

## His True Colors Chapter 211-215

### Chapter 211

A worthless relationship!

These words directly pierced Su Haichao's heart.

He used these words to threaten Su Yingxia, but he didn't want Su Yingxia to directly see through the essence of things.

When he was no longer the chairman of the company, who would take him seriously?

And Kang Ling's group, ever since Kang Ling's inexplicable death, they had actively mentioned continuing to work with the company, Su Haichao knew that there must be some kind of inside story happening, or perhaps, Su Yingxia, the scheming woman, had already grasped it all.

"Su Yingxia, I will make you regret." After Su Haichao said that, he looked towards the other Su family relatives and continued, "I will let you know who can lead the Su family to prosperity, you trash following her will regret it sooner or later."

After Su Haichao left, the Su family meeting went on as usual, Su Yingxia's plan was simple, solidify the Su family's existing development before seeking a breakthrough, the others naturally didn't dare to have the slightest opinion on this matter, after all, they had to rely on the company to live, and now Su Yingxia was the chairman of the board, they would just obediently follow orders.

At the same time, Han Qianli drove the Lamborghini that he brought back from the repair shop and headed towards Rong City.

Rong City was less than a hundred kilometers away from Cloud City, but it was better developed than Cloud City and had the momentum to hit first-tier cities in recent years.

There is a very famous temple in Rong City, the first day and fifteenth day of the incense will go to the temple to pray for blessings, the incense is flourishing, it is rumored that the temple abbot is the reincarnation of a certain daisy, of course, this kind of story, only some devout believers will believe, the general incense, but also come here to seek some psychological comfort.

In a place like a temple, it was very rare for people dressed as Taoist priests to appear, but then there was a young Taoist priest, walking up from the path towards the back of the mountain, and he didn't care when passersby cast strange looks at him.

"What are you looking at, haven't you ever seen a Taoist priest reciting the Buddha?"

"If you look again, I'll believe I'll gouge your eyes out."

"Get out of the way, get out of the way of the path."

The young priest cursed all the way to the back of the mountain, and after walking through nine twists and turns, he came to a green tiled house.

It was a rare place for people, a forbidden place for incense, and only a few people, such as temple abbots, knew of this place.

"Master, I'm back."The young Taoist priest sat in front of the door of the green tiled house, not at all Taoist, took off his shoes and started rubbing his feet, and also put his fingers on his nose and took a deep breath in enjoyably.

"This journey is really tiring me out, but I met the man you mentioned, actually, it's not so good, if I fight him, in less than three moves, he will kneel in front of me and strangle me in the middle of the people screaming for help."The little Taoist priest continued.

The door pushed open and a white-haired old man hobbled out, hitting the young Daoist on the head with a chestnut and saying, "Qing Yun, tell me honestly, you didn't do anything stupid, did you."

The young Daoist named Qing Yun covered his head and looked pained as he said, "Master, but I respectfully listened to your teachings, I only met with him once, I didn't say anything, I didn't do anything, don't worry."

"En."The white-haired old man nodded his head in an old godly manner, took out a piece of jade from his pocket, which was crystal clear, and said, "This item is of vital importance, you must remember to keep it safe."

When Qing Yun saw that this jade stone didn't look like a mortal object, he quickly reached out and took it, saying with a covetous face, "Master, this is good, it's worth a lot, right?"

The white-haired old man stretched out his hand, seemingly to teach Qing Yun another lesson, but Qing Yun moved quickly and hurriedly took two steps back, saying, "Master, don't worry, I'm just casually asking, I'll never sell this."

"Remember, this piece of jade is very important, even if there is a threat to your life, you can't give it to anyone, it's a token, a very important token."The white-haired old man said.

"Don't worry, I'm so smart, I'll never forget it."Qing Yun said with a playful smile.

Looking at Qing Yun's haughty attitude, the white-haired old man sighed and said, "Go down the mountain, go to Han Qianli's side and don't come back."

Qing Yun was stunned, his expression put away his playfulness and said, "Master, why do you have to go to Han 3000's side?Didn't you say you wanted him dead?And who's going to take care of you while I'm gone?"

"Do I need you to take care of me?Remember Master's words, it's best to be able to become friends with him, someone will find you in the future, and this jade stone is the token that proves your identity."The white-haired old man said.

Qing Yun was full of mush, becoming friends with Han Qianqian? Was it to kill him by stabbing him in the back? But with his current skills, he might not be able to succeed even with a secret plan, and who would come looking for him, and what did this jade token represent?

"I know you have many doubts, but later, you will have a chance to know, but until then, for your safety, don't investigate anything and let everything go." The white-haired old man reminded.

"Master, I was picked up and raised by you since I was a child, I definitely won't have second thoughts about what you want me to do, but I can't come back, it's too much, isn't it? I still want to give your old man his last breath." Qing Yun said.

The white-haired old man kicked a foot and said, "Get out."

