

His True Colors Chapter 201-205

Chapter 201

Joyous Billiard Room.

A very cute name, but the customers inside, obviously not ordinary people, tattooed dragons and phoenixes, the whole environment is a mess, the exchange of words between the foul language is also foul, the floor full of cigarette butts obviously not cleaned for a long time, the corner is also piled up with countless empty beer bottles, overflowing with a stench of fermentation.

When Jiang Sheng followed his so-called friend to the billiard room, the unpleasant smell couldn't help but make him wrinkle his nose and feel a little guilty, after all, the person he was about to meet was the biggest person in the grey area of Bin County, known as Brother Long.

"Brother Long, Jiang Sheng has arrived."

After Jiang Sheng walked into the billiard room, all the people stopped talking, the noise became quiet in an instant, everyone was staring at Jiang Sheng, this situation made him feel even more scared.

"Brother Long." Walking in front of Brother Long, Jiang Sheng shouted in a compliant manner.

Brother Long touched his bald head, and the thick gold chain around his neck was more than enough to bind the dog.

"Did you bring the money?" Brother Long asked to Jiang Sheng.

Jiang Sheng was so scared that he couldn't even speak properly and stammered, "Bring bring."

"Useless thing, I'm not going to beat you, you're afraid of a ball." Brother Long scowled.

"Yes, yes, Brother Long is right, I'm useless, I've made you laugh." The cold sweat on Jiang Sheng's back wetted his clothes, and he quickly handed the money to Brother Long.

Brother Long took the thin 10,000 and said, "If it wasn't for the fact that you are a friend of the puppy, 10,000 would have been impossible for me to help."

"Yes, yes, how can Long look at ten thousand dollars, but it's the best I can do. But the person I'm going to deal with is very rich, if Brother Long doesn't think 10,000 is enough, he can think of something on her." Jiang Sheng said.

"Oh?" Upon hearing this, Long became interested and asked, "Who is he and what does he do in Bin County?"

"Don't worry Brother Long, she's not from Bin County, she's just here for a few days, she's my cousin." Jiang Sheng said.

"Cousin sister?" Brother Long looked startled, this guy actually even had to deal with his own relatives, but it was really interesting, and said, "You're quite ruthless, dealing with your own family, but you actually asked for my help, don't you know that if I take action, it's light enough to break my arms and legs, but heavy enough to lose my life?"

"Brother Long, my relationship with her has never been good, and she's still showing off how rich she is in front of me, so I'm just trying to vent my anger and let Brother Long make some money by the way," Jiang Sheng said with a smile.

Brother Long nodded his head and said, "Out for a bite to eat, this matter is covered by me, but the money I fished out has nothing to do with you."

"Of course, it's all Brother Long's, how dare I think about it." Jiang Sheng said evenly, although he was greedy for money, he didn't dare to pull his hair out on Brother Long's body.

"Get lost, it's bad luck to be your relative for eight lifetimes." Brother Long scowled.

Jiang Sheng scampered out of the billiard room, causing a roar of laughter.

But he didn't care if he was embarrassed or not, it was only after he left the billiard room that he felt alive, dealing with people in this grey area and accidentally losing his life didn't even know what happened.

"Damn, it's better to have less contact with this kind of people in the future, it's too damn scary." While Jiang Sheng was talking to himself, the phone rang, it was from Jiang Wan.

"Jiang Sheng, do you want revenge?" After the call was connected, Jiang Wan asked directly.

"Jiang Wan, just say what you have to say, don't sell me short, all of you understand." Jiang Sheng said.

"I want to take revenge, can you help me think of a way." Jiang Wan asked.

When Jiang Sheng heard this, he had a plan and said, "It's not like there's no way, I know a few people in the grey area, but it costs money to find them to do something."

After being dumped by Liu Zhijie, Jiang Wan had no money left, but the things that Liu Zhijie had given her in the past could still be sold, as long as she could get her revenge.

"No problem, how much does it cost?" Jiang Wan said.

Jiang Sheng didn't think Jiang Wan would agree so readily, and for a moment didn't know what to offer, thinking that he couldn't let himself lose out, and that he should at least make a little bit of money, he said, "Twenty thousand, I'm afraid it won't work if it's less than twenty thousand."

"No problem."

Hanging up the phone, Jiang Sheng was very excited about this unexpected gift, but this can't let Liu Hua know, 20,000 is enough for him to spend a few days.

Tang Zong Villa.

Su Yingxia had said before that she wanted to go back to her hometown countryside to take a look, but she hadn't taken the time to do so, and today she planned to have Han Qianli accompany her, but Han Qianli already had an appointment with Tang Zong.

"Why don't I put off Tang Zong, it's nothing important anyway." The only thing Han 3000 cared about was Su Yingxia, so it wasn't a big deal if Su Yingxia was going back to the countryside and pushing Tang Zong off.

"No." Hearing Han Qianli's words, Su Yingxia decisively refused, she went back to the countryside, it was just a look, it wasn't a big deal, but Han Qianli going to see Tang Zong was no small matter, at least in her opinion, it was a big deal that concerned Han Qianli's development.

"It's nothing important for me to go see him," Han Qianqiang said with an indifferent face.

"That's no good, you can't feel unimportant about everything, I'll just have mom go with me." Su Yingxia said.

