

His True Colors Chapter 161-171

Chapter 161

When Xie Yufu felt the change in Tian Ling'er's expression, her heart panicked, the elders of the family had explained that they had to be patient in every way with Tian Ling'er, because everything in the Xie family was linked to the Tian family, and this girlfriendship of hers could bring great benefits to the Xie family, but it was also a double-edged sword, and if it was not used properly, it would bring trouble to the Xie family.

And Tian Ling'er's attitude would determine the fate of the Xie Family.

"It's better to go together." Xie Yufu said to Han 3000, even though she despised Han 3000 ten thousand times in her heart, she had to accept it, except that she had a date with the boy she loved later, and if he knew that she was having milk tea with this wimp, he would definitely be unable to avoid losing face.

Han Giangli was somewhat appalled by Xie Yufu's sudden change in attitude, it seemed that these two girlfriends, should not be simple girlfriends, but this was not surprising, after all, Tian Ling'er was a member of the Heavenly Family, it was reasonable to be patient with her, this pink dress girl's family should have been able to reap many benefits from the Heavenly Family.

"What have you been doing lately, there has been no news, I heard that even when grandpa asked you out, you didn't show up." Tian Ling'er asked Han Qianqian as if nothing had happened.

Tianchang Sheng had contacted himself? That should have been Han Jun answering the phone, but I guess this apprentice still couldn't figure out why Master was avoiding him.

"Nothing much, just playing around." Han Marchun said.

Played around?

Tian Ling'er's heart tensed up, how could someone as good as Han Qianqian casually go out to play, if she was seduced by the outside warblers, she would lose a lot of money.

"Next time you go to play, take me with you, I also want to go out for a trip." Tian Ling'er said.

Xie Yufu frowned when she heard this, was Tian Ling'er having a brain cramp? Why are you acting so close to this wimp and going on a trip with him!

Could it be that the last rumor was true?

After Tian Changsheng's birthday banquet, there was a lot of speculation in Cloud City about Han Third Thousand.

Those who didn't know Han Third Thousand's identity speculated that he was the future son-in-law of the Tian family.

As for those like Xie Yufu who knew Han Three Thousand's identity clearly, they heard another version that Master Tian valued Han Three Thousand very highly and was going to promote Han Three Thousand in Cloud City.

But even if he really wanted to promote, Tian Ling'er shouldn't act like this ah, no matter how lame Han 3000 was, he was still the son-in-law of the Su family.

"Aren't you still studying? Absenteeism is not something a student should do." Han Giangli smiled.

Tian Ling'er muttered and said, "For me, what's the point of studying, my family is rich, it's not like I need to make money."

Han Qianli smiled helplessly, this was the truth, with the assets of the Heavenly Family, Tian Ling'er wouldn't have to worry about not having money to spend even if she was lying in bed for the rest of her life.

But how could knowledge be measured by money?

But this kind of reasoning, said there is no point, after all, knowledge to change the fate of more can be applied to the poor, and Tian Ling'er such a big sister, learning knowledge, that is, just to enrich themselves, as for changing the fate of the pursuit of a better life, for her is completely unnecessary.

The three of them found a very famous cafe that had Tian Ling'er's favorite milk tea, and she made it clear that she was a regular customer here, and when they arrived, the waiter was warm and welcoming, and even the manager personally showed up and led the three of them to a booth on the second floor.

"Miss Celestial, is it the same as usual for you?" The manager asked to Tian Ling'er.

Tian Ling'er nodded and asked Han Qianqian, "What are you drinking?"

"Ice water it is." Han Qianqiang didn't drink much of the beverage product stuff, ice water was bland and tasteless, but quenching his thirst was something that no beverage could compare to.

The manager sneered internally, where did this guy come out of the mountain cannon, to this kind of high-class shop, but he only drank white water.

But sneer after sneer, the manager who had developed the fire eye crystal still found out what was different about Han 3,000.

Tian Ling'er even asked the man what he drank, but did not ask his lady friend, could it be that this insignificant looking young man was still a big man?

The phone rang after Shepherd had ordered what she wanted to drink.

"I'm going to pick it up." After Xie Yufu said that to Tian Ling'er, she hurriedly went downstairs.

Outside the cafe, a Ferrari was parked at the side of the road, Xie Yufu went straight to the car and looked at the man in the car, her face couldn't hide her happiness, this was the man she had adored for a long time, Kong Wu.

"Kong Wu, go upstairs and rest for a while." Xie Yufu said.

"Didn't you say it's important, hurry up and say it, I have other things to do." Kong Wu said with a look of impatience, although Xie Yufu was a beautiful woman, but the strength of the Xie family and the Kong family were not very different, to Kong Wu Xie Yufu was not an ordinary woman that could be thrown away just by playing around, so he didn't even bother to put thought into Xie Yufu.

All the women that would cause a burden to Kong Wu, he was not interested, after all, he was still young, there were still great flowers to make his way in the world, there were still many beauties waiting for him to spoil, how could he hang himself on a tree.

Xie Yufu didn't mind Confucius' cold attitude in the slightest, because she was already used to it, and most people would become blind when they liked someone, even if Xie Yufu knew that Confucius had a lot of scummy behavior she didn't mind.

"Go rest for a while, Tian Ling'er is also here." Xie Yufu said, that was why she had asked to meet Kong Wu at this time, because she knew that Kong Wu would only give her face if Tian Ling'er was present.

As expected, when he heard that Tian Ling'er was also there, Kong Wu's expression changed, he hadn't thought of having anything to do with Tian Ling'er, nor did he have the guts to do so, after all, Tian Ling'er was only eighteen years old now, and Tian Changsheng was very protective of her, anyone who wanted to get their hands on Tian Ling'er wouldn't have a good end, but the benefits of being able to befriend this Heavenly Princess and become friends with her would be great.

"In that case, I happen to be thirsty as well, let's quench my thirst." Kong Wu stepped out of the car and said.

Xie Yufu was filled with joy, not minding at all that Kong Wu was staying because of Tian Ling'er, but thinking that there was still that wimp Han Qianqian upstairs, Xie Yufu didn't want Kong Wu to think too much, so she had to take precautions.

"There's another person here today, but I don't have anything to do with him, don't worry, I'm meeting him for the first time as well," Xie Yufu said.

"Who?" Kong Wu was curious.

"Just a wimp, you should have heard of his name, but you definitely haven't seen him, how could such a person be qualified to meet with you." Xie Yufu said disdainfully, so what if he was valued by Tianchang Sheng, in Xie Yufu's eyes, he still only considered Han Marchan as a wimp, because there were too many wimps in Cloud City about Han Marchan, this stereotype was not something that could be erased by just one thing.

"Wimps?" Kong Wu wondered, Cloud City's wimp, was it him?

"Let's go, why do you care about this wimp, just pretend he doesn't exist." Xie Yufu took the initiative to hold Kong Wu's hand, her face overflowing with happiness.

The last time Kong Wu was in the Genting Mountain villa area, he had been saved by Han Qianqian once, if it wasn't for Han Qianqian's presence, the property management department of the Genting Mountain villa area would have already found trouble with the Kong family, maybe the Kong family would have been finished because of this matter, so in Kong Wu's heart, he was very grateful to Han Qianqian. As for how loud his name as a wimp in Cloud City was, Kong Wu didn't think it mattered.

There was no telling if these hollow things were true or not, but it was true that Han Qianqian had saved him.

After following Xie Yufu into the cafe, Kong Wu couldn't help but ask, "The person you're talking about, it can't be Han Three Thousand, right?"

Xie Yufu covered her mouth and laughed lightly, saying, "In the entire Cloud City, outside of him, who else could have such a great reputation?"

Kong Wu's expression was startled, it really is Han Qianqian, long wanted to find a chance to thank him, did not expect to meet today in this situation, unconsciously accelerated the pace.

Xie Yufu sneered in her heart, Han Qianqian that wimp can sit at the same table with Kong Wu to drink milk tea, can be considered three lifetimes of luck.

But when Kong Wu went upstairs, Xie Yufu was stunned and couldn't believe it.

Chapter 162

"Han, I didn't expect it to really be you, I've been trying to find a chance to thank you properly for what happened last time." When Kong Wu saw Han Qianqian, he enthusiastically quickened his steps and walked over, while also shrugging off Xie Yufu's hand.

Xie Yufu was at a loss for words, if Tian Ling'er was nice to this wimp because Tian Changsheng valued him, what was Kong Wu doing it for? Did even someone as good as Kong Wu need to suck up to Han Qianqian?

Tian Changsheng's influence was indeed strong enough to cause such a big reaction just with his words.

If even Kong Wu was like this, I'm afraid that everyone in Yun Cheng's life would go and suck up to this wimp.

Xie Yufu was very unbalanced, why should such a loser be able to turn over a salty fish because of a word from Tian Changsheng, but she had to carefully serve Tian Ling'er and also pretend to be a very good girlfriend.

In fact, in her heart, she hid a lot of dissatisfaction towards Tian Ling'er, but she just didn't dare to vent it out.

"I didn't expect it to be you." Han Giangli looked surprised, having not seen Kong Wu since the last time she had a chance encounter with him, she actually managed to run into him on this occasion, and looking at Xie Yifu's attitude, she seemed to like Kong Wu a lot.

"I didn't expect it either, Miss Tian, I'm inviting Han to dinner tonight, you should come along too." Kong Wu said.

Tian Ling'er was constantly thinking of some reason to be able to ask Han Qianqian out, but she didn't expect that Kong Wu had actually helped her accomplish this, so she was naturally happy, and her goodwill towards Kong Wu had increased by a few points.

"Fine, I want to eat well." Tian Ling'er smiled.

"No problem, how can you be shabby when you invite Miss Tian Ling'er to eat." Kong Wu smiled.

In Xie Yuefu's eyes, Han Three Thousand was the one who should be the outsider, but the current situation was clearly her being ostracized, listening to the three of them chat, no one would respond to her even if they forcefully interjected a word or two, which made Xie Yuefu somehow bear a grudge against Han Three Thousand.

If it wasn't for Han Qianqian, Kong Wu wouldn't have ignored him, and neither would Tian Ling'er, it was because of this wimp that she became transparent on this occasion.

After drinking milk tea, Han Three thousand looked at the time, Su Yingxia should be off work, so he called ahead to report that he would not be home for dinner tonight, the hospitality was hard to refuse, Kong Wu to be grateful to him, he was too embarrassed to refuse, and for Han Three thousand, these young people in Cloud City is worth befriending, after all, these young people are the real economic pillar in the future.

Dinner was at a very hot hotpot restaurant, to eat here you had to reserve a place a week in advance, but with Kong Wu here, it was no problem to easily get a reserved box at the hotpot restaurant.

And when the owner of the hotpot restaurant learned that Tian Ling'er was also there, he personally went to the box to say hello and placed the manager at the door of the box, ready to do whatever he was told.

Han 3000 does not drink, Kong Wu simply served drinks and pushed the cups to chat, but they were very everyday things, and did not involve Han 3000's personal matters, this is Kong Wu's cleverness, although he knew that Han 3000 is not simple, and his heart also has a lot of curiosity about Han 3000, but no matter how much curiosity must be suppressed, and if you become friends with Han 3000, you will have the opportunity to slowly know these things. And once it caused Han 3000's resentment, not to mention not being friends, if it turned into an enemy, this would be a big loss.

