

## His True Color Chapter 2331-2340

### Chapter 2331

As the whirlpool moved, the Dark Realm spun with it.

Countless black qi emanated from the diagram, spreading to the side, but still moving slowly in the direction of the whirlpool's rotation.

The eight figures of Han's three thousand retreating bodies were also moving invisibly, attracted by the vortex and slowly flying towards the diagram bit by bit.

Devouring!

Obviously, Han Qianqian should have tried his best to break free at this moment, otherwise once he was absorbed into the diagram, the consequences would have been unthinkable.

Instead, he did the opposite, not only not resisting, but also closing his eyes and entering a meditative state.

The golden light and devilish aura on his body was also rapidly weakening .....

"Holy shit, is this kid crazy? What is he doing?"

"The Mountain, River, and Social Land diagram is really an innate treasure, it's so damned racy and so damned strong, Han Qianqian couldn't stand up to it straight away after just a few glances. But Han Qianqian is really crazy, even if he can't beat it and doesn't run away, he's still putting down all his fucking defences?"

"If this is sucked in, then isn't life and death under the control of Lu Wu Shen?"

"Oh, you fools, it's because the Mountain and River Map is awesome and so is Lu Wushen that Han Qianqian has given up resistance. Can it be that you guys still think you can run away when you meet such a perverted opponent?"

"Instead of running away and wasting your energy, you might as well give up your hands and give in, although the result will be death, at least one death will be more comfortable. Besides, this way, at least there will be dignity in death."

With Han Qianji being so trapped by the mountain, river and land map, the opinion on the ground was also changing rapidly.

This was the reality of being a king and losing a foe. When you are glorious, everyone praises you and praises you, but once you fall, most people will not only not pity you and sympathise with you, but will instead fall on you and take the opportunity to step on you and trample on you like crazy.

This is how the world works, ruthlessly but equally.

Ye Gucheng's fists were clenched, and he was running away in a panic, his hair was all over the place and he was in a terrible state, but his eyes were full of fervour when he looked at Han Qianqian in mid-air.

Wang Juzhi, like him, was frowning and tense, silently cheering for Lu Wushen in his heart.

"Bah!" On the other side of the ground, Ao Shi ate pain and climbed up from the ground, spitting out fresh blood from his mouth with a mouthful, looking into the air, but he was angry and anxious.

Although he had been thrown down by Han Qianqian from mid-air, it was obvious that this pain was nothing more than a child's play for a True God, although the injury was not serious.

What was urgent was that Lu Wushen had already taken control of Han Qianqian.

If Lu Wushen defeated Han Qianqian while he was thrown down by Han Qianqian, if word got out, the reputation of the top of Blue Mountain would be shattered, and the Eternal Sea would be discredited.

"Fuck, Lu Wushen, you didn't let this kid cooperate with you in a play, did you?" Ao Shi almost gritted his teeth as he shouted coldly.

But angry as he was, there was nothing else he could do at the moment but pray that this brat Han Qianqian would suddenly play and break free of Lu Wushen's mountain and river map.

After all, he couldn't possibly help Han Qianqian in front of so many people, could he? Even if he shamelessly went to help himself, that Han Qianqian breaking free of the Shanhe Sheji diagram would never be able to make people deny Lu Wushen's might.

But this prayer, too, was really just a prayer. As Han Qianqian completely dropped his defences, and as he drew closer and closer to the Mountain, River, Social and Cultural Map, Ao Shi knew better than anyone else that Han Qianqian's defeat was a foregone conclusion.

As a True God, there was no one who knew better than Ao Shi the power of the Shanhe Sheji Diagram in Lu Wushen's hands, even though the old man's proficiency with the diagram was not particularly high either, but because of the power of the diagram, it was already enough.

"Brother Three Thousand, after condensing your god, please converge all your energy on your chest."

"Chest? Shouldn't it be the dantian?" Han Qianqian said strangely.

When energy converged, it was usually condensed in the dantian, the chest was unheard of and unseen.

"Please do as I say."

Nodding, Han Qianqian moved his divine sense and gathered all the energy in his chest.

"Now, retrieve the Pan Gu Axe, and then feel its place in your body with your heart."

Han Qianqian did as he was told and retrieved the Pan Gu Axe, and as soon as he retrieved the Pan Gu Axe, the underground sounds of pity could not help but resound, and Ao Shi even slammed his fist on the ground, depressed to the core.

"Sense it?"

"He's in my head where my eyebrows are." Han Qianqian replied honestly.

"Try moving it to your chest, in the same place as your energy. Then, there is a mantra that you need to recite along with me."

Han Qianqian nodded and slowly moved the Pan Gu Axe down as Xiao Peach had said, and wonderfully, the Pan Gu Axe seemed to actually move from his brow to Han Qianqian's body as his energy continued to move.

And as Han Qianqian followed Little Peach's strange incantation again, at that moment, Han Qianqian's chest suddenly lit up with a faint green light!

**Chapter 2332**

"The Dao is diffused and pneumatic, the eight deserts are pervaded, with my blood, I break its heaven and earth, with my will, I call you to awaken. The Divine Armament Dou Order, all thousands return to one." Along with Xiao Tao's voice, Han Qianqian recited the final passage after reciting an extremely odd incantation.

As the words were recited, the originally extremely faint light on Han Qianqian's chest slowly blossomed into a stronger light at that moment.

It was a green light, and after it became brighter, the green light became even more intense.

The only thing is that this green light does not have any life aura, but one can feel an ancient aura emanating from it.

As if an ancient thing had awakened .....

"That's ....."

On the ground, someone noticed the difference on Han Qianqian's chest at this moment and couldn't help but shout in amazement.

"The glare on that guy's chest, did you guys see it? Although that green light is not big, but ..... but I can feel the huge power that is vaguely about to explode within the green light." Some people marveled.

But there were also many people who did not care, for this blue light, in their eyes, is just a pile of rubbish. Even if they barely thought it was strong, at most they thought that it was just Han Qianqian's spirit or something like that.

After all, they already thought that Han Qianqian was a turtle in a jar and that everything he did was just a death struggle.

When he saw the green light, Ao Shi saw hope in the midst of despair and struggled to get up from the ground, staring at Han Qianqian with dead eyes and frowning: "This aura ..... is so old and weird, it seems... . it doesn't seem like Han Qianqian's. So ..... then in that case, what else is inside that guy?"

"Such an odd aura, simply unheard of and unseen, this ....."

Ao Shi couldn't help but subconsciously still take a few steps forward, murmuring and looking at the green light while glowing.

Ao Shi is like this, the closest Lu Wushen is no different, although Han Qianqian is currently only releasing a green light without any other substantial resistance or attack, but the smell of this green light is making his jaw drop and confused.

Ancient!

An unusually ancient aura.

He could be sure he had never seen this scent before, yet, it was very familiar, a sense of déjà vu.

