

His True Colors Chapter 189-194

Chapter 189

The argument only stopped during the meal, seeing Han 3,000 become a target and constantly being compared to Liu Zhijie, Jiang Wan's heart was unimaginably happy, she wanted this feeling, to belittle Han 3,000 to reflect the excellence of Liu Zhijie, so that she would feel superior in front of Su Yingxia.

After having lunch, Jiang Bo and Xu Fang, who were the hosts, didn't mean to clean up the dishes, sitting on the sofa without moving, and the eyes of both of them, surprisingly, were on Han 3,000.

Su Guoyao didn't talk much after he arrived at the Jiang family, because he was also looked down upon by the Jiang family, and back then, these people in the Jiang family thought that if Jiang Lan married into the Su family, they would be able to rise to the top, but the truth was that Su Guoyao was not valued in the Su family, and how could he help these Jiang family relatives when he himself wasn't living well, so at that time, Su Guoyao's status in the Jiang family was very low.

"Han Qianqian, what are you waiting for, since you're used to doing these jobs, take the initiative." Jiang Bo said with dissatisfaction.

Su Yingxia was secretly a little angry, a door is a guest, Han Qianqian was a guest, how could he be allowed to wash the dishes?

Su Yingxia was about to speak, but Han Giangli stood up, smiled at her and said, "It's fine."

"I'll help you." Su Yingxia sighed helplessly.

Jiang Bo was not accustomed to Han Three Thousand's kind of relying on women to support him at home, and seeing Su Yingxia wanting to help, he scolded, "Yingxia, sit properly, how can you do this kind of rough work, you're supporting him, can't you even let him do these little things?"

Jiang Lan couldn't bear to see it anymore and spoke up, "Brother, we're guests anyway, you guys"

Before Lan Jiang had finished speaking, Jiang Bo interrupted, "Of course I treat you as guests, but let him be, I despise such people."

Han Marchand didn't complain, it was something he used to do anyway, it didn't matter, and said, "Mom, you sit down, I'll do it."

"Count on you being a bit self-conscious."

After washing the dishes, everyone rested for a while and then went out, ready to go shopping at the mall.

When Jiang Bo saw the Audi A6 that the Su family drove, he was a little surprised, their family used to be a broken car, but they didn't expect to get a luxury car instead, it seemed that Su Yingxia's new position now did help her make a lot of money.

However, in Jiang Bo's eyes, it's still not comparable to Liu Zhijie, after all, Liu Zhijie is now his own boss, while Su Yingxia is just working in the Su family.

The most important thing is that Han Qianqian, a pile of mud, can't possibly compare to Liu Zhijie.

The newly opened mall was bustling, very crowded even if it wasn't a double holiday, and there were all kinds of brand name stores, as well as some luxury goods.

It was still not simple to build such a large mall in a place like Bin County, and it was definitely not an easy task to bring in so many luxury brands into the city.

"The owner of this mall is Liu Zhijie's friend Tang Zong, if it wasn't for him, it would be impossible for us to have such a luxurious place in Binxian." Jiang Wan mentioned the mall owner and deliberately added the words Liu Zhijie's friend, which was yet another blatant show off.

Han Qianli was a bit cryptic, so being Liu Zhijie's friend could give them such a high sense of accomplishment.

But this mall was indeed powerful, as many luxury brands didn't even bother to enter such a small county, and it was a reflection of Liu Zhijie's ability that he was able to find them.

Jiang Wan led her party into a LV storefront, she had already had her eye on a desired bag here, but had been holding back, waiting for today to pay for it in front of Su Yingxia and let Su Yingxia know how extravagant her life was now.

"Yingxia, you should know the LV brand, I've got my eye on a bag, how about you take a look at it for me." Jiang Wan affectionately took Su Yingxia's hand and brought it to the front of a new bag.

The price was clearly marked on the label, more than 30,000 yuan, and Jiang Wan Wan could take the label and give Su Yingxia a look.

"It's a bit expensive, but as long as I want it, Ji Jie will buy it for me." Wan Wan Jiang smiled.

On the side, Jijie Liu knew it was time to make his appearance and said, "It's only 30,000 yuan, how can it be expensive, if you like it, buy it."

This play was already premeditated, but Jiang Wan Wan still acted surprised, hugged Liu Zhijie's neck and kissed him twice, saying, "Zhijie, you're too good to me."

Su Yingxia had a bad chill, how could she not see Jiang Wan's unprofessional performance?

Jiang Wan excitedly pulls Su Ying Xia, saying where and where the bag is good, just waiting for Su Ying Xia to envy her.

But Su Yingxia didn't put it in her eyes at all.

Thirty thousand yuan was nothing, but Han 3000 had transferred all the villas worth over 80 million yuan to her, and that alone couldn't compare to Liu Zhijie.

"Do you like this store?" At this time, Han Qianqian walked up to Su Yingxia, he asked, not whether Su Yingxia liked a certain bag or not, but whether he liked the shop or not.

"Even if you like it, can you afford it, Yingxia? Why bother?" Jiang Wan laughed lightly, but the appearance of Han Giang's appearance at this time gave her just the right opportunity.

Han Qianqian looked at Su Yingxia and smiled, just waiting for Su Yingxia to nod.

Su Yingxia knew that Han 3000 would definitely buy it for her if she asked that, and this amount of money shouldn't be much to him.

But Su Yingxia's life hadn't touched anything so extravagant, and she didn't need it, so it would just be a waste of money to buy it.

"I don't like it." Su Yingxia said.

"Yingxia, how can you speak against your conscience, such a beautiful bag, a woman likes it too, you're not afraid that Han Qianli can't afford it, so you're deliberately saying that, right?" Chiang Wan said.

"I really don't like it, it doesn't make sense to me," Su Yingxia said.

"Cut." Jiang Wan laughed disdainfully, speaking grandiosely, wasn't she just afraid of not being able to pay?

"I know you don't want to embarrass Han 3000, but that's okay, it's not a shame if you can't afford it."

Su Yingxia took a deep breath, didn't Jiang Wan want her to admit that she couldn't afford it?

"Yeah, I couldn't afford it, so I didn't like it, so now you're satisfied," Su Yingxia said.

Seeing Su Yingxia's generous admission, Jiang Wan smiled proudly and said, "You're also good looking, I won't look down on you if you admit it, how about this, you pick one you like and I'll ask Liu Zhijie to buy it for you."

