

His True Colors Chapter 259-263

Chapter 259

The old man was extremely arrogant, and these words angered many of the company's employees, but they all dared not speak out, because these people were not simple at a glance, and the company employees were just ordinary people, who would be willing to offend them?

Su Yingxia's assistant Zhong Qiu saw that no one in the Su family was willing to come forward to speak, so she had to step forward.

"Su Dong is not in Cloud City for a few days, if you guys have anything to find her, can't you wait until she comes back?" Zhong Qiu said.

"Not in Cloud City? I think she's obviously hiding on purpose, why wouldn't she be there, who are you to talk to me?" The old man looked at Zhong Qiu with disdain.

Zhong Qiu wasn't a big figure in the company, and she didn't have a say in the company, but now that none of the Su family's relatives were speaking out, she was forced to do so, she couldn't let everyone skip work, but the company could still have things that needed to be dealt with.

"I'm Su Dong's assistant." Zhong Qiu said.

The old man scoffed, just a mere assistant, he actually dared to talk to him.

"A small assistant, I advise you better stop talking nonsense, either contact Su Yingxia, or you should get your ass back and find a new job." The old man said.

Zhong Qiu gritted her teeth and said with a disgruntled face, "Why do you have the authority to block the company, we still have to work, it's against the law for you to do that."

"Breaking the law?" The old man raised his eyebrows, walked up to Zhong Qiu, and looked her up and down, although she wasn't a superb beauty, but she was not bad, and most importantly, she had a good figure, which made the old man's heart overflow with lustful thoughts, and said: "Little girl, go and find out who I, Jiang Fu, am, but Jiang Hai is my son, you are so rash to talk to me, have you thought of the consequences? But don't be afraid, it's not like I can't forgive you if you'll be my secretary."

"Jiang Fu!"

"He's actually Jiang Fu."

"No wonder he dares to be so arrogant, he's the founder of the Jianghe Group."

The crowd was shocked after hearing Jiang Fu's self-reported identity, before they were still curious as to what the status of these old men were, they were blatantly blocking the Su Family Company, but now, they all understood, the Jiang Family's power in Cloud City, that was mostly comparable to the Su Family, only below the Heavenly Family while.

"You are Jiang Fu."Zhong Qiu said with a scared face.

Jiang Fu smiled proudly, he was very satisfied with Zhong Qiu's fearful performance.

"How about it, give me a job as a secretary, I guarantee you an easy job and get more money, think about it."Jiang Fu said.

Zhong Qiu was a person who very much pursued the quality of life, her clothes, bags and cosmetics were all brand names, but at the same time, she also had a strong woman's heart, even if these brand names were bought by her frugality, she would never go on the path of being kept.

Zhong Qiu knew exactly what Jiang Fu's so-called secretary meant, and what she wanted to get, she would get with her own hands, not in this way.

"I know you're rich, but I wouldn't want my life if I got it this way,"Zhong Qiu said.

Jiang Fu had a disgruntled look on his face, he had very little interest in this nowadays, and it was rare for him to have the slightest thought of Zhong Qiu, but he was rejected.

"Hmph, then get lost and go find a job, and by the way, let me remind you that as long as I say the word, no one in the entire Cloud City will dare to use you."Jiang Fu coldly said.

This was not a joke, Zhong Qiu knew exactly what would happen if she was targeted by Jiang Fu, but she would not compromise on that.

"The Su family, it's not that easy to fall, Su Dong's personal ability is very strong, I believe she can survive this."Zhong Qiu said.

Hearing this, Jiang Fu let out a loud laugh, shook his head and said, "So what if personal ability is strong, I want to seal the Su family's cooperation in Cloud City, what else can Su Yingxia do, she's not even an ant in my eyes, your blind confidence in her will only bring despair in return."

Zhong Qiu looked at the Su family's crowd, by now, they still didn't want to come out and say a word, and they could be the top people in the company!At such a moment of crisis, but one by one, they became shrinking turtles.

