

## His True Colors Chapter 206-210

### Chapter 206

To be able to see Su Yingxia's end with her own eyes, isn't that exactly what Liu Hua wants?

She had said she couldn't see it with her own eyes, that it was not worth spending 10,000, and now it's even more like 30,000 all spent, and she can't get it back even if she wanted to, so how can she miss going to see a good show when she has the chance?

"Brother Long, it's okay to go and see, but can we not let Su Yingxia find us?"Liu Hua asked.

Seeing the smile on Liu Hua's face, Brother Long spat in his heart at what an ignorant thing, he didn't even know what kind of people he had messed with.

"Of course you can, you paid the money, of course I will make arrangements for you."Brother Long said.

Liu Hua was all smiles and said, "That's done, let's go."

Jiang Sheng felt a bit strange, Brother Long wasn't such an easy man to talk to, why did he suddenly give people a kind and friendly feeling?

Arriving at the billiard room, Lung brought the family to the basement.

Jiang Wan and Su Yingxia were in their different corners, and in addition to the two of them, there were two other figures standing in another corner.

But Jiang Sheng's family didn't care about those two people, and in their opinion, they were Brother Long's men.

"Don't worry about talking, Su Yingxia's ears are blocked, so she can't hear what you say."Brother Long said to a family of three.

Liu Hua was a little hesitant, afraid of being discovered by Su Yingxia, and tentatively called out, "Su Yingxia."

Seeing that Su Yingxia didn't move, Liu Hua then let go of her nerve and said to Brother Long, "Brother Long, but we gave you 30,000 yuan, you have to make us feel that the 30,000 yuan is worth spending."

Brother Long was full of cold smiles and said, "Worth it, of course it's worth it, why don't you come to attention?"

Liu Hua had the idea before that what could make both Han Qianqiang and Su Yingxia miserable was to let Brother Long f\*ck Su Yingxia, so that Su Yingxia was dirty and Han Qianqiang was cuckolded, so it could be said that it was the best of both worlds.

"Brother Long, what do you think Su Yingxia looks like?"Liu Hua said.

"Liu Hua, what are you talking about." Jiang Feng Feng snapped, before he was just talking casually at home, so he didn't bother to refute Liu Hua's words, but now, how could he say that in front of Brother Long, did she really have to watch Su Yingxia being played by Brother Long before she was willing to do so?

Liu Hua glared at Jiang Fengfeng and said, "Jiang Fengfeng, you have no say here, have you forgotten that trash Han Giang almost killed me and beat your son, he can't let me vent my hatred even if he dies, I want him to know that Su Yingxia was played with and made him suffer."

"Liu Hua, Su Yingxia is your niece, how can you be so cruel." Jiang Fengfeng said.

Liu Hua snorted coldly and said, "What niece or not niece, for so many years, she has never given me Liu Hua money to spend, do I still have to sympathize with her and pity her? The one who was strangled wasn't you, so you should stop talking sarcasm."

After loosening the fist that Jiang Fengfeng was holding, he sighed heavily and said, "Liu Hua, but she called you auntie."

"Being her aunt, I'm still ashamed of it." Liu Hua didn't bother to talk nonsense to Jiang Ying and said to Brother Long, "Brother Long, don't you want to try?"

Long, who was already sweating cold when he heard the conversation between these two, sneaked a glance at the two in the corner and said, "Are you sure?"

"Of course I'm sure, I don't blame me Liu Hua for being ruthless, I can only blame Han Qianqian for being too hateful." Liu Hua said through gritted teeth.

At this time, the figure in the corner came out, the closer you got, the more clearly you could see his face.

"Han three thousand!" Liu Hua was shocked, how could Han Qianli be here.

"Auntie, I didn't expect you to hate me so much." Su Yingxia, who was squatting in the corner, also stood up and walked towards Liu Hua.

Liu Hua's face was pale, and as she was about to question Brother Long about what was going on, she found that he was already kneeling on the floor.

"Brother Han, I've done everything you've asked, please can you let me go later." Brother Long kowtowed and said to Han Kuanyuan.

"Han Three Thousand, you set me up for this!" When Liu Hua heard this, she finally understood what was going on, Brother Long wasn't bringing them to see what would happen to Su Yingxia at all, but Han Qianqian had deliberately arranged it to lure her into saying those words just now.

"Liu Hua, the set was set for you by me, but I didn't make you say those words just now, in your eyes, you probably don't care about this kinship at all, right?" Han Qianqian faintly said.

Liu Hua didn't know what Han Qianli wanted, but she could sense that Han Qianli wouldn't let her off easily.

"So what if I said it, so what if I don't care, do you still dare to kill me?" Liu Hua said without knowing what to do.

Han Qianli took a deep breath and said to Su Yingxia, "Yingxia, let Tang Zong send you home first."

Although Su Yingxia was very angry and annoyed, Liu Hua was a living person after all.

"Three thousand, I ....."

"This time, listen to me." Han Qianqian's expression was gentle, but her tone carried an irresistible firmness.

Su Yingxia knew that even she couldn't change Han Qianli's decision this time.

"En, I'll go home first."

After following Tang Zong away, Su Yingxia asked Tang Zong at the door of the billiard room, "Do you know what Han 3000 will do?"

