

His True Colors Chapter 249-253

Chapter 249

In the hotel room, Wang Mao has gone to book a plane ticket, Qi Yi Yun is very helpless in the face of the silent Han Qianyan, she wondered why Han Qianyan would deliberately lose the game just to use the toilet.

Not bad, losing the match on purpose.

Those people, out of their blind trust in Ouyang Xiujie, didn't want to see Han Three Thousand's intentionally dim moves, preferring to believe that it was Ouyang Xiujie's killer weapon that forced Han Three Thousand's side into chaos, but Chi Yi Yun saw clearly that with Han Three Thousand's strength, it was impossible for her to lose.

"If you lose the match, can you imagine what those people in the Cloud City Go Association will do to you?" Chi Yi Yun said to Han Marchant.

"Those trash, I never put it in my eyes, does it matter what they will do to me?" Han Qianli disdained it, he knew that after returning to Cloud City, he would definitely be spit on by those members, but did it matter?

In Han Three Thousand's eyes, winning or losing the match didn't matter, only Su Yingxia's safety was important.

If those old guys had to find trouble with him, he didn't mind making a big change in Cloud City.

"Your reputation in Cloud City is already bad, and now that you've lost the match, you'll be treated even more like a wimp." Chi Yiyun was very much on Han Three Thousand's side, as this was an opportunity to get rid of his reputation as a wimp and Han Three Thousand was capable of doing so, but he chose to lose the match.

Han Three thousand indifferently shook his hand, the word wimp was humiliating to others, but it wouldn't hurt him in any way.

Whether it was a wimp or not, as long as he was clear and Su Yingxia knew, Han 3000 never cared about what outsiders thought.

"Do you think I care about that?" Han Giangli said indifferently.

"Then what do you care?" Chi Yi Yun asked.

"Ying Xia, only Ying Xia has the right to make me care," Han Giangli said.

Su Yingxia?

As Su Yingxia's husband, he cared about Su Yingxia rightfully so, but what did the match have to do with Su Yingxia? And Su Yingxia wanted him to win, too.

"Do you think that Yingxia wants to see you lose?" Qi Yiyun said, and only after she said that did she recall that Han Giang's comment about caring about Su Yingxia seemed to have another meaning, and frowned as she continued, "What's wrong with Yingxia?"

A hint of hostility flashed through Han Giang's pupils and said, "She and Shen Lingyao have been arrested."

Hearing this, Chi Yiyun was furious, although she could have turned against Su Yingxia for Han Giang, she hadn't gone to the point of tearing her face off, and Su Yingxia was still currently her best sister.

"Did Shangguan Black and White do this?" Chi Yi Yun gritted her teeth and said.

"Who else could it be but him? This old thing, I'll find a chance to make him pay." Han Giangli said.

Chi Yi Yun heaved out a heavy breath of bad luck, it was because of Su Ying Xia he lost the match, this ending, although it was understandable, Chi Yi Yun's heart was discontented.

The more Han Qianli showed that she cared about Su Yingxia, the less chance she had of being able to get Han Qianli to submit, and if these two were more affectionate than gold, even if Han Qianli passed her test, it seemed that she had no chance of bringing Han Qianli back to Mi Guo and having him work for the Chi family.

"You don't care if you endure insults for the sake of Su Yingxia?" Chi Yi Yun asked.

"Even if the world spits on you, so what?" Han Qianqian looked straight at Qi Yiyun and said indifferently.

Qi Yiyun's heart sank, she could feel Han Qianli's care for Su Yingxia, as if nothing in this world could shake Han Qianli's love for Su Yingxia.

But Chi Yi Yun didn't believe in evil, men were lustful creatures, it was the lower half of the body that thought, in front of her beautiful temptation, he really could sit still?

And what Qi Yiyun could give Han 3,000 was what Su Yingxia couldn't.

A mere Su family is not even an ant in front of the Qi family.

Men pursued women, and also aspired to power and status.

"What can the Su Family bring you?" It was a very unrelated question, but it was very important to Chiyoyun when she asked.

"The world is at my fingertips, and I can give her the world as well, do I need anything more from the Su family?" Han Qianli faded.

The words hit Chi Yi Yun's heart like a huge force, a world at his fingertips, was he bragging? But looking at him, it seemed like he wasn't just bragging.

A man who could do it and give the world to his woman, how happy should that woman be?

Chi Yi Yun couldn't imagine it, but if Han Giang could really do it, she would try to replace Su Ying Xia.

This was Chi Yi Yun's dream since she was a child, the dream of a man who could take her to the top of the world and overlook the entire landscape.

"You" Chi Yi Yun wanted to stop talking, she wanted to tell Han Qianqian that she could help him get what he wanted, but she didn't know Han Qianqian well enough to know how much she could do, so she sensibly retracted those words.

"These words of yours are fine for fooling little girls," Qi Yiyun said.

It didn't matter to Han Third Thousand whether Chi Yi Yun believed it or not, he just needed to move forward on this road, step by step, and bring Su Yingxia to a higher light scenery.

