

His True Color Chapter 1711-1720

Chapter 1711

"Frosty, your senior brother Ye also cares about you, so why do you have to be like this?" Wu Yan quickly became a peacemaker at this time.

He didn't want the two genius disciples of the Voidless Sect to be so tit-for-tat. In his eyes, Ye Guocheng and Qin Lang should be a pair made for each other, so they shouldn't be hurt over this small matter.

"Uncle, I don't need anyone to worry about my own affairs." Qin Frost said coldly.

Ye Guocheng was furious and stared straight into his eyes, and the way his whole body looked at Han Qianqian was even more as if he wanted to eat him alive.

"I'm afraid this is not your personal matter, right, you are a formal disciple, but you are getting involved with a slave? Does that make sense? Does the face of the Void Sect still exist? Don't you think?" Wu Yan said.

He had a very high reputation among the disciples, and when he rallied his arms, countless people naturally responded, plus now he was crusading against the "enemy" in the eyes of all the disciples.

So soon, the crowd of disciples behind him was in an uproar.

"That's right, how can an inferior slave get together with a formal disciple of the Void Sect, this is simply an insult to my Void Sect's reputation, according to me, kill that dog slave to calm this matter is the key."

"Senior Sister Qinshang, you'd better stand aside, this Han Qianli is unforgivable and deserves to be executed."

"Yes, Sister Qinshang, there are plenty of men in the Voidless Sect, so why do you have to fight with us over a slave? With your condition, how can he be tainted by a slave."

"Sister Qinshang, you're still too simple, don't be fooled by a slave."

A group of disciples verbally condemned Han Qianxiang, as if they could not wait to drown him with their saliva.

"Does the Void Sect have a rule against being with slaves?" Qin Frost coldly questioned.

Ye Liao Cheng's entire person was completely furious, it was true that there were no rules within the Void Sect that forbade this kind of thing, it was just the moral and class level that made people feel that this kind of thing was shameful.

"Qin Frost, please behave yourself!" The more Qin Frost did this, the more annoyed Ye Liao Cheng became, Qin Frost did not even want a woman's basic face for a slave.

"My own matter, no need for anyone to say three ways to die, I think the one who should have self-respect is you."

The two of them confronted each other, and Ye Guocheng was so angry that he directly raised his sword: "Since you are so stubborn, for your own good, I have to kill Han Qianqian today to prove my Voidless Sect's reputation."

As soon as the words were spoken, the disciples behind him also slowly drew their swords and made a move to attack.

Faced with such a situation, Qin Shang sneered disdainfully and slowly drew his sword, his energy radiating out, his body chilling and winning.

Seeing this situation, Wu Yan's eyebrows furrowed and he hurriedly blocked the center of the two, "All of you stop, do you still have me, the preceptor's uncle, in your eyes?".

In the past few years, there have been a number of cases in which people have been unable to find a way to get rid of their fears.

Wu Yan understood that this was clearly not the Void Sect's technique and energy.

In the past few years, we have seen a lot of people who have been in the business for a long time, but we have also seen a lot of people who have been in the business for a long time.

As Wu Yan suddenly looked around, Ye Guocheng also followed his line of sight to look around, and soon, he also found something wrong.

"Where is the Forbidden Land of the Dead?" Cool-Son Ye was puzzled.

Hearing what Cool-Son Ye said, a group of disciples began to look around, after a moment, the group of people could not help but take a few steps backwards, and crowded into one another in fear.

"I heard that what was suppressed inside was the golden body of the Beast King. Previously, in the Hundred Beast Forest, there was an innate mutation, and the Beast King reincarnated and reappeared on earth, now the Forbidden Land of the Dead has suddenly disappeared.

"In this way, the Beast King will complete his self-rebirth, and by God, the Void Sect will be in great trouble."

"Yes, the Beast King will definitely seek revenge on us.

"Oh God, it's over, it's over, the Void Sect will never have peace from now on."

A group of disciples looked at each other, in a moment of panic, panicking with their swords, which still had the strength of confronting Qin Shang just now, and now only their bodies were trembling, involuntarily trying to flee the place.

Wu Yan couldn't see the past, and waved his hand: "All of you, shut up."

With an angry voice, he looked to the side of Qin Frost and whispered, "The Beast King didn't take the golden body, right?"

Qin Frost nodded.

Wu Yan breathed a sigh of relief, as long as the worst didn't happen then it was fine: "Then why did the forbidden place of the dead disappear?"

Sister Qinshang was about to speak, but at this time, Han Qianqian stepped forward: "We mistakenly entered the vicinity when we were catching beasts in the Hundred Beast Forest, and encountered the Beast King who came back to life to find his golden body. "

Han Qianqian knew that the truth of the matter must not be mentioned to anyone, or else, as Divine Void said, if Qin Shang's body was found to have the Beast King's golden body, he would definitely be kicked out of the Void Sect, and might even attract all the righteous people in the world to hunt him down and kill him!

Just now, the way Wu Yan looked at Qin Frost said it all.

The Hundred Beast Forest was all started by herself, and Han Qianxiang absolutely could not destroy her, so she quickly made up a story.

When Ye Guocheng saw Han Qianqian speak, he was dissatisfied and shouted angrily, "Do you have the part of a slave to speak here?".

Han Qianqian smiled slightly, "I'm just telling the details of the matter."

Wu Yan nodded his head, but he didn't stop Han Qianli's words. At least, Han Qianli relieved the doubts in his heart, and let him understand what the two mutations were about, and the evil Qi inside Qin Lang's body could also make him feel a little relieved.

"This is impossible, the Forbidden Land of the Dead is very dangerous, not to mention Qin Frost, even the Head Master may not be able to make it." At this time, Ye Guocheng said with dissatisfaction.

Although he liked Qin Frost, but he also absolutely could not endure the situation of being surpassed by anyone, if he had to admit that someone else was better than him, which iron could not.

"Oh, then do you know this sword?" Han Qianqiang laughed disdainfully, "Facts speak louder than words, of course, someone of your level doesn't know this sword, but Master Cessation Institute should know, right?"

Chapter 1712

"Well, it's just a broken sword, what's so surprising about it? I think I understand why Qinshang even don't even want to face, but also have to protect you this trash, engaged in half a day, you this flattery skills first-class ah.". Ye Guocheng laughed disdainfully.

Han Qianqian smiled: "I just said, you are the kind of goods, of course you do not know the goods."

Ye Kucheng's face was solemn and cold: "What did you say, you piece of trash? Do you really think I won't dare to kill you just because Qinshang protects you?"