"What the hell is this?" Lu Wu Shen murmured and shook his head, quite puzzled for a moment.

And at that moment, at Han Qianqian's end, Little Peach's voice rang out once again.

"Feel anything?"

Han Qianqian's consciousness murmured and nodded, saying, "I feel as if there is a very strange power on my chest, it is huge, although it is small in size, but there are countless energies contained within it, stupid and seemingly ..... seemingly ready to explode at any moment."

"That's the power of the Pan Gu Axe, Brother Three Thousand." Xiaotao laughed softly.

"The power of the Pan Gu Axe? But didn't you say that the sleeping Pan Gu Axe must be awakened only with the power of Pan Gu? I don't have any Pan Gu power at all, so how could it ....." Han Qianqian frowned strangely, really feeling puzzled.

"Brother Three Thousand, after Pan Gu the Great God opened the heavens and split the earth, his true essence was exhausted and at the end of his life, he did something unknown to the people. He knew very well that the Pan Gu Axe was so powerful that once this axe fell into the wrong hands, it would be a disaster for this heaven and earth. So, before he went, he placed the Pan Gu Axe on his chest to protect it."

"After the Great God Pangu's death, his body was transformed into the mountains and rivers of this heaven and earth, and the Pangu Axe naturally fell into the place where the heart room was transformed. After the Pan Gu clan was born, in accordance with the Great God Pan Gu's legacy, they took on the responsibility of guarding the Pan Gu Axe, and also guarding this secret of the Pan Gu Axe."

After hearing these explanations from Little Peach, Han Qianqian suddenly seemed to understand something: "You mean ....."

"The Pan Gu Axe will always be inherited by others, but not anyone can become a Pan Gu Great God, so what is hidden in the secret of the Pan Gu Axe is exactly how to unlock it."

"Only, half of the secrets I did not recall, but half of them I did."

"Huh?"

"Brother Three Thousand, rest assured, this half of the secret, I don't know if it is heaven's will or your good fortune, happens to be the way to unseal the Pan Gu Axe. As for the other half, perhaps, it is the usage of the Pan Gu Axe." Little Peach's voice said softly.

Usage?

Han Qianqian was stunned, an axe was just an axe, what other uses could it have?

Could it be that it was some of the feats left behind by the Great God Pan Gu regarding the Pan Gu Axe?

However, a great god like him shouldn't have to be cultivating any gong methods, right? Just a big wave of his hand, simple and brutal.

After all, in front of absolute strength, isn't any gong method of the heart that's just a bunch of fancy and useless?

"Wouldn't not having the lower half affect anything? I mean, like going off the rails or something?" Han Qianqian couldn't help but wonder.

"The usage of the Pan Gu Axe should be a deeper mystery, that, too, I'm not sure about. It's better not to talk about that, now that you feel the presence of the Pan Gu Axe, then try to let your heart and the Pan Gu Axe fuse together, as long as you can fuse together, you will be able to transform your bodies into one, and it will be able to truly bring out its strength."

"And, Brother Three Thousand, go for it! You have to take good care of your health, you know? If there was anything unhappy in the past, just forget about it."

As soon as the words left his mouth, Han Qianqian frowned, Xiao Tao seemed to be saying a very ordinary goodbye, but Han Qianqian always felt that there was sadness in her tone, as if she was saying goodbye to herself.

"Are you still angry about what happened between me and your cousin?" Han Qianqian frowned.

"Brother Three-thousand, things have passed, haven't they?"

"Things aren't what you think they are, it was just a misunderstanding, and besides ....."

"Don't say it, I've said it before, no matter what happened before, it doesn't matter because we don't live in the past, we live in the present and the future. So, cherish the present and embrace the future, okay?" Xiaotao interrupted Han Qianqian and gently laughed.

"Xiaotao, what is wrong with you?" Han Qianqian asked in a cold voice.

"Brother Three Thousand, Xiaotao is fine."

"Do you take me for a fool?" Han Qianqian said in a cold voice, then he let out a long breath and sighed, "No matter how much you hate me, I've always treated you as a good friend... if something happens to you, how can I rest in peace and merge with the Pan Gu Axe body?"

"Brother Three Thousand, don't mess with your mind, I ....." Before she could finish, Little Peach was, at that moment, sobbing slightly, despite her efforts to suppress it, but for a human being like Han Qianqian, how could these subtle little sounds not be heard?

"Xiaotao, where are you now? Are you ..... already dead, right?"

Han Qianqian forced his heart to hold back the sadness and asked this seemingly unimaginable question.

Immediately afterwards, Han Qianqian waited in agony for her answer.

Even though the question was very strange and abrupt, it was honestly the one that Han Qianqian felt was most likely to exist in his heart.

Xiao Tao's words might not mean much to others, but to Han Qianqian, he really knew Xiao Tao too well.

Despite appearing gentle and soft on the surface, there was a stubborn and strong side to her nature.

There was silence, silence for a long time, and Xiaotao's voice did not ring out again.

"Brother Three Thousand, be careful!"

Suddenly, at that very moment, Xiao Tao's voice snapped with urgency, and when Han Qianqian took another look, he suddenly said in his heart, "Shit.

Fuck, because he was distracted, Han Qianqian didn't even notice that at this moment, his body had already been firmly sucked in by the black vortex transformed by the Mountain, River, and Social Land diagram.

But at this moment, it was already close at hand, and it was obviously too late to struggle.

"Boom!"

With a muffled sound, all eight of Han Qianqian's figures were sucked into the vortex, and before they could even have a chance to fight, everything returned to peace.

"What!"

Above the ground, there were still some people who were still supporting Han Qianqian, and apart from them, even those who had already fallen to the wall once again could not help but exclaim in shock.

After all, Han Qianqian was a vicious character who had fought viciously for so long and still had the power of a tiger, and could still fight Oishi in a big way, and to be sucked in like that without even resisting, could not help but make people sigh and be shocked for a while.

"Lu Wu Shen is so powerful that Han Qian Qian, who could fight Ao Shi on equal terms, couldn't even carry a single glance under Lu Wu Shen. My goodness, is the gap between True Gods that big even?" Someone said incredulously.

"Nonsense, True God Ao was obviously careless, moreover, Han Qianqian is not as weak as you think, the reason he did not resist is not because of how strong Lu Wu Shen is, but merely because True God Ao had already consumed a wave of him in advance, which only allowed some people to sit back and reap the benefits." Some people close to the Eternal Sea immediately retorted with a weak heart.

"Hehe, to say such words, I'm afraid even you don't believe it yourself, right? The facts speak louder than words, one was thrown out by Han Qianqian, while the other Han Qianqian was left with no fight, everything has been judged high and low."

"However, to be honest, although Han Qianqian was subdued like that, we must admit that Han Qianqian still has some skills, and it's worthy of us to consider him as a role model for the casuals.

After many people were shocked, they were blowing off the top of Blue Mountain and Lu Wu Shen while talking eloquently.

