

His True Colors Chapter 224-230

Chapter 224

Ning Xingpeng's words of resignation once again sent shockwaves through the crowd, and the fact that he hadn't even shown the desire to resist showed that the gap between him and this Han gongzi was huge, which was why he had risen to this sense of powerlessness.

It was no wonder, what chance did Ning Xingpeng have to resist a big man who could make both Bao Jingzhong and Chen Kaihua appear at the same time?

At this time, Ning Yu suddenly stormed off, he sensed that his rich second generation's life would change drastically because of this matter, the one who caused all these consequences was Qiu Xuan, if it wasn't for Qiu Xuan, he wouldn't have offended Han Qianqian yesterday, if it wasn't for Qiu Xuan, he wouldn't have come out today because of this matter that had nothing to do with himself.

Walking over to Qiu Tao, Ning Yu grabbed Qiu Tao's hair: "Dead B*tch, it's you, you're the one who harmed me, I want you to give me a funeral."

Qiu Tao had already been scared silly, when Ning Xingpeng apologized, she felt that things were not good, until Ning Xingpeng knelt down to apologize and after Bao Jingzhong and Chen Kaihua appeared, she completely recognized the situation.

This driver, wasn't a driver at all, he was even better than Ning Yu!

Lu Hongguang treated him as a VIP, Ning Xingpeng knelt for him, even Bao Jingzhong and Chen Kaihua had to respectfully call him Duke Han, and she, in a vain attempt to get such a big shot to apologize to her, how big of a joke must it be?

"Ning Yu, let go of me." Qiu Fan said to Ning Yu, who could now only kneel down and apologize to Han Giang and pray for forgiveness.

"Let go of you?" Ning Yu grimaced and said, "Dead Thirty Eight, you've caused me so much trouble, and you still want me to release you, be buried with me."

Ning Yu kicked Qiu Tao, grabbing his hair and constantly knocking Qiu Tao's head towards the ground, as if he was stupefied.

Han Qianqian looked indifferent, Qiu Fan's end was self-inflicted and not worthy of sympathy, even if she was a woman it didn't arouse Han Qianqian's heart of pity.

Walking in front of Lu Hongguang, Han Three Thousand said indifferently, "Using me as a gun?"

Lu Hongguang lowered his head in trepidation and said, "Mr. Han, I"

Before he could finish, Han Giangli punched Lu Hongguang's head.

The scene was again confusing to those people.

Wasn't he Lu Hongguang's VIP? And Lu Hongguang has been helping him from start to finish in this matter, so why beat Lu Hongguang now?

Are all these big names, are they all moody?

"What did Lu Hongguang do? How did you get beaten?"

"He's being a little clever to be discovered by Mr. Han."

"A little clever? What cleverness."

"Can't you see that? Lu Hongguang is using this matter to stomp Ning Xingpeng to death, it's using Han Gongzi."

It was only after this comment that the crowd suddenly realized that Lu Hongguang and Ning Xingpeng had been fighting for so many years without a winner, and this time the Ning family had provoked a big figure like Han Qiang, it was only reasonable for Lu Hongguang to take advantage of the opportunity to make trouble, but unfortunately this ploy had been discovered by Han Qiang.

"Mr. Han, I'm sorry, but I was forced to do so." Lu Hongguang said.

"Helpless?" Han Giangli smiled coldly and said condescendingly, "Your helplessness is to use me as a tool, I'm your pawn in this play, but do you have the right to hold me as a pawn?"

In the face of Han Giangli's questioning, Lu Hongguang kept shaking his head, cold sweat dropping onto the floor.

"Han Gongzi, please give me a chance, as long as I can sit in the position of a leading brother, I'm willing to be an ox for you." Lu Hongguang didn't want to be subservient, that's why he had to fight Ning Xingpeng to the death, but now, he didn't have the right to choose, if he didn't do it for others, I'm afraid that the Lu family would end up like the Ning family.

"What price you have to pay for using me, you can ponder it yourself, if you don't give me a satisfactory answer, there will be no more Lu and Ning families in Rong City." Han Qianqian finished speaking and headed out of the venue.

"Gentleman Han, slow down."

"Gentleman Han, slow down."

"Gentleman Han, slow down."

The crowd belonging to Lu Hongguang's system all bowed their heads and bent their waists to see Han 3,000 leave, and as for the words he left behind, no more Lu and Ning families, they knew that it was never a joke.

The Ning family was definitely destroyed, whether or not the Lu family could be preserved depended on whether or not Lu Hongguang would behave.

Once the Lu and Ning families were all destroyed, then this big cake in Rong City would cause a mad rush, and these people who witnessed the scene and grasped the first opportunity were all stupid, they even hoped that Lu Hongguang would make a foolish mistake for once, so that they would have a chance to get a piece of this cake.

"Big brother, you're so awesome, I chose to hang out with you, it's really the wisest decision in my life." When he reached the entrance of the hotel, Qing Yun was so excited that he couldn't himself.

Han Qianqian had never wanted to move Rong City, but now that he was riding a tiger, he was forced to do so.

The Ning family didn't need him to deliberately do anything, they would go bankrupt in a month at most, because once this matter got out, those Ning family connections would definitely fall out of favor, and with the situation in Rong City out of balance, who wouldn't want to drink blood and eat flesh from the Ning family?

As for Lu Hongguang, he could become the number one businessman in Rong City among this opportunity, but we'll have to see if he can give Han Marchant a satisfactory answer.

"It's not what I want," Han Qianqian said.

"Big brother, you're so good at pretending, Lu Hongguang has given you an ox as a horse, and you still don't want it?" Qing Yun said with a deflated mouth.

Han Giangli didn't bother to explain to Qing Yun, and even if he did, Qing Yun would definitely be unable to understand.

The reason why Rong City had created such a situation wasn't because of him per se, but because of those connections that the Han family had used, which meant that the bigger the situation was, the more he owed Shi Jing.

I was thinking of separating from the Han family, but after this incident, the thousand threads are not going to be disconnected.

More importantly, Shi Jing would be happy to see this.

Shi Jing was happy, but naturally Han Giang was not.

"Pity." Qing Yun suddenly said with a sigh on his face.

"Pity about what?" Han Qianqian was puzzled.

"You didn't act ruthlessly ah, you have to make the Ning family, kneel before you and apologize, you have to make that woman Qiu Yi kneel and lick, it's best to deter Bao Jingzhong and Chen Kaihua, let those people see how powerful you really are." Qing Yun said.

"That's all you want in life?" Han Qianli was disdainful, seeking pleasure in such a small person was meaningless in Han Qianli's opinion, only stepping on a big person would be the real pleasure.

"Yeah, isn't that enough? This is Lu Hongguang and Ning Xingpeng." Qing Yun said as if he was taking it for granted.

Han Giangli smiled, Qing Yun himself should not have put these two in his eyes and was only deliberately acting like this in front of him.

The fox's tail was hidden deep, but Han Three Thousand believed that there was always a day when it would be exposed.