"I'm going to rest." Han Three Thousand said.

Having been given an eviction order, Chi Yiyun didn't linger and left Han Marchant's room very happily.

Back in her own room next door, Qi Yiyun couldn't sleep for a long time, and Han Qianli's words were like a magic spell, constantly echoing in her ears, making her feel more and more that Han Qianli wasn't joking, and the more she had a strong urge to squeeze Su Yingxia out of her position.

But she knew that now wasn't the time, and without validation of Han Three Thousand's true abilities, it was all just talk.

"Do you know what the best gift is?" Chi Yi Yun said to the empty room.

Soon, Dong Hao's voice came out, "As long as it's what Miss wants, even if I have to fight with my life, I'll help Miss get it."

Chi Yi Yun laughed disdainfully and said, "There are some things that you won't be able to get even if you fight to the death, because you're not even qualified."

"Miss, what you want, Dong Hao will definitely bring it to you." Dong Hao said unconvinced.

"The whole world, can you do it?" Chi Yi Yun said.

Dong-ho silence, world! This was no longer something that could be summed up by the word gift, even if he possessed a very strong strength, he was not qualified to say such words.

"Miss, people who say such things are just bragging." After a long time, Dong Hao said.

Chi Yi Yun lay on the bed, unable to close her eyes, as if she could see the whole world in front of her.

"Just because you can't do it, doesn't mean that others can't do it, perhaps, he really has the ability to do this, let's wait and see." Chi Yi Yun said indifferently.

The next morning, the three of Han Qianqian got on a plane back to Cloud City.

At this moment, the Go Association of Cloud City, the crowd who had learned that Han Three Thousand had lost the match, was furious.

They had thought that they could use Han 3000 to welcome the Xia match and thus make the Cloud City Go Association famous, but now, Han 3000 had not only lost the match, but also lost with Ouyang Xiujie giving in, which was a humiliating thing for them.

"This damned Han 3000 lost and made us lose with him in disgrace."

"We shouldn't have trusted this wimp, is Ouyang Xiujie that easy to win, he's Shangguan Black and White's disciple!"

"This time we're wimping out with him, how can we swallow this."

"Swallow it? Unless I'm dead is more like it, I'm going to take out this breath."

"Hmph, since he's disgraced us, the Su Company won't have an easy time, we'll join forces, he won't even have a chance to eat soft food."

"That's right, this trash has disgraced us, we'll let him lose his job."

One person at a time, everyone showed strong hostility towards Han Marchant, in their hearts, even if Han Marchant won the competition, he was just a wimp that they were playing with at will in their hands, after all, they were the ones who had to agree to Han Marchant's refusal to participate in the competition, and now that Han Marchant had lost the competition, how could they let Han Marchant off so easily?

Chapter 250

Tian family villa area.

Tian Changsheng sat in the living room, he heard about Han Qianli losing the match, he was very puzzled about this matter, the last time Han Qianli and Ouyang Xiujie played against each other, he saw it clearly, the difference in strength between the two of them even he, an amateur, could see, according to reason, this match should be a nine-tenths win for him, how could he lose?

Careless loss of Jingzhou?

With Han Qianqian's character, how could Han Qianqian make such a low-level mistake.

The tea was already boiling, but Tianchang Sheng didn't notice it in the slightest until Tian Ling'er approached and said, "Grandpa, what are you thinking about, so absorbed, the water is boiling."

"Ah."Tianchang Sheng came back to his senses, took a glance at the teapot that was bubbling with white eyes, and quickly nodded, "Oh, I almost spoiled a good pot of tea."

Tian Ling'er, who was dressed in a loose housecoat that hid her beautiful figure, sat across from Tian Changsheng and asked, "What can make grandpa think so much?"

Tian Chang Sheng had been reluctant to give Tian Ling'er any mention of the Han Three Thousand Year incident, as the last pretend chance encounter on Genting Mountain had made Tian Ling'er sad again, but the matter of Han Three Thousand Year losing the match felt too strange for Tian Chang Sheng to hold back.

"Ling'er, Han 3000 lost the match."Tian Changsheng said.

"Who did he lose to?"Tian Ling'er was surprised by this, Tian Chang Sheng had said that there was absolutely no problem with Han Qian Yang winning the championship, so how could he lose.

"Ouyang Xiujie."

Tian Ling'er frowned and muttered with a small mouth, "Didn't grandpa say that he won Ouyang Shuojie easily, how could he lose."

"Yeah, I was wondering why he lost too."Although this matter had little to do with Tianchang Sheng, and it wouldn't be disgraceful for Han Qianli to lose, Tianchang Sheng felt that it was simply impossible.

"Hmph."Tian Ling'er snorted coldly and said, "It must be because he was too inflated and didn't put Ouyang Shuojie in his eyes, that's why the gutter was overturned and this arrogant fellow planted his head."

Tian Ling'er seemed like she was down on her luck, but Tian Changsheng could sense that this little ninny's true thoughts were not like this.