After returning to the green tiled room and closing the door heavily, his voice came back from inside, "Take off this robe, you can do whatever you want, don't think that I don't know that you often go peeping at those fragrant female customers, but women should stop in moderation, and never waste your body."

This statement made Qing Yun completely excited!

"Master, I don't really want to leave, but I can't argue with your old man's temper, so I'm leaving, so don't miss me too much." Qing Yun said and ran away in a flash.

When he was almost at the temple, Qing Yun suddenly stopped in his tracks, his heart overflowing with a sense of foreboding, and quickly ran back towards it.

Returning back to the green tiled room, Qing Yun called out to his master a few times, but no movement came from the house, which caused Qing Yun's heart to sink to the bottom of the valley.

Pushing open the door of the room, what caught his eyes was a pair of dangling legs.

"Master! Who, who forced you to die!" Qing Yun cried out in pain, he had been brought up by his master since he was a child, and although Qing Yun seemed to be a mischievous person, he almost treated his master as his father in his heart.

He knew that someone must have forced his master's death.

"Master, I will avenge your death, and no matter who he is, I want him to be buried with you." Qing Yun buried the white-haired old man with tears before descending the mountain.

Rong City University, the ponytailed Jiang Ying Ying buried her head, her steps were obviously very fast, as if she was running away, but as soon as she arrived at the school entrance, a few girls stopped her.

"Jiang Ying Ying, what's your hurry, running so fast, you're not going to do compensated sex to make money, right?"

"I can't tell, you're a good student in the eyes of your teacher, but you're still a slut, making money in this way."

"If you're short of money, tell us about it, we can relieve you, no need to cheapen yourself like that."

"By the way, I heard that your mother works as a maid for someone else to pay for your tuition, it should be hard."

These girls and Jiang Ying Ying were classmates, but they weren't very close, and recently there were some rumors about Jiang Ying Ying in school, so they found the opportunity to fall on their faces and hated to use it to kick Jiang Ying Ying out of school.

"It's none of your business what my mom does, please get out of my way." Jiang Ying Ying said.

"Jiang Ying Ying, I advise you not to leave the school, the school is holding a study session on your matter right now, they might expel you, if you go out in this limelight, won't you sit on your reputation as a sitter girl."

"Yeah, yeah, there's no need to be in such a hurry to make money, let's wait until we're past this limelight."

"Maybe she's too poor to eat by now, if she doesn't go out to accompany her clients, is she going to starve?"

Several people covered their mouths in mockery, their words filled with insults and mockery towards Jiang Yingying.

Jiang Ying Ying's expression was gloomy, these things had been set up, it was simply a fabrication.

"Jiang Ying Ying, I have a video here, do you want to see it?" One of the women pulled out her phone and opened a video.

Although it was far away, Kang Yingying could still see the video content among the images, it was in the dorm room, and the video showed her changing her clothes.

## **Chapter 212**

"If I post this video on the campus intranet, do you think it will cause a stir?" The girl holding the phone said with a smiling face.

From the video perspective, it should have been a roommate who took it secretly.

But in the current situation, it didn't matter who stole it, if the video really spread to the campus intranet, her innocence would all be ruined.

Jiang Ying Ying's first thought was to rush up and grab the phone.

But as soon as she reached the girl, another girl tugged at Jiang Ying Ying's ponytail and very forcefully pulled Jiang Ying Ying down to the ground.

"Jiang Ying Ying, seeing as you're pitiful, I'll give you a chance to delete the video if you behave yourself, how about it?"The girl with the phone said proudly to Jiang Ying Ying.

"Fine, as long as you're willing to delete the video, I'll do whatever you want."Jiang Ying Ying said with a pale face, she couldn't let this video get out, or else this stain would follow her for the rest of her life.

"This is what you said, I didn't force you."The girl with the phone smiled and looked good, but a traitor's face was disgusting.

After thinking for a moment, the girl said, "How about you kneel down and admit that you're a slut, and I'll only take pictures?"

Jiang Ying Ying wasn't a fool, once the picture of her kneeling down was matched, then there was no way to clear up those rumors about her.

"I have no grudge against you, so why are you deliberately targeting me?"Jiang Ying Ying was puzzled and said.

"B\*tch is the street rat that everyone shouts at, you've ruined our school's reputation, I'll punish you, do I need a reason?"The girl said disdainfully, in her eyes, Jiang Yingying was like a lowly creature.

Kang Ying Ying shook her head and sat helplessly on the ground, if she didn't grant her request and the video was circulated on the intranet, she would be destroyed by the video.

But the photo of kneeling down and being used by someone with an agenda would also make it impossible for her to clear her name.

What to do?

Ginger Ying Ying felt the most desperate moment of her life, as whatever choice she made would be the bottom of the barrel.

Sobbing her head down, Ginger saw a pair of man's legs come up to her.

"What's going on?"The voice was very sternly questioning.

Ginger Ying Ying looked up, it was an unfamiliar face.

"Who are you, and what does it matter to you?"The girl with the cell phone disdainfully sized up the visitor, wanting to be heroic and not looking at what kind of goods she was.