Wu Yan gently lifted his hand to stop Cool-Shine, but his eyes remained fixed on the sword in Qin Lang's hand: "Enough, don't make any more trouble in this matter." "Uncle you".

"Uncle, you" Ye Guocheng was furious, and made a gesture to still want Han Qianqian to look good.

"This was originally the Demon Suppressing Divine Sword that suppressed the Beast King's golden body, can't it be that it still doesn't mean that Qin Frost has broken the Forbidden Land of the Dead?" Wu Yan drank one sentence in frustration.

As soon as the words came out, a group of disciples instantly stopped breathing and unbelievably looked at the long sword in Qin Frost's hand.

"Heavens Heavens, this is This is one of the three great artifacts of our Void Sect, the Demon Suppressing Divine Sword? "

"Wow, Senior Sister Qinshang is really powerful, I told you, within the three genius disciples of the Void Sect, Senior Sister Qinshang is the most powerful, everything else is just a cloud."

"That's right, Sister Qinshang is the one who can break the Dead Spirit Forbidden Area by herself, may I ask, who in this Void Sect can do it?"

"The Forbidden Land of the Dead is a major forbidden place of the Void Sect, and even more of a nightmare place that everyone in the Void Sect doesn't dare to set foot in, and Senior Sister Qinshang is already an example for our group if she can break through it alone, not to mention that she was able to break it."

"Sister Qinshang's cultivation seems to be at least on par with the elders, and if this continues, it will be the pride and future of our Voidless Sect in the future."

Listening to a group of disciples boasting and praising Qin Shang, Ye Lusheng's face turned red and blue.

He should be the brightest future star of the Void Sect, and no one is qualified to surpass him.

When he thought of this, he looked angrily at Han Qianqian, this guy is the reason for the current situation, where Qin Frost was praised, while his own star was dim.

This damned slave, if I don't kill him and skin him to death, how can I relieve the hatred in my heart!

"Frost, you've done a good job this time, you've solved a big problem for the Void Sect." Wu Yan looked at Qin Frost and smiled in satisfaction.

Although the Dead Spirit Forbidden Area was very dangerous, and there were countless difficulties and miscellaneous formations involved, even he himself could not unlock the Dead Spirit Forbidden Area.

But one thing was certain, Qin Frost had the Demon Suppressing Sword in his hand, which explained everything.

Qin Frost was dazed and puzzled, looking at Han Qianxiang, she didn't understand why Han Qianxiang had to lie, as he was the one who had broken the Dead Spirit Forbidden Area, so why did he put all the credit on his own head.

But when she saw Han Qianxiang's constant glances at her to admit it, she nodded her head a bit reluctantly.

"Right, just now I heard that although you broke the Dead Spirit Forbidden Area, you were also injured by the Beast King, so it's better not to stay here, let's hurry back."

After Wu Yan said that, he waved his hand and returned to the palace, and all the disciples scrambled to make way for Qin Frost.

Under Han Qianqian's gaze, Qin Fang, accompanied by Wu Yan, slowly walked to the front of the room.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public.

The news that Qin Frost was not only alive, but also had broken the Dead Spirit Forbidden Area was like a thunderclap, causing the Void Sect, which had been calm for a long time, to explode.

After all, the Void Sect's elders know how difficult the Dead Spirit Forbidden Area is, and they alone may not be able to break it, otherwise, how could it become a forbidden area?

It was because there was no way to put it on hold, but Qin Frost did.

"The next generation is fearsome, the next generation is fearsome." The Second Peak Elder said with joy.

"It seems that today's entrance exam can end early, and with Qin Frost's performance, she has already locked the battle in advance." The Third Peak Elder also nodded his head in agreement.

"Hmph, then it would be better to give her the position of Head Gate early as well." The First Peak Elder muttered in dissatisfaction.

"Yeah, what position do you guys put Solitary City and Yun Feng in by saying that?" The Five Peaks Elder echoed.

"Qin Shang may just be a moment of luck, but in terms of talent, it's clear that Ye Lusheng and Lu Yunfeng are even better and have a more promising future." The Sixth Peak Elders said.

The first peak disciple Lu Yunfeng and the first peak closed disciple Ye Kucheng but the first peak's biggest capital, before Qin Shang did not break the forbidden land, the first peak is almost a big hit in the future, heard the other elders support Qin Shang, the first peak elders are naturally not satisfied, together with his support of the five or six peaks also joined in.

"The Headmaster has arrived!" At this time, the hall gave a soft shout, and the head of the Void Sect slowly made his entrance.

Chapter 1713

"Well, if you can't even compare to the present, how can you talk about the future? All I know is that the headmaster has now personally come to greet Qin Shang outside the palace, a specification that the Voidless Sect has never had in the past hundred years." Seeing the palace master come out, the Second Peak Elder burst out laughing.

The Void Sect, unless it is facing an extremely important VIP, such as the rulers of the three big families, would not enjoy it, let alone the disciples.

This time, Qin Frost could really earn enough eyeballs.

"Zhu Lao Er, you less fox tiger, your second peak can't produce genius disciples, what, now go lick the fourth peak?"

When he heard this, the second peak elder became anxious, this is simply straight to the heart, because what he said is the truth. The first, fourth and seventh peaks were the most dazzling, and then the seven peaks collapsed, and the second peak was eager to take Cool-Son Yeh, but in the end was lured over by the first peak as a closed disciple.

So, in private, the second peak has always been a friend of the enemy's enemy, and has always been good friends with the four peaks. Now that Qinshang has suddenly risen to stardom, it is natural that he should praise and belittle the first peak.

But unexpectedly, Shoufeng disliked him directly.

She was more happy about Qin Shang's "resurrection from the dead" than she was about the news that Qin Shang had been injured by the Beast King.

She also did not know how Qin Frost was doing.

Just at this moment, a auspicious cloud slowly came towards this side in the distance.

"Master Preceptor Yuan has returned."

Soon, a disciple shouted, and at the same time, the entire Void Sect's disciples also quickly separated on both sides, and when the auspicious cloud settled and Wu Yan led Qin Frost towards the main hall, the disciples boiled.

"Senior Sister Qin Frost is amazing."

"Senior Sister Qin Shang you are simply a woman of heroine, breaking the forbidden land of the dead, you are simply a model for my generation."

"Senior Sister Qinshang, well done!"

Faced with the congratulations of the disciples, Qin Frost was not happy at all, and her eyes kept glancing in the direction of the disciples behind her.

Without him, it was a big unknown whether she would be able to come back or not, so she was not qualified to enjoy the praise and praise.

But Han Qianxiang pushed her out, and pushed all the benefits onto her, and she had no choice but to accept them.