The Su family people have always been just to eat their own food, never asked about the company's troubles, a bunch of corpses for many years, expecting them to help the company speak, this is simply a fantasy, and not only will they not help the company speak, their hearts are still blaming Su Yingxia, if not for Su Yingxia and caused such a big trouble, how could the company be targeted by Jiang Fu?

"Were none of you able to contact Su Yingxia?What did a bunch of losers grow up eating?"Jiang Fu swept over everyone in the company and asked.

Not only the employees, Su's relatives didn't dare to look directly at Jiang Fu at this time and kept their heads down in silence.

Zhong Qiu really had no choice and said, "I'll call Su Dong right away."

In the hospital, Su Yingxia was peeling apples for Han 3000, the phone rang, seeing that it was Zhong Qiu's caller ID, the first instinct told her that something was wrong with the company, because she hadn't been back in the company for many days, and now what was going on wasn't understood at all.

"Zhong Qiu, what's wrong?" Su Yingxia picked up the phone and asked after handing the apple to Han 3,000.

"Su Dong, Jiang Fu's gang blocked the door of the company, preventing us from returning to work." Zhong Qiu said.

Hearing the name Jiang Fu, Su Yingxia frowned, this old guy had approached her before, and it was because of Han Qianqian, but she didn't expect that he would just block the company's door today!

Su Yingxia didn't understand the reason why things were happening before, but now she knew very well that the first time Jiang Fu and the others showed up at the company, it was to get Han 3000 to go to the Go tournament, because they were all from the Go Association and wanted to have Han 3000 go to make them look good, and now that Han 3000 had lost the tournament, they must have felt that Han 3000 had embarrassed them, and that's why they came back to make trouble.

"Okay, I know, I'll go back to the office right away." Su Yingxia said.

Hanging up the phone, Han Qianli asked, "What's wrong?"

Su Yingxia sighed and said, "The company still has some documents I need to sign."

She didn't intend to tell Han Marchant about this, after all, Han Marchant still had an injury right now, healing was the most important thing, and she couldn't let these trivial matters delay his recuperation.

"Then hurry back and get busy, I'm alive and well and can take care of myself." Han Giangli said.

Su Yingxia nodded her head and said, "What do you want to eat for lunch, I'll pack it up and bring it to you."

"I'll eat whatever I want, if you're busy, you don't have to come over for lunch," Han Giangli said.

"Okay, call me if you need anything," Su Yingxia said.

After being taken care of by Su Yingxia all night, Han Giang was already satisfied, so there was no loss of emotion in his heart after Su Yingxia left.

Suddenly thinking about the matter of the Earth's core prison, and not knowing what the situation of the gopher was now, the signal receiver Han 3000 carried with him at all times, just in case he missed the news sent back by the gopher.

In the past, Han Three Thousand considered taking care of Su Yingxia as the first priority in her life, but now, the matter of whether or not Han Tian Yang was still alive had taken up the same position as Su Yingxia.

It's a pity that it's impossible to guess when we'll be able to get the news about this matter, so Han has no choice but to wait endlessly.

After Su Yingxia drove to the company, all the employees were gathered at the entrance, and a few old men sat at the entrance.

Jiang Fu sat in the middle of the most, because he was in the highest position in this group of old men, since his retirement, Jiang Fu no longer enjoyed the attention of all the people, at this time the heart was still quite proud, although older, but people's vanity never diminished.

"Su Dong is here!"

"Finally, we're here, I wonder if Su Dong can find a way to resolve this matter."

"Hey, I think it's hard, what kind of person is Jiang Fu, but he's much higher than Su Dong, and these old men aren't simple people, they're teaming up to target the Su family, maybe we'll really lose our jobs ah."

Zhong Qiu ran to Su Yingxia's side at the first time and said, "Su Dong, these people came to look for trouble for no reason, it can't be a competitor deliberately trying to bring us down, right?"

