

His True Colors Chapter 16-20

Chapter 16

After Han three thousand and Su Yingxia leave, a beautiful figure rushes out of the entrance of the department store and looks around, not finding Han three thousand's figure, before losing her way back.

The next day at three in the morning, Han 3,000 yuan was sleeping beautifully on the floor, Su Yingxia's phone suddenly rang.

In the middle of the night, it was rare for anyone to call, and Su Yingxia looked at the caller ID and was speechless.

"You're not still trying on clothes and haven't slept, are you?" Su Yingxia said helplessly.

Not bothering to take the phone, so I turned on the speaker, and the phone was filled with Shen Ling Yao's screams that cut through the air.

"Yingxia, I'm in love, I've found my own Prince Charming."

Su Yingxia couldn't help but roll her eyes and said, "It's the middle of the night, what's wrong with you again."

"Woooooooooooo." Shen Lingyao suddenly faked crying again, and Su Yingxia didn't even bother to take care of it.

"I shouldn't have gone to the bathroom yesterday, or else I wouldn't have missed my Prince Charming."

"Do you know what all those people were watching yesterday? So it's a guy with a big handsome guy playing the piano, you don't know, now that guy is on fire on short videos, I have to find him, I have to flesh him out."

"What short video with a big handsome guy, not sleeping in the middle of the night, what do you want, if you don't tell me clearly, I can hang up the phone and go to sleep." Su Yingxia said.

"Wait, I'll send it to you right away."

Soon, a video was sent over, after Su Yingxia clicked on it, he could only see a man's back sitting in front of the piano, he did play quite well, but Su Yingxia didn't feel anything.

"It's definitely some netizens hype, when have you been so irrational." Su Yingxia said.

"No, no, I have to find him and marry him, he's my prince charming, a little fairy like me, he's the only one who's worthy of me." Shen Lingyao was like she was crazy, she had watched the video back and forth no less than a hundred times.

"Hurry up and go to sleep, there might be another video in a few days, this kind of netizen will be current sooner or later." Su Yingxia didn't want to take care of this crazy best friend.

"Yingxia, I'm so worried now that he has a girlfriend, and even more seriously, what if he gets married, I'll lose Hsi to life."

Before the word hope was even spoken, Su Yingxia had mercilessly hung up the phone.

Han 3,000 silently listened to the conversation between the two, did not expect a momentary itch, actually caused such a strong reverberation.

Still six o'clock on time to get up, after the two went for a morning run, after breakfast back home, Han three thousand will send Su Yingxia to work.

Now as the project leader, Su Yingxia's workload is much larger than before, when Han 3,000 rode a small electric donkey to leave, Su Yingxia subconsciously looked back.

This back

Su Yingxia bobbed her head, isn't it normal to be familiar with it, it's been three years, how could it not be.

During the lunch break, Shen Lingyao called Su Yingxia again, this woman has been completely obsessed with yesterday's inescapable internet redness.

"Yingxia, my heart is no longer in my body, can you save me." Shen Lingyao said.

Su Yingxia angrily said, "I think you're really crazy, just a web-red."

"Are you free now, I'm coming to the company to look for you, I need you to save."

Su Yingxia looked at the time, two hours break at noon, there is still time, she is also really afraid of her sister's demons, and said: "You come."

Shortly after time, Shen Lingyao arrived at Su Yingxia's office, with that short video still playing on her phone, having been up all night last night, haggard as if she was ten years older, with dark circles on her face that could almost rival a national treasure.

"Darling, I've fallen completely." Shen Lingyao was lying on the sofa in the meeting area, looking like she was worse than dead.

Su Yingxia snatched the phone and was about to turn off the video, Shen Ling Yao mischievously sat up and said, "Don't turn it off, I can't hear the sound of the piano, so I feel empty in my heart."

Seeing that back figure again, Su Yingxia instantly saw Han Qianqian's figure floating in her mind, like, too much like, it was just exactly the same.

"What are you looking at, this is my male god, you're a married woman, and you still want to steal a man from me?" Shen Lingyao said alertly.

Su Yingxia frowned, not sure, and said, "Do you feel, this back, very familiar?"

"Of course I'm familiar with it, I've been watching it all night, can I not?" Shen Lingyao said as a matter of course.

"No." Su Yingxia shook her head and said, "Look at his clothes."

Shen Lingyao looked at her phone, the clothes were quite handsome, there was nothing wrong with them ah.

"What's wrong with the clothes?" Shen Ling Yao asked.

"It's exactly the same as what 3000 wore yesterday, exactly the same." Su Yingxia was slightly shocked in her heart, without looking carefully, she really didn't notice this, not only the back resemblance, even the clothes were the same, it couldn't be that the person in the video was Han Qianxiang, right?

"Han Three Thousand?" Shen Lingyao looked at the clothes, really, but she is not familiar with Han Marchant's back, and she but she is convinced that the man in the video is hers, if Han Marchant, isn't the dream broken?

"How could it be, it's not him, the clothes are just as coincidental." Shen Lingyao hesitated and continued, "Does Han Qianxiang play the piano? When did you see it?"

"That's not true," Su Yingxia said.

"Isn't that right, he's so good at playing the piano, if he didn't practice every day, could he have such proficiency, how could it be Han 3000."

"That's right." Su Yingxia nodded her head, the strength to play the piano needs to be accumulated day and night, for the entire three years, she has never seen Han Qianqian play the piano, even if he used to be able to, after these three years, it's also deserted almost right.

The two girlfriends are chatting hot, the Internet has a title, the little prince of the piano, countless women want to dig out the details of his identity, a time explosion network.

And Han three thousand riding his own little donkey, appeared in the light field known as the Audi 4S shop.

Now every day to transport Su Yingxia to and from work, but also riding a small donkey words, wind, sun and rain, Han three thousand is indifferent, but can not treat the skin white and beautiful Su Yingxia.

"My grass, now the new fashion ah, riding a battery-operated car to see Audi?"

"This guy can't be in the wrong place, we don't sell Yadi electric cars here."

"Whoever of you is interested will receive him, I've got a big customer coming later."