Although, she knew her character if it was before, she would not have agreed to these no's if she had any more reasons and excuses.

"Frosty, you're back." The headmaster was now smiling and welcoming, the Dead Spirit Forbidden Area was destroyed, he, as the headmaster, was naturally very happy.

After all, this not only solved a troublesome major event for the Void Sect, but also signaled Qin Frost's potential to shake his ancestors.

"Meet the head master uncle." Qin Frost bowed politely.

The headmaster hurriedly helped Qin Frost up, "You are injured, so these common courtesies can be dispensed with, and the attendant will look at the tea in the inner hall and give a seat."

After saying that, the headmaster was happy and slowly walked towards the inner hall with Qin Frost.

The disciples were in an uproar, the inner hall to see tea and give seats, this is the group of disciples would never dream of treatment, because even if the temple disciples, at most, only go in and out to follow the palace master, which palace master also give tea and reward seats this level ah.

The second peak elder proudly snorted at the first peak elder, the proud look, as if Qin Shang is his disciple.

The first Peak Elder's face was gloomy, and he took the lead in squeezing the Second Elder to follow him toward the inner sanctum.

It was not easy to reach the inner palace, but at this time, Qin Frost had been arranged by the headmaster to his right hand side, and was making a pot of good turtle green tea.

This tea is the best tea of the Voidless Sect. It is not only sweet and tasty, but also has very strange healing effects and enhances the flow of energy in the meridians, making it an excellent monastic tonic.

The headmaster is usually reluctant to drink a small cup of this stuff, but today he gave a pot of it to Qin Shuang, who was simply envious of the others.

"All of you, sit down," the headmaster smiled softly. The headmaster smiled softly, and his face was full of happiness and joy that he couldn't hide.

When several elders sat down, the headmaster said, "This time, Qin Frost broke through the forbidden area of the dead spirits and succeeded in severing a major threat to my Voidless Sect at the cost of injuries. "

"Now, I announce an important matter." After the headmaster finished speaking, he looked at all the people on the stage with great anticipation and saw that everyone was incomparably curious, he smiled, "I have decided to officially accept Qin Shang as the main disciple of the temple, and at the same time, reward the Ten Thousand Year Snow Condensation Grass."

What?!

The six elders were shocked at the same time!

Chapter 1714

According to the rules of the Void Sect, in order to become a disciple of the main hall, one must pass the entrance examination, but Qin Frost has not even taken the entrance examination yet, yet he was accepted by the headmaster in advance, how is this not surprising.

"Headmaster, the Void Sect's millennium-old rule is that those who enter the temple must pass the entrance examination, how can you break the rules of your ancestors?" The first peak elder was suddenly dissatisfied.

The second peak elder shot back: "Senior brother, this rule is dead, but people are alive, and keeping the old rules is pedantic, and that's sticking to the rules."

"That's right, the ancestral rules also require us to stay away from the forbidden place of the dead, but Qin Shang not only didn't stay away, but also walked into the forbidden place and successfully broke it, if we follow the rules, can our Void Sect still have such a happy event? Brother, you are too stubborn." The Three Peaks Elders quickly agreed.

The Fifth Peak Elder disdainfully said, "Then from what the Second and Third Elders are saying, the Void Sect will not have to abide by any rules from now on, so we can come here as we wish, right?"

The headmaster smiled and waved his hand, indicating that the elders did not need to argue any further, and opened his own mouth: "The concerns of the elders have indeed been taken into consideration by me, but what Qin Shang has established this time is an unparalleled achievement of the Voidless Sect, so naturally, it has to be treated differently.

"Sister Qinshang's achievements are unprecedented and unprecedented, so early admission is not an overstatement at all."

"Yeah, let's see who can break the Void Sect's restricted area. This is simply an astonishing move, and if our Void Sect doesn't have a high-profile commendation, I'm afraid it will be sneered at by the world's sects."

"The disciples also agree that Senior Sister Qinshang can make an exception to the rule."

The elders of each peak each had their own little plans, which the palace master could not be said to be clear, and it would never be fruitful to let them argue, so the palace master set his eyes on the disciples in the palace.

The disciples were afraid of the palace master, but also did not have such a heavy conflict of interest among the elders, which was most appropriate.

Looking at the impassioned disciples, Lu Yunfeng and Ye Lusheng's faces were as heavy as water.

"Disciple Preceptor, what do you think?" The headmaster smiled and said.

Wu Yan quietly swept a glance at the First Peak Elder and helplessly gave him a look, then said with a smile on his face, "The Voidless Sect should be specially rewarded for having such a strange disciple, otherwise, it would be easily coveted by the outside world."

The headmaster nodded his head in satisfaction.

"But even if that's the case, it's just a matter of admitting them out of the ordinary, so it's not like they should be rewarded with the Ten Thousand Year Condensation Snow Grass, right?" The First Peak Elder said in a cold voice of dissatisfaction.

The Ten Thousand Year Snow Curdling Grass is a rare item in the entire Eight Directions World, and its effect on the cultivation process can be described as perverted.

According to current estimates, there are less than 100,000 Ten Thousand Year Snow Grasses in the entire Eight Directions World, and its annual output is only a few hundred plants, making it a top-notch aid in the cultivation process.

Not only does it contain a high concentration of energy, but it is also a medicinal herb that can heal all kinds of diseases, so it is almost unattainable in the Eight Directions.

Everyone understands that after eating it, one's cultivation can increase by at least half a level, and even those with strong talent can be promoted to a full stage.

In terms of the eight worlds, a segment means something, it means that there may even be a spike in the situation.

In the past, there was a great deal of confusion among the people of the world about the nature of the world, and the people of the world were very concerned about this.

The gap between the holy dao, some people need to spend several years, but others may not be able to reach it even after a lifetime, which naturally aroused the dissatisfaction of the first peak elders.

Even the disciples who unanimously agreed to break the rules just now were quite dissatisfied.

The first is that the first two are not the same, and the second is that the first two are not the same, and the third is not the same.

The second elder, who had been helping, was also silent. The reward for the Ten Thousand Year Snow Congealed Grass was really too high, and even they, the elders, had never been qualified to touch it.

On the other hand, this kind of reward from the headmaster could already be judged as the fact that he was cultivating Qin Shang as the future head of the Void Sect.

"Senior brother, the Ten Thousand Year Snow Condensation Grass has always been a plant that only the future head of our sect can enjoy, and Qin Shang is only an incoming disciple now, isn't it too hasty of you to give it to her so early?" Elder Wu Yan also said softly at this point.

