

His True Color Chapter 2421-2430

Chapter 2421

As soon as the words left his mouth, a black aura instantly enveloped Han Qianqian.

Han Qianqian only felt difficulty in breathing, and the muscles of his whole body began to tighten in an uncontrollable ball.

This black Qi was going to envelop him like a bag

"This"

"Three thousand!"

"Alliance Master!"

Seeing Han Qianqian being directly defeated and immediately trapped, the group of people, even if they were calm, were completely panicked at this point.

But the barrier in front of them was like a huge mountain, standing dead in front of everyone, no matter how they tried to break through it, it was meaningless.

"It's over, it's over, even Han Qianqian can't do anything to him, we we are dead."

"Yes, this guy is simply too perverted, Han Qianqian is so powerful, yet he was instantly killed in front of him, there is not even room to make a comeback, this is not a matter of creating a miracle or not, it is simply not at all of the same magnitude."

"Yes, we are all finished now."

Many people simply gave up in place, and some even sat down directly on the ground and cried.

How much hope Han Qianqian had brought them, and now, how much disappointment.

Even if Han Qianqian's own people around him were not crying, they were all secretly sighing at this point, because everyone understood what this meant.

Only, unlike the other casualties, they did not give up.

Even though they knew they couldn't defeat this Night Demon anymore, they still wanted to save Han Qianqian.

And at this time, Han Qianqian, who was in the black gas, also felt that his body was starting to get out of control, his breathing was becoming extremely difficult, and his consciousness was starting to blur more and more

The energy seemed to be draining away, the air seemed to be gone, everything, as if everything was a dead end

"Roar!"

Suddenly, almost at that moment, a beastly roar suddenly appeared.

Immediately after, the dense black air was violently torn open in a huge gash.

"Roar!"

Before Han's three thousand black qi, a ferocious beast with a body the size of a bull, fiercely and in.

"The Taotie of Evil!"

Some of those present instantly recognised this ancient ferocious beast at a glance.

Before Han Qianqian went to sleep, he released the Pan Gu Axe and his three great wondrous beasts, but he forgot about the Evil Taotie that had been following him.

Knowing Taotie's gluttonous personality, Han Qianqian did not fuse it with himself, as Lin Long and the others had done, to avoid the Chaos Qi in his dragon heart being eaten up by this creature.

At the same time, because this creature was not Han Qianqian's pet spirit animal, there was no way to do that.

Therefore, this creature could only be placed in Han Qianqian's own spatial ring to rest.

In the rush to save the people, Han Qianqian also ignored the existence of this guy, but now, by accident, it became a different scene.

At least at this critical moment, this guy suddenly appeared to save himself.

"The Evil Taotie?"

Han Qianqian, who was no longer hindered by the black qi, finally slowed down at this time and looked at the Taotie who suddenly appeared, was also surprised and happy.

"You fellow, how could you also appear here? You didn't see that I was in danger, you also rushed into the dream to save me, right?" Han Qianqian laughed helplessly.

"Unfortunately, you fellow can't speak."

"Roar!"

The Evil Taotie gave a furious roar, seemingly in response to Han Qianqian, but also seemingly to take out his anger for him, and with a leap of his body, he charged directly at the Night Demon.

As this fellow impacted, its body also grew larger and larger in the process.

"Roar!"

When it reached the Night Demon, the Evil Taotie had already transformed into a huge, big thing, with a huge mouth in its belly, and the Night Demon, almost like Han Qianqian before, directly went straight into the Taotie's belly without even being able to reflect.

"Beautiful!" Seeing this, Han Qianqian could not help but raise his arms in joy.

"Bull!"

At the same time, those people were also extremely excited.

"An ancient vicious beast is indeed an ancient vicious beast, such a difficult fellow to deal with, but also a direct bite is gone."

"Haha, there is a good saying, no matter how fancy you are, one bite from me and you're gone."

"That's right."

"Now, we are saved."

A bunch of people were overjoyed, and many of those who were even crying out in despair just now had smiles on their faces at this time.

But these smiles were not destined to last long before they froze.

"Boom!"

With a huge explosion, a bloody mouth exploded out of the Evil Taotie's back, followed by a figure flying out of it with a direct hole through the bloody mouth.

"What?!" Han Qianqian's face was frozen, as the only one who went into the belly from the Taotie's mouth and still came back alive, naturally clearer than anyone else, the terrifying thing in the Taotie's belly.

If it were not for his special system and the Dragon's Heart, a big sucker, he would have been turned into a puddle of mush, which is why he was happy that Taotie had swallowed the Night Demon into his belly.

Because even Han Qianqian so perverted, but also used a full seven days, and can not be bad Taotie, only to maintain their own immortality.

But at this point, the Night Demon had simply broken out of his belly in a matter of moments.

"This guy, is he really this invincible?"

Chapter 2422

The field!

It is still the field!

Still because he is the absolute master of this realm!

Otherwise, he couldn't have been this invincible!

Han Qianqian was not someone who was unwilling to admit that others were excellent, it was just that this matter now seemed, indeed, to seem too unbelievable.

The crowd, whose hopes had just been raised, was now silent.

How could they not be shocked that the Evil Taotie, which in their impression had been almost invincible, had been broken by the Night Demon in a fraction of a second?

But how shocked, how desperate the heart.

"How could this happen, even an ancient evil beast like the Evil Taotie is not able to do the slightest thing to him?"

"This guy, this guy is an invincible existence here!"

"It's over, it's all over."

"We're dead."

Another round of desperate wails, but compared to the last time, this time they couldn't even cry out.

Numbed out!

Completely dead at heart!

"Han Qianqian, open your eyes wide and see clearly? I have said that here, I am the absolute master."

The Night Demon, who was flying horizontally and standing in mid-air, stopped there with a cold, lonely voice, and laughed coldly to himself with a posture of contempt for one and all.

"Now, are you convinced? Are you afraid? Are you trembling?" Looking coldly at Han Qianqian, the Night Demon's posture was extremely high, extremely proud, empty-eyed and full of mockery.

Han Qianqian's emotions did not fluctuate in the slightest, although he was shocked that this guy had broken Taotie, but that was only for a very short time, now Han Qianqian was thinking about how to break the enemy.

Seeing that Han Qianqian did not say anything, the Night Demon became even more arrogant and coldly let out a loud laugh.

"I, am the true king, I, am the strongest demon god in this world, haha, hahahahahaha!"

"Roar!"

With a low cry, the Evil Taotie reluctantly landed on the ground from mid-air, curled up on the ground, obviously extremely demoralized, the damage to its spine also damaged its energy, and its eyes looked at Han Qianqian rather listlessly.

In the domain, he was the absolute strongest, so Han Qianqian had to break the domain.

