

His True Color Chapter 2201-2210

Chapter 2201

A mole?!

Hearing Lin Long's words, Han Qianqian's entire body froze, but at the same time, his mind was racing.

There was a mole in the team escorting Su Yingxia?

Betrayed the information to someone else in advance?

Then who could it be?

Qiushui?

Jiang Hu Bai Xiao Sheng?

Qin Shushi?

But after going through all these people in his own head, he quickly ruled them out.

Han Qianqian's gaze suddenly turned cold: "Could it be Heiyu or Xing Yao?"

"What about Yingxia and Nian'er?" Han Qianqian asked nervously.

"When we travelled near Firestone City, we suddenly encountered an ambush from a large group of people. Although Jiang Hu Bai Xiao Sheng and I were scouting ahead as you had instructed, they seemed to know how we had arranged it and had not moved. It was only after Ying Xia and Nian Er entered the ambush circle that they suddenly killed us, and we were unable to respond to the first and the last for a while, so"

The first time I looked at Han Qianqian, whose expression was already gloomy, even Lin Long felt that he was extremely frightening at this time, but he still had to tell the whole truth.

"Yingxia and Nian'er were captured?" Han Qianqian asked in a cold voice, his eyes red.

Lin Long nodded, "There were too many of them, and moreover, everything was planned in advance. Although Ying Xia and Nian Er were riding Little Heavenly Lu Pixi, the other side seemed to know this, and when they rushed out, they directly covered them with a cage. Xing Yao and Qin Shuang were also trapped inside."

"What about Meditation Rain and the Great Heavenly Lu Pixie?"

"Without the Great Heavenly Lu Pixie, Jiang Hu Bai Xiao Sheng and I wouldn't have been able to escape." Lin Long said with difficulty, "I am not afraid of death."

"You don't need to explain, I understand." Han Qianqian knew that Lin Long was not a person who feared death: "What about Heiyu?"

"I don't know, the scene was too chaotic, after the fight we only wanted to get Su Yingxia and Nian'er out as soon as possible, we didn't pay too much attention to her!" Lin Long shook his head.

Han Qianqian's teeth were clenched, his fists clenched, and his entire body was furious.

Sure enough, it was Hei Yu!

With her circle of water, it was simply too impossible to keep Lin Long and the others from noticing her.

After all, even Han Qianqian had to admire how skilled Meditation Rain was at drawing water circles, which could be described as dancing like an illusion, and was extremely impressive.

If she had participated in the battle, how could Lin Long not have noticed her?!

Secondly, when one thought about it, she was really the only one who was the most suspicious. Although Xing Yao was also suspicious, she was after all a person with little martial arts skills, so it was unlikely that she would betray herself.

Han Qianqian suddenly felt some remorse that he had trusted such a person, and had even placed Su Yingxia and Han Nian in her hands.

"Fuck, this Hei Yu!" Han Qianqian clenched his teeth, "I, Han Qianqian, swear that if there is any damage to Yingxia and Nian'er, not to mention that you are a mere sea maiden, even if you are a heavenly maiden, I, Han Qianqian, will definitely poke holes into your day!"

Hearing Han Qianqian's angry roar, Lin Long couldn't help but feel a chill down his back.

Having followed Han Qianqian for so long, he knew Han Qianqian's temper too well, and he knew what his scales were.

His oath was definitely not a declaration of anger, but a promise to do what he said.

"Do you know who the other party is?" Han Qianqian calmed down and asked in a cold voice.

"Not quite, they were all dressed in black, but after I killed a group of people, I unintentionally skimmed the clothes of these people who seemed to be wearing the costumes of the Zhu Zi Clothing."

"Zhu Zi clothing?" Han Qianqian frowned.

In the next second, Han Qianqian landed violently back on the ground and walked into the inn with his feet furious, shouting, "Fu Mang!"

"Yes!" Fu Mang hurriedly ran over, seeing Han Qianqian and Jiang Hu Bai Xiao Sheng like this, he knew something big had happened.

"Check for me, within a thousand miles of Firestone City, everyone with the surname Zhu!" Han Qianqian said in a cold voice.

"Yes!"

"Even if you turn the ground over for me, I have to find it." Han Qianqian shouted angrily.

"Yes!"

Leaving the order, Han Qianqian didn't say anything else and went back to his room and went straight to turning up the area around Firestone City on the map, ready to set off at any moment.

Within a few moments, Fu Mang walked in quickly with Zhang Gongzi.

Han Qianqian's eyebrows froze: "What about it? Did you find out?"

"Allied Lord, there are many large families surnamed Zhu within this several thousand mile radius, but there is only one large family surnamed Zhu that is closest to Firestone City." Duke Zhang said softly.

He wanted to sell a story, but when he saw Han Qianqian's face of a stranger, Duke Zhang was instantly shocked with an embarrassed look on his face, "The City Lord of Firestone City is precisely surnamed Zhu!"

"The City Lord of Firestone City?" Han Qianqian frowned coldly, "Are you sure they're the only family around with the surname Zhu?"

"I'm not going to hide it from the Alliance Lord, although Firestone City is at least twice the size of Heavenly Lake City, it is, however, a dictatorship-style ruled city, and almost the entirety of Firestone City is surnamed Zhu, and it's all their family." Duke Zhang said, "By the way, Allied Lord, what exactly has happened? What are you looking for Lord Zhu City for?"

After hearing this definite answer, the corners of Han Qianqian's mouth curled up with a hint of evil: "What for? To give a gift to Zhu!"

"What kind of gift?" Zhang Gongzi wondered.

"A gift of a bell!" Han Qianqian shouted angrily, and the air in the entire room was instantly very cold.

Chapter 2202

As soon as the words left his mouth, Han Qianqian's figure suddenly disappeared, leaving behind only the coldness of the whole room.

Zhang Gongzi was stiffly frightened by Han Qianqian's angry shout, and when he reflected, the window had broken, but Han Qianqian was no longer.

"Grand Commander Fu, I did I say something wrong?" Zhang Gongzi was shaking with fear.

Fu Mang ignored him and rushed down the stairs at that moment.

While Han Qianqian's figure shot straight out of Tianhu City, Tianhu City was by now filled with all sorts of eyes, and as he left the city, the news soon reached the ears of Fu Tian and the others.

"Strange, strange, Han Qianqian has actually left the city." After Fu Tian received the news, he almost trotted all the way to the inner hall.

Above the inner hall, Fu Mei and Ye Shijun had been waiting for a long time, they had even gotten up early today and sat here, specifically waiting for the so-called tomorrow from last night.

Hearing the news from Fu Tian, Fu Mei and Ye Shijun were first stunned and then overjoyed, "Really?"

"It is indeed true, I have placed at least a thousand spies outside early in the morning, and many of them just now saw Han Qianqian fly out of the city with their own eyes, and the direction is really in the direction of Firestone City." Fu Tian said with unbridled excitement.

"It seems that Cool-Son Yeh has indeed not lied to us." Fu Mei said joyfully.

Ye Shijun was also quite excited, "Then let's proceed as planned?"

The two men nodded their heads.

Then, the three looked at each other and gave each other a grim smile.

At this time, although Han Qianqian was without his Heavenly Lu Pixi, he was able to push his Tai Xu Divine Step and his Qi energy was in full swing, without any reservation, and he was not even a little slower than usual.