The first time these words were said, Jiang Wan was a little regretful, because the cheapest thing here was several thousand yuan, and she would be distressed to have Liu Zhijie give it to Su Yingxia.

But since the words had already been spoken, there was no point in taking them back.

"Sister Wan, since you're so generous, then I'm not going to be polite." The corners of Su Yingxia's mouth turned up, and with a slight smile, she walked towards a display case.

Seeing the direction Su Yingxia went, Jiang Wan's eyelids jumped straight, that display case could be a limited edition, normally even she didn't dare to look at it, Su Yingxia wouldn't want something there, right?

This ungrateful woman is so greedy!

Following up on Su Yingxia's pace, when Jiang Wan saw that Su Yingxia had taken the most expensive type of bag, her anger was even more unbearable.

"Su Yingxia, you're too greedy, this one is the most expensive one in the store." Jiang Wan gritted her teeth and said.

"Didn't you say you were giving it to me? Of course I have to choose the most expensive one, after all, Yoo Ji Jae is several million a year, are you distressed?" Su Yingxia smiled and asked Jiang Wan.

Jiang Wan was so angry that she wanted to vomit blood, although she was the one who said to send it, but she didn't say to send the most expensive bag, where could she have thought that Su Yingxia would be so cruel.

"Su Yingxia, don't give an inch, I said to send you, but I didn't say to send such an expensive one." Jiang Wan coldly said.

"You mean, you can't afford to send me such an expensive one? I understand, then forget it, don't send me away, so you don't feel bad." Su Yingxia shrugged her shoulders and said helplessly.

Han Giang was watching from the side, he had never seen this side of Su Yingxia before.

"It's not that I can't afford to send it, it's just that why should I send you such an expensive one? I think you're poor and crazy." Jiang Wan said with a cold face, in her eyes, people like Su Yingxia were just poor, so she would only cut her a good deal when she got the chance.

At this time, a man came from outside the shop and directly said, "Wrap this bag for Miss Su."

Chapter 190

Who's so big?

It's a \$100,000 bag and you're just giving it away?

Both Jiang Wan and Liu Zhijie turned their heads at the same time, and their faces changed when they saw the owner of the voice.

Tang Zong!

How could it be Tang Tsung!

Why did he appear here.

In the morning, Jiang Wan bragged about Liu Zhijie being Tang Zong's friend, but now that Tang Zong shows up, can you still wrap fire in paper?

Su Yingxia had seen Tang Zong in the photo, so she recognized it, and as to why Tang Zong gave her the bag, she could also guess the reason, it must be related to Han Qianqian.

Could it be that Han Qianxiang deliberately arranged for Tang Zong to appear here?

How could he even use someone like Tang Zong at his whim?

This idea Su Yingxia was wrong, because Tang Zong wasn't found by Han Qianqian, it was purely a chance encounter.

As for randomly making it happen, that was true.

"Mr. Tang, you, what brings you here." Liu Zhijie said in a compliant manner.

Tang Zong didn't even look at Liu Zhijie, walked straight to Su Yingxia and said, "Miss Su, in this mall, you can take anything you like."

Since Su Yingxia guessed that it was because of Han Qianqian, she wasn't a bit surprised by the words, shaking her head and saying, "I don't have any need for that, thank you."

Tang Zong nodded his head and took a spare glance at Han Qianqian and was relieved to find that Han Qianqian wasn't dissatisfied.

He was actually outside early in the morning, just in time to take a look at the mall, but he didn't expect to meet Han Qianqian, and Tang Zong couldn't bear to see those words from Jiang Wan.

Fortunately, Han Qianqian didn't mean to blame, otherwise he would be finished.

"Mr. Tang, are you friends with Liu Zhijie?" At this time, Lan Jiang walked up to Tang Zong and asked, she had heard Jiang Wan bragging before and she didn't believe it at all, but now this was the perfect opportunity to tear them apart.

"Liu Zhijie? What people, I've never heard of." Tang Zong smiled.

At this moment, Liu Zhijie lowered his head, his mood was like eating shit, if it wasn't for Jiang Wan's bragging, he wouldn't have suffered this embarrassment.

How could a person like Tang Zong be his friend?

"No way, are you misremembering, but they said that you're friends with them." Lan Jiang said with a smile.

Tang Zong shook his head very directly and said, "Auntie, I can be sure that in my list of friends, there is no such person as Liu Zhijie, and I don't know who he is, but recently Binxian County did have some people waving around under the banner of being my friend, so be careful, don't be fooled."

Jiang Lan smiled even more happily and said with a sigh, "So it's a trickster, I thought it was real."

Jiang Wan Wan didn't expect this morning's bragging to move a stone and smash her own feet, and now that Tang Zong denied it, she didn't dare to say more, and being remembered by Tang Zong, Liu Zhijie would be finished.

"Yeah, I remembered the name Liu Zhijie, I'll have someone look into it." Tang Zong said.

Liu Zhijie's face swished white, his company hadn't started for long now and was heading towards the right track, if he was targeted by Tang Zong, even ten of him wouldn't be Tang Zong's match ah.

"Mr. Tang, it's me, I'm Liu Zhijie, but I didn't use your name to woo you, I was just bragging, I hope you don't take offense." Zhijie Liu walked up to Tang Zong and said in a low voice.

"Taking my name and bragging, you've got a lot of nerve, hasn't anyone told you what happens when you casually use my name?" Tang Zong coldly said.

Liu Zhijie's forehead broke out in cold sweat, hating to have Jiang Wan come out to block the disaster, although he liked Jiang Wan very much, he would never risk his company's future for a woman.

And he knew clearly that a gold-worshipping woman like Jiang Wan could only be with the rich and famous, and once his company collapsed, Jiang Wan would definitely abandon him as well.

"Mr. Tang, I'm sorry, although I didn't do this, but she's my girlfriend and I'm also responsible, I'll make her apologize to you." After saying that, Tang Zong walked up to Jiang Wan and snapped, "Jiang Wan, don't apologize to Mr. Tang yet."

If Su Yingxia hadn't been present, Jiang Wan would have already apologized to Tang Zong, but now, she couldn't let go of her pride.

"Liu Zhijie, do you have to make me lose face in front of Su Yingxia?" Jiang Wan's whispered gnash of teeth.