Han Giangxi saw Su Yingxia's tough attitude, so he stopped talking and sat on the edge of the bed, the atmosphere in the room, somehow became awkward.

"Do you have anything you want to ask?" Han Giang asked to Su Yingxia, he knew that Su Yingxia must have a lot of curiosity in her heart, if Su Yingxia asked, he could pick some unimportant things to explain to Su Yingxia.

Su Yingxia nodded her head, she had very many questions, but Han Giang had said that some things would be known naturally in time, so she wasn't forcing it now.

"Why do you have to endure so much aggravation?" Su Yingxia asked.

Han Giang thought she was going to ask about her identity, but it was such a question.

Han Qianli thought about it and said, "The grievance is far less of a burden for me than it is for you, I've said this before, you've endured it, why shouldn't I? As long as you're happy, nothing is more important to me."

"For three years, you've been subjected to no less cold stares and abuse than I have, and you can suffer in silence, why can't I?"

With mist in her eyes, Su Yingxia said, "But you don't have to put up with it at all, with your status, what right do these people have to look down on you."

"I love you, is that reason enough?" Han Giangli said.

The tears in Su Yingxia's eyes could no longer be filled and came out of her eyes.

"When I first arrived at the Su family, I could feel that you hated me so much that you even wanted to kick me out of the Su family, but later on, although you treated me badly, you would secretly speak up for me and help me fight with others, and every time I saw you fighting with people for me, I was very happy, and from then on I knew that the feelings between the two of us were subliminally changing, from resentment to Had love, at least that's what I think, so I'm willing to bear their eyes that look down on me for you, after all I've been used to it since I was a child."

As she was speaking, Su Yingxia suddenly went to Han Qianli's side and hugged him tightly around the neck.

The next thing I know, Han three thousand feels his mouth being gagged.

This time, it was no longer slapstick, but was able to make Han Three Thousand feel a strong impact, even the taste of lipstick.

For a long time

Only when both sides were almost suffocating did Su Yingxia let go of Han Giangli, then buried her head and snatched out the door.

Han Giangli licked his lips, this time enough to savor it for a long time.

"Oh"

"Oh"

Sitting on the edge of the bed, Han three thousand a face of a silly smile simply can not stop, so this is the taste of lipstick, this is the feeling of a deep kiss.

It's a pity that I forgot to knock just now, otherwise I can still feel what it's like to have lips and teeth entwined.

Standing up, Han Giangli felt relaxed both physically and mentally, and the corners of his eyes were already smiling with crow's feet.

When she walked out of the room, Lan Jiang looked at Han 3,000 strangely and asked, "What's wrong with you guys, is Ying Xia sick, I see her face is very red, do you want to go to the hospital to check her out?"

"Mom, she just kissed me." Han Giang couldn't help but show off, he hated for the whole world to know about it.

Jiang Lan looked embarrassed, the tenderness between the young couple, what was Han Qianli telling her.

Chapter 202

How excited and happy Han Third Thousand was right now was naturally not something Jiang Lan could understand.

Not being recognized by the Han family, Han Three Thousand had decided at the age of twelve, so he wouldn't be unhappy and even felt that this was how it should have been, after all, Han Jun's tongue was not something he could compare to.

But after coming to the Su family, Han 3000 had been waiting to be recognized, what other people thought of him, he never cared and wouldn't take it to heart, but Su Yingxia's feelings, he cared very much.

Now, Su Yingxia's actions like this had proven that she recognized Han 3000's position in her heart, so how could this not excite Han 3000?

If there was a channel and opportunity, Han Qianqian even wished for the whole world to witness this event.

But of course, this can only be thought about, or else, I'm afraid that in the future, Su Yingxia will no longer favor him.

A moment to see Su Yingxia certainly impossible, guess where to hide shy, Han three thousand also do not want her to be shy, so go out.

The front door of Tang Zong Company.

A succession of office workers would respectfully call out to Tang Zong when they saw him standing at the door.

He was an idol level existence in the minds of many young people, after all, it was very rare to be able to reach his current achievement at his age, his existence gave some entrepreneurial youths a lot of confidence, but behind it all, only Tang Zong himself knew what his achievement came from.

"What's wrong today, Mr. Tang, why are you standing at the door."

"Looking at Mr. Tang's appearance, I think he's waiting for someone."

"No way! What kind of person deserves to be waiting at the door with Tang himself."

Some of the employees who found it strange were speculating about what Tang Zong was doing and didn't even want to return to their posts.

At this time, a taxi stopped at the entrance of the company, and after Han Qianli got off, Tang Zong hurried to the side.

"F*ck, Mr. Tang is really waiting for someone."

"What kind of status does it have to be to be personally greeted by Mr. Tang."

"I've never seen a taxi to meet Chief Tang before, this is a relative of Chief Tang's family, right."

After seeing this scene, the staff speculated about Han Qianli's identity.

Tang Zong walked up to Han 3,000 and before the bending motion could be done, he saw Han 3,000's hand waving move.

"This is your company, don't make me look like I'm one of your top executives." Han Qianli said with a smile.

"Han, if it wasn't for you, where would the company be." Tang Zong said, even if bowing and bending in front of the company's employees was something that Tang Zong took for granted.

The achievements he possessed, aside from his own abilities, were all because of Han Qianli's help, which Tang Zong had never denied, nor did he dare to deny.