"Ling'er, if he loses this time and returns to Cloud City, those Go Association members won't let him go."Tian Changsheng said.

Hearing this, Tian Ling'er's concern immediately surfaced on her face, hesitating for a long time before she said, "Grandpa, although Han Qianli lost arrogantly, he has learned enough lessons, those people of the Go Association, just take care of it for him, he must have been sad enough to lose the match, why should he be blamed by those old guys."

Tian Changsheng smiled helplessly, his own granddaughter's mouth stopped being hard, but her heart was still thinking of Han Qianqian, the last time she pretended to have a chance encounter had hit her hard, but she showed no signs of giving up ah.

"He can handle it on his own, it's just redundant for grandpa to take action,"Tianchang Sheng said.

"Shoot, grandpa, you're thinking too much of him, that group of people from the Go Association have quite a company in Cloud City, right, how could he possibly handle it on his own." Tian Ling'er disdainfully said.

Tian Chang Sheng sighed internally, Tian Ling'er didn't believe that Han Qianli was capable of handling it, but this matter was destined to impress her again, so that her affection for Han Qianli would only grow stronger ah.

It was a pity that Han Qianxiang's excellence was something that Tianchang Sheng could not hide.

Tianchang Sheng knew a little bit about the Yanjing Han family, and knew that Han 3000 was originally not valued by the family, but the last time Nangong Qianqiu personally came to Cloud City, this showed that the Han family had already changed their opinion of him, as for how he did it and what he did, currently Tianchang Sheng still did not know.

But one thing was certain, it was worth Nangong Qianqiu leaving the capital, and this was the best proof of Han Three Thousand's strength.

"My good granddaughter, you're still underestimating Han Qianqian." Tian Changsheng said.

Tian Ling'er deflated, what was so great about him, besides being able to fight and play chess, wasn't he just eating soft food in the Su family? Relying on Su Yingxia to raise it, what kind of real power is that.

Cloud City Airport.

A luxury car was parked vertically at the entrance of the airport, passengers, both local and foreign felt amazed at this kind of big scene, what kind of big person would have to be welcomed to make such a big row.

Among the luxury cars, mostly Bentleys and Rolls-Royces, some of the locals in Cloud City found that the owners, who were almost the backbone of the entire Cloud City business community, were there, except for a few even more powerful people who were not there.

"What is this, picking up who, so much noise."

"It should be picking up someone from the Heavenly Family, besides the Heavenly Family, who else in Cloud City is qualified for such treatment."

"This kind of specification, at least it has to be the old man of the Tian family, but I haven't heard of the old man leaving Cloud City lately."

Tian Changsheng's name in Yun City was very loud, almost everyone knew it, but they also knew that Tian Changsheng hadn't left Yun City since he stepped down as the chairman of the Tian family, how could it be Tian Changsheng when these people picked up.

Some of the passengers who should have left, at this time they all stayed where they were to watch the excitement, wanting to see which big person they were welcoming for such a big row.

At this moment, a young man, followed by a young sister and an old man, walked out of the airport, and the doors of all those luxury cars opened at the same time.

The scene was shocking, after all, the total value of the luxury cars here added up to tens of millions.

"Who is this young man, he actually wants to be greeted by so many people."

"I've never heard of it before, strange, could it be a big shot from out of town?"

"I see like, just look at this young man's extraordinary temperament you can tell it's not an ordinary person."

The crowd of onlookers crossed their ears, but the three people who came out didn't look too good, especially the old man Wang Mao.

These people who came in the limousine were from the Cloud City Go Association, and the reason for their appearance was something Wang Mao could think of with his toes.

Han 3000 lost the match, discrediting the Cloud City Go Association and making them lose face, with the stubborn and arrogant attitude of these old things, how could they let Han 3000 go?

"Han 3,000, you're really good, you're not convinced that we're forcing you to compete, so you deliberately lost so that we can follow you and be humiliated, right?"

"Little bastard, this is the dumbest decision you've ever made in your life, to go against us, do you know what the consequences are?"

"If you don't want to go, we won't force you to go, but if you go and deliberately lose the match, you're not taking us seriously."

Several people looked at each other angrily and accused Han Qianli, who had a flat expression and didn't even look at these people.

Wang Mao learned from Tianchang Sheng that Han 3000 was not easy to mess with, so he didn't want to see what would happen to these old fellows after they angered Han 3000 and quickly stepped in as a peacemaker.

"There's a reason why Han 3000 lost, I'll explain it to you guys slowly when we get back to the association, there's a lot of people here, it's better to go back." Wang Mao said.

"Wang Mao, we have you as the president, but it doesn't mean that we people will be afraid of you, you should know very well what position you have."

"Don't think that just because you're a chairman, we have to give you face, weigh your own weight."

"With your face, it's impossible to get us to let him go."

Wang Mao was highly respected in Cloud City because his Go attainments were recognized by many people, these old guys had no other way to pass their boring time after living a retired life, that's why they joined the Go Association, but as they said, with their status, there was no need to give Wang Mao face.