Shortly after leaving the hotel, Han Three Thousand received a call from He Ting, saying many words of thanks, presumably because Jiang Ying Ying had already told her about what happened at school.

"Auntie He, it's just a little thing, no need to keep thanking me, by the way, how's the family doing lately? I might still have to delay for two days before I can go back." Han Giangli asked, "After Su Yingxia took over as chairman of the board, I don't know how the Su company is doing, he originally planned to go back after settling the matter with Jiang Ying Ying, but now it seems that there will be a delay.

"Yingxia has been very busy lately, she went to the office early in the morning, and sometimes only came home in the middle of the night." He Ting said.

Having just taken over the company, the west side of the city project has stopped again, for Su Yingxia, it's definitely a bunch of troublesome things, it's reasonable to be busy.

"You've been working hard this time, make her some soup and nourish her body," Han Qianli instructed.

"It's not hard, it's not hard, it's all I should do." He Ting said busily, she was already working at home as a maid, doing her share of work, how could she say she was fortunate, and she hadn't had a chance to properly thank Han Qianli for helping out so much.

"Alright, I'll hang up first, you can rest assured that there won't be any problems in the future," Han Marchian said.

"En, I'm sure I can rest assured, thank you." After He Ting hung up the phone, she looked impressed, she knew about the things in Rong City very well, so she was confused, why was Han 3000 such a powerful person, but he was the son-in-law at the door?

Su Yingxia was pretty, but it wasn't enough for him to put up with it like this, right?

In the eyes of outsiders, Han Three Thousand's behavior is hard to understand, but only he himself is clear, it was all worth it, or how to say like a person drinking cold water to know.

Han Qianli and Su Yingxia treated each other with affection, only the two of them were able to feel, for each other's dedication and patience, not being in the bureau, and how would they know what kind of feeling it was.

Hanging up the phone, Qing Yun curiously asked, "Brother, is sister-in-law pretty?"

Han Qianli looked at Qing Yun with cold eyes and said, "You can ridicule anything, except her."

Qing Yun nodded his head repeatedly, but his eyes showed a strange look.

Han Qianqiang's expression instantly became stern, Qing Yun's origin and purpose were unknown, letting him know the importance of Su Yingxia, this guy would most likely be detrimental to Su Yingxia.

"Whoever dares to touch a hair on her head, I will make him live and die," Han Giangli said.

Qing Yun concealed his strange appearance, the words were like a knock on him, but Qing Yun asked himself if he hadn't shown his flaw in front of Han Qianqian, perhaps it was just that he wanted to express the importance of Su Yingxia.

"Big brother, a man's rivers and mountains are used to give to women, I've heard a saying that even if the mountains and rivers crumble, no one is allowed to bully his woman, are you also such a domineering person?" Ayanami smiled.

"Me?" Han Giangli thought about it, then shook his head and said, "I have nothing to do with the sky falling and the earth splitting, so she'll just have to be fine."

Qing Yun raised his eyebrows and said, "Big brother, I have as much respect for you as a monstrous"

"I don't need an ass kisser, if you're of no use to me, I won't raise you for free, tell me what you're capable of." Han Giangli asked.

Qing Yun stroked his nose and said with an embarrassed face, "Big brother, is punking a man considered a skill?"

"As long as you can fool people, count it as skill, but this great skill of yours doesn't seem to be of much use to me." Han Qianli sneered.

Qing Yun took a deep breath and said, "Big brother, don't worry, I'll learn more from you, it will definitely be of great use in the future, you mustn't abandon me, or I'll be living on the streets without enough to eat or wear, can you bear with me?"

Qing Yun's flattering face gave Han 3,000 goose bumps.

The next day, when Han 3,000 was at the hotel, Lu Hongguang came to the door, after a night of thinking, Lu Hongguang didn't know what to do to make Han 3,000 forgive, but he was willing to do anything to be able to save his future, so he could only come to the door to find Han 3,000 to decide.

"Mr. Han, whatever you want, I, Lu Hongguang, can satisfy you, I only ask you to let me go so that I can get a foothold in Rong City, I can satisfy any of your demands in the future, you are the big boss behind the scenes, I am willing to be your pawn." Lu Hongguang said to Han Qianqian.

"So, you're willing to be a pawn?" Han 3,000 asked.

"Yes, I do." Lu Hongguang said in a firm tone.

Whether or not Lu Hongguang could be useful in the future, Han Three Thousand was still unsure, but one thing was clear at the moment, Lu Hongguang's identity in Rong City was enough to become Han Three Thousand's pawn, this kind of person was a reserve when he wasn't useful, and once he was needed, he would be able to show his value.

"Alright, I'll give you a chance." Han Three Thousand said.

Lu Hongguang was filled with excitement, nodded his head and said, "Thank you, Mr. Han."

"There's still me, just call me Duke Qing, no need to be polite." Qing Yun said with a self-satisfied face.

Lu Hongguang didn't know Qing Yun's identity, but this guy deserved his respect since he was able to stay close to Han Giang's side.

"Thank you, Gongshi Qing." Lu Hongguang said.

Hearing this, it was like Qing Yun had opened up his right and left veins, and his body was incomparably smooth.

"Alright, alright, there's nothing else, you go first, don't disturb my big brother." Qing Yun waved his hand and said.

How could Lu Hongguang dare to leave without Han Giang's command, watching Han Giang stand still until Han Giang nodded his head.

"Qing Yun, are you able to make decisions for me now?" After Lu Hongguang left, Han Qianli asked to Qing Yun.

Looking at the smile on Han Three Thousand's face, clearly hiding a knife, Qing Yun quickly said, "Big brother, I don't mean it, I just feel that you can't just open this golden mouth of yours, this kind of small matter, I, as the younger brother, naturally have to help you intercede."

This mouth of Qing Yun's bar was a match for Han Jun's, and I don't know what kind of treatment he was getting in Qin City right now, he would probably be ravaged by Guan Yong.

Thinking of Guan Yong this person, Han 3000 had to find a time to go to Yanjing and find a way to get Guan Yong out of Qin City, this guy used to be a ruthless character, and going to Geomchis prison with the Gopher was the only choice.

After the storm in Rong City calmed down, Han Qianqian returned to Cloud City with Qingyun, and the Lamborghini was in the repair shop again, so he probably had to say goodbye to Han Qianqian for a while, but Han Qianqian didn't have much need for a car, so this didn't affect him much.

After returning to Cloud City and arranging a residence for Qingyun, Han 3,000 went to Mordor.

At present, he had used up all his contacts to contact the Geocentric Prison, but so far there was no news at all, although Mo Yang knew that the possibility of Geocentric Prison was very small, but in the absence of any other way, Han 3,000 could only go to try.

Mo Yang had now almost secured the position of the first person in the grey area of Cloud City, after all, with the help of Lin Yong and Blade Twelve, who else in Cloud City could be his opponent.

"Earth Core Prison?" Mo Yang frowned after hearing Han Qianqian's words, he had never heard of the existence of such a place, to be mysterious, no one in the world knew where it was, Mo Yang felt it wasn't quite real and said, "Qianqian, are you sure this place is real?"