"What nonsense, take me to the office, being watched by so many people, what if someone falls in love with me, I'm a married man now." Han Marchant said.

Tang Zong was stunned, feeling that today's Han 3000 seemed a little different and he couldn't hide the smile on his face.

Entering the company, Tang Zong led Han Qianqian to his office, the two of them one in front and one behind, with clear priorities.

But it was Han Qianqian in the front and Tang Zong in the back, which shocked those employees to the point of dumbfoundamentation.

Although it was only a small matter, but reasonably speaking, with Tang Zong's identity, since it was only because he was in the front, there was only one explanation for this current situation, and that was that this person's identity was even higher than Tang Zong's, which had to be shocking.

"I go, what kind of person is this, is he even higher than Tang?"

"Hurry up and get to work, where are we qualified to care about such high-level matters."

"Seeing as he's about the same age as Mr. Tang, are young people so powerful nowadays?"

After arriving at the office, Han 3,000 sat on the sofa in the meeting area, with Tang Zong standing straight up beside him.

"Are you trying to transfer to be my bodyguard? What are you standing for." Han Three Thousand Years was helpless.

Only after hearing Han Qianli's words did Tang Zong quickly sit down, and he had to be restrained in front of Han Qianli.

"Tell me, what are you looking for me today." Han Three Thousand asked.

"Brother Han, I want to give you the company." Tang Zong said.

"What? You treat me like a beggar?" Han Giangli smiled.

"No, no, no, no." Tang Zong waved his hands in panic and said, "Brother Han, that's not what I meant, don't misunderstand."

Seeing Tang Zong panic so much that his face changed, Han Qianli was a bit helpless, he was in a good mood today and was just playing a joke with Tang Zong, but I didn't expect him to take it seriously.

It seemed that this joke wasn't something that could be taken lightly ah, one sentence could scare Tang Zong silly.

"Don't be afraid ah, I'm just joking, but this company, I really don't want it, it doesn't mean much to me, I'm not short of money." Han 3,000 said.

"Brother Han", Tang Zong fidgeted.

Han 3000 probably knew how his mental activity was, and said, "I've already told you, if you want to go elsewhere, I'll give you the chance, Bin County won't become your cage, you gave me the company, isn't that why you want to get rid of your current identity? No need to be so troublesome."

Having his mind seen through Han Qianli, Tang Zong carefully looked at Han Qianli and was relieved to find that he wasn't angry.

Today was also a lucky day for Tang Zong, running into Han Qianli in a good mood, or else this kind of caution was unpleasant in Han Qianli's place.

"Brother Han, what do I need to do?" Tang Zong asked.

"Bin County is just a small county, and there are a few cities nearby, so when you can take these cities, you'll be eligible to stay with me." Han Giangli said.

Tang Zong's expression was heavy as he said, "Han, I won't let you down."

"That's right, help me find a few people from the grey area to scare Jiang Wan so that she doesn't give me trouble." Han 3,000 said, he was too lazy to deal with a minor character like Jiang Wan himself, so he would naturally be honest if he found some people to scare her.

"Yes." Tang Zong immediately pulled out his phone and dialed Brother Long's number.

In Bin County, it was easiest to find him out about the grey area.

After receiving Tang Zong's call, Long was flattered and immediately agreed to do it.

To help others, Long was particular about money, but to help Tang Zong, he would rather not have money, and favors were much more important than money.

"You guys, take someone to find someone named Jiang Wan, scare her and make her behave herself." Brother Long instructed his men as soon as he hung up the phone.

"Brother Long, we've got news about Jiang Sheng, they're in Bilin Village." The subordinate said.

"Hurry up and let the people go ah, Bi Lin Village doesn't have a few families living there right now, it's a good time to do it."

Bi Lin Village, when Su Yingxia was small, she would come here almost every summer vacation for a while, and the most vivid memory for her was a small river in Bi Lin Village.

The water in the small river was crystal clear, and when she was little, she caught shrimp and flipped crabs, and didn't want to go home for a whole day.

"Hey." Coming to the small river again, Su Yingxia couldn't help but sigh, the river water was murky, emitting a stench, no longer find the feeling of childhood.

In Jiang Lan's eyes, even though Su Yingxia is now an adult and married, she is still a child, hearing Su Yingxia's sigh, she smiled and said, "The current environment, how can it be compared to when you were a child, are you still thinking of going down to the river to catch shrimp ah."

"Mom, a lot of things will change with the passage of time, the relationship between you and Dad, compared to the beginning, has changed a lot, right?" Su Yingxia asked.

Jiang Lan undeniably nodded her head and said, "Your father is no good, I've complained about him all my life, now we have to talk about love, it's no longer possible to talk about it, it's more about affection, but this is also a reasonable situation, marriage is originally a process of emotional deterioration, although love has turned into affection, there is one thing that remains the same, that is, it can't be cut."

"Is there no way to maintain it?" Su Yingxia asked with a frown.

Jiang Lan sighed, as far as she was concerned, she definitely couldn't go back to the original feeling, and as for sustaining it, she had never thought about it, as the resentment had long since grown bigger than the love.

"Han 3000 might be able to sustain it, after all, you've accepted him now." Jiang Lan said.

Su Yingxia flushed red and said, "Mom, what are you talking about, I didn't accept him."

"If you didn't accept him, would you take the initiative to kiss him? Don't think I don't know, Han 3000 has already told me." Jiang Lan said with a smile.