When evening came, Han Qianqian finally flew to the vicinity of Firestone City.

In the distance between the mountains, a hidden city, made of lava, was surrounded by fire and smoke, casting a mysterious veil over the city, which looked like a city built on the crater of a volcano from afar.

"Is this the Firestone City?" Han Qianqian's body stood up and Little White transformed after him, jumping onto Han Qianqian's shoulders.

Little Tianlu Pixie had been captured and Lin Long was badly injured, so Xiao Bai understood that he was Han Qianqian's only helper at this time.

"You're really good at finding places." Han Qianqian gave a cold drink, "Using the momentum of the mountains to create a formation to connect to the central Firestone City. When you go in later, you have to be careful. Although I don't know exactly what kind of formation it is, however, this Firestone City isn't simple."

"Indeed, they know how to find places, but unfortunately, they have messed with the wrong people, just like I did back then." Little White let out a bitter laugh.

Even if something was good, it only worked if someone would enjoy it, and if no one could enjoy it, then what was it?!

Although Firestone City was exquisitely built and huge, it was destined, it was about to become an isolated city.

"Should we call our brothers out to help?" Little White laughed.

"No need." As Han Qianqian finished speaking, his body moved, the Heavenly Flame Moon Wheel transformed into a bow and arrow, and his jade sword burst across his body with a fierce arrow!

Swoosh!

The Heavenly Flame Moon Wheel and Jade Sword united in three and with a crisp and clear sound, it blasted directly at Firestone City's city protection boundary.

Bang!!!

With a loud sound, the Heavenly Fire Moon Wheel as well as the Jade Sword slammed into the boundary, hard enough to cause the entire boundary to roll with electricity, and immediately afterwards, the three returned to Han Qianqian's hand.

"Shit, this thing, it's really fucking hard." Little White whispered.

"Then let's see if it's his boundary that's hard, or the axe in my hand!" Han Qianqian laughed coldly and raised the Pan Gu Axe in his hand, about to get up.

"Who's coming!"

At this moment, on top of the city walls, a group of experts from the Zhu Clan flew to the city walls one by one in shadow, looking through the boundary to see Han Qianqian rushing outside.

"How dare you, how dare you come to my Firestone City and look for trouble." Amongst the crowd, an old man dressed in white with a red vermilion character on his chest shouted angrily, his cultivation level reaching a terrifying Eight Wasteland Primary Stage, truly an expert among experts.

"What I want is the life of your Firestone City!" Han Qianqian laughed coldly, and his Pan Gu Axe suddenly flashed with brilliant light!

It fell from the sky with the force of a thunderbolt from Mount Hua!

Drink ! ! ! !

Boom ! ! ! ! !

The powerful qi even blew the entire boundary to shake.

"Han Han Qianqian?" The white-clothed old man's face suddenly changed and he shouted angrily, "Immediately inform the top that the tiger has entered the cage!"

"Yes!"

"Old me is a tiger, do you think you deserve to be caged for a trash Firestone City?" Han Qianqian laughed in hideous anger and thundered down with his great axe.

Bang ! ! ! !

The sturdy boundary was like pieces of dust under the axe, and with a muffled sound, the entire boundary's golden light quickly spread from the axe's mouth to the surroundings and quickly scattered towards the surrounding mountains.

The sturdy boundary that used the breath of the mountain range, broke!

"Han Qianqian, you are simply arrogant to the extreme. Do you really think that no one in this world can fix you?" The white-clothed old man bellowed angrily, "All the generals of the Zhu Clan!"

"Yes!"

"Take down this arrogant little boy!"

"Yes!"

As soon as the words fell, hundreds of black shadows attacked Han Qianqian from the walls of Firestone City.

"If you touch my wife and daughter, I will bury your Zhu family with you!" Han Qianqian shouted angrily, and his body flashed with a great golden blanket!

Chapter 2203

The words fell.

A black shadow, like lightning, came straight, carrying the power to destroy the sky and earth, shocking the whole field.

Seeing this situation, even the more numerous Zhu family, at this time, each face with a frightened.

What the hell power is this? Strong enough to make people feel suffocated!

Even though they had known that Han Qianqian was quite capable, and the Zhu family had long been prepared to deal with it, but when they really saw this guy's perversion, their hearts still trembled.

"This guy, what the hell? Why is the aura so strong?"

"Is this still a fucking person?"

Han three thousand people have not yet arrived, several experts of the Zhu family have already chilled, some people's hearts even sprouted retreat.

"Give me death!"

With an angry shout, Han Qianqian came down with his axe, and the Heavenly Fire Moon Wheel burst out at the same time, like a wild dragon sweeping through the crowd.

Boom!

Pan Gu axe raised to the sky, a hundred meters thick city wall hard under an axe, directly be cut to burst tens of meters, the violent explosion even made the entire city wall tremble.

Heavenly fire moon wheel like a fire dragon electric cunning, across the vertical swing, where it passes, fire flash electricity entangled, countless deaths and injuries.

Zhu family a group of experts, even Han three thousand pairs also did not take on, at this time has been beaten wretchedly, tired to cope.

"With your strength alone, you want to fight my fire stone Zhu family, you are too arrogant." The white-clothed old man stomped his foot in anger, and his entire body directly ejected.

Behind him, dozens of Zhu Clan experts also stabilized their bodies and immediately joined in with them to surround Han Qianqian.

"Seek death!"

Boom!!!

Han Qianqian's golden light scattered greatly, and the golden light around his body even directly scattered, just like a divine Buddha, with his silver hair rising without wind and swinging.

"I want you to sacrifice to heaven!"

As soon as the words fell, Han Qianqian held the Pan Gu axe directly to kill the white-clothed old man.

The left hand invites, the right hand attacks, its body is swift and fierce, its momentum is domineering, the white-clothed old man has never seen such a fierce attack, hastily responding to the battle under, with his terrifying strength of the early stage of the eight wilderness naturally does not fall behind.

But soon, he found that something was wrong.

Han Qianqian this guy only attacked, which made his attack very fierce. The white-clothed old man was tired of coping with the situation, and then he laughed coldly and slapped a palm over.

I thought Han Qianqian this guy is finished, which know this palm shot down like a shot on the iron plate, Han Qianqian hurt how much he does not know, but Han Qianqian took advantage of this time backhand on his own body, he himself is not lightly injured.

"Hiss, this guy is so strange, everyone be careful." The old man in white was knocked back several meters by Han Qianqian's punch and shouted to the people around him in time.

"I little your mother!" The old man in white was attacked directly by Han Qianqian, who cursed angrily.

Want to take a fucking breather? To see if the old man agrees!

As soon as the words fell, a golden light and a white-clothed figure immediately rushed together again!

Bang Bang!!!

The sky shakes the earth!

The two masters dueled, the fire splashed.

From mid-air all the way to the vault, from the vault all the way to the fight to the void, mid-air, lightning and thunder, as if the sky were torn, at any time will be stepping square and down.

Above the mid-air, the two do not leave any backhand, Han three thousand courageous, the old man in white also constantly seize Han three thousand not defending the opportunity to try to use their deadly attacks, defeating Han three thousand.

Above below, a group of Zhu family experts, also always pay attention to the battle above, as soon as there is any opportunity, will immediately release an attack to help the old man in white remotely.