But this was something that Han Qianqian had already tried from the very beginning, and even if he had used all of his abilities without reservation, it would not help at all.

Now, Han Qianqian had no idea what to do.

He was now convinced by the words of the Demon Dragon's Spirit.

In the Dream Realm, the Nightmare Demon was indeed hundreds of notches stronger than the Soul of the Demon Dragon, and even though the real Demon Dragon itself was far stronger than the Nightmare Demon, in terms of a certain area, the gap between the two sides was indeed huge.

If the Nightmare Dragon Soul was, in the dream world, a great commander who fought in the eight directions with blood and might, according to this fellow, it was an absolute king on high, looking down on everything under the sky.

"Han Qianqian, obediently submit."

As soon as the words fell, a black qi began to solidify in his hand again.

Just like last time, it was obvious that this black qi would wrap Han Qianqian up like a plastic bag.

But last time there was the Taotie of Evil, this time, what else could Han Sanchi have?

"Is it that easy?" Han Qianqian suddenly cracked a smile.

"Isn't it, like, easy?" The Night Demon smiled coldly, "Killing you is easier than killing an ant, isn't it?"

As soon as the words fell, he flicked the fingers of his other hand just faintly.

With a bang, Han Qianqian's entire body flew backwards for dozens of metres before landing on the ground as if he had been hit by a huge mountain, and the wound on his chest instantly caused him to spit out blood like a spring.

Strong!

Not just any strong.

The protection of the Immortal Armour was like paper in front of him, not even the slightest effect.

Even Han Qianqian, whose body had been re-trained, felt that his chest cavity had been pierced, and his ribs were broken.

There was no way to fight, it was impossible to fight.

This had nothing to do with strength, even if Han Qianqian was weak and the Night Demon was strong, the difference was definitely not so great that Han Qianqian could be destroyed with a snap of his fingers.

It must be a problem with the domain.

But the more it was, the more anxious it made people, how on earth was this domain supposed to be broken?

"Having been crippled, the man has been well behaved, now, die obediently and then be my slave." The Night Demon laughed heatedly and coldly, his right hand slightly raised, black Qi filled the air.

Although he couldn't figure out how to break the domain, Han Qianqian understood that he no longer had time to think.

"Come on." With an angry roar, while attracting the Night Demon's attention, he brought up Chaos Qi in his hands and blasted it without reservation at the barrier that trapped everyone.

Han Qianqian didn't know if it would work, if it would help them, but it was the only thing Han Qianqian could do for them before he died.

"Brush!"

The black gas, as expected, sealed Han Qianqian directly, tightly and like before, like a black plastic bag wrapped Han Qianqian tightly.

The huge wound on his chest made it almost difficult for Han Qianqian to resist, and every time he moved, his body was as uncomfortable as if it had been dismantled.

What's more, the extremely strong wrapping made people suffocate extremely fast. Coupled with the rapid loss of energy, it also made it impossible for Han Qianqian to maintain basic body functioning.

In just a few seconds, Han Qianqian's struggle fell straight into a dead silence.

The Chaos Qi that Han Qianqian had used before he was sealed also returned to its previous form after blasting at the barrier and resounding with a loud explosion, even though it had blasted cracks in the barrier, under a black Qi from the Night Demon to replenish it.

It was as if everything now seemed so futile.

It was like a useless struggle in the midst of death.

"Gryphon, you still want to move the earth on the head of a taiyoukai? You don't even think about what you are!" The Night Demon stared at Han Qianqian, who had almost begun to stop moving, as if he were a corpse, and said coldly with contempt.

"No, no, no!"

But, there are some things, does the lack of effect on the surface mean that there is really no effect?

Even though Han Qianqian did not break the barrier, this act he performed before he died deeply touched everyone present.

To his death, he did not forget to save them.

In this world of the weak and the strong, this kind of care and touch had been long overdue.

Fu Li had already turned into a tearful man, the time he spent with Han Qian Qian, his laugh, his anger, his heroic posture, his easy-going nature, everything kept coming back to his mind.

"Three thousand!" Knife Twelve's back teeth were almost gritted in the same way.

"Allied Lord!"

With this alliance master, although they all joined the alliance knowing that they must be the most insignificant little people, little disciples, but when their own boss could be so to the death and never forget them, these little characters, that kind of pride and moving, there were no words to express.

This, too, includes the casuals.

As well as, the four of the seven monsters.

"Young warrior Han!"

The three monsters cried out in unison in grief, while Zi Qing even crouched on the ground, crying into tears, but a vision appeared at that moment

His True Colors Chapter 2423

"Although you and I have never worked together, it is an honour for me, the Seven Monsters of Jiangbei, to have contact with someone like Young Warrior Han. Today, although I may not be able to leave this place either, but to be able to die here with Young Warrior Han is considered a blessing for my generation, it's worth a damn." There were more or less tears in the eyes of the five monsters, crying and laughing as they gritted their teeth in a hard voice.

"That's right, Lord, don't worry, I'll be with you afterwards, to be under your command, to be born and die with you, old man Ganfu has had a good fucking life."

"Good, let's fight that fucking night demon, fuck it, even if we can't beat him, then let's just fucking accompany Young Warrior Han on his journey, fuck the motherfucker."

"I'm just a nebulous little man in the Eightfold World, unremarkable, in the eyes of many people, killing me is no different than killing an ant, and no one would care, but now it's different." A scattered man laughed coldly, then suddenly quite imposing, and roared angrily: "I can also fucking make the titular Devil God not forget to save me even on his deathbed, it turns out, old me is also a fucking human being, also someone who is valued, a soldier, dies for those who know him, I know very well that I am not qualified to call a big brother with a big man like Han Qianqian, but, just by his act of saving us on his deathbed, old me this life, right then and there I'll be the first to fuck you, Night Demon!"

As soon as the words left his mouth, a scattered man rushed forward with a furious voice.

"A good soldier will die for his soul! I'm not living in vain, Night Demon, I'll fight you."

"Fuck him, motherfucker."

As one rushed, countless others followed suit!

Despite the huge barrier covering them, it still couldn't stop them from angrily launching attacks on the barrier.

The Night Demon smiled coldly and looked at the crowd grimly, "You sparrows, you are so noisy, since you are eager to die, then I will make it happen."

As soon as the words left his mouth, the barrier disappeared and he faced the crowd that was rushing directly towards him.

The night demon's hand held a grip of black qi, and did not directly dry all at once, instead, his body accelerated to the crowd, the left hand slapped, at once a person's chest bone shattered, right foot kick, at once another person's brain burst.

This night demon completely treated this messy group of scattered people like toys in his hands.

The madness of the killing, the cruel dismemberment, the night demon's crazed laughter, for a time, the whole of the End of the Sky and the Cape of the Sea was plunged into an extremely horrible and evil scene.