Wang Mao didn't expect that a friend for so many years would say something like this, it was obvious that he was trying to embarrass him in public.

"Hmph, fine, you guys can do whatever you want." Wang Mao snorted coldly.

"Come take a look everyone, this is the famous wimp Han Qianqian of Cloud City, you should have heard of his great name, I'll let you meet his true self today." A certain person said loudly to the onlookers.

Naturally, there was no need to say how famous Han 3000 was in Cloud City, as soon as this was said, the crowd of onlookers burst out laughing, having heard of many things about Han 3000, but having never seen the Wimpy Honcho before, today was an eye opener.

"I didn't expect it to actually be him, a wimp, how ridiculous, I thought this was to pick up some big shot."

"It seems that this wimp didn't miss a beat, not to mention eating the Su Family's soft rice, and causing such a big trouble for the Su Family."

"Hey, it's a pity that this woman Su Yingxia is actually married to such a useless man."

Chapter 251

Listening to the onlookers jeering at Han Three Thousand, the man who had just picked out Han Three Thousand's identity looked proud of himself for what he had just said, if it wasn't for him, how would those people have recognized Han Three Thousand's true identity?

"Han Three Thousand, you should thank me, if it wasn't for me, you'd only have a reputation, but it's different now, soon everyone in Cloud City will recognize you." The man said with a smile.

When had Han Third Thousand not been humiliated, from the age of twelve, his days were no longer the posture of a wealthy young man, ignored by outsiders and belittled by his closest relatives, these cold-eyed taunts were nothing to him, not even a flesh wound.

After marrying into the Su family, Han Qianqian no longer cares what outsiders think of him. He once told Shi Jing that a gentleman who hides his weapons and waits for an opportunity to make a move is deliberately holding back in order to pave the way for greater ambitions in the future.

The current Han Sanqiang pursued more than just replacing the Han family with a new one, he wanted to find Han Tian Yang, even if Han Tian Yang was truly dead, he wanted to dig up the enemies of the Han family back then and find out how they actually treated Han Tian Yang, Han Sanqiang had to make them pay the price for that!

Looking at the Go Association's crowd with cold eyes, Han Qianli only said one word: "Roll."

As soon as this word came out, the Go Association's people were all stunned, while those onlookers were dumbfounded.

Who was he?

He was Han Qianqian, the famous wimp of Cloud City.

And standing in front of him was one of the top businessmen in Cloud City, and he was telling these people to get lost!

"F*ck, this Han Qianqian is desperate, he actually told these people to get lost."

"He eats Su Yingxia's soft rice, even though Su Yingxia is now the chairman of the Su Family, what is the Su Family to these people?"

"They say that a dog fights with a man, but I didn't expect that this wimp of his would be floating around now ah, he wouldn't think that after Su Yingxia became the chairman of the board, he would have the right to mess around in Cloud City."

"How could Su Yingxia be married to such a person? There's no use at all, and it will attract big goods to the Su Family ah."

The spectators shook their heads, offended by these people, how could the Su Family Company still have a good life? If Su Yingxia knew about this, I wonder how she would feel, would she regret not divorcing Han Qianqian earlier?

When the Go Association crowd heard Han Qianli's words, they were completely furious, they had come to settle scores with Han Qianli, but Han Qianli didn't take them seriously and told them to get lost!

"Han Qianqian, what kind of thing are you that you dare to tell us to roll."

"Do you believe that I can play dead with the Su Company in less than a week, and then you'll be the dog of death, do you think Su Yingxia is qualified to help you?"

"Dogs who don't know what's good for them, kneel down and apologize to us, otherwise, this matter will not be rested."

Han Qianli swept a cold eye over the crowd, he had just returned to Cloud City and still didn't know what Su Yingxia's situation was, if he spent any more time with these guys, he was afraid that he would delay saving Su Yingxia.

"Play dead you guys, I don't need a day." Han Qianli pushed the crowd away and strode away.

This action once again made the Go Association's crowd furious, a few old things were green in the face, they thought they could accuse Han Qianli from on high and trample on his dignity as they pleased, but this was the result, being ignored by Han Qianli.

With so many people watching, if they didn't let Han Qianqian and the Su Family pay the price, where would they put their old faces.

"I want this brat to regret it, and I want the Su Family Company to give him a funeral."

"A day to play us to death, the young people nowadays are really arrogant, since he likes to brag, let him see what we're capable of."

"I'm very much like seeing if Su Yingxia will kick this wimp out of the Su family after they go bankrupt."

Based on old friends, Wang Mao, who hadn't left yet, kindly reminded, "I advise you guys to do more with less in this matter, there's no need to make trouble for yourselves."

"Wang Mao, your Go Association would have collapsed long ago if it wasn't sponsored by us, so there's no need for you to interfere with our affairs."

"Starting from today, I'm quitting the Go Association."

"I'm also quitting."

"I'm also quitting."

Wang Mao heard these words and laughed, as if relieved.