Disgrace?

At a time like this, even he doesn't care about face, and Jiang Wan even cares about this bullsh*t face!

For the first time since we had been together for so long, Liu Zhijie had a wave of disgust towards Jiang Wan.

"Words are your nonsense, it's already cheap to just make you apologize." Liu Zhijie said with a tough attitude.

Jiang Wan looked at Su Yingxia, this slap was slapped loudly, but she didn't want to accept it, so what other way could she have?

Tang Zong was right in front of her and by the looks of him, he would also deal with Liu Zhijie.

If Liu Zhijie's company was really targeted by Tang Zong because of this matter, she would definitely be dumped by Liu Zhijie.

It was hard to be with a rich man, and Jiang Wan Wan would never want to lose this chance to be a rich woman.

Walking up to Tang Zong, Wan Wan Jiang lowered her head and said, "Mr. Tang, I'm sorry, I was trying to save face, that's why I said you're our friend, it has nothing to do with Liu Zhijie."

"To be friends with me, you have to see if you are qualified, what kind of a thing are you?" Mr. Tang said with disdain.

Jiang Wanwan lowered her head, her eyes glaring fiercely, these words completely demeaned her, and in front of Su Yingxia at that!

"Mr. Tang, I'll educate her properly when I go back and give you trouble." Liu Zhijie said.

Tang Zong took a glance at Han Qianqian, only to see Han Qianqian arc a slight nod before he said, "Weigh your own identity in the future, forget about this matter today, if there's a next time, you don't want to hang around in Bin County."

Seeing Tang Zong leave, Liu Zhijie was relieved, feeling his legs soften with fear.

Fortunately, Tang Zong didn't blame him, otherwise the consequences weren't something he was capable of bearing.

"Jiang Wan, now you know the danger of bragging, in the future, it's better to say such words less, otherwise it would be bad to harm others and yourself." Jiang Lan finally let out a sigh of relief and said with a smile.

Jiang Wan's face was gloomy, and she gritted her teeth and said, "Aunt Lan, even if Liu Zhijie isn't Tang Zong's friend, he's still a hundred times better than your son-in-law, at least he's not trash."

"But Han 3000 never brags, and that's a hundred thousand miles better than Liu Zhijie."

A rare, very rare scene! Jiang Lan would even speak for Han Qianqian.

Not only was Han Qianqian surprised, Su Yingxia was also startled.

Jiang Bo Xu Fang and his wife also found it unbelievable, in the past, Jiang Lan could speak ill of Han 3000 and it was also Jiang Lan's decision to prevent him from returning to Bin County, but she would now speak for Han 3000, how could this be possible!

"A loser who can't brag? Aunt Lan, you have to cherish it, after all, there aren't many wimps like him anymore." Jiang Wan sneered.

In the midst of the argumentative words, the silent Han Qianqian was bruised all over, but he wasn't angry, it was a miracle that he could see Jiang Lan speak for him, he instead wished that the two of them could quarrel a little longer so that he could see more of the good show.

It was a pity that the good show had to come to an end, after all, they were also relatives, it was impossible for them to develop into a fistfight.

After the group walked out of the LV store, Jiang Wan was planning to go to the next store in order to find some face for herself.

"By the way, I still have something I forgot to take." Han Qianli suddenly said.

The group of people stopped and watched in puzzlement as Han Marchiang ran all the way back to the LV store.

"Ying Xia, Han 3000 has gone to buy you a bag." Jiang Wan smiled, of course, that's what she said, but she didn't think Han 3000 would do that, was Han 3000 capable of buying thousands of designer bags at every turn?

Su Yingxia looked at Han Qianli's back in confusion, he wouldn't really go buy the bag, Jiang Wan thought it was impossible, but Su Yingxia knew Han Qianli would be able to buy it if he wanted to.

"Wrap up that bag from earlier." Han Three Thousand ran back to the counter and said to the shopping guide.

In a short while, Han 3,000 walked out of the LV store with an exquisite bag, but wrapped outside, what he bought was invisible to Su Yingxia and the others.

"You really bought it? I don't know what kind of crap I bought." Jiang Wan deflated her mouth, sure in her heart that Han 3,000 was buying the cheapest thing out there, not expecting the wimp to want to save face, but what was the point of this face? It's more expensive than her \$30,000 bag?

Chapter 191

Walking over to Su Yingxia, Han Qianli handed something over to Su Yingxia.

"Yingxia, aren't you going to open it and take a look? I don't know what kind of crap I bought." Jiang Wan's yin and yang said.

What she bought didn't matter to Su Yingxia, as long as it was a gift from Han Qianli, she liked it.

"I'll look at it at home." Su Yingxia said.

Jiang Wan wanted to dismantle the junk Han Qianqian had bought, so naturally she couldn't wait until she got home to say it, or else how could she swallow this anger in her heart?

Just now because of Tang Zong's matter of disgrace, she had to find some face for herself back.

One hand snatched the things from Su Yingxia's hand, Jiang Wan said, "It's not something shameful, why do you have to wait until you go home, do you want things to be too cheap to lose face?"

"Jiang Wan, don't go too far." Su Yingxia said with dissatisfaction, calling Jiang Wan by her name, showing that she was very angry.

This behavior of Jiang Wan was indeed outrageous and not at all polite, but she didn't care at all and said, "Ying Xia, when did you become insolent, I'm your sister, how can you call me by my name directly?"

"Jiang Wan, since you're older than me, don't you have any manners at all?" Su Yingxia said.

"Of course I understand, I'm not being kind, helping you open your gift." Saying that, Jiang Wan had already unwrapped it, but the contents inside left her stunned.

In Jiang Wan's opinion, Han Qianqian had definitely bought a bargain, but what she was holding now was the bag that Su Yingxia had just spotted, a bag worth a hundred thousand!

Ryu Ji Jie didn't expect Han Marchan to buy this bag, an unexpected glance at Han Marchan, didn't he say he was a wimp? How is it possible to have so much money?

"Han 3000, did you steal this?" Jiang Wan questioned Han Qianqian.

"If you can't afford it, can't I afford it?" Han Three Thousand Thousand said indifferently.

Jiang Wan would never believe that this was bought with real money, and that Han 3000 must have switched and stolen it when the shopkeeper wasn't paying attention.