But obviously, there are not many such opportunities.

Han Qianqian under the Tai Xu Divine Steps had a fluttering body, sometimes far away from the white-clothed old man, and sometimes suddenly entangled in him, and although the gang wanted to help, they were afraid of hurting the white-clothed old man by mistake.

"Now, you can go to hell!"

Han Qianqian suddenly hideous disdainful smile, looking at the right arm was cut by this old man, golden blood, the next second, Han Qianqian fierce left hand slammed right hand, a blood instantly was shot into countless blood rain, straight bombarded the white-clothed old man.

The white-clothed old man in a hurry, blandly just use his robe clothes phase block.

But this, obviously, will make him pay an incomparably heavy price.

And those who did not block the rain of blood, but at this time down the trend, straight down to shower those Zhu family experts.

When the blood showered down, there are many people's faces or bodies are covered with a few drops of blood.

When seeing the very golden blood flowing from Han Qianqian, a group of executives finally put down their hearts.

"Elder Tianxiang is really a model for my generation, haha, it's only a few blows, and he has already injured that Han Qianqian."

"Oh, they say that Han Qianqian is some kind of mysterious person, remarkable, I think, it's just like that."

"Although the top of Mount Qishan is a master competition, this kid shines on it, but people who don't go to the top of Mount Qishan don't mean they are not experts. The eight worlds are immense, crouching tigers hide dragons, coincidentally or not, my Zhu family happens to have a potential dragon in the wild."

Several Zhu family experts were already full of joy at this point, and were just about to drink to celebrate.

"Han three thousand, a waste of time."

Above the mid-air, after blocking the blood, the old man in white disdainfully put the blocked white clothes, despised and said.

"Do you know me well?" Han Qianqian also did not attack, at this time gently stop body, funny look at the white-clothed old man.

As far as Han Qianqian is concerned, at the moment he is just a dead corpse, naturally not interested in attacking again.

"Do you think we will not do a little preparation? We naturally need to know a little about your situation. Knowing yourself and your enemy is the only way to win a hundred battles, don't you think so?" The old man in white laughed smugly.

"Indeed." Han Qianqian smiled and nodded: "Knowing yourself and your enemy is indeed the only way to win a hundred battles, but the question is, do you really know me? If there is a deviation, then what should I do? However, I'm afraid you can only slowly taste this answer in your next life."

After saying that, Han Qianqian beckoned, made a gesture of bye, and ignored what the white-clothed old man said again, turned around and flew straight down within the city walls.

The white-clothed old man glared angrily, he is still here, this guy actually ignored to leave first?

But he just wanted to chase after Han Qianqian, but found his body completely out of control, subconsciously look down, the pupils of his eyes suddenly widened!

His body, at this time is full of all kinds of blood holes, through those holes, he can even see the sky behind him!

"This this" the white-clothed old man looked incredulously at the blood holes on his body, when was this caused?

Suddenly, he shook violently: "Blood, it's all that blood!"

With a resigned look, his torso also violently fell from the air.

The gang of experts on the ground to help the formation, is happy, suddenly a number of people suddenly died, the state of its tragic, before reflecting, and heard the elders above the sky fell, dead dead, alive but also trembling with fear.

And at this time, Han three thousand, has been head into the fire stone city, the killing of Qi people, like a massacre of devils!

Chapter 2204

Without the fetters of the experts in front of him, Han Qianqian went on the rampage, like a lion charging into a flock of sheep.

Even if the Firestone City after the outbreak of the war, there are countless additional elite soldiers to support, but these for Han Qianqian, is just a laughing piece of powder.

"Boom ! ! ! !"

Han Qianqian, carrying the Heavenly Fire Moon Wheel, bombarded with Heavenly Fire in his left hand, and entangled with the Moon Wheel in his right hand, everywhere he passed, people fell like grass, and there was no life on the ground.

In the city, there were fires everywhere, purple lightning entwined, corpses were everywhere, blood flowed into rivers.

With these want to resist Han Qianqian, difficult.

Want to resist the furious Han Qianqian, even more difficult.

Originally the beautiful Firestone City, but now it is like a purgatory on earth, cries, screams, in all directions! The sound of wolves howling incessantly.

Han Qianqian stood in mid-air, golden body and silver hair, stepping on the blood mountain river, like an evil god.

Ten thousand soldiers were killed and wounded, more than a thousand experts were beaten to half crippled, and at this time, the golden light shining Han Qianqian body, is also blood all over.

"Hand over Su Yingxia Han Nian, otherwise, I slaughter your whole city!"

The words fell, an axe thunder down!

Boom!!!

Another hundreds of people died under the light of Yu axe, a hundred meters of the street also left a gully half a meter deep.

Shock ! ! ! !

Even though there are still many soldiers in Firestone City, none of them dared to move a bit at this time.

"Stop!"

Just then, an angry shout.

In the next second, thousands of soldiers quickly lined up, another group of experts led by a few middle-aged men quickly walked out, and at the forefront of the crowd, it was the city lord of Firestone City, the Zhu family head, Zhu Kaixuan!

"Your Excellency is Han Qianqian? I have no grudges with you, why did you break into my city and slaughter my Firestone City?" Zhu Kaixuan said in a cold voice.

Half of Firestone City was under fire, the people fled, the soldiers were all broken, as the city lord, how could he sit still?

"Hand over Su Yingxia and the others, and I will spare your dog's life." Han Qianqian's face was icy cold.

"Han Qianqian, I don't know what you're talking about! My Firestone City didn't arrest any of your people!" Zhu Kaixuan shouted angrily, but obviously the flash of haste in his eyes had deeply betrayed him.

"No is it?" Han Qianqian smiled wickedly, his figure turned into a lightning bolt, and in the next second, had directly appeared in front of Zhu Kaixuan.

As a city lord of a party, Zhu Kaixuan's cultivation level was naturally not bad, almost the moment Han Qianqian appeared in front of him, he had already left with a withdrawal.

Boom!!!

Han Qianqian also did not stop in the slightest, a fierce acceleration, directly tearing a huge gap in the formation of a thousand people behind Zhu Kaixuan hard.

"What kind of pervert is this?" Someone let out a strange cry of terror.

"It's not good, he's heading for the City Lord's residence." The other person beside Zhu Kaixuan suddenly reflected at this moment.

Zhu Kaixuan's heart immediately tightened, and with a big wave of his hand, he hurriedly led everyone to rush towards the City Master's Mansion.

But when he arrived at the city lord's house, the courtyard of the house, already full of soldiers and courtyard corpses, the entire graceful and luxurious residence, at this time is already fresh blood scattered in all directions, the house screams and cries are piercing eardrums.

In the big house, hundreds of family members of the Zhu family have been forced into the corner by Han Qianqian.

"Han Qianqian, you are still a famous figure in the eight worlds, bullying women and children, what kind of skill is that? Come at me if you have the guts!" Zhu Kaixuan shouted and rushed in with his men.

"So you know too, what's the matter with rushing you, huh? What about my wife and daughter?" As soon as the words fell, Han Sanshu's right hand moved, and a Zhu family member's neck suddenly crooked and fell to the ground, never to move again.

"What's the matter with you? Don't you dare to come at me?"

Several more family members fell down.