The headmaster smiled: "I have already made up my mind on this matter. Qin Shuang was injured by the Beast King in order to break the ban, and my reward for the Ten Thousand Year Snow Congealing Grass is only for her healing.

Hearing this, Elder First Peak wanted to say something, but Elder Wu Yan glared back.

"That being the case, then everything is subject to senior brother's arrangement." Wu Yan said softly.

The Ten Thousand Year Snow Congealing Grass, which was used to heal injuries, would indeed not have too much of an ungodly increase in his cultivation.

The most important thing is, to find out that the palm master gave this item, not in advance to determine the future palm master, everyone breathed a sigh of relief.

"Good, someone, hand over the Ten Thousand Year Snow Condensation Grass." The palm master gave an order.

As soon as the voice fell, a disciple slowly walked up with a mahogany Zen box in his hand, just as the palm master took the box and was about to hand it to Qin Frost.

At this time, a soft drink came from within the palace, "The palm master can give away the Ten Thousand Year Snow Congealed Grass, but Qin Frost, are you qualified to take it?"

The first thing that I want to do is to get rid of the old man.

The first elder reflected quickly, faking a cold drink to Cool-Son: "Cool-Son, no nonsense in the main hall, what you just said had better have a solid explanation, otherwise, when according to the rules of the door.

I'm not sure how much I'll be able to do, but I'm not sure how much I'll be able to do. I'm not sure how much I'll be able to do, but I'm not sure how much I'll be able to do.

"She is simply golden!!!"

As soon as the words came out, the crowd was furiously shocked, and even the headmaster was slightly surprised.

"Just a ridiculous whore who seduced slaves and disgraced my Void Sect, what makes her qualified to be rewarded by my Void Sect?"

"Seducing slaves?"

"No kidding? Sister Qinshang is so beautiful, can she seduce slaves? This rumor is so unbelievable, isn't it?"

Chapter 1715

"Everyone knows that Sister Qinshang is as cold as ice, and outsiders can't even say hello from afar, not to mention accosting her at close range."

Many of the disciples were skeptical at first, and all of them commented.

The first thing I noticed was that there were a lot of people who were not afraid of the world, but who were not afraid of the world. When we went to the Hundred Beasts Forest today, all the disciples present saw with their own eyes that Qin Shuang was being pressed by a slave, and if we hadn't arrived, I'm afraid they would have been forced to do something unpleasant.

"May I ask, is such a person qualified to take the Ten Thousand Year Snow Condensation Grass of my Void Sect?"

This is the first time I've ever been in a position where I can't believe that my goddess has done such a scandalous thing, and that it's a slave.

The first thing you need to do is to take a look at the newest products.

At the same time, the Ten Thousand Year Snow Condensation Grass is such a precious thing that Cool-Son Ye won't allow anyone other than himself to get it, and if someone wants it, he will definitely destroy that person, even if it's Qin Frost that he likes.

He has always been selfish, otherwise, he would not do anything to betray Qin Qingfeng, in his eyes, only what is in his own interest is the right thing.

"Ye Geocheng, you should be less bloodthirsty, if you want to speak nonsense here, don't blame me for being merciless under the sword." Lin Mengxi, who hadn't spoken at this time, shouted angrily.

"I'm not sure if I'll be able to do that, but I'm not sure if I'll be able to do that. The Second Peak Elder said disdainfully.

The Third Peak Elder echoed: "It seems that someone is dissatisfied with Qin Shang getting the Ten Thousand Year Condensation Snow Grass and is worried that his cultivation will be left far behind by Qin Shang in the future, so he is biting people here."

The two uncles, I've never wronged anyone. The scandal at that time was witnessed by all the disciples who have been to the Hundred Beast Forest today, including the Master of the Preceptor Academy."

As soon as the words fell, a small portion of the disciples in the crowd lowered their heads helplessly, apparently acquiescing to the incident.

Even the headmaster nodded gently as he looked at Wu Yan.

"Hmph, sometimes seeing is not necessarily believing. Everyone knows that Qin Frost broke the Dead Spirit Forbidden Area with great loss and was seriously injured by the Beast King, in that situation, it's normal for a slave to bully Qin Frost for a while." The second elder said coldly.

"Yes, Senior Sister Qinshang is so beautiful that even men covet her beauty, so it's normal for someone to take advantage of her."

"Sister Qinshang is only a victim, we should pull that slave out, cramp and skin her, no matter what!"

The disciples were impassioned.

Ye Liao Cheng laughed disdainfully: "At first we also thought so, and even what I did was the same as all of you, I vowed not to stop until I killed that damned slave, but the problem is, just as I was doing it, Qin Frost fought with her life to protect her little white face, and in front of everyone, she said that she did it voluntarily, this, Sister Qin Frost should not deny, right? "

With Ye Liao Cheng's question, everyone focused on Qin Frost's body, and to their shock, Qin Frost nodded resolutely: "Yes!"

"I'm sure you'll find that I'll be able to do a lot more than that," she said. "Shouldn't she, in fact, be punished?"

Lin Mengxi's face was ashen, staring at Qin Frost with a pale face, and the Second and Third Peak Elders also looked at her with cold and disappointed eyes.

They couldn't understand, how could Qin Frost do that?

She's the future of the Void Sect, how can she hook up with a slave who doesn't know what she's doing?

"I didn't expect Sister Qin Frost to be such a person, what a shameless ah, screwing with a slave, what a loss."

"Oh, usually pretend to be noble in front of us, but did not expect to be a whore in private, even the slaves but also let go."

"Really know the face of the person does not know the heart, since even the slave looks on, I guess in private also do not know how many other men drained. According to my estimation, all the male disciples of the four peaks are having an affair with her."

"A man can be a man's man thing, what qualifications do you have to be broken into the hall disciples, but also to take ten thousand years of snow curdling grass, I pooh, such people should be expelled from the Void."

"Right, expel from the Void Sect!"

I don't know who shouted, and more and more disciples shouted in unison to expel Qin Frost from the Void Sect, watching their goddess end up being such a person, countless people suddenly turned to hate because of love.

The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

The entire palace was filled with verbal and physical abuse of Qin Frost, and the crowd was outraged, causing chaos for a time.

At this moment, at the back of the crowd, a figure suddenly stepped forward slowly.

Chapter 1716

"As I said earlier, seeing may not be believing, so hearing may not be believing."

A nice and neutral male voice, at this time properly sounded, the crowd looked back, a collective quiet, not that this person's identity is so noble, but, this person's identity is really low!

Ye Gucheng's face was cold: "It's this slave, the adulterer of Qin Shang."

As soon as the words came out, some impulsive disciples were about to rush to hit Han Qianqian, and if not for the other disciples around, the scene would have been in chaos.