Apart from these girls, many people nearby looked at him with appalled eyes because he had just appeared in a Lamborghini, which was very eye-catching.

The person who came was none other than Han Qianqian, and although he hadn't met up with Jiang Ying Ying, he had made a note of her appearance on He Ting's phone, but he didn't expect to see her being bullied when he had just arrived at the school entrance.

"Jiang Yingying?! I'm Han Qianqian." Han Three Thousand Thousand stretched out his hand to Jiang Ying Ying and said.

Han 3,000!

Jiang Ying Ying had heard He Ting mention that her boss would be coming to the school today to help her deal with the trouble.

But in Jiang Ying Ying's imagination, since it was her boss, how could he be so young when he had to be middle-aged? And a handsome one at that.

"You ..... are Brother 3000?" Jiang Ying Ying couldn't believe it.

Han Giangli smiled and said, "As fake as it is, get up first."

After pulling up Jiang Yingying, Han Qianli asked, "What's going on?"

"She, on her phone, has a video of me changing clothes that my roommate secretly filmed," Jiang Ying Ying said.

Han Giang's eyebrows glazed over and said coldly, "Give me the phone."

"Who do you think you are, just give it to me if you want me to, what are you, what can you do to me if I don't give it to you?" The girl said with her head held high and an untamed look.

Han Qianli turned to look at Jiang Yingying and said, "If you can't study at this school, I'll give you another one."

The crowd hadn't understood what Han Qianli's words meant, only to see Han Qianli suddenly grab the girl by the throat and say coldly, "Wouldn't the impact of hitting someone in front of the school be a little too great, or you'll give me an honest answer and I'll let you off the hook."

The girl didn't expect Han Qianqian to get rough with her, and to be so bold in public.

"You ..... let go of me, do you know who I am?" The girl gritted her teeth and said.

"It doesn't matter who you are, the important thing is that you can't afford to mess with me." After Han Marchian said that, his hand retracted back, pulling the girl down in front of him and grabbing the phone.

The phone screen was still stuck on the page where the video ended, and after deleting the video straight away, Han Three Thousand threw the phone on the ground and crushed it.

"I'm not leaving yet, if you have any complaints, you can always find me." Han 3,000 said to the girl, before walking towards the Lamborghini with Jiang Ying Ying.

"He ..... he's actually driving a sports car!"

"Does he own this car? It's a Lamborghini."

"Since when does Ying Ying Jiang know such rich people?"

The female students who had just blocked the road saw this scene, and one by one, they grew their mouths and had jaw-dropping expressions.

Ying Ying also couldn't believe it, although He Ting had told her that this was the boss, but Ying Ying Jiang hadn't thought that this was a boss in a Lamborghini!

So young and multi-golden that she would make a special trip for her little matter, Kang Ying Ying didn't know how to thank Han Qian.

"Brother Three Thousand, thank you for making a special trip for my sake." After getting into the car, Jiang Yingying said to Han Qianqian with an apologetic face.

"Auntie He didn't tell me what was going on before, so tell me why the school expelled you." Han Three Thousand asked.

Kang Yingying was filled with grievances at the thought of this matter, her tears couldn't help but fall, and said, "I wanted to lighten my mother's burden, so I took a part-time job as a tutor, the student was a second grade elementary school girl, one day I arrived at time and went to give her lessons, but when I went to the house, she wasn't there, only her father was home, her father just started laying his hands on me, and then he said he wanted to keep me, I didn't agree to him, he originally wanted to force me, but he just happened to run into her wife coming home, so he said I seduced him, then her wife made a scene in the school, and the story spread."

After a pause, Jiang Ying Ying continued, "Now the school is saying that I'm a stage girl and that I'm affecting the school's reputation, that's why the school wants to expel me, and they're having a meeting right now."

Han Qianli smiled and said, "Looks like I came at the right time ah, don't cry, since I'm here, I'm sure I won't let anyone wrong you."

After saying that, Han Giangli started the engine and drove straight towards the school.

Off-campus vehicles weren't usually allowed to enter the school, so the security guard, seeing this, immediately planned to stop them.

But the engine roared like a wild beast, and the security guard saw that the car showed no signs of slowing down, so he could only dodge it and watch as it drove into the school campus.

"F\*ck, who is this, rampaging, not taking our school into account at all."

"Didn't Jiang Ying Ying just get into this car? It can't be Jiang Ying Ying's golden master, right."

"Yo, now that the golden lord has dared to come to the school and cause trouble, he doesn't know who our school board members are, right?"

"This time it's going to be a good show, not only is Jiang Ying Ying going to be expelled from school, this golden master is so arrogant, he definitely won't have any good luck either."

"That's right, several of the school's directors, but they're all big names in Rong City, isn't a rich second generation like him looking for death if he wants to find a scene for Jiang Yingying?"

The school conference room.

In addition to the principal and the board of directors, there were also Jiang Ying Ying's teacher and the two couples that Jiang Ying Ying was tutoring.