"Hahahahahahaha!"

The Night Demon let loose a maniacal laugh, his hands still unabated, countless miserable screams rang out close behind, and countless lives, too, continued to fall and break.

"Cool, cool, cool!"

A game of killing was naturally so exciting that a pervert like the Night Demon simply enjoyed it, unable to stop himself.

Listening to the hideous laughter, Zi Qing, the only one crouching on the ground, covered her ears, she had no cultivation, and Han Qianqian's death in the black bag had left her heartbroken.

The first time she saw Han Qianqian, she was so amazed and moved by his handsome face that she was so attracted to him at the inn that she dreamed of him at night

Now that Han Qianqian had fallen right in front of her, she naturally sobbed uncontrollably, and even when all the people around her rushed over to fight the night demon, she didn't reflect in time.

When she reflected now and looked at the tragic scene in the sky, she couldn't help but have a heartbreak.

Those were all innocent lives, and more importantly, there was her loving brother and sister!

"No! No! No!"

The people she loved the most had fallen, the people closest to her had been abused and killed, even the quiet Zi Qing was in an emotional rage, shouting loudly and wildly in despair.

Bang!

But with this angry and desperate shout, an extremely strong white aura was violently released from her body!

Boom!

Immediately afterwards, the ground suddenly blew with a gust of incomparably strong and fierce wind, blowing the grass on the ground in a chaotic manner, and blowing her clothes to dance lightly.

In mid-air, the Night Demon, who was in the midst of killing, only felt an extremely strong gust of wind blowing in her face, and even though he hastily used his hands to shield himself from it, the strong wind still blew and shook her body.

The scattered people around her were even blown to the ground under the strong wind, like a flock of sparrows without wings, smashing down.

"This"

Even though it blew through, but this injury is not considered much serious for the crowd who all have cultivation, one by one, they struggled to get up and looked at Zi Qing's vision could not help but look at each other.

When the white qi broke away, there were countless white lights gently surrounding her, like a dream, like a fairy.

Even the Night Demon at the side had lost his rampant smile and looked coldly at Zi Qing on the ground in the distance.

There was a slight shock in his eyes, because this strong wind had actually blown him, and, moreover, scraped his face raw and painful.

You know, in the absolute field, he is the master of each, no one can hurt him, no one can move him, as strong as Han Qianqian and the evil Taotie can not, but this woman

Chapter 2424
What makes her tick?

Was it luck?

Or coincidence?

Or maybe she was just too careless?

The Night Demon's eyes shrank slightly prominently as he looked at Zi Qing with a deadly gaze.

"What's wrong with seventh sister? Why is her body" the fifth monster wondered in disbelief.

Sixth sister Liu Sa frowned tightly, "It's it"

"It's it?" The four monsters also suddenly remembered something.

"What the hell are you guys talking about?" The fifth monster was even more perplexed.

"Remember why Seventh Sister was forced to join us Seven Monsters by Master his old man?" Liu Sa said.

Among the Seven Monsters, each had a strange look or a strange personality, which was why they called themselves the Seven Monsters of Jiangbei, such as the oldest, Big Biscuit Sky, who had a strange look and was handicapped, the second monster who was slim but powerful, but the two hands were not sound, one hand was normal while the other was shriveled up like an infant but the size of a baby, but it was this shriveled hand that had extraordinary strength.

As for the three monsters, the four monsters and the five monsters all have their own strengths and weaknesses, even the sixth sister, Liusa, who, despite her appearance, is not considered strange, has a fatal flaw.

The famous black widow, who will kill any man who has any feelings for her, also has an extremely strange physical aspect, that is, her body emits a strange fragrance at night, while in the daytime, it emits an extremely strong stench similar to that of fox.

Seventh Sister is the only one who not only has no physical defects, but also has no other oddities, and can even be described as a completely ordinary person.

To say that her only oddity might be her excessive beauty and prettiness, but what kind of oddity is that?

"This is something that Master never said." Therefore, the six monsters were quite unhappy with their master's decision in the first place, and protested to him many times, but he never laughed it off, without explaining or saying anything.

"But Master once mentioned a point that the Seventh Sister's talent was the strangest of the Seven Monsters." Liu Sa said.

"Holiness!" The Fourth Monster also cut to the chase, "These were words he had once heard Master mention unintentionally."

"As soon as you said this, Fourth Brother, I seem to remember too, Master his old man seemed to have said that Seventh Sister she was mortal in person, but her body was"

Immortal body!

"That's right!" Sixth sister Liu Sa nodded her head.

This, too, was the most bizarre point about Zi Qing.

The so-called flesh body into a saint, anyone who can cultivate their flesh body to the strongest realm, that is by no means a mortal, even if the cultivation is not possible, reliable flesh body can still go to the peak of life.

But Zi Qing is not

The strange in each of these, no one knows for the time being, even as strong as the seven monsters' master, also failed to see through this heavenly opportunity.

"So, among the seven monsters, there is by no means an alternative, each has his oddities." The four monsters remembered the words of their master and finally solved the doubts in their hearts, as they said.

"So Master, the old man, did not lie to us, Seventh Sister, he really is," Five Monsters also murmured.

Since childhood, several monsters thought that the master was just an excuse to let the seventh sister into the team, the purpose is to protect the seventh sister.

Therefore, for many years, the six monsters had even privately speculated whether the seventh sister was the illegitimate son of the master.

This was not their fault, it was really because Seventh Sister was too uncommon. As for what Master said about the immortal body, even more so, in the eyes of the Six Monsters, it was just an excuse.

For even if a mortal had an immortal body and did not become an immortal, at least the physical gifts were better than normal people, so naturally many things were far more powerful than normal people, right?

But the truth was that not only was Seventh Sister not better than anyone else, she was simply not as mediocre as someone from the Eight Directions world.

In a world where martial arts is practised by everyone and everyone can practise, a person who cannot practise at all is the equivalent of what?

So, the Six Monsters later generally thought that perhaps the Seventh Sister's weirdness was also to be blamed on her inability to cultivate.

But now, at this absolute and absolute moment, the seventh sister, Zi Qing, suddenly underwent a strange change.

"Ah!"

A few moments later, Zi Qing let out a violent roar of rage!

Boom!

The white Qi filled the air even more and even rose up without wind, dragging it slowly into mid-air.

At this moment, Zi Qing only felt endless power coming from all directions!

"You killed my beloved and injured my brother and sister, I want your life!" With a cold cry, Zi Qing's eyes fiercely revealed a fierce light.

With a slight movement of her hands, an extremely strong white airflow instantly surged from all directions and formed four white phoenixes roaming around Zi Qing's body.