These old things didn't miss old times, so he wouldn't need to treat them as friends.

"Okay, I'll watch Han 3,000 banquets and watch your high building collapse, so don't come to me for help when the time comes because I can't help." After saying that, Wang Mao turned around and left.

After Han Three Thousand and Chi Yi Yun left the airport, they headed directly towards Mordor.

"I'll send you home first." Han 3,000 said to Chi Yiyun, his other connections in Cloud City were still unknown to Su Yingxia and he didn't want to expose them so soon, and Chi Yiyun was Su Yingxia's sister, if Chi Yiyun knew about this, she would definitely tip Su Yingxia off, so Han 3,000 didn't plan to let Chi Yiyun go with him.

Qi Yiyun was a very smart woman, Han 3,000 wanted to find Su Yingxia out, she would definitely use the energy of the grey area, and because of this, Han 3,000 didn't want her to follow along, he was worried about telling Su Yingxia something she didn't know, as long as Han 3,000's concerns in this regard were addressed, she would be able to follow along.

"Are you afraid that I'll see something I shouldn't and then tell Su Yingxia? Don't worry, I saw you at the boxing ring, but I didn't tell her." Chia-Yun said.

The boxing ring?

Han Giangli was shocked, how did she know about the boxing ring!

"Don't be so strange, I was just curious about that place, so I went to take a look, but I didn't expect to happen to meet someone I know." Chi Yi Yun smiled.

The boxing gym was not a place that one would normally go to, it was filled with hostility, and it was precisely the kind of place that people with hostility would go to vent their anger, and from the looks of it, Chi Yi Yun was just a very quiet woman, so how could she have hostility?

And just explaining it with curiosity seemed a bit weak, for a good girl, even if she had the greatest curiosity in her heart, she couldn't go to that kind of place.

"I didn't think there was a hidden side to you, should I know more about you?" Han Qianqian said indifferently, having investigated Qi Yiyun's background before, there was nothing strange about it, but Qi Yiyun's behavior made Han Qianqian feel extraordinary, and thinking carefully about Qi Yiyun's background, the more there was no problem, the more one felt that there was a bigger problem instead.

Why would a family that worked in agriculture suddenly go abroad to do business?

"If you want to get to know me, I'll always give you the chance." Qi Yiyun smiled.

Han Giangli no longer spoke, and since Chi Yiyun knew what he was doing in the boxing ring, it was no big deal to let her tag along to the Magic City.

When they arrived at the Magic Capital, Mo Yang, Lin Yong Blade Twelve and Thirteen were there, as they had received a call from Han Three Thousand yesterday and had sent people all over the city to find out where Su Yingxia was.

"How's it going?" After seeing Mo Yang, Han Qianli asked directly.

"There's still no news about my siblings, among the Skynet surveillance, they were seen being taken away by a car, this driver should be very familiar with the surveillance of every street, avoiding almost all of the surveillance cameras, so where he went now, it's not easy to find out." Mo Yang said, this matter he was very anxious and also did his best, sent out thousands of people, almost all night without rest, only to this day still nothing.

Han 3000 cold face, this matter was started because of Shangguan black and white, if he just used this matter to coerce Han 3000 to lose the competition, then he should release Su Yingxia now, but now Su Yingxia also did not show up, this matter is obviously not very simple.

"What's going on, how could someone kidnap siblings?" Mo Yang was puzzled, in his opinion, Han Marchan shouldn't have offended anyone, so how could this happen.

"It's not important, what's important is how I can find Ying Xia." Han Qianli said in a deep voice, finding Shangguan Black and White for revenge, this was a must, but revenge was a long way off, and the most important thing right now was to ensure Su Yingxia's safety.

"Don't worry, as long as my younger sister is in Cloud City, I'll definitely be able to find her, even if I have to dig three feet into the ground," Mo Yang said.

Just at this moment, Han Qianqian's phone rang and the caller displayed the word wife.

Chapter 252

With Han Qianqian's frightened heart, even if Mount Tarzan collapsed in front of him, he wouldn't be shaken in the slightest, but when he saw the phone's caller ID, he was incomparably nervous, so much so that his hands trembled slightly.

Seeing this scene, Chi Yi Yun secretly shook her fist, can a mere phone call make you so nervous? Why do you have such deep feelings for Su Ying Xia!

For three years, the Su family has been humiliated, so why do you still want to fall in love with Su Yingxia, why do you still love her so much?

As a man, can you really throw away all your dignity for her?

In fact, it wasn't just Han Qianqian who was nervous, Mo Yang also unconsciously rubbed his nose, which was also a sign of his nervous movements.

Others may not be clear about Han Qianqian's feelings towards Su Yingxia, but he is witnessing all of this, a full three years of rain and wind, can this be an ordinary person can do?

"Quickly pick it up, what are you waiting for." Mo Yang reminded to Han 3,000.

Han Three Thousand took a deep breath and pressed the answer button.

"I want one billion." After the call was answered, a deliberately altered voice came from the other end.