The teacher's stance was firm, as she was familiar with how hardworking a student Jiang Ying Ying was, so in her opinion, there was no way that Jiang Ying Ying would do such a thing.

"Headmaster, this matter should be looked into more specifically, so it can't tarnish a good student." The teacher said.

Hearing the teacher's words, Ke Yun angrily stood up and said, "You mean, my husband has defiled her? We're big business people, we want to save face, and what are you, a man of your word without evidence?"

Lin Shaohui, as the person involved in this matter, what the specific situation was, he knew very well, but in front of Ke Yun, the main family, where he dared to admit his withering and obscene behavior, said: "Don't be deceived by her honest appearance, I also thought she was very poor, gave me so many pitiful situation, said that the family was miserable and needed money, otherwise, how could I What about a moment of confusion?"

## **Chapter 213**

The teacher sighed, she tried her best to help Jiang Ying Ying in this matter to avoid ruining the life of a student.

The teacher sighed, she desperately wanted to help Jiang Ying Ying investigate this matter to avoid ruining a scholar's life, but Lin Shaohui's blatant attitude made this matter go nowhere, and Jiang Ying Ying's status was vulnerable in front of Lin Shaohui, the school, for sure, wouldn't care about her feelings.

"There's no need to discuss this matter, if you don't expel Jiang Ying Ying, I'll spread the word about it, and I can't be blamed for damaging the school's reputation." Ke Yun said in a cold voice.

The principal and the two board members present exchanged glances, although not all the board members were present, but the three of them had the right to decide on such a trivial matter.

Just expelling an unknown student could reduce the number of incidents, which was the best outcome for the school.

"Okay, it's decided, I'll send out a briefing right away."The principal said.

Ke Yun smiled proudly, but she obviously still looked like she wasn't going to stop, and said, "This teacher has been siding with Jiang Ying Ying, I don't think she's a good thing either, she should also be investigated, after all, like kindred spirits, maybe she's not clean either."

When the teacher heard this, her face was livid, and she said, "You open your mouth to speak nonsense, what makes you say that about me?"

"Nonsense?"Ke Yun looked as if he was righteous and said, "If you weren't such a person, why would you defend Jiang Yingying, a b\*tch who didn't learn from a young age, and later on, when she comes to society, she's also a filthy thing and corrupts the social climate."

The teacher gasped, this matter was simply Lin Shaohui's fault, but in Ke Yun's mouth, Jiang Ying Ying had become a b\*tch, and it had risen to the level of corrupting social mores.

But she was merely a teacher with limited abilities, and couldn't help Jiang Ying Ying even if she wanted to.

"I say you, as a teacher, just get a good salary, what's the point of meddling in so many idle matters?Are you capable of that?I'm acquainted with the school's board of trustees, so messing with me and firing you is just a small matter."Ke Yun said proudly.

At that moment, the conference room door was suddenly kicked open with a bang, and Han Giang and Jiang Ying Ying walked in.

Both Ke Yun and the principal-councilor were terrified, and when they saw Kang Ying Ying, they were furious.

"Little b\*tch, who allowed you to come to the conference room, do you know what place this is?"Yun Ke snapped at Ying Ying Kang.

Kang Ying Ying's heart was pounding, she didn't expect Han Qian Yang to be so strong, driving onto campus and now even kicking down the door to the conference room and breaking in.

"Are you the ones discussing the firing of Jiang Ying Ying?"Han Qianli said indifferently.

"What are you, little punk, is this a place where you can mess around?"Ke Yun cursed at Han Giang.

"Who's the principal?"Han Giangli ignored Ke Yun's words, he had seen too many such shrewish women to bother with them.

"I am, who are you and what are you doing barging into the conference room?"The principal stood up and looked at Han Marchand with cold eyes of dissatisfaction.

"To expel Jiang Ying Ying, have you investigated the matter thoroughly?"Han Giangli questioned.

"This is our internal matter, it has nothing to do with you, an outsider."The principal said disdainfully, not knowing where the stunned young man who ran away from us actually dared to question him, it was ridiculous.

"Jiang Ying Ying is my sister, if you want to fire her, of course it has to do with me, no one has the right to slander her."Han Giangli said.

"Kid."Lin Shaohui stood up with a smiling face and looked at Han Qianqian with contempt, mockingly saying, "What are you, qualified to meddle in my affairs, now that Jiang Ying Ying has been fired, what can you do to stop this?"

Han Giangli turned to look at Lin Shaohui and asked, "You're the one who laid a hand on my sister?"

"Mistake."Lin Shaohui shook his head and said, "It was your sister herself who made the mistake of seducing me, causing me to almost make a mistake."

Han Giangli smiled coldly and said, "The school believes your side of the story, so it seems you have a good relationship."

"Tsk, tsk, I didn't think you were still quite smart, since you know, why don't you get out of here?"Lin Shaohui said, this is the benefit of status, a broken college girl is trying to fight with him, isn't this looking for death?

"Have you decided, or have you reconsidered, to investigate this matter?"Han Giangli turned to the three principals and asked.