"Kill this b*tch!"

"Shoot him!"

Even though there were people stopping them, there was no lack of shouting and fighting inside the disciples.

Qin Shang looked at Han Qianqian in surprise, what was he doing out at this time? In the face of a thousand accusations, Qinshang never regretted what she did, of course, she can deny everything that Cool-Son Yeh said for the sake of immediate benefits, no one can take her, and it will not affect her next step to the sky.

But she understood that she could not do that.

Firstly, Han Qianxiang would be in danger, and secondly, her conscience would hurt.

Han Qianxiang gave up his life to save his own, but he had to abandon him and even frame him for injustice, which Qin Shuang was unwilling to agree to even if he died.

Therefore, even if she is mocked by ten thousand people as a slut, she will not regret it in the slightest.

But at this time Han Qianqian appeared, making her feel a little uneasy inside!

The Master raised his hand and looked at Han Qianqian, "Do you have something you want to say?"

The Master was also very embarrassed, Qinshang's performance made him really happy, but Ye Liao Cheng's words were tantamount to giving him a blow to the head, he also hoped that the appearance of Han Qianyang could improve the situation, so he stabilized the scene and gave Han Qianyang a chance.

"Report to the palace master, in fact, that day, after breaking the ban, Sister Qinshang was seriously injured, I as a slave originally wanted to take care of my master, but to tell the truth, Sister Qinshang is really too beautiful, three thousand is a young man, and is a slave, the heart is not very stable at all, so I lusted for a moment, so"

Hearing this, Qin Frost looked anxiously at Han Qianqian, how could he say that? Does he have any idea of the dire consequences of his words?

That's not just expulsion from the school, it's being k*llled!

"Don't listen to his nonsense" Qin Frost hurriedly discriminated.

The company has been in the process of developing the new product for the past two years, and is now in the process of developing the new product for the next two years. I may be a slave, but I am also a normal man, you should understand that, right?"

Theoretically speaking, if it were any one of them, they probably wouldn't be able to hold themselves back, after all, Qin Frost was too beautiful.

Seeing the reactions of everyone present, Qin Frost panicked even more, and she looked incredulously at Han Qianqian, frantically questioning him with her eyes as to what he was doing!

Ye Guocheng also panicked at the situation and forced a smile, "Han Qianqian, you dare to talk nonsense in front of the headmaster, how dare you. I ask you, if the matter is as you say, then why did Qin Shuang admit that she voluntarily performed that illicit deed with you?"

"Sister Qinshang is kind-hearted, there is one thing that Senior Brother Ye should not forget, after all, when I encountered Big Pegasus, I also counted myself as a protector of the Lord, so she was momentarily softhearted, this is something, Senior Brother Ye will not deny, right?" Han Qianli laughed softly.

This sentence instantly blocked Ye Lone City's mouth, he didn't want to dwell too much on the matter of Big Pegasus, after all, he was not good at explaining.

Once he admitted that he was there in the first place, it would be difficult for him to justify leaving quietly in the middle of the night, and it might affect his reputation then.

Seeing that Ye Liao Cheng had nothing to say, Han Qianqian smiled: "So, the truth of the matter is that I was lustful and made a big mistake, and Sister Qinshang remembered that I had helped her before, so she was momentarily kind-hearted, so she was willing to use her reputation to block the knife for me, but I didn't expect to cause such a big commotion."

After hearing Han Qianqian's words, the disciples suddenly realized that this was the truth of the matter.

"It seems that Senior Sister Qinshang is not only not the kind of slut we talk about, but also a good person with a cold face and a warm heart, Senior Sister Qinshang, I'm sorry, we misunderstood you."

"Yes, Senior Sister Qinshang can be so open-minded for a slave, she is simply a model for my generation."

Seeing Qin Frost's wind rapidly reversing, Ye Liao Cheng's anger is speechless, the whole person is almost suffocated, at first in the Hundred Beasts Forest was like that, now back to the palace and so, the key Han Qianqian said and justified, when really God is also him, the ghost is also him, everything depends on that mouth.

The first time I saw it, I thought it was a good idea to have a little bit of time to get it all out of my system.

Chapter 1717

Hearing this, Qin Frost's entire heart was cut like a knife, and his eyes were filled with tension as he looked at Han Qianli.

It is already a very serious crime to be committed above a slave, and if there is any slightest intention, it is simply the most important of all.

Qin Shang was about to explain, but Han Qianqian just smiled and interrupted forcefully: "Yes, as the saying goes, if you die under the peony flower, you can be a ghost.

The company's main business is to provide a wide range of products and services, including a full range of products and services, including a full range of products and services, and a full range of products and services.

Qin Fang looked at Han Qianqian furiously, and although she was angry, her eyes were filled with heartache as she looked into Han Qianqian's eyes.

In the Hundred Beasts Forest, he had already risked everything to save himself, and it was hard for him to save his life, but he had to give it away in vain?

His own reputation is important, but is it more important than his own life?

Qin Frost wanted to rush out and explain the truth, but Han Qianqiang kept quietly looking at him, conveying his meaning with his eyes.

"To the end of your life, you still have the audacity to speak out, someone, arrest him down and execute him on the execution platform." Ye Guocheng shouted violently.

A few disciples just went forward, but Han Qianqian spoke out, "Wait!"

"What? Scared? If you're afraid, tell the truth quickly." Ye Guocheng drank.

Han Qianqian's eyebrows furrowed slightly: "Sorry, in my dictionary, there is no word fear, the reason I call wait is to ask, what qualifications do you have to punish me?"

"There is the head of the sect at the top and the elders of each sect at the bottom, so it's not your turn, is it, Cool-Son Ye? Or, are you in the eye of the beholder? Not them at all? I'm guilty of being a subordinate, but what you just did, wasn't it?"

The first time I saw him, he was in the middle of a fight, and the second time I saw him, I was in the middle of a fight.

"Lone City is not because you are a disobedient slave, a moment of anger and frustration, that you forgot the rules?" The first peak elder then hurriedly stood out, then, bowed to the palm gate: "Palm gate, I am also in a hurry, no offense was intended, please forgive palm gate senior brother."

I'm not sure if I'll be able to do that, but I'm sure I'll be able to do it in the next few days.

The headmaster's eyes flashed with a hint of laughter that no one else noticed, and then waved his hand: "Two junior brothers, don't be alarmed, I should know how well Gucheng Ye behaved under my disciple, and I will not blame him. As for Han Qianqian,"

"Master, Han Three thousand subordinates are guilty of a great crime and should be forbidden to skin and purify their souls." Ye Guocheng said.