"Yeah? If you bought it, would you dare to confront me? I didn't expect you to be a wimp, but your hands and feet aren't even clean." Jiang Wan was disdainful.

Also as a man, Liu Zhijie knew that men were creatures who loved to save face, but he didn't think that Han 3000 would do such a thing for the sake of saving face, and with so many shopkeepers present, how could Han 3000 be switched.

Seeing that Jiang Wan wanted Han Three Thousand to seek confirmation on this matter, Liu Zhijie said, "Don't be a fool."

"What nonsense, I just don't want the police to find my house, don't let this kind of scum smear our Jiang family." Jiang Wan coldly said.

Liu Zhijie knew that going to seek proof of this, if the bag was really bought by Han Qianqian, it would be Jiang Wan who would be humiliated again, and he would be humiliated as well.

"What if he really bought it? Aren't you ashamed enough of yourself?" Liu Zhijie said.

"Are you out of your mind, can a wimp like him afford such an expensive bag?" Jiang Wan sneered.

It wasn't surprising that Jiang Wan didn't believe it at all, Han Qianli's image of a wimp was too impressive, how could a man who ate soft food suddenly pull out a hundred thousand dollars?

"Jiang Wan, don't speak so harshly, you can't afford it, can't Han 3000?" Lan Lan couldn't stand Jiang Wan's nonsense and spoke out.

"Auntie Lan, you just don't dare, right? It seems you also know that Han 3000 has no money, that's why you won't let him seek confirmation from me, right?" Jiang Wan laughed.

Lan Jiang was also a shrew now, but Jiang Wan was even more of a scoundrel than she was, and the only way to prove whether or not Han 3000 had bought it was to go back to the store.

"Fine, you want to prove it right, let's go together." Jiang Lan said.

Seeing that Jiang Lan agreed, Jiang Wan had a smug smile on her face, as if she had seen the dilemma of Han 3000's demolition.

"You'd better pray that the others won't call the police, or else you'll have to spend this Dragon Boat in jail."

Back at the store, Jiang Wan directly threw the bag on the counter and said to the cashier, "How do you guys work, you didn't even notice that such a valuable item was switched, aren't you afraid that the boss will fire you?"

Several guides gathered around with puzzled expressions.

"Miss, I don't understand what you mean by that." The cashier asked.

"What do you mean? See for yourself, what he bought and what he took away." Jiang Wan said.

The cashier looked strangely at Jiang Wan and then at Han Qianqian, confused.

"What's wrong with it? This gentleman did buy this bag," The cashier said.

"How is that possible, open your dog eyes and see clearly, how could he have bought this bag." Jiang Wan was anxious, she had come back to humiliate Han Qianli, not herself.

"Miss, please speak with respect, although you're a customer, you can't just casually curse, this gentleman did buy this bag, and the invoice is also there, if you don't believe me, you can look at the invoice." The cashier said with an unhappy face, they kind of work in luxury stores, they all deal with rich people, the quality of customers are very high, like Jiang Wan, even if they turn her away, the boss won't blame her if she knows.

Jiang Wan Wan's heart sank to the bottom as she turned over the invoice, which plainly stated the amount of money received.

It was really Han Qianqian's purchase!

How? How did he get so rich?

Jiang Wan looked at Su Ying Xia, did she intentionally act out this scene by giving Han 3000 dollars in advance?

"Su Yingxia, I didn't expect you to play this kind of mind games with me, I really underestimated you." Jiang Wan sneered.

"What does it have to do with me?" Su Yingxia said.

"If it wasn't for you giving him money in advance, how could he have money to buy the bag, and you also happened to choose this bag, it was premeditated, intentionally to humiliate me, right." Jiang Wan gnashed her teeth in hatred, this was supposed to be her time to show superiority, but she didn't expect to be caught in Su Yingxia's trap.

"Su Yingxia, how can you play this kind of mind games with your cousin." Xu Fang said with a cold face at the side, Jiang Wan's humiliation is her humiliation, before Tang Zong's matter she didn't dare to open her mouth casually, but this matter, she must necessarily blame Su Yingxia.

"If you want to show that you've had a good time in front of your cousin, you don't have to do it in this way, we're all relatives, why make the scene so ugly?" Jiang Bo was dissatisfied with the agreement.

Su Yingxia was so angry that she wanted to laugh, it was obvious that Jiang Wan was trying to make things difficult for her, and now she was wrong instead, where in the world could there be such a reason.

"Aunt and Uncle, do I need anyone else to see if I'm having a good life? I'm not like some people who are rich and hate the world to know about it and have to drag me here to show off." Su Yingxia said.

These words were clearly a sarcastic comment, Jiang Wan Wan was naturally displeased when she heard it and said, "I'm also not like some people, who are obviously broke, but still have to puff up their faces to be fat, spending a hundred thousand, wouldn't it be like going home to drink the northwest wind."

Watching the two of them argue endlessly, Jiang Wan's ugly face was really disgusting to Han Giang, this kind of gold-worshipping woman, I don't know what Liu Zhijie saw in her.

"Since we've come here, we can't come for nothing." Han Three Thousand suddenly spoke up.

"What kind of moth do you want to do again?" Jiang Wan asked with a cold face.

"Wrap up everything in this store," Han Qianqian said to a few guides.

The watching guide looked confused, wrap it all up? Is this to buy the whole show? All the goods in the store are worth millions!

"Sir, you weren't kidding, were you?"The guide couldn't believe it and asked Han Marchant.

"Of course not."Han Three Thousand simply said.

A few guides looked at each other, although their store can not be compared to the big city counter, there are not easily tens of millions of goods, but a few million is also a lot of ah, and all bought away, not necessarily all the things can be used.

Jiang Wan's face was livid, never thought that Han Qianli would even make this, buy the entire store, this is deliberately to embarrass her?

But it's easy to talk about it, is there money to pay for it?

"Why don't you guys just pack it in for him?"Jiang Wan gritted her teeth.

Her anger and distorted perception of Han Marchant had almost made her lose her mind, but Liu Zhijie felt that Han Marchant must be able to do it since she dared to say so, and what was the use of blowing such meaningless bullsh*t, other than embarrassing herself?

A thought came to Ryu Zhijie's mind, Jiang Wan's perception of him could very well be wrong, and very wrong!

