

## His True Colors Chapter 172-182

### Chapter 172

When Xie Jingyan received the call, he was exchanging cups with a group of friends from the mall, now that the Su family was showing signs of pouting because of the west side of the city project, he naturally wanted the Xie family to get better, so he had been licking his chops and meeting a lot of big names from the mall for a while now, and had also compensated with a smile and a lot of whispering, in order to be able to make the Xie family's status in Cloud City higher.

Xie Yifu's offense against Mo Yang almost ruined the Xie family, it was good that nothing big happened, Xie Jinyin had also severely taught Xie Yifu a lesson, he believed that this daughter of his family had been taught enough lessons.

But this phone call came, and Xie Jinyin's face instantly turned pale.

Although Xie Yufu hadn't mentioned what had happened on the phone, asking him to go to the Devil's Capital, this was clearly something wrong!

And the Devil Capital is Mo Yang's territory, so it's not like he's offended Mo Yang again.

"Old Xie, what's wrong with you, why do you look so ugly."

"What's happened?"

"If something happens, give us a word, we'll definitely not stand idly by if we can help."

A few of the drinking buddies asked to Xie Jingyan.

Xie Hongyan shook his head and said, "It's nothing, my daughter called and told me to go home."

Xie Jingyan knew that it was fine for these laughing guys to add to the icing on the cake, but it was absolutely impossible to expect them to send charcoal in the snow, and it would be kind of them not to take the opportunity to step on two feet, so Xie Jingyan didn't dare to talk nonsense until he was sure what was going on, to avoid the walls falling down.

"It's about time, I'm going home first, I'll pay for this meal today, I'm really sorry everyone, next time I have the chance, I'll buy you drinks again." After Xie Jingyan left the hotel, he immediately drove to Mordor.

Mo Yang's two underlings were already waiting for Xie Jingyan at the entrance, at the sight of this row, Xie Jingyan couldn't help but break out in a cold sweat, it looked like it should be Xie Yifu who had caused trouble again.

When she arrived at the compartment, when Xie Jingyan saw Xie Yuefu, whose cheeks were swollen from the beating, the first time she didn't care about her physical condition because there was still Mo Yang in the compartment, which made Xie Jingyan almost faint.

"Xie Yufu, what the f\*ck did you do again, didn't I warn you to stay out of trouble? Do you have to get the Xie family killed to be willing?" Xie Jinyin cursed harshly.

Xie Yufu cried out at the sight of Xie Jinyin, if she had known that Han Giang was so powerful, why would she have done such a stupid thing?

Her eldest daughter was used to acting like a wimp and thought that Han Sangsang was a wimp even if she was valued by Tianchang Sheng, so that's why she wanted to teach Han Sangsang a lesson.

But she now finally understood that Han 3000 was by no means just valued by Tianchang Sheng.

"Dad, save me." Xie Yifu cried out in pain.

Xie Jingyan took a deep breath and walked up to Xie Yuefu, pulling her hair and saying, "Kneel down and apologize to Boss Mo Yang yet."

Mo Yang waved his hand at Xie Jinyin and said, "What apology with me, your precious daughter didn't provoke me, but she provoked someone who the Xie family can't afford to provoke even more."

Someone even more unbearable to mess with, is he even more powerful than Mo Yang?

Xie Jingyan's heart was cold, this matter was clearly more serious than last time, but the Xie family was going to be killed by Xie Yufu.

"Boss Mo, who has she messed with, I'll personally apologize, please give the Xie family a chance." Xie Jingyan said.

"Are you blind and sitting right next to me without seeing it?" Mo Yang said speechlessly.

Xie Jingyan subjectively thought that the biggest person in this compartment was Mo Yang, and naturally focused all his attention on Mo Yang, only after being told so by Mo Yang did he see Han Qianxiang beside him.

Xie Jianyan was still very familiar with Han Qianxiang, he personally saw Han Qianxiang sitting next to Tianchang Sheng at his birthday banquet.

Recently, the rumors about Han Qianxiang in Cloud City's high society had been increasing, with all sorts of versions appearing endlessly, but there was only one result: everyone knew that Han Qianxiang would never be a wimp in Cloud City again.

Even if he really was a useless loser before, but being supported by the Heavenly Family, even a pile of mud could go up the wall ah.

"Han Three Thousand, I'll apologize for what my daughter has done for you," Xie Jingyan said.

"Smashing my car and finding someone to beat me up, this woman of yours is not just a brute." Han Qianli said indifferently.

Xie Yifu's princess temper was a result of Xie Jingyan's pampering, so how could he not know about it?

But after all these years, Xie Yufu was still considered to have polished her eyes and knew who could be messed with and who couldn't, so she hadn't caused much trouble for the Xie family and Xie Jingyan had let her go.

But now, Xie Jingyan could only regret that he hadn't disciplined her more before letting Xie Yufu get into such a big mess.

But there was one thing that Xie Jingyan couldn't figure out, Xie Yufu had also gone to Tianchang Sheng's birthday banquet, she knew how Tianchang Sheng treated Han 3000, so why did she want to provoke Han 3000?

"Xie Yufu, what grudge do you have against Han Qianqian, why are you doing these things, don't you know that Tian Laozi values him?" Xie Jingyan gritted her teeth and said.

Of course, Xie Yufu knew, but half an hour ago, she still didn't put Han 3,000 in her eyes, because she was arrogant and used to it, and Han 3,000's reputation as a wimp was too deeply rooted in her heart, so she thought that even teaching Han 3,000 a lesson wouldn't matter, and also that Liu Qi could take the blame for her, even if Han 3,000 asked the Tian family to help, and Tian Changsheng held her accountable, she could still put all the blame on Liu Qi.

How would Xie Yufu know that even Liu Qi would turn against her?

"What did you say, Xie Jingyan!" At this time, Liu Qi's temper suddenly exploded, but he didn't know about the relationship between Han 3000 and the Tian family, and Xie Jingyan's words were like a bomb to him.

Not only was Han 3000 a friend of Mo Yang's, but even Master Tian thought so highly of him!

"What are you?" Xie Jingyan faced Liu Qi's sudden harsh questioning and said with dissatisfaction.

"Who am I? I was f\*cking killed by your daughter." Liu Qi laughed hideously and couldn't help but lash out on Xie Jingyan, punching Xie Jingyan in the left eye.

Xie Jingyan, an old bone, could not resist Liu Qi's beating, covering his face and screaming in pain, then falling to the ground.

Liu Qi did not stop, walked to Xie Yufu, grabbed her hair, knocked Xie Yufu's head towards the ground, and said in a cold voice, "Fury woman, you are deliberately hiding it from me, I am so good to you, you still deliberately harm me, why don't you f\*cking die."

At this time Liu Qi had gone crazy, the most powerful Tianjia of Cloud City Mall, the most powerful Mo Yang of the Grey Zone, all offended at once, all because of Xie Yifu, how could he still maintain his sanity.

"Brother 3000, I'm an idiot, I'm a bastard, I'm just a loser, please spare me, I'll be a cow for you later, please give me a chance." After Liu Qi beat Xie Yufu painfully, his whole body trembled and said to Han 3,000.

Up to this point in his life, Liu Qi had never felt such intense despair before.

"Be a bull and a horse? What do you think of a dog?" Han 3,000 said.

Liu Qi was stunned, then lay down on the ground, breathing with his tongue out, and said, "Brother Three Thousand, do you see the resemblance? If it's not like that, I'll go back and learn it."

Lin Yong took a deep breath when he saw this scene, although Liu Qi had given up his dignity, I'm afraid that his future position in Cloud City would become uncomplicated.

After all, not everyone was qualified to be a dog for Han Qianqian.

From Lin Yong's point of view, this wasn't something to be ashamed of, but something to be proud of!

Unfortunately, he had been at Changbin's casino and missed this opportunity.

Han 3,000 stood up and said to Liu Qi, "Give you three days, I want to see the Xie family bankrupt, since you are a dog, you have to learn to bite."

"Yes, Brother Three Thousand, I will do it, I will do it." Liu Qi nodded his head like pounding garlic and said.

And this sentence was undoubtedly a thunderbolt from the clear sky for Xie Yingyi, he tried his best to hope to raise the Xie family's status in Cloud City, he didn't even want to lose his old face during this time, but all his efforts were ruined by Xie Yifu, there would be no more Xie family in Cloud City in the future!

After Han Qianli left the box, Lin Yong walked up to Liu Qi and said indifferently, "I envy you, ah, why should someone like you have such bad luck?"

At this time, Liu Qi still didn't know the meaning of these words, and only felt that it was a blessing to be able to keep the Liu family.

### **Chapter 173**

Dropping Han 3,000 off at the entrance of Mordor, Mo Yang asked, "Do you want to help Liu Qi, with his ability to deal with the Xie family, I'm afraid it won't be easy."

Han 3,000 smiled faintly and said, "No, what value does a dog have if it can't even bite people."

Mo Yang was stunned when he heard this and looked at Han Qianqian seriously, wanting to stop speaking.

"What's wrong?" Han Qianli was confused.