"I'm going to use the bathroom." During the meal, Xie Yufu, who couldn't interrupt, could only find an excuse to go out for some air.

Walking out of the compartment door, Xie Yufu's expression became much colder as she was completely excluded from this circle, she had thought that she would take this opportunity today to ask Kong Wu out and be able to get in touch with her feelings, but now that it was all ruined by Han Qianli, she was very unhappy.

Xie Yufu, who came out of the bathroom, just happened to bump into a man who was drinking and floating on his feet, looking quite drunk, a plan on her mind, Xie Yufu's face showed a smile.

Walking up to that man, she deliberately rubbed her body against the other, and then she turned pale and slapped that man in the face, saying in panic, "Why are you touching me?"

The man was dizzy from drinking, and didn't know what was going on when he received a slap, but looked up and saw that Xie Yufu looked good and was dressed sexily, and said with a smile, "Beauty, how much for one night, stay with me tonight, I'll make you feel good."

This made the smile on Xie Yuefu's face even stronger, but quickly covered it up, getting more and more frightened, and said, "You're farting, I'm not this kind of person, apologize to me, or else I won't let you off today."

"Apologize, there aren't many who can make me apologize, Cloud City."The man said with a smile, completely ignoring Xie Yuef's threat.

The biased upside-down walked in front of Xie Yuefu, blocking her way, and continued, "You were the one who slapped me just now, not bad, I like your fierce nature, I wonder if you're also this rigid in bed."

After saying this, the man pulled Xie Yufu's hand.

At this time Xie Yufu truly panicked, she shrugged it off and said, "Don't mess with me, I'm Kong Wu's girlfriend, do you know what kind of person he is?"

This was Xie Yufu's plan, to give Kong Wu the chance to heroically save her, so that she could show her weakness in front of Kong Wu, if Kong Wu could be compassionate, so much the better.

"Kong Wu?What the f*ck, I've never heard of it, you fucking hit me, and if you don't stay with me tonight, this isn't over."The man said.

At this time, Han Qianqian who came to use the bathroom happened to run into this scene, the man who stopped Xie Yifu was a bit familiar, like he had seen her somewhere before.

"Is everything alright?"Han Qianqian stepped forward and asked.

The opportunity Xie Yufu created was for Kong Wu, not for Han Qianqian to mess up, and said in a cold voice, "What does it have to do with you, get out of my way and don't mind your own business."

When Xie Yufu said this, she didn't see that the drunken man looked halfway sober, obviously because she saw Han Qianqian.

"Fine, you guys go on." Han Qianli shrugged his shoulders indifferently and walked into the bathroom.

The man was relieved when he heard this, the reason why he was so scared to see Han Qianli was because he was one of Mo Yang's men and was afraid of offending Brother 3000's woman, but now it seemed that instead, this woman had a problem with Brother 3000 ah, in that case, all the more reason not to let her go.

"Beauty, you but you really don't know how to cherish the opportunity." The man said.

Xie Yufu didn't know what stupid thing she had done, but she was counting on Kong Wu to save her, and said, "Wait here, I'll have my boyfriend come over."

"Okay, I'll wait for you."

Xie Yufu called Kong Wu and said that she was having some trouble.

Kong Wu was in the way of his relationship with the Xie family, so he had no choice but to show up.

The person was there, but after Kong Wu saw that person, he wanted to slap Xie Yufu a few times, Kong Wu's father had met with Mo Yang only a few days ago, he was there and saw this man of Mo Yang's, this frakking woman, did she even offend Mo Yang's people?

The Kong family's status in Cloud City wasn't low, they even lived in the villa area of Genting Mountain, but their family was a mall after all, if they went against someone in the grey area like Mo Yang, you could imagine what would happen.

And nowadays, Mo Yang's momentum was very strong, no one in the entire Cloud City could be his opponent, but Kong Wu's father wanted to get on good terms with Mo Yang.

"Kong Wu, this rascal molested me, you quickly take revenge for me." Xie Yufu eagerly said to Kong Wu, acting like a soft and weak person.

"Your boyfriend, it turns out he's Young Master Kong."

"Hmph, now you know how powerful he is, you'd better kneel down and apologize to me today." Xie Yufu said proudly.

"What's going on?" After Kong Wu approached, he asked the man.

"Young Master Kong, your girlfriend slapped me for no reason, and even accused me of molesting her, what do you think we should do about this?" The man sneered, if it weren't for that interlude just now, he would have let it go, after all, he still had to give Kong Wu some face, but just now Xie Yufu was so rude to Han Qianli and told Han Qianli to fuck off, could this matter be resolved?

"You're farting, it was obviously you who molested me first, before I hit you, what do you mean no reason." Xie Yufu cried out in aggravation, pulling Kong Wu's hand and saying pear-shaped, "Kong Wu, help me take revenge, this shameless thing just touched my ass."

Chapter 163

Kong Wu shook off Xie Yufu's hand and said in a cold voice, "She's not my girlfriend, and today's matter has nothing to do with me."

Xie Yufu's face went pale when she heard this, deliberately creating the opportunity for Kong Wu to heroically save her, she didn't expect him to be so desperate!

"Kongwu, what do you mean, I've liked you for so long, are you that heartless?" Xie Yifu gritted her teeth and said.

"Xie Yufu, you're on your own, this brother is one of Boss Mo's men, you'd better call your father quickly and let him settle this matter, with luck, your father will save you, with bad luck, you'll pay with your flesh today." Kong Wu said.

Xie Yifu was stunned, this man, was one of Mo Yang's men!

She's just a random scapegoat, but she's messing with Mo Yang!

Even if her father had to be polite when he saw Mo Yang, what would be the consequences of wronging Mo Yang's men like this?

"You're out today, little girl, you didn't read the yellow calendar, did you?" The man said with a smile.

Xie Yufu's legs and feet were weak, and she regretted a lot, how could, how could she have messed with Mo Yang's people? She was just looking for someone to let Kong Wu perform, just to show Kong Wu that she was a weak woman in need of protection!

"I'm sorry, I'm sorry, I didn't mean it." Xie Yufu apologized to the man.

At this time, Han Qianli, who had gone to the toilet, came out, and the man saw Han Qianli and unconsciously straightened his back.

As she passed by, Xie Yufu suddenly grabbed Han Qianqian's hand, he had such a good relationship with Tianchang Sheng, he was sure he could save himself.

"Han Qianqian, help me, aren't you familiar with Tianchang Sheng? Let Master Tian say something for me, okay." Xie Yufu said in panic.

Han Giangli frowned and laughed lightly, "You told me to roll just now, did you forget so quickly?"

"I'm sorry, I was wrong, I shouldn't have let you get away." Xie Yufu knew how much trouble she had caused, if her father knew about this, he would definitely split her head and scold her, Kongwu couldn't save her, but Han Giang could, so even apologizing to Han Giang didn't matter.

"I helped you out." Han Marchan said indifferently, shaking Xie Yufu's hand and walking towards the box.

With a desperate face, Xie Yufu knelt down to the man and said, "Please, let me go, I didn't do it on purpose, I can give you money, please."

The man sneered and thought to himself that offending Brother 3000 could be solved with money?

Pulling on Xie Yufu's hair, he pulled back to his compartment.

Mo Yang and Lin Yong were in the compartment, and when they saw the man bring back a woman, they asked in confusion, "What are you doing?"

That person went to Mo Yang's side and explained the situation in his ear, Mo Yang this kind of human essence, the first time he guessed what Xie Yufu wanted, but she asked for help to find the wrong person, and also herself to miss the opportunity in vain.

Letting Han 3000 roll, the nerve is really not small ah.

"Let your father come, you little girl, if you want to use the brothers under my command, you have to pay a price anyway." Mo Yang said.

In the other compartment, Tian Ling'er saw that Xie Yufu was late and asked curiously, "Where is Xie Yufu, where did she go?"

"Miss Tian, Xie Yufu has offended Mo Yang's people." Kong Wu said.

"Mo Yang? What did she do?" Tian Ling'er was puzzled.

Kong Wu explained the situation to Tian Ling'er, and Tian Ling'er didn't have any sympathy for Xie Yuef's downfall after hearing that, she knew exactly how heavy her best friend's heart was, if it was just a trick to get Kong Wu to heroically save her, she could step in and put in a few good words for Xie Yuef, after all, she was a member of the Tian family, and Mo Yang would definitely give face.

But Xie Yufu had even told Han Qianqian to roll, that didn't deserve her half a bit of sympathy.

"Kong Wu, she's spent no time for you, but aren't you half-hearted?" Tian Ling'er said with a smile.

Kong Wu shook his head very decisively, he hadn't had a good feeling before, and now it was even less likely that he would be able to speak for Xie Yufu, this woman, not only had she offended Mo Yang, she had also offended Han Qianqian, and offending Han Qianqian could mean offending the Tian family ah, it was all a chain effect.

"Miss Tian, this kind of scheming woman won't have a good outcome even if she marries home." Kong Wu said.

Tian Ling'er nodded and said, "Eat and eat, stay away from her in the future, so as not to be counted out."

At this time, Xie Yufu could be described as desperate to the extreme, she never thought that the situation would develop to such a serious point, and she also never thought that the reason it would be so serious was because she had told Han Qiannian to roll.

It wasn't long before Xie Yufu's father, Xie Jingyan, arrived sweating profusely.

When Xie Jingyan saw the two of them, Mo Yang and Lin Yong, he didn't ask what exactly had happened and just scolded Xie Yufu.

"What have you done to offend Boss Mo, and you're still not kneeling down to apologize to him?" Xie Jingyan raged.

The Tian family was a giant in the business world of Cloud City, while Mo Yang was a big figure in the grey area of Cloud City, with Xie's ability, even if he had a relationship with the Tian family, he wouldn't dare to offend easily, after all, he wasn't qualified to have the Tian family stand up for Xie's family.

Mo Yang put down his chopsticks, poured a bowl full of white wine for Xie Jinyin and said, "Thirsty, quench your thirst first."

Xie Jingyan could not wait to slap Xie Yifu to death, he would definitely have to go to the hospital after this bowl of wine, but if he didn't drink it, the hospital wouldn't be able to escape.

After drinking a whole bowl of liquor with a hard scalp, Xie Jingyan still had to pay for the smile, and said to Mo Yang, "Boss Mo, the little girl is ignorant, and has done something wrong, please be generous, what do you want, I will make you satisfied."

Mo Yang smiled coldly, poured another whole bowl full of wine, and said, "Xie Jingyan, you mean, I'm going to intentionally blackmail you?"

Xie Jin Yan was numb and quickly said, "Boss Mo, you misunderstood, misunderstood, I didn't mean it."

"Then what did you mean?" Mo Yang looked at the wine and smiled.

Xie Jingyan had a bitter expression, a bowl of wine had just gone down, it was like a fire was burning in his throat and stomach, but this bowl, still had to be drunk ah.

Another mouthful finished off, Xie Jingyan felt like she could breathe fire, and quickly said, "Thank you, Boss Mo for the good wine, I really can't drink it."