"You!!!" Zhu Kaixuan was furious.

Han Qianqian smiled fiercely, his hands moved again, a family member was immediately sucked directly into his hands, his fingers moved, only to hear a muffled sound in that person's throat, and then collapsed without breath in Han Qianqian's hands.

"Han Qianqian, you are a heroic mystic who is admired by many people in the eight worlds, do you really intend to keep killing these unarmed people?" Next to Zhu Kaixuan, an old man shouted angrily, attempting to use morality to suppress Han Qianqian.

But unfortunately, he was clearly using the wrong person for this move.

"I, Han Qianqian, never cared to be a good man, much less a bullshit hero, if you dare to touch my family, I will have your whole city buried with you. Die!"

With a wave of his hand, more than twenty family members behind Han Qianqian perished instantly!

The Zhu family's eyes widened, the man in front of them was not a mysterious man, but a demon from hell!

"Dad, don't talk nonsense with him, let's kill him together." Just at this moment, Zhu Kaixuan's son beside him suddenly said sharply.

Hearing his son speak, Zhu Kaixuan's heart suddenly fluttered and he hurriedly tried to protect his son, but a black shadow suddenly flashed by, and then, his son had disappeared from sight.

"So this is your son?" Han Qianqian's entire person had already grabbed the boy and stood on top of the inner hall when he showed up, with an evil sneer on his face.

"Have a little fun?" Han Qianqian looked at Zhu Kaixuan.

Chapter 2205

Zhu Kaixuan was stunned and his heart was cold, but before he could say anything, suddenly, Han Qianqian fiercely moved his hand.

"Bang!"

A loud sound, many executives behind Zhu Kaixuan as well as many Zhu family members behind Han Qianqian, after seeing this situation, could not help but don't bear to put their heads to the side.

Han Qianqian hand holding Zhu Kaixuan's son like a twisted stick directly stuck in the throat to lift up, and then thumped on the ground.

Zhu Kaixuan's son was so dropped, the whole person curled up on the ground, only open mouth, but painfully can not make a sound.

"Don't say it, right?"

"Shoo! Bang!!!"

Another overhead grab, Zhu Kaixuan son was suddenly caught in the hands again, and then another violent fall!!!

This time, he was already completely lying on the ground, his limbs twitching.

"Say it or not!"

"Bang!"

"Bang!"

"Bang!!!"

Zhu Kaixuan closed his eyes tightly, not daring to see the scene in front of him, much less his own son, how miserable it really was to be thrown around like that!

Three times in a row, Zhu Kaixuan's son was already lying on the ground almost motionless, blood had already stained his whole body, and mixed with countless mud, became a complete mud man.

The brain slurry wetting his hair, so that his black hair looks flat added a lot of snow white.

The Zhu family is used to living in a privileged position, which has seen this kind of situation, each of them shrunk in a ball of fear, hugging each other to death. Even those soldiers who have experienced a hundred battles, can not help but suck a cold breath at this time.

Cruel, it is too cruel.

Everyone couldn't help but turn their faces to the side, afraid to look at him even one more time, in case he looked at them and then tortured themselves to death alive.

"Han Qianqian, that's enough, you should not hurt my family anymore, I can only tell you, if you still want to live, leave here immediately, this is the only message I can give you." Zhu Kaixuan was afraid, he only had two sons, one dead, and one left among his family members.

"If you can't hand over the people, do you think I will leave?" Han Qianqian said coldly with disdain.

"You want people, I'm afraid it's not possible. We are only following orders, so don't blame us." Zhu Kaixuan let out a long sigh and stared at Han Qianqian.

Before doing this, he thought he would face Han Qianqian's retaliation, but he still dared, naturally because there was someone to back him up.

"Good, then go to those who ordered you to beg for mercy."

As soon as the words fell, Han Qianqian's right hand fiercely moon wheel attacked Zhu Kaixuan, and his left hand Heavenly Fire fiercely smashed into the Zhu family members behind him.

Zhu Kaixuan just and the soldiers hurriedly resist the moon wheel, that head is already hell on earth.

"Ah ! ! ! ! !"

"Ah!!!"

Above the blaze, a hundred people howled miserably, those family members like a fireman, desperately jumping in place, the scene is simply miserable.

"Put out the fire." Zhu Kaixuan shouted.

Numerous soldiers rushed over to put out the fire while saving people.

But soon, these soldiers not only did not manage to save people, but also several people were burnt by the fire Zhu family members because of too much pain and hold for help, was stained with fire and burned alive.

Han Qianqian's heavenly fire, although Han Qianqian intentionally reduced the amount of fire, but how will be ordinary people can be extinguished?

Looking at his family members roaring and screaming in the fire, Zhu Kaixuan was full of hardness and pain, looking at Han Qianqian, he gritted his teeth and said hatefully: "Han Qianqian, the revenge you killed my family is unforgivable, you are really too abominable."

Some people, simply will not pay attention to their own evil words, but will only think that others beat him too painful, and bite back, and the Zhu family people are the same.

The human heart is inherently evil, and sometimes, in addition to not being able to look directly at the sun in the sky, is not being able to look directly at the human heart.

They did the same thing to Han Qianqian and Su Yingxia, Han Qianqian is just a backhanded sanction, but in their eyes ten evils.

Han Qianqian backhanded to hold up the sky fire: "Now, you still say, where is Su Yingxia? This is the last time, big deal, I slaughtered your Firestone City, slowly find!"

"How dare you!" Zhu Kaixuan shouted angrily.

"Then let's try!"

As soon as the words fell, Han Qianqian's hands fired the Heavenly Fire Moon Wheel in unison, while his body also rushed towards Zhu Kaixuan.

Zhu Kaixuan was also very angry at this time, the revenge of killing his son, the hatred of taking away his relatives, with a few experts then directly against Han Qianqian.

Six against one.

The firelight shot out in all directions.

A time of seven people in the hall fighting fire, each other.

And at this time the sky lake city.

The allied forces of the support leaves, a large number of troops interspersed in the city chase, Han Qianqian originally lived in the inn, at this time has been the life and soul, blood flowing into a river, countless mysterious people alliance disciples suddenly by the support leaves allied forces of the siege, dead and injured.

The Wang family residence, at this time, also shouting and killing, the four evil kings with the United forces to kill the Wang family.

Outside the mountain of the Void Sect, a large group of allied forces of the Fuye are also quietly approaching.

Outside of Firestone City, 40,000 troops of the Pill God Pavilion, 20,000 elite soldiers of the Eternal Life Sea, and 30,000 troops of the Fuye Alliance, from three directions, pressed towards Firestone City with a bang.

The sky, at this time, black clouds pressed the city.

Chapter 2206

Inside Firestone City.

Han Qianqian's battle of one against six had not ended.

But the soldiers and a group of experts who had not participated in the battle were already cold-hearted as they watched.

The five top experts of the Zhu Clan of Firestone City, the capital of the five regions of East, South, West, North and Central, were all experienced in a hundred battles and worked well together. In the

clan's civil war, the five of them together could even fight a tie with an elder of the Zhen clan like the white-clothed old man, whose strength was naturally amazing.

With the addition of Zhu Kaixuan, an expert in the execution of evil, the six of them gathered together could be described as a group of stars.