Mo Yang shook his head and said, "It's nothing, go home quickly, or your younger siblings will be worried about you again."

Only after Han Qianqian left did Mo Yang say to himself with a sigh on his face, "I was going to say that you possess the potential of a great baron, but with your identity, you shouldn't take this path. That ..... is the Yanjing Han family na."

After saying this, Mo Yang got goosebumps, although he had already guessed that Han Qianqian's identity was not simple, he never expected that his true identity would bring such a strong shock to him.

Although the Yanjing Han family wasn't the top existence in Huaxia, it was only one step away from the top of the pyramid!

The Lamborghini had been delivered to the 4S shop, and Han 3,000 ran all the way home, and when the security guard saw Han 3,000 on foot, he smiled and said, "Brother Han, it's a big night for exercise."

Han 3,000 yuan raised his hand as a greeting.

The security guard didn't find Han Three Thousand cold either, the Heavenly Family had already specifically instructed him to treat Han Three Thousand politely, so in his heart, it was already an honor that a big man like Han Three Thousand could wave to him.

Back at home, when Han Qianqian opened the door to his room, he was shocked beyond belief by the scene before him.

Where was the bed?

Why is the bed gone?

The heartbeat quickened in an abrupt moment, even as sweat broke out on the palms.

No way, is it okay to go back to the room?

Han Qianli swallowed his saliva, feeling dry, and went to gulp down an entire bottle of ice water, which calmed his excitement a bit.

The incident in Golden Bridge City hadn't been explained to Su Yingxia yet, so he didn't expect to be able to go back to his room and sleep so soon, and it came so suddenly that he didn't know what to do instead.

Creeping up to Su Yingxia's room door, his hands were trembling as he reached out to open the door.

With a gentle twist, the door opened.

As soon as it opened a crack, Han Giangli heard Su Yingxia's voice coming from the room, "What have you been doing, coming back so late."

From what I could hear, Su Yingxia's tone was somewhat grumbling, but she wasn't really blaming him either.

Han Giangli hurriedly opened the door and walked in, there was no floor, but there was obviously an extra pillow on the bed, which made his heart happy.

"Still not sleeping, don't you have to get up early tomorrow?" Su Yingxia glared at Han Qianli and said.

Han Three Thousand nodded repeatedly and said, "Get up early, of course, it's been a long time since I went for a morning run, my body is failing lately."

Sitting on the bed, Han Qianli felt an incomparably solid feeling.

Su Yingxia was on her side, and after feeling Han Three Thousand lying on the bed, her heart began to worry, she was afraid that Han Three Thousand, a big pig's hoof, wouldn't even notice that the red line on the bed sheet had disappeared.

Sure enough, when Su Yingxia heard the cries coming from her ears, she wanted to kick Han 3,000 out of the bed, and this guy really didn't even notice?

Su Yingxia gritted her teeth, with a fierce look on her face, and her heart lined up that Han Marchant was not a man, not even the least bit active.

The first thing you need to know is that you can't go back to your room, but you can.

This unreal conjugal relationship started with Su Yingxia's grievances, subjecting her to blank stares and ridicule, so from three years ago, Han Three Thousand had never thought of forcing her to do anything.

Even now, Han Three Thousand's thoughts remained unchanged, perhaps only when Su Yingxia really couldn't stand it anymore one day and pressed Han Three Thousand to the bed, would he snap back to his senses.

The next day at six o'clock, Han 3,000 was the first to wake up, feeling a thigh pressed against his chest, not the slightest bit uncomfortable feeling, but instead, the body and mind is unusually relaxed.

When the alarm went off, Su Yingxia retracted her leg and went to wash up with a blush on her face, clearly shy.

After they both tidy up, they go out for a morning run together, during which they encounter someone Han Qianli didn't expect, Kong Wu.

When Kong Wu saw Han Three Thousand, he enthusiastically walked up the hill and shouted, "Brother Han, sister-in-law."

"You came for a morning run too?" Han Qianli was puzzled and asked, a guy like Kong Wu should be a veteran of the night scene, why would he be running so early in the morning?

Kong Wu certainly wasn't the type of person to exercise, if he hadn't heard from the security guard that Han Giang was likely to show up at this hour, why would he be so early.

"Han, I'm not hiding it from you, I'm waiting for you here, I'm not disturbing you and your sister-in-law, right?" Kongwu said.

"Excuse me." Han Qianqian said mercilessly, he also hadn't jogged with Su Yingxia for a long time, Kong Wu appeared, undoubtedly being a light bulb ah.

Kong Wu didn't expect Han Qianqian to reply so simply and directly, looking embarrassed and at a loss for words.

Su Yingxia knew about Kong Wu, although he hadn't dealt with him, he had heard of him, and the Kong family was also a very powerful family in Cloud City, seeing Han Qianli treating people so rudely, he glared at Han Qianli and said to Kong Wu, "No bother, do you have anything to find him?"

How could Kong Wu dare to speak, his mind was on thin ice, he was here to make some connections with Han 3000, but now, it was clear that he had already made Han 3000 unhappy.

"Sister-in-law ....., did I really not disturb you?" Kong Wu said with a guilty conscience.

Su Yingxia looked at Han Qianqian, Han Qianqian smiled bitterly, his wife had spoken, what else could he say.

"Just tell me what you're looking for me for, don't waste my time." Han Three Thousand Thousand said.

Kong Wu let out a sigh of relief and said, "Brother Han, there's a party tonight that I'd like to invite you to."

"What type of party?" Han Giangli asked, now that he could go back to his room and sleep, he wasn't interested even if he was invited to the Peach Banquet, but Su Yingxia obviously didn't want him to turn it down too readily.

"It's just a gathering of a bunch of young people, those rich kids from Cloud City." Kong Wu said.

Han Giangli was about to shake his head when he suddenly felt a stern gaze seemingly staring at him and could only say, "Fine, but it can't take too much time, I have to go home early."

"Fine, fine, I'll arrange for the party to start early, I won't delay you for sure." Kong Wu said excitedly, being able to use this party to become friends with Han Qianqian, that was his purpose, now that Han Qianqian had agreed, he would then have to arrange something that would make Han Qianqian happy.

Originally Kong Wu had prepared a group of models with good figure and high face value, but after seeing Su Yingxia, he dismissed the idea, beauty can buy most men, but Han 3,000 by no means this list,

because he could see that Han 3,000 is very much in love with Su Yingxia, if not for Su Yingxia, Han 3,000 would not have attended this party at all.

"Sister-in-law, I'm leaving first, I won't disturb you guys running." Kong Wu said to Su Yingxia with a slight nod of his head.

In the past, Kong Wu would never put Su Yingxia, or even anyone in the entire Su family, in his eyes, but now, he had truly treated Su Yingxia as his sister-in-law in his heart, hating to be able to have a bit of a blood relationship would be perfect.

"Isn't it fine to just get rid of someone like Kong Wu? Why make me go waste time." After running up to the top of the mountain, Han Qianli asked Su Yingxia.

"The Kong family is a first-tier family in Cloud City, so having more friends is better than facing an enemy, right, and befriending him is more beneficial to your future development." Su Yingxia said.

"Me?" Han Giangli looked appalled, he guessed that Su Yingxia was doing this for the Su family's company, but Su Yingxia didn't seem to think so.

"It wasn't you, was it still me? If I develop well, it's also the Su Company, and in the end, it's also Su Hai Chao who gets the benefit, I don't care what kind of development the Su Family will have now." Su Yingxia said.

Han Qianli didn't think that she was doing it for herself, but the Kong family was as light as a feather to him, and it was no exaggeration to say that even if the entire business community of Yun City was working against him, Han Qianli didn't put it in his eyes.

But for Su Yingxia to think this way, Han Three Thousand was still touched in his heart.

"Yingxia, you've really touched me," Han Three Thousand said.

"Don't forget that you're going to make everyone who looks down on us, regret it." Su Yingxia looked to the north and said with longing.

## **Chapter 174**

At five o'clock that afternoon, Han 3,000 received a call from Kong Wu, and after asking for the address of the party, he drove the Audi to go.

The Lamborghini was definitely not able to drive recently, it was ruined by Xie Yufu, and had to undergo a round of surgery to do so, and the cost was not small, and the insurance company's damage control personnel heard that they had already cried a lot.

After arriving at the meeting place, Han 3,000 found that it was a private club, and it looked quite high-class.

There were already many luxury cars parked at the entrance, almost like a luxury car show, although Han 3,000's Audi A6 was also good, but in the entrance of this club was a bit dim, no one would even take a second look.

Just as Han 3,000 found a parking space ready to park in, a service staff trotted over and knocked on Han 3,000's car window with an impatient face.

Han 3,000-3000 stepped on the brakes and pressed down on the window, puzzled, "What's wrong?"

"I'm sorry, there's no parking space here, so you can move to another place."The waiter said with a disdainful look in his eyes at Han Giangli.

"Isn't this just a parking space?"Han 3,000 walked out of the car and pointed to the parking spot.

The attendant smiled faintly, pointed at the next few cars, and said, "Look at what kind of cars these are, and what kind of cars are you qualified to park here."