Su Yingxia was furious, how could Han Giang tell Jiang Lan about such a thing!

Go back!

I'm going back to teach this guy a lesson.

Chapter 203

A commercial vehicle stopped less than ten meters away from Su Yingxia's mother and son.

Now almost all the people living in Bilin Village are widows and orphans, with no children under their knees, so the appearance of this car, let Su Yingxia feel a little strange.

Could it be that the recognition of relatives is coming?

It wasn't until the people in the car got out and walked towards them that Su Yingxia felt that something wasn't quite right.

"Mom, run quickly." Su Yingxia whispered to Jiang Lan.

Jiang Lan hadn't sensed any danger and said, puzzled, "What's wrong?"

Su Yingxia didn't have time to explain, pulling Jiang Lan's hand and running away, those people saw the situation, immediately chased after.

Jiang Lan ran slowly and also dragged Su Yingxia down, before entering the village, she was stopped by those people.

"Still want to run, pretty girl, nice body, why don't you go back with the brothers and have some fun, we will definitely treat you well." The person leading the group sized up Su Yingxia's figure and laughed lustfully.

"Who are you guys." Su Yingxia asked.

"Of course you're men, do you want to try it out?" As they spoke, several large men surrounded towards Su Yingxia.

Only then did Jiang Lan understand that these people were looking for trouble, blocked in front of Su Yingxia and said, "Don't you move my daughter, do you know whose wife she is?"

"B*tch, get out of the way, don't get in my way or I'll kill you." The person leading the group threatened Jiang Lan.

Jiang Lan wasn't afraid at all now that she knew what Han Qianqian was capable of, no matter who these guys were, they definitely didn't have the same status as Tang Zong.

"I advise you guys to think carefully, or else"

Jiang Lan didn't even finish his sentence, the leader of the group walked in front of him and kicked Jiang Lan down, then said to his men, "Little ones grab the car, old ones beat up."

Su Yingxia faced several strong men with no resistance at all, and after being taken to the car, she watched Jiang Lan being beaten.

Jiang Lan howled in pain and could only hold her head and be beaten passively until the group of people cursed and left, then she sat up in a panic and took out her cell phone.

"Han Three Thousand, Ying Xia has been captured in Bilin Village."

At this time, Han Three Thousand was still in Tang Zong's office, and when he heard this news, a wave of hostility rose, and Tang Zong, who was sitting next to Han Three Thousand, felt a welcoming killing intent.

"I got it." Han Qianli hung up the phone and said to Tang Zong with a gloomy face, "Someone has arrested my wife."

Tang Zong was shocked, what kind of person had the nerve to touch Han Qianli's woman!

"Han, I'll have someone look into it right away." Tang Zong said.

Han 3,000 took a deep breath and calmed his emotions, this matter was either Jiang Wan's doing or Jiang Sheng's doing.

After leaving Tang Zong's company, Han 3,000 yuan drove Tang Zong's car to the downstairs of Jiang Sheng's house.

Jiang Sheng's family was nesting at home, which was the norm for their family, no one was willing to go out to work, thinking of crooked ways to get money all day long, this time there was no success in extorting money from Han 3000, and it was also beaten up by Han 3000, making Liu Hua hate it so much that she endured the pain and spent 10,000 yuan to find help from Brother Long, which was enough to see how hard she was.

"After spending ten thousand dollars, can you tell Brother Long to make Han 3000 kneel down and apologize to us?" Liu Hua asked Jiang Sheng, if it's just to teach Han 3,000 and Su Ying Xia a lesson, Liu Hua felt that the money is spent too much, how can we also need to see Han 3,000's miserable situation to be able to relieve the hatred.

Jiang Sheng earned 20,000 on this matter, he now does not matter what will happen to Su Yingxia and Han three thousand, only hope that soon darkness, can let him go to the nightclub to have a good debauch and pretend to be a rich man.

"Mom, are you stupid, this matter, can we let Su Yingxia know that we did it?" Jiang Sheng said.

"You brat, is it so worthless to spend ten thousand? If you can't see them being beaten up with your own eyes, you'll go and get your money back, and in the worst case, you won't let him help." Liu Hua said.

"You still want the money back when it's in Long's hands, do you want to die? Binxian can mess with anyone, but messing with Brother Long, we won't be able to save the lives of our family." Jiang Sheng said.

"Wife, this can't be messed up, don't you know what kind of person Brother Long is." Jiang Feng Feng didn't want Liu Hua to do such a confused thing and quickly reminded.

"How powerful can he be, the worst that can happen is to call the police and get arrested by him." Liu Hua said.

Jiang Fengfeng sighed and said, "You're thinking of things too simply, isn't Long's bad behavior in Bin County less, if there was evidence to arrest him, he would have been arrested long ago, why wait until now? And even if we arrest him, what can we do when so many of his men come to trouble us."

"Mom, but you took the initiative to take out this ten thousand, it's too late to regret it now, don't think too much, you might as well think about what will happen to Su Yingxia if she falls into Brother Long's hands, it will make you happier." Jiang Sheng consoled.

"The more miserable Su Yingxia is, the happier I am of course, it's best if Brother Long can take a fancy to her and rape her, but how can this kind of woman be worth ten thousand dollars." Liu Hua said indignantly.