Han Giangli nodded firmly, with Gopher's knowledge of the world's major prisons, if he could say it, then it meant that this Geocentric Prison was real.

"Sure, if it's not, there's no way he'd want to go." Han Giangli said.

Mo Yang smiled helplessly and said, "This friend of yours is also really strange, what's wrong with doing anything, he prefers to go to the prison and squat, how did this particular fetish form?"

Han Giangli shook his head, he also found it unbelievable how in this world, there could be people who liked to go to jail and also liked to go to major prisons to complete the feat of creating a prison break.

Perhaps in the world of gophers, jailbreak was the most satisfying thing and the most desirable challenge for him.

"I don't understand it either, it's like the same reason why I don't understand why this boss of yours has to rub my cigarette every time." Han Qianli said with a smile.

Mo Yang had just put Han Three Thousand's cigarette in his pocket, and didn't feel embarrassed when he heard this, saying with a frank and open look, "There's too much oil on rich people like you, and if you don't scrape it when you have the chance, the heavens will punish you."

Han Giangli waved his hand helplessly and asked, "Where's Blade Twelve? How have things been going in the boxing ring lately?"

"This guy but he is capable, he has trained a number of boxers himself, and now the boxing gym business is getting better, I have informed him, he should be coming soon." Mo Yang said.

In less than twenty minutes, Blade Twelve walked up to a few people like a moving mountain, just this block, scare can scare people to death.

"Twelve, have you heard of the Earth Core Prison?" Mo Yang casually asked to Knife Twelve.

Hearing this, Blade Twelve's body was clearly shaken.

Han Giangli frowned, judging from Knife Twelve's reaction, he seemed to know this place!

"Twelve, you know?" Han Giangli couldn't wait to ask.

Knife Twelve took a deep breath and asked the two of them, "How did you know about this place and why do you ask?"

Han Giangli was certain that Knife Twelve did know about Earth's Core Prison, but he didn't expect the real answer to be around after poking around for so long.

"I have a friend who wants to go to the Earth's Core Prison, and he takes pleasure in escaping from it, so he wants to try it." Han 3,000 hid the matter of Han Tian Yang because it was too important for even Mo Yang he didn't dare to trust.

"I advise your friend to better give up on this idea, the Earth's Heart Prison is only in and out, it's called the Infernal Hell, and no one can come out alive from there." Blade Twelve said in a deep voice.

Chapter 226

Hearing Knife Twelve say that, he seemed to not only know about the Geocentric Prison, but he also knew quite a bit about it, which was very good news for Han Three Thousand, after all, it was possible that Han Tian Yang could be locked up there, and ever since Gopher had said this, Han Three Thousand had been thinking about this matter day and night, but unfortunately, he was bitterly unaware of the Geocentric Prison, so he didn't make the next move.

And now, Blade Twelve had given him hope!

"Twelve, now that you know, is there any way you can contact the people at Ground Zero?" Han 3,000 asked eagerly.

"Brother Three Thousand, are you sure you want to send your friend in? I can tell you one hundred percent that he didn't have a chance to get out," Knife Twelve said.

"I'm sure." The matter was Han Tian Yang, so how could Han Qian Yang hesitate?

Knife Twelve sighed and said, "I've been in contact with someone from the Earth's Heart Prison, but I'm not sure if I can make contact."

Knife Twelve's words caused a hint of color to flash in Mo Yang's eyes, he had thought that Knife Twelve was just a boxer who could fight, but he was actually able to contact a mysterious place like the Earth Heart Prison, which meant that Knife Twelve's identity wasn't as simple as it seemed.

"Try your best to try, this matter is very important to me." Han Giangli said.

Knife Twelve left after nodding, and didn't mention much about the situation of the Earth Heart Prison.

Mo Yang walked over to Han Three Thousand and asked in a deep voice, "Should we investigate Knife Twelve, it seems that his identity is not as simple as we thought."

Han Three Thousand shook his head very decisively and said, "Suspicious people are not used."

Mo Yang deflated his mouth and said, "It's true that you still have the courage, aren't you afraid that he'll have a different heart for you?"

Han Giangli smiled and explained, "No matter who he was before, but now, he's more interested in seeking stability, and what reason does he have to betray me when I can give it to him?"

"You're not going to try to threaten him with Tang Ching Wan, are you?" Mo Yang said.

Han Qianli looked at Mo Yang helplessly and said, "What kind of luck did you have in the past to become the boss of Cloud City, a man like Blade Twelve, if I threaten him with his daughter, do I think I'll live longer?"

"No way, I'm just lucky, what can you do with me?" Mo Yang jumped to his feet and said, "He doesn't have any image of a big brother in front of Han Giang."

Han Three Thousand waved his hand and said, "I have to go to Yanjing, you don't interfere in Blade Twelve's affairs."

The thunderous Mo Yang suddenly calmed down and smiled, "A trip to Yanjing, or a trip back to Yanjing?"

The meaning of the words go and go back were completely different, Han Giang knew that this was an insinuation of words from Mo Yang, and after a glare, left Mordor.

Han 3000, who hadn't had time to go home to check on him yet, went to the airport again, and since he now had news of the Geocentric Prison, he had to prepare in advance, after all, it wasn't an easy task to fish out Guan Yong.

Qin Cheng's big room, since Han 3,000 yuan left, Guan Yong has regained his position as the boss, Han Jun has been crippled, but the Qin Cheng side did not give any special care, still locked up with Guan Yong.

Now Han Jun's life was even more difficult, lying in bed like a doll, allowing Guan Yong and the others to tease and humiliate him.

"Guan Yong, someone is here to see you."The prison guard walked up to the big room and shouted.

"Boss, in all these years, no one has ever visited the prison, so how could anyone see you?"

"Big brother, it can't be your former mistress out there with a bad conscience."

"Big brother, you have to bring us back some scent, it's been a long time since we smelled a woman."

Guan Yong himself was also confused, he had cut ties with his relatives a long time ago, and his family back home in the deep mountains didn't know about his imprisonment, and even if they did, they wouldn't have come all the way to see him.

"You bastards, if a woman does come to visit me, I'll have her give me her clothes and bring them back for you to smell slowly."

Walking out of the big room and into the visiting room, Guan Yong was surprised beyond measure when he saw the person visiting the prison.

How did this person look exactly like Han Jun.

"Guan Yong."Han Giangli said with a smile.

Hearing the familiar voice, Guan Yong's eyelids jumped and he sat in front of Han Marchant with trepidation.

"Dude, who are you?"Guan Yong asked cautiously.

"Don't play dumb, who am I, with your brain, can't you guess?"Han Qianqian smiled.

Guan Yong had indeed sensed that something was wrong with this matter before, but he didn't dare to say anything for fear of being killed, but he never expected that Han Qianqian would actually visit him.

"Boss, what are you looking for me for?"Guan Yong asked.

"Do you want to get out?"Han Giangli said in a low voice.

Get out!