"It's not all four wheels, what's the difference?"Han Qianli smiled helplessly, not expecting this private club's attendant to be so wide-eyed that he couldn't even look at the Audi A6.

"People can buy you a whole car with one wheel, can they compare?And this is our clubhouse's private parking space, you don't get to park here if you go to the clubhouse."The attendant said.

"Are you so sure I'm not going to the clubhouse?"Han Marchiang said.

The waiter sighed and said, "Buddy, just don't lose face here, okay, our clubhouse has been booked, and all the guests here tonight are big names in Cloud City, look at the cars here, which one of them is less than a million?"

It's true that there are no cars under a million in the parking lot.

No, another Porsche 911 drove up.

"What the heck, attendant, is there any parking left?"A head sticks out of the car and growls impatiently at the attendant.

The waiter hurriedly walked up with a smile on his face and said, "Brother, there's still a parking space, don't worry, I'll have him move the car right away."

After saying that, the waiter's face became filled with coldness as he turned to Han Qianqian and said, "Don't move your car yet, don't delay this brother from parking."

The dog's eyes looked down on people, Han Qianqian had seen many of them, but this was the first time he had encountered such an unreasonable person.

"So what if I don't move?"Han Giangli said in a cold voice.

"Are you going to make trouble?"The waiter's face showed anger.

At this time, the man driving the Porsche was perhaps impatient with waiting, stepped out of the car, came to the Audi, kicked at the front of the car, and said, "What a few handfuls of broken cars, hurry up and drive, don't disturb my parking."

Han Qianli's eyebrows furrowed, the temper of young people nowadays is really not small ah, these rich sons have never suffered losses since childhood, that's why they are so arrogant and ignorant.

"Give me the car to look after, if there's half a bit of damage, you can't afford to pay for it." Han Giangli said to the attendant, then made a gesture to leave, and wasn't about to park the car in the parking space.

The young man from the Porsche, seeing the situation, kicked at the headlights again and said to Han 3000, "What the f\*ck are you, I'll let you move the car, I don't believe I'll smash it for you."

"You can try," Han Marchiang said indifferently.

Seeing Han Qianqian's footsteps stop, the young man felt ignored, which made him furious, walking behind Han Qianqian in three steps and grabbing Han Qianqian's shoulders.

"Dude, don't be too arrogant, or you won't be able to bear the consequences." The man threatened to Han Three Thousand.

"That applies even more to you, let go of me." Han Qianqian said coldly.

"Letting go is fine, if you drive this stupid thing and disappear in front of me immediately, I can let you go."

"What if I don't?"

"No?" The man laughed coldly and said, "Then let's see how much you can do."

As soon as his words fell, he kicked out at Han Giang's back.

Sensing the other man's movement, Han Giangli side-stepped and kicked out with an even faster kick, and the young man fell to the ground and rolled backwards a few times before stopping.

"Grass Nima, what are you, and you dare to fight back!" The man gritted his teeth in anger.

"Don't ask me who I am, I'm someone you can't afford to mess with." Han Giangli continued to walk towards the clubhouse.

The waiter had been dumbfounded, a man who drove a broken Audi dared to open a Porsche, didn't he want to live?

Hurriedly ran to the young man's side, helped him up, and asked, "Are you okay."

The young man shrugged off the waiter's hand and said through clenched teeth, "F\*ck, a waste thing, but also dare to move the earth on my head, what kind of dog stuff. Not moving the car is it, I'll play with you."

After saying that, the young man got into the car, fired up the engine, and rammed it directly into the Audi, hardened it, and then parked the unrecognizable Porsche in the parking space.

The waiter looked frightened, this is a million car ah, when bumper cars pretend to play, these rich people also too do not take money seriously.

And that Audi owner just now, what will happen to him if he offends such a person?

"Play with your car first, then play with your people, tonight is Kong's venue, I'll see how you run." The man looked soothed, not at all distressed by the car breaking down, after all, a Porsche wasn't much of a car in his eyes.

At this time, another sports car drove up, and after the owner got off, he walked next to the Porsche owner and said with a surprised face, "Jiang Tao, what's the situation, why did your car crash like this?"

"A frakking thing took a parking space from me and I rammed his car," Jiang Tao said.

"F\*ck, you've really put in a lot of money, it's just a broken Audi, is that it?"

"To me, a Porsche is just a toy, but to this kind of person, an Audi can be all he has, so what's not worth it." Jiang Tao said disdainfully.

The man nodded and said, "That's true, but it cost you a Porsche, you can't just let it go, right? Got a good show tonight?"

"Of course there's a good show, but it's better to give Kong's field some face and just casually play with this kind of trash." Jiang Tao said.

In the clubhouse, Han Qianlian found many young men and women in an open courtyard, the women were dressed very thin and alluringly.

Since the place was already booked, these people should be the friends that Kong Wu had invited, but where had this guy gone?

While Han Qianqian was taking stock of the situation, Jiang Tao also arrived.

Tonight this party is a bunch of rich people drinking to provoke girls, this is something that this group of rich people in Cloud City often do, after all, are not bad money, you come and go, a month this type of party, at least ten times.

There's a saying that money is idle, saying that this kind of family is rich, nothing to do can drive luxury cars and wear brand-name people, except for eating, drinking and playing, they almost have no other skills.

When Jiang Tao saw Han 3,000, he said to the person next to him, "It's this trash thing, I didn't expect to drive a broken Audi, but he even dared to mix in our party."

The man looked at Han Qianqian, laughed contemptuously, and said, "Every time our circle meets, don't we have to mix a few trash in, these things, aren't they just trying to suck up to us?"

Jiang Tao laughed and said, "That's true, these unimportant guys cut their heads to fit into our circle, but with different family backgrounds, how can these losers become our friends."

"How about it, do you want me to go play with him?"

"Go ahead, if this kind of trash doesn't teach him a lesson, he'll really consider himself a big shot." Jiang Tao said.

The man nodded and took a glass of wine towards Han Qianli.

"That broken Audi outside is yours?" The man scoffed as he walked up to Han Qianli.

"I don't know you, do I?" Han Qianli raised his eyebrows and said without interest.

"Of course I don't know trash like you, but we're clearing the room, uninspiring goods have no business appearing at our party." The man finished speaking, and a cup of wine was thrown directly in Han Three Thousand's face.

## **Chapter 175**

Jiang Tao walked up to Han Qianqian with a timely smile and slurred, "Geez, I just recently watched a block of garbage sorting, you were supposed to be a dry trash, but now that you've been spilled, does that make you a wet trash?"

"Jiang Tao, what's the difference between wet and dry garbage, it's just a pile of garbage, right?" The man mocked and said.

Han Qianli wiped the wine off his face, faced the two who were mocking him, and said indifferently, "I'll give you a chance to kneel down and apologize to me."

Their laughter came to an abrupt halt as they looked at Han Qianli incredulously.

"Make us apologize? Did I hear that right?" Jiang Tao made a deliberate ear digging motion, suspecting that he was hallucinating.

"What the f\*ck are you, asking us to apologize to you, you didn't even know what kind of venue this is and just blended in, did you?" The man said loudly.

Such a commotion quickly attracted the attention of others, most of the people present knew Jiang Tao, so in their eyes, Han 3,000 was like a jumping clown.

"Now these unsophisticated guys are really getting blind, mixing into the party and actually daring to offend Jiang Tao, isn't this looking for death?"

"Maybe these guys came up with a new trick, sword-walking, to intentionally get our attention."

"Oh, just this kind of garbage, what's the point of attracting our attention, does that get you into our circle?"

Some disdainful voices rang out in the crowd, all of them treating Han Qianxiang as a second generation who had mixed into the party.

Certain women even revealed a very intense contempt after sizing up Han Qianxiang.

It wasn't that these women were able to attend the party, it wasn't that they had a high status, it was that they were able to please the rich second generation here with all their meat, to put it bluntly, they were exchanging their bodies for the current glamour, after all, every single brand name on their bodies was only exchanged for sleeping with an escort.

"Jiang Tao, he told you to kneel down, you won't just let it go like that."

"With your Young Master Jiang's temper, you wouldn't beat him up and put on a show for us."

"Yeah, if you don't even dare to beat up this kind of trash, I'll look down on you."

The crowd began to coax.

Jiang Tao was being chased away from the ducks and couldn't retreat even if he wanted to.

Originally, he wasn't going to make too much noise at Kong Wu's party, but now with so many pairs of eyes watching, if he just let it go, where would he put his face? Wouldn't it be a laughing stock if word of this got out.

"Fury, today is your bad luck, since everyone is so elegant, how can I disappoint them." Jiang Tao said to Han Qianqian with a hideous face.

Stretching out his hand, he greeted Han Qianqian's face with a fist.

The crowd began to howl ghostly, as if they were giving Jiang Tao a boost.

These sons and daughters are never too big for a show, and in their eyes, it's just beating up a loser, so how much noise can be made?

The noisy voices suddenly came to an abrupt end.

The crowd was stunned at first when they saw that Han Marchant hadn't been beaten because he had dragged the fist that Jiang Tao had swung at them.

But after a moment, the noisy voices continued.