Tang Zong didn't know much about Han Qianqian, but he could feel Han Qianqian's killing intent, and he would never be able to spare Liu Hua if such a thing happened to him.

A relative?

Aunt?

After Liu Hua said those words, those words became ridiculous to the extreme.

"Miss Su, I don't know, but what Brother Han decided to do was for your own good, so no matter what happened, you shouldn't blame him." Tang Zong said.

Su Yingxia nodded and said, "Of course I don't blame him, I only blame Liu Hua for not thinking of his feelings, the blame lies with him."

In the basement, there was silence, Liu Hua looked directly at Han Qianqian, Jiang Sheng and Jiang Fengfeng, who had their heads down and didn't dare to speak, and Jiang Wan in the corner, who also didn't dare to breathe.

"Which hand did you use to touch my wife?" Han Marchan asked to Brother Long.

Kneeling down, Brother Long trembled, never expecting Han Qianli to come after him first.

Stretching out his right hand, he said, "Brother Han, it's this one."

"From now on, get used to eating with your left hand." Han Three Thousand faintly said.

"Good." Brother Long said with a hard scalp, "Don't bother Brother Han with your own hands, I'll do this little thing for you."

Brother Long took out a butterfly knife from his pocket and held it in his left hand, spreading his right hand into a palm and placing it on the floor, his left hand pushed violently and stabbed down from the palm.

One knife and two holes, blood flowed like a torrent!

Seeing this scene, the three Liu Hua were scared silly.

Brother Long was the big man in the grey area of Bin County, and now, in front of Han Qianli, he was going to self-harm to thank for his crime!

One stab down, and Brother Long's body trembled, but his mouth didn't make a single sound.

After raising his eyebrows to look at Han 3,000, Long drew his knife and stabbed down again.

The three members of Liu Hua's family, scared out of their wits, sat on the ground with their eyes dazed.

But Han Qianqian was clearly not satisfied with this and quietly looked at Brother Long.

Brother Long gasped for breath, his heart almost on the verge of collapse, and said, "This is what happens when you offend Brother Han, and I, Yao Long, will definitely bear that in mind."

The words fell, and Brother Long drew his knife again, doing repetitive motions over and over again until his entire right palm was bloody and blurred, not daring to stop.

Jiang Sheng had already peed himself, for a coward like him, this kind of thing would scare him even if it happened in a movie, let alone in front of his eyes in real life.

Liu Hua had said before that Han Qianqian didn't dare to kill her, but now that she was already scared to death, what was the point of being able to treat Brother Long like this, even if it meant killing her.

Rubbish?

A wimp?

A useless son-in-law?

At this moment Liu Hua felt that these appellations were ridiculous to Han Three Thousand.

"Han 3000, I'm your aunt, I'm your aunt." Liu Hua kneeled on the ground and kept shaking her head, already too frightened to be conscious, repeating one sentence.

Jiang Fengfeng didn't dare to say half a word for Liu Hua, even if Han Three Thousand wanted to kill Liu Hua, she deserved it, because even Jiang Fengfeng couldn't see what she was proposing.

All that Jiang Feng could hope for now was for Han Qianqian to release him and Jiang Sheng, and as for Liu Hua's life or death, not a care in the world.

In the corner, although Jiang Wan didn't know what was happening, the growing smell of blood in the air made her sweat.

"It's almost time." Han Giang said to Yao Long.

"Thank you, Brother Han." Yao Long kowtowed in gratitude and wept bitterly!

## **Chapter 207**

When Han Qianqian placed his eyes on Jiang Sheng, Jiang Sheng was so frightened that he knelt down in front of Han Qianqian without the slightest hesitation.

"Your family of three, I've condoned it a few times, and you can't blame me for seeking your own death." Han Qianqian said indifferently.

Jiang Sheng cried in fear and said, "Han Three Thousand Years, it wasn't my idea, it was my mother, she was the one who wanted to catch Su Yingxia, and she was also the one who let Long f\*ck Su Yingxia, you heard it all, it has nothing to do with me ah."

"Jiang Sheng, what are you talking about, I'm your mother." Liu Hua shouted at Jiang Sheng in shock, Jiang Sheng was obviously betraying her in order to save himself, this was pushing her into the pit of fire ah.

"There's no rush, I'm not in charge of this matter, after all, you're all members of the Jiang family, let's see what Jiang Hong will tell me." Han Marchiang said.

In less than ten minutes, Jiang Hong arrived at the billiard room and walked into the basement, when he saw Yao Long's flesh and blood blurred right hand, Jiang Hong's heart was shocked, this Yao Long was a very powerful number one in Bin County, was he even in such a miserable state in front of Han Qianqian?

"Jiang Hong, Su Yingxia, are they from the Jiang family?" Han Giangli asked to Jiang Hong.

"Yes." Jiang Hong nodded heavily, Su Yingxia was his granddaughter, and of course a part of the Jiang family.

"Since she's a member of the Jiang family, should she receive fair treatment?" Han Marchiang continued to ask.

"Should."

"Jiang Sheng joined forces with Jiang Wan to arrest Su Yingxia, I won't pursue this, but Liu Hua even let Yao Long rape Su Yingxia, what do you think should be done to give Su Yingxia justice?" Han Marchant said.