A few salesmen in the store ridiculed and laughed as Han 3,000 put the car on the road.

Walking into the store, no one was willing to get up, Han 3000 walked around on his own, what he wanted was an A6, besides sending Su Yingxia to and from work, it could also be used to talk about business in the future, after all, she was now the project manager of the west side of the city anyway, and it was time to phase out that Toyota at home.

Of course, Han three thousand also has the ability to buy more luxurious car, but too high-profile Su Yingxia is not too good to explain, yesterday, bought the whole store, fortunately Su Yingxia did not ask more, otherwise he really does not know how to explain.

Stopped in front of a new A6, and soon a salesman walked up to Han 3000.

"We have the entry-level A3 here, if you're interested, I can introduce it to you."The salesman said.

"Pay today, when can you pick up the car?"Han Marchiang asked directly.

The salesman was confused, he thought Han Marchant was just looking around, after all, this was a Lord who came on a battery-operated bike.

"Do you you want to buy this one?It's an A6," the salesman stammered, not sure.

"It's written on it, isn't it, I can see it."Han 3,000 said.

"Brother, have you seen the price?"The salesman still didn't quite believe that every customer who bought a car had to go through some careful questioning, performance test drive to talk about the price, just as many, but he, painfully unreal.

"Ah, yes, is there a discount on the price?" Han Giangli asked.

"This one is the top-of-the-line hybrid version, and since it's new, it's not out with incentives yet." The salesman said.

"Okay then, can you drive it today?"

The salesman was laughing and crying, what kind of a fabulous customer is this, it's not a joke, right?

"Brother, if you need it urgently, I can help you with the procedure now."

Han Qianli pulled out his bank card and said, "As soon as possible, preferably at four o'clock, I have something very important."

Arriving at the kiosk at four-thirty and waiting for Su Yingxia to finish work never changed in three years.

The salesman's eyelids jumped straight, he really didn't brag, today this single is considered a white earning, simply didn't waste lips ah.

When he went to get the contract, the other salesman asked him, "How about it, this guy came to look at A6, scared by the price, right?"

"Go ask him if he's going to the Yardi store and he's in the wrong place."

"We're on four wheels, not two."

The salesman raised the bank card in his hand and said, "Shut up, you guys, this is a big customer, and you're going to pick up the car today, and if the manager knows about this, you're finished."

Several people brushed their faces together.

"No way, picking up the car today, he's not kidding?"

"It's the bank card he gave me, can it be a joke?"

Walking towards the finance room, a few other guides followed behind them, wanting to take a look.

The result was of course obvious, a few of the salesmen who had previously looked down on Han Three Thousand, suddenly repented and pounded their chests, as if they felt like they had missed out on a hundred million, such an easy list floating past them, and not a single person even reached out.

In less than four o'clock, the formalities had been completed, and the insurance was also effective immediately, which meant that Han 3,000 could just drive away.

Fancy things like the delivery ceremony were not needed for Han Three Thousand, and as she left, she asked the salesman, "Can I leave the battery car here for now, it's a bit of a rush today, I'll come and ride it tomorrow."

"Yes, maybe you can give me an address and I'll help you ride it over."The salesman said.

"No, I'll come tomorrow."

After Han Marchand drove off, several salesmen in the 4S shop looked at each other with a bitter smile.

Chapter 17

"Changing cars?"

After parking the car on the street side of the kiosk, Han 3,000 just walked up to the kiosk and the owner said with a smile on his face.

"It's almost summer, the sun is big." Han Three Thousand said.

The owner subconsciously took a pack of cigarettes that Han 3,000 was usually used to smoking, but after looking at the A6, which didn't match Han 3,000's current identity, he asked, "Change cigarettes?"

"Save some money on gas," Han Giangli said.

The boss laughed bitterly and shook his head, "This car's gas money isn't something you can save by smoking."

"Save a little, or you'll be scolded for being a loser." After unwrapping the cigarette, Han Marchand handed one to the boss.

The boss held out the lighter at the same time, and the two of them moved in tandem, incomparably in tune with each other, it was all time to sink in, after all, three years.

The boss took a sip, exhaled a light smoke ring, and said, "I've long seen that you're not an ordinary person, what's the purpose of a sculptor swimming in the shallows, isn't it just a flight of fancy?"

Han Qianqian didn't expect the boss to be able to say such a literary thing, laughing, "Boss, you're also talented, how come you're willing to keep this kiosk for the rest of your life."

The boss shook his head repeatedly and said, "Which talent do I have, every family has its own problems, you do it for the women, and so do I."

Han Three Thousand nodded his head without saying a word.

After the cigarette was finished, Han 3,000 yuan moved the car to the door of the company.

After work, the brand-new unregistered Audi attracted a lot of eyeballs, and Han Three Thousand stood beside the car, also being treated as a young handsome man, of course, this was under the premise that those people didn't know his identity, to know that he was the Su family's adopted son-in-law, I'm afraid he would have already shown a disdainful expression.

"Three thousand, this" Su Yingxia went out of the company's gate, and was at a loss when he saw Han Three thousand and the new car behind him.

"It's almost summer, the sun is big, you can't always ride a small electric donkey to pick you up." Han Marchian said.

An untimely voice rang out, "Su Yingxia, you're good, you've only been in charge for a few days and you've got a new car, you're so blatant, aren't you afraid of grandma checking you out?"

"Don't do anything wrong during the day, don't be afraid of ghosts knocking at the door in the middle of the night, if you have evidence, you can go expose me." Su Yingxia looked at Su Hai Chao with cold eyes, ever since she became the person in charge, Su Hai Chao didn't give her much trouble, and all of them were false.

Su Haichao smiled coldly and said, "Don't worry, when I have the evidence, I will go to grandmother without you reminding me, you better be careful, don't let me catch the opportunity, or I will kick you out of the Su family."

Su Yingxia sat on the passenger side, not bothering to take care of Su Hachao.

Han Qianqiang didn't look at Su Hachao from till the end.

As the car drove towards home, Su Yingxia suddenly asked Han Qianqiang, "How much private money do you actually have?"