Guan Yong had long been planning to die of old age in Qin City, never having the chance to see the world outside the high walls again in his life, an extravagance he had never thought about, because once the desire was aroused, it would be hard to control, and he might go insane from this change of heart.

Guan Yong had seen this situation many times, those who were unhappy and wanted to leave Qin City, who didn't become divine.

However, now that Han Qianqian had appeared, Guan Yong knew that he was in no way joking!

"Why do you want to help me?"Guan Yong asked.

"Of course you're of use, I need you to do something for me,"Han 3,000 said.

"Okay."Guan Yong responded in one breath, "Don't say one thing, even if it's ten or a hundred, it's fine, as long as it gets me out of here."

Guan Yong's promise was expected, unless he wanted to die of old age in Qin City, but as long as a normal person wouldn't choose that.

"Just wait, I'll let you walk out of Qin City in the open."Han Qianli smiled.

Guan Yong's chest rose and fell violently with excitement, he had never thought he would have the chance to leave Qin City, and it came so suddenly that he was so excited that it was hard to calm down.

Back in the big room, the people inside couldn't wait to ask Guan Yong who exactly was visiting him, whether it was a woman, whether he was pretty, and whether he had a good figure.

"Get out of my way, don't bother me."Guan Yong waved a big hand and those asking questions stopped.

Standing up, he walked over to Han Jun's bedside.

Han Jun shook her head and said to Guan Yong with tears streaming down her face, "Brother Yong, please, please don't hit me anymore."

Guan Yong said, "Don't worry, from today onwards, no one will beat you, for his sake, you can have a peaceful day."

Han Jun was stunned, for his sake, who was this he?

Did Shi Jing come to see him?He gave Guan Yong an advantage, and that's why he let him go?

The idea made Han Jun very happy, and the fact that Shi Jing was willing to help him showed that he hadn't been given up yet, and when he was released from prison, he would still be able to get back what belonged to the Han family.

"Thank you, Brother Yong."Han Jun said gratefully.

At this time, Han Third Thousand, who had walked out of Qin City, froze on the side of the road for a long time.

A Mercedes-Benz black nanny car was parked less than five meters away from him, its doors wide open, apparently waiting for someone.

After hesitating for a long time, Han Three Thousand walked towards the nanny car.

After getting in, the person he saw didn't surprise him.

"I've only just returned and you've received news, it seems the Han family has quite a few eyes in Yanjing." Han Giang said indifferently.

Shi Jing was still the same graceful and magnificent appearance, to her age, still able to maintain the magnificent temperament and appearance, this is already more than just natural beauty, but smashed a lot of money, in front of time, no matter what kind of beauty can not withstand the toss, only money, can make the youth pass more slowly.

"I knew that when you boarded the plane in Cloud City." Shi Jing said.

"Still thinking of caring about me, it seems that the situation in Yanjing isn't as grim as I thought it would be," Han Giangli said.

Shi Jing shook her head and said, "The heavy damage to the Han Clan has caused many people to move in secret, but they don't dare to make a move against the Han Clan yet, after all, your master is here."

"My master's contribution to the Han Family is really great," Han Giangli said with a smile.

"May I ask what you're doing back in Yanjing?" Shi Jing asked.

"Can't." Han Giangli replied firmly.

"Can I go home for a meal and make you your favorite braised lion's head." Shi Jing said without giving up.

"Isn't this unique to Han Jun? Since when does it matter to me." Han Qianqian finished in a cold voice and got out of the car.

Shi Jing looked sad and covered her face, tears sliding down her face, but she didn't blame Han Giang, this was retribution, retribution for the Han family's cold treatment of him.

Chapter 227

Guan Yong had been imprisoned for a long time and the storm back then had long since died down, it wasn't difficult for Han Sangsan to use his connections to fish him out, it was just a matter of paying some money.

But money and Han Tian Yang, the former was worthless, even if he had to scatter his family fortune, as long as he could find out about Han Tian Yang, Han 3,000 was willing to do anything.

Three days later, the gopher found Han Three Thousand, as a fugitive, he seemed to be able to go anywhere, and this skill still made Han Three Thousand quite impressed.

"I've checked on Guan Yong, he used to be an iron-boned man, but I don't know what's happening now, do you think he's reliable?" Gopher said.

"It's unreliable," Han 3,000 said.

The gopher nodded and said, "Then I know what to do, just go pick him up this afternoon and get him a gift that will shut him up."

Han 3000 didn't care much about his opinion, Guan Yong was just a tool to use, what kind of end he would have, Han 3000 didn't care.

In the evening, at the side gate of Qin City, Guan Yong finally walked outside the high wall, taking a few deep breaths in succession to ease his mind and body, and after seeing Han Qianli, he even ran to Han Qianli's side.

"Big brother, thank you, if it wasn't for you, I would have never seen the outside world in my life." Guan Yong said gratefully.

Han Giangli nodded indifferently as the gopher handed Guan Yong a bottle of water and said, "Taste how the water outside tastes, it's been a long time since you tried it."

"Yeah, it's been a long time, so long that I've lost track of time." After receiving the water, Guan Yong gulped down a few mouthfuls, but only after going down did he realize that something was wrong, the water didn't have a bad taste, but after drinking it, his throat to stomach was hot and sore.

"Big brother, what is this!" Guan Yong's expression was pained as he looked at Han Giangli and asked.

The gopher smiled and put a hand on Guan Yong's shoulder and said, "Don't worry, you won't die, at most it will make you dumb."

"I'll leave the man to you, bring him back to Cloud City, the people from the Earth Heart Prison may come at any time." Han 3,000 told the gopher and drove off.

Yanjing was a place filled with painful memories for Han Three Thousand, and even just breathing the air here could remind him of his miserable childhood, so after rescuing Guan Yong, Han Three Thousand returned to Cloud City that day.

The hillside villa in the dead of night was particularly quiet, as if it was a paradise in a bustling city.

Returning home, Han 3,000 took a shower before tiptoeing to his room.

Su Yingxia had fallen asleep, in a large font, very standard wild posture, Han three thousand has seen no surprise.

Perhaps heard the noise, Su Yingxia opened her hazy eyes, and after seeing Han 3,000, subconsciously made room for Han 3,000, but after turning over, the sound of snoring rang out.

Han Three Thousand helplessly smiled, Su Yingxia's sleep quality is very good, even if it's thunderstorm weather, she still can not be affected in the slightest, this is quite enviable.

The next morning, Han Qianli accompanied Su Yingxia on her jog, and after reaching the top of the mountain, Han Qianli said to Su Yingxia, "It's been a tiring time, hasn't it?"

"En." Su Yingxia nodded and said, "The company has a lot of things to deal with and it has to pull together more cooperation, after losing the west side of the city project, it's a huge blow to the company, but you can't blame your classmates for that, the Su family had it coming."

Han Qianqiang touched his nose, if Su Yingxia were to find out later that the Weak Water property was actually his, I wonder what kind of reaction Su Yingxia would have.

"You have strong business skills, and the company will definitely grow better with you in your hands," Han Giangli said.