"Kang Tao, what are you doing, you're not going to beat this trash down."

"You can't even beat this trash, that's a joke."

"Is there anyone willing to help Young Master Jiang out, it looks like our Young Master Jiang can't beat this trash."

Hearing those words, Jiang Tao's face became extremely ugly, but no matter how hard he tried, his hand was tugged by a death grip and couldn't be withdrawn.

"Trash, you f\*cking let go of me." Jiang Tao said through clenched teeth.

"I told you, the chance, I'll only give it once." After saying that, Han Giangli kicked out like lightning and kicked Jiang Tao's left leg on the knee.

With a crisp bone-cracking sound, Jiang Tao's left leg bent backwards stiffly, presenting an arc that made one's scalp go numb.

"Hiss ....."

"Is this ..... this, did he break Kang Tao's leg?"

"F\*ck! Who is this guy, he actually struck out this hard."

The faces of the bystanders changed greatly, and the one standing next to Jiang Tao even had a feeling of weakness in his legs, as he was the one who heard the sound of a broken bone most clearly out of all the people present.

Jiang Tao shouted in pain, tearing his heart out in excruciating pain from his left leg, and when he lowered his head to see what was happening to it, he stared in shock.

"You ..... you broke my f\*cking leg!" Jiang Tao said to Han Giangli in horror.

"It's still just one leg, what are you anxious about." Han Qianqiang's face presented a devilish smile, then kicked out another kick.

Jiang Tao's entire body fell to the ground, and his right leg also bent backwards again, presenting a bizarre arc that made people unable to speak.

This time, those who were watching no longer turned pale, but were all numb.

Having directly crippled both of Jiang Tao's legs, they had never dreamed that it should have been Han Giangli who knelt down in front of Jiang Tao to apologize, but now it was Jiang Tao who had met such a tragic end.

"And you." Han Three Thousand seemed to have no intention of stopping here and turned to the other man.

Hoooooooo .....

Many people drew a breath of cold air, it wasn't enough to ruin Jiang Tao's legs, but he had to do it to another person.

Who the hell was this guy, was he really mixed in with the trash?

Doesn't he know that today's party is Kong Wu's home turf? Aren't you afraid to pursue Kongwu for causing trouble here?

The man was so frightened that his legs weakened when he heard Han Qianli's words, and he just fell to his knees.

"I'm sorry, I'm sorry, I was just doing what Kang Tao said, it has nothing to do with me."

"You can say you're sorry, but I, won't forgive you." Han Giangli stood up and kicked the man in the face.

The man's face was a blur of blood and flesh.

The bystanders who saw this scene felt incredulous.

The shot was too ruthless, they had never seen such a ruthless peer before, and with so little regard for the consequences!

Han Qianqian took two steps forward and stepped on Jiang Tao's face with his right foot, saying, "Remember what I said, if my car is half damaged, you'd better think of a compensation plan that satisfies me."

Jiang Tao's heart and liver trembled, the car had already been hit by him, but before the crash, he didn't know Han Qianqian was so ruthless.

"I'm going to kill you, do you know who I, Jiang Tao, am in Cloud City, how dare you do this to me." Jiang Tao said.

"It doesn't matter who you are, the important thing is that Cloud City, there's no one I can't mess with." Han Qianqian smiled faintly.

The girls who had looked down on Han Three Thousand before had revealed a look of infatuation after hearing this, which was what a man should say.

Regardless of whether he was bragging or was truly capable, at least at this moment, his image was as majestic as a mountain, giving him a suffocatingly strong presence!

After beating up the two unsighted guys, Han Giangli turned his eyes to the others, who had just been building momentum and advocating.

"You guys, is there anyone else who has a problem with me?" Han Qianli asked indifferently, everywhere his sight went, those people lowered their heads, none of them daring to look Han Qianli in the eye.

What is called trash?

What do you mean by garbage?

The entire party of more than twenty people were crushed to death by Han Qianli's aura alone, and they didn't even have anyone to say a word of rebuttal.

Because of Jiang Tao's downfall they all saw it in their eyes, and although they didn't know what kind of person Han Qianqian was, who would want such consequences and bad luck to befall them?

It doesn't matter if he's wishy-washy, when Kong Wu shows up, he'll naturally teach this guy a lesson, and it's not like they're the protagonists tonight anyway, so why get involved in this muddle?

"Is this your self-proclaimed upper class circle?" Han Qianli saw that no one dared to talk to him and scoffed.

"Kong Wu is here!"

"Kongwu's here? Coming?"

"Brother Wu, Brother Wu."

"Someone caused trouble at your party and broke Jiang Tao's leg, you came just in time to teach this arrogant guy a lesson."

The crowd that didn't even dare to breathe, after seeing Kong Wu, one by one they found their strength again and pointed angrily at Han Qianqian.

Kong Wu had just gone to squat a large number and had no idea what was going on, but after hearing what those friends said and looking at the situation of Jiang Tao in front of Han 3000, he shivered in fear and hurried towards Han 3000.

Those people had a cocky expression on their faces once again, with Kong Wu appearing, this guy would not immediately reveal his original form?

## **Chapter 176**

"Brother Wu is here, let's see how he ends up."

"This guy dares to cause trouble in Brother Wu's field, he's dead."

"Damn, if it wasn't for Brother Wu's venue, I would've stepped in to teach him a lesson."

"Yeah, this kind of trash, if it wasn't for getting in the way of Brother Wu's face, I could have stepped in to teach him a lesson."

People who were too wimpy to speak up were now brazenly telling lies, and the arrogant and smug look on their faces wasn't hidden at all, as if they could casually trample Han Qianqian underfoot.

But these people, how could they understand Kong Wu's desire to die at this moment?

It was hard to invite Han 3000 here, but this happened because of a large number, if Kong Wu had known this would happen, he wouldn't have been able to go to the bathroom even if he had suffocated to death.

While everyone was waiting for Kong Wu to teach Han 3000 a lesson, Kong Wu walked up to the side, directly lowered his head, and said, "Han, I'm sorry."

"Is this the party you invited me to?" Han 3000 said indifferently.

Kong Wu shivered in fear, his face pale, and said, "Han, I'm sorry, I didn't know something like this would happen."

Among the crowd watching, those who were lying and had an arrogant look on their faces were instantly as if frozen, their insides tumbling with shock.

Kong Wu!

Even Kong Wu had to bow down before him!

Not only did Kongwu fail to avenge Kang Tao's broken legs, he also apologized to him.

Crazy .....

Those people's hearts instantly collapsed like the Yellow River bursting its banks.

Who the hell was this guy that even Kong Wu had to bow and bend in front of him.

Those who had been lying before were so repentant that their guts were blue.

Feasting on a quick tongue, they didn't expect the face punch to come so quickly.

If even Kong Wu didn't dare to provoke this man, what were they to him?

"You better have someone go out and look at my car, if my car is half damaged, you and them ....."  
"Halfway through the sentence, Han 3000 stopped.

Kong Wu was scared to death, he didn't know what had happened, but with Kang Tao's temperament, he might have caused a big disaster.

A good party, a great opportunity to build a relationship with Han 3,000, didn't expect to be ruined by Jiang Tao.

With a gloomy face, Kong Wu walked up to Jiang Tao and asked in a cold voice with gritted teeth, "Jiang Tao, what did you do to Han's car!"

Jiang Tao was still in pain, but the fear within him was even stronger.

This person, who was able to crush Kong Wu to the point where he couldn't raise his head, was messing with some big shot.

The Audi wasn't just half damaged, it was about to be scrapped by him!

"Brother Wu, I'm sorry, I'm sorry, I didn't know he was your friend, please save me." Jiang Tao, a grown man, cried like a pussy with one snotty nose and one tear.

Hearing this, Kong Wu's heart sank into an ice valley, it was clear that Jiang Tao had done certain irreversible things.

Kicking hard at Jiang Tao's face, Kong Wu wished he could kill this ungrateful guy.

"Kang Tao, I was f\*cking killed by you, what right do I have to be Han's friend?" After saying that, Kong Wu stomped on Jiang Tao's stomach.

Jiang Tao's desperate cries of pain echoed in the courtyard.

Everyone present was now all dripping with cold sweat, and no one had thought that things would turn out this way.

This strange face, not only did Kong Wu not dare to mess with him, it was obvious that his status was much higher than Kong Wu's.

Could it be that it was someone from the Heavenly Family?

But Kong Wu called him Brother Han, and it was clear that his surname wasn't Tian, but they couldn't think of anyone in Cloud City other than the Tian family who was worthy of such fear from Kong Wu.

At this moment, there were already cowards kneeling on the ground to atone for their arrogant words just now.

"Brother Han, I'll get you a new one for your car, but as for these two, you can do whatever you want with them." Kong Wu said to Han Qianqian.

Jiang Tao was already useless, but the other one was only injured on his face, and when he heard Kong Wu's words, he kneeled down to Han 3,000 in fear and kept kowtowing, "Brother Han, I was blind, I made a mistake, I'll give you anything, please let me go."

Han 3,000 yuan sighed, a good party had somehow turned into this.