Hearing Liu Hua's words, Jiang Fengfeng was a bit speechless, Su Yingxia was still a niece no matter what, a lesson would be enough, how could she have such vicious thoughts?

But Liu Hua's words, Jiang Fengfeng didn't dare to refute, or else it would definitely be a splitting, angry scolding.

A family of three was hungry and ready to steam some steamed buns to fill their bellies when a knock on the door sounded.

No one usually came to the house, so when Jiang Sheng went to open the door, it was strange, could it be another reminder of the water and electricity bill?

"Who? If you're charging for water and electricity, hurry up and leave, we don't use electricity in our house, just cut off the electricity." Jiang Sheng said roguishly.

"Express." The voice outside the door said.

Nowadays, online shopping was popular, and Jiang Sheng often bought things, but his online shopping consumption would usually be returned after malicious bad reviews, and he shamelessly demanded compensation from merchants, except that his online shopping account had been blacked out for a while, so how could there be packages delivered to his door?

Of course, it was absolutely impossible to have an advantage in the eyes of the Jiang family, even if it was a mistake to deliver.

When Jiang Sheng opened the door and saw that it was Han Qianqian, his first thought was to quickly close the door.

But before he could close it, he was kicked open by Han Qianqian, followed by a punch being greeted in the face.

"Han Three Thousand, what are you doing, running to the house to beat me, is there any law left." Jiang Sheng covered his face and shouted angrily at Han Three Thousand.

"Were you the one who got someone to arrest Su Yingxia?" Han Qianqian's eyes filled with killing intent were cold to the core.

For someone like Jiang Sheng who lied every day, lying was just a basic skill, and without hesitation, he said, "How did Su Yingxia get caught? And she was arrested, if you don't go to her, what are you looking for me for."

At this time, Liu Hua came out from the kitchen and looked angrily at Han Marchant, but due to the previous incident, she didn't dare to get too close to Han Marchant and said, "Han Marchant, our family is easy to bully isn't it, and you're even looking for her."

"I'll ask again, is Su Yingxia not someone you found to catch." Han Third Thousand asked with a frosty face.

"Han Three Thousand, aren't you clear on who I am? Do I have that kind of skill, and it costs money to find someone, and with that kind of money, I might as well have some good food to fill my stomach." Jiang Sheng said.

How stingy this family was, Han Qianqian did know, listening to Jiang Lan's description, those who captured Su Yingxia should be from the grey area, hiring this kind of people to help with things, the money definitely couldn't be less.

"If this matter has anything to do with you, I'll make you die a very ugly death." After saying that, Han Qianqian left Jiang Sheng's house, and since it wasn't Jiang Sheng who did it, the only possibility fell on Jiang Wan.

After Han Giangli left, Jiang Sheng quickly closed and locked the door.

"Mom, nothing's going to happen, right?" Jiang Sheng was a little worried and said, the look in Han Qianqian's eyes just now was like he wanted to kill him, if he didn't rely on lies to muddle through, Jiang Sheng didn't dare to think about his own end.

Liu Hua looked like she wouldn't shed a tear until she saw the coffin, and said, "What could have happened, this was done by Brother Long, could he still be more powerful than Brother Long? I now wish Brother Long had screwed Su Yingxia, let's see what this wimp can do."

Jiang Sheng thought about it, nodded his head and said, "That's true, and a big man like Brother Long shouldn't betray us."

Chapter 204

Jiang Wan's house.

Jiang Bo looked pained, as if he had been beaten.

Xu Fang's eyes were red, and it was obvious that she had just cried a lot.

Jiang Hong's face was as heavy as water, just a moment ago, several people suddenly came to the house and forcibly took away Jiang Wan, without knowing the details of these people, Jiang Hong didn't dare to call the police, afraid that things would get even worse.

"It must be Han Qianqian, who else could it be but him who arrested Jiang Wan, he's the one who wants revenge, dad, you have to help Jiang Wan." Xu Fang couldn't help but leave tears again as she thought of her good girl being captured.

Jiang Hong also guessed that this matter had something to do with Han Qianqian, but if it was really Han Qianqian's doing, what would the Jiang family have to deal with this!

And this time, it was all Jiang Wan's own fault, Jiang Hong's vain attempt to use his position as an elder to suppress Han 3000 was simply impossible.

"Did Jiang Wan do something behind my back again?" Jiang Hong asked, the previous incident had actually come to an end, in Jiang Hong's opinion, Han Qianli wouldn't bother Jiang Wan afterwards, unless Jiang Wanli had done something that offended Han Qianli again.

"Dad, aren't you clear on who Jiang Wan is, she's dumped by Liu Zhijie now, what else can she do." Xu Fang said.

Jiang Hong certainly knew who Jiang Wan was, and it was because she had been dumped by Liu Zhijie that she had retaliated against Han 3000 and Su Yingxia.

"Jiang Bo, do you know what Jiang Wan has done?" Jiang Hong asked.

"Dad, she"

"Quickly."

"I heard her call, she should be looking for revenge." Jiang Bo didn't dare to hide this matter, he was worried that something would really happen to Jiang Wan.

"Confused." Jiang Hong was furious, he didn't think that Jiang Wan would dare to disobey him and go to find trouble for Han Qianqiang, wasn't that egg on her face?

Han Qianqiang was the kind of person who was above Tang Zong, and the tactics of a little person like Jiang Wan were simply asking for death.