Lin Shaohui looked impatient and said, "Are you a fag or not, delaying my time, do you still need to investigate this matter?My words are the best evidence."

Han Qianqiang looked directly at the three principals, unmoved by Lin Shaohui's words.

The principal didn't know who Han Three Thousand was, but Lin Shaohui had a relationship with the board of directors and had just received a phone call informing him that the sewage from this matter could only be thrown at Kang Ying Ying, so the outcome wouldn't change.

"It's decided, since she's your sister, you should take him with you today."The principal said.

"You two, you also have the same opinion?"Han Giangli looked at the two council members.

"Kid, I advise you to be sensible and get out."

"If you don't know who we are, go outside and ask around, no matter who you are, it won't change the outcome of this matter."

The two board members looked as if they didn't have Han Marchand in their eyes at all.

Jiang Ying Ying was a little scared, she was worried that if things got too serious, it would implicate Han 3000, after all, she was aware that the councilors were big names in Rong City, and offending them wouldn't have any good consequences.

"Brother Three Thousand, let's go." Jiang Ying Ying whispered.

"It's still your sister who knows what she's talking about, get out of here or I'll take note of your appearance and you won't be able to run away if you want to." Lin Shaohui laughed.

Han Qianli laughed and said, "None of you scum are going to leave today."

After saying that, Han Qianli took out the phone.

Lin Shaohui and the others couldn't help but smile as they looked at it.

"This is Rong City, are you faggots sick and still want to make connections here?"

"Young man, you are so naive, can you still threaten us as an outsider?"

"If he doesn't hit the south wall and doesn't turn back, then let him hit it, and he'll naturally know that he'll regret it if his head is broken."

The two council members and the principal were sitting in their seats in their old gods, and Lin Shaohui was not worried.

Jiang Ying Ying was not from Rong City, and her brother, definitely not either.

Rong City's own network of relationships crisscrossed the city, and although there was a difference in status, many of them were also acquaintances, so what kind of waves could an outsider make?

After a phone call was made, a considerable commotion quickly arose in front of the school.

"Why are all the school directors here today, one after the other, what's the big deal?"

"It can't be because of what happened to Jiang Ying Ying."

"How could it be, how could Jiang Yingying's matter alarm all the school directors."

The school directors met one after another in front of the school, yet this storm was destined to alarm the entire city of Rong.

The people who came one after another did not end.

"This ..... is Ning Xingpeng?"

"F\*ck, how come even Lu Hongguang is here!"

Ning Xingpeng and Lu Hongguang were two of the top business tycoons in Rong City, belonging to the top tier of celebrities, almost everyone in Rong City knew about them, even the school's directors had subordinates of these two.

"My mother, what's going on, isn't this ..... Bao Jingzhong's car?"

"Look, Chen ..... Chen Kaihua is here too! These two, they're big shots!"

"What's going on, actually making such a big noise, the big names of our Rong City are gathered here today ah."

Waves of exclamation rose and fell in front of the school, and everyone wore an incredulous expression.

All the famous people of Rong City who could be called by their names had all come together in less than ten minutes, comparable to the annual gathering of Rong City celebrities ah.

But these people's expressions were not very clear at this time, and one couldn't help but wonder if there was some big trouble.

In the school's conference room, Lin Shaohui was already tired of waiting and said to Han Qianqian, "Little brother, what's going on with the backstage you called, I can't wait for you to come yet."

"Why are you making the scene so ugly? You'd better take Jiang Yingying with you, this isn't a place where you can mess around." The principal sighed, it wasn't that he looked down on Han Qianqian, it was that he didn't put it in his eyes at all.

Han Marchan's index finger knocked against the conference table, thudding loudly, and said, "Don't worry, it's best if you have the appetite to eat this big meal, if you don't, you'll have to take the blame today."

## **Chapter 214**

Jiang Yingying was the one who was tormented in the presence, because she was very worried that she would drag Han 3000 down because of her own matter, in her opinion, dropping out of school now was already a trivial matter, as long as it didn't harm Han 3000, as for Han 3000 to help her solve this matter, she no longer dared to hope.

A few of the school's directors, that could be big names that Kang Ying Ying's eyes couldn't afford to provoke, although Han Three Thousand looked rich, but solving this matter, is no longer the amount of money can be measured.

"Or don't bother, just tell your friend that you've offended me, Lin Shaohui, let's see if he dares to come forward." Lin Shaohui said.

Han Qianqiang tapped on the conference table, and a rush of footsteps came just outside the conference room, smiling and saying, "No need, the man has already arrived."

Lin Shaohui picked up his collar and said, "Just in time, I'd like to see who it is."

The pretentious Lin Shaohui was stunned when he saw the first person who came in, because this councilor was the one who backed him up, and the next few people who fishtailed in had shocked Lin Shaohui so much that he couldn't speak.

In addition to all the council members.

There was also Lu Hongguang, Ning Xingpeng, Bao Jingzhong, and Chen Kaihua.