Su Yingxia stretched her lazy waist, outlining her graceful body curves, and said with a sigh, "I don't know if it will develop better, but it shouldn't be a problem to get through this time."

After saying that, Su Yingxia turned to look at Han Qianqian and asked, "What about you, there are other things you went to Rong City for besides helping Jiang Ying Ying, right, did it go well?"

"So far, it's still going well, but it's unknown if it will work." Han Giangli said with emotion, although Blade Twelve had a doorway, it was still uncertain if he would be able to make contact, and even if he did, it was unknown if he would be able to send the gopher and Guan Yong away.

"You have a strong ability, you can definitely handle these little things." Su Yingxia smiled and returned what Han Giang had just said.

Han Three Thousand walked to Su Yingxia's side, pulling up the soft, bony little hand and asked, "After seeing all the flowers bloom and fall, what do you want the most?"

Su Yingxia understood what Han Giang's words meant, it was a question about her future plans, but it was about retirement and Su Yingxia hadn't thought about it yet.

"Let's see it all first." Su Yingxia said.

Han Qianli's throat visibly squirmed, and after hesitating for a long time, she asked, "What brand of lipstick did you last time, it's quite delicious, how about I buy you some more to take home?"

Su Yingxia's cheeks instantly turned scarlet when she heard this, shrugged off Han Qianli's hand and said with a glare, "Eat my ass, I won't even feed you anymore."

Watching Su Yingxia race down the hill, Han Three Thousand wasn't in a hurry to catch up, licking her lips and exclaiming to herself, "When will I be able to fill my belly?"

Returning home, Han Three Thousand was horrified to discover that Su Yingxia had actually gone to work overtime without eating breakfast, did she need to be in such a hurry on Sunday? This is

deliberately hiding from him, and suddenly a bit regretful of what he just said, but it's already happened, and there's no chance to regret it.

Today Han three thousand plans to go to Knife Twelve's house, there is something to ask him, since it is Sunday, Tang Qingyan must also be home, have to buy some gifts for this little girl.

Han 3,000 didn't know what girls like, so he thought about it and called Tian Ling'er.

Tian Ling'er was like a walking corpse lately, with no energy to speak of, because she hadn't seen Han Qianqian for too long, as if she had lost her soul.

When the phone rang and she saw Han Qianqian's caller ID, Tian Ling'er was like a deflated balloon that was instantly filled with air.

"Han Three Thousand Years, you're finally willing to contact me." Tian Ling'er said excitedly.

"What kind of gift does the little girl like?" Han Marchand asked directly.

"What do you mean, who are you giving a gift to, is it me?" The Celestial Spirit questioned.

"Of course it's not yours, a friend's daughter, about ten years old, give me a suggestion." Han Qianli said.

Hearing that it was only a ten year old girl, Tian Ling'er was relieved, she thought she had another enemy.

"Little girl, of course she likes dolls, preferably the whole set of Barbies, when I was little, my biggest dream was to raise all the Barbies." Tian Ling'er said.

This rich girl's idea was not sure if it could be applied to Tang Qing Wan, after all, Tang Qing Wan and Tian Ling'er's births were vastly different, but Han 3000 had no other idea but to follow this advice.

"If it makes the little girl happy, thank you later." Han Three Thousand said.

"You're going to treat me" before the words were finished, Han Qianli had already hung up the phone, making Miss Tianjia so angry that she wanted to kill someone, but thinking that Han Qianli would have to thank her, Tianlinger was in a much better mood.

After buying the gift, Han 3,000 yuan went to Knife Twelve's house.

Today on Sunday, Knife Twelve was at home with Tang Qing Wan, and when Tang Qing Wan learned that the Barbie doll in Han Three Thousand's hand was a gift for her, the little girl blushed with joy, and it seemed that Tian Ling'er's advice was indeed useful.

"Qing Wan be good, go back to your room and play." Knife Twelve said, touching Tang Qing Wan's head.

"En, thank you Uncle Han." Tang Qing Wan said and excitedly went back to her room.

With a bitter smile on his face, Han Three Thousand said, "This is becoming an uncle, time flies so fast."

"Brother Three Thousand, what do you want to see me about?" Knife Twelve asked, having nothing to do with it, he knew Han 3,000 couldn't come to see him for no reason.

"I have two people I need to send to the Earth's Core Prison, what status do you want to give them?" Han 3,000 asked, it was his concern, he was worried that the Earth Heart Prison would look into Gopher and Guan Yong, and they weren't exactly ten evil people, they didn't look like they were qualified to go to the Earth Heart Prison by any means.

"Brother Three Thousand, the Earth Heart Prison is a business, they never care what status the people who go there have, as long as the money is enough." Blade Twelve said.

Chapter 228

Regardless of status?

This was very surprising to Han 3,000 years old, wasn't the owner of the Earth's Core Prison afraid of someone maliciously messing with him?

In this world, there should be many people curious about the secrets of the Earth's Core Prison, and if they were not closely scrutinized, they would surely mix with some of the people within the scouts.

Mystery was probably the biggest capital of the Earth Heart Prison, once it lost that, the Earth Heart Prison lost its biggest advantage, how could the boss not be worried about that.

"Brother Three Thousand, I know what you're thinking, but have you forgotten that I said that there's no going back to the Earth's Core Prison?" Blade Twelve said with a bitter smile on his face, in this world, there was no telling how many people who wanted to figure out the secret of the Earth's core prison, those who had gone before and after were of no use other than sending money and lives, no matter who or what characters they used, as long as they went, they wouldn't come out again.

"He can guarantee this one hundred percent?" Han Giangli frowned and asked.

"En." Knife Twelve nodded heavily and said, "One hundred percent, never had an accident."

Han Giangli took a deep breath, what kind of power would it take to do this, it seemed that the boss behind the Earth Core Prison was a ruthless character.

"How much for one?" Han 3,000 asked.

"One hundred million, US dollars."

"This" Han 3000 was surprised to see Blade 12, although he didn't care about money, but such an amount in front of him still surprised him.

"Legend has it that the owner of the Earth's Core Prison is incredibly wealthy, but who he really is, no one knows."Blade Twelve said.

"In all these years, how many people have gone into the Earth's Core Prison?"Han 3,000 was curious, the number of people meant revenue, this way of getting money was not only fast, but unheard of.

"A few thousand people I guess, besides the real felons, there are more people who want to know the secrets of the Earth's Core Prison, and they're willing to spare no monetary cost, but unfortunately it's a doomed loss-making business."Blade Twelve said.

"Okay, I know, you try to make contact as soon as possible, even if it's a money-losing deal, you have to do it."Han Giangli said.

Knife Twelve didn't ask why, he knew he wasn't qualified to interfere in these matters, but could imagine that this matter was important to Han Three Thousand, far more than simply challenging whether or not he could escape from prison.

After leaving Knife Twelve's house, Han Three Thousand's phone rang before he even got into the car, and it was a call from a disgruntled Tian Ling'er.

Being hung up on, the more the depressed Tianlinger thought about it, the more she felt suffocated, and no one had ever dared to hang up on her without her finishing her sentence.