"This is your good daughter, she's not happy if she doesn't get the Jiang family killed." Jiang Hong took a deep breath and took out his cell phone, although it was a bit brazen to contact Jiang Lan now, Jiang

Hong was after all the elder of the Jiang family, he couldn't let the situation continue to get worse, he had no choice but to admit it, even if he was told to apologize to Han Giang, he could only admit it.

Before the phone call is made, the door to the house is blasted and Han Qianxiang rushes into Jiang's house all by himself.

Xu Fang saw Han 3,000 and ran to Han 3,000 with a spill, grabbing Han 3,000's clothes with both hands and roaring, "Han 3,000, where did you grab my daughter, if anything happens to her, I'll fight with you to the death."

Han Qianqian's eyebrows furrowed, Tang Zong's people were quite fast, he didn't expect to have already captured Jiang Wan in such a short time, but he had to see Jiang Wan now, only Jiang Wan would know Su Yingxia's whereabouts.

"Han 3,000, we're just having a bit of an internal conflict, you're letting outsiders come and meddle in the family's affairs, are you going to make a scene before you're happy."Jiang Bo said to Han Three Thousand.

"I only hate that I didn't kill Jiang Wan faster, otherwise Su Yingxia wouldn't have been arrested."Han Qianli said in a cold voice, this matter of finding someone to arrest Jiang Wan was not afraid of them knowing, the relationship had broken in Han Qianli's heart, so what if it was torn?

Anyone who tries to harm Su Yingxia will only end up dead in Han Qianxiang's hands!

"Han Qianqian, she's your cousin."Jiang Hong gritted his teeth and said.

Han Qianqian sneered, "As a cousin, having your own cousin arrested, Jiang Hong, is this the rule of your Jiang family?Only allowed to bully the little with the big?"

Jiang Hong's face was extremely ugly, this matter was indeed Jiang Wan's fault, and the conflict from start to finish was started by Jiang Wan, he had no words to refute Han Qianqian now, but Han Qianqian now had murderous intent towards Jiang Wan, he couldn't just stand by and watch Jiang Wan die.

"Han Qianqian, if you let Jiang Wan go, Su Yingxia will be safe, this matter is considered my Jiang family's apology to you, if you want me to apologize to you afterwards, I, Jiang Hong, will never say anything."Jiang Hong said.

"Jiang Hong, you put yourself in such a high position, have you thought that you are qualified?Your apology is worthless and bullsh*t in my opinion."Han Marchiang said.

"You" Jiang Hong was furious, his hand pointing at Han Qianli kept shaking.

"Su Yingxia is missing a hair, everyone in the Jiang family will die."Han Qianqian finished in a cold voice and left the Jiang family.

Jiang Hong, a man of a certain age, was so scared that he sat on the ground, his eyes sightless.

He had thought that after Jiang Wan married Liu Zhijie, the Jiang family would have a new life and be able to take the Jiang family to the top, and he had even put all his hopes on Jiang Wan, but now, because of Jiang Wan's lack of self-control, he had almost caused the Jiang family to go on a desperate path.

Jiang Hong didn't dare to imagine what kind of turmoil Han Qianli's anger would cause if something really happened to Su Yingxia.

Perhaps the Jiang family was nothing more than a pile of ants in his eyes.

"Dad, what should we do, he wants to kill Jiang Wan, think of a way to save Jiang Wan." Xu Fang cried and knelt in front of Jiang Hong.

"Jiang Wan's character has always been arrogant, she thinks that Su Yingxia is inferior to her in every aspect, so she wants to suppress Su Yingxia in every way, I know that she deliberately shows off in front of Su Yingxia because she's not satisfied with Su Yingxia being the head of the Su Family Company, she wants Su Yingxia to know that no matter what position Su Yingxia has now, she can live a better life than Su Yingxia, but in reality, long ago Three years ago, Jiang Wan had already lost, lost to the wimp we all see as a wimp."

"Han Qianqiang is the one who can truly decide Su Yingxia's status, how can he be a wimp? How could the Master of the Su Family let a wimp into the Su Family?"

"I'm so stupid, I should have thought of this long ago, this old thing, shrewd as she is, how could she be confused on this matter."

In the end, only a sad smile remained on Jiang Hong's face, he looked at the kneeling Xu Fang and continued, "This is the end of your conniving her, the blame is on her own, not worthy of pity."

Xu Fang's face was ashen, the meaning of Jiang Hong's words was clearly that he was not going to take care of this matter, but how could she stand by and watch Jiang Wan die at the hands of Han Qianqian?

"Jiang Bo, now that your daughter is dying, won't you do something about it?" Xu Fang walked up to Jiang Bo and punched and kicked him, cursing angrily.

Jiang Bo didn't dare to resist and didn't even dare to say a word of rebuttal.

Seeing this scene, Jiang Hong smiled helplessly and said, "This is trash, real trash."

Joyous Billiard Room, Su Yingxia and Jiang Wan were both thrown in the dark and damp basement, with only a dim light that was not enough for them to see each other clearly.

Jiang Wan's mouth kept talking about arresting the wrong person, in her opinion, it must be Jiang Sheng's misrepresentation, she was obviously the one who spent the money, how could they have arrested her?

Su Yingxia didn't yell and scream, hearing Jiang Wan's voice, she only thought it was strange, why was Jiang Wan even arrested?