Hearing the two words rape, Jiang Hong's body shook.

Liu Hua had actually done such a beastly thing to his niece!

Although it was understandable that she held a grudge against Su Yingxia, but in the end, she was a relative of her own family, how could she be so cruel?

"Liu Hua, have you really done this kind of thing?" Jiang Hong gritted his teeth and asked.

Liu Hua regretted very much right now, but this fact wasn't something she could just say to hide.

"Dad, I was momentarily confused, I already know regret now." Liu Hua cried out.

Jiang Hong was so angry that he walked to Liu Hua's side and slapped her face one after another.

"You beast, she's your niece, how could you do such a thing." After Jiang Hong got tired of beating her, he said to Jiang Feng, "Jiang Feng, our Jiang family, we can't have this kind of woman in existence."

Jiang Feng's heart was shocked, Jiang Hong's words were asking him to divorce Liu Hua, but how could he dare?

"Jiang Hong, is this what you call fair? If I hadn't shown up, Su Yingxia would have been poisoned by now, so can we forget about it just by driving her out of the Jiang family?" Han Qianli coldly said.

Jiang Hong looked at Han Qianqian, took a deep breath, and said, "What do you want to do?"

"Since you're the head of the Jiang family, it's not too much to kill Liu Hua to show fairness," Han Qianqian smiled.

Jiang Hong took two steps back in panic, Han Qianli actually wanted him to kill Liu Hua.

This was a human life, something that was illegal.

"Han Three Thousand, I know you're angry, but must she die to make up for her mistake?" Jiang Hong said.

"Make amends? This is redemption." Han Qianqian firmly said.

Liu Hua turned pale and said in a panic, "Jiang Feng, Jiang Sheng, what are you still doing, do something to save me ah, this wimp wants to kill me, didn't you hear?"

Jiang Feng and Jiang Sheng didn't dare to move, although the three members of the family were close, but each of them flew their own way in the face of disaster, who would be willing to risk their lives at this juncture?

"Yao Long, if Liu Hua doesn't die, don't let any of the Jiang family go." Han Qianli finished in a cold voice and left the basement.

The basement was silent and still, as if one could hear the fierce sound of a heartbeat.

Jiang Wan walked to a few people in despair and said to Jiang Hong, "Grandpa, I was wrong, I know I was wrong."

Looking at the kneeling Jiang Wan, Jiang Hong angrily kicked Jiang Wan down, if it wasn't for her, how would things have gotten to this point.

She repeatedly used to humiliate Su Yingxia to give herself face, but she didn't know that from the start, this road was an abyss, not only would it get her killed, even the entire Jiang family would be dragged down.

"Your arrogance, it's time to restrain it." Jiang Hong chided.

Jiang Wan nodded her head in tears, repenting.

Knowing that she was by no means a match for Han Qianqian, Wan Wan Jiang even wished that time could be turned back, that if she didn't make things difficult for Su Yingxia, if she didn't look for superiority on Su Yingxia, Liu Zhijie wouldn't have broken up with her.

"Old man Jiang, I still have to go to the hospital, give me a clear answer, Liu Hua death or Jiang family death." Although Yao Long's right hand was so numb that he had no feeling, and he himself knew that his right hand was ironically useless, even if it could be cured, it must not be cured, because Han Qianqian had already said that he would have to get used to eating with his left hand in the future, and this was an irrevocable fact.

Jiang Hong's face was heavy, Liu Hua was to blame, of course he couldn't bring the entire Jiang family down because of her.

If someone like Yao Long were to deal with the Jiang family, it would be impossible for the Jiang family to survive.

After receiving the knife in Yao Long's hand, Jiang Hong walked towards Liu Hua and said, "Liu Hua, don't blame me, you're confused, if you could remember half of your family, things wouldn't be like this."

After leaving the billiard room, Han Three Thousand wasn't in a hurry to return to the villa, but was attracted by a fortune teller at a roadside stall.

A very young man, dressed in a Taoist costume, quite the same flavor as the Taoist priests he'd seen in photos.

Probably this was the con man, giving the same impression.

"You can tell fortunes?" Han Qianli walked up to the stall and asked.

The young Daoist priest looked up at Han Qianqian and said, "I tell fortunes and only look for people with a destiny, but you're not my destiny."

"Playing God, isn't it just to cheat you out of a few more bucks, name your price." Han Qianqian didn't believe in fate, he believed that people were destined to win, he just happened to think of the young Taoist priest's words that brought pain to his childhood, that's why he wanted to dismantle the young priest's true face.

"Money has a short life, so it's not good to have more money." The young Daoist priest said.

Han Qianli smiled coldly and said, "Aren't you beckoning for money as well? Aren't you afraid of the wrath of God."

"In this world, there's no such thing as condemnation, it's just karma, everything has a cause before it has an effect."

"With these empty truths, you dare to come out and cheat money, you've got a lot of guts." Han Qianli shook his head in disdain, although this kind of Daoist had no real skills, he had to at least have a clever mouth to deceive people, but this person in front of him clearly had nothing.