"This woman, there are quite a few little tricks, she looks smart, but she is actually looking for her own death, she will be more disciplined in the future, next time she won't have such good luck." Mo Yang said.

Xie Jingyan let out a sigh of relief and said, "Boss Mo is right, don't worry, I'll be strict with her."

After leaving the box, Xie Jingyan hurried to the toilet to induce vomiting, which made her feel better.

Xie Yufu was waiting for Xie Jingyan at the entrance of the hotpot restaurant, she knew that going back would definitely not save her from being scolded, in her heart, the person who caused this result was Han Qianqian, if it wasn't for him, she wouldn't have been ignored and wouldn't have offended Mo Yang's men.

"Han Qianxiang, wait for me, don't think that with Tianchang Sheng looking out for you, I won't be able to deal with you, I'll make you regret it." Xie Yifu said through gritted teeth.

After the three of them had eaten and drank their fill and walked out of the hotpot restaurant, Kong Wu disappeared of his own accord, whether or not Han 3000 would develop any relationship with Tian Ling'er he didn't know, but he could feel Tian Ling'er's special attitude towards Han 3000, if he continued to be a light bulb, he might ruin the goodwill Tian Ling'er had built up towards him, Kong Wu was still very smart in this regard.

"Send me home?" Tian Ling'er asked Han Qianqian.

"No time, go back on your own." Han Qianqian said and walked away on his own.

Tian Ling'er stayed where she was, this guy, doesn't he know any gentlemanly manners at all? With a beautiful woman like her, there was no telling how many people would want such an opportunity, but the opportunity was in front of Han Three Thousand, and he didn't even know how to cherish it.

"Han Qianxiang, do you know what a gentleman is." After Tian Ling'er caught up to Han Qianqian, she gritted her teeth and said.

"Little girl, I'm already married, so it's not a good thing if you fall for me." Han Qianli smiled.

This statement made Tian Ling'er blush red in the face, her current state of mind was indeed somewhat fond of Han Three Thousand, as Han Three Thousand showed unusual excellence in every aspect, and in her opinion, Han Three Thousand was almost the perfect Prince Charming, the only beauty was that he was married.

But Tian Ling'er didn't care about that, and said to Han 3000, "I'll only make others fall in love with me, how can I love others easily."

"Go home, don't send me away."

Tian Ling'er's face was livid, and she kept shaking her fist at Han Three Thousand's back, eventually dropping her head again as she let out her anger.

Chapter 164

Family Day Day.

Han Qianqiang woke up very early to wash up, the last time he was kicked out of the Su family villa due to the old lady's death, by all rights, he wasn't qualified to go to this family day, but Jiang Lan didn't dare to talk nonsense in front of Han Qianqiang now, so even if she saw that Han Qianqiang was preparing to go to the family day, she was just watching.

Thinking of Nangong Qianqiu hanging in the living room that day, Jiang Lan was still very scared to this day, and although she didn't value this wimp son-in-law of hers, she didn't dare to underestimate him anymore.

"Are you going too?" Su Yingxia asked Han Qianqian.

"I ran into Su Haichao two days ago, and he said he'd let me go, so I'll go and make it happen." Han Qianli said with a smile, today Shi Jing will appear, and will make Su Yehan spit out all the bride-price then, this kind of good show, there is a chance to go see, how would Han Qianli miss it.

Su Yingxia frowned, Su Hechao is this a sex change, why would he let Han 3000 go?

At this time, Jiang Lan couldn't help but ask Han Qianli, "Han Qianli, today, do you really want Su Yeh Han to spit out all the bride-price?"

"Of course, but looking at how prosperous she's been lately, I don't know how much is left." Han Marchiang said, Su Yeh Han took the money, but she was in a state of spending money like water, more than eight million, I guess there isn't much left, after all, the luxuries she bought were expensive.

Jiang Lan can't wait to go to the Su family villa to watch this good show, although this appointment gift will not fall into Su Yingxia's hands, but it's better than Su Yehan taking it ah.

And today, only the Su family would know who this bride-price was for.

"Mom, don't talk nonsense after you go there." Su Yingxia seemed to have guessed what Jiang Lan wanted and reminded her.

"What do you mean?" Jiang Lan was puzzled.

Su Yingxia looked at Han Qianqian and said to Jiang Lan, "You can't say that this hiring gift was originally given to me."

"Why?" Jiang Lan directly jumped to her feet, this is a matter of earning face for Su Yingxia, why can't she say it?

"Don't say it if I tell you not to, there's no why." Su Yingxia glared at Jiang Lan.

Jiang Lan carefully looked at Han Giang, was it because he didn't want to expose this matter?

In the past, Jiang Lan would have dared to follow her own wishes unforgivingly, but now, she had to consider Han Giang's wishes, and if he didn't want to, she really couldn't say anything.

"Listen to Ying Xia." Han three thousand said, whether his current identity would have any impact after it was exposed Han three thousand wasn't sure, but since it had taken three years to build his image it would be a pity if it was ruined like that.

More importantly, Han 3000 liked to control everything in the dark.

Jiang Lan sighed in her heart, such a long face-saving thing, but she couldn't even say it, isn't this a missed opportunity to pretend?

Han Qianqiang drove to the Su family villa.

The relatives in the villa hadn't all come yet, but Su Yeh Han was an early arrival and was showing off the designer clothes on her body with her peers.

"This skirt of mine, but the joint limited edition, now money can't even buy, but it cost me tens of thousands of dollars."

"And this watch, do you know how much it costs?Over eight hundred thousand, you won't be able to afford it in this lifetime."

"I also recently fell in love with a necklace that also costs over three hundred thousand, but unfortunately it hasn't arrived yet, I can't wait any longer."

Listening to Su Yeh Han's flaunting words, those people were smiling and agreeing on the surface, but their hearts were very unhappy, if it wasn't for Su Haichao giving her the bride-price, how could she have such a good life.

Now in the hearts of a few people, they were eager for Han Qianqian's original words to come true and deal a fierce blow to Su Yehan's sharpness.

When Su Yingxia's family arrived at the villa, Su Yehan's expression was instantly unpleasant when she saw Han Qianqian.

"Han Three Thousand, what are you doing here, this villa, you are no longer qualified to enter, have you forgotten?"Su Yehan said to Han Qianqiang in a high and mighty voice.

"Su Haichao told me to come, of course I can come."Han Giang said with a smile, the higher Su Yeh Han flew, the worse she would fall, and not until she had the heart to show off now, and how she would feel when Shi Jing showed up.

"Oh."Su Yehan snickered, she had already agreed with Su Hachao not to let Han Marchant attend the family day, how could it be that Su Hachao had asked him to come.

Turning to Su Yingxia, she said, "Su Yingxia, this wimp doesn't have the qualifications to be in the Su family, you wouldn't have forgotten about it, would you?Or do you think you can ignore Hai Chao by virtue of your position as the person in charge of the west side of the city and having to bring him here?"

Su Yingxia's current state with Su Haichao was considered well water, and she would not interfere in Su Haichao's matters regarding the west side of the city project.

"Su Yehan, whether he can come or not is not for you to decide, you might as well ask Su Hachao."Su Yingxia coldly said.

"Fine, just ask and see who he'll listen to." Su Yehan looked proud, now how would Su Hachao dare to offend her, she would marry into the Han family in the future, Su Hachao was still waiting for the Han family's investment, how could she be offended by Han Qianqian, a wimp?

Su Hachao in his room, there is actually nothing to do, just like the old lady's, deliberately show up late, put up a full row, this is the Su family's common disease, a small family, numerous rules, they treat themselves as a famous family, always feel that they will be superior, doing meaningless things, self-consciousness is still very good.

Not long after, after Su Haichao appeared, Su Yehan came to the side and said, "Haichao, this wimp, saying that you let him come to the family day, is it true?"

Su Haichao dug his ears and said with a smile, "Yehan, do you believe everything he says? How could I let him come to the family day, he's the murderer who killed grandma."

Hearing this, Su Yihan laughed proudly and scoffed, "Han Qianli, why can you be so brazen, does it make sense to tell such lies?"

With a light smile on her face, Han Qianli said to Su Hae Chao, "Do you enjoy playing this retarded game and find it interesting?"

Su Haichao was now the chairman of the Su Family, so he forcefully put on a superior air and said calmly, "Playing with a wimp like you is too cheap, and you have no qualifications, I'm just teasing you, how about it, isn't this feeling unpleasant, being played with, and you still can't do anything about it, very unconvinced, right?"

Han Giangli shook his head helplessly, toying with the idea? As long as he was willing, trash like Su Haichao would be worse than dead in minutes, even the Su family could go bankrupt overnight, and I don't know where Su Haichao got his sense of superiority.

"Since I'm the one who misunderstood your meaning, then I'll just go out." Han Qianqian said.

Jiang Lan used to think of Han Third Thousand as a wimp, so in the past, Han Third Thousand's forbearance was the right thing to do in her eyes as a wimp.

But now that she knew that Han Three Thousand was clearly not such a person, she didn't understand why Han Three Thousand continued to swallow his pride.

Did a grown man not even want to lose face?

"Han 3,000, don't leave." Lan Jiang spoke up.

"Aunt Jiang, is there a place for you to talk here? Are you still qualified to let him stay, don't you forget that I'm the chairman of the Su Family now." Su Haichao said in a cold voice.

Su Yingxia pulled Jiang Lan's hand, what Han Giang was unwilling to do, she was even more unqualified to do.

"Mom, think about our living room." Su Yingxia said in a low voice.

The living room!

Thinking of these two words, Jiang Lan felt a chill come over her and couldn't help but shiver, then lowered her head and didn't dare to say another word.

"Han Qianqian, hurry up and get lost, don't delay our Su family's family day." Su Haichao said in a cold voice.

Han Qianqian walked out of the villa without saying a word.

Su Hachao smiled proudly, this feeling of ravaging Han Three Thousand's dignity was so refreshing, next time, we must find a public occasion to let outsiders also know how much of a wimp Han Three Thousand really is.

Even if he was valued by Tianchang Sheng, he was just a humble wretch in the Su family.

"Su Yingxia, I really feel sorry for you, finding such a wimp as a husband, unlike me, my future husband is a rich and powerful family." Su Yehan scoffed.

Chapter 165

Hearing Su Yehan's words, Su Yingxia sneered more than a little and said, "You're not going to run out of money already, are you?"

"So what if it's all spent, do I need you to worry about it? Don't be funny, you, the head of the west side of the city, is nothing in my eyes." Su Yeh Han said with a smile, she didn't feel bad at all about spending money lately and had no qualms about it because the Han family would show up sooner or later, and she would marry sooner or later, so spending just a few million now was nothing.

"The life of a rich man like me, you don't understand even if I say so, so you'd better honestly work for the Su family."

"I hope you can get your wish, good luck." Su Yingxia said.

"Yawn." Su Yeh Han sneered out and said, "Forget about your false blessing, I know you envy me in your heart, so why hide it, anyone with clear eyes can see it."

"En, I do envy you quite a bit, I can't afford to wear so many name brands." Su Yingxia said.