Those who succeed are kings, while those who fail, even if they don't fall to the level of kings, will at best become the talk of others after tea.

This is what happened to Han Qianqian, and I don't know whether to be happy or sad!

"Lu Zhen Shen, the strongest in the world!"

"Lu Zhen Shen, the most powerful god in the world!"

At this moment, under the sign of Lu Yongsheng, the sons of the Lu family seized this once-in-a-lifetime opportunity and led their disciples to shout out loud.

The might of Blue Mountain, if not released now, when else?

In comparison, the two brothers of the Ao family were just looking at each other, each embarrassed.

The morale of the Eternal Life Sea was also sluggish at the same time.

On the other hand, many people from the Pill God Pavilion, who should have done the same, let out a long breath of air and smiled as if the rain had cleared their faces.

"Damn it!" Ao Shi swung his fist out, depressed.

He had thought that the green light would be some kind of miracle, but it only turned out to be that he had overthought it.

In mid-air, Lu Wu Shen also let out a long breath, and with a movement in his hand, a divine energy directly retracted the black qi scattered outside into the Mountain, River, and River.

If that green light was Ao Shi's last hope, then for Lu Wu Shen, it was his last worry.

Luckily, everything was intact.

At this moment, Han Qianji, who had already been sucked into the Mountain, River, Social and Cultural Map by the vortex, was in the midst of a chaotic darkness.

His body was suspended in the air, and with a faint flow of Qi, Han Qianqian felt as if he was turning towards the very centre on the same trajectory as the vortex.

"Xiaotao?"

Han Qianqian tried calling out with his mind, but apparently, there was no longer anyone in the mountain and river diagram who would respond to him.

"This damned place." Han Qianqian swept a glance around at the boundless darkness.

"I have to get out!" Han Qianqian's eyes fluttered open and he looked straight around.

"This kind of damn place, I'm sure it's impossible with ordinary strength alone, brother, I'm relying on you." Han Qianqian finished and patted his chest.

In the world of innate supreme treasures, once you entered, it was never possible to get out by ordinary strength.

A more domineering innate supreme treasure like the Pan Gu Axe was his only possibility.

"The Dao is diffused, the Eight Wastelands are pranced, with my blood, I will break its heaven and earth, with my will, I will awaken you. The Divine Armament Douling Order, all thousands return to one!" As Han Qianqian's incantation was softly recited, a green light reappeared on his chest, followed by concentration, sensing, allowing his heart to intersect with that power!

Chapter 2334

Leave all distractions behind!

Be still and feel, be still and merge!

Buzz!

Suddenly, Han Qianqian felt an incomparably powerful energy that was centred on his heart and instantly spread around his body.

Outside Han Qianqian's body, a green light was visible to the naked eye, and afterwards, the green light entered his body and nothing else seemed to happen.

However, only Han Qianqian, who was the person involved, understood.

After this green light, nothing was the same anymore.

He only felt that his body, all of a sudden, became extremely powerful, and his hands were even more itchy.

"Pan Gu Axe, is that you?" Han Qianqian's divine sense asked himself.

Immediately afterwards, he slowly clenched his left fist and released it violently in the air!

Green light instantly blasted out from his fist, passing through the dark void, all the way down until it finally disappeared!

Outside, Lu Wushen was just collecting the black qi at the outermost part of the Mountain, River, Social and Cultural Figure, intending to collect the figure, which was as big as a waterfall, into an hour.

At that moment, an explosion suddenly came from the diagram!

When he looked at the figure, he saw that an 18-petal crack had been blown out by something in a corner of the diagram, and between the cracks, there was a vague burst of green.

Lu Wushen immediately frowned, not knowing what had happened in the diagram.

On the ground, those who were talking eloquently, those who were depressed, or those who were cheering, or those who were down in the dumps, were all attracted by the explosion in the picture in mid-air, and looked up.

Ao Shi also looked up nervously, staring intently at the sky above.

"What's happening?"

"There's an explosion in the picture of the mountains and rivers, could it be that Han Qianji is rebelling inside?"

As the crowd thought of this, their eyes sizzled even more as they looked into the midair.

Seeing that everyone was looking towards this place, Lu Wu Shen was a bit overwhelmed at this point, no matter what he was facing or what, so he put his hands on top of each other and at once a divine energy slapped directly into the Mountain, River, Society and Country diagram, while shouting coldly, "Han Qianji, be honest with me, or else I will have your soul scattered at any time."

As Lu Wu Shen's divine energy went in, Han Qianji in the diagram of the mountains, rivers and tribes, he instantly felt the pressure of the sky coming directly from above.

Subconsciously, he stretched out his right hand to block it!

Buzz!

Above his right hand, an axe fiercely appeared in his hand. As soon as the pressure came into contact with the axe, it instantly turned into a few wisps of light smoke that drifted away for a few moments before turning into nothing!

"The Pan Gu Axe!"

Han Qianqian looked at the Pan Gu Axe in his hand with incomparable surprise.

Even though he had owned it for an unknown number of years, and had carried it for an unknown number of battles, it was only at this moment that Han Qianqian saw the true face of the axe.

The axe handle was forged of black and red iron, with patterns like auspicious clouds, fire phoenixes, blue dragons and fierce beasts, with a hint of auspiciousness, but also emitting an overwhelmingly thick dominance. The axe handle is no longer inlaid with the golden head of the previous axe, but instead has a black face and a white blade, with several large and small chips on the edge.

But it was these chips that made the whole axe head look not only not the least bit broken, but also overwhelming and fierce, and they all told the story of how many souls had fallen under the axe.

As if sensing Han Qianqian's surprise shout, the blue light on the Pan Gu axe flashed like a stream of light and disappeared.

"I have you, you have me, from now on, you are me and I am you." Seeing its response, Han Qianqian was also overjoyed.

Immediately afterwards, he violently released the energy within his body, and his body slowly stood up in the midst of flowing with the vortex.

"The Great God Pan Gu once shocked the world with you opening up the heavens and splitting the earth, today, you and I are united, although I am not as mighty as the Great God Pan Gu, but ..... I will not let your glorious past be brought into disrepute!"

"For me or for you to awaken and right your name!"

Han Qianqian's eyes were like a torch, followed by a loud roar, "Today, an axe, to determine his kings and kings!"

Break!!!

Han Qianqian held the axe in both hands and raised it to the sky!

Boom!

As the axe slowly slashed down, the whole dark space shook!

And in the same vein, the waterfall-like mountain and river diagram in front of Lu Wushen was also trembling wildly at this moment, bringing along with it the emptiness in mid-air and the ground below mid-air, trembling in unison.

"What's going on with this .....?"

Above the ground, in the face of the sudden earth shaking and mountain shaking, a group of people panicked, but one's eyes never left from the Shanhe Sheji Diagram, because all of them were clear that everything today was the Shanhe Sheji Diagram making the commotion.