Han Three Thousand knew that sooner or later she would face this problem, so she had already thought of a way to say it, saying, "I didn't pay a penny of the money I saved in the past to get married, so there's some."

Su Yingxia turned to look at Han Qianqian, how much is some, there has to be a number to be specific, right?

It cost over 400,000 yesterday, and with today's, it's over a million! It's more than their family has money ah.

But think about it, Su Yingxia didn't continue to ask, although she is Han Qianqian's wife, but so many years the two are financially independent, they don't ask each other about money matters, there is no reason to delve into.

Back home, Jiang Lan knew the matter of buying a new car, can't wait to drag Su Guoyao downstairs to see it, but this gave the old couple a great deal of joy.

Sitting in the new car, I felt that my pores were opened all over my body, and it was incomparably relaxing.

"Guoyao, this car can't be driven by Han Qianqian, the daughter is not easy to make a success, we have to come to enjoy the happiness." Jiang Lan said.

Su Guoyao echoed, "Yes, but this is something you have to tell Yingxia, such a good car, what if it makes Han 3000 a little bumpy, he's suitable for riding a small electric donkey."

"I didn't expect ah, I Jiang Lan also have today, next time I go back to my mother's house, I can finally raise my eyebrows." Jiang Lan said excitedly.

When the old couple returned home, Jiang Lan called Su Yingxia into her room.

"Mom, what's wrong?" Su Yingxia asked.

"This car, from today onwards, your father will drive it." Lan Jiang said.

"Why? This is"

Before Su Yingxia could finish her sentence, Jiang Lan eagerly interrupted: "And why, now that you've made your mark, can't you let us enjoy our old age? And it's such a nice car, if you give it to Han Qianxiang to drive, he doesn't know how to cherish it, how much would it cost to fix it if it breaks down."

"Mom, this car is Han Qianqian's"

"Okay, okay, you stop talking." Jiang Lan impatiently waved her hand and said, "I know he recently picked you up to and from work, but it's not like you're keeping an eye on him at all times, let him drive

such a nice car, what if he's not pure in heart and uses this car to cheat other women, let's say that Toyota at home is for him."

Su Yingxia was speechless for a while, but this car was bought by Han Qianqian, it had nothing to do with her, how could she just snatch it away?

"Right, you've only been in charge for a few days and then you changed your car, will your grandmother check you, you have to be careful when you do the accounting." Jiang Lan reminded, why the other relatives in the Su family could live better than them, it was because of the high position in the company, there were more opportunities to get oil, so Jiang Lan took it for granted that the money for the new car was paid out by Su Yingxia in the company.

Su Yingxia sighed, she knew Jiang Lan's personality, this was simply unexplainable, even if she said Han Qianqian bought it, Jiang Lan wouldn't believe it.

"I'm going out first." Su Yingxia had to explain this matter to Han Qianqian before she could.

Arriving at the kitchen and looking at Han Three Thousand who was stir-frying skilfully, Su Yingxia said with an apologetic face, "I'm sorry."

Puzzled, Han 3000 turned to look at Su Yingxia and asked, "What's wrong, for no reason, why do you have to say you're sorry?"

"My mom thought that I got the money for the car at the company, and now she insists on giving the car to dad." Su Yingxia also felt that Jiang Lan was a bit too much, but after all, Jiang Lan was her mother and could only allow the old man to be capricious.

"I thought it was something else, it doesn't matter." Han Qianli said indifferently.

"You really don't mind? It's a car you paid for." Su Yingxia said.

"They're also my parents, it's only natural to honor them."

When Su Yingxia heard this, she felt more and more injustice for Han Qianqian, he hadn't been wronged at home for the past three years, but he hadn't complained at all, instead he was so nice to her parents.

"It's almost time to eat, if you're fine, help me take some chopsticks out." Han Giangli said.

Su Yingxia sharply helped with the work, and the old couple went downstairs again to work on the new car at some point, so it was just Su Yingxia and Han 3000 at the dinner table.

"Do you play the piano?" Su Yingxia asked Han Qianqian, although she thought it was unlikely, but the backstory was so similar that Su Yingxia felt the need to ask about it.

"To a cow?" Han Giangli said with a smile.

"Yesterday, it really wasn't you?" Su Yingxia looked suspiciously at Han Giangli.

"Yesterday? You don't think that I'm the Net Red in Shen Lingyao's mouth, do you?" Han 3000 said.

"It really doesn't seem to be you." Su Yingxia's heart was somehow lost, she didn't know why she wished that person yesterday was Han Qianqian, maybe it was because every woman had a princess dream, she also wished she had a prince that made people pay attention to her.

After dinner, they watched TV on the couch for a while and returned to their room at 9:30 sharp.

The next day, Han 3,000 yuan drove a Toyota to send Su Yingxia to work, the kiosk owner watched from afar, the heart overflowed with a trace of doubt, wasn't it just yesterday that he bought a new car? Why are you driving an old car again today.

After sending Su Yingxia, Han 3,000 yuan drove the Toyota to a used car dealer and sold it for tens of thousands of yuan, then took a taxi to the Audi 4S shop.

After that salesman saw Han 3,000 yesterday, he immediately got up to greet her, and they just talked about this topic, many people thought Han 3,000 wouldn't come to ride a bike, but I didn't think he'd actually come.

"Han, you're here so early."

"Is the A6 still available?" Han Marchiang asked.

The salesman was elated and asked, "And Han has any friends who want to buy a car?"

"Then give me another one," Han 3,000 said.

One more one more.

The salesman was befuddled, didn't he just buy it yesterday, why do you want it again today, although cars are expendable, it's not like they've been consumed in one day and the wheels are gone!

"Han, you want another one?" The salesman couldn't believe the question.

"En, that one was given away yesterday."

The salesman looked at Han 3,000 in shock, hundreds of thousands of cars, and said he was giving it away! This was too heroic.

He couldn't imagine what kind of person Han 3,000 was, such a rich and earthy person, how could he not see it at all.