Seeing that Su Yingxia was soft and also showed envy towards herself, Su Yehan became even more proud, deliberately stretched out her hand, showed the gold bracelet and said, "Although the bracelet is not worth a few dollars, but this is a gift from a noble family, the meaning is different, don't worry, if you can't wear a famous brand in the future, you can come to my house to pick up the ones I don't want, although I have worn them, they are all A big brand, the kind you can never afford in your life."

"Your good intentions, I appreciate it."

Family Day was just a dinner party, and after there was no old lady, the taste of the dinner party became even more different, in addition to Su Yeh Han showing off, there was also Su Hai Chao pretending to talk about the future development of the Su family, and also said that in the future Su Yeh Han would let the Han family invest in the Su family, but it made a bunch of relatives happy.

The more the Su family develops, the more benefits they can get, so these relatives not only befriended Su Haichao, but also Su Yehan, and as for Su Yingxia, the unpopular head of the west side of the city, they were completely treated like transparent people.

When it was almost lunch time, a group of people came to the villa, walking right in the middle of the noble woman with a cold temperament, although the crowd did not know, but the person next to her, the Su family have seen.

He was the one who showed up with the eye-popping bride-price and blew up the Su family in the first place.

Today he appeared again, could it be that the Han family had finally come?

Looking at the noble temperament of this noble woman, she must be from a famous family, could it be that she was an elder of the Han family?

The agitated Su Yihan subconsciously took out her makeup mirror to look at herself, this woman, most likely the future mother-in-law, she has to leave a good impression!

"Excuse me, are you"As the head of the Su family, Su Hachao calmly stood up and asked.

The person who came was naturally Shi Jing, after hearing Su Haichao's words, he said indifferently, "You don't need to know who I am, all you need to know is that the bride-price, I had someone send it to you."

Although Su Haichao guessed, but when Shi Jing said these words, he still couldn't help but be moved, the Han family that had waited for so long finally showed up.

If Su Ye-han could marry into the Han family, he could have the Han family invest in the Su family earlier, and as long as there was this kind of investment from the giants, he would be able to ignore the west side of the city project, at that time, Su Yingxia's position in the Su family would be something he could kick out if he wanted to.

"Please sit down please sit down."Su Hechao greeted in succession.

Su Yehan also couldn't wait to introduce herself and said to Shi Jing, "I am Su Yehan, may I ask if you are my future mother-in-law?"

These words made Su Yingxia couldn't help but laugh out loud, this Su Yehan could be really brazen ah, actually saying such words!Where did she get the confidence to be so sure that the bride-price was given to her, and it was called Granny Shi Jing, it was laughable.

"No need, where's the bride-price I sent in the first place?"Shi Jing didn't even look at Su Yihan, and asked Su Haichao.

"I've already handed it over to Shi Jing, don't worry, I definitely didn't steal a single point."Su Haichao said.

"You?"Only then did Shi Jing look at Su Yehan and said, "Where's the bride price?"

"Granny, I'm bringing it with me, the things you gave me, I take care of them every day."Su Yeh Han said with a smile.

"Mother-in-law?"Shi Jing laughed coldly and said, "I'm not your mother-in-law, I'm here today to get back my bride price."

Boom

This sentence was like a thunderbolt in Su Yihan's ears.

Take back the bride price!

How come? Why take it back when it's so good?

Cash Su Yeh Han had already spent almost all of it, and spent it in peace, because she decided that these bridal gifts were hers, this time but experienced the life of a landowner, and now she was asked to take it out, where would she get it.

"Mother-in-law, don't joke with me, although I don't know who your son is, but I'm definitely willing to marry him."Su Yeh Han said.

"You're willing to marry him, but he can't look down on you, how can a mediocre person like you get into my son's eyes."Shi Jing said faintly.

Su Yehan's body shook and directly fell to the ground.

This period of time, but she was dreaming of spring and autumn every day, dreaming of marrying into a rich family, dreaming of having a luxurious life, and she even thought that after she married into the Han family, even her chopsticks would have to be studded with diamonds, and these dreams, like bubbles, were instantly shattered!

"Is there some kind of misunderstanding at this"?Su Haichao asked, puzzled, how could he suddenly withdraw the bride-price for a good reason?

"A misunderstanding?The bride-price was never meant for her in the first place, so how could it be a misunderstanding, it's just that you guys are thinking too much."Shi Jing said.

"But but the bride-price is for the Su family, it's also for the Su family, if it's not Su Yehan, who else could it be?" Su Hai Chao startled, the family's senior, is the most beautiful Su Yi Han, if her son can not even look at Su Yi Han, much less look at others ah!

"All you need to know is that I want my bride-price back, and that you should pay it back in full, but as for the rest, are you in a position to ask?" Shi Jing said in an imposing manner.

Su Haichao gritted his teeth, although he knew that the other party was very powerful, but the Su family was not a soft persimmon to be manipulated, not to mention that the bride-price had been given, how could it be withdrawn again for no reason?

"You have to give me an explanation," Su Hachao said.

"An explanation?" Shi Jing laughed disdainfully and said, "What kind of a thing are you that you still want me to give you an explanation?"

Su Hachao's face sank, he was now the chairman of the Su Family, how could he be insulted like this.

The other Su family relatives were also very upset when they heard this, to make Su Hachao lose face was to make the entire Su family lose face.

"What are you again, coming to our Su family to flaunt your power."

"Go to Cloud City and inquire about the Su Family, we are not vegetarians."

"Don't think that having a few stinking dollars is great, this is Cloud City, not your territory."

A group of relatives were outraged, and they all looked at Shi Jing angrily.

Shi Jing was the Han family's daughter-in-law, and in the face of this situation, not only was she not weak, but she exuded an even more powerful presence.

What did it mean to be a superior?

Su Haichao's faked momentum was completely different from Shi Jing's.

"You mean, the bride-price is not going to be returned to me?" Shi Jing said indifferently.

"Give me a reason that satisfies me, it's not that I can't give it to you, this amount of money, my Su family didn't put it in my eyes." Su Haichao said.

"I'll make you very satisfied." Shi Jing said and took out the phone.

In less than half an hour's time, the several brothers of the Tian family, all drove to the Su villa.

Seeing this battle, Su Haichao was filled with cold sweat for a moment, what kind of immortal big shot is this woman, a phone call, actually called everyone from the Tian family here! This is a f*cking joke!

Those relatives who had just shouted at Shi Jing were also so scared that they lowered their heads and didn't even dare to breathe.

They had thought that they could put pressure on Shi Jing by virtue of the fact that this was Cloud City, but she had called, directly calling the most powerful person in Cloud City!

The Heavenly Family, this was the Heavenly Family, the Su Family was just an ant in front of the Heavenly Family.

"How about it, are you still satisfied with this reason?" Shi Jing asked to Su Hae Chao.

Su Haichao had been scared to death, while Su Yehan, who was sitting on the floor, had completely lost the ability to think.

It didn't matter if her beautiful dreams were shattered, but she had already spent most of the money, so what could she take out now that she was asked to?

Chapter 166

Wiping off the sweat from his forehead, Su Haichao didn't dare to have any more arrogance in front of Shi Jing, what kind of bullshit is the chairman of the Su Family, this woman in front of him casually called the Tian Family, what other qualifications does he have to be high and mighty in front of her.

"Su Yehan, immediately have someone bring the bride-price." Su Haichao said to Su Yehan, such a big row, if you don't spit out the bride-price today, you definitely can't be good, do you still need a reason at this time? Her strength was the strongest reason to overwhelm the Su family.

Su Yeh Han's desperate face was bloodless, the golden jade could be taken out, but the cash, she had already spent almost all of it, where could she get it?

"Haichao, help me." Su Yehan to Su Hai Chao begged for help.

Su Haichao knew that Su Yehan had recently spent a lot of money, her body was full of brand names from head to toe, but it wasn't enough to spend all of the eight million, even he couldn't plug such a big hole ah.

And now that Su Ye-han can't marry into the Han family, it's no longer of any use to him.

"You're not going to spend all the money, right." Su Haichao said through gritted teeth.

Su Yeh Han shook her head in panic and said, "No, there's still, there's still more than a million left."

More than a million!

In other words, Su Yeh Han had spent over seven million in a short period of time! This loser b*tch is really swell enough, what kind of bottom line does she have, what qualifications does she have to spend money like this.

"I don't care if you sell your family property or your company, if the money is one point less, the Su family won't have to stay in Yun City." Shi Jing said indifferently.

Su Haichao's heart sank, her words, no need to be doubtful, because now the Heavenly Family had come forward for her, if the Heavenly Family were to target the Su Family, the Su Family would not be able to have a foothold in Cloud City.

But more than seven million, where would they find it at once?

"Su Yeh Han, why did you spend so much money, isn't this going to kill our Su family?"

"You're such a loser, that's over seven million."

"Hurry up and go sell everything you bought and sell the house too, but you can't get us involved."

The Su family was a big family, but the scenes of each flying in the face of disaster had happened more than once, so it wasn't surprising that at the moment Su family relatives were blaming Su Yehan, they all relied on the Su family to survive, if the Su family was implicated, the whole family would be finished.

Su Yeh Han's previous confidence was shattered to the ground, she never dreamed that this day would actually come, but she was actually told by that ravenous mouth of Han Qianqian.

"It's Han Qianqian, it's Han Qianqian who cursed me, what does it have to do with me." Su Yeh Han was like a madman, shifting all the blame onto Han Qianqian.

Su Hachao didn't believe in the curse set, it could only be said that it was just misrepresented by Han 3000, it was very likely that what people in the Han family valued in the first place was indeed not Su Yehan, it was just that she thought so.

As for why the Han family wants to withdraw the bride-price, Su Hachao no longer has the heart to care, now to take out all the bride-price and solve this matter is the most important.

"Give me a day's time, I will definitely return the bride-price in full." Su Haichao said to Shi Jing.

He didn't want to help Su Yehan, but the current situation was a necessity, because if he couldn't get the money, the entire Su family would be finished.

"Okay, I'll give you one day, now tomorrow, to deliver the bride-price to Su Yingxia's house." Shi Jing said.

Su Yingxia!

How could it be Su Yingxia's house?

"What's going on, why is the bride-price going to Su Yingxia?"

"No way, doesn't she know that Su Yingxia is already married?"

"This woman, how can she have such good luck, is she going to divorce that trash Han Qianli?"

The Su family's relatives whispered with startled expressions, unable to figure out why Shi Jing would do this.

Su Haichao was also surprised, why would he give Su Yingxia so much money.

"Don't you know that Su Yingxia is already married?" Su Haichao asked.

"The gifts that my Han family gave, I don't care to take them back, so I found someone who is pleasing to the eye and gave them to you, do you have a problem with that?" Shi Jing said.

Nima!

Is that money toughness? It's worth ten million, so it's too cheap to give it to Su Yingxia just because it's pleasing to her eyes!

Su Yehan was even more unhappy in her heart, in her eyes, what was supposed to belong to her was now snatched away by Su Yingxia.

"What makes Su Yingxia, am I not prettier than her? And she's married to a wimp, so what makes her any more entitled to this than I am?" Su Yehan said unwillingly to Shi Jing.