"Willingness to take the bait, aren't you just here to give me money? It's just that I don't want to eat your little fish." The young Daoist laughed and began to close his stall, and then divinely talked to himself, not knowing what he was saying.

Han Qianli stood up and said, "Don't let me see you again, or you won't be able to keep your stall."

The young monk watched Han Qianqian walk away before saying, "We still have a chance to meet, Master said that you must die, or else how would I get off the mountain? It's just a shame. ...."

The young Daoist shook his head weakly and sighed again, "Little Dao is still not your opponent, but it's a real pain in the ass for Little Dao to die."

After Han Three Thousand returned to the villa, Su Yingxia had apparently told Jiang Lan what had happened, and Jiang Lan was so angry that she didn't know what to say anymore.

"Han Three Thousand, where's Liu Hua, this woman with a heart like a snake and scorpion is capable of such things, you can't let her go." Jiang Lan said furiously.

Han Qianli looked at Su Yingxia and said, "There's no hurry to return to Yun City, we'll leave after attending Liu Hua's funeral."

Su Yingxia and Jiang Lan were all shaken when they heard this.

Jiang Lan wanted to take revenge and export her anger for Su Yingxia, but she had never thought that Liu Hua would die because of this matter.

Having seen with her own eyes the image of Han Qianqian forcing Nangong Qianqiu to die, Jiang Lan naturally wouldn't doubt the truthfulness of Han Qianqian's words.

"Three thousand ..... you."

"I didn't do it, it was Lord Jiang." Han Three Thousand Thousand said.

"Grandfather."

"Dad!"

Once again, Jiang Lan and Su Yingxia were stunned, how could Jiang Hong be involved in this matter, and why did he kill Liu Hua?

## **Chapter 208**

Han Qianli didn't say why, and Su Yingxia and Jiang Lan didn't continue to ask questions.

Liu Hua's death, Jiang Fengfeng, Jiang Sheng and Jiang Wan all witnessed it, scared their minds blank, but they knew that Jiang Hong did it to save the Jiang family, or else everyone in the Jiang family had to be buried with him.

The four of them left the billiard room, Jiang Hong's hands were still shaking, to him, this kind of thing was the first experience in his life, how could he not be afraid?

"Grandpa, why is Han 3,000 so powerful?" Jiang Wan's heart was hairy, the thought of herself belittling Han 3,000 every day made her fearful, because all of this was only caused by Han 3,000, Tang Zong calling him Brother Han and Yao Long kneeling to him, this fully illustrated that Han 3,000 was not simple.

Jiang Hong's teeth were still trembling, after hearing Jiang Wan's words, he trembled and said, "There must be a reason why the master of the Su family decided that Han 3000 had joined the Su family back then, his identity is by no means as simple as we think, this matter, you are all forbidden to mention it again in the future, just pretend that nothing has happened, or else Liu Hua's fate will fall on our heads sooner or later."

"Dad, how do you explain Liu Hua's death, how do you explain it to her mother's family?" Although Jiang Fengfeng was sad, he also felt a sense of relief, after all these years of being held down by Liu Hua's death, he hadn't even had a chance to breathe, and now that Liu Hua was dead, his life had been relaxed.

"Yao Long will take care of it, Tang Zong will also take care of it, let's just say that Liu Hua is sick to death externally." Jiang Hong said.

The three of them nodded repeatedly, with Yao Long and Tang Zong, the truth of this matter would definitely not be found out, they just needed to remember one thing, Han 3,000, not to be messed with!

The news of Liu Hua's death quickly spread, with Tang Zong secretly manipulating it, no one doubted this matter, and the hospital also issued a relevant certificate.

Three days later, Liu Hua was cremated and buried, and this matter came to an end, but in the hearts of the Jiang family, this matter had undoubtedly become a shadow that could not be waved away.

Yun City.

In Su Haichao's office, since the company was acquired by a mysterious person, Su Haichao's position as chairman of the board stepped down, and now he was considered an idler without a position in the company, and his fate would only be known after the real chairman appeared, whether or not he would be able to remain in the company.

Although he was no longer the chairman of the board, Su Haichao was still shamelessly sitting in the chairman's office, obviously very attached to this position.

Selling the company, this was the last resort, Su Hachao secretly vowed that one day he would take back control of the company, of course, this idea was ridiculous, he was nothing now, so why should he take back control of the company.

"Haichao, I heard that the new chairman will appear tomorrow, what are you going to do?" Su Yeh Han came to the office and said to Su Hae Chao.

"Who told you that?" Su Haichao said with a gloomy face, the new chairman appeared tomorrow, which meant that after today, he was no longer qualified to appear in the chairman's office.

"Du Hong." Su Yehan said.

Su Haichao smashed a fist on the desk and said in a cold voice, "If it wasn't for Du Hong, how would I have fallen to this point, I would like to see what kind of person the new chairman is, how capable is he, now that the Chengxi project has nothing to do with the Su family, what ability does he have to bring the company back to life."

Su Yehan's expression was torn, there was a piece of news, I don't know if I should tell Su Hachao in advance.

She knew that Su Hachao was very disgruntled in his heart, even he would prefer to see the company collapse in the hands of the new chairman, but this situation, obviously impossible, because tomorrow's meeting, Zhong Liang will also appear, what this means, Su Yehan knows very well.

