lie, if you don't believe me, if I lie, the heavens will strike and thunder will strike." Su Guolin looked at the old man with a panicked face, hoping that the old man would retract those words.

Without the Su family, Su Guolin was like a loser.

And to say such words in front of the entire Yun City business community was to almost cut Su Guolin's life in Yun City, so Su Guolin was very clear about the serious consequences of this matter.

Is the old man an idiot?

Of course not!

Su Guolin's words, he believed in his heart, after all, no matter how stupid Su Guolin was, he would not be able to give a clock on his birthday in front of so many people as an unfilial thing.

But even if he knew the truth, what could he do?

This is the first time I've ever been in a position where I've had a chance to do something like this, and I've never been able to do it.

The company's products have been sold in the U.S. and Europe.

"To this day, you still insult people, or are you so unrepentant?" The old man said in a cold voice, "Su Guolin was tearless.

Su Guolin wanted to use this opportunity to return to the Su family, how could he choose such a gift to cut off his own life?

Su Guolin never thought that his gift would be switched by Han Qianqian.

At this time, the old lady couldn't stand it any longer, and stepped in and said, "Are you old and confused? Su Guolin is your son no matter what, and on such an important day, do you really think he's so stupid that he would give you something like this?"

The old man was about to say something when Han Qianqian snatched him up, "From what you're saying, you believe him, and you also believe that I did it?"

Back then, Han Qianqian saw that Su Haichao's tea was fake, and the old lady herself also tasted this, but the old lady's bias, hard to shield Su Haichao, this matter has always made Han Qianqian feel very disgusting, today, finally able to do the same to others.

"Besides you, who else would do this?" The old lady questioned.

Han Giangli spread his hands and said, "Do you have any evidence?"

The old lady looked embarrassed. If there was evidence, she wouldn't have to wait until now, she would have brought it out to prove that Han Qiangli did it.

Seeing the old lady's silence, Han Qianqian continued, "Since there is no evidence, you are also framing me. It seems that the Su family has been a bit too inflated lately, could it be that your status is so high that you can frame people for no reason?"

The people who came to the birthday banquet were even more confused by this.

They were already baffled by the old man's action in beating Su Guolin, because the old man was obviously helping the young man named Han Qianqian, but what did he deserve?

And this matter, the discerning eye can see that it is absolutely not the work of Su Guolin, but the old man has to deliberately pretend to be so confused, what is the purpose?

Could it be that this young man's identity could really deter the Su family?

Such a thought made many people feel very shocked.

At the scene, apart from the Su family, only two people knew the truth, namely Tian Changsheng and Tian Honghui.

He knew Han Qianqian's identity, so he was aware of the Su Family's fear.

The Su family was able to have today because of Han Qiangli, regardless of whether the matter was framed or not, since it had come to this point, the Su family's old man had only one choice, to pin the pot on Su Guolin's head, unless he wanted to cut off the Su family's future, otherwise, it was absolutely impossible to think that Han Qiangli did it.

"Dad, it looks like Han Qianli wants to cut Su Guolin's future off." Tian Honghui said from the side.

"Do you still have any questions? Why do you need to ask me such a simple thing?" Tian Chang Sheng faintly said, he is now more and more dissatisfied with this son, Tian Hong Hui even betrayed Han Qianqian, which made Tian Chang Sheng almost wanted to kill this ungrateful son.

Nowadays, in Yun City, almost everything is closely related to Han Qianxiang, and in the current business world, Han Qianxiang is even more dominating, trying to betray him is an extremely stupid act in Tian Changsheng's opinion.

"I just don't understand the reason why, could it be that Su Guolin is still qualified to pose a threat to him?" Tian Honghui was curious.

Su Guolin is just a small role in the Su family, while Han Qianqiang is the CEO of Fengqian, and their identities are so different that they are worthy of Han Qianqiang's design to frame them, which makes Tian Honghui wonder.

## **Chapter 1577**

Tian Changsheng also felt very strange about this question in his heart, as he was not at the same level at all, so why was it worth Han Qianqian's time and effort?

But he was even more open-minded than Tian Honghui, and should rise above things that had nothing to do with him.

Because Han Qianli can do whatever he wants in Yuncheng.

So what if a mere Su Guolin is driven out of the Su family?

The old man of the Su family, who dares to disobey?

"Do powerful people still need a reason to do things?" Tian Changsheng said.

This made Tian Honghui speechless, and he could only watch the show quietly.

After Han Qianqian said those words, the old man's expression had become extremely ugly, the Su family's status was too high, so it was too inflated?