Shi Jing's face was cold, calling Han Qianqian a wimp in front of her?

Shi Jing looked at the person beside her, who walked directly towards Su Yehan, slapped Su Yehan in the face, and said in a cold voice, "Do you have the right to tell me what to do?"

Su Yeh Han was struck blinded, covering her face and not daring to have another word of nonsense.

"Tomorrow at this time, if he doesn't deliver the bride-price to the Hillside Villa, what should be done, you know, right?" Shi Jing said to the Tian family's crowd around her.

The Tian family members nodded their heads as if they were pounding garlic, not daring to have the slightest opinion on Shi Jing's words, but she was a member of the Yanjing Han family, the Tian family is powerful in Yun City, but it's not even a fart when thrown into Yanjing.

After Shi Jing left, the atmosphere of the Su villa was depressing.

"Hai Chao, what should we do now?" Su Guolin opened his mouth to ask.

Su Hai Chao's eyes looked at Su Yeh Han with a dark look, if she hadn't spent so much money, this problem wouldn't even exist, now Su Hai Chao regretted very much giving the bride-price to Su Yeh Han, but unfortunately the regret was too late.

"Let Su Yingxia say that the money has already been given to her, won't that do?" A certain Su family relative suggested.

Jiang Lan was bugging about this matter, how could she be willing to hear that, it was millions of dollars in bills.

"No way, we didn't get the money, why would we say we did." Jiang Lan said.

"Do you want to see the Su family finished? Don't forget, you guys are also members of the Su Family."

"Yes, now that the Su family is in trouble, you guys should also help, but it's just lying, what's so hard about it."

"The money has already been spent, do you guys want to force Su Yeh Han to die?"

The spearheads were instantly pointed at Su Yingxia, but they weren't speaking for Su Yehan, defusing the issue and ultimately for themselves, as they didn't want to be implicated in this matter.

"Fine, but if she finds out, who will bear the consequences?" Su Yingxia spoke up.

This made the Su family crowd not dare to speak again, what the consequences were, they knew very well, this was not something they could afford casually.

Although Su Haichao also wanted to let Su Yingxia help round out the lie, but the concerns that Su Yingxia spoke out, indeed cannot be taken lightly, if that woman knew, her anger would be fatal to the Su family.

"Yingxia, the only place the company can come up with cash now is the loan in your hand." Su Haichao said.

"No." Su Yingxia decisively refused, the loan was for the west side of the city project, how could it come to fill the hole poked by Su Yehan?

"Are you going to watch the Soviet family go bankrupt? The Celestial Family is targeting us, so what can you do even if you have those loans in your hands?" Su Haichao gritted his teeth.

Su Yingxia took a deep breath, looked at Su Yehan and said, "Let her sell everything, even the real estate must be sold, as much as you can raise, the rest can be taken from the loan."

When Su Yehan heard this, she roared angrily, "Su Yingxia, what do you mean, do I have to sleep on the streets in the future? You're trying to screw me on purpose."

"Screwing you? Su Yihan, but you spent the money yourself, I didn't use a single cent, how did I screw you. Aren't you arrogant, aren't you enjoying yourself? Can I be blamed for such a consequence, when it was you who caused it?" Su Yingxia said.

"That can't sell my things or my house either, I don't care, we all have to die together." Su Yehan said with a fierce expression.

This statement directly caused everyone's discontent.

"Why should we have to die with you, if you don't want to live, go jump off a building yourself."

"You're the one who spent the money, it's only natural to make you spit it out now, who made you so arrogant."

"Also buy a necklace, I see you buy yourself a lanyard, self-righteous."

The few Su family juniors who had long been dissatisfied with Su Yehan, who found the opportunity at this time, naturally wouldn't let go of the opportunity to rub salt into the wound, because during this time, Su Yehan often showed off in front of them.

Chapter 167

The infighting in the villa Han Three Thousand did not know, looking for a shade to smoke a cigarette, when Shi Jing came out and walked up to him and said, "Smoking is not good for your body, you'd better quit."

Han 3,000 swallowed a mouthful and said, "If I didn't have any pain, how would I know I was still alive, I'm not old enough to raise my health, so if I don't do something young that's bad for my body, should I come back when I'm old?"

To this baffling and crooked reasoning, Shi Jing revealed a speechless expression and said, "The body is the greatest capital, if it's not good, how can you do the things you want to do?"

Han Marchiang raised an eyebrow, Shi Jing said so, it seemed she had sensed something.

"It doesn't matter if I can do what I want to do or not, because I'm not trying to prove it to anyone, I just want to test what I can do." Han Giangli said indifferently.

"But there are some things you have to do." As Shi Jing spoke, she took out a photo and handed it to Han Three Thousand.

Looking at the person in the photo, Han Three Thousand was puzzled, "Who is this?"

"Back then, it was because of him that you were treated unfairly, he was the one who brought up the imperial and traitorous physiognomy to Nangong Qianqiu, I always suspected that this Taoist priest's identity was not simple." Shi Jing said.

Emperor's phase?

Han 3000 frowned, he had heard Han Jun mention it when he met him in prison that day, but didn't understand what he meant by that statement, and now it seemed that Shi Jing knew what was going on.

"What's an emperor's face?" Han Qianqiu asked.

"It was this Taoist priest who told Nangong Qianqiu that Han Jun had the Emperor's Phase, and only he could support the Han family. You, on the other hand, are a traitorous phase that will hinder or even drag down the Han family, and from then on, Nangong Qianqiu no longer regarded you as a member of the Han family." Shi Jing explained.

"Because of this ridiculous reason, that's why I was driven out of the Han family by her?" Han Qianqian smiled bitterly, this kind of bullshit speech Nangong Qianqiu actually believed?

"Yes, I stopped Nangong Qianqiu, but she was bent on doing what she wanted to do. Your master also went to investigate this Taoist priest, but nothing came up, you should be aware of Yan Jun's ability, even he couldn't find out any information, which further shows that his identity is not simple." Shi Jing said.

"You mean, this Taoist priest was sent by the Han family's enemies?" Han Giangli asked.

"Even the matter with your father, I suspect it's related to them," Shi Jing said.

Han Qianli smiled, played with the yellowing photo in his hand, and said, "Since it's a grudge against the Han family, and I was kicked out of the Han family, what else does it have to do with me? Why should I add to my troubles?"

"Just because you don't go looking for trouble doesn't mean trouble won't come to you. Will they believe you if you say it's not the Koreans? And if I show up at the Su villa today, they'll definitely know about it, so you don't think they'll look into it?" Shi Jing said.

Han Giang's face was cold, Shi Jing was clearly threatening him with these words, making him have to interfere in this matter.

"Don't be angry, it was your request to come to the Su family, I was merely fulfilling it." Shi Jing said.

Han Giang smiled helplessly and bitterly, Shi Jing was indeed the one who had called him here, but how did he know that this matter was still hidden behind his back?

Shi Jing sighed and said, "I know the Han family has done a lot of unfair things to you, but you're still a Han family member after all, even if I hadn't come to the Su family, they would have found out about you sooner or later, I just made sure you were prepared in advance."

"Even my master doesn't know who the other party is, this enemy is not just a powerful one, you're just dragging me along with you," Han Giangli said.

"Are you so unsure of yourself? More than ten years of hibernation, this kind of heart is not something ordinary people can have, I believe you can do it." Shi Jing said.

"What's the point of believing in me, with my current ability, how can I face such a powerful opponent?" Han Giang said faintly.

Shi Jing hesitated for a moment and said, "When you were little, your grandfather was very good to you, you shouldn't have forgotten, right?"

"But you know how I've been treated in the Han family after grandpa's death, don't you, and it would be too pointless to try to convince me of grandpa's kindness to me?" Han Qianli sneered.

"No one has ever seen Han Tian Yang's corpse, and the coffin in his cemetery is still empty." Shi Jing said.

Hearing this, Han Third Thousand's emotions instantly flared up and he said in a deep voice, "What do you mean, what do you mean by that!"

The news of Han Tian Yang's death came back to the Han family when Han Qian Qian was just a child and cried his heart out in the dark, but now Shi Jing tells him that no one has seen Han Tian Yang's corpse!

"I'm just suspicious, but whether it's true or not, you need to investigate it yourself, perhaps, find out this priest's background and everything will be revealed." Shi Jing said these words and left straight away.

Han Giang's chest rose and fell violently, and he breathed heavily.

Grandpa had something to do with this matter?

Was it possible that he hadn't died at all, but had been captured by some people.

If that was the case, he couldn't ignore this matter, even if there was only a one in ten thousand chance left, he had to give it a try.

Looking at the face of the Daoist priest in the photo, Han Giangli clenched his fists and said through gritted teeth, "If grandpa is still alive, I advise you to treat him well, or I'll make you live and die!"

Han Giangli, who was immersed in anger, didn't notice anyone approaching, and Su Yingxia didn't dare to speak when she saw that he looked heavy and with anger.

Looking at the person on the photo, Su Yingxia's eyebrows furrowed slightly, as if she had seen it somewhere before.

It was only after a long time that Han Qianli pulled out of his emotions, and seeing Su Yingxia beside him, he quickly put away the photo and asked, "How is it? Has Su Yeh Han brought out the bride-price yet?"

Su Yingxia nodded her head and said, "The cash has almost been spent, but she will sell all the things she bought, as well as the family home, and what's left that's not enough will have to be subsidized with the company's money."

"That's a heavy enough lesson for her," Han Giangli smiled.

"But" Su Yingxia wanted to stop talking.

Han Giangli asked curiously, "But what?"

"She gave me the bride-price, all of it," Su Yingxia said.

Han Giang was stunned, he had thought that Shi Jing would take all the bridal gifts, but he hadn't expected to pass them on to Su Yingxia!

"What did she say?" Han 3,000 asked.

"It says that the Han family never takes back what they give out and sees that I'm happy with it, so they gave it to me," Su Yingxia said.

Han Qianli smiled, although this reason was a bit too far-fetched, but those in the Su family shouldn't think much of it, after all, the world of the rich wasn't something they could imagine.

At this time, Su Yeh Han was furious and walked over to Han Three Thousand, her luxurious life was completely shattered and she couldn't find anyone to blame, so naturally, she could only pin the pot on Han Three Thousand's head, as only Han Three Thousand had cursed her.

"Han Three Thousand Years, you raven mouth, if it wasn't for you cursing me, how would I have become like this." Su Yeh Han said angrily.

Han Qianqian looked unconcerned and said, "How can you say that I cursed you? Did I not say those words and the bride price is yours? But you're the one who thinks those bridal gifts are yours, and did anyone say anything about bridal gifts to you?"

Su Yeh Han's expression was extremely ugly, it was true that no one had ever said that the bride-price belonged to her, from the beginning to the end, it was only her wishful thinking so, but even now, Su Yeh Han still didn't want to admit the reality, because no one in the entire Su family could compare to her posture.

"Han Qianqian, just wait, I'll make you regret it, I, Su Yehan, will still marry into a noble family, as for Su Yingxia, there's no way she'll ever be able to compare to me in her life, because she's married to a wimp like you." Su Yehan said unconvincingly, without the Han family, there were other rich people, she was convinced that she would be seen by rich people.