"This is ....." Ao Shi, who had been completely disappointed and depressed to the extreme, also hurried to look at this moment, and felt that huge pressure in the air, and his whole body even closed his breath tightly.

"This is?" Lu Wu Shen naturally also felt the enormous energy coming from the Mountain, River, and Society diagram, and after a slight daze, he hurriedly attempted to punch in another divine energy into it.

Boom!!!

But at that very moment, a huge inviting light suddenly burst out of the diagram.

Heaven and earth suddenly lost all colour, and Lu Wu Shen's true divine body was directly swept away by hundreds of metres, and heaven and earth, a peaceful place, were also completely enveloped within the green light!

Chapter 2335

Brush!

The entire world, as if swallowed by the green light in an instant, was already green and blank in the majority of the sky, and everyone's faces were flooded with demented expressions, appearing like petrified wax statues under the mapping of the green light.

"Poof!"

Lu Wushen was directly blown away hundreds of meters later, and just after using his divine energy to stabilize his body, a mouthful of fresh blood spurted out directly from his mouth.

And in the Mountain, River, Society and Jigoku diagram, countless green lights continued to emerge from that first torn opening, and the modest opening grew larger and larger, and finally, the diagram was torn into two halves!

"Bang!"

The huge waterfall of the sky finally became too heavy to handle, and with a loud bang, it directly exploded into two halves. With this explosion, the giant waterfall died in the sky, and an ink-coloured scroll with black smoke on it fell from mid-air.

Almost at the same time, a black shadow suddenly flew out of the waterfall.

His body shone with green light, surrounded by the aura of demonic fury, and golden streams of light slowly flowed through his body.

His long blood-silver hair moved slightly without wind, his imperishable Xuan armour was vaguely purple, and he held a huge green and black axe in his hand, lifting it slightly out of the sky!

Above his forehead, the Pan Gu mark had disappeared, but in his blood-red eyes, there was a faint hint of a green totem.

"What!"

"Han Qianqian!"

"Poof!"

When Lu Wushen saw the person a hundred metres in front of him, he was not too shocked, but turned into anxious fire and another mouthful of blood gushed out directly.

"Holy shit!"

On the ground, there were no more words of first reaction, other than the standard national curses, their consciousness could find no other adjectives to express the current shock.

Most of them were tugging at their tingling skulls at this point, their eyes as wide as bulls' eyes, clearly unable to believe what was happening before their eyes.

"Oh my god, what the hell am I seeing? That guy Han ..... Han Three-thousand, that guy has directly broken an innate supreme treasure like the Mountain, River, Society and Country diagram?!"

"The innate supreme treasure supreme invincible, how ..... how could it be broken by someone! This can't be, this can't be right?"

"The Mountain, River, and Social Land diagram was broken, and Lu Wu Shen also spat blood from his mouth, this ..... this ..... means that Han Qianqian repelled the two true gods one after the other?"

"How is this possible, these are two of the strongest people in the Eight Directions world. He Han Qianqian ..... is nothing more than ....."

In the crowd, everyone was nearly frantic, each exploding and jumping and shouting, there was no need to say how shocked they were.

"Haha, Han three thousand bully ah, Han three thousand really fucking bully ah, what did I just say about the comer? I just said, Han Qianqian can definitely come out, you rubbish, how do you know the will of Hongwan!"

"One battle to seal the gods, from now on, whoever fucking dares to say that Han Qianqian is a human being, I'll turn my face against him!"

"That's right, Han Qianqian is a god, Han Qianqian is a god, the number one god in the eight worlds, and will never accept any rebuttal!"

"Han three thousand entered the devil first, then sealed the god, his body has both the devilish aura and the golden light of the god, I think ..... I think we should call him the devil god, right?"

"Demon God? Both a devil and a god, it is quite similar to Han Qianqian's image, I agree!"

"I also agree, the wrath of the Devil God is also similar to the wrath of Han Qianqian, haha, from now on, Han Qianqian will be the true god of our Eight Worlds - the Devil God!"

After the shock, the group of people bowed in obeisance.

"Long live the Devil God! Long live the Devil God!"

Immediately afterwards, it was unknown who roared first, and the next moment, more and more people joined in the slogan.

If it were normal, with Cool-Son Yeh's character, he would have lightly disliked them all back, or he would have hated to just kill a few people to shut them up, but today he did not.

A pair of handsome face was full of white, the whole person's pupils were wide open, his soul was not intact.

Even if he didn't want to admit it, he couldn't deny the devastating blow that Han Qianqian, who emerged from the picture of the mountains and rivers with his axe, had dealt to his heart.

The brutality, the ruthlessness, the hammer that struck him like a blow to the heart.

Wang Juzhi also had a hard time, his nails sinking deep into the flesh of his palm in his clenched fists.

His face was filled with both shock and resignation.

He didn't understand, he really didn't understand how a little earthling could have grown to such a terrifying level in such a quick time.

The first time he knew about this guy, he was just a little worm from the Xuan Yuan world who didn't even dare to show himself when his wife and son were trapped. The second time he saw this guy, he had already shown his extraordinary skills, and although he was chased all over the mountains by Lu Ruoxin at that time, this guy had created the miracle of taking the divine mound alone.

But after all, he almost died by his own hand in the end.

When I saw him again, I had become a spectator and was not even qualified to fight him.

Is it because of the God's Mound?

People are most afraid of making excuses when they are incompetent, and Wang Juzhi had obviously found an excuse to comfort himself at this time.

Yes, it must be the sacred mound, it must be that this guy took something else in the sacred mound that no one knows about, so ..... that's why he improved so fast.

The more he thought about this, the more angry Wang Juzhi became.

Because he felt that all the things within the divine mound should be his, then naturally, everything that Han Qianqian possessed today should have belonged to him as well.

"Han Qianqian, you despicable and shameless thief!"

Unlike Wang Juzhi's few people, Gu You's incomparably exquisite face was not the least bit angry or resentful, except for the surprise written all over it.

The world was swept away, but that was all there was to it, a hero of the world.

The performance of Han Qianqian in the sky was the best performance in Gu You's mind, and it was the only performance that she felt could make her heart flutter.

To take on two true gods and not lose out in the slightest, even if he was not a hero, he was a lord. Even if he is not an emperor, he is still a king!

A man should be like that!

What's more, Han Qianqian also had an extremely good-looking skin.

In every way, Han Qianqian was the best standard in Gu You's heart, and naturally, he was the best.

If Gu You was only a little reluctant to marry Cool-Son Yeh, after all, Cool-Son Yeh was a bit of a looker, and his talent was also outstanding.

But now, Gu You is so remorseful that her intestines are turning blue. Ye Qucheng seems to be okay, but compared to Han Qianqian, he is just a dragon in the sky and a worm on the ground.

The difference, apart from a certain degree of resemblance in body, was huge!

Bang!

That head, a crunching sound, the water god halberd ping pong a sound, suddenly fell to the ground  
.....