Lin Shaohui had gone weak in the knees at the appearance of the four people, Lu Ning and Bao Chen.

The headmaster and the two council members who had just been there, trembling with fear, did not dare to speak, these four people carrying any one of them out could overwhelm them, let alone the four of them appearing together.

What kind of power did this young man possess to gather all four characters!

"Is it enough weight?" Han Giangli asked Lin Shaohui.

Lin Shaohui was already almost scared silly, nodding his head like garlic, he couldn't even speak.

"Headmaster." Han Three Thousand turned to the headmaster.

"Yes, I'm here, I'm here." The headmaster said in panic.

"This matter, to investigate or not to investigate?" Han Giangli asked.

"Look into it, trace it to the end, and I'll give you a satisfactory explanation." The principal patted his chest to assure him, a complete world away from his previous attitude.

Lin Shaohui looked desperate, he was at fault in this matter, although as long as he asserted it, there would never be a flaw that would be found out, but now that Han Qianqian had put up so much energy, if he didn't admit it, this matter would not only finish him off, but also implicate his patron.

"Lin Shaohui, what's going on, you still won't give an honest explanation." Lin Shaohui's patron had already heard about this matter, he didn't care who was right or wrong before, because it was just a student, even if it was a smear, it was no big deal.

But now, the severity of the matter was beyond his imagination, Lu Ning Bao Chen four people, at random can create shock waves in the city of Rong, and to be able to call these four people out with a phone call, that kind of level is no longer something he can imagine.

"I ..... was my fault." Lin Shaohui directly knelt on the ground and wailed, "It was me who had thoughts about Jiang Ying Ying, I slandered her."

Lin Shaohui couldn't deny it and didn't dare not admit it, his mouth was no more than a tough mouth, he would sooner or later give the truth of the matter.

"Did you three hear me? Is that the result of your investigation?" Han Marchan asked the three hostages to the headmaster.

The three principals wanted to die, in fact how the truth of this matter was, they knew it by heart, Lin Shaohui was originally a person who liked to mess around outside, and with Jiang Ying Ying's character, how could he seduce him?

But before, based on Lin Shaohui's relationship, they had to shield Lin Shaohui, who would have thought that Jiang Ying Ying actually had such a hard relationship.

"I'm sorry, I'm sorry, we made a mistake in our investigation, don't worry, I'll definitely clear Jiang Ying Ying's name." The principal said.

"How to return it?" Han Marchan asked, since he's here, he has to take care of this matter, giving them time to stall, and I'm afraid it will go away once he leaves.

The principal looked at the others, how could he return it? Do you want to throw a stone at yourself?

It's been rumored that Jiang Yingying will be expelled from the school, and this time they retracted the decision, it's already a blow to the school's face, if they make a big commotion to clear Jiang Yingying's injustice, how can he let the principal's face go?

However, looking at Han Qianqian's attitude, if he wanted to settle the matter, it was obviously impossible, after all, even Lu Ning Bao Chen, the four people, had come.

"What are you still hesitating for, hurry up and find a solution to the problem, or else you'll stop being the principal." Bao Jingzhong snapped.

"Yes yes yes." The principal wiped the cold sweat from his forehead, took a glance at Han Qianqian, and asked tentatively, "How about asking Lin Shaohui to apologize to Jiang Ying Ying?"

When Bao Jingzhong heard this, he was so angry that he walked up to the principal, not caring that he was a year old, and kicked him in the body, coldly saying, "Is this the plan you gave? An apology, an apology and you want to be done with it?"

The principal was so scared that he even said no.

Chen Kaihua also stepped forward at this time and said in a cold voice, "Apologizing is fine, in front of the whole school, I don't care if you lose face, if this matter doesn't satisfy Jiang Yingying, you're ready to roll up your sleeves and leave."

The two big men had stood up and spoken, how could the headmaster dare to disobey, as for Lin Shaohui, he was now at the mercy of the others.

His backers were powerful, allowing him to ignore most of the people in Rong City, but he knew that the iron he had kicked this time was too hard, so hard that even the two big shots, Bao Jingzhong and Chen Kaihua, had to work for him, and he had no choice but to follow orders.

After looking at each other, Bao Jingzhong and Chen Kaihua placed their eyes on Han Qianli.

They didn't know what kind of person this young man was, but the province had given him a direct order to satisfy him, and the two of them could only do as they were told.

Han Qianqian looked to Jiang Ying Ying, who had already been scared out of her wits, and asked, "Ying Ying, what do you think?"

"Ah .....!" Jiang Ying Ying came back to her senses as if she was dreaming, in her perception, the school's directors were already very powerful figures, as for the four of them, Lu Ning Bao Chen, they were already terrifying identities that were big enough to reach the heavens, she hadn't expected that Han Qianqian had actually found all four of them at once!

Turns out he wasn't kidding when he said he'd come to help himself out of trouble!

Turns out he wasn't just a hot head when he drove into the college and then broke into the conference room!