Han Qianqian smiled faintly, Su Yeh Han's confidence came from her posture, but what was a bit of posture to a rich man?

Although the four words "door to door" are jokes in the eyes of many people nowadays, they still have some significance for the real gentry, and with Su Yehan's status, where is the circle to reach those rich people?

Chapter 168

Shi Jing had just walked out of the villa area when Yan Jun suddenly appeared beside her like a ghost.

"Not only did you make him take on an unnecessary responsibility, but you also gave him unnecessary hope." Yan Jun said in an unusually cold tone, although his duty was only to protect the Han family and he was not qualified to interfere in any internal matters of the Han family, but for Shi Jing to behave, he couldn't look down.

Giving the photo to Han Marchant meant that Han Marchant needed to investigate the hidden background behind the Daoist priest, which was an extremely dangerous thing for Han Marchant to do, and Shi Jing even moved Han Tian Yang in order to not give Han Marchant a reason to excuse himself, which was to the point where Han Marchant had no choice.

"The entire Han family, even I can't make Han Three Thousand have the slightest hint of affection, Han Tian Yang is the only one he cares about the most, and only by doing so can he do his best to investigate this matter." Shi Jing said expressionlessly.

"But you shouldn't give him hope in this way, Han Tian Yang is an indelible pain to him for the rest of his life, how many times has he fainted from crying, don't you know?" Yan Jun gritted his teeth.

"Of course I know that his feelings for Han Tian Yang can't be compared to anyone else's. But you should know clearly that hope is the greatest motivation for a person." Shi Jing said.

"But Han Tian Yang is already dead, so this isn't hope at all." Yan Jun raged.

"Dead?" Shi Jing smiled faintly and said, "Have you seen his corpse? As long as his body is not seen, who can be 100% sure he is dead? Even if there's even a one in ten thousand chance, Han Third Thousand won't give up."

Yan Jun took a deep breath, after so many years with no news of Han Tian Yang, how could he still be alive? Shi Jing was merely using this to get Han Marchant to do the job.

"Back then, before he died, he asked me to take care of the Han family, how could I live in that state." Yan Jun clenched his fists.

"You mean, his corpse flew away without a trace? Do you think it's possible? How could the Han family's secret rival just take away a meaningless corpse?" Shi Jing smiled.

Yan Jun knew that there was no point in reasoning with her, and that she had now given Han Qianqiu hope that this matter was already destined to be pursued to the end, so it was useless for him to say anything.

"You're like and like Nangong Qianqiu, I hope you won't make the same mistake again." Yan Jun said.

Shi Jing suddenly stopped in her tracks, then released a smile, like and like Nangong Qianqiu?

It wasn't like, she and Nangong Qianqiu, they were originally the same kind of people, it was just that Nangong Qianqiu had been suppressing her when she was alive, so she didn't reveal her true nature.

Shi Jing was deeply sympathetic to the injustice suffered by Han Qianqian, but it didn't mean that she would let Han Qianqian enjoy a peaceful life for that, and that the Han family's troubles should be borne by Han Qianqian.

And she also wanted to know why Han Cheng had suddenly fallen ill, and she wanted to avenge Han Cheng's death!

"There's actually no need to say that much at all, he's a member of the Han family, he's destined to do these things, it's a responsibility he can't shirk." Shi Jing said to herself.

When she married into the Han family back then, it was Han Tian Yang's personal choice, what he saw in her was that she had the same traits as Nangong Qian Qiu, previously Shi Jing didn't understand why Han Tian Yang wanted to do this, but she now understood that Han Tian Yang wanted everyone to have the ability to stand alone, and when Nangong Qian Qiu died, she would have to be the one to hold up the Han family.

"Old Master, you're a very smart person, I'm sure there's no one in the world whose castle can compare to yours." Shi Jing looked impressed, then raised a smile and continued, "But you'd better not live, only anger can make Han 3000 avenge the Han family, your death is the most effective source of fire."

The next day, Su Haichao and Su Yehan both appeared together in the Genting Mountain villa area, bringing with them the sold cash and gold jade.

Thinking of giving these things to Su Yingxia, Su Yehan was very angry inside, she had used these things to show off in front of Su Yingxia before, but now, she had to give them away personally, which made Su Yehan hate to kill Su Yingxia.

"Hai Chao, wait for me." Su Yehan stopped and said to Su Hae Chao.

Su Haichao was puzzled and looked at Su Yehan and asked, "What are you doing?"

Su Yehan's eyes flashed with a hint of grimness and said, "I can't just cheapen her like this."

As she spoke, Su Yehan took out her gold hairpin and actually rubbed it on the ground, quickly polishing it.

"What are you doing, are you crazy?" Su Haichao saw this scene and quickly stopped Su Yehan.

"I'm not crazy, even if I give it to her, I still want to destroy it." Su Yehan gritted her teeth and said.

Su Hae Chao knew that she was very unhappy about this matter, but what else could she do now but resign herself to her fate? If you destroy all of these golden jades, if Shi Jing knew about it, the entire Su Family wouldn't be able to bear the blame.

"Give me a f*cking break, do you still want to cause trouble for the Su Family?" Su Haichao cold voice.

Su Yehan tilted her head, looked at Su Hai Chao with dissatisfaction and said, "Hai Chao, what do you mean, what's your attitude towards me now, even if I don't have the Han family, I will still marry into other giants in the future, I can get other people to invest in the Su family, you are treating me like this now, and you still want to get benefits from me in the future?"

Su Hachao smiled coldly, his goodness to Su Yehan was entirely because of the Han family, now that she has made it clear that she can't marry into the Han family, she has no use for Su Hachao in the slightest.

As for whether she could marry into the gentry in the future, Su Hachao did not care at all.

"Su Yeh Han, you still haven't seen the reality? How many giants are there in Cloud City? Is it possible for you to marry into the Celestial Family?" Su Haichao said in a cold voice.

Su Yehan bit her teeth and said, "Don't mind me, I'll bear any consequences myself."

She took out the golden bracelet again.

Su Haichao can't let her fool around anymore, she will bear the consequences herself, but it's hard to say if Shi Jing will just let her bear it alone.

Anything that threatened the Su family, Su Hachao wouldn't let it happen.

'Pah.'

A loud slap on Su Yehan's face, Su Haichao said seriously, "Su Yehan, I'm warning you for the last time, don't do anything, or I'll kick you out of the Su family, without the Su family, how can you still live, let alone marry into the rich family."

Su Yeh Han shivered, scared by this sentence, if she was kicked out of the Su family, she would no longer be Miss Su, what chance would she have to meet rich people in the future.

"I'm sorry Hai Chao, I was wrong." Su Yehan lowered her head, her eyes hiding viciousness said.

Su Haichao's feeling towards Su Yehan was much better than Su Yingxia because she didn't have that eye-sore loser Han Qianqian beside her, so his attitude eased a bit when he heard Su Yehan apologize.

"Let's go, it's not your stuff, so why bother, with your posture, it's no problem to marry a rich man, not to mention a hero, at least it's much better than Su Yingxia marrying that wimp Han Qian." Su Hachao said.

Hearing this, Su Yehan's mood was much better, indeed, even if she married with her eyes closed, she couldn't be worse than Su Yingxia, after all, Han 3000 was a well-known wimp in the entire Yun City, who else could be worse than him?

In the villa, Jiang Lan sat in the living room anxiously waiting early in the morning, as if this hiring gift belonged to her, hearing the sound of the doorbell and taking the initiative to open the door for the first time, saving even He Ting the trouble.

"Aunt Jiang, where's Su Yingxia?" Su Haichao asked faintly.

Seeing the things in their hands, Jiang Lan's eyes shone brightly and said, "Su Yingxia has gone to work, just give me the things."

As soon as the words fell, Jiang Lan reached out to grab it from Su Yehan's hand.

Su Yehan was obviously still a bit reluctant and tugged and refused to let go.

"What are you doing, these things are our family Yingxia's, do you still want to take them back? Did you forget what she said yesterday?" Jiang Lan glared at Su Yehan and said.

Su Yeh Han took a deep breath and reluctantly let go of her hand.

"Come in and rest for a while, you guys also see more of these goodies." Jiang Lan took the bag and eagerly opened it when she returned to the living room, her eyes glowing, the golden things shaking her eyes.

Su Haichao sighed, although he was now living in the Su family's villa, it was still a far cry from this hillside villa.

At this time, Han Qianli walked out from the room, saw the two of them and nodded with a smile.

Chapter 169

When he saw Han Qianqian, Su Hachao's face flashed with a cold smile and said in a yin and yang manner, "Eating soft food is good, only getting up at sunrise, not worrying about food, how come I'm not so lucky?"

Han Qianqian knew that Su Haichao was being sarcastic, but such words were harmless to him and said, "If you looked like me, someone might be willing to take care of you, but it's a pity that looks are natural, and you won't be able to catch up with me in this life."

Su Haichao was so angry by this statement that he vomited blood, Han Qianqian was changing his ways to say he was ugly?

"Han Qianqian, you're so shameless, you've really opened my eyes, as a man, you don't have half a point of success, and you still have the nerve to be smug." Su Haichao coldly said.

"Are you saying that the grapes are sour because you can't eat them? I can understand, after all, people like you have nothing else to do but envy." Han Qianli smiled.

Su Haichao's face was livid, dealing with this kind of person whose skin was as thick as a city wall, there was no advantage at all in fighting with him.

"Aunt Jiang, this wimp son-in-law of yours can really give you a face." Su Hachao's words changed and said to Jiang Lan.

In Su Hachao's anticipation, Jiang Lan would definitely follow with a few sarcastic remarks to Han Qianqian, but things didn't go as he expected.

Jiang Lan had brought all of her gold and silver jewelry with her and was indulging in dressing up, so how could she have the heart to join Su Hae Chao in mocking Han Qianqian?

And even though Jiang Lan wasn't doing anything right now, she didn't have the guts to say those words to Han Marchand.

"You young people take your time to talk, it's none of my business." Jiang Lan said with no interest.

Su Haichao took a deep breath, this woman was really into money, and she allowed Han Qianqian to be shameless.

"Han Qianqian, as a man, I'm really ashamed for you." Su Haichao said.

"Why should I feel shame for me? I didn't say I'd ask for your help, you don't have to be so self-centered." Han Qianqian smiled.

Su Haichao hated it so much that his body hairs stood on end, and if he hadn't been unable to beat Han Qianqian, he would've been unable to resist taking action.

"Su Yehan, let's go." Su Haichao was afraid that if he continued to stay here, he would sooner or later be so angry that Han Qianqian would vomit blood, this kind of impudent person, he was no match, he could only admit defeat.

Su Yeh Han watched Jiang Lan the whole time, his heart kept dripping blood, what should have belonged to her, now all brought on Jiang Lan's body, not to mention how hard it was.

Only after hearing Su Haichao's words did he reluctantly withdraw his unwilling eyes, and said to Han Marchiang, "Never seen such a thick-skinned crow, I hope you can eat soft food for the rest of your life, don't accidentally get kicked by Su Yingxia, after all, a man like you is no longer worthy of her now."