Su Yingxia shook her head and didn't speak, walking directly to Jiang Fu and the others.

Chapter 260

"Can't help it after being a shrinking violet for so long? Are you finally willing to show up?" Jiang Fu said to Su Yingxia with a smiling face.

"Is Han 3,000 obligated to have to help you win the match?" Su Yingxia said in a cold voice, since she knew what these old things were here for, she didn't need to beat around the bush.

Now the Cloud City Go Association has become the biggest joke in the Huaxia Go world, although they have promptly withdrawn from the Go Association, they still can't avoid losing face, this kind of dignity being ridiculed, making a few old guys very angry, at this time to hear Su Yingxia say so, even more so to anger.

"Su Yingxia, you'd better pay attention to the way you speak, one word from me, Jiang Fu, and your company will be finished in Cloud City." Jiang Fu coldly said.

"If you guys are so capable, why don't you go to the competition by yourselves? Can you win, or do you? Or maybe it's you?" Su Yingxia casually pointed at a few people and said disdainfully.

The expressions of the few people being pointed at became extremely ugly, if they were capable, why would they have let Han Marchand do this? It was precisely because they were incapable and wanted to enjoy the honor that they forced Han Marchand to compete.

Of course, the so-called forcing was just wishful thinking on their part, if it wasn't for Su Yingxia, even if the King of Heaven came, he wouldn't be able to sway Han Three Thousand's decision.

"Su Yingxia, we only need Han Qianli to appear and kneel down to apologize, don't be so deathless."

"This shabby company of the Su family can't fight us, I suggest you better think it over."

"It won't do you the slightest bit of good to patronize this kind of wimp, and his reputation as a loser is known throughout the city, just making him kneel down and apologize, what's the loss to the Su family?"

The first time I heard the words of a few people, Su Yingxia looked cold and crisp, Han Three Thousand is indeed not false to be treated as a wimp, even the entire Cloud City's people think so.

But in Su Yingxia's eyes, Han Three Thousand wasn't a wimp, he was just low-key and unassuming.

"He's my husband, I naturally want to help him, and this matter is not his fault, it's you who have repeatedly gotten away with it, why should he apologize?" Su Yingxia's attitude was tough.

Jiang Fu gritted his teeth as he looked at Su Yingxia, he had thought that threatening Su Yingxia would be enough to make Han Qianli come out and kneel down to apologize, but he didn't expect Su Yingxia's attitude to be so strong, not putting them in his eyes at all.

"Honey? How dare you admit this loser is your husband? Who in the entire Cloud City knows that you haven't let him touch it for three years, could it be that you've resigned yourself to your fate now, preferring to hold a wimp and let the entire Su family fall into the watery heat?" Jiang Fu said.

The things about Han 3000 and Su Yingxia were all rumors in Cloud City, Han 3000's reputation was loud and clear, and Su Haichao had absolute credit for it, but it was all just before, and it was never like that now.

Su Yingxia went from hating to changing her mind about Han Qianli, to admitting her feelings for Han Qianli, until now several times hinting at a conjugal relationship with Han Qianli, if it wasn't for Han Qianli's own brain, they should have had a conjugal relationship long ago.

"Jiang Fu, you're also an old man, do you still have to be so shameless as a human being? He can't lose if he enters the competition, he must give you guys face, what right is there to force him to do something he can't do himself, haven't you ever heard the saying, "Don't do unto others what you don't want done to you?" Su Yingxia said.

The attitude of Jiang Fu and the others was strong and high-minded because they thought they had successfully threatened Han 3,000 for the first time, which had established a feeling that Han 3,000 could be ravaged at will, and that was why they continued to get their way now.

Moreover, Han 3000 easily won against Ouyang Shuojie in the association, how could he lose when he went to the competition? So in their opinion, it wasn't that Han 3,000 couldn't win, but that he was deliberately embarrassing them and deliberately antagonizing them.