The old man could expand in front of anyone, but he would never dare to do so in front of Han Qianqian.

Everything in the Su family was given by Han Qianqian, and if he took it back, he could do so at any time, the old man didn't want the Su family to become the bottom of Cloud City again.

"Do you have the right to speak here?" The old man looked at the old lady with anger.

The old lady knew that he was willing to sacrifice everything for the future of the Su family, and for her to jump out and try to testify against Han Qianqian was an act of idiocy.

It didn't matter if Han Qianqian did it or not, or even who did it, all that mattered was the result that Su Guolin would suffer.

"From today onwards, you are no longer a member of my Su family, and tomorrow I will lead you to get divorce papers." The old man said.

The whole room was in an uproar!

The old man's decision made everyone agitated.

He drove Su Guolin out of the Su family and divorced his own wife, which was a sudden and unexpected turn of events.

It was supposed to be a lively birthday banquet, but who would have thought that it would lead to such a thing!

It is also clear to the old man that she has ambitions to take over the Su family's power, but it is a pity that she could not wait until he took his last breath to do so.

The old lady was confused.

She never thought that she would get such a result just by saying a few words casually!

Without the Su family, she would be nothing.

And at her age, how can she still support herself?

With the old man's tactics, even if she divorced, she wouldn't be able to get a share of the Su family's property, which would be almost fatal to the old lady.

"It's almost okay, the scene is already ugly." At that moment, Su Yingxia walked to Han Qianli's side and reminded her.

Han Three Thousand also had no intention of continuing, and said to the old man, "I'm so sorry to have interrupted your birthday, old man."

"No no no." The old man shook his head repeatedly and said, "It's their fault, how can you be blamed."

The old man's respectful attitude towards Han Qianli had made the people present very sure that Han Qianli's status and background was different, and that he was worthy of the old man's fear and favor, which was probably related to Feng Qianli.

After all, in the entire Yuncheng City, the one who has interests with the Su family is Fengqian Company.

"I'm sorry for delaying everyone's time because of my own business, I'm really sorry." The old man apologized to the other guests.

The others naturally even said it didn't matter, they had seen a good show, and even if they really had complaints, they didn't dare to show them to their faces.

"Master, I won't eat, and as for this gift, it doesn't matter whether you accept it or throw it away behind my back," Han Qianqian said.

Sensing that Han Qianli seemed a bit unhappy, the old man quickly said, "You gave me a gift, I will naturally treasure it, how can I throw it away."

Han Qianli shrugged his shoulders, looking indifferent, and said, "In that case, I have something else to do, so I'll leave first."

Although Han Qianli no longer cared much about those things in the past, but when those things really came to mind, Han Qianli still had an overwhelming sense of hostility, so he left the hotel though to avoid losing control of his emotions.

"What's wrong with you, it's rare to see you like this, and Su Guolin and Grandma, why do you hate them so much?" Su Yingxia, who followed Han Qiangli out of the hotel, was very puzzled and asked, feeling the change in Han Qiangli's state of mind, which made her feel even stranger.

Now that Han Qianqian is already a God Realm powerhouse, why would he get really angry over such trivial matters?

"I always thought I didn't care anymore, but it turned out that I just didn't remember the humiliating feeling," Han Marchiang said.

## **Chapter 1578**

Su Yingxia recovered the memories of her previous life's Fuyan, but she didn't know what had happened to Han Qianli before she was reborn, so the reason why Han Qianli was angry was unknown to Su Yingxia.

"Aren't you going to tell me what's really going on?" Su Yingxia asked.

"Before I was reborn, you hadn't approved of me yet."

"En ..... I should say that you were ready to change your mind about me and were willing to give me a chance when you ran into the old lady's birthday, also because of the gift." Han Qiangli said.

"Did Su Guolin set you up in this way?" Su Yingxia heard some eyebrows, but it turned out that Han Qianqian had just used the same tactic to play a trick on Su Guolin.

"It has nothing to do with Su Guolin, it was Su Hachao at the time," said Han Qianli. Han Qianli said.

"These two fathers and sons are exactly the same, there is no difference." Su Yingxia said faintly.

"On the old lady's birthday, Su Hachao gave a cake of good tea, but I saw that the tea was fake and told you, and you believed me and let me debunk Su Hachao." Han Qianli said.

Su Yingxia was an ice-cold smart girl, and Su Hachao was the old lady's heartthrob, so she guessed the next plot straight away.

"You debunked Su Hachao, but grandmother doesn't believe it at all, right?" Su Yingxia said.

"She knew it was a lie, but she was helping Su Hachao to deliberately conceal it. After all, I was just a useless son-in-law of the Su family at that time, so how could she disgrace Su Hachao because of me." Han Qianqian said.