This was not something they imagined, but something fought out in actual battles, otherwise, how could Firestone City have such a large territory, and how could it be so scenic today?!

However, after these six men took on Han Qianqian, it was surprising that in less than ten minutes, they were already showing their fatigue.

They knew clearly that it was not that their men were not capable, but that Han Qianqian was simply too perverted.

The offense was so powerful that it was dazzling, and not only did he have many strange attacks, sometimes he could even directly copy the attacks of the six of them. And in terms of defence, this guy was almost defenceless, hitting as hard as you wanted, but the problem was that even after the six members of the Zhu family had fought together for several rounds, they had not let this guy lose his majesty in the slightest.

"What the hell is this? Is it a turtle?"

"I didn't expect the legendary mystery man to be so domineering, no wonder he could strike a blow at the top of Mount Qishan that day. It seems that Jianghu rumours don't just exaggerate, they sometimes don't go into full detail. I'm afraid we know too little about Han Qianqian."

"In the future, this person will definitely achieve some dominance and sit at the top of the heap. It's no wonder that the Pill God Pavilion and the Eternal Sea want to eliminate him completely, he will be a great danger in the future."

"If it wasn't for the Pill God Pavilion and the Eternal Life Sea, if we work together with him, we would be able to achieve great things in the future, this man will be able to lead a new era in the future."

The group of executives couldn't help but sigh, looking at Han Qianqian with both panic and appreciation in their eyes, but more than that, it was a pity.

It was a pity that a handsome talent like Han Qianqian, who was simply a general made by God, had to be envied by the heavens and could only fall in Firestone City today.

"How is the support from outside?" At this moment, a senior officer asked the soldier next to him.

"Three large armies have been seen running outside the city and are coming towards Firestone City."

Hearing the soldier's report, several executives let out a long breath, "How long will it take?"

"In the time we planned, we can reach the city in about a quarter of an hour."

Several executives nodded, these were the times within the plan, with the strength of their Firestone City soldiers, they recognised that they could hold off Han Qianqian for at least half a day, although this plan was overruled by Ao Tian, telling them not to be rash and that the army would arrive within half an hour.

But all the executives of Firestone City thought that Ao Tian was merely being cautious and prudent.

Until now, they did not think so anymore.

"It's fortunate that Patriarch Ao Tian is being cautious and has only asked us to hold him back for half an hour, overruling which, according to our original plan, half a day? Oh, I'm afraid that Firestone City would really have fallen a long time ago."

"Yes, this Han three thousand"

"Fifteen minutes, with the city lord and the five captains against each other, it should not be a problem."

Once this was said, the crowd unanimously agreed, and their hanging hearts finally let go. Although they were still at a disadvantage six against one, it didn't seem like they would lose anytime soon.

Poof!

Just then, just as the crowd had put their hearts down, a figure suddenly flew out of the battlefield, surprisingly smashing a stone pillar that was half a metre thick in front of the inner hall door straight into pieces.

Bang!!!

Needless to say, this person was none other than Zhu Kaixuan, the City Lord of Firestone City.

Bang, bang, bang, bang, bang!

There were five more muffled sounds, and the figures of the five great capitalists flew out and smashed in all directions.

Boom!

Han Qianqian was also in a stable position, perhaps standing too hard, and when he stomped his foot, the solid ground made of marble was hardened by several deep cracks.

Soon, amidst the rubble, Zhu Kaixuan crawled out of the rubble in a mess, and when he saw that the five captains had fallen everywhere and were spilling blood, his heart was filled with endless fear.

Like the other executives just now, he did not want to win Han Qianqian. He only wanted to take his five strongest captains and hold off Han Qianqian, and he didn't think there was any problem with the time.

He didn't think it would be a problem, even if the time was short.

But what he could not have imagined was that such a short period of time would become the longest in his life. He was so overwhelmed by the whole battle that at one point he thought every second was like a day. What's worse, they were defeated.

The defeat was very sudden and very complete.

He began to regret somewhat for agreeing to the Pill God Pavilion and the Eternal Sea to mess with this demon in front of him, otherwise, his Firestone City would not have turned into the earthly purgatory it was today, and his Zhu Family would not have fallen into this situation of no return.

"Ah!!! Why, why ah?"

Zhu Kaixuan roared in anger and looked up to the sky, his entire voice filled with resignation, anger, remorse and bitterness.

He had painstakingly run the Zhu family for decades, and even more so, he had inherited the legacy of his ancestors to grow the family business, only to have everything destroyed today.

He knew that if a quarter of an hour would not hold, then no one in Firestone City would be able to stop this demon in front of him.

"For the last time, hand over Su Yingxia, or, leave the lives of all your people!" Han Qianqian didn't care about this and asked in a cold voice.

If he couldn't find Su Yingxia and Han Nian, he wouldn't dare to slaughter the eight worlds.

A single anger was for a redhead, but a single anger of Han Qianqian might be something that the whole world could not stop.

After saying that, Zhu Kaixuan clenched his teeth and hesitated.

"We really haven't arrested anyone." Behind him, a senior executive of the Zhu family said fearfully.

"Yes!" Han Qianqian smiled fiercely and manipulated his Pan Gu Axe, his figure like a ghost.

Brush brush brush!

Amongst the crowd of soldiers, at once the golden axe passed and dozens of people fell straight down.

Brush, brush, brush!

Another large group fell.

Han Qianqian was like a human slaughterer, everywhere he passed, corpses were everywhere!

Zhu Kaixuan's whole body was completely frozen, and the chill at the back of his spine made his whole body sweat furiously.

One, two, three ten, a hundred When watching countless soldiers and executives turn into a cold corpse, even Zhu Kaixuan, who had walked in the fire of war all year round, was completely broken at this point.

"I I say!" Zhu Kaixuan sighed completely, "We did capture Su Yingxia's group, but they are not in Stone Fire City!"

"Then where are they?"

"I don't know either, after we caught them as planned, but we were suddenly intercepted by a group of mysterious people halfway, those mysterious people were small in number, but one was more powerful than the other, Su Yingxia and the other group, were also intercepted halfway." Zhu Kaixuan depressed said.

Han Qianqian frowned

Chapter 2207

With another movement in his hand, another group of people turned into corpses.

"I'm not lying to you, Su Yingxia and the others were really cut off halfway through the journey, and we don't know who it was. Perhaps, perhaps it was the Pill God Pavilion and the Eternal Sea that did it, the matter itself was instructed by them for us to do it, in order to lure you to Firestone City and then

join forces to besiege you." Zhu Kaixuan said fearfully, "They were afraid that we wouldn't be able to stop you, so they might have cut people off halfway without following the plan."

"If you don't believe me, you can go outside and take a look, the people from the Pill God Pavilion and the Eternal Sea, they should be arriving soon."

Han Qianqian raised his eyes and glanced above Firestone City, where the four dragons were flying rapidly and circling, obviously spotting a large number of enemies.

So, what Zhu Kaixuan had said was true?

Hei Yu was a spy from the Pill God Pavilion or the Eternal Sea, betraying Su Yingxia's information halfway through, and then finding a Firestone City to be the scapegoat, luring himself in and then stalling him!

It seemed that this should be the case.

"Good, you can go on your way in peace." Han Qianqian bellowed coldly, and his jade sword was directly placed on Zhu Kaixuan's neck.