Chapter 2336

"Holy sh\*t!"

Ao Shi was stunned and held his tongue for half a day, and like those mortals, held back a standard national curse to come out.

There were times when a god was a god, but there were times when it was no different from a human.

"This is f\*cking okay?!"

He was sure that no one in this scene other than Lu Wu Shen would be more shocked than him. As a True God of the same generation and position as Lu Wu Shen, Ao Shi simply did not know too well what Lu Wu Shen was capable of.

Not to mention him, even the living Fuyun might not be able to take advantage of the Mountain, River, Social and Tribal Map.

This kind of innate treasure was extremely mysterious, and it was as difficult as heaven to break it!

But .....

But this fellow Han Qianqian not only broke the game, but also used a method that was so simple and so crude!

"Han Qianqian, you fellow, what exactly is your origin! Muttering as he looked at Han Qianqian in mid-air, Ao Shi was inwardly amazed.

Lu Wushen even looked at Han Qianqian in front of him, and although his face was pretending to be calm, it was obvious that his heart was faint.

Even when facing Ao Shi, Lu Wushen had never felt any weakness.

He suddenly couldn't help but swallow a mouthful of saliva, and his entire being couldn't help but think of Fu Yun's flip-flopping words.

"Even if I die, I won't let you two live out your lives in peace!"

At first, he had only thought that those were just harsh words that Fu Yun had mindlessly uttered out of anger before he died, and had never taken them to heart. After all, once Fu Yun was dead, he thought he was no longer a threat.

But now that he was facing Han Qianqian, he suddenly remembered Fu Yun's words, but they were like a ghost that would not go away, and they had always haunted him.

He wanted to retreat, but the situation at hand was impossible, especially when the ground resounded with a burst of cheering for the Demon God, which kept hammering at his dignity.

He absolutely could not withdraw, he could not pull this off!

Staring blankly at Han Qianqian, Lu Wushen suddenly realised that the Pan Gu axe in Han Qianqian's hand was a different colour and a different shape, previously the golden giant axe was flowing and shining, but now it was as pitted as if it had been in the sand for a long time.

"Even if you break my mountain, river and land map, so what, do you think you have won? Just look at your axe." Lu Wu Shen seized this opportunity and reminded in a cold voice.

Han Qianqian laughed disdainfully and did not reply, but the long axe in his hand was aimed at Lu Wushen.

"Han Qianqian, don't try to be brave. Be a good boy and give up, as I said, I admire you, even if you have become a demon, I will not kill you." Lu Wu Shen droned softly.

Han Qianqian then slightly opened his mouth, "Sorry, I don't want to kill you either, however, what your granddaughter did, I can only find you first to taste to pay back, you saved me, this kindness, when you die, I promise you, in the future, I will return it to your Lu family descendants."

As soon as the words left his mouth, Han Qianqian was already attacking fiercely.

With a huge axe in his hand, his attack was wide open!

Lu Wushen roared in anger, "You want to kill me? Han Qianqian, who are you?"

Just as he finished his roar, Lu Wushen was about to strike at Han Qianqian when he suddenly felt the domineering and unique aura under Han Qianqian's huge axe.

In an instant, Han Qianqian had already rushed forward and transformed into eight axes, eight huge axes, leading to the sky and cutting!

Boom!

Accompanying them were eight gigantic divine mights that came down with the axes.

"Armour of the Overlord!"

Boom!

With a shout from Lu Wushen, divine majesty exploded from his body and a huge golden shadow leapt out from among his body, the golden shadow was like a golden god, holding a huge sword and blasting against the eight huge axes.

"Xuanhuang Divine Sword!"

As soon as the golden-bodied giant god appeared, some sharp-eyed people immediately noticed that the golden sword in the golden-bodied god general's hand was different.

It was three feet long, with a golden body and a translucent body, with the Xuanhuang Huh surrounding the sword!

"What? The Xuanhuang divine Sword, isn't that the legendary sword of the supreme treasure?"

The Xuanhuang Divine Sword is forged by drawing the Qi of Xuanhuang with the spine of a god, its power can cut through a thousand things, its body can block a thousand attacks, it is an extremely powerful sacred treasure for attack and defence!

"Once the Xuanhuang Divine Sword is released, all attacks will be reduced to nothing... I never thought that Lu Wu Shen would have such a divine weapon!"

"Damn, Han Qianqian's Pan Gu Axe has lost its golden light, and the axe head is even pitted, now against this Xuanhuang Divine Sword, how can he have any chance of winning!"

At this moment, some people couldn't help but pinch a cold sweat for Han Qianqian in mid-air!

But Han Qianqian was so excited to kill that he didn't care about the Xuanhuang Divine Sword, and the momentum of his axe was not weak at all!

Boom!

The eight huge axes were combined into one as they approached, and the axes struck down.

The axe and the sword instantly emitted a huge golden light.

"Han Qianqian, your Pan Gu Axe is already broken, what are you trying to show off in front of me?" Lu Wu Shen smiled hideously.

"The Pan Gu Axe is broken? Lu Wushen, you've seen too little." Han Qianqian cracked a smile.

BANG!!!

The golden light exploded, and halfway across the sky, an incomparably huge booming stream of light had appeared, spreading out incessantly.

Suddenly .....

As the stream of light scattered to the entire stream of light scattered, originally overhead against Han Qianqian's huge axe Lu Wushen, his heart thudded, his body could not help but slide a step, his face incredulous look up at Han Qianqian .....

Chapter 2337

"What ..... is going on here?" Lu Wushen was appalled in his heart and looked at Han Qianqian with extreme perplexity.

Han Qianqian stood on top, looking down on Lu Wushen, and laughed softly, "Before I met you and Ao Shi, I was very afraid, after all, you guys are true gods, so I always had a heart of awe."

"You, on the other hand, have nevertheless always underestimated me as a mortal, or even a waste. There is always a price to be paid for underestimating, just as you have ignored me."

"When have I ever ignored you? If I had despised you, how would I have expended huge efforts to save you?" Lu Wu Shen said in disbelief.

He could be sure that he had never treated Han Qianqian as any kind of waste, and even, at one point, he had considered Han Qianqian as his granddaughter-in-law, and as long as Han Qianqian was obedient, Lu Wushen wouldn't even mind making him the number two man at the top of Blue Mountain in the future.

A position second only to the successor of the Ye family, how could this be looking down on him and neglecting him?

It was just that Han Qianqian's sudden demonization, and even more so, his attack on Lu Ruoxin, had made the situation more and more serious, and he had to strike out with Ao Shi. Right now, it had come to the point where it was a matter of face and divine prestige, and it was difficult to ride the tiger, which was why he had painfully killed him.

But, this was not his intention!

Therefore, with regard to Han Qianqian's statement, Lu Wu Shen could hardly understand and was quite aggrieved.