Su Yingxia suddenly realized, no wonder Han Qianli was so angry just now, if it were her, she would also be angry, revealing the facts, but the old lady covered up the facts.

"I believed you at that time, but the grandmother harbored Su Hachao again, I must have been angry with you." Su Yingxia asked weakly, although she didn't know these things, but she could imagine how she would react in that situation.

"More than angry, in front of everyone, slapped me." Han Qianli smiled bitterly and said, "That slap was nothing to Han Qianli, because she was hit by Su Yingxia, and Han Qianli didn't care at all.

The reason for the slap, however, is something that Han Qianli can't get over.

Su Yingxia licked her upper lip and said to Han Qianli with an apologetic face, "I'm sorry, I actually hit you."

Han Qianqian accosted a smile, from the strict sense, the current Su Yingxia, did not do this thing, because Han Qianqian has been reborn, and therefore also changed everything.

"It's okay, I've had my revenge." Han Qianli said with a smile.

"When?" Su Yingxia looked at Han Qianqian puzzled, although he had taken revenge for the cover-up, but now they are talking about the slapping thing.

"Have you forgotten that last night you were beaten by me and screamed." Han Qianli smiled lasciviously.

Su Yingxia was stunned for a moment, and the next moment she instantly turned scarlet.

Han Qianli's so-called beating was not so much a beating at all.

"You're going to die." Su Yingxia became annoyed and punched Han Qianqian.

The current Su Yingxia was a strong Kongdong realm fighter, so if he took a real punch from her, he would have to recuperate for at least ten days and half a month before he could get better.

After the Su family's birthday banquet, the old man and Su Guoyao both went straight back to the Su family.

What happened today was something that the old man didn't expect, even though he had agreed with Su Guoyao to give Su Guolin a chance, he didn't expect Han Qianli to do these things in secret, causing him to drive Su Guolin out of the Su family and even divorce him.

"Dad, why don't I go and test Han Qianli to see what's going on." Su Guoyao said with a worried face, although Han Qianqiang's behavior was directed at Su Guolin, without knowing exactly what was going on, Su Guoyao still felt a little uneasy.

After giving it some serious consideration, the old man said, "No need, this matter is over, as to what caused it, it doesn't matter."

"Dad, don't you want to know?" Su Guoyao wondered, his heart was very curious about this matter, so much so that he especially wanted to know why Han Qiangiang did it.

However, looking at the old man's appearance, he didn't seem to want to satisfy this curiosity.

"Does it still matter what the cause is, we just need to know that this is the result Han 3000 wants, what if you piss Han 3000 off again in the course of investigation?" The old man said, this is his concern, he does not want to incur any more right and wrong, no matter what, the Su family's interests are the most important, as long as this matter can be guaranteed, the other is not important.

Su Guoyao nodded with a heavy face and said, "Dad, it's still you who sees things through, I won't look into this, but Su Guolin and Mom, do you really plan to do this?"

"It's not an intention, it's a necessity, is it hard for you to understand what he means yet?" The old man was helpless.

## **Chapter 1579**

Su Guolin's home.

The silence between mother and son made the atmosphere in the house particularly heavy.

The old woman had never thought that she had only said a few words for Su Guolin, but she would get such consequences.

Although she was more interested in Su Guolin than anyone else in the Su family, she also knew that Su Guolin would be nothing once he left the Su family, and it was even more impossible for her to put her hopes of retirement on Su Guolin.

Unfortunately, it's too late to regret it, the old man made this decision to save the Su family's future, and no one can make him change his mind.

Unless ..... is able to step in, there may be a glimmer of hope for Su Yingxia.

But the old lady knows very well how she treated Su Yingxia, and at this time, how can she have the face to ask Su Yingxia to put in a good word for her?

"Mom, is it so hard that we really have to do this?" After a long period of silence, Su Guolin asked the old lady with a tone full of reluctance.

The old lady knew very well what kind of character the old man had, and there was almost no possibility of trying to salvage it.

"What more do you want?" The old lady said.

"What more do you want? It's obvious that it was a setup, and it's hard for Dad not to see it. Why would he help an outsider against me!" Su Guolin gritted his teeth and said, "The old lady smiled faintly, and Su Guolin didn't even understand what was going on?"

The old lady smiled faintly, didn't Su Guolin even understand what was going on?

Even if everyone at the birthday party knew he was framed, so what, would anyone dare to help him seek justice?

In front of the Su family's future, Su Guolin was nothing.