"Brother 3000, I ..... don't know either." Jiang Ying Ying had never encountered such a big decision in her life, and it was in front of so many big people, so she didn't know what to do.

Han Qianli stood up and said, "Since you can't make a decision, let me do it."

After saying that, he looked at the headmaster and continued, "Raise the flag platform, notify all the students to come, let the entire school witness this matter, and your ugly deeds, say every word, I won't let you off without a punctuation mark."

The headmaster was ashen, if this matter was spread out, his highly respected image would be ruined, this was not giving him a chance to live.

But if he didn't do what Han Qianli said, he would be just as finished.

None of the four people, Lu Ning Bao Chen, would let him go.

After the school's broadcast announcement, many students watching the fun gathered around the playground, and in less than ten minutes, there were thousands of people in the water.

"What's this for?"

"It's probably to inform and criticize Jiang Yingying, after all, she's discredited our school, how can this matter be simply to expel her?"

"I heard that this woman is not bad looking and she also looks honest, I didn't expect that she is really this kind of person."

The few girls who had previously besieged Jiang Ying Ying in front of the school were the first to arrive and occupied the front row, they were the ones who most wanted to see Jiang Ying Ying end up like this.

"Jiang Ying Ying, this eight women, thought that finding a rich second generation to help out would put things to rest, but she didn't expect things to get bigger and bigger."

"That fag just now was arrogant and domineering na, drove into the school, now you know how powerful our school is."

"Dealing with this kind of trash, the school director will just have to show up, I really don't know why the other four big shots are showing up, but it's good, I guess it scared that finesse pen to death, I'm really curious how he feels right now."

"Is it worth it for a woman like Ying Ying Jiang?"

At this time, Han Qianqian and Jiang Ying Ying took the stage first, and many good people already couldn't help but shout.

## **Chapter 215**

"Jiang Yingying, you're a real disgrace to our school, get lost."The girl from before led the shouting.

A few other girls also echoed, yelling at Jiang Yingying for being shameless, this situation soon drove the other students, and for a time, Jiang Yingying was accused by a thousand people, and there were even people who said ridiculous things like dipping into a pigsty.

Jiang Yingying was very aggrieved inside as she listened to these words, she hadn't done anything, yet she had to be criticized by so many people, if it wasn't for Han Qianqian stepping in to help clear her grievances, this matter would definitely become an inseparable stain in her life.

"Have you guys said enough?"Han Giangli faintly spoke up.

"Of course not, she did such a disgraceful thing, even if I scolded her to death, as her classmate, I feel ashamed."That girl said.

Han Qianli smiled coldly as the school and the people Han Qianli had called to the stage one after another.

When the students saw the person in question, Lin Shaohui, they felt a bit strange because Lin Shaohui's expression was particularly ugly, it didn't look like he was going to discipline Jiang Yingying at all, and none of the four people from Lu Ning Bao Chen, as well as the principal and the school board members, looked good.

"Aren't you going to kneel down and apologize?"Han Marchant said.

Hearing this, Lin Shaohui's legs weakened and he knelt down without hesitation, his arrogance came from the councilor, but now, the councilor was nothing more than an ass in front of this young man.

"I'm sorry, I'm the one who slandered you, I ruined your reputation, please forgive me." Lin Shaohui said to Jiang Ying Ying.

The crowd of students were in an uproar when they saw this scene.

Lin Shaohui actually knelt down and apologized to Jiang Yingying, how was that possible!

Many people rubbed their eyes, thinking they were hallucinating.

"What the heck, Lin Shaohui actually knelt down and apologized to Jiang Ying Ying."

"Oh my gosh, this plot has developed so unexpectedly, what's going on."

"Jiang Yingying can't have a harder backstage, how else could Lin Shaohui give her an apology?"

When these comments came out, many people focused their eyes on Han Marchant.

They had heard about the Lamborghini breaking into the campus, but in their imaginary script, this rich second generation should end up miserable, so how could they help vindicate Jiang Ying Ying?

"Let's give a full account of what happened," Han Marchant said.

Lin Shaohui nodded his head like a chicken pecking at rice and told all about Jiang Ying Ying's role as a tutor and his thoughts of raping her, which caused another uproar.

Ever since the storm of this incident with Jiang Ying Ying was spread in the school, all the public opinion pointed at Jiang Ying Ying, calling her a sinner and a b\*tch, but now it was proven that Jiang Ying Ying was the victim.

After restoring the truth of the matter, the principal showed up again and said that he was negligent in this matter and he would take full responsibility and step down as principal with immediate effect, a result that many people couldn't believe.

The principal was even dragged down by this matter.

At this time, even people with even the slightest brain could detect a hint of a different meaning.

Just Lin Shaohui's apology could only show that paper couldn't wrap fire and the fact couldn't be hidden, but the principal taking responsibility and causing such serious consequences was more than just paper that couldn't wrap fire.

Many people's hearts began to speculate about Han Marchant's identity, and they then understood the reason why the four people of Lu Ning Bao Chen appeared, and I'm afraid that this young man had called for them.