Jiang Tao's leg was already useless, there was no need to pursue the matter further, and he had nothing to lose if Kong Wu paid for a new car.

"You shouldn't have invited me." Han Giangli said to Kong Wu, then walked towards the outside of the club.

Kong Wu knew that although this matter was resolved, his chances of developing a relationship with Han Three Thousand in the future had become very slim, and it was all because of the fool Kang Tao who had screwed up.

"From today onwards, Jiang Tao is my Kong Wu's enemy, and you guys, if anyone dares to leak out half a word about tonight's matter, I will never let go of Kong Wu." Kong Wu said to the crowd.

Although he didn't have the chance to establish a relationship with Han 3000, Kong Wu didn't want this matter to spread out and be known by the Tian Ling'er, if Tian Ling'er knew that he had upset Han 3000, the entire Kong family would be dragged down.

Arriving at the parking lot, Han Qianxiang couldn't help but smile bitterly when she saw that her car had been banged up beyond recognition.

That guy Jiang Tao was also really ruthless enough to not want his own Porsche.

"What? I warned you long ago that you're not qualified to park here, and you still don't believe me, now you regret it, right?" That waiter walked up to Han Qianli with a smug look on his face and continued, "He's a truly rich man, Jiang Tao, he doesn't even care about the millions of Porsche, what are you."

Han Qianli shrugged his shoulders and said, "Hundreds of thousands, it's really heartbreaking."

The waiter's eyes despised Han Qianqian, this was the difference between rich people, people didn't even care about a Porsche, but he was distressed over an Audi.

"Who told you not to listen to advice, you deserved it." The waiter said.

"En." Han Qianli nodded undeniably, the car could only walk home since it was no longer drivable.

After Han 3,000 yuan left, the attendant sighed with a smile and said to himself, "There are so many people who don't know what's good for them now, but if you don't listen to me, this is what will happen."

In a short time, an ambulance stopped at the entrance of the clubhouse, the attendant looked confused, but Kong Wu had booked the clubhouse tonight, how could an ambulance suddenly come?

Did something happen inside?

While the waiter was thinking about it, Jiang Tao lay on a stretcher and was lifted out, directly making him look foolish.

This was Kang Tao, how could he be injured for no reason, and it didn't look like he was injured lightly!

Kongwu walked up to the waiter with a heavy face and asked, "Where's that Audi?"

The waiter was stunned and quickly said, "Brother Wu, the car is still in the parking lot."

"Take me there."Kong Wu said.

The waiter was a bit confused, a broken Audi that was just crashed and crippled, why would Kong Wu care so much.

Bringing it to the parking lot and seeing the wrecked Audi, Kong Wu took a deep breath, the extent of the car's damage was the relationship between him and Han Qianqian.

"Brother Wu, I've warned that guy not to park the car here, but he didn't listen to me."The waiter said to Kong Wu.

Kong Wu laughed coldly and kicked the waiter in the stomach, he was in the middle of his anger, and the waiter still said such things, wasn't he looking for a fight?

The waiter was so confused that he didn't even know why he was being beaten.

"You're just a f\*cking waiter, you don't even look down on people who drive Audis.Is there a car here that has anything to do with you?"Kong Wu's cold voice.

The waiter didn't understand why Kong Wu was angry, but in this situation, just apologize, "Brother Wu, I'm sorry."

"In the eyes of trash like you, is only driving a luxury car a big deal?"The furious Kong Wu, didn't care who owned the Cayenne beside him, kicked up to vent his anger.

Seeing the back of Kong Wu leaving, the waiter covered his stomach and stood up with difficulty, his head reverberating with Kong Wu's words just now, suddenly as if struck by lightning, dumbstruck on the spot.

Only people who drove luxury cars were big shots?

The waiter fiercely turned his eyes to Audi, his expression terrified.

Could ..... it be that the man who just now was the real big man?

Jiang Tao's injury couldn't have anything to do with him!

Thinking about the way he had treated him before, the waiter suddenly felt like he was robbed.

Even Jiang Tao had been sent to the hospital, so what right did he have to flaunt his power in front of him?

### **Chapter 179**

Su Yingxia was a very uncompromising person, after Kang Ling and the others left, she quickly composed herself and drove her car, running several manufacturers in a row, but the end result was that Su Yingxia had to admit defeat.

No one was willing to work with the Su family, Kang Ling seemed to have taken control of all the manufacturers in Cloud City, although the Su family could still seek opportunities in other cities, but this would extend the timeline by a lot, and the losses caused by the west of the city project once it was halted were incomparably huge, which was something that Weak Water Real Estate would never want to see.

As the person in charge of the west project, Su Yingxia felt an unprecedented pressure, almost overwhelming her.

Back to the company, Su Yingxia hasn't had the time to sit down and rest for a while, Su Hachao came to her office again.

"Su Yingxia, you didn't have a deal, did you?" Su Hai Chao questioned.

"They're very determined, I've done my best." Su Yingxia said weakly.

"Tried your best?" Su Haichao smiled coldly and said, "Just now Kang Ling has already called me, saying that you spilled a cup of tea on him, Su Yingxia, I think you deliberately don't want to harm the company."

"I did spill it, but do you know why?" Su Yingxia still gets angry when she thinks about this, Kang Ling treats her like one of those women who don't do anything, which is something she can't accept.

"The unspoken rules of the mall, don't you understand? How can you achieve great things if you can't accept the price you're asked to pay?" Su Hachao said.

Su Yingxia's eyes glazed over as she looked up at Su Hachao and asked, "What do you mean?"

"As long as I can help the company, sacrificing a little ego is nothing." Su Haichao smiled and continued, "Once your eyes are closed, you can pretend that nothing happened and soon it will pass, what can you lose for you?"

Su Yingxia slapped her palm on the desk and roared, "Su Hai Chao, what kind of person do you take me for, selling sex this kind of thing, I won't do it."

"Your self-righteous innocence will harm the company, and how are you going to explain to Zhong Liang, what will you take to pay back the one billion of the loan? Are you going to watch the company go

bankrupt?" Su Haichao cold voice, in his view, the mall these shady transactions are normal, Su Yingxia can be seen by Kang Ling, it is her honor, is not just to sleep with, what is it? As long as he could help the company, even if it meant being a mistress for Kang Ling, Su Haichao didn't have a problem with it.

"I'll think of other ways, but let me sleep with Kang Ling, don't you dare." Su Yingxia said in a firm tone.

Su Hachao took a deep breath, now was a good opportunity to kick Su Yingxia out of the company, and there was a legitimate reason, but Zhong Liang's attitude on that side was still ambiguous, Su Hachao didn't dare to do that casually.

But if you don't take care of Kang Ling, those companies won't cooperate with the Su family, and the crisis the Su family is facing is not smaller than the last economic crisis.

"You don't need to think of any other way, Kang Ling's attitude is very resolute, unless you are willing to accompany him, this matter is non-negotiable, tonight at the Peninsula Hotel, I will personally send you over, you don't have the qualification to refuse." Su Haichao coldly said.

Was this unilaterally being sold by Su Haichao?

Su Yingxia was burning with rage, and for her own benefit, Su Hachao had made a decision without her consent!

"Su Haichao, what qualifications do you have to make decisions for me?" Su Yingxia coldly said.

"With me being the chairman of the company and you being a member of the Su family, isn't that enough?" Su Hachao said, with a hint of laughter hidden in his eyes, if you can force Su Yingxia to leave the company by herself, then Zhong Liang's side should be easy to explain, after all, Su Yingxia's own departure can have nothing to do with him.

Su Yingxia gritted her teeth, Su Hachao's excessive actions were unacceptable to her, and there was no way she would do something to sell her flesh for the company.

"Su Hachao, aren't you just trying to force me out of the company? Fine, I'll quit and let you have your wish." Su Yingxia said, and then packed up the personal belongings in the office.

Su Haichao couldn't help but smile in his heart, didn't think that the problem that had plagued him for so long was actually resolved in this way, automatically leaving the job, Zhong Liang that aspect would be easy to explain.

"Su Yingxia, this is your own quit, I didn't force you." Su Haichao sneered.

Su Yingxia didn't say anything, and after packing up her things, she left the office straight away.

Su Hachao sat on the seat that originally belonged to Su Yingxia, and the smile on his face grew stronger and stronger.

In a short time, Su Yehan arrived in the office.

"Haichao, what's going on, I think Su Yingxia is leaving with something." Su Yehan asked in confusion.

"She rolled away, I don't need to see her in the company anymore." Su Hachao said.

Su Yeh Han was shocked, although she knew it was only a matter of time, she didn't expect it to come so soon and so suddenly.

"What's going on, have you already resolved the Zhongliang aspect?" Su Yeh Han asked.

"No." Su Hechao said.

"No?" Su Yehan shocked at Su Haichao, Zhongliang did not solve, what about the project in the west of the city? Now the Su family can look to the western part of the city for the project, if they lose the cooperation with the Weak Water Real Estate, even the immortals can't save the Su family even if they come.

"Hai Chao, you're not crazy, aren't you afraid that Zhong Liang won't cooperate with us?" Su Yeh Han said.