"Hai Chao, in tomorrow's meeting, Zhong Liang will also attend." Su Yeh Han said through gritted teeth, even if he didn't tell him now, he would know tomorrow, it would be better to tell him now.

"What!" Su Haichao angrily stood up, Zhong Liang will also attend, this made him unable to believe, saying, "How can this be, Zhong Liang, this damn thing, why would he attend the company meeting, what does it have to do with him."

Su Yeh Han sighed, why would Zhong Liang attend the meeting, how could Su Hae Chao not guess it, he just didn't want to admit it.

"Haichao, the truth is already like this, just bear with it." Su Yeh Han said.

Su Haichao furiously lifted the desk, but the strength was too small, it didn't overturn, it just made the desk move a little bit.

But he didn't stop, but smashed the computer, and everything he saw in the office was smashed cleanly.

In less than two minutes, the chairman's office was already a mess.

"Zhong Liang, this damned guy, didn't he say he wouldn't work with the Su family anymore!" Su Haichao roared with reluctance.

Su Yehan shook her head, allowing Su Hachao to continue to go crazy and walked out of the office.

This kind of thing was indeed hard to accept for Su Hachao, but for the other Su family relatives, it was a good thing, almost every Su family relative was very cheerful after hearing this news, because if the company survived the crisis, it meant that they wouldn't lose their jobs and could still live off the company, at most, there would just be less opportunities to get some oil.

"Yeh Han, how's it going, how did Su Haichao react?"

"He's going crazy, smashing everything in the office," Su Yeh Han said.

A few Su family relatives weren't surprised to hear this, it had only been a short time since he became chairman and now he was stepping down, how could he accept it so easily.

"I don't know who exactly the new chairman is, but I'll finally be able to see it tomorrow."

"Hey, let's hope he'll continue to use us, if he leaves the company, it'll be hard for us to survive out there."

"Yeah, I hope the company doesn't shuffle its plates."

These relatives of the Su family, the corpse has been living for many years, with no real skills at all, leaving the Su company is nothing, so naturally they would worry about their future.

But now that their fate is in the hands of the new chairman, it's useless for them to worry even if they do, they can only pray to the heavens to give them a way to live.

After returning home to the mountainside villa, Su Yingxia and the others were finally able to relax.

Although Liu Hua's death had put a certain amount of psychological pressure on them, Han Qianli's performance in front of them was still the same as always, so there was nothing to worry about.

Jiang Lan didn't dare to provoke Han Qianqian anymore now and treated her politely, fearing that Han Qianqian would be the least bit unhappy.

As for Su Guoyao, he doesn't even have the courage to look at Han Qianli directly right now, and even eating at the same table as Han Qianli would feel an incomparably great pressure.

At the dinner table, Han 3000 noticed that He Ting looked hesitant, as if something had happened, and that Su Yingxia was idle and somewhat dejected.

He Ting must have something happened, the probability is related to her daughter, as for Su Yingxia's dejected face, it must be because of the company, after all, she is a strong woman, if she stays at home all day and doesn't work, this life is something Su Yingxia can't adapt to.

"Yingxia, do you want me to send you to the company tomorrow?" Han Giangli said to Su Yingxia.

Su Yingxia was filled with a bitter smile and said, "I've already left my job voluntarily, what else would I go to the company for."

"Hey, if you want me to say it, you're too impulsive in this matter, taking the initiative to leave your job, isn't it just fulfilling Su Hachao's wish, he would love for you not to go to work in the company." Jiang Lan said helplessly, she had always not interfered with Su Yingxia's decisions because Su Yingxia never did anything right, but in this matter, Jiang Lan felt that Su Yingxia was wrong and outrageously wrong.

"Mom, it's already happened, what's the point of talking about it now." Su Yingxia slumped her head, she actually regretted it, now Su Hachao should still be smirking, thinking about these things, Su Yingxia was distraught.

"In fact ....." at this time, Han 3000 opened her mouth and said: "Su company after you left the company, weak water real estate terminated the cooperation, and the bank also forced Su family to repay the loan, so now the company, not easy."

Su Yingxia wasn't downright happy because what she wanted wasn't how miserable the company was, but to be able to go to work herself.

Jiang Lan was happy to hear this and said, "Deserved it, Yingxia's importance in the company, how can it be replaced by Su Haichao, now he should be about to die of remorse."

## **Chapter 209**

"But it has nothing to do with me either." Su Yingxia said listlessly.

"Ahem ....." When you guys went back to Bin County, I bought the company, so you're now the new chairman." Han Giangli said.

Everyone, including He Ting, raised their heads and stared at Han Qianli.

Acquired the company!

He even bought the company!

Jiang Lan unconsciously looked at Su Guoyao, this is another big expense ah, where did Han 3000 get this money from, how did he get so rich.

After Su Yingxia was shocked, she said to Han 3000, "You ..... are not kidding me, you bought the company?"

"But tomorrow Zhong Liang will go after you, and the company probably won't get the project in the west of the city back, so you'll have to find your own way to get the company through the crisis." Han Marchiang said.