"Han Qianqian, if you ever hang up on me again for no reason, I'm not done with you."Tian Ling'er threatened.

"Okay."After saying that, Han Qianqian hung up the phone again.

Tian Ling'er on the other end of the phone listened to the beeping busy tone and looked startled, less than ten seconds later, Miss Tianjia was furious and livid, and when she called again, she was already in a route busy state.

"Who's our spirit being this angry?Do you want grandpa to take revenge for you."Tian Changsheng smiled and walked up to Tian Ling'er and asked.

"Grandpa, give me your phone."Tian Ling'er said with an outstretched hand.

"What do you want me to do with this geriatric phone, but I can't play anything with my phone."Tianchang Sheng was confused.

"Never you mind, give it to me."Tian Ling'er said.

Tian Changsheng took out his phone and handed it to Tian Ling'er.

Tian Ling'er skillfully pressed Han Qianqian's number, a string of numbers that she had already memorized by heart.

It was connected!

The phone is working!

When the Celestial Spirit hung up and called on her own phone, it was in route busy again.

"Ah!" Tian Ling'er screamed and bellowed, "He actually pulled me black, he actually dared to pull me black!"

Tian Changsheng didn't understand what kind of human tragedy this was, and asked, "Who has the audacity to pull a blackmail on you."

"Grandpa, you have to help me take revenge." Tian Ling'er said.

Tianchang Sheng patted his chest and vowed, "Okay, grandpa will help you take revenge, who is it."

"Han Qianqian."

Han 3,000!

Hearing this name, Tian Changsheng's momentum instantly withered most of the time, and he looked at Tian Ling'er with a difficult face.

"Grandpa, you're not going to go back on your word, are you?" Tian Ling'er questioned.

"Ling'er, Han Qianqian is my master ah, seeking revenge on him, wouldn't it be treasonous for me to be his disciple." Tian Changsheng said, he was now willing for his apprentice's identity, and even without the existence of this relationship, he wouldn't dare to seek revenge on Han Qianli ah, this guy's true identity was much more powerful than the Tian family.

"Grandpa." Tian Ling'er cried out in a wow.

Tian Changsheng looked helpless, Han 3000 was the first person to be able to make Tian Ling'er cry with anger, but he could do nothing to help in this matter, and he knew very well that Tian Ling'er was pouting with Han 3000, how could she be really angry with her feelings for Han 3000.

"Alright, alright, Ling'er be good, you're not really blaming Han Qianqian, so why are you pouting?" Tian Changsheng said.

Tian Ling'er wiped away the tears from the corners of her eyes and said stubbornly, "Who says I don't really blame him, I hate him so much."

Tianchang Sheng laughed and said, "Really? If Han 3,000 appeared, would you hit him or scold him?"

"Kill him, curse him." Tian Ling'er deliberately made a fierce face and said.

"Who wants to kill me?"

Suddenly a voice came from behind, and the Celestial Spirits stayed on the spot as if they had been struck by lightning.

This voice!

Tian Ling'er turned her head, then ran back to her room with a horrified face and a ghostly yell.

She couldn't let Han Giangli see her wretched appearance.

"Master, you've come." Tian Changsheng smiled and walked over to Han Giangli's side.

"This disciple of yours has quite the rack, having my master come to you personally." Han Qianqian said.

Tianchang Sheng even explained, "Isn't this something important to find you, there's a Go tournament waiting for you to attend and Shangguan Black and White named you, so Wang Mao has already signed you up."

Han Giangli frowned, he wouldn't be leaving Cloud City lately as the people from the Earth's Core Prison could show up at any moment, how could he possibly delay such an important matter for a match.

"Don't go." Han Giangli decisively refused.

The expression on Tianchang Sheng's face remained unchanged, as if he had expected Han Qianli to say this, saying, "Master, if you don't go, I'm afraid you'll lose face ah, this time Shangguan Black and White has gambled his reputation on the match between you and Ouyang Xiujie, and it's not your style to act as a shrinking turtle, is it?"

"Then be a shrinking turtle," Han Three Thousand said.

Tian Changsheng was originally confident that Han Three Thousand would attend, but when he heard this, he immediately became nonchalant and said, "Master, you mustn't make it, you're fighting in place of Yun Cheng, I don't know how many pairs of eyes are watching you, and I heard that there are people in the Go world right now who are deliberately making trouble, belittling you, and saying a lot of nasty things."

"So what? If you say you're not going, you're not going." Han Qianqian said with a strong attitude.

Tianchang Sheng's face changed dramatically, Han Three Thousand's attitude was completely out of his expectation, if he didn't show up, the name Han Three Thousand would become the joke of the entire Go world.

"Master, you're thinking about it, there's no rush to decide." Tian Changsheng said.

"Haven't you felt my attitude yet, there's no way I'm going to go to this match." Han Qianli coldly said.

Tianchang Sheng looked embarrassed, he still wanted to watch Han Qianxiang kill it all at the match, the joke would be too big if he didn't go.

"Master, are you really not going? Aren't you afraid that those people will deliberately smear you, so that the word Han 3000 will become the joke of the Go world?" Tenchansheng said.

"A joke? I'm just a joke in the eyes of most people in Cloud City, so when have I ever cared." Han Qianli said cozily.

This statement stunned Tian Changsheng, yeah, carrying such a big name in Yun City, being looked down upon by everyone as a waste son-in-law, but when had he ever minded, and when had he ever clarified this matter?

It's like an itch for him to get a bad reputation in the Go world!

"Is there anything else?" Han 3,000 asked.

"No, no more." Tian Changsheng smiled bitterly, if Wang Mao knew about this, the old man should be desperate, if Han Qianli didn't fight, the Cloud City Go Association would surely be accused by a thousand people, and he, the chairman, would have no place to put his old face.

Chapter 229

By the time Tian Ling'er had repaired her makeup and put on a beautiful dress and returned to the living room, Han Qianli had already left, and this princess of the Heavenly Family was crying once again.

When Tian Chang Sheng saw this situation, he had no choice but to sigh.

Sometimes Tianchang Sheng also wanted to persuade Tian Ling'er, because ever since he guessed the true identity of Han 3000, Tianchang Sheng thought that it was impossible between Tian Ling'er and Han 3000, he had endured humiliation for Su Yingxia, and no one could destroy this relationship.

But he also knew that Tian Ling'er's stubborn temper would never turn back until she hit her head and bleeding, Tian Changsheng could only comfort himself, taking Tian Ling'er's injury this time as her growth.

After all, people can't have everything go smoothly in the process of growing up, but they also have to let Tian Ling'er learn some lessons and gain a better memory.

The first time I saw him, I thought that he was a good man, but he didn't know if the old man could withstand the blow.

Coming to the Go Association, there were quite a few members in today, although they didn't participate in the competition, but by Han Qianqian fighting if they could get the championship, Cloud City's Go Association would definitely be able to make a splash, and they would be able to share some of the honor.

"Master Tian, have you contacted Han Qianxiang yet?"