"What can you do if your father knows, you're still to blame for your own carelessness." The old lady said.

This sentence made Su Guolin even more furious, what does it mean to be careless, this kind of framed thing, instead of blaming Han Qianqian, she blamed him?

"Mom, do even you have to speak for outsiders?" Su Guolin said with a gloomy face.

"It's not a question of who to speak for, is it so hard that you haven't seen through the current situation? Your father drove us away for the sake of the Su family, and in front of the Su family's interests, we are nothing but cannon fodder, does it have anything to do with whether or not you were framed?" The old lady said.

"Why does it not matter." Su Guolin naturally couldn't accept this reality, so he would still feel how innocent he was wrongly accused.

"If it wasn't for this matter, it wouldn't have gotten you kicked out of the Su family, is it hard to have a grudge between you and Han Qianqian?" Su Guolin said, "The old lady felt a little strange about this.

If not for Han Qianli's words, she wouldn't have ended up in such a situation, but Han Qianli's targeting made the old lady really couldn't understand.

At this time, the door suddenly opened, and Su Haichao hurriedly returned home.

He reeked of alcohol, and he hadn't drunk less last night.

After seeing the old lady, his face became even whiter.

"You bastard, where have you been, don't you know what day today is?" Su Guolin cursed.

Su Haichao lowered his head, not daring to argue, of course he knew what day today was, that's why when he returned home, he was a picture of fear.

"Dad, I accidentally drank too much last night." Su Haichao said, a party at a friend's house, the wine was charming, Su Haichao was greedy and excessive, so much so that he slept for a whole day today, until he just woke up, he only realized that something bad was happening, but it was too late.

"Drink, drink, drink, do you have anything else serious to do besides drinking?" Su Guolin walked in front of Su Hachao and slapped Su Hachao on the head.

Su Hachao could only endure the beating.

Suddenly, Su Hachao's phone rang.

This made Su Guolin even more angry, this guy's appearance, a look is just woke up hungover, did not expect to just come home, but the phone rang again.

"What are you waiting for? Answer the phone." Su Guolin said.

At this time, Su Hachao where still dare to answer the phone, but under the request of Su Guolin, had to take out the phone.

As soon as he looked at the caller ID, Su Hachao panicked.

The other party is a rich second generation, actually will organize a game to bring Su Hachao, and every time is a woman and wine, he called at this time, there is probably another party.

"Answer it, look at the speakerphone." Su Guolin urged.

Su Hachao pressed the answer button with a chill in his heart, and could only pray that the other party would never say anything too revealing.

After the call was answered, I only heard the other party say, "Su Hachao, from today onwards, we are no longer in contact with each other, so don't look for me anymore."

After saying this, before Su Hachao could ask questions, the other party directly hung up.

Obviously, the other party only wanted to express his own meaning, as for what Su Hachao wanted to say, he did not care at all.

The next, similar phone calls, Su Hachao a few, are called to break off the relationship.

This let Su Hachao face a muddle, these people, can be his usual play very good rich second generation, they even played with each other the same woman, can be considered very good relations, how can suddenly become so?

Su Hachao was puzzled as to what was going on, but Su Guolin was very clear.

It seems that the incident at the birthday banquet had already spread, that's why those families ordered their juniors not to get too close to Su Hachao, so as not to be implicated for some unknown reason.

Su Guolin felt a little desperate, when things had come to this, what future could he have in Cloud City?

Even if he were to put his head down and go work for another company, who would dare to take him?

"Dad, what's going on?" Seeing Su Guolin's complicated expression, Su Haichao subconsciously felt that this matter had something to do with Su Guolin, so he asked.

"I've been completely expelled from the Su family and severed my relationship with your grandfather, the entire Cloud City business community should know about this matter." Su Guolin said.

Su Hachao's heart was as if a mountain was pressing down on him, depressing him immensely.

He relied on the Su family's current status to make so many rich friends, to make his life rich and colorful, and to win the face given to him by outsiders.

But now, all of that seems to be gone, just because Su Guolin was kicked out of the Su family!

"Dad, what's going on, how did this happen." Su Haichao asked anxiously, he could not accept this reality, if he was abandoned by Cloud City's rich circle, it would be an incomparably big blow to Su Haichao.

"How did it happen?" Thinking about what happened, Su Guolin couldn't help but gnash his teeth, if it wasn't for Han Qianxiang, how would he end up in such a situation.

At this time, the door was pushed open, and a person who Su Guolin hated so much walked into the house!

## **Chapter 1580**

When Han Qiangli walked into the house, the old lady who had been sitting down couldn't help but stand up.