"Don't kill me, don't kill me, although I moved your wife and daughter, but you also slaughtered my family, let's us get even, okay?" Zhu Kaixuan trembled as his voice begged for mercy.

Think he a party city lord, but fell so kneeling begging for mercy, the former city lord style but as a dog.

"Your family?" Han Qianqian swept a glance at the Zhu family members who had become charred corpses behind him, Zhu Kaixuan was nodding desperately at this point, Han Qianqian suddenly smiled disdainfully, "They?"

"Not even a hair of Su Yingxia's head can compare!"

As soon as the words fell, Han Qianqian's jade sword swept.

Bang!

Zhu Kaixuan's head, with eyes wide open, instantly fell from his neck to the ground.

Seeing that Zhu Kaixuan was killed, a group of soldiers and executives were shocked, and those with weak legs sat down on the ground, followed by a group of people fleeing in all directions!

A few minutes later.

The three armies, totalling nearly 100,000 people, surrounded the entire Firestone City, which was already full of fire, and the sky, at that moment, was all blood red.

"We're too late." Wu Yan leaned on Ye Gucheng's side and said in a cold voice.

Looking around, Firestone City was already full of devastation, broken walls and ruins abounded, corpses were on the ground and blood was flowing in rivers, where was the prosperity of the past.

"What does it matter to us whether it's late or not? From the very beginning, the death or survival of the Zhu family has not been in my consideration. If they didn't die, would they be able to hold back Han Qianqian?" Ye Gucheng laughed coldly.

"That's true." Wu Yan nodded with a light smile.

"Their deaths will only deal a serious blow to the two Fu Ye families." As Cool-Son Yeh finished speaking, he and Wu Yan looked at each other with a smile.

With such an important geographical city as Firestone City, even a fool like Fu Tian knew that it was vital to the Fu Ye allied forces, so how could it be unknown to the Pill God Pavilion and the Eternal Sea, who aspired to dominate the Eight Worlds.

The edict was undoubtedly true, but so what? It was written by Zhu Kaixuan, and it clearly stated that he would be loyal to the United Leaf Army for as long as he was the City Lord, but the question was, what if he died?

From the very beginning, the Zhu family was bound to die in Cool-Son Yeh's chess piece, and what was given to the Fu Ye Allied Army was nothing more than a blank cheque.

"Cool-Son Yeh, this move of yours is truly brilliant, it can both lure Han Qianqian here and completely dismantle the meticulous alliance between the Fu Ye Allied Army and Han Qianqian, it is simply two birds with one stone." Wu Yan laughed heartily.

The Fu Ye Allied Army had people, Han Qian Qian was strong alone, and the union of the two families did give the Pill God Pavilion a headache. But if the two families were separated, or even if they had a grudge against each other, then it would be different.

Right now, this was the case.

"Those stupid pigs in Fu Tian, all they do is daydream all day long, is teasing them any different from teasing a monkey?" Cool-Son Yeh laughed disdainfully, "As for Han Qianqian, does he think he's the only one in this world who's smart? I will do to him what he does to me!"

Wu Yan nodded happily, "But, Goucheng ah, how did you know that Han Qianqian's wife would pass through Firestone City?" This was the necessary prerequisite, whether all the plans could be implemented, this was the most crucial place.

Speaking of this, Lone City Ye also felt incredible, when he first heard this news, he originally didn't even believe it, it was just that at that time, in front of Ao Tian, Grand Commander Chen and the others dumped the pot and made their own situation, so the dead horse was treated as a living horse, which knew that it was true, and it was quite rewarding.

"I'll tell you slowly when I kill Han Qianqian and go back to drink." Cool-Son Yeh laughed coldly.

Wu Yan nodded, "Okay, no problem. By the way, there is one more thing you did beautifully in Lone Castle, last night Zhu Kaixuan sent an urgent letter saying that when they captured Su Yingxia, they were attacked by a group of mysterious people, and Su Yingxia and the others were taken away with them. Hey, hey, you must have sent someone to do this, right?"

"The Zhu family wasn't even on your radar, so how could you let them hold such an important handle? Fantastic, sec."

"Su Yingxia is missing?" Cool-Son Yeh suddenly said incomparably puzzled.

Chapter 2208

Looking at Cool-Son Yeh's puzzled look, Wu Yan also froze.

Hadn't this been privately arranged by Cool-Son Yeh?

"You didn't arrange this?" Wu Yan puzzled.

"When did I ever arrange it? You didn't tell me about such an important matter until now?" Cool-Son Yeh was instantly annoyed.

"I knew you couldn't trust the Zhu family, so so thought you secretly sent a mantis to catch the cicada and the yellow bird was behind it."

"Yellow finch my ass, now it seems like we are the mantis." Cool-Son Yeh immediately frowned.

What was the meaning of this?!

"Aiya, whatever, anyway, Han Qianqian has now entered Firestone City as we expected, and this will have served our purpose as far as we are concerned." Wu Yan didn't even know what had happened, so how could he know what was strange about it.

But his words did make sense, what Cool-Son Yeh and the Pill God Pavilion and the Eternal Sea wanted was Han Qianqian's life, as for Su Yingxia, how much could they care?

Anyway, once Han Qianqian was dead, it didn't matter whether that woman was alive or not.

"Perhaps, it was the one who sent me the message that did it." Cool-Son Yeh murmured in his heart.

Only, what would that person want to kidnap Su Yingxia for?! Secondly, if he had the ability to take Su Yingxia from the Zhu family, why didn't he do it himself? Instead, he had to tell himself about Su Yingxia's whereabouts? Why did he not tell himself the whereabouts of Su Yingxia?

Cool-Son Yeh couldn't understand, and he didn't want to think about it anymore.

Because at this moment, Ao Tian had already brought a few experts over personally.

"Cool-Son Yeh, well done." Ao Tian flew to Cool-Son Ye's side, in a rather good mood.

Han Qianqian, the biggest problem in his heart, was now finally like a caged tiger, with life, death and death in his hands.

"Cool-Son Yeh is only doing a little trick." Ye Gucheng pretended to be modest and said, "What I really rely on is your trust and support, otherwise, I wouldn't be able to achieve what I have today!"

"Good, modest, very modest, I like a modest and smart young man like you." Ao Tian laughed loudly, then turned to Ao Yong and said, "If those few unfilial sons of my Ao family were as good as Lone Castle, why would my Eternal Sea be so worried? I am afraid that the top of Blue Mountain would have been driven off the altar long ago."

Ao Yong smiled gently, "Duke Ye is indeed wise and resourceful, a rare talent, and this time he has even trapped Han Qianqian in Firestone City, a true skill. If you think that your sons are not as good as Ye, that is easy. Why don't you take Duke Ye as your righteous son?"

"A righteous son?" Ao Tian frowned.

Ao Yong nodded, but his hand couldn't help but pat a top quality jade stone in his bosom.

With the success of the plan to besiege Han Qianqian, a human savant like Ao Yong naturally knew whose head the great power would fall on, and the top-grade jade stone that Cool-Son Ye had entrusted to someone would be worth more than simply the jade itself.

"Supervisor Ao, you flatter me, what virtue and ability does Lone City have?" Cool-Son Yeh said with a fake smile.