The west of the city project determined whether the Su family could become a first-tier family in Cloud City, the old lady was desperate at first, that's why she was facing this predicament, but as long as they found a way to pull away from the west of the city project, use the existing funds to develop other channels, and discard their ambition to become a first-tier family, it wasn't like the Su family couldn't get through this crisis.

Su Yingxia took a deep breath and said, "I won't let you down."

Seeing that Su Yingxia had regained her fighting strength, Han Qianli smiled openly and said, "Not that I'm disappointed or not, as long as I can make you happy, I'm willing to do anything."

Su Yingxia's cheeks blushed and lowered her head, she was very touched and even thought of a special way to show her gratitude, but it was too shy and it shouldn't be her initiative, so she quickly gave up.

Jiang Lan glared at Su Guoyao, that look seemed to say look at people Han 3000, in order to make Su Yingxia happy, even the company has acquired, what can you do.

Su Guoyao buried his head in sorrow, it's not that he didn't want to, it's just that his strength didn't allow it, the acquisition of the company, this is a considerable amount of money, where he can take out.

After dinner, the family watched TV in the living room, He Ting finished her own work and went back to her room.

"Three thousand, Auntie He seems to have something going on today, do you want to go ask?" Su Yingxia reminded Han Three Thousand.

Han Three Thousand had intended to do so, and after hearing Su Yingxia say so, he headed towards He Ting's room.

When she knocked on the door, He Ting opened it with her head slightly bowed, obviously hiding her expression, but Han 3000 could still see tear-streaked cheeks.

"Auntie He, what's wrong?" Han Qianqian asked to He Ting.

He Ting shook her head and said, "It's nothing, 3000, Auntie He wants to resign."

"Resign!" Han Qianqian was shocked, how could he resign for a good reason? And Han Qianqian knew how He Ting was, she couldn't possibly be dissatisfied with her salary.

"I hope you can understand Auntie He." He Ting said with her head down.

"If you don't tell me what happened, I won't agree to this matter and I won't settle your salary." Han Qianqian said in a strong tone, being able to get He Ting to resign, the matter must not be small, and she only had one daughter, this matter must have something to do with her daughter.

He Ting started to panic when she heard this, she still had to rely on Han Qianqian to settle her salary to find her daughter, if Han Qianqian didn't settle her salary, it would be useless even if she resigned.

"Three Thousand, I know you're a good person, but I can't ask you for help with everything, you've helped me enough." He Ting said.

Han 3,000 sighed, He Ting felt something was owed, he could understand, but how would He Ting survive in the future if she quit her job?

"Aunt Ho, can you help her with your abilities? Without a job, what will you and your son eat from now on? If you feel indebted to me, just cook more delicious meals in the future." Han Giangli said.

He Ting reached up and wiped away a handful of tears, not knowing what to say.

"Tell me what's going on." Han Three Thousand asked.

"I don't know, I just heard Ying Ying say that the school wanted her to withdraw from school and I didn't have time to find out what happened, but on the phone, she kept crying and I was worried about her," He Ting said.

Withdraw from school?

He Ting had said many times about Jiang Ying Ying, her words revealed that Jiang Ying Ying was hardworking and a good girl, how could she have been withdrawn from school?

"I'll go to her school tomorrow, so don't worry about it yet." Han 3000 said.

"Thank you, thank you Three Thousand." He Ting said gratefully.

Han Qianqian patted He Ting's shoulder and comforted her, "Don't worry, it'll be fine."

After comforting He Ting, Han Three Thousand returned to the living room and told Su Yingxia, Su Yingxia also agreed for Han Three Thousand to go to Rong City tomorrow to see what was going on with Jiang Ying Ying, and as for the company, she told Han Three Thousand not to worry, one person could handle it.

The company has already been acquired, and if those Su family relatives are really ungrateful, they will be fired one by one, and there is nothing to worry about.

When she was sleeping, Su Yingxia used the reason that the red thread pressed the flesh, in front of Han three thousand to remove the red thread, this is already the limit of what she can do, if Han three thousand still does not understand her meaning, Su Yingxia will not be able to do anything.

However, it was clear that Han 3000 didn't understand Su Yingxia's true meaning, and also said that she would buy some good threads to go home tomorrow, but it drove Su Yingxia crazy.

This kind of person, why should he have a wife!

Steel straight man cancer, don't you pounce on him, he'll never understand me for the rest of his life?

"What's wrong with you?" Suddenly seeing Su Yingxia's expression unclear, Han Qianli asked in confusion.

Su Yingxia took a heavy breath and said, "It's nothing, take your time to tear it down, I'm going to sleep first."

"Okay, rest if you're tired, I'll take care of this little matter." Han Giangli said with a smile.

Su Yingxia lay on the bed in despair, wishing she could cover herself with a pillow.

The next morning, Su Yingxia was dressed in formal wear, the stunning lines of her body making Han Qianli look crazy.

Although other clothes would still make Su Yingxia radiant, this kind of OL clothes was even more inspiring, and Han 3000 had to wonder if she had uniform control.

"Does it look good?" Su Yingxia asked Han Qianli.

"En." Han Giangli nodded his head without hesitation, it was indeed good looking, making one's mouth go dry just looking at it.

"You deserve to look at it for the rest of your life." Su Yingxia walked out of the room with a cold face.