Han Qianqian laughed disdainfully: "Look, here we go again, the headmaster hasn't even finished his sentence, do you know how to respect your master."

"You!!!" Ye Guocheng was enraged.

"palm gate, in fact, this time the forbidden place of the dead, also thanks to Han three thousand help, otherwise, only rely on Frost's strength alone, it is also completely impossible to retreat beast king, break the forbidden place, Han three thousand, although there have been, but also have great merit, also ask the palm gate to remit Han three thousand punishment, in order to offset the merit." Qin Frost couldn't help but kneel down and plead for mercy at this point.

The first thing that I want to do is to tell you that I'm not going to be able to do anything about it.

The company has been in the process of developing the new product for the past few years, and the company is now in the process of developing the new product.

As soon as this was said, a disciple followed Ye Guocheng's disdainful sneer.

Qin Frost turned back slightly and looked at Ye Guocheng: "Put away your evil thoughts, not everyone is as full of filth as you are, what I just said is just the truth."

"Joke, Qin Frost, do you really treat us like three-year-olds? Han Qianqian is a mere slave, and he helped you break the Dead Spirit Forbidden Zone? I'd like to ask you how he, a slave, has helped you? Is tea being served? Or did you pour the water?"

Slaves were the lowest class of people, and even if someone was willing to teach them spells, they were often so poorly endowed that they couldn't fix them at all. Even if someone was willing to teach them magic spells, they were often so poorly endowed that they could not cultivate them at all. Therefore, slaves often had no ability to fight, at least in their eyes.

Therefore, when Qin Frost said that Han Qianqian also helped, the disciples naturally sneered and laughed, not taking it seriously at all.

"So, it's not the truth at all, it's just Qin Frost deliberately making up some excuses in order to help this slave." Ye Guocheng disdainfully said.

Qin Frost forcibly suppressed the anger in his heart, looked at the head of the sect and explained, "Head of the sect, it is true that Han 3000 is only a slave, but I have taught him the Void Sect's introductory technique, and he has a good talent and learns quickly, so he has made great achievements in the Land of the Dead, and the disciple will never lie here."

The Forbidden Land of the Dead Spirit was broken by Han Qianqian, so naturally he made a great contribution to it. This point, Qin Lang indeed did not lie, and also the confidence in her words.

Ye Guocheng sneered: "Sister Qinshang praised Han Qianli as so capable, fine, if Han Qianli is really that capable, then take my three moves. If he can catch them, your words can convince the public, if he can't, your so-called claim of merit will be broken."

"You!!!" Qin Shang was furious, Ye Lusheng's cultivation, not to mention to Han Qianqian, even to the entire Void Sect's introductory disciples, is a crushing existence, isn't this obvious bullying?

"If he can take the three strokes of Ye Guocheng, which proves that what Qinshang said is not true and that his merits and demerits offset each other, he can be spared his life. The first Peak Elder spoke up to help his disciple.

The glory of the four peaks, of course, he did not want to be accomplished in vain.

The headmaster nodded and smiled slightly, "Then Han Qianli, are you willing?"

Han Qianli laughed gently and shook his head, "No!"

The words of Han 3,000 suddenly drew laughter, Ye Kucheng is more proudly raised his head, condescending, full of disdain, a time Han 3,000 really leak filling, Qinshang deliberately shield, shameless voice reviled in the ear.

Just at this time, Han 3,000 spoke again: "The reason why I'm reluctant, mainly because I'm afraid that after taking Brother Ye three moves, Brother Ye, this old face, there is no place to put it, that is not a loss of Brother Ye's face."

Chapter 1718

Boom!!!

Han Qianqian's words were like a thunderclap on the ground, shocking everyone present with their mouths agape!

Hubris!

So arrogant that it's ridiculous to be arrogant!

How dare a little slave dare to be so bold and brazen, completely disregarding Cool-Son Ye, one of the three genius disciples of the Void Sect!

The reason for his reluctance is that he is afraid of losing face with Cool-Son Yeh!

"Boy, you're too damn good to brag, aren't you? Are you still afraid that Brother Ye will lose face? Sh*t, I guess you're still worried about losing your life."

"Yeah, that's pretty bold, taking three strokes? I don't think you can even catch a single move!"

"This slave really doesn't know what he's talking about, and this breath is bigger than my foot!"

The crowd of disciples reviled and criticized, Lin Mengxi looked at Han 3,000 with some concern and disappointment, although she instructed Qin Shang to teach Han 3,000 the basic entry-level skills, but that was only an entry-level skill, compared with a formal disciple like Ye Guocheng, not a little bit behind.

It was already very good to be able to take one move, but she dared to presume to take three moves, which was simply a bit ungrateful!

"Han Qianqian, aren't you afraid to speak out of turn? Afraid of Ye's disgrace?" Ye Liao Cheng disdainfully scratched his ears, just like looking at ants, and looked at Han Qianqian with disdain.

Han Qianqian just smiled and nodded, "Although it's true that I haven't learned much, and I can't compare to a genius like Sister Qinshang, I think I'm enough to deal with some trash. Moreover, we haven't fought yet, and it's still unclear who will be bragging in the end."

Hearing this, Ye Guocheng's teeth clenched, "Stinker, you're too crazy, I, Ye Someone, can't defeat you within three moves today, I don't believe in Ye!"

"Then it's good for you to take my surname, Han Guocheng, it's quite catchy." Han Qianqian laughed disdainfully.

Ye Kucheng stopped talking nonsense and steeply transported his body's energy, his entire mana finger pinching.

"Heavenly Light Break!"

Ye Jucheng's first attack was almost merciless, directly offering the Voidless Sect's intermediate offensive spell, intending to strike Han Qianqian without giving him any chance to turn back.

The blame should be on Han Qianqian's own stinky mouth, seeking death so quickly!

Suddenly, a cold light burst out of the palace, the temperature dropped, and a silver light burst out from the magic finger and blasted Han Qianqian.

At this time, Han Qianqian forcibly brought up all the energy in his body, aimed at the silver light, and used his own learned primary offensive technique to blast at it!

The silver light and the ice sword collided instantly, and in just a moment, the silver light broke through the ice sword and hit Han Qianqian's body heavily.

Han Qianqian's entire body flew several meters backwards and smashed heavily into the ground, not moving a muscle!

"Brother Ye Gucheng is good, truly worthy of being a genius of my Void Sect, this Heavenly Light Break is simply powerful!"

"Haha, just now that cheap slave even claimed to carry three moves, but he was beaten down in one move."