"Fine, how do I make the deal, how do I make sure she's safe now." Han Giangli said without hesitation, don't say a billion, as long as Su Yingxia was safe, so what if ten billion?

"Your loser husband wants to talk to you, so speak up."

"Three thousand, I'm fine, don't worry about me."

Su Yingxia's voice came out, and from the tone of her voice, she could sense that nothing was different, which made Han 3,000 feel relieved.

"Now feel at ease, I'll contact you again when the money is ready." The other end of the phone hung up directly.

Han Qianli instantly squeezed the phone into shape and gritted his teeth as he said to Mo Yang, "It's Su Haichao, find Su Haichao for me!"

Su Haichao deliberately lowered his voice to change his tone, but to Han Giang, his tone was very familiar, with mockery and contempt, which was Su Haichao's usual style, he had always been superior in front of Han Giang.

Previously Su Yingxia had also mentioned that Su Hachao had been kicked out of the Su Family Company, but Han Qianqian couldn't figure out why Su Hachao would be connected to Shangguan Black and White.

This old thing kidnapped Su Yingxia with the intention of letting Ouyang Xiujie win the competition, now that the competition has ended, he should have released Su Yingxia, but it was Su Hechao who kidnapped him, how could Su Hechao, the down-and-out dog, easily release Su Yingxia?

Or that such as a pile of garbage in the room, Su Hai Chao with a headgear, tattooed man has been killed by him, because he was not willing to let go of Su Ying Xia, and tattooed man started an argument, accidentally accidentally killed the tattooed man, now carrying a human life, Su Hai Chao the only way he can think of escaping responsibility is to leave Huaxia, so that's why the lion's share of Han 3000 to one billion.

And this one billion, is Su Haichao carefully calculated, the current Su family company, the most limit can take out this much money, of course, this money, also means that the company will go bankrupt, Su Yingxia, the chairman of the board will also cease to exist.

He didn't just want to take the money, he also wanted to take revenge on Su Yingxia, and by the way, make sure that Han 3000 would never have soft rice to eat again.

"Chairman Su, the Su family is going bankrupt, how do you feel about it?" Su Haichao said to Su Yingxia.

Su Yingxia had felt that Su Haichao was very familiar before, although he wore a hood that made it hard to see his face, but his figure backstory was increasingly allowing Su Yingxia to see the flaw.

"Su Haichao, the Su family won't go bankrupt, and you won't get a billion." Su Yingxia said indifferently.

Hearing Su Yingxia directly call his name, Su Haichao's figure shifted and mischievously stood up.

"You don't get excited, I already guessed that you are Su Haichao, even if you don't admit it, so what, and it's hard to speak with your voice pressed, right?" Su Yingxia said.

Su Haichao took a few deep breaths, thinking about getting the money to go abroad anyway, even if Su Yingxia recognized it, so what, when he went abroad, who would still be able to find him?

Pulling off the hood, Su Haichao looked at Su Yingxia with a fierce face and said, "So what if you know, you will soon become a dog of the family, Han Giang will not even have a chance to eat soft food this time, while I get a billion dollars but can get away with it, Su Yingxia, you didn't expect to have today, right?"

"A billion may be just a little bit of money to him, but do you have a life to spend when you get the money?" Su Yingxia said.

Su Haichao laughed, a billion trifles? Didn't I hear it right, she didn't need to brag so much even if she wanted to help Han Giangli save face.

Digging her ears to Su Yingxia, she said, "You're so good at bragging now, and don't even think about whether I'll believe it or not?"

Su Yingxia smiled faintly and said, "How would someone like you know how powerful he is."

"Awesome? Something that eats soft food can actually be said to be powerful." Su Haichao nodded his head and continued, "It's indeed quite powerful, a grown man, relying on a woman to feed him, shameless, to be able to do his level, it's indeed considered powerful."

Su Yingxia shook her head, this kind of thing, she was also unclear, much less able to explain it to Su Hachao, but she knew that Han Qianqiang would never let Su Hachao off easily, he repeatedly sought death, this time there would never be a good end.

"I hope you don't regret it." Su Yingxia said.

"Regret? When this wimp kneels in front of me, you'll know if I'll regret it." Su Haichao sneered.

At this time, Han Qianqiang, having a goal, asked Mo Yang to take people to Su Hai Chao's house, as long as he had an appearance somewhere, he would be able to find out.

Su Guolin and his wife were now completely reduced to civilians, Su Hachao was kicked out of the Su family company, Su Guolin was also affected by the calamity, and now without a job and financial resources, they were living a tight life and didn't even have the strength to eat a good meal.

This matter, Su Guolin didn't blame Su Hachao to his face, but there must be a lot of complaints in his heart, if not for Su Hachao making so many things, their family wouldn't have fallen into such a bad situation, and now the Su family relatives to avoid suspicion, no one is willing to deal with them.

The door to the house was kicked open with a bang, down to the old couple shaking on the couch.