"Stirring up trouble won't work for me, there's no other tactic, so let's just get going." Han Qianli said indifferently.

After the two of them left the villa, Su Haichao became gloomy and said angrily, "This frakking thing, I'll see how long he can still be arrogant, when I get back the west side of the city project, see what qualifications he still has to eat soft food."

"How's your relationship with Zhong Liang? Han 3000 is so arrogant, all thanks to Su Yingxia's position in the company, if you don't extinguish his anger, he will only be more arrogant in the future." Su Yehan urged, she is now down to the bottom, she would like to have Su Yingxia to accompany her, it is best to be able to deprive Su Yingxia of the identity of the head of the west side of the city project as soon as possible.

Although Su Hachao's words are very ruthless, but in the progress of this matter, so far there is no progress, and Zhong Liang, although he has met a few times, Zhong Liang's attitude towards him is also good, but the relationship is not yet good enough to dare to raise this matter.

Having taken the risk twice, this time Su Haichao didn't dare to try it again without 100% certainty, because once the consequences created an irreversible situation, the Su family would be completely finished.

"There's no rush, I have plenty of time to play with him slowly, a wimp is just a wimp, can he still play with me." Su Haichao coldly said.

Su Yeh Han naturally believed Su Hai Chao, after all, he was now the chairman of the Su Family and controlled the absolute power of the company, while Han Qianqian, a son-in-law who had entered the family, could have any ability to fight with Su Hai Chao.

"He'll fall into your hands sooner or later." Su Yeh Han said.

In the villa, Jiang Lan was still immersed in the aftertaste of the bride-price brought to her, and for her who only had money in her eyes, there was no room for anything now.

"Huh." Jiang Lan suddenly saw that the gold hairpin had many abrasion marks, her face boasted and shouted to Han Qianli, "Han Qianli, come take a look."

Puzzled, Han 3,000 walked over to Jiang Lan and asked, "What's wrong?"

"Look at this hairpin, was it intentionally worn out." Jiang Lan said with an unhappy face.

Judging from the abrasion marks, it was indeed not long ago, so it should be Su Yeh Han who did this on purpose.

"It looks like it was." Han 3,000 said.

"It must have been that dead girl who did it, I'm going to find her and settle the score." Jiang Lan said furiously.

"Why bother with such a trivial matter, as long as there's no shortage of pounds." Han Qianli said indifferently.

According to Jiang Lan's temper, she would definitely have to settle the score with Su Yehan, how could she swallow her anger when a good hairpin was maliciously destroyed.

But after hearing Han Qianqian's words, Jiang Lan's anger instantly calmed down.

With a cautious glance at Han Qianqian, she asked, "Really not going to look for her?"

Hearing this tone, it was obvious that she was asking Han Qianli, and it could be seen that the current Jiang Lan not only didn't dare to treat Han Qianli with a bad attitude, but also respected Han Qianli's opinion very much.

"Why don't you ask Su Yingxia." Han 3000 suddenly realized that Jiang Lan was treating him better, he was still a little uncomfortable, after all, he had been used to it for three whole years, and this sudden change felt a little strange.

"That's fine, let's wait until Ying Xia gets off work." Lan Jiang said.

"By the way, it's almost mid-autumn, are you going back this year?" Han Qianqiang asked.

Every year in the Mid-Autumn Festival, Jiang Lan would go back to her mother's house, but in previous years, she would leave Han Qianqian behind as long as she had an excuse, and this year, she would definitely go back and Jiang Lan would bring Han Qianqian with her.

"Back, if you have time, you should come along too." Jiang Lan said.

"En." Han Three Thousand nodded, Jiang Lan had done very excessive things in the past, but since Han Three Thousand had withheld it, she hadn't thought of settling accounts after the fall, after all, she was Su Yingxia's mother, and it was a good thing that she had learned her lesson now and wasn't making things difficult for him.

In the villa area of Genting Mountain, this kind of luxury car is nothing, but on the street, it is an absolutely beautiful scenery, every pedestrian will not be able to help but look at a few eyes.

After driving the car to the entrance of the Magic City, Han Qianli parked the car and went in.

A depressed Xie Yufu happened to bump into this scene, and she was a little surprised that Han Qianli could drive such a nice car.

Although the Su family had a bit of money, it wasn't enough to allow this wimp to drive a Lamborghini.

As far as Xie Yufu knew, even the Su Family's newly appointed chairman, Su Hachao, only drove a Mercedes.

"To be able to drive such a nice car even after eating soft food, the heavens are really blind." Xie Yifu said viciously.

Go to the car next to the heart of the unconvinced Xie Yifu, actually took off the high followed directly towards the front of the car smashed down, smashed a very obvious depression, which is not relieved, and picked up a stone on the ground and threw in the front windshield.

It was only when the phone rang that Xie Yuv stopped destroying the car.

"What are you doing, calling me now." Xie Whispers said in an unhappy tone.

"You are limited to five minutes to drive to this street in Mordor and pick me up right now, or you will never appear in front of me again."

In less than five minutes, a BMW 5 Series stopped in front of Xie Yufu, and a young man got down from the car.

"With all this anger, who's pissing you off?"The young man asked.

"A trash, punk, asshole dog thing."Xie Yuefu said angrily.

The young man's name was Liu Qi, he was Xie Yufu's suitor, basically a phone call on call, he was a standard dog licker, after hearing Xie Yufu's words, he knew that this was his chance, he even said, "What kind of person is so ungrateful, he even dares to mess with you, tell me, I'll take revenge for you."

"You?Got that?"Xie Yufu said disdainfully.

Liu Qi patted his chest and said with a proud face, "Language Fu, don't underestimate people, I know quite a few big brothers in the Dao, do you want this unfortunate thing to kneel and apologize in front of you?"

Chapter 170

Kneel down and apologize?

How could Xie Yufu not want to, she had dreamed of seeing this happen, Han Qianliang had ruined her good fortune and caused her to be scolded by Xie Jingyan, almost also unable to end it because she had offended Mo Yang and the two of them, this revenge was in Xie Yufu's heart, not to be avenged.

Anyway, Liu Qi was her suitor, it was only natural to have this kind of lick dog do something for her.

"Liu Qi, if you can get him to kneel down and apologize to me, I'll agree to finish dinner with you."Xie Yufu said.

Liu Qi was very happy to hear this, he had been rejected countless times for inviting Xie Yufu to dinner, but he didn't expect that he would finally have the chance now.

"Don't worry, I'll immediately arrange for someone to not only kneel down and apologize to you, but also have her learn how to bark a dog for you."Liu Qi smiled.

"He's Han 3000, you should know who he is,"Xie Yufu said.

Han Three Thousand?

Hearing this name, Liu Qi was stunned, wasn't that the Su family's wimp?Just this kind of thing, even daring to offend Xie Yufu, simply looking for death.

"Xie Yufu, this kind of trash, if I, Liu Qi, don't beat his nose and face, I'll take his surname."Liu Qi said with a sneer.

Xie Yufu didn't tell Liu Qi about how much Tianchang Sheng valued Han 3,000, she was afraid that Liu Qi wouldn't dare to deal with Han 3,000 once he knew about it.

This was because only the high society people who attended Tianchang Sheng's birthday banquet knew about this matter, and Liu Qi's family was not eligible to attend the birthday banquet, which was why Xie Yufu despised Liu Qi.

Despite the fact that Liu Qi did a lot of things for her and had no dignity when it came to being a dog licker, Xie Yufu chose her husband and valued nothing but her family background, and in the entire Cloud City, apart from the Tian family, the only person she could look up to was Kong Wu, so she was happy to do anything for Kong Wu.

When Han Qianqian came out from the Devil's Capital, he was heartbroken to see that his car had been smashed, even though he didn't spend money on it, it was at least worth a few million, but it was actually smashed somehow.

Immediately asked Mo Yang to have someone investigate the matter, and through the nearby streets, he quickly locked down who the person who smashed the car was.

When he saw Xie Yufu in the surveillance video, Han Qianli couldn't help but laugh bitterly, this woman actually dared to come and trouble him, wasn't the lesson she gave last time enough?

"F*ck, this little girl is quite temperamental, and so unmemorable, it seems that her dad hasn't drunk the wine comfortably last time." Mo Yang said in a cold voice, smashing the car in front of the Devil's Capital, no matter whose car it was, it was equivalent to beating his face, if this matter didn't teach the Xie family a lesson, what face would he have in Cloud City in the future.

"Brother Three Thousand, find someone to catch her?" Lin Yong asked.

Han Giangli smiled, Xie Yufu smashed the car, it was clear that it was aimed at her, with this kind of lady's temper, it was impossible for her to just smash the car to take out her anger, maybe she had other means of revenge.

And the surveillance video also clearly recorded a young man appearing in a BMW, so maybe she was the one who found the helper.

Since we're going to teach the Xie family a lesson, we need to make them cognizant of how miserable the price to pay to low is.

"There's no rush, she'll definitely come back for me, so get me a private room tonight and I'll relax." Han Giangli said.

The Magic City officially opened at eight p.m., and it was full in less than half an hour, with the group dancing under the electric sound being the nightclub norm.

Han 3,000 didn't go in and out of such occasions very often, so he wasn't too impressed by the piercing music and stayed in the quiet box, waiting quietly.

At this time, a group of young people gathered at the entrance of the Magic City, including Liu Qi and Xie Yufu.

"Liu Qi, this is Mo Yang's venue, we won't have any trouble if we cause trouble here, right?" A certain person worriedly asked Liu Qi.

Liu Qi waved his hand indifferently and said, "It's just a piece of trash, as long as we don't make too much noise, how could Mo Yang possibly care about these trivial matters, don't worry, even if something happens, I, Liu Qi, can still protect you."

Liu Qi deliberately acted as if he was fearless in front of Xie Yufu, but he was actually a little worried.

After all, Mo Yang was now the most powerful grey zone figure in Cloud City, and making trouble at his venue would be equivalent to finding trouble with Mo Yang, and if this was known by Mo Yang, it would definitely end badly, but in order to get a smile on his red face, Liu Qi was willing to take a gamble, as long as he took care of Han 3,000 without Mo Yang's knowledge.

Hearing Liu Qi's words, the others were a little more relieved, and dealing with an unnamed character, they couldn't make any big noise.

"Yuffie, just wait for that trash to kneel down and apologize to you." Liu Qi smiled and said to Xie Yufu.

"Don't waste time talking nonsense, hurry up and leave."

As soon as Xie Yufu said this, the crowd entered the Magic City.

They had already inquired about Han Qianqian being here, and through the staff inside the Magic Capital, they had also learned about the compartment Han Qianqian was in.

The group of people walked towards Han Three Thousand's compartment with a clear purpose.

To be imposing, it would definitely be more imposing to just kick the door open, but this was Mo Yang's territory, and they didn't even dare to break a cup, let alone kick the door.

Very carefully, they opened the compartment door and a line of people entered.

Only Han Qianqian was in the entire compartment, Liu Qi was a little strange about this, who would be bored to open a compartment by themselves to play, and there wasn't even any music in the compartment.

But it was better this way, Han Three Thousand was easier to deal with alone, and less likely to make too much noise.