The crowd of disciples saw Han Qianqian being knocked to the ground in one blow, and shouted in support of Ye Guocheng, Ye Guocheng smiled gently with pride, and the few elders headed by the first peak also smiled, Ye Guocheng's performance, they were very satisfied, the Heavenly Light Break was skillfully used, and the power was really amazing, he practiced very well!

Qin Shang looked at Han Qianqian nervously, feeling very sad for a moment.

Just at this time, Han Qianqian suddenly gave a cry, then slowly sat up from the ground and shook his head: "Senior brother, haven't you eaten? Is that all the strength you have?"

As Han Qianqian stood up, Qin Frost's entire body turned from sadness to happiness, and the group of disciples were even more jaw-dropping!

How is this possible!

In the face of such an astonishing attack from Heavenly Light Breaker, Han Giangli, a slave, was able to get back up after being knocked down!

There were quite a few disciples present who didn't dare to think that they could stand up under that attack and still have the strength to do so!

But Han Qianqian stood up, and was mocking Cool-Songyi with all his life.

After being slightly shocked, Ye Guocheng laughed coldly: "Brat, your life is quite cheap. Just now was just a small test, after all, a second move to kill you is really too cheap for you, now, you absolutely will not have the strength to get up again, I guarantee it, Ye Kucheng!"

After saying that, Gucheng Ye's face was solemn, and his body even rose up in the air, making several postures in mid-air, Han Qianli noticed that there was a blue aperture rising from under Gucheng Ye's feet in the air.

"Earth Destruction!"

With a soft drink from Ye Guocheng, the blue circle of light suddenly shone brightly, and slowly surrounded Ye Guocheng's entire body, at this time, Han Qianqian, gritted his teeth, eyes converging to stare forward.

In fact, that attack, Han Qianqian has already suffered a big loss, he came out to take the blame for Qinshang, that is because he owes her, Han Qianqian this person, always does not like to owe others, but he had to take Ye Guocheng's three moves, but in order to save his own life.

So, the first strike, he had already taken it very seriously, but what he didn't expect was that the energy gap in the Eightfold World was much larger than in Xuanyuan World, and if it wasn't for the protection of the Golden God, Han 3,000 would have been able to say goodbye to the Eightfold World with one strike from this guy.

So now, Han 3,000 knew that he wouldn't hold back much, and he needed to take this move with his whole body.

Chapter 1719

At this time, Ye Guocheng's body full of blue light had all been incorporated into his hands, aimed at Han Qianqian, and all the blue light instantly erupted.

Even though Han Qianqian was far away, he was still blown by the wind speed from the impact of the blue light, causing his entire face to hurt!

"What a strong force, it's just a strong wind, but it's already as sharp as a knife." Han Qianqian was horrified, and at the same time, she forced the golden energy in her body to try to resist Ye Guocheng's fatal blow.

"Han Qianli, be careful!" Qin Frost shouted urgently.

"Boom!"

When the blue light arrived, it directly engulfed Han Qianqian's entire body, and then swept him away in an instant.

After the blue light passed by, the strong wind even swept up a large portion of the tiles on the hall, then the ferocious blue light swept up for tens of meters and then scattered, while Han Qianqian's body, like a piece of paper in a tornado, flew several meters and finally hit the ground.

"Heavens, Senior Brother Ye Gucheng has even comprehended the highest arcana of the Void Sect's intermediate spells, Earth Destruction, this is simply too terrifying."

"This Earth Destruction Technique is really strong, just being next to it can make you dizzy from the wind strength."

"Haha, Senior Brother Ye Gucheng is so young and has already cultivated such a superior technique, he is simply an exemplary model for my generation, it is estimated that throughout the entire Eight Directions World, there are very few people who can achieve such divine speed."

"This is a truly strong person."

The disciples gawked and exclaimed, the first peak elder and others were now nodding their heads madly with pride, they were very satisfied with this move of Ye Longsheng.

The headmaster smiled faintly, to be able to understand the ultimate move of intermediate spells at such a young age, it had been a long time since such a talent had appeared in the Void Sect.

Qin Frost was the only one who didn't focus on Cool-Songyi, she kept looking at the ground worriedly, Han Qianqian's body was covered with dust and wretchedness, and a large puddle of blood around his body told what kind of injuries Han Qianqian had gone through.

When Ye Kucheng's sight came into contact with Qin Lang, he found that she was just looking at Han 3,000 with worried eyes and was very dissatisfied.

However, Han 3,000 yuan has been killed by himself, so he also took out a fierce breath of anger.

In addition, his strike also made Qin Frost's remarks suspected by everyone, and even more in front of so many people, the limelight, Ye Lone City simply do not be too proud, coldly snorted and said: "Not survey a blow of the trash!".

"Brother, aren't you a bit handicapped in math? Was it a hit? You've already struck twice."

A laugh came from the crowd, who looked around, but did not find the source of the sound. Some thought it came from the direction of Han Qiangli, but Han Qiangli had been killed, so how could he speak? Even if he hadn't died, it would have been very difficult for him to vent his anger, and he would still have the strength to speak.

"You are still short of the last strike, three strikes can't even kill a slave, I think this dog P Void Sect's three genius disciples, simply cancel your name, otherwise, say out how humiliating is it?"

Under the delighted and unbelievable eyes of Qin Lang, Han Qiangli stood up trembling slightly, and although his whole body was trembling, he bit his teeth and held on to it.

The clothes that Han Qianli had been forced to put on by the Void Sect disciples on his way back were now shredded at the chest, and the collar and shoulders were stained red by the blood from Han Qianli's mouth!

If he hadn't kept his eyes open, he would have been no different from a dead man.

"This"

The Void Sect disciples stared, almost unbelieving the fact that under a blow from Earth Destruction, Han Qianxiang could still stand up!

All the elders present, including the First Peak Elder, also frowned, and the Sixth Peak Elder even wiped his eyes in disbelief, thinking that he had really misjudged the situation.

But the fact was, Han 3,000 really stood up.

On that Azure Earth, Han 3000 had been humiliated by the Earth Central Three Strikes, and now he was facing such a situation on the Void Sect, which was too familiar to Han 3000, but the familiar beginning would never have a familiar ending on Han 3000.

"Senior brother, please give me some strength, really, two moves can't kill me as a slave, I'm really ashamed of you." Han 3,000 yuan said, disdainfully spitting a mouthful of blood on the ground.

"Ah!!!" If the first move, he more or less retained his strength, then the second move, he really did his best!

But why was Han Qiangiang still able to stand up under his full power? For the first time in his life, his Waterloo would have fallen to a slave!

"You really are a bitch with a cheap life, well, you forced me to do it, Han Qianqiang!"