"Su Yingxia wants to leave on her own and I can't stop her, what can I do, I will tell Zhong Liang about this matter, I believe he can understand, after all, it's not like I drove her away." Su Hachao said.

Although that's what he said, Su Yehan always felt that it was too risky, after all, Zhong Liang was appointed to work with Su Yingxia, as for how she left the company, did it matter to Zhong Liang?

But since things had already happened, Su Yeh Han couldn't say anything, and she was still very happy to be able to not see Su Ying Xia in the company.

"Hey, I hope things will go well, I don't have to see Su Yingxia in the future, I feel much better at work." Su Yehan smiled.

After Su Yingxia returned home, she locked herself in her room.

He Ting could tell that something was wrong with Su Yingxia's face and was worried that something was wrong, so she waited at the door, and soon after, He Ting heard Su Yingxia's cries coming from the room, so she became even more worried.

Helplessly, she had no choice but to call Han 3,000 and explain the situation.

After receiving the call, Han 3,000 dropped what he was doing and rushed home at once.

Nothing was more important to him than Su Yingxia, so even if the sky fell, he would immediately return to Su Yingxia's side.

"Auntie He, what's going on?" Han Giangli asked to He Ting.

He Ting shook her head and said, "I don't know, but I saw that she wasn't in a good mood when she came back, and in her room, she started crying shortly after."

Han Qianli sank, was it because of the company?Yesterday, Su Yingxia had mentioned that the company was in a bit of trouble, and by the looks of it, it should have been made difficult by the manufacturer.

Knocking on the door, Han 3000 shouted to the room, "Yingxia, what's wrong with you, what's the matter, open the door to me."

Su Yingxia was already crying in the room with swollen eyes, after opening the door, but it broke Han 3000's heart.

"What's going on?"Han Giangli was concerned.

Su Yingxia shook her head and said, "It's nothing, but from today onwards, I won't be going to work in the company."

Not going to work at the company?

Did that ungrateful dog Su Haichao find trouble for Su Yingxia again?

Hasn't he learned his lesson from the last two?

If that was the case, Han Qianli didn't mind causing the Su family to completely despair.

"It's Su Haichao?What did he do to you."Han Giangli asked in a cold voice.

"It was me who left my job."Su Yingxia said.

Leaving the job?

Han Marchand was confused, how could he leave his job for no reason, something must have happened.

It wasn't just Su Haichao's cause, there must be those manufacturers as well.

"With me here, any trouble can be solved, and since you can't be the head of the west side of the city project, you can be the chairman of the Su family."Han Qianli said indifferently.

Su Yingxia looked up at Han Qianqian in puzzlement, how can you be the chairman if you can't even be the person in charge?

And now the chairman of the company is Su Haichao, the candidate for this position, it is not something that can be changed casually ah.

## Chapter 180

The next morning, Su Hachao held an internal meeting of the family to inform the other relatives that Su Yingxia had left her job, and when everyone heard the news, worry appeared on their faces.

After all, there had been two previous mistakes, if there were any more problems this time, no one in the Su family would be able to turn the tide, and Zhong Liang would not be able to give Su Yingxia the chance again and again.

"Hai Chao, are you sure there's no problem?" Su Guolin worriedly said to Su Hachao.

Su Hachao waved his hand, this matter has not yet informed Zhong Liang, do not yet know Zhong Liang's attitude, but Su Hachao has been carefully measured, if at this time the weak water property finally and Su family cooperation, the construction period will be delayed, businessmen care about the interests, who would like to suffer unnecessary losses? So he guessed that Weak Water Real Estate wouldn't react too much when they learned that Su Yingxia had left her job.

"Dad, don't worry, there won't be any problem." Su Haichao said.

"Haichao, if anything goes wrong, you can bear all the consequences."

"Yeah, it's too risky, our company can't just play like this now."

"A billion dollar loan, if half of it goes wrong, who can save us."

The Su family's relatives weren't relieved by Su Hachao's words, and although Su Hachao said that Su Yingxia himself left his job, how could they not know that there was bound to be a difficult situation for Su Hachao?

Although Su Yingxia was not treated well by the other relatives, but her dedication to the project in the west of the city was something that everyone could see, there was absolutely no way that she could suddenly leave it alone.

"What do you mean, can't the company function without Su Yingxia? Is she more important than me? Don't forget, I'm the chairman of the company." Su Hachao said in a discontented cold voice.

When Su family relatives heard this, they could only lower their heads and shut up.

Su Haichao was now alone, no one in the company could afford to provoke anyone, what he wanted to do was all up to him, of course, if serious consequences occurred, it would have to be Su Haichao who would bear them.

"Since you think it's right, let's do as you say."

At this time, Su Hachao's secretary walked into the conference room and said in a panicked manner, "Su Dong, Boss Zhong is here."

Boss Zhong?

Jongliang!

Su Hachao was shocked, how could he come to the Su family company for no reason, it used to take a lot of energy to ask him out, but it took a lot of energy ah.

Just when Su Hachao was about to get up to greet him, Zhong Liang had already walked into the conference room, and it wasn't just him, he was also followed by a few men and women wearing glasses, with a glance, he was very imposing, not some small person.

"Brother Zhong, why have you suddenly come." Su Hachao compensated for the smile and walked to Zhong Liang's side.

"I brought a few friends to get to know you." Zhong Liang said.

Su Hachao was flattered, Zhong Liang actually wanted to introduce him to his friends, which meant that Zhong Liang had already treated him as a friend, wouldn't Su Yingxia's departure from the job be a matter that he wouldn't have to have half a worry?

Su Haichao proudly looked at the Su family's relatives, the meaning seemed to be saying that Brother Zhong was going to introduce me to his friends, so how could he interrupt the cooperation with the Su family.

"Brother Zhong, if you want to introduce me to a friend, just give me a call, why do you need to come there personally." Su Haichao said with a smile.

Zhong Liang's expression was cold, not at all enthusiastic about introducing a friend, and said indifferently, "It's better for me to personally come over for this kind of thing, you may have to deal with them for the next few years."

The next few years?

Doesn't this timeline indicate a solid collaboration on the project?

"Are they the new heads of the Weakwater property?" Su Hachao asked.

"They're lawyers." Zhong Liang said.

Lawyers?

Hearing this, Su Hae Chao was full of fog, he had no reason to deal with a lawyer, why would he?

"Brother Zhong, I don't quite understand what you mean." Su Haichao was puzzled.

"Since I'm going to break the contract, I'm sure you're going to sue Weak Water Real Estate, since you're going to file a lawsuit, of course you're going to use your lawyers, they're Weak Water Real Estate's team of lawyers, in the next few years, if you have any grievances, just tell them directly, they'll have full authority to represent me." Zhong Liang said.

Breaking the contract!

Those two words left Su Hae Chao dumbfounded on the spot!

He had thought that Zhong Liang introducing him to a friend was a good thing, but he didn't expect it to be such a bolt from the blue.

The Su family could indeed sue Weak Water Real Estate for breaking the contract, but with Weak Water Real Estate's background, there was no problem for this lawsuit to drag on for ten or eight years, which was a fatal blow to the Su family.

Now that the Chengxi project was the only project the Su family could profit from in the future, without this cooperation, the Su family would have no chance to turn over a new leaf.

"Brother Zhong, how come it's so sudden, did I do something to make you unhappy?" Su Haichao said in panic.

The Su family's relatives also turned pale at this time, although they had already guessed that Su Yingxia's departure might have repercussions, they had not expected it to come so quickly, and the fact that Zhong Liang had directly brought his lawyer with him indicated a very determined attitude!

"You won't shed a tear until you see the coffin, I've already given you a chance the last two times, this time, you're asking for death." Zhong Liang said in a cold voice.

The meaning of this statement was already obvious, the reason why Weak Water Real Estate terminated the cooperation was because it had something to do with Su Yingxia.

But Su Haichao couldn't understand, only he and Su Yehan knew about this matter, so why would Zhong Liang receive the news so quickly?

Is it possible that ..... is what Su Yingxia said to Zhong Liang? She's the one who wants to hurt the Soviets!

"Chung, this thing ....."

"Have something to say to the lawyer, by the way, remind you that there won't be anyone in Cloud City working with the Su family, and I hope you can withstand the pressure from the bank." Zhong Liang said and left the conference room.

Su Haichao squatted on the ground with his buttocks, his eyes were dull, just now he was proud of himself, and now his heart was as dead.

Weak water real estate, banks, enough to overwhelm the Su family, enough to make the Su family completely bankrupt, and there was not the slightest chance that he could make a comeback.

It hadn't been long since he had taken over the chairmanship, was he going to turn into a bubble so soon?

"Su Hae Chao, look what stupid things you've done, have you forgotten what your grandmother used to say?"

"She already said that Su Yingxia's position can't be moved, and you're still so ignorant of the fact that we're all dead now."

"With the background of Weak Water Real Estate, how can the Su family still struggle, who else in Cloud City will work with us?"

"A whole billion dollars, not a single penny of the initial investment can be recovered, I'll see how you can pay back the bank loan with it."