When the other salesmen found out that Han Marchant had given away yesterday's car and wanted another one today, they were also shocked to the core and even more remorseful, if they had been willing to get up to receive Han Marchant yesterday, they wouldn't have missed out on such a big customer!

"It's useless to be jealous now, you can only blame yourself for having no fortune ah."

"What do you mean no fortune, this is a lesson, in the future, when there are guests coming, you can never look down on people casually ah, this Brother Han doesn't look good, but people can casually give A6 away, this is the rich man."

"Hey, Brother Han is too low-key, and it's not our fault that we're looking down on him."

Another money brush to hand over the car, the same steps yesterday, and again today, but there was still a very serious problem in front of Han 3,000.

That was this car, how would it have to be explained to Su Yingxia.

Three days, spent more than one million, to say that he only has a little private money, this kind of nonsense Han 3,000 himself also do not believe ah.

Before leaving, the little electric donkey remained in the 4S shop.

When the afternoon came, Han 3,000 also went to the kiosk first.

When the owner saw Han 3,000's new car, he didn't know that he had switched to another one because it didn't have a license plate, so his doubts in the morning were dispelled.

But today's Han 3000 was obviously a bit different, and I could tell he was very nervous.

"What's wrong, you're especially nervous today, did you prepare any surprise for your wife?"The boss asked.

Chapter 18

Hearing the boss's words, Han 3000 was full of embarrassment, surprise is not, but there is one trouble, how to explain to Su Yingxia, but it's a big problem ah.

"Boss, do you have any experience of hiding private money, if you're found out, how do you explain it?"Han Qianli asked the boss.

The boss laughed dumbly and said, "You're asking the right person about this, hiding private money is a matter of skill, I'm inexperienced in this area."

Han Qianqian directly rolled up a white eye, thanks to him listening so seriously, he didn't think the boss was just messing around with him.

The boss also had an embarrassed look on his face, and continued, "What is our men making money for, to spend it on their wives ah, how can we do such a treacherous thing as hiding private money, like me, not even a little bit of this idea."

"Isn't it just to make a woman happy after a lifetime of fortune and hardship? In ancient times, King You of Zhou had a smile for his elder sister-in-law, and the fire beacons played the vassals. Wu Sangui for Chen Yuan Yuan to attract Qing soldiers into the pass, that's why he left the phrase weeping six troops all onyx, rushing crown for the red face. Since ancient times, heroes have been sad to see the beauty off, but we can all be great heroes."

Han Qianqiang took a deep breath and said, "You are really wimpy out of the realm, disrespectful and disrespectful."

The boss smiled and wiped his face in embarrassment.

When it was time, Han Three Thousand Thousand drove to the entrance of the company.

Su Yingxia went out of the company, and saw Audi again, looking appalled.

"You how did you get the car back?" Su Yingxia asked incredulously, but she knew exactly what kind of temperament Jiang Lan had, she was determined to change the car, ten cows couldn't pull it back, and Han 3000 had a very low status in Jiang Lan's heart, how could he do this, there were miracles in the world, but this kind of miracle could never happen to Jiang Lan.

"Let's get in the car." Han Three Thousand said.

Su Yingxia felt like she was dreaming, had Mom suddenly figured it out and started to value Han Marchant?

"What's going on, tell me quickly." After getting into the car, Su Yingxia couldn't wait to ask, if Jiang Lan really changed her mind about Han Giang, she would be very happy.

"Ahem." Han Giang cleared his throat and said, "Do you believe in luck?"

"Luck, luck can't handle my mom." Su Yingxia said.

"I bought a car yesterday, and the 4S shop had a raffle, and it just so happened that I was the lucky winner, so I bought one and got one free." Han Qianqian said in a serious manner.

Su Yingxia first looked at Han Qianli in dismay, then her expression became gloomy, and then next, she looked at Han Qianli with admiration and said, "Yo, you're amazing, you actually won the lottery, buy one get one free."

Han 3,000 yuan of heart guilty, forehead straight cold sweat, eyes without looking ahead, said, "It's true."

Su Yingxia raised her snow-white thighs, crossed her arms, and said, "In that case, I'm going to draw a prize too?"

Han Three Thousand Palms looked miserable and said, "It's better not to, people's activities are over."

"Han 3,000 yuan, do you take me for a fool, can I believe this kind of crap?" Su Yingxia instantly stormed off, her chest quivering with anger and rising and falling violently.

Han Giang himself knew that this reason was ridiculous, but he couldn't really think of any other tactics, and the only remaining fluke was fragmented, so he could only admit, "I bought another one."

"So rich." Su Yingxia pursed her lips, increasingly curious about how much private money this guy had, but she still told herself in her heart, curiosity aside, it was his business to be rich, what did he have to do with himself.

Back home, and buy a car things did not tell Jiang Lan and Su Guoyao, afraid to scare them.

The next day, he was in the middle of a meeting with his wife, who was in the middle of a meeting with her husband, and he was in the middle of a meeting with her husband, who was in the middle of a meeting with her husband.

The next morning, after a morning run, Han 3,000 routinely sent Su Yingxia to work, and then went to the Pearl Building, here is also known as the locals flying saucer building, the roof is a giant disc shape, the shape of the whole building is also like and mushrooms, belonging to the iconic architecture of Cloud City.

The top floor disc is the Crystal Restaurant, the most famous Western restaurant in Cloud City, and you usually need to make a reservation at least a week in advance to eat at the Crystal Restaurant.

The restaurant was surrounded by floor-to-ceiling windows that overlooked the entire Yun City landscape, and the glass underfoot was also made of special technology that could project different environments, but also for those who were brave enough to dine, they would let the restaurant remove all special effects and visually see the hundred-meter abyss beneath their feet and dine in the air.

When Han Marchan arrived at the restaurant, he asked the front desk to find the manager.

The manager was a middle-aged man around forty years old, unlike the average person with a big belly, but instead was exceptionally sharp, wearing a formal suit like an aristocratic butler.

"Sir, what do you need?"The manager asked Han Marchand.

"On the twenty-second of this month, I want to cover the entire restaurant, so money isn't a problem,"Han Sanchi said.