"In your eyes, I'm afraid that I'm nothing more than someone who can be used, that's why you saved me. However, under my eyes, I, Han Qianqian, will always be inferior, do you, dare to deny this?"

"Just including when I rushed out of your mountain and river diagram, what you still think is that even if I broke it, I was so badly depleted that my axe broke, wasn't it?"

"In your eyes, it's simply impossible for someone like me to break through the Mountain, River, and Land diagram, and even if I did, that would already be the limit, wouldn't it?"

After saying this, Han Qianqian laughed disdainfully, but in the next second, he suddenly became hideous and angry, seemingly declaring his ongoing dissatisfaction as he roared, "But have you ever thought that the Pan Gu Axe has not broken, but has truly awakened!!!"

"What!?!!" Lu Wu Shen was stunned.

However, at this moment, as Han Qianqian became furious, his blood-red eyes flashed with blood, and his hands also pushed hard!

Boom!

The entire sky was filled with clouds, and countless lightning flashes passed through the layers of black clouds and gathered directly in Han Qianqian's hand.

Everyone was shocked by this scene.

But what was even more shocking was yet to come!

"Break!!!"

As the huge axe pressed down, Lu Wushen, who was holding the Xuanhuang divine Sword underneath the axe, suddenly dropped half a meter with a violent thud of his body from a state of stalemate.

And then .....

Like a titanic mountain pressing down, Han Qianqian with his axe overturned the sea, toppling Lu Wushen all the way down from mid-air towards the ground!

"What!"

It was shocking!

Even though Lu Wushen's divine energy was wide open, it was still difficult to stop Han Qianqian's cutting momentum.

A thousand metres away from the air, Han Qianqian's body stopped, his posture unchanged.

But under the axe, Lu Wu Shen did not make any more changes, and the golden-bodied god and his own body, holding the Xuanhuang divine sword, remained completely uncontrolled and fell straight to the ground after breaking away from Han Qianqian's Pan Gu Axe.

Boom!

Dust and smoke rolled on the ground, and the Golden Body God General was also reduced to nothing in the dust and smoke.

In stark contrast to this side of the roar, the gang on the ground was silent, and even Ao Shi, with wide eyes, stared incredulously at the side where Lu Wu Shen had fallen and smashed into the ground!

"....."

"....."

Everyone was so shocked inside that they almost fainted!

Unbelievable!

It was like a miracle!

Han Qianqian knocked down Ao Shi, and then, he knocked down Lu Wushen!

The strongest duo in the Eight Directions World had both suffered greatly in the battle!

Since the establishment of the Eight Directions World, the Three Great Gods have always been mutually restrained, and no one God has ever been able to defeat two Gods with his own strength.

Therefore, the shock brought by Han Qianqian could be imagined.

Shut up, everyone meekly kept their mouths shut, from those who were too shocked to speak to those who were too excited by such a scene to make a sound.

There were all sorts of people, but the result was surprisingly consistent!

Han Qianqian, holding the Pan Gu axe, raised his eyes slightly at that moment, and under his long blood-silver hair, those blood-red eyes were still angry, but with a touch more indifference.

He looked down on all beings, but they were all like ants.

Gu You's body trembled, and she could not help but feel a huge reaction.

Lu Ruoxin's lips were slightly open, and she no longer had the same calmness that she had hoped for, and she was completely frozen.

But obviously, she could not stay frozen for long, because at this moment, Han Qianqian had already locked his gaze on her body.

"Lu Ruoxin!" At this moment, Han Qianqian shouted in a cold voice.

It shook all directions.

Lu Ruoxin faintly froze, before reflecting and regaining her senses in her eyes.

"I'm giving you one last chance, will you answer or not? Answer or not?" As soon as the words fell, Han Qianqian was already holding his giant axe and pointing at Lu Wushen above the ground.

### **Chapter 2338**

When Han Qianqian's question was thrown at Lu Ruoxin, she instantly became the focus of the whole room.

There was no one.

And in response to Han Qianqian's question, Lu Ruoxin's heart jumped violently.

Do you want to let him go?

No. With Han Qianqian's current situation, grandfather was in great danger.

Although the future of the Lu family was sooner or later rewritten by her, before it was rewritten, this foundation could not be crossed.

If the true god of the Lu family were to fall, the consequences faced by the Lu family would be the forerunner. At that time, the Lu family would also be beaten by enemies or counterparts, and Lu Ruoxin, not to mention trying to do her own thing, would leave all the Lu family members with no time to spare just because of the mess in the Lu family.

But if you let go.

Can Lu Ruoxin be willing?

Of course she wouldn't be willing, she had planned for so long, one step at a time, to get to where she is today, and to start all over again like this, how could she be willing?

Perhaps, before she met Han Qianqian, Lu Ruoxin would not have felt that this was a reversal, or even that this was a plan that she had never had any accidents with. But after meeting Han Qianqian, the original layout became somewhat tasteless. Although it was still perfect, Han Qianqian had opened the Pandora's Box in her heart, and her desires became more and more unstoppable.

Now that Han Qianqian has fought against the two gods and is stable, this Pandora's Box has become bigger and bigger.

With this person, Lu Ruoxin's plans could be advanced by at least ten or even twenty years, and the success rate would jump from 50 per cent to nearly 100 per cent.

No one can resist such a temptation, especially knowing that the other half of success will lead to death and failure.

Lu Ruoxin hesitated here, but Han Qianqian's words clearly sent ripples through the hearts of all present.

"What does Han Qianqian mean by that? What do you mean by yes or no, answer or no? Could ..... it be that Han Qianqian wants to marry Lu Ruoxin?"

"Lu Ruoxin can be called the number one beauty of the eight worlds, this ancient saying is good, fair lady, gentleman martyr, if it were me, I would also get the beauty."

"A man's ambition is to achieve the world, but what is the purpose of gaining the world? Is it not beauty? Right now, the Lu family is blessed."

"This Miss Lu is really something, why are you standing there? You should say yes quickly. You know that a good violin goes with a good player, and a beautiful woman should go with a hero. Although Han Qianqian is from a lowly background, with his achievements today, he can afford the word hero."

A group of people muttered softly.

The Eternal Life Sea and the Pill God Pavilion's hearts were breaking when they heard these gossips, and Gu You was even looking at Lu Ruoxin rather nervously, wondering what her answer would be.

In contrast, it was the people at the top of Blue Mountain who were all staring at Lu Ruoxin with quite a bit of excitement.

If they had Han Qianqian's help, it was obvious that the world would be his.

"Why are you still standing there? Promise him." Lu Ruoxuan couldn't help the excitement inside him at this moment, and quietly urged Lu Ruoxin.

According to his grandfather's vision, if Han Qianqian joined the Lu family, it would obviously be used to help him fight for the world in the future, and at that time, the eight worlds would be in his hands.

Lu Ruoxin swept his eyes coldly at Lu Ruoxuan, but he did not know how to answer.