In a short time, Brother Long came to the basement with a group of boys.

"Brother Long, you've arrested the wrong person, why would you arrest me? I spent twenty thousand dollars for you to catch Su Yingxia, I'm not Su Yingxia ah." Jiang Wan panicked and said to Brother Long.

When Su Yingxia heard this, her anger was unstoppable, but it was Jiang Wan who asked someone to arrest her!

"Twenty thousand dollars? F*ck me, why did I only get 10,000." Brother Long said.

"It's Jiang Sheng, he must be the one who is greedy for 10,000, Brother Long let me go, I'll go find him right away." Jiang Wan said, she hated Jiang Sheng in her heart now, this guy, he was greedy of her for an extra 10,000, and he also let Brother Long catch the wrong person.

"I'll definitely make Jiang Sheng spit out this 10,000, but you, I didn't catch the wrong guy, stay honest." Brother Long said, walking towards Su Yingxia.

"You're Su Yingxia, right." Brother Long asked.

Hearing this, Jiang Wan's heart shook!

So Ying-ha!

Is she locked up here too? Wouldn't Su Yingxia have heard everything you just said?

"Jiang Wan, I didn't think you would pay someone to arrest me." Su Yingxia said.

Jiang Wan saw that the matter has been revealed, simply evil people do the end, not afraid of tearing the face with Su Yingxia, said in a cold voice, "If not for you, how would Liu Zhijie break up with me, how would I lose face, Su Yingxia, only if you die, only if you die, can I solve the hatred in my heart."

Su Yingxia took a deep breath and said to Brother Long, "Release me now, you still have a chance to redeem yourself."

Chapter 205

Su Yingxia's words made a few of the younger brothers behind Brother Long laugh, even Jiang Wan couldn't help but mock at the side, "Su Yingxia, what do you really think you are, you dare to threaten Brother Long."

Brother Long squatted down, his hand carrying Su Yingxia's chin, and said, "I advise you to listen to Jiang Wan's words, she's quite smart, she knows that I'm not easy to mess with, and she's putting harsh words with me, do you think your life is too long?"

"My husband is a friend of Tang Zong's," Su Yingxia said.

Tang Zong!

That made Long's scalp go numb and he quickly let go of his hand.

Tang Zong's friend's wife, could this be f*cking messed with?

"Brother Long, don't listen to his nonsense, she's just scaring you, she's my cousin, what kind of family does Jiang Sheng have, don't you know it yet?"Jiang Wan said.

What kind of person was Jiang Sheng, Long had already heard from Puppy, a useless piece of sh*t along with the entire Jiang family, how could someone from such a family know Tang Zong?

"Straw mud horse, stinking b*tch, you dare to scare me."Brother Long tugged at Su Yingxia's hair, grimacing and continuing, "You're not bad looking, much better looking than Jiang Wan, if your man can't come up with the money that will make me happy, you can be a junior to me, as long as you serve me comfortably, I won't embarrass you just the same."

Jiang Wan thought she was superior to Su Yingxia in terms of looks, but she didn't expect that she was no better looking than Su Yingxia in Brother Long's eyes.

But at a time like this, Jiang Wan wouldn't care, if Su Yingxia actually slept with Brother Long, she wouldn't be happy enough, and she even couldn't wait to see Han Qianqian's face when she found out about this.

"Brother Long, she has a better body, don't you want to see it?"Jiang Wan was fanning the flames.

Lung touched his bald head, looked covetous, and said, "It's not bad to look at it, and you're not losing anything anyway."

"What do you want, don't come over."Su Yingxia said in panic, not even Han Qianqian had touched her, how could she allow her body to be touched by another man?

"Don't be afraid, I'm gentle and it's just a look, so what's the big deal."Long said and extended his hand towards Su Yingxia.

Just at that moment, the phone suddenly rang.

"F*cker, who the hell is so ungrateful to call me at this time."Long cursed and took out his phone, and after seeing the caller ID, his attitude immediately shifted 180 degrees.

"Mr. Tang, I've already done the things you explained."Brother Long said.

"Where are you, I'll come see you right away."Tang said, now that Su Yingxia's whereabouts were unknown, he could only find Jiang Wan to find out what was going on.

"In the billiard room, are you coming over now?"Long asked.

"Now."

Tang Zong hung up the phone, Brother Long gave a relentless glance at Su Yingxia and said, "Count your luck, I'm going to meet the big man now, I'll come back later to play with you."

After saying that, Brother Long left the basement with his little brother.

Su Yingxia let out a heavy breath of bad luck, if she was really tainted by Brother Long, she would never have a relationship with Han Qianqian in her life, she would feel that she was not good enough for Han Qianqian.

"Su Yingxia, don't worry, Brother Long will be back soon, and when he is, he will definitely treat you well." Jiang Wan said with a cold smile.

Su Yingxia wasn't worried at all, because the General Manager Tang that Brother Long had just shouted on the phone was most likely Tang Zong, if it was Tang Zong coming, what other danger could she be in?

"Jiang Wan, Tang Zong is here, do you think Han 3000 didn't come? You'd better think about your own situation, I'll tell 3000 about this and will never plead for you." Su Yingxia said.

Jiang Wan's face changed, with the relationship between Han Qianqian and Tang Zong, if it was true that Tang Zong had come, it wouldn't be Su Yingxia who would suffer, but her.