"Break!"

With a soft cry from Zi Qing, the four white phoenixes, emitting four airy phoenix cries, cut four beautiful curves in the air and rushed directly towards the Night Demon in mid-air.

The beauty of the four phoenixes was awe-inspiring.

The breath they carried was even more soothing, inexpressible yet extremely peaceful inside.

It was as if it had a calming effect.

But for the Night Demon, it is a fierce and incomparable aura that is coming towards him.

How could this be?

"Even so, do you think that, with you, you can challenge me?"

With a cold voice, facing the four white phoenixes, the Night Demon burst into a fury and met them.

Chapter 2425

With a jagged black aura in his right hand and his left hand behind his back, even for these four unimaginable phoenixes, which even brought him strong pressure, Night Demon only had a faint displeasure of being violated.

For in this realm, the position of mastery gave Night Demon endless and endless confidence and arrogance.

"Gryphons!"

As soon as the words fell, facing the four white phoenixes, Night Demon's black Qi instantly transformed into a huge black dragon and attacked the white phoenixes directly.

"In this world, Yang is the primary and Yin is the secondary, male is the heaven and female is the earth, dragon is on top and phoenix is on the bottom, so what is this white phoenix of yours?" The Night Demon mocked in a cold voice.

"Roar!"

The giant dragon roared!

Over there, the four phoenixes chanted in unison, clanging and chanting.

Dragon against phoenix!

Brush!

The black dragon was so vicious that when it approached the white phoenix, it opened its mouth to bite its neck!

But just as the black dragon bit into the neck of a white phoenix, the white phoenix in its mouth suddenly disappeared into a bubble of air and shadow.

A few metres ahead, the white phoenix that had been bitten suddenly appeared again, reuniting with the other three phoenixes and pouncing on the Night Demon in four figures.

"What!?"

Night Demon's entire expression faintly froze.

The huge black dragon had actually pounced directly at the four phoenixes?!

"How is this possible?!"

With her own power, there was no way that girl could have fought against herself.

How could the tiny four white phoenixes be able to resist their own black dragon?!

This couldn't be possible!

Brush!

Almost at that moment, the four white phoenixes, without the black dragon in their way, attacked towards the Night Demon at top speed.

"Do you think you've won by breaking through the barrier of my black dragon? What a joke, in my eyes, what kind of shit are you?"

Night Demon laughed coldly, and even then, he didn't panic in the slightest, even with a hint of disdain.

What does it mean to be a master!

That is absolute domination on both the offensive and defensive ends!

Without the offensive suppression, then there was also an absolute lead in defence!

"Rubbish!"

With a furious shout, black Qi instantly wrapped around Night Demon's body.

The four white phoenixes also slammed directly into Night Demon at the first opportunity.

Night Demon wore a confident, fierce smile on his face.

Boom!!!

After the four white phoenixes crashed into the black Qi, they instantly dispersed and turned into four white Qi, which exploded violently with the black Qi on the Night Demon's body before fusing and battling!

But, in just a second, those four white phoenixes slowly disappeared into the black Qi.

Everything, it seemed, tended to calm down.

"Haha, hahahahaha!" The Night Demon laughed coldly and wildly with unbridled recklessness.

Even though the Night Demon was wondering why this girl in the distance was causing a certain amount of shock to herself in her own domain.

But that didn't matter!

What mattered was that one was the master here.

Even if there was an unexpected extra ant, so what?!

"Little sister, you are quite good-looking. You said that Han Qianqian is your intended, so it is just as well that Han Qianqian will be my slave and you will be my forbidden one. Little sister, am I treating you well? That's it, and to make you a pair of dead lovebirds, haha, hahaha!" The Night Demon laughed with unbridled arrogance.

"You bastard, don't you ever think about it!" The four monsters cursed coldly, how could he endure such humiliation of his sister?

At once, he got up from the ground and angrily tried to teach Night Demon a lesson, but here, Night Demon only needed to click his fingers, and the fourth monster of Jiangbei would end up flying several metres across, spitting blood!

"Rubbish!" The Night Demon laughed gloomily and softly, how arrogant and disdainful he was.

"I'm lucky to be with him, but I can die, he can't, so don't bother." Zi Qing's eyes were resolute as she looked at the Night Demon and said in a cold voice.

As soon as the words left her mouth, Zi Qing slightly closed her eyes and silently recited some strange incantations under her breath.

The Night Demon shook his head helplessly, "Little sister, if I were you, I definitely wouldn't struggle needlessly here, if you have this strength to toss around here, you might as well save it for when you're properly in bed with me."

After saying that, the night demon again laughed grimly from the sky.

"Ha"

But just as he was laughing extremely close to madness, his voice suddenly stuck on his throat and his cocky smile also froze instantly

The faint black aura around his body, at this point, appeared the slightest hint of strange white aura.

He also felt his own body, which seemed to be in vague pain.

Although the point of pain was very low, but scattered throughout the body various acupuncture points, combined together, still made the night demon very uncomfortable.

"How" did this happen?" The Night Demon's mind was very confused.

Here, no one could inflict any damage on him as long as he didn't want to, and even more no one could leave any negative status on him as long as he didn't want to.

But right now this

What does this mean?

"What the hell have you done to me?" Snapping his head upright, the Night Demon looked angrily at Zi Qing.

"Nothing more than washing your filthy heart." Zi Qing's eyes snapped open.

"Break!"

As her nice voice rang out.

"Bang Bang Bang!"

The Night Demon's body instantly exploded in all directions like a firecracker being set alight.

Blood burst out along all the acupuncture points, the scene was extremely cruel and bloody!

"This"

"Oh my god, Seventh Sister"

"Seventh sister she actually injured the Night Demon!"

"How is this possible, Seventh Sister she can't cultivate spells at all, let alone have any cultivation even"

The fourth monster, the fifth monster and the sixth sister Liu Sa all looked dumbfounded, this sister who had been living together for more than ten years was in their eyes what kind of situation, what kind of ability, they knew better than anyone else.

But at this time, this seventh sister has suddenly become extremely strange and extremely unintelligent

"That pretty little girl, can she even injure the Night Demon's? This is a demon that even Han Qianqian and Evil Taotie can't deal with, how could she"

"Yes, that's simply impossible."

The seven monsters were extremely incomprehensible, and the outsiders were even more obviously disbelieving, looking at this other surprising scene in front of them, as if they were dreaming.

The Night Demon couldn't have been acting on purpose, could he?

Not only did they not believe it, but even the Night Demon himself did not believe it either!

After all, this was his territory, and he really couldn't understand why it had turned out like this!

It wasn't that this Zi Qing was so powerful, but that something had gone wrong with the dominion of the realm!