A mere wimp, what qualifications did he have to go against them?

That's what people like Jiang Fu think, strong and unreasonable!

"What's the use of talking so much nonsense? We only have one demand, let Han 3,000 appear immediately right now and kneel down to apologize to us, or else your company will be waiting to go bankrupt." Jiang Fu said, not having the slightest intention of backing down.

As soon as the Su family relatives heard that this matter was actually started because of Han Three Thousand, one by one, they were furious, the company had a hard time catching their breath, and now they were causing so much trouble because of Han Three Thousand.

"Ying Xia, you have to think of the overall situation of the company, Han 3000 has offended Jiang Lao and the others, what's wrong with having him come out and kneel down to apologize, it's the right thing to do."

"Yeah, you can't harm the company because of Han Qianqian, the trash, you have to think carefully."

"Although we don't have a say in your current chairmanship, is it worth it to drag the entire company down to harbor this kind of trash?"

A few Su family relatives persuaded Su Yingxia with a look of good intentions.

Su Yingxia smiled coldly, if it wasn't for Han Qianli, the Su Family Company would have ceased to exist long ago, these things are just Han Qianli's reluctance to mention it, this group of maggots with bones attached to their bones, but they still want to make Han Qianli kneel down in exchange for the company's stability.

She knew that these people didn't really care about the company, they were just worried that they would lose their jobs if the company collapsed, and it wasn't their loss to have Han Marchan kneel down and apologize, so they naturally thought it was no big deal.

"In the matter of the company, since I'm the one in charge, you have no right to dictate my decisions, making Han Saniang apologize, never." Su Yingxia said.

"You"

"Ying Xia, do you want to see the company go under?"

"I thought you were wise before, but now it seems that I overthought it, you're just a confused person who doesn't know what you should do."

The Su family relative said to Su Yingxia in annoyance.

Although Su Yehan didn't say anything at the side, but in her heart she was very happy to see this kind of situation, the Su Family Company collapsed, Su Yingxia would no longer be the chairman of the board,

and would not be qualified to stand tall in front of her, she inwardly wished that the company could collapse sooner, and let Su Yingxia fall from the chairman's position sooner.

"Su Yingxia, we're all doing this for the good of the company, you have to be stubborn and go against Jiang Lao, it's a dead end." Su Yeh Han said.

When Jiang Fu heard this, he said proudly, "It seems that it's still these people under you who are sensible and know that I, Jiang Fu, am someone who can't afford to offend, I'll give you one more chance, immediately let Han Qianqian come out and kneel down to apologize to us, I can pretend that today's incident didn't happen."

Su Yingxia ignored Jiang Fu's words and said to the employees of the company, "From today onwards, one week's paid leave, if you believe in the company, wait for my good news, if you think the company will be finished, you can go find your next family in advance, I, Su Yingxia, will never have any opinions."

Once this statement was made, the whole place exploded, the company only slowed down, there was still a lot of work to be done, a week's paid leave, this would undoubtedly be a huge loss for the company.

But on the other hand, Su Yingxia's boldness was also unconvincing, she showed strong confidence, giving people the impression that the company would survive even if it was targeted by Jiang Fu.

"Su Dong can be really courageous, taking a week off with pay!"

"The company's still a mess, can you really survive a week's vacation?"

"I don't think Su Dong would joke about such things, but she acquired the company to become the chairman of the board, she might have a golden master behind her, and the golden master's financial chain should be very strong."

"Cloud City is going to be lively this time, I don't know who will have the last laugh."

As the crowd of employees whispered, Jiang Fu's gang looked extremely pale, the attitude Su Yingxia showed, not giving an inch, was something they hadn't expected.

Of course, if they really wanted to target the Su Family Company, it would be an easy thing for them to do.

"Su Yingxia, I am impressed that you have such courage at such a young age, but you are still too young in the matter of shopping malls, there is no regret in this world, I hope you can bear the cost of this matter." Jiang Fu said in a cold voice.