Su family relatives cursed at Su Hachao in an angry voice.

It was none of their business what decision Su Hachao made, but once it affected their own interests, it was what they could not accept.

Now, Zhong Liang cut off the relationship with the Su family and kicked the Su family into the abyss, as much as they could, they would not be able to climb out of this abyss.

Su Haichao's expression gradually grew cold when he heard these words, standing up and gnashing his teeth, he said, "Is this my fault? If it wasn't for Su Yingxia going to blow the wind in Zhongliang's ear, how could Zhongliang know about this matter, it must be her, she's the one who wants to harm me, to harm the Su family."

Su Yehan has always been on the side of Su Haichao, no matter what, she could not help Su Yingxia said.

After hearing Su Haichao's words, Su Yehan spoke up and said, "I didn't expect this b\*tch to be so ruthless, she left her own job even if she did, she actually wanted to drag all of us down, Haichao, we must not let Su Yingxia go."

"F\*cking stinking b\*tch, playing this game with me, since she doesn't want me to live, simply everyone don't live." Su Haichao raged out of the conference room.

Go downstairs and drive, directly towards Genting Mountain villa area.

Su Hachao's license plate was not registered, so he was not qualified to enter the villa area, and was stopped at the door by the security guards.

Although he was angry, but he did not lose his mind, these security guards are the Tian family's people, and now that he had already offended the weak water property, he could not continue to offend the Tian family.

Helplessly, Su Haichao could only squat at the villa's front door.

Su Yingxia didn't go to the company today, staying at home dazed and watching TV, although Han 3000 originally had some things to do today, but Su Yingxia was not in good shape, so he put it off and stayed at home with Su Yingxia the whole time.

Su family company's things, Su Yingxia still do not know, but she has now seen the light, stay in the company, even without this matter, in the future, Su Hachao will still try to make things difficult for him, it would be better to leave with the company earlier.

### **Chapter 181**

"Why don't you call your classmate and tell him not to make things difficult for the company?" Su Yingxia, who was sitting on the couch, suddenly spoke to Han 3,000.

Hearing this, Han Qianli smiled helplessly and said, "They won't be grateful for your kindness."

"But the Su family still has so many relatives who live off the company, so if the company collapses, what will they do?" Su Yingxia was worried.

Han Qianqiang used to agree with Su Yingxia's words, but he wouldn't compromise on this matter, and he had already instructed Zhong Liang to go to the Su family, so how could he casually take back what he had said?

"You're still too soft, but they'd love to kick you out of the company, this kind of pity is unnecessary."

At this time, the doorbell rang, Han Qianli couldn't help but frown, if it was someone from his own family, they all had keys, why would they ring the doorbell?

Did someone from the Su family break into the Genting Mountain villa area?

After walking to the door and opening it, there was a security guard standing outside the door.

"Brother Han, there's a guy named Su Haichao squatting at the door, I've come to give you a word and see if you have any orders." The security guard said to Han 3,000.

Although the Security Department was responsible for maintaining the entire Genting Mountain Villa area, ever since a Heavenly Family had spoken, the Hillside Villa had become the object of the Security Department's special care, and now that someone was squatting at the entrance, he felt the need to inform Han Qianli about this.

Han Qianli smiled coldly, he could probably guess why Su Hachao appeared, in this villainous mind, he would definitely think that Zhong Liang was instigated by Su Yingxia, so he would make things difficult for the company, right?

"Tell him to get lost." Han 3,000 said.

"Yes, Brother Han."

After the security guard got the order, he went down to the door and summoned a few helpers.

Su Haichao was squatting right next to the opposite side of the road, and when he saw the security guard coming towards him, he couldn't help but stand up and ask vigilantly, "What do you guys want? I don't have a place in the villa district, and you have no right to control me."

"No qualifications? Can I interpret this as the Heavenly Family being in Cloud City and not qualified to touch you?" The security guard said indifferently.

When it came to the Heavenly Family, Su Haichao's face changed, he was not qualified to say such wild words, after all, Cloud City was the territory of the Heavenly Family.

"Can't I even take a break here?" Su Haichao said.

"You have three seconds to get out of here, or else don't blame us all." The security guard said menacingly.

Su Haichao was a wimp by nature, and when he saw a few security guards jerking their sleeves, he was so frightened that he quickly got into the car and drove away in a flash.

"Grass, a wimp, actually dares to block Han, what the hell." The security guard said disdainfully, "I thought Su Haichao would put up a fight, I didn't expect him to be so direct, just like that, what qualifications does he have to find trouble with Han 3000?"

After Su Hai Chao ran away, his heart was even more unwilling, but in the face of the Heavenly Family, no matter how much reluctance he had, he could only swallow it, giving him a hundred bears, he wouldn't dare to do anything against the Heavenly Family.

In the villa, Han Qianli wanted to say something, so far he still does not know what exactly happened, Su Yingxia also only mentioned the departure.

Although he didn't want to interfere too much with Su Yingxia's affairs, but now it's clear that she can't handle it, if Han 3,000 doesn't take action, Su Yingxia will have to swallow her grievances.

Han Qianli will never let Su Yingxia suffer any grievances.

For three years, those humiliations were enough for Su Yingxia.

"Yingxia, what happened yesterday, can you tell me?" Han Qianliang peeled an apple and walked over to Su Yingxia and handed it to her.

Su Yingxia took the apple and took a good bite, thinking of yesterday's incident came to anger, and Kang Ling also grabbed her hair, to this day her scalp still a bit painful.

"Kang Ling that ungrateful guy, in the past, the Su family helped him a lot, if not for the Su family, how could his factory come back to life, did not expect him to be so ruthless now, and ..... and also ....." The more Su Ying Xia said the more angry, women in business, why should be discriminated against, why should be looked at by those stinky men with this kind of eyes, can not sell the body of the woman, can not have success?

"What else did he do to you?" Han Qianli's eyes were cold as he asked.

Su Yingxia took a deep breath, shook her head and said, "Forget it, it's in the past, I don't want to talk about it anymore."

"En." Han 3000 didn't pursue the matter further, but Kang Ling was a person who was already on his blacklist.

During the bathroom break, Han 3,000 called Mo Yang to have Kang Ling arrested and interrogated properly when he had time.

Kang Ling was still dreaming of being able to get Su Yingxia to sleep with him when a group of people suddenly barged into his house, and when he saw Mo Yang in the crowd, he was so scared that his legs went weak.

Kang Ling's field would often deal with people from the grey area, naturally he knew what kind of ruthless character Mo Yang was, now in Yun City, he said second, who else dared to say first.

"Boss Mo, you, what are you doing here!" Kang Ling unconsciously tensed up, Mo Yang personally appeared and brought so many people with him, such a row couldn't be looking for him to chat and fart.

"Let's start with a beating." Mo Yang said indifferently, although Han Qianqian didn't explain anything specific, but from his tone, Mo Yang felt the anger, this kind of small role even dared to offend Han Qianqian, isn't that looking for death?

Kang Ling was beaten by a few people, holding his head and begging for mercy, and soon his nose and face were swollen, and he didn't even know how he had offended Mo Yang.

"Boss Mo, is there some misunderstanding between us, I didn't do anything to hurt you ah." Kang Ling, a grown man, cried out to Mo Yang.

"I'm not sure if there's a misunderstanding or not, but you should know in your heart what you've offended." Mo Yang said.

Who have you offended?

Lately, if one really had to say who they had offended, it was Su Yingxia.

But with the Su family's ability, how could they possibly hire such a big shot like Mo Yang!

"Boss Mo, I'm sure it must be a misunderstanding, you must have the wrong person." Kang Ling said.

"You're not Kang Ling?" Mo Yang was confused.

"Yeah."

"That's right, grab away." Mo Yang was the first to leave Kang Ling's house with a big hand.

Kang Ling was smart enough to know that he would still be beaten if he resisted, so he simply obediently followed.

Taking Kang Ling to Mordor, he directly threw him into the stench-filled basement.

Kang Ling was a big boss no matter what, so he definitely couldn't adapt to this kind of harsh environment, but the other party was Mo Yang, so he didn't dare to complain, and only hoped that he could figure out this misunderstanding and let him go.

Up to now, Kang Ling didn't think that this matter was related to the Su family either.

First of all, with the Su family's status, it would never be possible to invite Mo Yang, and Su Yingxia's relationship with the current chairman of the board is also not good, Su Hachao could not help him out because of this matter, and then he also spoke with Su Hachao on the phone, so he can be sure that this matter has nothing to do with the Su family.

As for Su Yingxia's own family, that was even more impossible, Su Guoyao was not valued in the Su family and didn't have the slightest status, and her man was even more of a well-known loser in Yun City, so how could he have anything to do with Mo Yang?

"If it's really a misunderstanding, maybe Mo Yang will even feel sorry for me and make friends with me, it's an opportunity for me too, it's no loss to get beaten up." Kang Ling thought beautifully, not noticing at all that the biggest crisis in her life had arrived.

Su Yingxia spent the whole day in the villa, returned to her room to prepare to rest for a while, as soon as she lay on the bed, she realized that something was not right, the red line on the bed sheet, she had obviously already removed it, when did she suddenly add another one?