As a master, he said one is one and two is two, but now, saying one, it might be 0.9999, saying two is 1.999, although the difference is minuscule, but from a certain perspective, it is a difference of a thousand miles.

"Impossible, this is absolutely impossible!" The Night Demon staggered up from the ground, his eyes full of incredulity!

But the next second, his eyes suddenly snapped shut, "What exactly is your secret? I'm afraid, if I don't play with you today, I'll have to strip you bare!"

Chapter 2426
This girl

It's not just that she's good looking and very fun to be around!

What matters is that she's unique in a way that might make Nightmare crave it even more!

There was a bug in his domain, and once that bug was figured out, his domain was destined to become even stronger!

"Take off your clothes first!" With a cold voice, the Night Demon charged directly towards Zi Qing in the distance with a body full of blood holes.

"Seventh sister be careful!" The Five Monsters and Liu Sa immediately spoke in a rush.

In the blink of an eye, the Night Demon had already attacked directly in front of Zi Qing.

A hint of urgency flashed in Zi Qing's eyes, forcing her eyes to close, and her mouth quickly recited an unknown mantra.

At the same time, a white Qi filled Zi Qing's body and swirled around her frantically at a very fast speed, and it was this white Qi that instantly blocked the Night Demon's advance.

Zi Qing was right in front of her, but Night Demon was blocked by the white Qi, and within the seemingly calm white Qi, there was even a strong wind like a tornado pulling him desperately!

The Night Demon's entire face was blown to a horrible state!

"Fuck, break it for me!"

Night Demon only felt that his pride was being challenged, and with a furious cry, his body's black aura flourished, and his entire power rose infinitely in a steep manner!

Black and white, devil and righteousness!

The two strands met and tangled!

"Boom!"

Suddenly, with a loud bang, the black qi suddenly strengthened several times, and the white qi that was entangled with it suddenly lost its momentum.

In a hurry, the little white Qi left carried Zi Qing back several meters.

"Humph!"

In his hand, the Night Demon grasped a piece of rag, the very corner of Zi Qing's garment.

"If I said I'd strip you naked, I'll strip you naked! Do you want me to play exciting games for you and strip you naked in front of so many people, or do you honestly give up your hands and we'll play again somewhere else?" Having got his hands on him, the Night Demon's unbridled swagger returned.

The loss was a hair's breadth, but for the moment, it didn't seem to matter.

Zi Qing's face was slightly shocked, and despite the white aura that filled her with energy, the direct contest still made her secretly wonder at the power of this Night Demon's abilities.

However, even though it was powerful, Zi Qing was not the least bit afraid of it.

Despite her lack of cultivation, despite the fact that she was protected at every turn, despite her lack of courage, she would never retreat if she could stand in the way of her loved ones and her beloved!

"Hmph, the path is your choice." The Night Demon already knew Zi Qing's answer, and with black Qi wide open in his hands, he fiercely accelerated and rushed towards Zi Qing once more.

"No way, although seventh sister really has the so-called immortal body that master said, the problem is but the problem is that seventh sister has nothing but this so-called immortal body, she has nothing left ah." Seeing another fight, the four monsters were anxious beyond words and sharply said.

Yes, although Zi Qing had exploded her holy immortal body in a moment of despair and anger, but, in the end, she only had the holy immortal body where she was.

Faced with an enemy as strong as the Night Demon, how long could she support herself by simply relying on her body?

"Don't say anything about spells, mind techniques, this girl has never even fought since she was a child under our care, she dares to stand in the way, but only because" finished, Liu Sa gently glanced at Han Qianqian who was no longer moving in the black bag.

But it was only because she liked Han Qianqian.

As the only female among the seven monsters, she naturally knew more about her sister's boudoir than anyone else, and knew better just how enamored this girl was with reading a Han Qianqian.

Just like tonight in general, seeing Han Qianqian she was so excited that she could not sleep at all, but only one sentence herself, sleep can dream of Han Qianqian, and can be very obedient to Han Qianqian's words, Zi Qing simply could not have fallen asleep so early today, much less encounter the situation today.

She liked Han Qianqian so much that she, who was forever protected by the six monsters, actually had the courage to stand in front of everyone at such a moment.

So much for courage, and even more so for experience

"Seventh sister, not to mention fighting with others, someone who would normally choose to go around even if an ant was fierce to her, is now fighting with such a vicious person." The Four Monsters also said with extreme concern.

"Ai!" The five monsters were all so anxious that they didn't know what to say.

Especially now, when the Night Demon was attacking at full force!

And almost as the Three Monsters had thought, Zi Qing's appearance was indeed unusually clamorous, so much so that many people were surprised, but the momentary amazement was more just from the nature of her body.

But these, again, could not sustain her for long.

The lack of dharma had created a constant passivity in her face, and despite her gritting her teeth and all fighting hard against the firepower of the Night Demon, resisting was not the same as being undefeated!

After only a few rendezvous, Zi Qing was losing ground, and the sound of cloth tearing in the sky continued to ring out.

The clothes on Zi Qing's body were being torn off bit by bit by the Night Demon in the form of strips of cloth.

From the unimportant edges, more and more to the important parts of the move, has been to the purple clear body of the gauze, has begun to more and more less

But just at this moment, a figure suddenly leapt up.

It's Han Qianqian!!!

Chapter 2427

No one noticed when Han Qianqian moved, nor when he suddenly broke through that black bag.

For at that moment, all eyes were focused on the vicious fight in the sky.

Although Zi Qing was so beautiful that at any other time the men present would have been eager to peek at her sublime figure, at least at this moment, no one had such dirty thoughts.

They had only one belief, and that was to pray that Zi Qing would be alright.

But it was clear that the situation was bad.

In just a few minutes, Zi Qing would be completely dishevelled!

"Little bitch, you brought this on yourself!" Night Demon laughed coldly, his big victory had turned his whole being extremely arrogant, and at the same time, increasing his power, he was determined to win against Zi Qing!

As the black Qi wrapped around his hand, the Night Demon repeated his old trick and reached directly for the important parts of Zi Qing.

The night demon had become even more reckless and disregardful of Zi Qing, despite his earlier surprise, but now she was just a plaything in his hands.

He could play with her any way he wanted!

Zi Qing's face was panic-stricken, although she had been clenching her teeth, but the Night Demon was too powerful.

She was exhausted and her mind was in a state of collapse after several successive forced fights.

Now, faced with the Night Demon's even more massive strike, she was unable to resist any longer.

The only thing she could do was to watch the Night Demon do what he wanted.

"Holy shit, who is that?"

Suddenly, someone at this moment saw a figure in the sky suddenly flying straight towards the two of them with such speed that it staggered people.

"A cloud of black gas, hard Could it be the Night Demon's helper? Does that guy have helpers?" Someone immediately shouted in surprise.