Han Giangli still didn't understand what was going on, why was she angry again somehow.

Following out of the room, Su Yingxia had already driven herself to work, which made Han Three Thousand very speechless.

"What's wrong, did you make Yingxia angry again?" Jiang Lan in the living room asked Han Marchant.

Han Qianqian fished her head and said, "I don't know what's going on, maybe it's my aunt."

Lan Jiang couldn't laugh or cry, but she couldn't guess the exact reason, it was normal for a woman to have so many days in a month.

Su Family Company.

All the relatives of the Su family arrived early, because today was the day to meet the new chairman of the board of directors, people who usually always late to work, today one by one came earlier than anyone else.

Su Haichao was still sitting deadbeat on the chairman's seat, and the other relatives were quite a bit opinionated when they saw the situation.

"Haichao, this position no longer belongs to you, you'd better get up quickly."

"Yeah, if the new chairman sees you, what if he's not happy?"

"Get up quickly, don't cause us any trouble."

The persuasion of the crowd of relatives sounded particularly harsh to Su Haichao, this group of wallflowers fell down with the wind, but it was really fast.

"You bunch of white-eyed wolves, have all the benefits I used to have in my hands been eaten by dogs?" Su Haichao gritted his teeth and said.

"Look at what position you're in now, and you're still taking yourself as the chairman."

"If it wasn't for you, the company wouldn't have gotten into this situation, and you still don't know how to reflect."

"Su Haichao, get up quickly, don't harm us anymore."

A group of relatives didn't hold back any mercy at all, even Su Guolin didn't dare to speak for Su Hachao, because it was indeed Su Hachao who had brought this situation upon himself, and didn't deserve any sympathy at all.

At this time, Zhong Liang came to the conference room.

Su Hachao shot up and walked up to Zhong Liang and said, "Brother Zhong, didn't you say that you wouldn't cooperate with the Su family? Why come again?"

Zhong Liang looked at Su Hachao contemptuously and said, "The loss of this stoppage will be borne by your company, of course I have to come, otherwise who will pay for me."

Hearing this, Su Hachao laughed, this is not snow in the snow, it is adding insult to injury.

"Sit, sit, sit, Brother Zhong, sit quickly." After knowing Zhong Liang's intentions, Su Hachao's attitude immediately changed, acting like he was licking the dog.

Su family relatives saw this scene, angry, he lost his position as chairman of the board, not to mention, he even wanted to pull everyone in the Su family to accompany him to the funeral, not to see the company collapse, he is unwilling ah.

Su Guolin was Su Hechao's father, and even he couldn't see it anymore.

The company was there, they could at least make a living, but if the company was finished, everyone would be finished with it.

"Hai Chao, you bastard, do you know what you're doing." Su Guolin gritted his teeth.

Su Haichao's heart was already twisted, unable to accept the fact that he was stepping down from his post, he wanted more than anything for all the people watching the joke to follow him into disaster.

The worst that can happen is that we all die together, there's still company on the way to the Yellow Springs, what's there to be afraid of?

"Dad, it has nothing to do with you." Su Haichao said coldly.

Su Guolin was so angry that he wanted to beat this unfilial son up, but at this time, a loud noise came from outside the conference room, and it looked like it should be the new chairman coming.

Everyone stretched their heads, and after a beautiful figure appeared, the Su family's relatives all had a puzzled expression on their faces.

Su Yingxia!

What is she still coming to the company.

Su Haichao rushed to Su Yingxia at the first time, he had gone to Genting Mountain villa area to block Su Yingxia, but failed, then Su Yingxia went to Bin County, the heart of a gas has been nowhere to vent, and now Su Yingxia even dared to come to the company.

"Su Yingxia, you get out of here, what qualifications do you have to appear here." Su Hachao snapped.

Su Yingxia was followed by two bodyguards, they were Mo Yang's men, Han Giang arranged to protect her in order to avoid some conflict, it was because of the two bodyguards that Su Hachao didn't dare to get too close to Su Yingxia.

"Su Haichao, you're no longer the chairman of the board now, it's not your turn to manage the company's affairs," Su Yingxia said.

Su Hachao's expression was fierce and resentful, "If it wasn't for you, how would I have fallen into this situation, stinking b\*tch, it's all because of you."

"I left my job and just fulfilled your wish, how could I be the one who harmed you?" Su Yingxia said.

This argument was valid, but only if it couldn't affect the company Su Haichao would accept it.

However, now that the company had been acquired, and he had become the most unranked person in the company, Su Haichao would naturally throw the blame on Su Yingxia.

"You already knew the consequences of this, that's why you left your job, you're f\*cking deliberately harming me." Su Haichao roared, and even already had to raise his fist.

The two bodyguards beside Su Yingxia each took a step forward, which made Su Haichao not dare to act rashly.

"Su Hachao, if you don't force me, how could you do this? And in what position are you talking to me now, a company janitor or a security guard?" Su Yingxia laughed.

This statement completely infuriated Su Hachao, Su Yingxia was clearly coming to see his joke, he would never let Su Yingxia get away with it.

"You get out of here, the new chairman will come to the company for a meeting today, isn't it enough for you to harm me, do you want to harm others as well?" Su Hachao said.