Covering the entire restaurant had only happened once in the past, two years ago when a certain rich gentleman proposed in the Crystal Restaurant, it caused a huge stir, I don't know how many women died of envy, and this matter was also in stark contrast to Han Three Thousand's entry into the Su family, many people compared the two.

"No problem, do you need any special decorations?"The manager readily agreed to open the restaurant in order to make money, and since he had said that money was not a problem, the other aspects of the restaurant would naturally not be a problem.

"In the center of the restaurant, can you provide me with a piano?"Han 3,000 asked.

"No problem, no matter what your needs are, as long as there's enough money, we'll do our best to help you out."The manager said.

After staying to discuss some details and pay the deposit, Han Qianli left.

The waiters in the restaurant inevitably thought of the incident that had caused a sensation in Cloud City two years ago, and some of the little girls revealed an expression like a nymphomaniac.

"I wish I could meet a rich man as well, how happy it would be if he could book the entire restaurant to show me love."

"Hey, I wonder which woman is so happy, how many people are going to die of envy again this time."

"You guys get to work, just dream about such things." Seeing the waiter committing a nymphomaniac, the manager said disdainfully.

The foreman ran to the manager's side and inquired, "Manager, which rich young master is this?"

The manager shook his head and said, "Not too clear, look at the face, but hundreds of thousands of deposits have been paid, there should be no problem, starting on the 21st do not receive guests, help him set up the scene, this thing can not go wrong."

The foreman nodded his head repeatedly.

The matter of someone wrapping up the restaurant was quickly leaked out by the waiter, creating many waves in Cloud City, after all, it had already made a splash two years ago, and this time it was bound to make countless women envious again.

Su Family Company.

During the lunch break, Shen Ling Yao went back to the company to tell her heart, after the appearance of the little piano prince, she couldn't eat, couldn't sleep at night, and her whole person was changed.

For Shen Ling Yao's obsession, Su Ying Xia has persuaded countless times, but Shen Ling Yao is like a stubborn donkey, can't pull back.

"Yingxia, there are too many competitors for this palace, what if I can't compare those demonic goods?"The first time I saw it, I thought it would be a good idea to take a look at Su Yingxia.

Su Yingxia sized up Shen Lingyao and said, "Your figure and looks, how could you lose to them, but this little piano prince, you've only seen the back, aren't you afraid that he's an ugly monster?"

Shen Lingyao is holding her hands on her chest to compare sizes, hearing Su Yingxia's words a fierce face, threatening: "I can warn you, this palace's prince charming does not accept any defamation, if you say half a word about him bad, I'm with you"

"How about with me?" Su Yingxia smiled and asked.

Shen Lingyao bit her teeth and grimly said, "I'll cut off the golden orchid and love with you, and you'll completely lose me later."

Su Yingxia was speechless for a while and said, "How do I hear this familiar, as if whoever told me this when I was in school, but then, it's still not hugging my leg and crying, saying that she is blind and loves a scum."

"Che." Shen Ling Yao left her mouth open and said, "How can he compare to the little piano prince, and now this scum even contacted me, regretting so much that he cried, this palace didn't even bother to look at him."

During the school years, Shen Lingyao's looks could only be regarded as medium, they say that a woman's 18 changes, she really transformed from an ugly duckling into a swan, those boys who didn't look down on her in the past, every reunion would be fawning over her, hating to worship under her pomegranate skirt.

"I advise you, or don't put too much emotion into it, he's just a backstory to you, looks personality personality family life, you know nothing, there is a saying that the greater the expectations, the greater the disappointment, don't you know?" Su Yingxia reminded.

Shen Lingyao slumped her head, she had thought about these problems herself, but couldn't resist the charm of the little piano prince ah, every time she saw the video, all her worries vanished.

"No matter, as long as he hasn't gotten married, I won't turn back until I hit the south wall, life is always going to be crazy once, right?" Shen Lingyao said.

At this time, Su Yehan suddenly arrived at the office, holding a stack of documents in her hands.

"These documents need your signature." Su Yehan said with a face full of displeasure, ever since Su Yingxia became the project manager, she had become Su Yingxia's subordinate, making her very disgruntled, no matter how she was the most promising person to marry into the Han family, she was actually working for Su Yingxia as a subordinate.

"By the way, did you guys hear that someone else has bagged the Crystal Restaurant again." Su Yeh Han said.

"The Crystal Restaurant?" Hearing this, Shen Lingyao became excited and asked, "Is it the Crystal Restaurant in the Flying Saucer Building?"

"Are there any other Crystal restaurants in Cloud City? I don't know which rich young son's handiwork is it again." After saying that, Su Yehan looked at Su Yingxia with a mocking face and continued, "I remember, you also got married on the 22nd, right, also all human, how come the difference is so big."

Chapter 19

Looking at Su Yehan's mocking appearance of covering her mouth and laughing lightly, Shen Lingyao was furious.

"So what if it's number twenty-two, what can the same day mean." Shen Lingyao said.

Su Yehan was deliberately using this matter to mock Su Yingxia, and since Shen Lingyao had answered, she certainly wouldn't miss the opportunity to continue counting Su Yingxia.

"It doesn't mean anything ah, it's just a difference, after all it also happened on the same day, even if I don't say anything, I can't stop outsiders from remembering the twenty-second three years ago ah." Su Yeh Han said.

"There are many things that happened on the same day, don't you have nothing to do with them but to watch?" Shen Lingyao retorted.

Su Yehan snorted coldly and said, "So what if it has nothing to do with me, at least I don't have such a wimp of a man, and the person I will marry in the future, you can't even imagine how rich his family is."

The matter of the next appointment Shen Ling Yao heard Su Ying Xia mentioned, the golden jade cash, is a very astonishing appointment gift, the other party's family background must not be small, and Su Yeh Han is indeed the most promising person.

"You haven't heard of the luxurious family being deep as the sea, wait to be a boudoir." Shen Lingyao said.