"Jiang Fu, I hope you don't regret it." Su Yingxia called him by his first name, no longer having respect for Jiang Fu as a senior.

Jiang Fu took a deep breath and said, "For ten days, the Su family will not boast, and everyone can testify that I, Jiang Fu, changed my surname."

Chapter 261

Jiang Fu's words were like a military order, causing the people present to be chilled to the bone.

The fact that he was able to say such words indicated that he was iron-hearted and would not let Su Yingxia go.

From the comparison of the strength of the two sides, Su Yingxia had absolutely no half chance of winning.

The Su family was only a second-rate company, but the River Group was just below the Tian family, not to mention that there were several other people of not low status, and they were joining forces to change the business landscape of Cloud City, who could withstand this except the Tian family, which could not be shaken?

In the eyes of many, the company is already powerless, and how can it still survive under the suppression of Jiang Fu and others?

There were even people who felt that Su Yingxia was not worth it, and that it was simply foolish to risk the entire company's future for a wimp.

Especially those relatives of the Su family, burning with anger, it was not easy to keep an iron rice bowl, just because of Su Yingxia's unwise decision, once again let the company into the hot water, so that they face the crisis of unemployment.

Unfortunately, the company was now Su Yingxia's sole ruler, they were just employees, and there was nothing they could do about this situation.

"It's so hilarious, I didn't miss any good fun, right?" In the crowd, after a familiar voice sounded, Su Haichao walked out.

"Su Haichao, what are you doing here?" Su Yingxia looked at Su Haichao with cold eyes, if this guy hadn't kidnapped her, how could Han Giang lose the match!

Su Haichao was full of smiles, this was happy from the bottom of his heart, because with the money Shen Weng gave him, he could create his own company and get back to his identity as Duke Su.

"I'll see how you killed the company, no?" Su Haichao smiled and said.

"Of course you can, you can wipe your eyes to see how the company established and grew in Cloud City." Su Yingxia said.

Su Haichao seemed to have heard a joke and let out a loud laugh, with just one family's abandoned son, she could have such a strong foundation, she really didn't have any self-awareness at all.

"Su Yingxia, you are really confident, I hope that when the company goes bankrupt, you will still be able to say such words." Su Haichao said.

"It's none of your business here, nothing about the company has anything to do with you, you'd better get out." Su Yingxia said in a cold voice.

Su Haichao's face was cold, let him roll? Does Su Yingxia have the qualifications, he is now holding the financial chain, he can create a company of the same size as the Su family at any time, why is Su Yingxia talking to him like this?

"Su Yingxia, you don't consider the consequences for these relatives, but I can't let them suffer with you, so I came today, I have good news to tell them." After Su Haichao finished speaking, he looked towards the Su family's relatives and continued, "I'm going to open a company and have already got a billion dollars in my hand, if you're willing to follow me, I'll give you the same company status."

As soon as the Su family's relatives heard this, they immediately became agitated.

Su Haichao had even gotten a billion dollars and was creating a company, this was a good thing for them because the Su family's company was clearly hopeless, if they could follow Su Haichao again, they would naturally be willing to do so.

"Haichao, you're not kidding, you really want to start a company?"

"How come you suddenly have a billion dollars, that's no joke."

"If you really opened a company, we would definitely back you up."

The Su family's relatives' rebellion was faster than the Sichuan opera changing faces, and one by one, they looked at Su Haichao expectantly.

"Of course I'm not joking, someone saw my talent, so they are willing to invest a billion dollars to let me develop in Cloud City, I am mindful of the fact that we are all relatives, so I am willing to give you a chance, if you don't believe me, then forget it." Su Haichao said indifferently.

"Believe, of course I believe, I'll follow you."

"I'm also following you, this stupid company, I don't want to stay long ago."

"Su Yingxia has no leadership ability at all, the company will be destroyed sooner or later in her hands, now that there is such a good opportunity in front of us, why wouldn't we want to?"