Chapter 192

Watching the shopping guide busy packing, now the only hope for Jiang Wan Wan is that Han Qianli doesn't have the money to pay the bill, so she has been silently cursing this matter, but when Han Qianli took out his bank card and swiped it successfully, Jiang Wanli is completely desperate.

Sitting on the floor with a pale face, her eyes were dazed, she was looking for face for herself today, but now, it was her who had completely lost face.

Liu Zhijie only gave her a 30,000 yuan bag, but Han Qianqiang bought the entire store for Su Yingxia, the difference is so big, Jiang Wan's heart knows it.

She also wished that Liu Zhijie could squander money for her, but she knew that Liu Zhijie simply didn't have the means to do so.

"Su Yingxia, are you bullying your cousin like this now that you're a shitty person in charge?"Xu Fang gritted her teeth with a look of hatred for the rich and said to Su Yingxia.

"Is it great to be rich?Why don't you buy the whole mall, your cousin is just having fun with it, and you've gone so far."Jiang Bo was also angry.

These two, it seemed, didn't care at all that Jiang Wan had lifted a stone and smashed her own feet today, blaming all the blame on Su Yingxia.

Su Yingxia didn't want to embarrass Jiang Wan, she was just to blame for all of this, Han Qianli did this, although it was a waste, but it also helped her to vent her anger, she could never blame Han Qianli.

"Aunt and Uncle, if I'm the one who's embarrassed today, you guys take it for granted right?" Su Yingxia wasn't afraid of the theory with the two elders and said righteously.

Xu Fang and Jiang Bo looked at each other angrily, their hearts beating for Jiang Wan injustice.

"It's not like you've never lost face for marrying a wimp." Xu Fang said.

Su Yingxia was laughing at this statement, once embarrassed, do you want to stay embarrassed?

"In your eyes, I should be bullied by Jiang Wan, right? Can't she be wronged in the slightest? And today's matter, if it wasn't for her, how could it come to this extent, self-inflicted death, not to live." Su Yingxia coldly said.

"You" Xu Fang pointed at Su Yingxia, so angry that her arms were shaking.

"Hmph." Jiang Bo snorted coldly and said, "Since you guys are so powerful, don't live in our house, go buy your own house if you're capable of doing so."

After saying that, Jiang Bo and Xu Fang both walked away with Jiang Wan.

Liu Zhijie had a lingering feeling of foreboding, always feeling that Han Third Thousand wasn't as simple as it appeared, and that offending him might not end well.

After stealing a glance at Han Three Thousand, Liu Zhijie left as well.

Only when they left did Su Yingxia helplessly say to Han Three Thousand, "Where are we going to put all these things?"

Han Qianqiang looked indifferent, it was just a small amount of money spent, it didn't matter if you wanted it or not.

"You can't live at your uncle's house anyway, so why don't you go buy a house?" Han Marchant said.

When Jiang Lan and Su Guoyao heard this, they didn't dare to speak, but their eyelids jumped straight.

They had the same question in their hearts, how rich was Han Third Thousand, and shouldn't they have emptied him out after buying the hillside villa?

Su Yingxia stared at Han Qianqian and said, "Binxian doesn't live often, what's the point of buying a house."

"It's also true, I have a friend who is neat, ask him if he has a place for me to stay for a while." Duanwu still had a few days to go, and would definitely be staying in Bin County for a few more days, and since Jiang Wan's family couldn't stay, they had to find a place where they could settle down.

After calling Tang Zong, Tang Zong immediately arranged for several cars to be waiting in front of the mall to send the purchased items back first.

Han Qianli and Su Yingxia and the others had to make a trip back to Jiang Wan's house to pick up their luggage.

What they didn't expect was that Jiang Wan's family was so desperate that they left all their luggage at the door without fear of it being taken away.

While the family was packing their luggage, the door opened and Xu Fang said with a sneer on her face, "From today onwards, you will never come to my house again, you are not welcome here, and it has nothing to do with me as to whether you live on the runway or sleep on the streets."

"Sister Fang, we are relatives no matter what, we don't have to go so far, right?" Jiang Lan said in dissatisfaction.

"Excessive, can it be as excessive as you guys? It's you who don't miss your relatives, you can't blame me." Xu Fang said.

Jiang Lan also had to fight for Su Yingxia at this point, because the fundamental problem of this matter was on Jiang Wan's shoulders, if she didn't want to show off, if she didn't want to get to the root of the matter, how could it come to this point?

"You'd better take care of your daughter, her personality is such that sooner or later she's going to cause a big problem, and this matter today is her fault." Jiang Lan said.

When Xu Fang heard this, she was not happy and broke into a rant, "Get out of here, don't let me see you again, I hope you don't show up at the Dragon Boat Festival either, so as not to dirty my eyes."

Slamming the door, Xu Fang could still be heard cursing at home.

Han Qianli smiled helplessly, the Jiang family's lineage was really different, with people like Jiang Lan, most of her mother's relatives also had the same mouth, it really wasn't a family, they didn't enter the same house.

After packing up her luggage, Han Qianli and the others went downstairs shortly after, the door opened again, and Jiang Wan Wan's eyes stood viciously at the door, as if she was wondering about something.

"Mom, I don't want to see Su Yingxia on the Dragon Boat Festival." Back at home, Jiang Wan said to Xu Fang.

Xu Fang's words just now were just in anger, after all, she was a family, how was she qualified to not let Jiang Lan appear, besides, with so many relatives in the Jiang family, it wasn't something she could call the shots.

"Daughter, it's not going to be easy, your grandparents, it's impossible not to let them come." Xu Fang said.

"I called Jiang Sheng, I heard him say that he also has a problem with Su Yingxia, wouldn't it be good if we could unite our relatives to hide it from our grandparents and not let them know that they are back in Bin County?" Jiang Wan said.

"That's a good idea, it just so happens that your grandparents haven't come back from their trip to the Mountain Temple, so they shouldn't know about Jiang Lan's visit to Bin County." Xu Fang looked at Liu Zhijie, this year, because there is Liu Zhijie, so the Duanwu also did not eat at home, but Liu Zhijie booked the hotel, even if Jiang Lan came to the door, do not know where they went, as long as the parents there to hide it.

As soon as she said that she would do it, Jiang Wan immediately called Jiang Sheng.