Su Yehan didn't care at all about these words and proudly said, "Even if the deep boudoir resentment wife so what, I'd rather be a resentment wife in a room full of brand names than to marry a man who has to eat soft rice."

Su Yingxia really couldn't listen anymore and said in a cold voice, "Su Yehan, there's nothing else, you can go out."

"What about the twenty-second, what a great day, but for some people, it's a tragedy ah." Su Yeh Han took the document and said as she walked away, full of sarcasm.

After Su Yehan left, Shen Lingyao looked at the ugly-looking Su Yingxia and comforted her: "Yingxia, don't listen to this b*t*h's nonsense, this kind of woman is a mouth-b*t*h."

Su Yingxia smiled bitterly and said, "Three years ago on the twenty-second, I was indeed desperate, she was right. But now I've gotten over it."

"I don't know which son of a b*t*h, had to choose the twenty-second, isn't this deliberately targeting you?" Shen Lingyao looked indignant, such a sensitive time, it would definitely make certain long-talking women in Cloud City start discussing Su Yingxia's wedding again, and then, they would have to be compared again.

"This is someone's arrangement, it's not like number twenty-two belongs to me, how can you say that it's deliberately targeting me." Su Yingxia smiled bitterly, this sister of hers, her elbow was too serious.

Shen Lingyao was just speaking in anger, she knew that this matter was not really directed at Su Yingxia, but it was inevitable that Su Yingxia would be gossiped about this time.

"Forget it, it's been three years anyway, your heart should be exercised and strong, even if someone deliberately brings up the matter from three years ago, you shouldn't care." Shen Ling Yao said.

Su Yingxia nodded her head and said, "Don't worry, I can't stand any blow, and life is good for me now."

That day from work, a red Ferrari was parked next to Han Qianqian's Audi, and the two stood taller against each other.

The man standing next to the Ferrari, although the looks can't compare to Han three thousand, but in a society where money is the order of the day, a Ferrari is enough to outweigh any face value.

"Brother, you came to pick up your girlfriend from work?"The man asked Han Marchant.

"Wife."Han 3000 said, this man he knew, in the past three years, silently watching Su Yingxia get off work, he also often appeared, and the person he had to wait for, was also Su Yingxia.

The man's name was Yang Peng, he liked Su Yingxia for a long time, and even after Su Yingxia got married, he didn't give up, because he knew that Su Yingxia married a waste into the son-in-law, and he had told Su Yingxia that as long as Su Yingxia was willing to divorce, he could remove all obstacles and marry Su Yingxia, and give Su Yingxia a sensational wedding in the city.

"Not bad, getting married at such a young age. I'm not so lucky, the woman I like married a loser, but I know that she hasn't let that loser touch her in the past three years, so I can marry her anytime as long as she's willing." Yang Peng said.

Han Giangli raised her eyebrows and didn't say anything more.

When he got off work and Su Yingxia showed up, Yang Peng couldn't wait to walk up to Su Yingxia.

"Yingxia, I've booked a restaurant, so eat dinner with me." Yang Peng said.

Su Yingxia didn't have any good feelings for Yang Peng, Yang Peng liking her was not bad, but it was just an unavailable turmoil, Yang Peng was known as a playboy, there were never many warblers around, and changing female companions was just like changing clothes.

"Yang Peng, haven't I made it clear to you that I'm already married." Su Yingxia said.

Yang Peng smiled faintly and said, "That loser, what qualifications does he have to have you, and you haven't let him touch you in three years, and there's no affection between the two of you, so why make things difficult for yourself?"

"I know you're afraid that Old Lady Su won't agree, but don't worry, I can give you my word that I'll convince the old lady if you'll agree." Yang Peng said.

"I'm sorry, but my husband is here to pick me up." Su Yingxia finished in a cold voice and walked towards Han Qianqian.

Yang Peng was slightly stunned, the person who had just spoken to him was that trash husband of Su Yingxia's!

"Brother, I didn't expect you to be that trash from the legends, it's better to be famous than to meet." Yang Peng sneered and looked at Han Qianqian.

Han Qianli said in a flat tone, "I'm glad I didn't disappoint you."

Yang Peng sneered, truly a loser who could only endure being pointed at and scolded.

"I can give Su Yingxia a better life, what can you give her, just be sensible and disappear yourself, why delay her." Yang Peng said.

"Oh? What can you give her?" Han Qianli was curious.

Yang Peng took a proud look at the Ferrari and said, "Do you have this kind of sports car? I have three in my garage, and I can cover the whole Crystal restaurant for her, can you do that?"

It just so happened that this news broke out today, so Yang Peng brought it out to mock Han 3,000, but of course, with Yang Peng's financial strength, he was able to do it.

"Three thousand, stop talking nonsense with him and go home." Su Yingxia, the co-pilot, urged.

"Hear that, we're going home." Han Three Thousand smiled slightly.

As he watched the Audi sail away, Yang Peng was livid, Han Three Thousand's words were like a serious wound to him.

"Rubbish thing, I'll get Su Yingxia sooner or later, even if I can't get her heart, I still want to possess her flesh, you trash waiting for me to cuckold you." Yang Peng said through gritted teeth.

Back home, Su Guoyao and Jiang Lan's expressions were not too good, they also knew about the Crystal Restaurant, this sensitive time was too unkind to Su Yingxia, the joke from three years ago would obviously be brought up again.

But in front of Su Yingxia, the two elders didn't mention this matter, they didn't want to reveal Su Yingxia's scars, but they just looked at Han Qianqiang with even more dissatisfaction.

After the meal, Su Guoyao called Han Three Thousand and said that he was going out for a walk.

"Han 3,000, three years ago on the twenty-second, remember?" Su Guoyao spoke in a dissatisfied tone.

Han Giangli nodded and said, "The day that Yingxia and I got married."

Su Guoyao snorted coldly and said, "You still know about this disgraceful day, our family's face was all disgraced on that day."

Han Giangli remained silent, waiting for the rest of the story.

"The Crystal Restaurant was wrapped up on the 22nd, there's still half a month left, our Su family's disgrace will definitely be brought up again, I don't want Ying Xia to be sad, you find an excuse to take her out for fun, just leave Yun City." Su Guoyao said.