"Han Qianqian, you're not going to be unable to get into bed, so that's why you're here alone to pass the time, right?" Liu Qi scoffed at Han Three Thousand Years.

Han Three Thousand's glorious deeds, aside from washing and cooking at home, and the well-known roommate, almost everyone who had heard of Han Three Thousand's deeds knew that for three whole years, he hadn't even touched Su Yingxia's finger.

"You're quite early, you didn't keep me waiting." Han Giangli smiled.

Liu Qi's eyebrows furrowed as he asked, "You were waiting for us?"

"Yeah, I'll have to find someone to pay for smashing up my car," Han 3000 said.

"Pay?" Xie Yufu laughed coldly and said, "Han Qianqian, are you blind or are your dog's eyes blind, will I compensate you for this situation?"

"Of course you don't have the money to compensate me, so I'm going to inform Xie Jingyan after I've taught you guys a lesson." Han Qianqian said.

Xie Yufu was filled with coldness and said, "Just in case you don't have the chance to notify my father, go lie in the hospital for a month."

Hearing Xie Yufu's words, Liu Qi said to the others, "What are you waiting for, give me a beating, beat this loser into the hospital for a month, not even a day less."

Xie Yufu said a month, it had to be a month, Liu Qi, the licking dog, was very thorough.

Xie Yufu crossed her hands at the waist, full of cold smiles, quietly waiting for Han 3,000 to kneel down and apologize to her after being beaten down.

Letting you ruin my good fortune, thinking that being valued by Tianchang Sheng is great? A wimp is a wimp after all, you're nothing in front of me, Xie Yufu.

"Han Qianqian, kneel down early and apologize to me, I can get them to beat you a little lighter." Xie Yifu said proudly.

Han Qianli looked at Xie Yufu, this kind of woman was so conceited that she thought the entire world had to be centered around her just because her family had a few dollars and a few licking dogs that liked her.

Compared to Tian Ling'er, the Miss of the Heavenly Family, Han Qianli had to sigh, the saying that money turned bad wasn't definitive because of money, but rather depended on each person's personality.

When Tian Ling'er was domineering, no one in Yun Cheng could take it, but she never did things that relied on her strength and weakness, unless it was someone she really hated, she would only do it.

"Xie Yufu, you really should learn from Tian Ling'er." As soon as Han Qianli's voice fell, those people had already rushed to his face, some arguing with their fists, others kicking out their legs.

These people were comparable to ants in front of Han Qianqian, and cries of pain rose and fell, but they didn't come from Han Qianqian's mouth, but from the mouths of those Liu Qi had called out to him.

In Liu Qi's eyes, a wimp like Han Qianqian should have been beaten down very quickly, but the truth was completely different from what he thought, and in less than a minute, none of the people he had called were still standing.

"You how did you get so strong."Liu Qi said in a jaw-dropping voice.

"You're the only one left, since you want to perform, why don't you perform more thoroughly?"Han Jiangli smiled.

Chapter 171

Hearing Han Marchant's words, Liu Qi was so scared that he retreated a few steps, he didn't expect Han Marchant to be so powerful that so many people were no match for him.

Now that he was the only one left, even if he were to force his hand, he would just be taking a beating.

He did want to perform in front of Xie Yufu, but Liu Qi wasn't an idiot, he couldn't do such a foolish act of sticking it on his face even though he knew he was going to be beaten.

"Han Qianqian, don't think you're powerful just because you have the Su Family backing you up, do you know who I am?"Liu Qi threatened, trying to use his own family history to suppress Han 3000, as their family was similar in strength to the current Su family, but of course, in a few years, when the funds for the project in the west of the city started to come back, the Liu family wouldn't be able to compare to the Su family.

"Who are you, tell me."At this time, the compartment door opened and Mo Yang and Lin Yong walked in.

Seeing these two, Liu Qi was directly scared silly, he could use the Liu family to threaten Han Jianglian, but never dared to use this point of the Liu family to flaunt his power in front of Mo Yang.

With Mo Yang's power in Cloud City, the Liu family was nothing more than a maggot.

"Mo Boss Mo, what are you doing here!!I'm sorry, I didn't mean to cause trouble in your place."Liu Qi quickly apologized, his intestines were blue with remorse, if he harmed the Liu family for a woman, he would be finished, and now he could only pray that Mo Yang would not pursue this matter.

"It's fine to make trouble in my place, but to make trouble on my friend's head, you're not taking me, Mo Yang, too seriously, are you?"Mo Yang's cold voice.

Friends friends!

These two words made Liu Qi be struck by lightning as if, Han 3000 was actually Mo Yang's friend!

If you offended him, wouldn't that be the same as offending Mo Yang.

Liu Qi's face was pale, and there was only despair left in his expression.

At this time, Mo Yang suddenly wrinkled his nose and fanned himself with his hand in front of his nose, saying with a disgusted face, "Why does it suddenly smell like shame?"

"Boss Mo, this little guy is scared to piss." Lin Yong laughed speechlessly, with this ability, he dared to come to the Devil's Capital to find trouble with Han Qianxiang, what a joke.

Liu Qi's crotch was wet underneath, but he didn't care if he was embarrassed because of it now, he had seen the Liu family in shambles.

Kneeling in front of Mo Yang, he kowtowed and said, "Boss Mo, I'm sorry, I didn't know he was your friend, please forgive me this time."

What was Xie Yufu's mood at this time?

Never in her wildest dreams had she imagined that Han Qianqian would have such a good relationship with Mo Yang as well, the word despair no longer had a way to describe her mental activity at the moment.

Previously, just because of Mo Yang, Xie Jianyan was forced to drink two large bowls of liquor, it was hard to quell this matter, and now she had an even bigger problem, this time it couldn't be solved by drinking two bowls of liquor.

But she couldn't figure it out, on what grounds!

How could a wimp like Han Qianqian be valued by Tianchang Sheng and be a friend to a big man like Mo Yang?

He was just a son-in-law who had entered the household, a trash that everyone in Cloud City knew about ah!

"She Whisperer, before you get someone to help you out, don't you consider his abilities? What's the joke about such a big man who says he's incontinent?" Han Qianqian said.

Xie Yufu unwillingly looked at Han Qianqian and gritted her teeth as she said, "How much money did you give Mo Yang that you could let him pretend to be your friend."

When Lin Yong heard this, he directly went forward and slapped Xie Yuef with a cold voice, "Xie Yuef, when you speak, watch your attitude."

Xie Yuefu's heart and liver trembled, covering her face and looking at Mo Yang in fear, she was unable to help but speak her thoughts out, but completely forgot what kind of consequences these words would bring.

Right at this moment, no one expected that Liu Qi suddenly stood up and kicked Xie Yuefu heavily, then cursed loudly, "Stinky b*tch, even Boss Mo's friends dare to mess with you, what the f*ck are you, and now you're still implicating me, do you think I like you and have to take this life?"

"Liu Qi, don't you dare hit me!" Xie Yufu hissed at Liu Qi's thick-headedness.

Liu Qi's reason for hitting Xie Yufu was to clear his relationship with her, he definitely couldn't get away with the responsibility of this matter, but it would be best if he could take less of it.

Without Xie Yufu as a woman, he could still go play with other women.

But without the Liu family, he would have nothing.

At a time like this, Xie Yufu's position in his heart was already worthless!

"You're the one I'm f*cking beating, if it wasn't for you, I'd be a victim of you?" Liu Qi was also ruthless enough to say this and blast a punch on Xie Yufu's face.

Xie Yufu had always treated Liu Qi as a licking dog, he had to do whatever he wanted him to do.

It was always her who was above Liu Qi, when was it Liu Qi's turn to hit her?

"Liu Qi, don't you want me anymore?" Xie Yufu said.

Liu Qi laughed coldly, "B*tch like you, don't think I don't know what you have in mind, isn't it just using me to do things for you? I always knew you looked down on me, I've been f*cking tired of wasting my time on you for a long time, you're such a posture, I've got plenty of women throwing themselves at me as long as I spend my money, do you really think you're a queen, do you want me to serve you?"

Xie Yufu's face became even whiter when she heard this, it was because of the existence of people like Liu Qi that Xie Yufu built up her confidence and made her feel like a high queen, while Liu Qi's words had undoubtedly sent her into the ice valley.

"What's more, now that you even dare to offend Boss Mo's friends, how can I face Boss Mo if I don't f*cking teach you a hard lesson." After saying that, Liu Qi threw a few punches at Xie Yuefu's face again.

When Mo Yang saw this situation, he faintly smiled, this Liu Qi has also done a ruthless job in order to skim off responsibility, he didn't even show any mercy to the woman he liked.

"Liu Qi, you speak well, what do you mean by treating me well, what does it have to do with me if you beat her?" Mo Yang said indifferently.

Liu Qi was shocked, quickly lowered his head and said, "Boss Mo, I know I was wrong, this matter was all this woman's idea, it has nothing to do with me, I hope that Boss Mo can let me go."

"It's not up to me to decide whether to let go or not." Mo Yang said.

Liu Qi knew what that meant and kneeled down directly to Han 3,000, he didn't care about Han 3,000's reputation as a wimp in Cloud City right now, just a little bit and he could willingly kneel down to Han 3,000.

Mo Yang's friend!

The weight of these words was only lighter than the Tian family in Yun City.

Of course, if Liu Qi knew what had happened at Tianchang Sheng's birthday party, he would probably even have the heart to kill Xie Yufu.

"Brother 3000, I was wrong, it's all my fault, please give me a chance."Liu Qi kowtowed and said.

Han Qianqiang sat on the sofa and said, "My car was smashed, it was given to me by Tian Ling'er, it's not too easy to let her know about it."

Liu Qi's scalp was numb, almost on the verge of tears, how did he get involved with the Tian family again, what kind of person was this Han 3000, not only did he know Mo Yang, he also knew Tian Ling'er, and Tian Ling'er had given him such an expensive car!

"Brother Three Thousand, I'll pay for a new car for you."Liu Qi said through gritted teeth, although a few million was heartbreaking, it was easier to accept the loss of a little money compared to the destruction of the Liu family.

"You mean, you're willing to help Xie Yifu bear the consequences?"Han Giangli smiled.

"No, no, no, no."Liu Qi waved his hands in panic and said in a row, "Brother Three Thousand, you misunderstood me, I didn't help her bear the consequences, I just wanted to pay the price for my stupidity, after all, I messed with you."

Mo Yang saw Liu Qi's panicked look, smiled and said to Han Three Thousand, "Don't scare him, or else I should replace all the carpets in this box, and then you'll have to pay me back."

"Fine, pay me back first and I'll compensate you for the carpet."Han Giangli said.

Mo Yang looked embarrassed, but he had no intention of paying back the 200 million, Han Qianli was so rich, what was a mere 200 million?

"Then you'd better continue."Mo Yang said.

"Xie Yufu, call your father, I don't want to target a woman."Han Qianqian said indifferently.

Xie Yuefu was completely desperate inside, Mo Yang actually owed Han 3000 money, no wonder he would help Han 3000.

If Xie Yingyan knew that he had made such a big mess again, it wouldn't be impossible for the two of them to sever their father-daughter relationship.