The first time I saw him, he was going to tell him that Han Qianqiang's double gods were mainly because of himself.

However, if he didn't say it, this group of people had obviously misunderstood.

"It shouldn't be, should it?" With a hideous movement, Han Qianqian flipped his hand over the Heavenly Fire Moon Wheel and backhanded a palm.

Red fire and purple lightning intertwined, like twin dragons coming out of the sea, and swept through the crowd at the top of Blue Mountain on one side of the ground with a blast.

Boom!

With an explosion, hundreds of people disappeared in the midst of the burning heavenly fire and the engulfing moon wheel, and the ground at its centre erupted into an immense black crater.

Those who were close to the area immediately turned cold with fear and looked at Han Qianqian with bewildered eyes, attempting to beg for mercy with their eyes so that Han Qianqian would not attack them.

Han Qianqian bellowed coldly, "I ask you again, shall I or shall I not?"

"I ....."

Boom!

With a slash of the huge axe in his right hand, a huge axe mark about ten meters long and five meters wide then came off directly from the blade of the Pan Gu axe and smashed directly into the ground again, instantly killing another group of disciples at the top of Blue Mountain.

"What are you still thinking about? Han Qianqian is so heroic, which man in the world can still compare to him? Promise him." Lu Ruoxuan was so anxious that she couldn't help but shout angrily.

At that end, Lu Wushen also rubbed his chest at this time and slowly stood up, seeing two piles of disciples blasting into dust under Han Qianqian's attack, and for a moment his anger rose from his heart.

Since tens of thousands of years ago, he had been the strongest being in this world, when had he ever been so humiliated? It was as if he was being grabbed by the neck and beaten and killed at will.

Looking at the Xuanhuang Divine Sword in his hand, Lu Wushen looked at Ao Shi in the distance.

After Han Qianqian's victory over Lu Wushen, Ao Shi had found elation from despair, but a new problem had arisen.

Although the might of the Eternal Sea would not be much lower than the top of Blue Mountain, the reality was that Han Qianqian had stepped on both of them to get up.

At this moment, seeing Lu Wu Shen looking over, Ao Shi nodded his head.

"I'll ask you again, answer or not."

At this moment, Han Qianqian once again raised his axe and aimed it at another group of people at the top of the Blue Mountain.

But the moment the axe light slashed down, two divine lights blasted directly at the axe light from two directions, and three rays of light immediately smashed into the far open space, exploding with a loud bang.

Lu Wu Shen directly shielded the people at the top of Blue Mountain behind him, and Ao Shi also stood in front of the people of the Eternal Sea and the Pill God Pavilion.

"Grandfather!"

"Elder Ao!"

The people on both sides immediately greeted them and asked with immense concern.

"I'm fine." Lu Wushen shook his head, although Han Qianqian had broken two of his divine weapons in a row and traumatised him, this injury was not considered to be that serious or fatal to him with the body of a True God.

Of course, it was by no means a light injury that hurt lightly.

"It's alright, you guys back off a bit." Ao Shi similarly waved his hand, compared to Lu Wushen, he was more lightly injured, after all, he hadn't consumed himself while saving Han Qianqian, nor had he been broken by Han Qianqian's moves too badly, his entire body was barely considered to have only suffered some light to moderately serious injuries.

"Han Qianqian!" Lu Wushen gave a frightening cry: "Even if you like my family's Xin'er, you don't have to use such a method, right? My Blue Mountain Lu family is a famous family in the Eight Directions world, do you know that there is no less than an open marriage?"

Although the words were very hard, they actually meant that Lu Wushen was showing goodwill, just telling Han Qianqian that he did not need to use force to marry Lu Ruoxin, he only needed to marry her explicitly, and the Lu family would definitely not disagree.

But obviously, the resounding words of the old man of the Lu family eventually became a joke.

When these words came out, Han Qianqian's cold face suddenly smiled.

### **Chapter 2339**

That kind of laugh, a disdainful laugh, a mocking laugh, even though he had never uttered a sound.

When she saw Han Qianqian's smile, Lu Ruoxin was angry and anxious, and it was obvious that she already knew Han Qianqian's intentions.

She didn't understand why she was so charming, but this damn Han Qianqian just wasn't moved in the slightest.

"What are you laughing at?" When Lu Wushen saw how Han Qianqian was behaving, he became quite angry, he had already said soft words, but Han Qianqian was still behaving like this.

"She is one of my most beloved sons and grandsons, and has a great status in the family. She is smart and thoughtful since she was young, and she is even more beautiful. Lu Wu Shen questioned.

"Wrong? Lu Wushen, do you still have the nerve to ask me what is wrong?" Han Qianqian sneered disdainfully, "When did I ever say that I wanted to marry Lu Ruoxin?"

When Han Qianqian said this, everyone was stunned.

"As for what I'm laughing at, of course I'm laughing at you, at your shamelessness!" Han Qianqian's words were strong and powerful, and they also hit Lu Wushen's heart hard.

The gang's mouths opened wide in shock!

"What do you mean? Han Qianqian isn't going to marry Lu Ruoxin?"

"It's impossible, Lu Ruoxin is so stunningly beautiful, who wouldn't be willing to marry her if they were men? Is Han Qianqian stupid?"

"Not only did he refuse, but ..... he also made such humiliating remarks, this Han Qianqian ..... is simply a perfect ah!"

After being shocked, a group of people again commented in a strange voice.

The top of the Blue Mountains did not even want to have a face in front of so many people, saying such lowly and hard words and soft intentions, but the result was that it was rejected by Han three thousand so mercilessly in front of so many people.

The top of Blue Mountain was rejected in public, so he naturally looked uncomfortable, but a group of people from the Eternal Life Sea and the Pill God Pavilion led by Ao Shi pretended to be shocked on the surface, but secretly they were so happy that they were almost singing and dancing.

If Han Qianqian was not used by the top of the Blue Mountain, it would only be good for the Eternal Sea, not bad for them.

At the very least, there would be no need to worry about them being strong together.

"You brat, what are you talking about?!" Lu Wushen felt his face was shameless and could not help but stare at him angrily, shouting coldly and violently.

Han Qianqian's face was cold as he said disdainfully, "Do you still need me to say it again?"

"You arrogant little boy, I saved you first and promised my family's daughter, but you don't know what's right and wrong.

"Yes!"

Even though they were afraid of Han Qianqian, with Lu Wushen in front of them, the disciples at the top of the Blue Mountain were still able to regain their confidence, and with a loud shout, they all took a step forward, their aura overwhelming.

The Pan Gu Axe in Han Qianqian's hand was immediately tightened, while Lu Wu Shen's divine energy was very much in his hand.

At this moment, Ao Shi was agile and blocked the middle of the two.

"Both of you, why do you need to get angry?" After saying that, Ao Shi smiled gently and looked at Lu Wu Shen, saying, "Brother Lu, although you and I have been old friends for many years, there is one thing that I still have to say."