The girl's face was pale before, she guessed that the appearance of Lu Ning Bao Chen's four men was to deal with Han Qianli, but now it was clear that this was not the case, and he, too, was not a simple rich second generation.

Her family was also rich, or else there was no way she could have bought off Jiang Ying Ying's roommate to get that video of the clothing change, and now even Lu Ning Bao Chen four people had to back him up, she couldn't imagine what kind of consequences it would trigger if he were to pursue this matter.

Exiting the crowd, she quietly made a call to her family, "Dad, I might be in trouble."

"Baby girl, if the sky is falling, daddy can help you with it, don't worry."The voice on the other end of the phone was calm, not the least bit concerned about his daughter getting into trouble.

"But, but this matter is very troublesome, the people I have messed with, the backstage is most likely these big people in Rong City Lu Ning Bao Chen."

"Sh ..... what!Who are you talking about?"The other end of the phone was instantly excited.

"Lu Hongguang, Ning Xingpeng, Bao Jingzhong Chen Kaihua."

"Shen Dan, what have you done!"The voice on the other end of the phone bellowed furiously, he spoiled his daughter, pampered her since childhood, but he never thought that Shen Dan would cause such a big trouble.

Lu Ning Bao Chen, offending any one person was not something the Shen family could afford, and now she had provoked four people at once, this was to drive the Shen family to death ah.

"Dad, I'm sorry, I didn't want to, I didn't know he would be so powerful."Shen Dan cried out.

On the flag raising platform, when everything was said, the truth was also revealed, the rumors and gossip about Jiang Yingying during this period of time would not be broken, the students were up in arms, they were very dissatisfied with the principal's attitude in this matter, it was good that he stepped down from his post and was able to quell some of the anger, plus Bao Chen and his two men showed up to say that they would strengthen this aspect of management in the future, this was how the whole matter was put to rest.

Jiang Ying Ying looked at Han Qian Long with pearly whites, she didn't know what way she could thank Han Qian Long, no matter what she did for such a big favor, I'm afraid she couldn't repay it.

"Brother Three Thousand, thank you."Jiang Ying Ying said.

Han Three Thousand patted Jiang Ying Ying's shoulder and said, "It's just a small thing, no need to take it to heart, Auntie He raised you with much hardship, you should be filial to her in the future."

Jiang Yingying kept nodding her head and sobbing.

After Han Qianli walked off the flag-raising platform, he took out his phone.

"Thank you for your help, I owe you a favor." Han Three Thousand said.

"I'm glad that you asked for my help, but I'll take down this favor." Shi Jing said, being able to use such a large amount of power in Rong City, Han Three Thousand couldn't do it, after all, he had never been involved in this place in Rong City, but the Han family's energy was different.

"How many people know about this matter?" Han 3,000 asked.

"Don't worry, I had the news relayed to me, no one knows that this matter is related to the Han family." Shi Jing said.

"That's good, nothing else, that's all."

"Return the favor to me on New Year's Eve, bring her home to see." Shi Jing said.

Han Giang was stunned.

Go home?

These two words had an extremely strange feeling to him.

Yanjing's home?

That place, Han Three Thousand years ago, was no longer considered his home.

"Say it again." Han 3,000 said, not giving Shi Jing a chance to refute, and hung up the phone directly.

Kang Ying Ying was just putting the phone away when she followed Han Qian's pace and said to Han Qian, "Brother Qian, let me buy you a meal."

"Yeah, just hungry." Han 3,000 touched his stomach and said, "But I'll treat you to this meal."

"How can I, you've helped me so much, how can I let you treat me to dinner." Jiang Ying Ying definitely couldn't agree to this, Han Giang had come so far to Rong City to help her solve her problems, just a few words of thanks, Jiang Ying Ying couldn't express her gratitude, although a meal wasn't enough, but that's all she could do with her current abilities.

"When you go on vacation, go back to Yun City and treat me to a meal, I'll take a good look at you then, otherwise a rich man like me, you can't treat me to a roadside stall, right?" Han 3000 said in a staged manner.

With Jiang Yingying's current financial ability, it was true that she couldn't afford to treat Han Giang to a big meal, so she didn't have to refute this statement.

There were plenty of places to eat off campus, both high and low end consumption, after all, there was no shortage of rich people among the current college students.

Shortly after sitting down in the restaurant, a girl walked up to the two of them with an apologetic face.

"Liang Hong, why did you betray me?"Ying Ying Jiang is not calm when she sees her, this Liang Hong is her roommate, that video time period of changing clothes, only Liang Hong is in the dorm room with her.

"Ying Ying, I'm sorry, it's Shen Dan who forced me, if I don't do this, she won't let me go, you also know that her family is very rich, how dare I offend her."Liang Hong filmed the video, although she took some money, but her conscience was also tormented, and today Jiang Ying Ying sank her grievances, Han Qian Qian showed a strong force, so Liang Hong had to come to apologize to Jiang Ying Ying.