When Su Hachao saw Han Qianqian, he directly blocked Han Qianqian's way.

How could Su Hachao allow Han Qianqian to come to his house when he was always displeased with her?

"Kid. What do you want, actually found my home." Su Hachao looked at Han Qianqian with an untamed face, unaware of what had happened today, and gave Han Qianqian a condescending look.

"You'd better get out of the way, or else I'm afraid you'll get hurt." Han Qianqian smiled.

Faced with such a threat, Su Hachao naturally couldn't back down. Su Hachao naturally could not retreat, or else. Wouldn't he be humiliated in front of Han Qianqian?

"Oh, you want to die for saying such things in front of me, Su Haichao, don't you?" Su Hechao gritted his teeth and raised his fist, looking like he wanted to hit Han Qianqiang.

Seeing this situation, Su Guolin quickly stopped it. Although he didn't know the reason why Han Qianxiang came to the house, he was clear that if Su Hachao's punch went down, then their fate would be even worse.

The current situation was not only about who was tough, but also about the background loss, and they were clearly not qualified to compare with Han 3,000.

"Dad, do you know who this idiot is?" Su Hachao asked Su Guolin.

Su Guolin's face turned pale, Su Hachao called Han Qianqian an idiot, isn't this annoying Han Qianqian?

"Shut the f\*#k up." Su Guolin was furious. Directly soaring out a swear word.

Su Hachao was shocked by the words, although he didn't know what was going on. But Su Guolin's anger he could feel, and quickly closed his fist.

"Han Qianqian, I've already been victimized by you like this, why are you still looking for me?" Su Guolin asked Han Qianqian.

Han Qianqiang's eyes did not fall on Su Guolin, but on the old lady. Obviously, he wasn't looking for Su Guolin. Rather, he was looking for the old lady.

"Is it so hard that you still want to flaunt your power in front of me?" The old lady spoke up.

Han Qianli shook his head, with a lazy smile on his face, and said, "It's not necessary to flaunt your power, I don't need to do that in front of you, and I've never put you in my eyes, I just see you, and I feel very happy to do so."

Han Qianqiang's words were so cloudy that only he himself understood what they meant.

Before she was reborn, the old woman died at the hands of her beloved grandson, Su Hachao, so that Han Qianli's later glory. She never had the chance to see it.

She had always regarded Han Qianqian as a loser, but she never saw Han Qianqian's moment of glory. This was a big regret for Han 3,000.

The old lady should have seen how powerful he was and regretted that she was wrong about Han 3,000, but unfortunately she died too early. So there was no chance.

All along, Han Qianxiang felt that she didn't care much about these little things. Because of the experiences, these things became irrelevant.

But when the memories were unraveled layer by layer. When the humiliation of that year surfaced in his mind, Han Qianli realized that he was not so open-minded. He had simply hidden this hatred deep in his heart.

"Am I still a waste in your eyes now?" Han 3,000 asked.

To the old lady. It was an inexplicable question, and she dared not treat Han Qianqian as trash.

If there was no Han Qianqian, how would the Su family be here today? How would the Su family be here today?

And if it weren't for Han Qianqian, she wouldn't have ended up where she is now.

"You're really joking, how dare I have the right to treat you as trash." The old lady said.

These words didn't make Han Qianqian feel too much pain, because the old lady simply couldn't hurry what had happened.

Han Three Thousand even thought of injecting all those memories into the old lady's mind, so that she would know everything that had happened and make her regret all the things she had done.

But Han Qianli didn't do that, but left behind a sentence: "As long as I am here, you will never be able to turn over a new leaf."

After Han Qianli left, the three of them looked confused.

With my company Fengqian?

He?

His!

Toyotomi Corporation, could it be his?

It has been rumored in Yuncheng that Xiaolong is not the owner of the company, but a boss behind the scenes who controls all this, but who would have thought that the boss of Fengqian is actually Han Qianqian?

"Three thousand, Feng Qian!" Thinking of these two words, Su Guolin sat on his buttocks on the floor, looking incomparably desperate.

Su Hachao, on the other hand, was trembling with fear.

He was actually gesturing in front of a big shot like the boss of Feng Qian Company.

If Han Qianqian was happy, he could have killed him at any time.

He was nothing in front of such a person!

"Dad, I ..... us now, what do we do?" Su Hachao asked Su Guolin.

What should we do?

What else can we do.

Before he didn't know Han Qianqian's identity, Su Guolin still had a glimmer of hope for a turnaround.

But after learning the identity of Han Qianxiang, Su Guolin knew that everything was over, and no one could change his fate, nor did anyone dare to change the old man's decision.