"Not really, I do think that Ao Yong is right. Right now, if I want to be number one in the world, I naturally need all kinds of talents. All right, I will take you as my righteous son."

As soon as the words left his mouth, Wu Yan and the others immediately looked at Cool-Son Yeh with excitement. Although Cool-Son Yeh's face was embarrassed, his feet were honest as he knelt down, "Cool-Son Yeh has met his righteous father."

"Hahahahaha, get up, get up, my son!" Ao Tian laughed loudly, rarely happy.

Behind him, Grand Commander Chen's face was like a pig's liver, his face as ugly as it could be, happy as others were happy, sour as he was sour. After tossing and turning a great deal of effort, the result was that Cool-Son Yeh had flown up to become a phoenix.

"Your Holiness, people are remarkable now, before they were just your subordinates they already dared to jump the hierarchy and report back, now it's better, Ao Tian's godson, in the future I'm afraid he will not put you in his eyes even more." Grand Commander Chen said in a quiet cold voice.

Although Wang Juzhi was smiling, it was clear that there was anger in his eyes. The words of Grand Commander Chen had indeed just hit his own psyche.

Naturally, Ye Guocheng's group did not notice the smiling Wang Yuzhi, who was completely immersed in the joy of Ao Tian's acceptance of his righteous son.

"Well, this little thing of ours can stop for now, because there is a bigger joy waiting for us." Ao Tian smiled softly.

The crowd nodded in unison and looked towards the already purgatorial Firestone City in unison.

The huge city walls were already gaping everywhere, and countless city folk were fleeing in desperation at the moment, with the soldiers of Firestone City behind them. These soldiers had lost their original appearance of maintaining order and were now pushing aside all the people in their way, trying to leave this nightmare place as quickly as possible.

Almost not far behind these people, Han Qianqian slowly walked out.

In his hand, he was carrying the head of a blood spirit.

And that human head was none other than Zhu Kaixuan's!

Han Qianqian, who was covered in blood, stood there, although looking coldly at all the allied troops present from a great distance.

But for a moment, the crowd of tens of thousands of people suddenly felt cold without wind, and many of them could not help but hug their bodies tighter.

What was that? A demon from hell?

Chapter 2209

"Han Qianqian ! ! ! ! "

Ye Gucheng looked at Han Qianqian coldly, his teeth itching with anger.

"Look guys, isn't that the head of Zhu Kaixuan, the Firestone City's lord?"

"This guy, he's not really slaughtering the entire Firestone City, is he?"

"One person slaughtering a city? This guy really deserves to be a mysterious person that I admire. If my family hadn't been from the Eternal Life Sea for generations, I'd really want to hang out with this guy. A thousand juns alone kills, ten thousand hegemony sets body, I'm convinced, I'm convinced."

"This guy is indeed terrifying, a big Firestone City has been turned into a human purgatory, he shouldn't be called a mystic, but a devil slaughterer. He kills people on sight, like a devil!"

Behind them, the disciples whispered, and Ao Tian's face was cold, and his killing intent rose even more in his heart.

But now, Han Qianqian had already gained a lot of influence, if this continued, this kid must really become the third largest power?

Taking a step forward, Ao Tian laughed coldly, "I didn't expect that while you were wearing a mask and acting as my dog at the Qishan Temple, your real identity was really the son-in-law of the Fu family.

Han Qianqian's face was cold: "You dare to kidnap my wife and daughter, do you think that you will leave here alive?"

"How arrogant, how arrogant! Young man, you're really too blind." Ao Tian immediately cursed angrily, as the clan chief of the Eternal Sea, there had never been anyone who dared to be so reckless and rampant in front of him, including the clan chief at the top of the Blue Mountain!

But Han Qianqian, however, dared to threaten death directly in front of him!

"You don't even look at what has happened to you today. I have a three-party alliance of nearly 100,000 people, including the best soldiers from my Eternal Sea.

"That's right, Han Qianqian, you are really arrogant, I will kill you today to sacrifice our Pill God Pavilion's flag." Wang Juzhi also shouted coldly.

Han Qianqian smiled icily and raised his eyes to see that the area around Firestone City was already full of people.

Han Qianqian understood that trusting the wrong people this time had led to a potentially very serious outcome.

In a way, it was even more serious than he had thought, because among these besieging troops, there was even this bitch, Fu Tian.

When Fu Tian saw Han Qianqian's eyes sweeping over him, his entire eyes subconsciously ducked, and the ten thousand bold words he had thought of before he came, cursing into Han Qianqian's thousand words, were all packed back into his stomach at this time, not daring to let out a single fart.

He was afraid of being targeted by Han Qianqian and then having his own bad luck.

Han Qianqian smiled gently and nodded, "Quite good, they're all here."

As soon as the words left his mouth, Han Qianqian's body flashed, directly turning into a phantom, and in the next second, he directly collapsed and killed the crowd.

With this kill, Han Qianqian's entire body was like a bomb thrown into a lake, and the nearest Medicine God Pavilion's army, which had been quite neat and tidy, immediately exploded, with people tumbling over each other and in disarray.

Wang Juzhi was furious, the three sides of the coalition army, there are people on all sides, you fucking where not to fight first take my Medicine God Pavilion, what is the meaning of this? Do you think the disciples of my Pill God Pavilion are easy to bully?

Boom boom boom!!!

Even though the Pill God Pavilion and the Eternal Life Sea had a large number of participants in the battle, all of them were outstanding, but they were still overwhelmed by the top perverts like Han Qianqian.

The sudden entrance of an elephant in a colony of ants might be the situation in the Pill God Pavilion's army at this moment.

There were explosions, fires, shouting, killing and crying.

"Oh my God." Fu Tian looked over at the Pill God Pavilion from afar, watching many of the Pill God Pavilion's elite disciples keep falling down like saplings cut down by a sword, his entire body could not help but swallow.

Was this the true strength of this Earth trash?!

"Bang, bang, bang!"

The explosions continued, Han Qianqian rushed in from a figure as big as a bit, hard in just a few dozen seconds, killing a large round spot with a diameter of more than ten meters, and among the round spot, there were only corpses, no life.

Terrifying!

Overwhelming!

With a sweep of Han Qianqian's bloodshot eyes, the 10,000 people around him actually retreated en masse, none daring to move forward.

Ao Tian's gums were bleeding from his teeth.

"Let Qu Jing go on." Wang Juzhi closed his eyes, speechless to the extreme.

"Your Holiness, that's your goddaughter, " the men hurriedly said.

"What fucking time is it, the old man's face is being almost disgraced, not to mention the goddaughter, even the real mother has to go on." In front of so many people, he had already lost his face once, if he lost it again this time, how could he face the world?

Besides, what was more, Ao Tian was still here, so how could he behave like that in front of Ao Tian?!

"Yes."

The subordinate retreated.

At this moment, Han Qianqian was just like his new nickname, Devil Butcher, killing people in his way, killing gods in his way, looking out of the world, the circle of a dozen metres was now more than fifty metres, and the group of Pill God Pavilion disciples surrounding the forefront were even so scared that their legs went weak.

Although they were all carefully selected, they were different from the rest of the people. They had only just experienced Han Qianqian's power, and now that they had encountered him again, their hearts were naturally trembling.