The three members of Jiang Sheng's family were all at home, worrying about the Dragon Boat Festival, after all, they had borrowed two hundred thousand from Jiang Lan, and although they had thought of not returning it with a thick face, they would still lose face if Jiang Lan mentioned it at the Dragon Boat Festival.

People are poor and spineless, but also want to save face, Jiang Sheng's family of three, are planning not to go to the Dragon Boat Festival, but thinking about this year Liu Zhijie invited guests to eat at the hotel, they are a bit reluctant, after all, it is a big meal, and the rest of the package home, and can eat for several days, can save a lot of money.

"Mom, how about I go find Su Yingxia and tell her not to mention this, and just say that we'll pay back the money in the New Year?" Jiang Sheng said to Liu Hua.

"I'm afraid that Jiang Lan will deliberately mention this matter." Liu Hua said worriedly, this kind of rhetoric of paying back the money in the New Year doesn't matter to her, anyway, it's just a lie, keep on lying, two hundred thousand she used up and can't possibly pay back, let alone not a single point spent.

"Hey, this time but go to the Zong Huang Hotel ah, I heard that it is very expensive there, and it is also opened by Tang Zong, in this life, I'm afraid there is only such a chance, what a pity not to go." Jiang Sheng said with a regretful face.

"Go, I'm still planning to drink a few bottles of his good wine, how can I not go, even if it's humiliating." Jiang Feng Feng didn't want to miss this opportunity to drink and eat well, it was just face, wasn't it important to lose it, could it be as important as going hungry?

At this time, Jiang Sheng's phone rang.

Liu Hua mistook it for a call from Su Yingxia and asked nervously, "Is it Su Yingxia? If it's her, don't answer the phone."

"It's Jiang Wan." Jiang Sheng said doubtfully.

When he picked up the phone, Jiang Sheng heard Jiang Wan Wan say, "This year's Dragon Boat Festival, I don't want Su Yingxia's family to attend, we'll keep their visit to Bin County a secret so that grandparents won't know, just help me and I'll have Liu Zhijie introduce you to a job."

Jiang Sheng looked startled, not allowing Su Yingxia to attend, wasn't that what he wanted? And it's a good thing to get a job, too.

But he was wondering why Jiang Wan was doing this, did he have some kind of conflict with Su Yingxia?

"Don't ask anything, just do as I say." Jiang Wan anticipated that Jiang Sheng would ask questions, so she just cut him off.

"Okay." Jiang Sheng responded in one breath.

Chapter 193

After Su Yingxia's family went downstairs, they got into the car arranged by Tang Zong, but no one else knew this except for Han Giangli.

"Since when do you have friends in Bin County?" Su Yingxia sat next to Han Marchant, curious, because Han Marchant had only come to Bin County once, how could he have friends.

The car with luggage, quite crowded, Han 3,000 legs almost and Su Yingxia's legs stuck together, this is a special close contact for him, the heart inevitably some deer.

Su Yingxia obviously didn't care about this, and when he saw the sweat on Han Qianli's forehead, he was even stranger.

"What are you nervous about, is this friend a woman?" Su Yingxia continued to ask.

"No, no, no." Han Giangli quickly shook her head and said, "It's a man, I used to know him in Yuncheng, and he just happens to be developing in Bin County now."

"Are you hot?" Su Yingxia watched the sweat on Han Qianqian's forehead gradually increase, feeling increasingly strange.

"No no ah, there is air conditioning in the car, it's quite cool." Han Giangli said with a dry mouth.

At this time, Su Yingxia noticed that Han Qianli's limbs seemed a bit stiff and didn't dare to move a bit, and when she found her legs next to Han Qianli again, she finally noticed why he was nervous.

It was just legs touching, right? He can do it!

Su Yingxia smiled faintly at the corner of her mouth and deliberately leaned towards Han Qianqian again.

After visibly seeing Han Qianqian gulp, she was convinced of the reason for Han's nervousness.

Next, Su Yingxia made all sorts of small moves constantly, deliberately rubbing and moving, stirring Han 3,000's heartstrings to ripples.

It seems to be in love with this game, Su Yingxia also pretended to unintentionally put her hand on Han Qianli's leg, more obviously can feel Han Qianli stiff.

Nearly to the destination, Su Yingxia attached to Han three thousand ears, exhaled, "next to me, comfortable?"

Han Qianli felt the heat coming from her ears and almost stirred, quickly saying, "We're at the place, get off quickly."

When the car came to a stop, Han Three Thousand Thousand fled, and Su Yingxia was laughing so hard.

Jiang Lan and Su Guoyao didn't know what was happening, seeing Su Yingxia laughing like a madman, they asked strangely, "What are you doing, what's so funny?"

Su Yingxia covered her stomach, but she really didn't think that such a small action would be too much for Han Giang, it seems like he should have never gone out, maybe like herself, he still kept his first time.

"It's nothing, just happy." Su Yingxia said.

Lan Jiang shook her head, what was there to be happy about when they had all been kicked out of the house.

When the family all got off the bus, they realized that the place they had come to was a bit unusual, not an ordinary neighborhood, but a townhouse.

Although it couldn't be compared to the Genting Mountain Villas, it was already considered the most luxurious main residential area in Bin County.

"Han 3,000, this friend of yours is quite rich in Bin County, right?" The shock wasn't there, but it was a bit surprising, because Jiang Lan thought she was just going to live in a neighborhood, but she was in a villa area.

"It's quite rich." As Han Qianqian spoke, a middle-aged man walked over to them.

This was Tang Zong's assistant, and the reason why he didn't appear in person was because he didn't want to expose the matter.

"May I ask if you are Mr. Han?" The middle-aged man asked Han Marchant.

"Han Three Thousand Years." Han Three Thousand should say.

"Please follow me." The middle-aged man led the way to the villa where Tang Zong didn't often live.

For Jiang Lan and Su Guoyao, who had already seen the world, the environment here was nothing to marvel at, and as for how luxuriously it was decorated, they weren't too impressed, after all, they were living in a place worth nearly a hundred million dollars, so it couldn't still be the performance of Lou Lou entering the Grand View Garden.

"Usually, is there anyone living here? Why don't you have any personal items?" While unpacking her luggage in her room, Su Yingxia asked Han Qianli.

Han Qianli wasn't sure of the specifics, but with Tang Zong's status, it definitely couldn't be just a property, so it was possible that this was just a place where he would occasionally bring women.