When Su Guolin saw Han Qianli, an angry expression appeared on his face, standing up and shouting angrily, "Han Qianli, what are you doing!"

Han Giangli walked up to Su Guolin with a cold face and asked, "Where is Su Hai Chao?"

Su Guolin had always looked down on Han Three Thousand, but he had kept a low profile for so many years and was tolerant enough to swallow his pride, so Su Guolin didn't have much of a problem with him, but now, after Su Yingxia became the chairman of the board, he didn't expect this wimp to follow suit and be arrogant, directly breaking into his home.

"Han 3,000, you're also really arrogant now, after Su Yingxia became the chairman, you're lawless, right? We don't work for the company anymore, so what right do you have to be arrogant in front of me." Su Guolin said.

"I'll ask again, where's Su Haichao?" Han Qianli coldly said.

Su Guolin was furious, a wimp who relied on women for a living, flaunting his power in front of him, wasn't he just a broken chairman? It actually made him, the little white guy, rise to heaven as well.

Su Haichao was so capable, yet he didn't live as well as a loser like Han Qianqian! God is so f*cking unfair.

"I don't know, and even if I did, why should I tell you what gives you the right to ask about our family," Su Guolin said.

Han Qianqiang suddenly grabbed Su Guolin's collar and pulled Su Guolin to himself with great force, due to their height difference, Han Qianqiang was practically looking down on Su Guolin.

"What are you doing, let go of me." Su Guolin said in shock.

His wife also instantly ran to her side, pulling on Han Three Thousand's clothes and cursing angrily, "What are you doing, you wimp, let go of my husband."

"I want to know where Su Haichao is, speak up."

"Han Three Thousand, what right do you have to boss me around, you're just a f*cking loser, a loser who lives off women, what is my son doing, why do I have to tell you, do you think that all men under the heavens are like you when it comes to being a little white man? Su Haichao is much more productive than you, of course he's going to make money." Su Guolin said.

"Make money? The way he makes money is by kidnapping Su Yingxia for ransom?" Han Qianqiang pushed Su Guolin away.

Chapter 253

Kidnapping!

When these two words reached Su Guolin's ears, his face instantly turned pale.

Su Guolin was a very ambitious man, he had always wanted Su Hechao to take charge of the Su family, and now that the company was in Su Yingxia's hands, he was so unhappy that he had even thought of all sorts of shameless ways to deal with Su Yingxia, hoping to get Su Yingxia to step down and allow Su Hechao to regain control of the company.

But all of his thoughts were limited to fantasies, and his guts simply couldn't hold up his ambitions.

Now that he learned that Su Hachao had even kidnapped Su Yingxia, how could he not be afraid!

It's a prison thing, and he's only got one son to retire to, so if he goes to prison over this, how is he going to live in the future!

"You're farting, don't slander my son, how could my son do such a thing." Su Guolin said emotionally.

"Would I joke with you about such a thing?" Han Qianli coldly said.

"Why wouldn't you be, you're jealous of Hai Chao's talent, jealous of his abilities, for a little white guy like you, you'd be ashamed of yourself even standing in front of him, there's nothing you can't do." Su Guolin said, where did he get the strength to say this, there was no way to know, it seemed that in his eyes, only Su Hai Chao was excellent in the whole world.

"Talent?" Han Qianqian laughed disdainfully, "Su Hachao, this piece of trash, has dragged the company down more than once, and he still has talent? Is his talent to make everyone suffer along with him? He's just an idiot."

The word idiot made Su Guolin angry, Su Hai Chao had indeed done some stupid things, but it wasn't something Han Qianqian was qualified to critique.

"You're the idiot, the idiot who eats soft food, people like you aren't qualified to critique Su Hai Chao." Su Guolin raged.

Han Qianli knew that in the eyes of everyone in the Su family, his image as a wimp was already ingrained, and he had no desire to change that now, it didn't matter what Su Guolin thought of him at all, what he needed to know now was where exactly Su Haichao was.

"I'll ask one last time, where is Su Haichao, if I have to find him myself, he'll be dead, you can continue to help him hide it if you want to have no one to give you the end of your life in the future." Han Giangli said with an icy gaze.

Su Guolin still remembered the first time he was afraid of Han Three Thousand when Su Yingxia's family was living in the old house, it was the first time there was a problem with the Weak Water Real Estate, he and Su Hachao personally came to Su Yingxia's door to apologize, it was also on that day that he saw the exact same look in Han Three Thousand as he did now.

Ice cold as frost, making one shudder!

"How dare you you." Su Guolin stammered.

"Do you want to try it? Fine, I'll let you know how serious the consequences are, prepare a coffin for him." After Han Three Thousand turned around to leave.

Su Guolin was terrified that Han Marchant would actually do this, but he thought, how could a wimp like Han Marchant have the guts to kill someone?

But Su Guolin's wife didn't want to lose Su Haichao, even if Han Qianqiang really didn't have the guts to kill Su Haichao, but if the kidnapping thing was true, Su Haichao would go to jail, and she didn't want her son to suffer.