"No, that mass of black qi is not just black qi, there is also a golden light of!" There were also more sharp-eyed people who spotted a clearer fact and shouted at this point.

"Another black gas and a golden light, this feeling seems to have been seen somewhere before." Seeing the golden light in the sky, someone wondered.

But in the next second, someone then suddenly remembered something and couldn't help but sit up on his butt: "Another golden light and a black light? Shit, isn't this Han 3000 proprietary?"

"Yeah, god and devil, golden light and devilish qi, this is exclusive to this Han Qianqian guy."

Once they thought of this, the crowd looked back, only to see not far above the lawn, which again what Han Qianqian's figure, only leaving but a already broken black gas still left in place.

"Han Qianqian, that guy is Han Qianqian! He's not dead yet!" Someone exclaimed.

In the next second, more people also noticed this fact, and in a moment, they looked back in amazement, and in anticipation and excitement, at the figure in mid-air.

Like a shooting star, dashing and sprinting!

"Bang!"

At almost the same time, the Night Demon's claw, which was bound to strike, came crashing down with an extremely powerful force!

There was a huge explosion!

The Dream Demon took two steps back and looked at his claw with astonishment, and then looked at Han Qianqian, who had already retreated tens of metres with Zi Qing, and then his eyes were filled with murderous aura: "So it was you, you son of a bitch, who was ruining my good deed!"

Han Qianqian was panting, trying his best to regulate his breathing while slightly shielding Zi Qing behind himself, and looked at the Night Demon with a disdainful sneer.

"Once this pretty little girl arrived, I overlooked you fellow. However, this didn't kill you, you're really known as the undefeatable little strong man." Night Demon mocked unhappily.

Zi Qing's sudden rampage and strange operation made Night Demon focus mainly on her, especially during the vicious fight just now, Night Demon exerted his full strength against Zi Qing, so much so that he neglected Han Qianqian's end.

And it was this opportunity that gave Han Qianqian a chance to catch his breath.

Although he had been suffocating in the black bag for a long time, Han Qianqian's condition slowly improved as the black Qi suppressed and absorbed the energy of Han Qianqian's body in the loss.

Tightly, at such a critical moment, Han Qianqian was able to appear in time.

"But what's the use of you coming here? It's just a defeated general under me." The Night Demon laughed grimly.

From an out-of-this-world perspective, Han Qianqian naturally did not know how many notches more powerful than Zi Qing, but here, in the eyes of the Dream Demon, Han Qianqian could not be compared to Zi Qing at all.

After all, Zi Qing was more or less otherworldly, whereas Han Qianqian was completely within his control.

"To kill you, it's just a matter of me taking the trouble to do so, and you're worthy of appearing in front of me?" The Night Demon said disdainfully.

Hearing this, Han Qianqian wasn't angry and smiled gently, saying, "Then how much trouble do you think you can be in front of me?"

The Night Demon's face was cold, "What, you Han Qianqian have also started to learn to brag, have you? Killing me? What qualifications do you have?"

"I, Han Qianqian, never brag, I only tell the truth, do you really think you are invincible? You really think you're invincible? You're just an ant. If you're not convinced, let's try?"

"Fuck you, let's try, I'm not afraid of you? If I can kill you once, I'm not afraid to kill you twice!"

As soon as the words left his mouth, the Night Demon charged forward, but Han Qianqian was not moved at all, instead, he turned around and flashed a smile at Zi Qing that almost charmed her to death!

"Do you know what my name is?"

"Han Qianqian?"

"No, the Ancestor of All Qi!"

"Huh?"

Chapter 2428

The Ancestor of Ten Thousand Qi?

Hearing Han Qianqian's words, and seeing the confident smile spreading across the corners of Han Qianqian's mouth, it didn't seem like he was joking at all, so much so that Zi Qing's entire body was dumbfounded.

What is the Ancestor of Ten Thousand Qi!

Unheard of, unseen!

Even the concept of what it was was unclear to Zi Qing.

"So what's that?"

"That's a thing that can fix him." Han Qianqian smiled gently.

"Shit, miscellaneous thing ah, those two miscellaneous still chatting?"

"Yeah, this Night Demon has already made his move, don't they both hurry up and deal with it?"

"The Night Demon is so perverted, they have to be careful."

The crowd on the ground, seeing such a situation, their hearts were in their throats, after all, the Night Demon's ability, all those present had seen it with their own eyes.

"Although you, Han Qianqian, the three words make millions of people can rest assured, but it's not like you haven't suffered losses at the hands of the Night Demon, you have to be careful."

The group of people were anxiously stamping their feet in place, their hearts burning with anxiety.

But the two men in mid-air seemed completely indifferent.

Zi Qing is still dumbfounded, not only does she not know what the Ancestor of Ten Thousand Qi is, but more importantly she is now very nervous and excited

This was the first time she had been this close to Han Qianqian, the first time she had been alone with the man of her longing dreams, and to top it all off, he was smiling at her.

This simply made Zi Qing's little heart, intent on love.

Even though she was forcing herself to be calm, there was still a slight blush on her good-looking face.

"What's the repair?" Zi Qing nervously pursed her small mouth and said.

Han Qianqian smiled mysteriously.

At this moment, the Night Demon had also killed behind Han Qianqian.

"Be careful!"

When Zi Qing saw this, she immediately cried out in alarm, and her entire body subconsciously wanted to rush up to block Han Qianqian's front.

Even though this was a weak girl, driven by the power of love, she was not the least bit afraid even in the face of death, not to mention the Night Demon!

But what she could never have imagined was that almost the instant she shouted out, Han Qianqian in front of her also made a sudden acceleration and a hand grabbed her arm.

She had been nervous at that moment, after all, this was skin to skin, and it was her male god, and more importantly, she had nothing to wear now

But just as soon as she got excited, destined, her heart quickly went cold

Because Han Qianqian grabbed her hand, not what he wanted to do, not even to bring her along to dodge the night demon's attack, but

Instead, he was pushing her straight to the front, facing the Night Demon's attack straight on, while he, he was hiding directly behind himself!

At that moment, Zi Qing's entire person was disappointed to the point where she was almost completely in a state of confusion.

What the hell is this?

Even though she could sacrifice everything for Han Qianqian, including her own life!

However, just because she could sacrifice did not mean that Han Qianqian could

Just like that ah.

She's a woman, how can you push a woman to death in front of you?

Is this still the invincible demon god in her own mind? Was it still the unbeatable Han Qianqian in his own head?

This was simply too villainous, wasn't it?

Zi Qing's entire heart went cold!

But regret, it was too late.

Some dreams of love might need some lessons from reality after all!

Closing her eyes slightly, Zi Qing accepted this last thing, even if it was the last bill for her lover.