But the sheets and everything had been replaced with new ones, so it didn't matter.

"He's rich, but he's alone, so he probably bought this place and isn't used to too much space." Han Qianli thought of a random reason to explain.

Su Yingxia didn't ask too many questions, it's not a strange thing for rich people to buy property, although this type of villa in Bin County doesn't quite have the space to appreciate, but how can the ideas of those rich people be casually figured out?

After tidying up the luggage, Su Yingxia sat at the end of the bed and quietly looked at Han Qianli.

When she saw Su Yingxia's eyes, Han 3,000 was nervous again, inevitably thinking of what had just happened in the car, and quickly said: "Thirsty? I'll go get some water."

With a smile on her eyes, Su Yingxia patted the bed and said, "Sit."

Hearing this word, Han Three Thousand's heart was about to pop out and her throat felt like it was on fire.

After sitting next to Su Yingxia, Han Three Thousand was constrained like an elementary school student who had been named by a teacher.

"Does it look good?" Su Yingxia directly placed her two legs on Han Three Thousand's thighs.

This kind of intimate contact for the bloodthirsty Han Qianqian, where can bear it, eyes and nose, noses and heart, do not dare to have the slightest distractions, and said, "Good good looking."

"Have you seen it?" Su Yingxia wrinkled her nose and said with a dissatisfied face.

Han Qianli's line of sight shifted down and said, "Look."

Su Yingxia was on fire, how does this kind of man deserve a wife!

Before Han Qianli even realized what was going on, Su Yingxia was already raging out of the room.

"What did I do wrong with this?" Han three thousand puzzled to herself, fished for her head, thinking back to the scene just now, also did nothing ah, how could Su Yingxia suddenly get angry?

Touching his leg, probably still a little bit of Su Yingxia's residual warmth, Han Giang smiled gently.

Two days later, the eldest elder of the Jiang family returned to Bin County from the Mountain Temple, and after arriving home, Jiang Hong asked about the arrangements for the Dragon Boat Festival, learning that Liu Zhijie would invite them to dinner at the Zong Huang Hotel, the old man smiled with great relief, saying that the Jiang family had finally emerged as a productive family, praising Liu Zhijie severely, and Jiang Wan received great praise.

"By the way, when will Jiang Lan arrive this year?" Jiang Hong asked, although it was said that Jiang Lan didn't bring any benefits to the Su family after she married into the family, but after all, she was his daughter, and he still missed Jiang Lan on this kind of holiday.

"Grandpa, Aunt Lan Lan has already called this year and said she's not coming." Jiang Wan said.

"Not coming? How could it not come? Every year Dragon Boat Mid-Autumn and Chinese New Year, these three festivals are mandatory to go home, did she forget?" Jiang Hong said with a dissatisfied face.

"Grandpa, I heard that Su Yingxia is now in the Su family's company, as the head of something, people are very busy, so how can they take us seriously?" Jiang Wan's tone was gloomy.

"Hmph." The old man snorted and pulled out the phone, "No rules at all, is it great to be in charge?"

Seeing that Jiang Hong was going to call Jiang Lan, Jiang Bo, in a rush, snatched the phone away and said, "Dad, she doesn't even care about us anymore, do you want to invite her yourself? She doesn't have that much pride."

"You give me the phone, I'm going to scold her, how much of an outcast that she doesn't even care about me, an old bone." Jiang Hong said.

"Grandpa, you'd better not bother them, maybe people Su Yingxia is making a lot of money now and doesn't even want to come back, at the worst, we won't recognize this relative in the future." Jiang Wan said.

Jiang Hong was so angry that he blew his beard and said, "Su Yingxia used to be quite good, but I didn't expect that she doesn't even care about me now, out of the blue? I don't know how far a filial piety can go, with the fact that she's married to Han Giang, she'll never be successful."

"Grandpa, don't I have Liu Zhijie, what does Su Yingxia and the others' death or life have to do with us, just as long as Liu Zhijie is filial to you in the future." Jiang Wan smiled.

Jiang Hong looked at Liu Zhijie, which put him in a better mood, and said, "It would be great if Han 3,000 had a tenth of what you have, but I'm afraid this wimp won't have much success in this life, okay, if you don't come, you don't come, and the old man is out of sight and out of mind."

Chapter 194

For the next few days, Han Qianqian and the others lived in the villa, and had nothing else to do but go shopping.

One day before the Dragon Boat Festival, Lan Jiang called Jiang Hong, but the line was busy when she dialed, and she couldn't get through to him at all, and tried several times.

"What's going on, why can't the phone get through." Jiang Lan wondered to herself, tomorrow is the Dragon Boat Festival, and now she can't reach Jiang Hong, and she doesn't know if she is going back to the countryside for the festival this year, or if she is spending the festival in the county.

"Your number won't be blacked out," Han Qianli said casually, and given how Jiang Wan's family had behaved before, it wasn't impossible for this to happen.

"Pulled black?" Jiang Lan looked appalled, then shook her head and said, "How could that be, your grandfather doesn't know about us and Jiang Wan, so why would he pull my number."

"Maybe Grandpa doesn't know that his phone has hacked you either," Han Qianli reminded, which meant that Jiang Wan was secretly up to something.

Jiang Lan got angry when she heard this, this was to exclude her ah, not even allowing her to attend the family party on Dragon Boat Festival.

"Mom, where are you going?" Seeing that Jiang Lan was going out, Su Yingxia quickly asked.

"Of course I'm going to your uncle's house to make this matter clear." Jiang Lan said angrily.

Su Yingxia could be sure that Jiang Wan had said a lot of bad things about herself in front of her grandfather, which was why Jiang Gong hadn't called them, so what was the point of going to make a scene now?

"Mom, 3,000 told me about this possibility last night, and he's already inquired about tomorrow's party at the Zong Huang Hotel." Su Yingxia said.

"What do you mean?" Lan Jiang asked in puzzlement.

Su Yingxia looked helplessly at Han Qianqian, she originally disagreed with Han Qianqian's plan, but Han Qianqian's attitude was firm.

"Three thousand has booked the entire Zong Huang Hotel, which means that when they arrive tomorrow, they won't be able to enter the hotel." Su Yingxia explained.