Listening to the words of the crowd, Su Haichao's face smiled out of flowers and proudly said to Su Yingxia, "It seems you don't quite have the people's hearts, they all actually want to follow me."

"This bunch of assholes, I'm grateful if you want to take them away." Su Yingxia smiled, she didn't care at all about the betrayal of her Su family relatives, because this itself was a bunch of people who knew nothing, and had no contribution to make except for trying to make money in the company.

"Su Yingxia, what do you mean!"

"You deserve to have the company destroyed in your hands, what qualifications do people like you who don't know what's good for you have to be the chairman."

"You are a junior, we as elders, we don't want to bother with you, so behave yourself, offending Jiang Lao will be the thing you regret the most in your life."

A group of people accused Su Yingxia, Su Hachao saw this situation, the more the smile on his face thickened.

"Hey, Su Yingxia, you think too highly of Han Three Thousand, he can't do everything, just wait to regret it and see what else this wimp can help you with," Su Haichao said with a sigh as he shook his head.

If Han 3,000 was a member of the Han family, then it would be worth the scruples, and Su Hachao would never dare to do anything against Han 3,000, but he had already been abandoned by the Han family, and even if he had made some money from the Han family back then, it should be almost used now.

The mountain waist villa and the acquisition of the Su family company, these two things in Su Hachao's view, Han 3,000 has almost spent all the money taken from the Han family, without money, how can Han 3,000 still help Su Yingxia?

And now that he had Shen Weng as his backing, the billion was just an initial investment, he could still find a way to continue to get money in Shen Weng's hands, with such a backing, it was only a matter of time before he stepped on Han 3,000?

"Su Haichao, you've only tasted a bit of sweetness, don't get complacent too soon, you should know that you're a puppet." Su Yingxia disdainfully said.

The word puppet kind of stung Su Haichao's heart, he could be high and mighty in front of people, but he was just a dog in front of Shen Weng, but it was good that he knew this kind of thing himself, he didn't need to be reminded by others.

"Su Yingxia, even if I'm a puppet, I'm better than you, who is about to go bankrupt, is there any point in talking tough in front of me?" Su Hachao said.

"The truth will show you who is the final victor." Su Yingxia said indifferently.

"The victor?" Su Haichao smiled gloomily and said, "Today, I'll show you what a winner is."

After saying that, Su Hachao looked to the other employees of the company, and continued: "Who is willing to work in my company, I can not only give you better treatment, but also give you a more stable working environment, now you have seen the situation of the Su family company, offended Jiang Lao, the Su family company is finished is just a matter of time, you have to think for yourselves, now there is a chance to put on in front of you, if you miss it, it will be too late to regret."

Su Haichao's words moved many people, as most of the people present didn't think that Su Yingxia could survive this difficult time, once the company went bankrupt, they faced losing their jobs, and now, Su Haichao was willing to take the initiative to recruit, this was a rare opportunity.

Zhong Qiu saw this situation and was anxious, the company was in trouble, if all these people left, it would undoubtedly add insult to injury for the company.

"How Su Dong treats you guys, you should know very well, now that the company is in trouble, we should all get through it together." Zhong Qiu said.

"How to tide over it? How is Su Dong going to fight with Jiang Lao except to make that wimp apologize."

"Yeah, unless Su Dong is willing to make Han Qianqian kneel down and apologize, otherwise we'll have to leave, who wants to ride on their future."

"We have to live too, we can't even lose our own future for the company, right."

The rebuttal voices continued to ring out, more and more people stated their position and were willing to work in Su Hai Chao's company, and for a time, internal conflicts erupted, causing the Su Family Company to truly be in crisis.

Su Yingxia didn't think that things would progress to such a stage, those relatives of the Su family had no loss to the company if they left, but among these employees, there were many company spine, once they left, the company would be really in jeopardy.