"What are you standing around for? Fight him." But just as Zi Qing was closing her eyes, there was a voice from behind her urging Han Qianqian.

Zi Qing was really close to collapsing, listen to what this damn man was saying.

Not only did he want to use himself as a gun-eye for him, he wanted to squeeze the last bit of value out of himself!

Despite the despair and disappointment, who let him be the first man she had ever liked, and still so so much.

Gritting her teeth, Zi Qing still pushed all the energy in her body and pushed her hands out directly to meet the onrushing Night Demon.

White Mang against Black Qi!

Heavenly thunder against earthly fire!

Boom!

The two energies met instantly and exploded!

But with Zi Qing's ability, it was obvious that it was too far away from the Night Demon.

After just a moment of contact, the black qi instantly broke through the white qi in an overwhelming posture and came in a devastating manner.

It couldn't be stopped!

It was simply impossible!

The difference in strength between the two sides was too great.

Although Zi Qing had the so-called holy immortal body, what she couldn't resist was the fact that Night Demon was the absolute overlord of the domain.

"Dogs and men, I want the men to be my slaves and the women to sleep with me!" Seeing that the attack was successful, a bloodthirsty smile appeared on the Night Demon's mouth.

Closer, closer!

The Night Demon was already less than a hair's breadth away from the nearest Zi Qing!

Break!

However, at that moment, a soft cry rang out and countless white Qi suddenly emanated from Zi Qing's body!

Bang!

The white Qi leaked out like a flood of money.

The nearest Night Demon didn't even realize what was happening, and because he was so close, he couldn't hide, he couldn't hide at all, so he was directly hit by the white Qi!

Wow!

Like a huge wave of money, the Night Demon was directly swept over hundreds of metres by the white Qi and fell straight to the ground.

Boom!!!

There was a huge explosion and the Night Demon's body hit the ground hard.

The Night Demon's face was filled with rage!

But just as he struggled to get up and tried to take revenge, his throat was violently sweet.

"Poof!"

A mouthful of fresh blood immediately spurted out directly from his mouth.

"What?"

Night Demon's entire body was instantly shocked and looked at the blood on his body in disbelief.

How could this happen?

This can't be!

Himself, how could he be injured?!

This was in his own domain, made by himself, how could he be injured by another person?

He looked his doubts on Zi Qing!

Yes, it was that girl. It was she, too, who had wounded himself, but that wound was nothing to him!
But now

It was a serious injury!

That's not right, is it?

Where did she get that much strength?

But this doubt, Zi Qing could not give her either, because as the person in question, she was also completely dumbfounded at this moment, and looked at her hands in disbelief.

Fang just now, what was wrong with Fang just now?

Where did a strange energy come from that would suddenly come out of nowhere?

"How's that? Is it comfortable?"

Just then, Han Qianqian slightly withdrew one of his hands that was placed on Zi Qing's back and looked at Night Demon with amusement.

"It's you!?" Night Demon's entire body froze in shock.

He just said, after fighting with Zi Qing for so half a day, she didn't even have that terrifyingly huge energy, so why would she suddenly have it now.

It turned out that it was this guy who was up to no good!

As Han Qianqian withdrew his hand, Zi Qing also finally felt a change in the temperature on her back, and only then did she realise that Han Qianqian had been using his hand on her shoulder the whole time, at which point she looked at Han Qianqian in surprise.

Chapter 2429

She didn't understand what had happened to the party.

Why she suddenly had a lot of energy, why the night demon was beaten like that.

She didn't understand, because clearly she hadn't done anything.

Han Qianqian smiled faintly and didn't reply, just looked at Night Demon disdainfully, her whole being filled with ridicule and sarcasm.

"You son of a bitch, what kind of demonic magic did you use?" The Night Demon was puzzled, how could it turn out like this in here!

"I know, it's luck, it must be your dog's luck, but if you can get lucky once, can you do it again and again?"

Faced with Han Qianqian's provocation, the Night Demon burst into a fury, his entire black aura released wildly, and there was a near loss of sanity in his eyes.

"Come on!"

The black Qi fiercely swallowed the sky in general, and with a roar, the Night Demon charged straight up.

"Gryphons!" Han Qianqian laughed coldly, then fiercely looked towards Zi Qing, "Zi Qing!"

Zi Qing was confused, the whole person was completely attracted by Han Qianqian this domineering and gangly handsome appearance, mumbled dazed for a long time before reflecting, and worried about not in time to reply the whole person anxiously said: "Ah, husband no, brother Qianqian, in... . in!"

After saying that, Zi Qing's face was red, and the whole person was even more eager to find a crack in the ground.

What am I doing ah!

What a shame!

We've only just met, and are not even friends, but she just called out her husband!

I'll be damned!

Although this has always been her teenage dream, but a teenage dream is a teenage dream, and a heart is a heart, how can she give a heart when she is excited?

However, quietly swept a glance, Han three thousand does not seem to hear their own front right words, he just seriously serious gently pulled his own arm to his front, followed by a palm gently placed on his back.

So handsome!

He really looked so handsome when he was serious, no wonder they say that men are the most handsome when they are serious!

"What are you dumbfounded about, look clearly in the direction of the Night Demon."

Just then, Han Qianqian's nice voice suddenly floated into Zi Qing's ears.

"Huh? Yes!" Zi Qing was nudged awake, and only then did she put away her nymphomaniac appearance, her eyes coalescing as she stared deadly at the Night Demon that was rushing up.

This guy's aura was extremely strong, and there were even countless black qi left behind wherever he passed.

"Don't rush."

Just as Zi Qing was tense and wanted to make a move, at that moment, Han Qianqian stopped her just in time.

"Wait for him to get closer!"

"Oh, good!" Nodding vigorously, Zi Qing forced herself to suppress her rapid breathing, her eyes staring deadily at the Night Demon that was rushing up.

With a male god in his body and a great enemy at hand, the weak Zi Qing was afraid that she would never in her life imagine that she would one day encounter such an extremely exciting scene!

"Come!"

Suddenly, Han Qianqian shouted fiercely, and immediately afterwards, Zi Qing suddenly felt an extremely strong energy instantly fill her entire body!

"Break!"

As Han Qianqian shouted angrily, Zi Qing also aimed at the Night Demon and violently released her full breath!

Boom!

A majestic phoenix, carrying a pale white Qi, struck with a bang!

Bang!

The Night Demon dodged, and in a flash, the phoenix swooped directly into the ground, accompanied by a loud sound, and the ground was instantly blown out into a large crater.

"Again!"

Boom!

Another phoenix flew out!

Bang!

Even when it landed in the water, it set off a monstrous wave.

The might of this phoenix was anything but ordinary!