"I know." Just as Han Three thousand walked to the door, Su Guolin's wife spoke up.

Stopping in her tracks, Han Qianqian turned to look at her and said in a cold voice, "I don't have time to waste with you, if you want to mess around with me, Su Haichao will only die a worse death."

Su Guolin's wife shook her head repeatedly and said, "I really know, I have the location of his phone and can find out where he is."

Han Qianli turned to Su Guolin's wife and said, "Give it to me quickly."

Nothing was more important to Han Qianli than finding Su Yingxia, and at the same time, at the Cloud City Airport, a seemingly ordinary white-haired old man with a low-key attire appeared.

If it wasn't for his 1.9 meter straight posture, probably no one would have noticed such an old man.

People who came and went would pay more attention to him because of his height, and only after a closer look would they find that the old man was extraordinary, with a strong aura of oppression, just like a big man who had been in the top for a long time, not angry, just standing there, could give people pressure.

Two days ago, this old man had appeared in Qin City, visiting Jun Han!

Han Jun was crippled in both legs and was now confined to a wheelchair, but fortunately, after Guan Yong escaped from prison, he wasn't beaten and oppressed anymore, and when he learned that someone was visiting the prison, he thought it was Han Qianqiu who had come to flaunt his power in front of him, but upon seeing this old man, Han Jun wept bitterly in front of him.

This old man, who had been a suitor of Nangong Qianqiu in her youth, named Shen Weng, was an extremely paranoid man.

When Nangong Qianqiu married into the Han family, Shen Weng made a vow to never marry for the rest of his life, and he did, never touching any woman and loving Nangong Qianqiu to the extreme.

The news of Nangong Qianqiu's death was very secret, only some of the upper class families in the capital learned of this news, and when Shen Weng found out, he was furious and wanted to snatch back Nangong Qianqiu from the Hell, but such an unrealistic thing could only be thought about, and the only thing he could do was to help Nangong Qianqiu take revenge.

"Do you want revenge?" This was the first thing Shen Weng said to Han Jun.

Han Jun would end up like this, thanks to Han Qianqian, who had dreamt of revenge and had already crippled his legs, and without ambition, he knelt down before Shen Weng.

"Grandpa Shen, it's Han 3000 that killed Grandmother, and he's also the reason I'm crippled, I can't wait to kill him, crush his tendons and skin, eat his flesh and drink his blood."

"I will help you, before you are released from prison, I will find a chess piece to do this for you."

A chess piece, that's why Shen Weng would come to Cloud City.

Shen Weng was already very familiar with the situation in Cloud City, and the first pawn he had planted for Han Jun was Su Hae Chao, as Su Hae Chao also had a great hatred for Han 3000.

Standing at the entrance of the airport, Shen Weng took a deep breath and said to himself, "Yan Jun, I didn't personally take action against Han 3000, it doesn't count as a violation of our agreement."

After getting Su Haichao's location, Han Three Thousand drove over by himself.

It was a very shabby neighborhood, and because the rent was cheap, there were many foreign workers and local thugs living there, so it belonged to a very chaotic place.

When Han Giangli stopped the car, a few thugs at the entrance stared at him.

A few of them were smoking cigarettes and blocking Han 3,000 as if they were dragging a twenty-five thousand dollars.

"Dude, there's a fee to park here, so pay up first." One of them said to Han 3,000.

"How much?" Han Qianli asked with a cold face.

A few people smiled as they saw how easy it was to talk to Han Qianli.

This kind of pie-in-the-sky business didn't happen every day, so naturally, there was a pile of extortion.

"Buddy, this car of yours is hundreds of thousands of dollars, the brothers can help you guard it well, so that it won't be scratched, look at how we have so much manpower, we have to give two or three thousand." The man said.

Han 3,000 yuan took out his wallet, and the man who spoke looked like he was heartbroken, as if he thought he was going to have less and should have more.

But at this time, Han 3,000 threw down a coin, dropping it on the ground with a crisp sound.

"F*ck, what do you mean."

"Sh*t, you think we're barkers, right, and you want to get rid of us for a dollar."

"Dude, I think you're blind, you don't know how good a brother's fists are."

Several people lifted their cuffs and looked fierce.

"I'm kindly advising you guys to f*ck off." Han Qianli coldly said.

"Damn, arrogant in my territory, what are you."

"Brothers, give me a fight and teach this ungrateful guy a lesson."

"If you don't shell out tens of thousands of dollars today, you won't leave."

These people were ganged up hooligans, often extorting working residents in the community, arrogant and accustomed to it, so long has been no trouble, so the more they grew their courage, facing Han 3,000 in their opinion, just fist and kick to teach him a lesson he will be honest.

A minute later, Han Marchan was still standing while several hoodlums all fell to the ground, sobbing ouch.

"Guard the car well, if there's half a scratch, I won't spare you." Han 3,000 said, walking towards the small area.

A few hoodlums knew they had run into a hard target and nodded incessantly, witnessing Han Marchant leave.