Han Qianqian's face was cold and his eyes were devoid of any emotion. Although he was surrounded by three armies, so what? Not only did he not have a trace of fear, but he was also glad that this arrangement had been made.

From the current situation, the people who kidnapped Su Yingxia and Han Nian must be the Pill God Pavilion and the Eternal Life Sea, and the Fu family might also be involved, which is good, so we don't have to look for them one by one.

The first time he thought of this, Han Qianqian suddenly lunged forward.

He was like a flock of sheep staring at him, a tiger. Although he was huge in number, when the tiger moved, the flock immediately shouted, and then scattered in all directions.

Tens of thousands of soldiers, the majesty was not there, instead the scene was comical.

"Swoosh!"

Bang!

Suddenly, at that very moment, a red tasseled lance suddenly thrust itself diagonally at Han Qianqian's feet.

Immediately afterwards, a woman dressed in green stood in front of Han Qianqian.

"My goodness, the Pill God Pavilion's Purple Pupil Fairy Qu Jing."

Hearing the crowd's exclams, Han Qianqian's pupils shrank slightly. Although the one in front of him was only a young woman, the oppressive feeling he brought to Han Qianqian was not in any way stronger than most of his enemies.

Even, her sense of oppression was something that Han Qianqian had only seen on one person.

Lu Ruoxin.

"Heaven Breaking Divine Spear!"

With a jade hand gripping in the air, the spear returned to her hand and her body moved abruptly, stabbing straight at Han Qianqian.

"Brush!"

Han Qianqian turned sideways, but his cheek couldn't help but feel slightly cold, and when he wiped it with his hand, a drop of fresh blood actually flowed down.

What a fast gun!

But what surprised Han Qianqian even more was not only the speed of her gun, but more importantly, her body and the tip of her gun, which was obviously stained with Han Qianqian's blood but showed no signs of corrosion at all.

The head of the gun was actually unaffected by Han Qianqian's poisoned blood?

This couldn't be!!!

Chapter 2210

Han Qianqian froze, his poisoned blood, in a way, should be incredibly poisonous, corroding everything, even the iron of the Fu family's Heavenly Prison.

But this woman's spear in front of him was unaffected by the spearhead!

Taking advantage of Han Qianqian's daze, Qu Jing stepped on green light with her foot and held her lance straight in front of her!

Swoosh! Swoosh! Swoosh!

Han Qianqian only felt as if daylight had entered his eyes, and was completely dazzled by her spear shadows.

In just a few rounds, Han Qianqian had already been stabbed by her several times in a row, and his clothes were torn. However, to Han Qianqian, who possessed the Immortal Xuan Armour and the Golden Body, these were no big obstacles. On the contrary, as he began to get familiar with her, Han Qianqian was able to grasp her weaknesses sharply.

Her gun was fast, but it was clear that a gun had to be both fast and dominant! And a woman's body can never be described as domineering.

Seizing a gap, Han Qianqian directly did not dodge or evade.

Bang!

Turning over, a palm strike directly hit Qu Jing's body.

Poof!

Almost at the same time, the lance also happened to stab Han Qianqian in the shoulder!

A man and a woman, almost simultaneously, revealed a look of shock.

Han Qianqian was shocked because he had slapped his palm across, but it was as if it had hit an iron plate, and even his palm was shaken to the point that it hurt.

Qu Jing was shocked because although this shot pierced into Han Qianqian's chest, it was so unusually strenuous that he had over-lucked himself and a mouthful of blood slowly flowed out from his throat.

Boom!!!

Each of them withdrew, Han Qianqian touched his chest, blood flowing, while Qu Jing retreated even further, forcing the blood to flow out of his mouth as well.

Han Qianqian was even more stunned to discover at that moment that her gun head remained unscathed. But in the next second, she made a move that dispelled Han Qianqian's doubts.

The spear suddenly disappeared out of thin air, turning into a stream of light that shrank into her body.

"The Nine Heavenly Mystical Body." Inside her body, Little White cried out in shock.

"What's that?" Han Qianqian frowned.

"In ancient times, humans could become gods in the flesh and were the spirits of all living things, and although humans were not as good as demons and beasts in origin, they were the most suitable race for cultivating immortality and becoming gods because of their physiology. Among humans, there are eight innate bodies, which are the strongest in the mortal world. This Nine Heavenly Xuan Body is one of the eight innate bodies. This Xuan Body is invulnerable to water, fire and all poisons, and its body can be transformed into ten thousand things for attack and ten thousand things for defense. It is called the Nine Heavenly Xuan Body because it is as strong and sharp as Xuan Ice." Little White said in a cold voice.

"I fought with an Eight Great Innate Body in my previous life, and I can only say that it is very powerful, so you should be careful." Little White admonished.

Han Qianqian nodded, no wonder this woman could even withstand a slap from herself and even make her palm hurt a little, moreover, she could actually pierce the defense of the Undying Xuan Armor directly with a single shot and injure herself without being attacked by the poisoned blood, so that was the case.

"Fight again!" With a soft shout, Han Qianqian directly charged up again.

Having learnt his lesson, Han Qianqian's Pan Gu Axe came out and danced in his hands in a wide open harmony.

Qu Jing's body technique was mysterious, and his spear was frequently launched as if it were a cold blanket of chaotic points!

Boom!!! Boom!!! Boom ! ! ! !

The ground exploded with poverty, even the sky was blasted with light and darkness by the fierce fight between the two.

After Lu Ruoxin, there was another woman who was truly on par with Han Qianqian in the fight.

However, unlike Lu Ruoxin, who relied entirely on her own cultivation and secret techniques, the woman in front of her was somewhat similar to Han Qianqian in a way, relying on her body.

However, how could Han Qianqian be afraid of an expert with similar attributes to her own?!

The corners of her mouth fiercely hooked into a wiped smile, suddenly withdrawing her attack, only dodging and only dodging, and then suddenly attacking with her Pan Gu Axe when she seized the opportunity.

"Humph, isn't Han Qianqian just relying on his perverted body? He thinks he's the only one who can do it?" At this moment, seeing Han Qianqian clearly falling into the wind, Grand Commander Chen disdainfully laughed beside Wang Juzhi.

"The Nine Heavenly Mystical Body, that is one of the Eight Great Innate Bodies, and it has been nurtured by my Lord for decades, so it is not comparable to ordinary people, even if his Han Qianqian body is hard, is it harder than the Nine Heavenly Mystical Body?" Wang Juzhi's cronies laughed.

At this moment, Wang Juzhi finally let out a long breath, Qu Jing's fierceness had more or less saved his face, and it was not in vain that he had cultivated this innate body and used all kinds of medicinal materials.

However, these people had obviously overlooked the fact that Han Qianqian's body was indeed not one of the eight innate bodies, but Han Qianqian's body was also far from what they had imagined.

Can a mere hard body describe it?

Moreover, even if Han Qianqian was really just what they thought, so what?

Can the energy in Qu Jing's body be compared to Han Qianqian's?

How could Han Qianqian, who could slaughter ten thousand armies, do it without a huge amount of energy to back it up?

"Can't fight anymore? Tired? That's fine, take a rest and watch me perform." Han Qianqian smiled gently, and in the next second, his figure suddenly disappeared!!!

Qu Jing's heart instantly went cold, and her willow brows lightly frowned.

Poof!!!