"Fuck you!" Clenching his teeth, Night Demon increased his speed, shivering with anger.

Boom!

But another phoenix flew!!!

And so between them, everyone looked stunned!

They saw Han Qianqian and Zi Qing in the sky as if they were holding sniper rifles in their hands, shot after shot kept hitting towards the charging Night Demon, while the Night Demon's originally fierce attack had, at some point, started to turn into a woeful defence.

Relying on dodging and dodging in the air, he dodged the attacks of the two people above him again and again.

"You two bitches, I'll kill you!" Night Demon really couldn't bear it anymore!

He was a dominant master of his domain, yet he was being beaten by others in his own domain, he could bear it in his heart, but not in his dignity!

"Give him a gap, let him come!"

Just as Zi Qing was about to release another Phoenix spell, Han Qianqian shook his head in shocked determination.

"Oh," Zi Qing nodded obediently, her face flushed again.

It couldn't be helped, Han Qianqian was right behind her, too close to her, so how could she not be nervous?

And just a moment after Zi Qing handed her hand, Night Demon did seek out this opening as well, and with a heart full of anger, Night Demon vowed to get it all back from this blow.

"Die!"

"Now is the time, close your eyes and open your Qi gates fully!"

And a few to the same time, Han Qianqian shouted fiercely from behind, followed by his hands slapping directly on Zi Qing's back!

Zi Qing nodded fiercely, her eyes closed, and her Qi doors opened fully!

Boom!!!

Suddenly, an incomparably huge phoenix fiercely leapt out from Zi Qing's body, its huge body even making Han Qianqian and Zi Qing look like ants in front of it.

"Ow!"

A long cry, breaking through the void!

"What is that?!"

"My goodness! What a huge phoenix!"

Chapter 2430

"This"

Everyone looked stunned.

The phoenix, standing in mid-air, was even like a giant mountain.

"Boom!"

Suddenly, the white phoenix spread its wings and swooped down at the Night Demon!

On the Night Demon's end, what had been an angry, sardonic smile had turned into shock.

He had managed to dodge the layers of attacks, thinking he could kill him with a single blow, and who the hell knew!!! Here she comes again!!!

And this time, the Phoenix was so fucking big!

"FUCK!" Cursing angrily, Night Demon also gathered all his strength in his body.

It was either you or me!

"Roar!"

A few at the same time, behind Night Demon was also an instant pounce eating a huge black dragon.

The dragon roared, the phoenix was unrestrained, and the two collided!

"Bang!"

With a huge explosion, the whole heaven and earth shook, the sea even stopped flowing for a moment!

Half of the void was torn apart, and the powerful light of the explosion even baked the entire world.

Even Han Qianqian had to protect Zi Qing with one hand in front of him, using his back to resist, and his eyes were even closed in death.

On his back, the strong wind of the explosion blew wildly!!!

"Bang!"

Immediately afterwards, there was another loud muffled sound.

When the smoke cleared, when the after-effects of the explosion passed away, and when everyone also reopened their eyes from that explosion, the crowd realised a shocking fact.

In mid-air, Han Qianqian and Zi Qing were still there, but the Night Demon was not.

And looking back at them, there was a deep, huge crater on top of the ground in the distance, with black Qi winding around the side in a fragmented manner.

"Ah oh!"

Inside the giant pit, the night demon gently shakes all over, opening his mouth to let out a very tiny sound of pain, briefly very briefly, still almost inaudible from the blood sometimes drowned in his throat.

At the corners of his mouth, black blood flowed incessantly down his mouth.

He tried to struggle to get up, but it was clear that his body was completely disoriented and he was only trembling slightly uncontrollably.

Was he going to die?

He thought fearfully, and his eyes looked unbelievably at Han Qianqian above him in mid-air.

Why?!

Why is this happening?

At this moment, Han Qianqian also slightly straightened his body and let go of Zi Qing, who was protecting his body, and said, "Are you alright?"

So gentle, so warm, Zi Qing thought, but was too excited to open her mouth at all, and could only nod desperately.

But the next second, Han Qianqian just turned around and flew away straight away.

"Hey!" Zi Qing was depressed, looking at Han Qianqian's back as he left her alone and simply left, her mouth muttering in anger.

There was no sense of pity for the jade.

With a puffed up grunt, Zi Qing then tried to descend carefully.

The situation had been so desperate that she hadn't thought about it, but now that the Night Demon had been defeated and she had lost her determination to fly down from such a height for the first time, she didn't know how!

But just as soon as she moved, all of a sudden, Zi Qing's eyes closed and she fell straight down.

To Zi Qing, Han Qianqian was a male god, so she paid extra attention to every move she made, but to Han Qianqian, she was just one of the Seven Monsters of Jiangbei, not much of a friendship, let alone anything else in mind, and at most she was considered a friend who had helped her.

Naturally, Han Qianqian would not behave in any extra way.

From the girl's appearance and the slip of the tongue just now, Han Qianqian was naturally clear about what she thought of him, but the more so, the more Han Qianqian had to keep his distance.

However, just as she flew away, she fainted and fell in the air.

With a helpless sigh, he moved his hands and wrapped his entire body in a bolt of energy, then flew across to her, only then did he hug her at the waist.

As soon as she landed on the ground, the three monsters immediately rushed up and hurriedly checked on their seventh sister's condition.

"It's nothing serious, it should be overexertion!" Han Qianqian said blandly as he handed Zi Qing into Liu Sa's hands.

Liu Sa glanced at Han Qianqian, but could not see any emotional fluctuation on Han Qianqian's face, obviously, as a person who had come over, she knew exactly what Han Qianqian's attitude towards her sister was now.

"Three thousand, are you alright?"

Knife Twelve and Jiang Hu Bai Xiao Sheng and the others also hurried over, each with joyful and concerned faces, asking.

Han Qianqian looked at them and smiled happily as well, saying, "I'm definitely fine, but there is one person who is afraid that something is wrong."

After saying this, Han Qianqian looked towards the huge pit in the distance.

The crowd was instantly delighted.

"Fuck, this Night Demon, he didn't toss us around less just now, let's check that motherfucker out!" Knife Twelve gritted his teeth as he remembered this.

As soon as this guy went, the others also followed suit and killed together.

Han Qianqian smiled bitterly as he watched a large group of people rush over, and with a helpless bitter smile, he also followed the crowd.

However, after walking a few steps, Han Qianqian suddenly frowned, and then, gently turning back, gently skimmed the four monsters left behind with his eyes, especially Zi Qing who was unconscious in Liu Sa's arms.

The white aura on this girl was strange and interesting!

In the next second, Han Qianqian turned back, slowly rose to his feet, followed the large crowd, and walked towards the Night Demon over by the deep pit!