"We can't wait for this match, we're just waiting for you to bring us good news."

"Shangguan Black and White deliberately played up the hatred for this match, now there are many people looking forward to the match between him and Ouyang Xiujie, as long as we win, our Cloud City Go Association will have glory on our faces."

Looking at the expectant expressions of the association members one by one, Tianchang Sheng really couldn't bear to tell them the truth, it was too cruel, but it was impossible to hide the fact that Han 3000 wasn't participating.

Wang Mao walked up to Tianchang Sheng with a smile on his face and asked, "Old fellow, how is it going?"

"Not good, he said, not to attend, and he was very firm." Tianchang Sheng said helplessly.

"How how did this happen!" Wang Mao looked at Tian Changsheng in shock, this was not the result he wanted.

"I've tried, but it's useless, I'm afraid no one can change his mind." Tian Changsheng said.

"How can it work, how can he not participate."

"Yeah, the face of our association is on him, but the impromptu escape he wants, wouldn't it be a disgrace for us to get involved."

"This Han Qianqian, he won't even give us face, isn't he just the Su Family's wimp? It's his turn to refuse?"

"Master Tian, I don't think this Han 3000 has you in his sights, but he didn't even listen to what you said."

"Yeah, why should he not participate, he's the one who stirred up the anger of Shangguan Black and White, he should be the one to settle this matter."

When the association members heard Tianchang Sheng's words, they all wore angry expressions on their faces, they couldn't accept Han Qianli not participating in the competition, face had already been thrown out as a bet, if they didn't get it back, how humiliating would it be?

Listening to these people's accusations against Han Three Thousand, Tianchang Sheng's expression gradually filled with coldness, although he didn't understand why Han Three Thousand didn't participate, Han Three Thousand was his master after all, it wasn't these guys' turn to scold him.

"You guys decided on the registration, do you still need Han Qianxiang to be responsible for it now?" Tian Changsheng said coldly.

Sensing that Tian Changsheng seemed to be trying to speak for Han Qianqian, the Association members' crowds of outraged hearts calmed down a bit.

"Master Tian, even though we were the ones who signed up, why would he have the right to refuse, given his position?" Someone said.

In his position?

Han Qianqian's status was such that he could casually crush the people present, what kind of eggs were these people? You actually don't put Han Qianli in your eyes.

"If you have a problem with him, go ahead and trouble him, but don't blame me for not reminding you that there are no regrets in this world, and you have to think about the consequences before making any decisions." Tian Changsheng said.

"Master Tian, you're saying that to be on Han Qianli's side, you've stepped in, who of us would dare to trouble him." A certain person said in a gloomy manner, clearly sarcastic towards Tian Changsheng.

Tian Changsheng smiled faintly and said, "Don't worry, I will never interfere in this matter, you guys can make as much noise as you want, feel free."

"Master Tian, that's what you said, you're such a big shot, you have to keep your word."

"The Su family is now losing the cooperation of the west side of the city project and is at the point of dying, I'll let my son casually step on it and the Su family's company will go bankrupt."

"My son can do this little thing, but only if Master Tian is not joking."

Looking at these people who were going to die, Tian Changsheng didn't have any sympathy and said, "Of course I'm not joking."

At this time, Wang Mao came out to round things up, because how to fall out with Han Qianqian, this matter would have no chance to maneuver at all.

"You guys calm down, the match hasn't started yet, I still have a chance to persuade him." Wang Mao said.

"President Wang, why bother, if he dares to disobey us, we can just find any way to deal with him."

"That's right, we're also people of status and position in Cloud City, if we can't even handle a son-in-law in the family, it's not a joke."

The crowd laughed, looking very confident.

Wang Mao looked at Tianchang Sheng, he didn't know what this old thing was thinking, saying that he didn't care about this matter in front of so many people, wasn't this harming Han Qianli?

So what if we bring down Su's company, it's all empty talk if Han Third Thousand doesn't participate in the competition.

"God, help me to ask Han 3,000 for a date, I want to meet with him." Wang Mao said to Tianchang Sheng.

The first time I saw it, I thought it would be a good idea to have it on my mind. He's not the cause of the disgrace of you old guys either."

Wang Mao was bitter, it was true that he hadn't been thoughtful, but the reason for that was also instigated by these members, they were the ones who said that such a trivial matter didn't need to go through Han Qianli's consent, they were the ones who said that Han Qianli could get rid of someone like Han Qianli by just giving him some benefits, who would have thought that even if Tian Changsheng stepped in, Han Qianli wouldn't accept it?

"But"

"Don't but, you'd better figure out how to pay him back, after all, you're the one who offended him first by signing up in his name without his consent, that's advice from an old buddy of many years." Tian Changsheng said.

When the association members heard this, disdain spread across their faces, they even felt that Tian Changsheng was old, that's why he was afraid of the Su family, it looked like it was only a matter of time before the Tian family would fall.

But Wang Mao was different, he was very clear about Tianchang Sheng's character, it was true that this old fellow was old now, but his fiery temper had never changed, otherwise, he wouldn't have started a boxing gym by himself, so these words carried a lot of weight in Wang Mao's ears.

"This" Wang Mao looked at Tian Changsheng in confusion.

Tian Changsheng shook his head and smiled, "Unspeakable secret."

Regarding the identity of Han Qianli, Tianchang Sheng didn't dare to have the slightest disclosure, Han Qianli had endured three years of secrecy without revealing the slightest bit, if news leaked out from him, I'm afraid that the Heavenly Family would be finished.

Wang Mao looked even more serious, even Tian Changsheng didn't dare to say anything, the state of affairs was not small.

"President Wang, I have something else to do, I'll leave first."

"Right, I also have something to do, you guys are busy."

"I'm leaving too, there's soup at home."

The group of members walked away without a single one left, and Tianchang Sheng knew that they were going to have trouble with Han Marchand.

"God, there's no halfway to reveal?" Wang Mao asked.

"Hey." Tian Changsheng sighed, wanting to stop talking, and finally spoke, "For the sake of us knowing each other for many years, just one sentence, only one sentence can't be more, and after I say it, you shouldn't ask."

"Okay, okay, long-winded, I get it." Wang Mao impatiently waved his hand.

"Tianjia, what a ball." Tian Changsheng said.

When Wang Mao heard this, his eyes looked straight at Tian Changsheng, his heart was shocked beyond words!

It's not hard to understand that, the Celestial Family counts as a ball in front of him!

Chapter 230

Su Family Company.

In the chairman's office, Su Yingxia was anxious about the recent cooperation, to revive the company, it was necessary to re-establish new cooperation, but this matter was not simple for Su Yingxia, after all, in the beginning, the old lady of the Su family had directly cut off all the previous cooperation in order to wholeheartedly engage in the west side of the city project, as the saying goes, a good horse does not eat back grass, but now this situation, Su Yingxia had to re-establish contact with those people.

It's easy to lose the cooperation, but it's not simple to pick it up again.

At this time, Su Yingxia's assistant walked into the office and said with a panicked look, "Chairman, something has happened."

"What's the matter so panicky?" Su Yingxia asked.