Chapter 1720

"This"

"This is unbelievable, my God."

A group of disciples were suddenly amazed, the Six Harmonious Mirror Method, the Void Sect's high level spell, a truly powerful attacking divine technique, but needing to learn this kind of it, in addition to an amazing talent, more importantly, the foundation of their own work is more solid.

This is because in order to activate a high-energy, high-attack spell, it is necessary for the caster to have a solid foundation. What is required is that the caster himself has a strong foundation to guide, and at the same time, needs a strong body to support it, otherwise, if you force it, not only will it be impossible to stimulate, even if it is possible, it will often explode and die because it cannot be supported.

Therefore, formal disciples are generally shy away from all kinds of advanced spells and cannot be touched.

Even if they passed the main hall examination and became a disciple of the main hall under the master's disciple, it often took a long time to accumulate. But Ye Liao Cheng was able to release high-grade spells even before the entrance exam, which was astonishing.

Not only were the disciples like this, but the group of elders also opened their eyes slightly, unable to believe it.

According to the history of the Voidless Sect, even the disciples who entered the palace could not believe it. Even the disciples who entered the palace had to spend several years under the teachings of the palace master and with the help of the Voidless Sect's growth aids, but Ye Guocheng had already mastered it so early.

To describe it as astonishing, it was not an exaggeration at all!

The first peak elders and those few elders who were in the same faction as him, after being shocked, they were more excited and clapped their hands and shouted, this is a disciple of their own, with a long face.

"I didn't expect that Ye Guocheng has already mastered these spells at such a young age, this son's future is indeed boundless." The Second Peak Elder shook his head slightly. He couldn't help but envy it.

"You and I, a few of us, only mastered the Six Harmonious Mirror Method a full thirteen years after we first worshipped in the main hall, and at that time it was far less skilled and powerful than what he is releasing today, once this son enters the main hall, with the entire Heaven and Earth treasures of my Void Sect to cultivate, it is very likely that he will become the first person in our sect for several hundred years." The Three Peak Elders also nodded heavily.

Lin Mengxi didn't say anything, her eyes only slightly looking at Han Qianqian.

A small slave, not to mention carrying Ye Guocheng's two strikes, even if he could withstand two strikes from other ordinary disciples, it was already a great success.

Therefore, from Lin Mengxi's point of view, Han 3,000 was indeed a talented person, and she began to understand Qin Qingfeng's willingness to accept him as a disciple and the Master's request for him to teach Han 3,000 in private.

Now it seems that she was wrong about Han 3,000, and if she cultivates him in the future, he should have a bright future too. Unfortunately, for now, Han 3,000 had no future.

Under the attack of the Six Harmonious Realm Law. How can he be finished?

As elders, Lin Mengxi and the others knew the power of the Hexagonal Law better than anyone else, and it was impossible for Han Giang to survive such an attack.

That's right. Was any, with Lin Mengxi's character, she would never rashly judge anything, even if the two attacks that Ye Guocheng had just made on Han 3,000, she also hadn't judged. Although, for many people, that was simply an unsuspecting crush.

But now, Lin Mengxi had made a decision.

Because she understood too well the devastating damage caused by the Six Harmonious Mirror Method.

At this time, the wind had already reached the level of a hurricane, and many ornaments in the palace were shaking constantly, which might be sucked away by the hurricane at any time.

In the next second, the hurricane suddenly stopped. Immediately before Ye Guocheng, the point of the Six Harmonies, the light was suddenly victorious, six attacks converged on one place, forming an extremely powerful attack directly on Han 3,000.

The power was turned into six unions. In this way, the energy could be instantly multiplied several times.

Han Qianqian's entire body was completely blown away by the wind, and he was like a fool in the eyes of others, not dodging or flinching.

Han Qianqiang sat slowly, although he had not been in the Eightfold World for long, he knew that the Eightfold World's power was so strong that he could not imagine it, and he did not expect to succeed in escaping from such an attack, nor did he expect that he could rely on the little golden energy in his body to protect him intact.

"Han Three Thousand Year, dodge." Lin Mengxi was so anxious that she couldn't help but cry out.

She had always been calm and steady, but now she was sweating for Han Qianli.

But Han 3,000 only closed her eyes, while gently gesturing in her hand in a gesture she couldn't understand, immediately after, a golden light floated on Han 3,000's entire body. It was just that Ye Lone City's energy was so powerful that people ignored its presence.

Boom ! ! ! !

Almost immediately, the huge attack also swept right past Han Qianqian. The headmaster hurriedly moved his hand, using his own energy square to control the energy that had been spreading, so as not to damage the main hall.

As the energy passed, the dust and smoke rolled, and Ye Guocheng proudly withdrew his hand, his eyes full of pride.

He was also recently comprehended the Six Harmonious Mirror Method, and originally wanted to make a splash when entering the hall, but did not expect to be forced by a slave to use his trump card.

It's a bit of a pity, though. But it doesn't matter if Ye Kucheng thinks about it, after all, he just as completely made his astonishing move in front of the Void Sect's crowd.

"Brother Ye. Strong, I didn't expect you to have even learned the Six Harmonious Mirror Method back, it really is the future of my Voidless Sect."

"I also believe that in the future, Senior Brother Ye will be able to lead our Void Sect back to the top of the great sect."

"Who says it isn't. Brother Ye can not only lead our Voidless Sect to prosperity in the future, he can even shock the entire Eight Directions World, this is a genius among geniuses."

All the disciples hurriedly complimented in a joyful voice, and Ye Guocheng was very happy.

The first peak elder also raised his eyebrows and stood out: "Oh. According to me, Lone City has even learned the Six Harmonious Mirror Method, he should also make an exception and become a disciple of the hall, after all. He is relying on his hard-earned strength to show, unlike some people, who may have just played a little trick and had a little luck. He may have broken a forbidden area that none of us saw."

As soon as this was said, the Five Peaks Elder immediately asked for instructions, "That's right, palm master, Ye Liao Cheng has already completed the homework at the formal disciple stage that it takes more than ten years for an incoming disciple to reach, it's really unreasonable not to enter the main hall."

"Brother palmist, Fifth Senior Brother and First Peak Senior Brother are right." The Sixth Peak also echoed at this point.

The headmaster smiled and looked to the side of the ringmaster, but what he didn't expect was that Wu Yan of the ringmaster also nodded his head at this time: "Headmaster senior brother, Lone City already knows the Six Harmonious Mirror Method, it is a rare genius, it should be a special exception."

"If this kind of talent is not cultivated, wouldn't it be my Void Sect's profligate waste of natural resources?"