Han Qianqiang took a deep breath and said, "Yingxia is now in charge of the project in the west of the city in her hands, the daily workload is huge, even if she goes out for a trip, it's not a good time."

"Travel? Am I asking you to go on a trip, I just don't want Yingxia to face this matter, you can be a loser and put up with it, why should my daughter have to suffer with you." The more Su Guoyao spoke, the angrier he became and the more agitated he became, the old man of the Su family died shortly after Su Yingxia's marriage, he was complaining, why couldn't he leave something good for their family just before he died, instead, he came to such a disaster.

"I know you're doing this for Yingxia's own good, but please believe that I won't let her be bullied by anyone either." Han Qianli said indifferently.

Home.

Jiang Lan pulled Su Yingxia's hand and said with a heartbreaking look, "All haggard, it's been a busy time, isn't it."

Su Yingxia smiled and said, "It's quite busy, but it's very fulfilling, and I have to work hard, I can't let those relatives look down on you ah."

Jiang Lan touched Su Yingxia's head and said, "What a good girl, but you can't make yourself work too hard, or mom will be heartbroken."

"How about this, in a few days, go out and have some fun and relax?"

Su Yingxia guessed what Jiang Lan wanted when she heard this, smiling, "Mom, you're not going to let me go out during the 22nd, are you."

Jiang Lan knew that Su Yingxia was ice and snow smart, since she had already said it, she didn't hide it, and said, "Mom just doesn't want you to hear those people gossiping, and you haven't left Yuncheng for so many years, now that the conditions at home are better, it's time to go out and see the world."

"Mom, a whole bunch of things in the company are waiting for me to deal with. And don't worry, I don't mind anyone gossiping about me now, they can't hurt me." Su Yingxia said with a carefree face, this matter deserved the envy of many women, but she wouldn't, after becoming the project leader, the future was promising, as long as she worked hard enough, she would be able to get everything she wanted.

As for Han Qianqiang, Su Yingxia knew that he was changing for himself, perhaps one day in the future, he would no longer be the wimp that those people talked about, which made Su Yingxia have high hopes for the future.

"Besides, if I leave at such a crucial time, what if Su Hai Chao covets my position again?" Su Yingxia continued.

Jiang Lan sighed and said no more.

Chapter 20

Ten days later, the matter of the Crystal Restaurant grew more and more intense, and since the person who had chartered the restaurant had not been exposed, countless people were tremendously curious about the matter, and even speculated about many of the local rich dukes of Cloud City, but as those rich dukes dispelled the rumors one by one, the matter was clouded with even more suspicion.

As for the Su family, unsurprisingly, it was brought up once again and became the laughing stock of many people after dinner, because the timing was just too coincidental, and it was hard not to remind people of it.

Each of the Su family relatives were outraged, if it wasn't for Han Qianqian, they wouldn't have become the joke of others, almost everyone in the family had put off all the recent dinner parties, even the Su family's old lady had closed her door, planning to wait until the furore had passed before coming out.

"It's really too infuriating, what does that trash Han 3,000 have to do with us, those people bite the Su family, making it seem like we're disgraced."

"Why doesn't Han 3000 go die, die once and for all, we don't have to follow him to lose face ah."

"Su Yingxia is also a lost star, without her, where would all this crap come from."

Several Su family descendants gathered together, each of them with anger on their faces.

Su Haichao was different from the others, with a faint smile.

"Hai Chao, why are you still laughing, aren't you angry?" A certain person asked to Su Haichao.

Su Haichao looked indifferent and said, "The bigger the trouble, the better, it's only good that Su Yingxia has disgraced the Su family."

The others looked at Su Haichao in puzzlement, Su Yehan smiled and said, "You bunch of brainless things, Su Yingxia disgraced, grandmother will not let her become the successor of the Su family ah, she became the head of the west of the city project, hard to salvage a bit of grandmother's goodwill, after this matter, grandmother probably hates her again."

It was only after hearing this that the others came to their senses and sighed incessantly.

"And our Su family won't remain humiliated, when I marry into the Han family, who else will dare to say that we're not." Su Yehan said proudly.

Su Haichao took a glance at Su Yehan and echoed, "That's right, the face that Su Yingxia lost, you guys still have a chance to help the Su family get it back, although Su Yehan has the best chance."

Su Yeh Han laughed disdainfully, not putting anyone else in the eye at all, and had already decided in her heart that she was the Han family's candidate.

"You guys should just give up on this idea, so as not to be disappointed in the future. Compared to looks and figure, who can be better than me?" Su Yehan smiled.

If Su Yingxia hadn't gotten married, Su Yeh Han wouldn't have such strong confidence, but unfortunately Su Yingxia had already married a wimp, so how could Su Yeh Han put anyone else in her sights.

"In five days, the real answer will be revealed."

"By the way, are you guys going to watch? I've heard that the high-rise housing at the nearby hotel is already booked up, and those people are there just to see who's booked the restaurant."

"I'm definitely going, this kind of excitement doesn't happen every year."

"Yeh Han, are you going?"

Su Yeh Han had already booked a room, and it was the best location, most hopeful to see what was happening in the restaurant. However, she has always been high and proud to be married to the Han family, wouldn't it be a loss to go to make this excitement, saying, "I won't go, when I get married later, I can definitely be more sensational than this matter."

For Shen Ling Yao, who hadn't heard from the little piano prince for more than ten days, the days were very torturous, as if she was missing spiritual food, her spirits were low, and recently she had been staying at home and not going out, her entire body was shaggy and completely devoid of the posture that a beautiful woman should have.

She was lying on the sofa like a puddle of mud, wearing a silk pajama, her body was delicately outlined and her long legs were her pride and joy, even though she hadn't bathed for several days, she still exuded a strong allure.

The phone ringing, Shen Ling Yao stretched out her hand aimlessly grabbing on the coffee table, really didn't touch, which was only willing to raise her head to open her eyes.

A look is an unfamiliar number, mercilessly hung up, and continued when the mud.