"Several company owners' fathers want to see you, and it looks like the visitors are not good." The assistant said.

Fathers of company owners?

This sentence Su Yingxia heard a foggy head, these people should all be regardless of the company's affairs, to enjoy a peaceful old age roles, suddenly come to find her what?

Just when Su Yingxia wanted to ask who exactly was there, noises came from outside the office, a group of people pushed and shouted, even the security guards could not stop them, and rushed straight into the office.

These people, among them, there are familiar faces, also have a face, but they are considered Yun City is not a small figure, which makes Su Yingxia some can not figure out, such a group of people suddenly gathered together, but also to find her what to do?

"Chairman, I'm sorry, we're really difficult."The security guard said to Su Yingxia with trepidation, letting these people break in was his dereliction of duty, if Su Yingxia was to blame, he was afraid he would lose his job.

Su Yingxia waved his hand and said, "It's fine, you guys can go out first."

Hearing this, the security guard was relieved, glad that the current chairman of the board was Su Yingxia, if it were Su Hachao, he would have been scolded a long time ago.

After closing the office door, Su Yingxia asked to everyone, "Elders, I don't know what you are raging to find me for?"

Su Yingxia's recently talked down cooperation had nothing to do with these people, so their appearance was really bizarre.

"Su Yingxia, now your company is a life and death situation, if you offend us, a casual word can make the Su family go bankrupt."

"Some trash is so dependent on the Su family that he doesn't even care about us, so if he doesn't teach him a lesson, he's really treating us old guys like sick cats."

"Your Su family is not at all self-conscious, you have offended Weak Water Real Estate, and now you still dare to offend us, you don't know how to live."

Hearing these reproaches, Su Yingxia's brows furrowed, the Su family offended them?

This kind of thing was definitely not done by Su Yingxia, so the first thing she thought of was Su Hachao, no one would cause trouble for the company other than him.

"If Su Haichao offended you, I can tell you unequivocally that Su Haichao has nothing to do with the Su Family Company."Su Yingxia said.

"What kind of a thing is Su Haichao, he doesn't even have the qualifications to see us now."

"Let me make it clear to you, it's Han Qianqian who messed with us, I suggest you better let him think clearly, what happens if you offend us, your company will suffer as well."

"You don't want to ruin the future of the Su Company because of a piece of trash, do you?"

Several people sneered, seemingly eating Su Yingxia to death.

But regarding Han Giangli offending them, Su Yingxia held a skeptical attitude.

She knew very well who Han Qianqian was, how could she offend these people all at once?

"Han Qianqian is my husband, and if he really has offended a few of you, I can make amends to you on his behalf, but I want to know how he offended you."Su Yingxia asked.

"Go back and ask that loser yourself."

"Tell him that we need to know the answer tomorrow, otherwise, don't blame us for being rude to the Su Family Company."

"Although we few old bones don't care about our own company's affairs, I believe you should know very well what weight our words carry."

After a few people arrogantly left, Su Yingxia sighed, these people represented an energy that couldn't be ignored, and it wasn't good news that they had united to target the Su Family Company.

But if these people bullied Han Qianqian, Su Yingxia would never compromise even if she had to fight the entire Su Family.

How could she let Han Qianqian be wronged if she didn't allow her to be wronged?

After returning home from work, Su Yingxia took off her high heels, it was the most relaxing time of the day, only when she changed into her housecoat did she feel alive.

Lying on the sofa, Han Qianli walked to the side, rubbed Su Yingxia's shoulders and asked, "So tired, take a day off."

Su Yingxia shook her head and said, "Let's talk about it after the company gets over the crisis, we'll mend the honeymoon and the wedding dress."

This matter of mending the wedding dress, Su Yingxia had already mentioned it, but there were too many things during this period of time, so it was delayed to be implemented, Han Qianli thought she had forgotten about it, but didn't expect Su Yingxia to still remember it.

"By the way, a few old guys came to me today, saying that you offended them, tomorrow they want to know the answer or they will deal with the company, what's the situation?" Su Yingxia said to Han Qianqian.

When Han Qianqian heard this, a fierce color flashed between his brows, these old things, they went to embarrass Su Yingxia?

"They didn't do anything to you, did they?" Han 3,000 asked.

"No, but look at their attitude, it's strong, for what it is." After Su Yingxia said that, she pulled Han Qianli's hand and motioned for Han Qianli to sit next to her.

After Han Three Thousand sat down, she said to Su Yingxia, "These old things are members of the Cloud City Go Association, there's a tournament that they signed up for me without my consent, they insisted that I attend, and threatened me if I didn't go."

"Go?" Su Yingxia looked at Han Qianqian in surprise, does he even know Go?

Han Qianli looked like a serious person and asked, "Don't I look like an expert?"

Su Yingxia giggled and said, "Pretending you're definitely better than them, but the Go Association is making you go to the tournament, that's unreasonable, don't you think you're expected to win the championship?"

"That's looking down on people, at least I've studied for a few years." Han Qianqiang said cryptically.

Su Yingxia didn't believe how powerful Han 3000 could be, this bunch of old things, probably because they knew they couldn't win, that's why they pushed Han 3000 out to lose face, I guess in their opinion, since Han 3000 was already a famous wimp in Cloud City, it didn't matter if they did something humiliating again.

"Don't worry, I won't let you go to disgrace, it doesn't matter if they want to target the Su Family Company, I can handle it." Su Yingxia said.

Han Qianqiang had no desire to show off in front of others, but he cared very much about Su Yingxia's approval, and now Su Yingxia was showing that he didn't believe in his strength, how could this work.

"Do you know about Shangguan Black and White?" Han Qianli asked.

Su Yingxia nodded and said, "Of course I know, although I don't know much about the field of Go, but grandpa used to love playing Go, Shangguan Black and White was his idol, very good."

"What if I say that even Shangguan Black and White is not my opponent?" Han Qianli smiled.

Su Yingxia patted Han Three Thousand's forehead and reminded, "Be realistic in your bragging from now on, who can believe such outrageous words, I suspect you don't even know Shangguan Black and White's status in the Go world, right."

Han Qianqiang touched his nose, status?

It's true that Shangguan Black and White's position is quite high, but so what?

If he wants to fight for this fame and fortune, what does Shangguan Black and White count for?

"Originally, I wasn't interested in participating in this competition, but you look down on me so much, I've come to want to prove it to you." Han Qianli said.

Su Yingxia looked helplessly at Han Qianqiang, when did this guy fall in love with bragging.

"I have a friend who also likes Go, why don't I introduce you to him some day, he's also an expert, if you win against him, I'll believe you." Su Yingxia said.

"Is he free now?" Han Qianli couldn't wait to ask.

"There's no need to be in such a hurry to find abuse, wait for me to arrange it, but if you reveal yourself, I'll laugh at you very mercilessly, and then don't blame me for not giving you face." Su Yingxia warned.

"What if I win?" Han Giangli smiled and asked.

Su Yingxia thought, blushing a little and said, "Let you taste the lipstick again."