These words clearly meant something, the other Su family relatives didn't want to be victimized by Su Yingxia.

"Su Yingxia, you'd better hurry up and leave, since you've already left your job, why do you need to come and make fun of yourself."

"Yes, this matter is Su Haichao's fault, but now it's already like this, you still come to drag us down, this is too unkind."

"Su Yingxia, get out of here, you're no longer a member of our company, no one will treat you. And you've brought two bodyguards to act like a fool, who are you scaring?" Su Yehan said disdainfully.

Su Yingxia looked at the Su family's relatives, everyone seemed unwilling to see her, especially Su Yehan's hostility was particularly strong.

"If I leave, who will give you a meeting?" Su Yingxia said.

A meeting?

Today's meeting is with the new chairman, what does it have to do with Su Yingxia?

Among the puzzled crowd of Su family relatives, some gradually revealed a look of shock.

Could it be that Su Yingxia was the new chairman? Did she secretly buy the company?

"The new chairman of Welcome Summer ....., is that you?" A certain person asked.

Not only the relatives, but also those employees were shocked when this statement was made.

Su Yingxia, who had left his job, had actually acquired the entire company!

How is that possible!

How could she be so strong.

"You ..... you're the chairman?" Su Yeh Han was wincing, she was now living but almost like a beggar, if she lost her job again, she wouldn't even be able to eat, if Su Ying Xia was really the new chairman of the company, the words she just said would be enough to make Su Ying Xia fire her.

"Yes." Su Yingxia said.

The Su family's relatives' attitudes instantly changed dramatically, and one by one, they greeted each other with a pleasant smile.

"Yingxia, I didn't expect you to be the chairman of the board, good, it's so good, the company still hasn't fallen into the hands of someone with a foreign name."

"Great, Yingxia."

"It's still Ying Xia who is powerful, if it wasn't for you, our company would have been finished."

Where did Su Yingxia get the money to acquire the company, they didn't care, and it wasn't something they could care about, in their opinion, since the chairman was Su Yingxia, then their layoff crisis was also contacted.

"Su Yingxia, straw mud horse, this is a trap you set for me, right." At this time, the furious Su Hachao finally couldn't hold back and waved his fist at Su Yingxia.

In Su Hachao's opinion, this was a trap that Su Yingxia had set for him, deliberately leaving her job to plunge the company into crisis, and then she would acquire the company and take back the chairman's position.

Before his fist fell in front of Su Yingxia, Su Hachao fell to the ground first.

How could Mo Yang's two underlings let Su Yingxia get hurt?

If Su Yingxia was missing half a hair, none of them would be able to deliver to Mo Yang.

One of the bodyguards stepped on Su Haichao's chest and said in a cold voice: "Kid, calm down, or it's not good to be missing arms and legs."

Su Haichao was so scared that he quickly apologized: "Big brother, I was impulsive, I'm sorry."

The crowd automatically made way for Su Yingxia, and after entering the conference room, Su Yingxia sat on the chairman's seat.

After all the relatives were seated, Zhong Liang spoke up, "Miss Su, the delay in the west side of the city project, the loss must be paid by the Su family, if you have any doubts about this, my lawyer will explain it to you properly."

"Brother Zhong, for your trouble, the loss is fully compensated by the Su family, I will never have any objections." Su Yingxia said.

Zhong Liang smiled faintly, Su Yingxia was indeed a woman with courage, such a small problem would be useless to her.

"Then thank you Miss Su, in that case, I will not delay your meeting, I will leave first." Zhong Liang got up and said.

The Su family's relatives were naturally unhappy with the compensation for the west side of the city project, but since Su Yingxia was the chairman of the board, who would dare to refute what she said?

"Su Yingxia, you're such a f\*cking wimp, you'll pay for what you're asked to pay for, how long can the company last in your hands?" Su Haichao sneered, Zhongliang's trouble was solved so easily, this was what he didn't want to see, but at least it was good to make Su Yingxia bleed.

"If there's a lawsuit with Weakwater Real Estate, the company will have more trouble, losing the west of the city project just won't allow the Su family to become a first-tier family in Yun City, but it's not difficult to operate normally and maintain the previous state." Su Yingxia had already thought well, give up this goal, the company will not take on too much pressure, leave the green hills are not afraid of no wood, it is not that there is no opportunity to impact on this goal in the future, the most important thing now is to get the company back on track as soon as possible, don't be too much affected by the west of the city project.

"Loan one billion, without the west of the city project, what are you going to pay it back with?" Su Hachao said.

Su Yingxia looked at Su Hachao, smiled faintly and said, "You are no longer an employee of the Su Family, it's not your turn to worry about these things, right?"

"You ....." Su Haichao gritted his teeth, Su Yingxia's words were to drive him out of the company ah.

"Should I call security, or do you want to leave by yourself?" Su Yingxia said.

Su Haichao sneered, "The company without me, Su Haichao's company will sooner or later go into extinction, Su Yingxia, we'll see, one day you'll come begging for me."

"I know you have a lot of connections in your hands, but don't forget, businessmen's interests are paramount, who else cares about this kind of worthless relationship now?" Su Yingxia said.