Jiang Lan looked at Han Three Thousand in surprise, this guy had bagged the entire hotel again! He's spent a lot of money again these days!

Is it possible that his wallet is a bottomless pit that can hold billions of dollars?

But Jiang Lan still didn't understand what Han Qianli was doing this and asked, "Han Qianli, you've booked the hotel, what does it have to do with whether I'm going to make a scene or not?"

"Mom, aren't you usually quite shrewd, why are you confused today, I don't know what bad words Jiang Wan said, but I'm sure that Grandpa has a big grudge against us right now, if you go and make a scene, maybe Grandpa won't see you, but if we meet at the Zong Huang Hotel tomorrow, and they want to enter the hotel for dinner, don't they still need your permission?" Han Gianli said with a smile.

Although the hotel was booked by him, leaving the decision to Jiang Lan was considered to be a great favor to Jiang Lan.

Only after hearing these words did Jiang Lan understand what Han Qianli wanted, wasn't this to prove their family's current strength in front of Duke Jiang?

As long as there was money, any discontent the old man had would dissipate.

"Han Qianqian, I didn't think you had many ghost ideas." Jiang Lan said.

Han Qianqian's sophistication wasn't something that ordinary people could compare to, those tricks of Jiang Lan's were just carved insects in his eyes, he just didn't bother with Jiang Lan before, if he got serious, Jiang Lan wouldn't even know how to die.

The next morning, a large number of relatives of the Jiang family, excitedly arrived at the Zong Huang Hotel, including the three members of Jiang Feng's family, Liu Hua's handbag put a lot of packing tape, ready to bring home all the leftovers that hadn't been eaten, after all, this was the Zong Huang Hotel, some people may not have the opportunity to eat here in their entire lives.

"Why hasn't this Liu Zhijie come yet, it's good that he went in for a visit earlier." Jiang Fengfeng said with a complaining face, when Liu Zhijie didn't come, these relatives of theirs didn't have the guts to enter the hotel, after all, they hadn't seen much of the world and were afraid of losing face.

"What's the hurry, it should be on its way."

"This year, Jiang Lan's family, is it true that they won't come?"

"Wasn't Dad angry? That's strange, our family's rules, Duanwu Mid-Autumn and Spring Festival, we must return to our hometown."

"You guys still don't know ah, Su Yingxia is now the head of some company, I'm afraid that he has long not put us relatives in his eyes, so how could he come back to attend the party."

Taking advantage of the absence of Liu Zhijie, a group of relatives yin and yang provoked Jiang Lan and Su Yingxia.

The three members of Jiang Yingxia's family were aware of the truth, but they didn't let go of this opportunity to get down on them.

Liu Hua had a disdainful expression and said, "You don't know, the last time I went to Cloud City, they all changed their Audi cars, now they are rich, why would they still take us relatives seriously."

"Changed Audis? Did you really let Su Yingxia get money?"

"I didn't expect their family, but they have to rely on women to get ahead, Su Guoyao is a wimp, and so is Han Qianxiang, it's a lucky break."

"Who says it isn't, if a man like Han 3000 married me, I wouldn't even dare to go out for fear of losing face ah."

Jiang Sheng seemed to think that these seriously injured words were not enough to humiliate Han Three Thousand, then spoke, "You do not know, Han Three Thousand is stared at by Aunt Barbra, he does not dare to breathe, his position in the family is like a rat on the street, I really do not know how to endure for so many years, do not even want the dignity of a man, if it were me, I would have found a tall building to jump off and commit suicide!What kind of man is a man who lives without dignity."

"Does he, now, still do the dishes and laundry at home?"

"Yeah, but what else is a man of his incapacity to do but do the dishes and laundry?"Jiang Sheng said with a smile, and as he said this, he seemed to forget that he had also accomplished nothing.

"What a disgrace to the man."

"It's a good thing they didn't come this year, or else looking at him, I couldn't even eat my food, I lost my appetite."

"Here it is, Ryu Ji Jie is here."

After Liu Zhijie's car was parked in front of the hotel, a group of relatives gathered around, hating to be Liu Zhijie's lackey, especially Jiang Sheng, who even opened the car door for Liu Zhijie.

"Dad, Mom."

"Dad, Mom."

"Zhijie is not only promising, but he's also a talent, he's a match made in heaven with our Jiang Wanhe."

"Handsome and rich, it's hard to find a young man as good as you nowadays."

"Zhijie, when are you going to arrange a job for my daughter ah, he's not much of a prodigy, but it's still no problem to help you out."

"Also I have a son, who recently left his job, you should think about it."

After everyone deliberately stammered at Liu Zhijie, they all mentioned their untalented children, obviously hoping that Liu Zhijie would bring them along for the ride.

Liu Zhijie wasn't overwhelmed by the boasting, after all, those few juniors in Jiang's family were all unlearned guys who were assholes when placed in his company.

"Dear uncles and aunts, if there's anything, let's talk about it during dinner." Liu Zhijie smiled.

"Okay, okay, you're the host, we'll all listen to you."

Seeing all the relatives bragging about Liu Zhijie, Jiang Wan's heart was very happy, this was the effect she wanted, because the praise for Liu Zhijie was the praise for her, but unfortunately she didn't succeed in showing off in front of Su Yingxia, this became a lump in her heart, but it was good to find a way not to let Su Yingxia attend today's party, the eye is not bothered by it.

When the group reached the entrance of the hotel, two doormen reached out to stop the door, one of them asked, "Excuse me, are you Mr. Han's guests?"

"What Mr. Han? I made a reservation here today." Liu Zhijie was stopped by the porter and looked dissatisfied, so many relatives of the Jiang family could be watching, wouldn't it be a joke to be stopped by the porter for such a humiliating thing.

"I'm sorry, the hotel has been booked, if you're not Mr. Han's guest, you're not eligible to enter." The doorman said.

It's been booked down?

Liu Zhijie hadn't heard about this when he booked the table, and the fact that all of Jiang's relatives were looking at him with questioning eyes made him even more annoyed.

"Let your manager come out, what kind of things are you guys, how dare you stop me, don't you know that the customer is God?" Liu Zhijie coldly said.

At this time, a middle-aged man in a suit came to the door with a work tag hanging from his chest that clearly had the words lobby manager written on it.

"Manager, is your doorman blind that he dares to stop me." Liu Zhijie said with dissatisfaction.