Not too long ago, the ringing sounded again, a face of impatience Shen Lingyao picked up is a scold: "This palace is not a loan not to buy a house, more no car to buy insurance, and then disturb my rest, I follow the signal to kill you believe it."

"Taking gunpowder?" A familiar voice reached the ears.

Shen Lingyao asked in confusion, "Who is it?"

"Han Qianqian."

When Shen Lingyao heard these three words, she was first slightly startled, then she revealed a hostile sneer, before testing Han Qianqian and treating him as face blind, thinking that he wasn't interested in her beauty, but she didn't expect him to call privately.

Sure enough, men didn't have a single good thing.

"It's the fox that always shows its tail, you finally couldn't resist?" Shen Lingyao said coldly.

"I'd like to ask you a favor." Han Qianqian said, he had expected this call to be misunderstood by Shen Lingyao, but after explaining his intentions, he believed he could clear up the misunderstanding.

"Han Three Thousand Years, Yingxia has suffered so much with you, and now you're thinking of her best friend, people like you will be cut by a thousand cuts." Shen Lingyao didn't believe that Han Qianqian's search for her was business, and she definitely changed her mind and wanted to ask her out.

"Don't worry, I'm not the least bit interested in your beauty, and my search for you has to do with Ying Xia," Han Qianli said.

"Something to do with Ying Xia?" Shen Ling Yao thought to herself if she really misunderstood and made a fool of herself, and asked, "What is it you say."

"On the twenty-second, you bring Yingxia to the Pearl Tower, but this matter cannot be made known to her in advance." Han Giangli wanted to give Su Yingxia a surprise, but how the surprise was going to be triggered was a problem, and after thinking about it, she could only let Shen Lingyao come out.

"Twenty-two? And you're going to the Pearl Building, are you crazy, don't you know what's going to happen to the Pearl Building?" Shen Lingyao blew her hair out, now everyone in Cloud City was discussing this matter, and they were also talking about the wedding three years ago, Han Qianli didn't hide away, but actually wanted to put her face up to be beaten.

"The twenty-second is my wedding anniversary with her, and I've prepared a bit of a surprise for her, which is why I asked you to help." Han Giangli said.

"Big brother, even if you're preparing a surprise, can you pick another place, there are so many restaurants, what do you have to go to the Pearl Building for?" Shen Lingyao was speechless, although the Pearl Building had several other fine restaurants besides the Crystal Restaurant, which was indeed the best choice in Cloud City, this time of year was not the best.

"The Rose Restaurant, or the Grand Hyatt?"

"We'll know then, how about you do me this favor and I'll introduce you to the little piano prince?" Han 3,000 said.

Shen Lingyao was stunned for a full three minutes and then went crazy.

Ahhhh screamed a few times before asking Han Qianqian, "Han Qianqian, do you know the little piano prince? You wouldn't lie to me, would you, you thousand-knife killer?"

"I really know them, and I'll introduce you to them if you help me," Han Marchant said.

"Good." Shen Lingyao said without hesitation, "Don't worry, I promise to complete the task, but if you dare to lie to me, I'll make you the last eunuch in Huaxia."

"That's the deal, don't show your face to let her know."

After Han Giangli hung up the phone, Shen Lingyao bounced around on the sofa, finally learning about the little piano prince and having the chance to meet him, the excitement for Shen Lingyao couldn't be herself.

Five days later!

The day of the sensation had finally arrived, at seven o'clock in the evening, the night hadn't fully descended yet, but the Crystal Restaurant was already the brightest star in all of Cloud City.

The nearby streets were filled with surging crowds of people, this night as long as one could see the Crystal Restaurant, the rooms were all full, and these people all wanted to see the Crystal Restaurant's splendor, to see which gentleman was courting to make such a big commotion, and which woman that people envied to death had such an honor.

"Shen Lingyao, what on earth are you doing and making me change into a dress, even if you are a very important friend of yours, you don't need to be so formal, right?" At home, Su Yingxia was dressed in a red dress evening gown, noble and elegant, revealing a charming atmosphere.

Shen Lingyao had done a good job of concealment these past few days, not letting Su Yingxia have the slightest notice.

"Anyway, just listen to me, I'm a friend that will surprise you, and you know oh." Shen Lingyao smiled, excited for Su Yingxia, but also for herself, because after tonight, she would be able to meet the little piano prince, and could meet the god of her dreams.

"I know him too?" Su Yingxia is full of doubts, Shen Ling Yao's friends, she probably knows, but they are all acquaintances, just dinner together, how would wear a dress to meet people?

"Shen Lingyao, tell me the truth, is there something you're hiding from me?" Su Yingxia suddenly looked at Shen Lingyao suspiciously.

Shen Lingyao was so guilty that she didn't dare to look directly into Su Yingxia's eyes, so she dodged and said, "No, how could I hide it from you?"

"What new tricks have you got up your sleeve? We've played pajama parties and beggar parties before, so this won't be a dress party, will it?" Su Yingxia said.

Shen Ling Yao was stunned, then said with a smile on her face, "You little wit, you really can't hide anything from me, wasn't I worried that you wouldn't want to participate? The last beggar party, didn't you vow never to attend my party again."

Su Yingxia glared at Shen Lingyao and said, "Eating rancid leftovers, it's thanks to you to think of it."

Shen Lingyao played along, and after they changed clothes, they finally went out.

The car drove all the way to the basement of the Pearl Building, although Su Yingxia was a little strange how Shen Lingyao would hold the party here, but asking it out seemed like she was a little bit mindful, so she held back from asking.

There was a woman standing in front of the basement elevator, and when she saw the two of them, she stepped forward and asked, "May I ask if this is Miss Su?"

"I am, I am, may I ask?" Su Yingxia asked in confusion.

"Please follow me." The woman said with a smile.

Getting on the elevator, Shen Lingyao thought to herself that although Han Qianqian was a wimp, her small mind was still good, and there was actually someone to receive them.

But when Shen Lingyao watched the woman press the top floor elevator, she panicked and said, "Beauty, did you press the wrong floor?"