This red line appeared yesterday, but Su Yingxia was too sad yesterday, so she didn't notice it, and couldn't help but feel even more aggrieved at this point.

It must have been that idiot Han Qianqian, who else but him could have done such a stupid thing.

Su Yingxia was crying, being pissed off at Han Qianqian!

When Han Qianqian arrived in the room, murderous, in his opinion, Su Yingxia must have thought of yesterday's incident, that's why she was sad again, damn Kang Ling, he made Su Yingxia cry twice!

The tragic Kang Ling, never dreamed that he would have to suffer this unmitigated disaster when he was already on the ropes, and he clearly had no way to live in Cloud City.

## **Chapter 182**

Originally Han Three thousand was going to accompany Su Yingxia for a few days before interrogating Kang Ling, but seeing Su Yingxia crying for the second time, she tossed and turned that night and went to the Magic City nightclub the next day after jogging with Su Yingxia.

The next day, after running with Su Yingxia, she went to the Magic City nightclub. Kang Ling was brought out from the basement, and her injuries weren't light, but in Han Qianli's eyes, they were by no means heavy.

Letting Su Yingxia cry sadly twice, even if she died, was a bargain for Kang Ling.

In Kang Ling's heart, he felt that this matter was a misunderstanding, so now that he was brought out, he should be released.

"Boss Mo, the misunderstanding is clear, right? I already told you you've got the wrong guy." Kang Ling said.

Without saying a word, Han Giang walked up to Kang Ling and punched him in the face, deathly strangling his neck, his voice filled with coldness as he asked, "What did you do to Su Yingxia?"

Kang Ling hadn't yet regained consciousness and felt like he was having trouble breathing, while Han Giangli was so fresh-faced again that he asked, "Who are you?"

"Su Yingxia's husband, Han Qianli." Han Three Thousand gritted his teeth.

Han Three Thousand?

Isn't this that wimp, why is he here.

"Let go of me, this is Boss Mo's territory, what right do you have to beat me up here, do you know who the f\*ck I am?" Kang Ling raged.

"You, aren't you just a piece of trash." Han Giangli's voice trailed off as he lifted his knee and hit Kang Ling's abdomen.

Kang Ling's entire body curled up in pain, like a cooked shrimp.

Letting go of Kang Ling's neck, Han Qianli asked in a condescending manner, "I'll ask one last time, what exactly did you do to Su Yingxia."

Kang Ling gasped for air as a way to ease his pain.

"Han 3000, I just wanted to help you try this woman, you haven't touched her for so many years, you should thank me for helping you out." Kang Ling said.

On the side, Mo Yang held his forehead, how did this kind of guy who didn't know whether he was dead or alive live until now? How dare you say such things to Han Qianqian, aren't you looking for death?

Kang Ling's established impression of Han 3,000 trash was too deep, so Han 3,000 appeared at this time, he couldn't imagine any relationship between Han 3,000 and Mo Yang, and he didn't think Han 3,000 dared to do anything to him.

Hearing Kang Ling's words, Han 3000 was furious, no wonder Su Yingxia was crying so hard, this guy was trying to get his hands on Su Yingxia!

"Does this matter have anything to do with Su Haichao?" Han Qianqiang asked in a cold voice, the last time Su Haichao had done the same kind of thing, if this time it was still Su Haichao secretly arranged, not to mention Su Haichao, the entire Su family Han Qianqiang would not let go.

Kang Ling's pain eased a little, sitting on the ground, his face was not worried, instead he smiled and said, "Do you know what your woman has done wrong? I just asked him that she sleep with me, she dared to pour my tea, I give you a warning, you better go back and persuade her, if you don't behave and meet my demands, no manufacturer in Cloud City will cooperate with the Su family, then not only will she be finished, you won't even be able to eat soft food in the future."

From Kang Ling's point of view, he now had a stranglehold on the Su family's lifeblood, the Su family's life and death was in his hands, what would Han Qianqiang dare to do to him?

"So, it has nothing to do with Su Haichao?" Han Qianli asked.

"What can it have to do with him, once the Su family's old lady died, but I won't give face to anyone." Kang Ling said disdainfully, he had been waiting for this day for a long time, the old lady relied on the fact that she had helped him in the past, but she hadn't missed scraping oil on him, now it was also his turn to gouge a sum of money on the Su family, and he believed that the Su family would compromise sooner or later, the west side of the city project concerned the Su family's life and death, how long could the Su family keep their mouths shut.

"Mo Yang." Han Giang shouted.

Mo Yang walked to his side and asked, "What are you planning to do about it."

Hearing the simple conversation between the two of them, Kang Ling then looked frightened, it was clear that Mo Yang was going to listen to Han Qianqiang.

"K\*ll." Han Marchiang said.

Mo Yang took pity on Kang Ling and said, "Fine, leave this to me and make sure it's clean."

Kang Ling was stirred up, unable to care about why Mo Yang took Han Qianqiang's words as an order, he could look down on Han Qianqiang, but he would never look down on Mo Yang.

If Mo Yang wanted to kill him, would he still have a way to live?

"Boss Mo, Boss Mo, you can't kill me." Kang Ling said in a panicked voice.

"Kang Ling, I'm curious as to how you've survived until now." Mo Yang said.

"Boss Mo, I can give you money, just let me go, as much as you want, I can immediately extort a sum of money from the Su family, all of it, how about all of it?" Kang Ling said.

To be able to fury Kang Ling to such an extent, Mo Yang had never seen it before, although the Su family wasn't important to Han Giang, the person he was making things difficult for was Su Yingxia, ah, Han Giang's wife.

"In order for you to die in peace, let me tell you the truth, this, is my boss, if you offend him, can you still have a chance to live?" Mo Yang said with a smile.

"Old ..... Boss!" Kang Ling didn't dare to look at Han Qianqian incredulously, how could, how could he be the boss of Mo Yang.

This was Han Three Thousand, a wimp of the Su family!

"Boss Mo, don't joke with me, he's a wimp, how can he be your boss, I know you're teasing me, how much money do you want, just ask, I'll definitely satisfy you." Kang Ling said.

"Hey." Mo Yang sighed, although money could solve a lot of things, it was the only thing that couldn't solve Han 3000.

To him, money was probably the most meaningless thing in the world, right?

"You died unjustly." Mo Yang smiled.

Kang Ling saw that Mo Yang was so firm and shifted his attention to Han Three Thousand, although he couldn't understand why Han Three Thousand, a wimp, was the boss of Mo Yang, Kang Ling knew that only Han Three Thousand's words could save him from death.

"Han three thousand, I was wrong, I won't make things difficult for the Su family again, please let me go, I will definitely work with the Su family in a down-to-earth manner in the future." Kang Ling kneeled on the ground and said.

"I still have to go home to stay with my wife, I'll leave first." Han Qianqian didn't even look at Kang Ling and left after saying these words.

After Mo Yang watched Han Qianli leave, his heart not only thought of his woman, thinking that back then, he had retired from the world to protect her, that's why he had retired from the world, he thought that everything would be as he thought it would be, living a peaceful life, but in the end he realized how wrong he had been.

Now looking at Han Qianqian again, it made Mo Yang even more cognizant of how foolish his choice was.

To protect his woman, only being strong could do it, and Han Qianxiang did it now.

"In just a few days, the Kang family is also finished, counting the Xie family, this is already the second family, I don't know how many more unsighted people will crash into this brass wall." Mo Yang said to himself.

Although he didn't go out of his way to help Liu Qi, but this mad dog had almost poured out all of his household goods to deal with Xie Jingyan, and now the Xie family had completely boasted, but it was making quite a commotion in Cloud City ah.

Hearing Mo Yang's words, Kang Ling was even more incredulous, was the Xie family's matter also related to Han Qianqian?

Even the Xie family has suffered this fate, so what's a factory owner like him?

"Boss Mo, do I really have no chance?"Kang Ling looked at Mo Yang in despair and said.

Mo Yang didn't answer the question, but told him with actual actions.

"Lin Yong, do it cleanly."

Leaving Mo Yang, Han 3,000 didn't delay elsewhere, but went straight back to the hillside villa, Su Yingxia was pulling weeds in the garden, and I could tell that after losing her job, she was quite bored.

"Weak Water Real Estate will stop cooperating with the Su family, and the bank is also putting pressure on the Su family to lend, so if you can't leave this company behind, you can be the chairman yourself."Han Qianli walked up to the side and said to Su Yingxia.

"If I didn't have you, would I be unable to do anything?"Su Yingxia turned her head and suddenly asked Han Qianli.

Han Qianli was stunned, he didn't know why Su Yingxia would suddenly say that.

Although he had indeed helped Su Yingxia a lot, Su Yingxia also had a lot of credit for this, the role Han Qianli played was merely matchmaking, the development of the west side of the city project so far could be attributed to Su Yingxia's hands.

"Of course not."Han Three Thousand decisively replied, unable to overshadow Su Yingxia's own efforts just because of some of his help.

"If I stay at home and teach my children, what do you think?"Su Yingxia asked.