"Su Yingxia, this matter was suggested by Jiang Sheng, it has nothing to do with me." Jiang Wan panicked and said.

"It's too late, it's too late."

In the billiard room, without waiting a few minutes, Tang Zong appeared, along with Han Giang.

Long took a strange look at Han Qianqian, where did this creature come from, if he was Tang Zong's assistant, there was no way he would have gone ahead of Tang Zong ah.

"Mr. Tang, Jiang Wan has already been captured, what else do you want to order?" Brother Long asked.

Tang Zong took a look at Han Qianqian before saying, "Go and ask if she had someone arrest Su Yingxia, Su Yingxia is Brother Han's wife, if there's half a flesh wound, you'll have to follow suit."

Brother Han!

Su Ying-xia!

These two key words made Brother Long's legs go soft.

Su Yingxia had been caught, and by him, just now in the basement, and if it wasn't for Tang Zong's phone interruption, he should be admiring Su Yingxia's body right now.

Brother Han!

What kind of immortal character was this Nima again, and he was even honored by Tang Zong.

If he knew what he had done to Su Yingxia, he would have to be skinned if he didn't die ah!

"Han, Han, I know where Su Yingxia is." Long's scalp went numb, as if he had been electrocuted.

"Where is it?" Han Qianli asked nervously, anything, Han Qianli could take it in stride, only Su Yingxia, he couldn't be calm.

Brother Long gulped and said, "In, in the basement."

"You arrested Su Yingxia?" Tang Zong was furious, this damn guy.

"Mr. Tang, it has nothing to do with me, I don't know who she is ah, it's Jiang Sheng, Jiang Sheng came to me and asked me to arrest Su Yingxia." Brother Long said in a panic.

Jiang Sheng!

Hearing those two words, Han 3,000 gritted his teeth.

"Lie to me?" Han Qianqian had a sneer on his face.

When Brother Long saw Han Qianqian's expression, he lowered his head in fear, he felt a suffocating sense of oppression on Han Qianqian's body, it was an aura only possessed by those at the top, he couldn't help but make Brother Long wonder who he was, how could he be even higher than Tang Zong?

"Bring in Jiang Sheng's family, I want to see how far they can go in treating their own relatives," Han Marchiang said.

"Yes, I'll send someone right away." Brother Long responded in one breath and personally brought people to Jiang Sheng's house.

The family of three who were still gnawing on steamed buns were a bit overwhelmed by the sudden appearance of Brother Long.

Brother Long knew that he had been victimized by Jiang Sheng this time, and the guy had even swallowed 10,000 yuan privately, but no one had ever dared to pull the hair out of his head.

"Jiang Sheng, you've got a lot of guts, give me a fight." Brother Long said.

A few little brothers without saying a word beat Jiang Sheng violently, usually shrewd as Liu Hua such a woman, this time is not the atmosphere dare not breathe, she spilled also divided the target, in front of Long Brother such people to spill is looking for death.

"Brother Long, what's wrong, what did I do wrong, why did you hit me." Jiang Sheng said puzzled.

"You took 20,000 yuan and only gave me 10,000, you have a lot of guts, you even dare to eat my Brother Long's money." Brother Long walked up to Jiang Sheng and punched him in the face.

Blood spurting from his nose and Jiang Sheng covered his face and screamed in pain.

How did he know that twenty thousand existed, was he betrayed by that stinking b*tch Jiang Wan?

But how did she come into contact with Lung!

"Brother Long, I'll give you all the money you want, please let me go." Blood continued to flow out from the fingertips of both hands, Jiang Sheng knelt down and begged for mercy.

Liu Hua was especially sensitive to money, she had only given Jiang Sheng ten thousand, why did twenty thousand pop up now?

"Brother Long, is there some kind of misunderstanding, I only gave him 10,000 ah." Liu Hua was worried that she still had to post money and felt that she had to clear this up.

"There's still 10,000, so that's 30,000?" Brother Long sneered.

Jiang Sheng was about to cry, there was still a chance to salvage ten thousand, Liu Hua this much mouth, not a penny could be salvaged.

"Dead kid, where did you get 30,000, what's going on here." Liu Hua walked up to Jiang Sheng, not caring at all about how badly Jiang Sheng was beaten, grabbed Jiang Sheng's ear and asked, showing the love of money like a life to the fullest.

"Mom, it's Jiang Wan, Jiang Wan gave me twenty thousand and told me to find someone to teach Su Yingxia a lesson." Jiang Sheng said.

Liu Hua's hands couldn't help but work harder, the twenty thousand Jiang Sheng hadn't mentioned, it was obvious that he was ready to swallow it privately, how could Liu Hua accept such a thing?

"You still don't take the money out." Liu Hua said.

"Take it out also belongs to me, what does it have to do with you, get out of the way." Brother Long said.

Liu Hua was just stunned, repentant, knowing what stupid thing he had done.

"Brother Long, 10,000 is enough to teach a Su Yingxia a lesson, you don't need 30,000, right?" Liu Hua said with a pitiful look.

"Thirty thousand, let you guys go and witness Su Yingxia's downfall, it's worth the ticket price, come with me." Brother Long acted as if nothing had happened, but he was already scared to death, what he was doing now was what Han Qianqian had asked for, he knew full well that after Han Qianqian dealt with these people, bad luck would fall on his head.