"Although Han Qianqian is an Earthling, although you and I did not do our best in our fight just now, we must admit that Han Qianqian was able to break both of our moves, so he is really a young man. It's only natural to want to take in such an outstanding talent." In one sentence, Ao Shi praised Han Qianqian and at the same time made a perfect excuse for their defeat.

Then, he laughed and said, "But it depends on whether the hearts of the people are submissive or not."

It looked like persuasion, but Ao Shi's tone was clearly filled with the slightest hint of mockery.

Mocking the Lu family for being shameless and posting their faces to send people out, only to make a fool of themselves.

But there was really no way for Lu Wushen to refute Ao Shi's words.

After saying this, Ao Shi looked at Han Qianqian again, he placed his hope on Su Yingxia, which, at least for now, looked as if he had bet correctly, at least Han Qianqian had rejected Lu Ruoxin.

However, people are greedy, and after winning, they naturally want to win even more.

Su Yingxia was a member of the Fu family, and had more or less combed with the Ao family, so it would be better if she could be a member of the Ao family.

"As for you, Han Qianqian, you are a hero, this time you have impressed the old man. If you are willing, you can choose any of my Ao family's daughters, so that no one will become angry and rely on the large number of people to bully you, right?" Ao Shi laughed lightly and said.

Although the daughter of the Ao family was not as charming as Lu Ruoxin, this old man was very good at finding advantages.

That is shelter!

It was clear to tell Han Qianqian that by choosing someone from the Ao family, the Ao family was his backbone.

"Three thousand, what do you think?"

#### **Chapter 2340**

"Hmph, Ao Shi, my Lu family's daughter he Han Qianqian can't even look at, so how would he look at your Ao family's crude food?" Lu Wushen grunted coldly.

"Lu Ruoxin is indeed beautiful, this is something that old me does not deny. But as the saying goes, every carrot and green vegetable has its own taste, so who can say for sure? Besides, just because your Lu family has a daughter, Lu Ruoxin, doesn't mean that my Ao family has no peaches growing up." Ao Shi shot back.

"Joke, what kind of beauty can you have in the Ao family?" Lu Ruoxuan couldn't help but snort coldly.

At these words, Ao Shi's face was slightly irritated, and he let his eyes look at the crowd of the Eternal Sea, trying to find it.

"What about me!?"

Just as everyone was following Ao Shi's gaze and looking for young beauties in the Eternal Sea, one stood out.

Her skin was as white as snow and her appearance was like that of a heavenly immortal.

"Gu You?" Master Xian Ling was closer and looked back at the person who had spoken, and could not help but be startled at once.

As the righteous daughter of the Ao family, although Gu You was not comparable to a BUG-level beauty like Lu Ruoxin, but if placed among ordinary people, she was considered the top of the top, and with her outstanding temperament, she was really the dream girl of many men in the Eight Directions world.

If there was a list of beautiful women in the Eight Directions world, Lu Ruoxin would be number one, Qin Frost would be number two, and Gu You would most likely be number three.

But her identity .....

The people of the Pill God Pavilion know it well, the people of the Ao family know it even better, even the people at the top of Blue Mountain and this Cloudy Scattered People know it too.

She was Cool-Son Yeh's newlywed wife!

"Madam you ....." Cool-Son Yeh only felt embarrassed to the point of having a dry mouth, at this time and in this situation, his own wife was .....

Just, he raised his hand to try to pull Gu You, but Gu You completely ignored him and walked straight out.

The actual fact is that he has always had some thoughts about this Gu You, but the two families have been struggling with the undercurrents, so there has been no chance.

He had once thought that one day he would lead the top of Mount Blue to slaughter the eternal sea and tie Gu You back to Mount Blue to become his concubine. He had never imagined that the times would change, and Gu You had since suddenly married some bullshit Ye Gucheng.

But after being stunned, Lu Ruoxuan burst out laughing: "Hahahahaha, Grandpa Ao, it's not that my grandpa is talking about you, but it's really true. Your Ao family really doesn't seem to have any beautiful women, taking a married woman out, are you insulting Han Qianqian for wearing broken shoes, or are you sarcastically saying that Han Qianqian is starving for food?"

Lu Ruoxuan's words immediately caused Lu Wushen and a group of disciples to roar in ridicule, and many of the casuals also felt that the Ao Clan was shameless to the extreme.

Ao Shi's face was cold, Lu Ruoxuan's words really hit him right in the heart, not only did they make him lose face, the last two sentences even directly blocked Han Qianqian's back way.

If Han Qianqian even intended to be with Gu You, wouldn't that make the world laugh?

"Gu You, what are you doing running out?" Ao Shi coldly and gently drank a sentence in a dissatisfied voice.

Gu You's pretty face was calm and clear, without the slightest fluctuation of emotion, she gave a salute to Ao Shi and slightly bowed to Lu Wushen, then she looked up at Han Qianqian and did not spare Han Qianqian the slightest bit of her stunning beauty.

"Although Gu You has married a wife, this is a fact, Gu You does not deny it. However, since her marriage to Ye Gucheng, Gu You has always kept her body like a jade, and has never performed the rituals of the Zhou Gong, so she is still a daughter. After saying this, Gu You gently lifted her right hand and raised her five green and jade fingers.

Once these words were spoken, the crowd was in an uproar.

"Holy shit, after all this, Cool-Son Yeh and Gu You got married, but nothing happened ah."

"Haha, this Cool-Son Yeh, normally he is so tractable, but now his new married wife has not met him, but he even has a green hat."

Hearing the ridicule outside, Ye Gucheng lowered his head, his face almost buried to the ground, he was always proud and vain, but now his dignity was like being trampled on the ground and ravaged by someone's foot, and the ravaged foot was still covered with feces.

When Han Qianqian heard this, he could not help but smile faintly.

Lu Ruoxuan's group saw the situation and hurriedly spoke out at this time: "Joke, even if Gu You did not have a husband and wife, so what? Even if you didn't get married, so what? With your beauty, what is it compared to my Lu family's daughter? How dare you make a fool of yourself here?"

Gu You did not panic, gently swept a glance at Lu Ruoxin, and then, looking at Han Qianqian, she said, "Although it is true that Gu You does not look as good as Miss Lu, however, Gu You has something that can capture Mr. Han's heart better than Miss Lu, right, Mr. Han?"

"Bah!" Lu Ruoxuan was disdainful and shouted coldly, "Don't you have any brains to speak? You admit that you're not as pretty as someone from my Lu family, yet you say that you can capture Han Qianqian's heart better than someone from my Lu family? Is that a contradiction?"

In the face of these words, Gu You remained indifferent, only smiling gently and saying, "This is not a contradiction. Mr. Lu, you don't need to be so nervous, you just need to calm down and you will understand. Of course, there is no harm in Gu You telling you."

"Because Gu You is the wife of Cool-Son Yeh! Isn't it more fun to play with the wife of an enemy?"