"Whoever wants to leave, I will never force them to stay." Su Yingxia took a deep breath, even if the entire company was gone, she would never let Han Marchant come out to apologize.

Chapter 262

"Su Dong, I'm sorry, we have to live too."

"Hey, it's really not worth it to lose the whole company for a wimp."

"It's better to leave early, or else you'll lose your job sooner or later."

Su Yingxia stood on the cusp of the storm, watching her old subordinates, all of whom had thrown themselves into Su Haichao's new company, only Zhong Qiu was still standing by her side.

"Su Dong, I believe in you, I'll be with the company through thick and thin." Zhong Qiu said to Su Yingxia with a firm look, although she also felt that this difficulty was very big for the company, but Su Yingxia was very good to her, she would never be ungrateful at this time.

Su Yingxia smiled happily and said, "Don't worry, I won't let you down."

"Tsk tsk tsk." Su Yehan walked up to Su Yingxia with a sigh on her face, and said in a gloomy manner, "You're really devoted, how come I didn't see that you had true feelings for that trash before, you actually didn't even care about the safety of the company for him."

"Su Ye-han, this has nothing to do with you, shouldn't you be happy when the company collapses?" Su Yingxia said.

"Of course." Su Ye-han nodded without hesitation and said, "I'm really happy right now, but I'm just wondering what kind of bewitching soup did that loser put into you that you're willing to do so much for him."

"I love him." Su Yingxia said.

"Pfft" Su Yehan couldn't help but laugh out loud, laughing at Su Yingxia and said, "Ridiculous, really ridiculous, a trash actually still has something worth loving, Su Yingxia your taste can be really strange, waiting for you to follow the When he slept under the overpass, I wish you could still say such things."

"No matter what the circumstances do, my feelings for him won't change, which is something that a gold-worshipping girl like you can't understand." Su Yingxia coldly said.

Hearing the three words gold-worshipping girl, instead of being angry, Su Yehan raised her head proudly and said, "So what if I'm a gold-worshipping girl, what's wrong with that in order for me to get a better life? Are we going to be like you, stuck with a piece of trash for the rest of our lives? Offend Jiang Lao, without the company, you will soon become beggars, this kind of love even if you kneel in front of me, I don't care."

Talking about feelings with someone like Su Yehan was a complete insult to the word feelings, so Su Yingxia didn't want to say anything more to her and turned to Jiang Fu.

"Jiang Lao, just use whatever tricks you have, Su Yingxia will accompany you to the end, if there's nothing else, I'll leave first." Su Yingxia said.

Jiang Fu inwardly somewhat admired Su Yingxia's pride, in this situation she still did not choose to compromise, in order to protect her own man, put the entire company at risk.

But admiration for the admiration, the target, Jiang Fu will never be soft.

This matter has become so big, if he doesn't completely play dead Su Company, wouldn't he fall into the laughingstock.

"Su Yingxia, I hope you'll still have the chance to talk to me like this in the future, but in my opinion, I probably won't be communicating with beggars in the future, so we'll see." Jiang Fu finished in a cold voice and left the scene angrily with a group of old men.

The employees of the Su Company also scattered, those relatives mockingly looked at Su Yingxia, as if in their eyes, the so-called love was like a joke, and to do so for a wimp was something even more unworthy.

"Su Yingxia, you're on your own."

"You're really confused to be able to love someone who eats soft food."

"In the future, if you can't even eat rice, I'll miss the remnants of my relatives and leave you some leftovers."

After several elders finished speaking, they stood behind Su Haichao.

"Hai Chao, let's go too, there's nothing to say to this kind of people who are about to be finished." Su Yehan's eyes looked at Su Yingxia with disdain, and said to Su Haichao.

Su Haichao nodded his head proudly and said, "Indeed there is nothing to say, let's go, only I, Su Haichao, can let you live a good life, this woman, will only harm you."

Only after everyone had left did Su Yingxia's taut nerves relax a bit and he heaved out a sigh of bad luck.

"Su Dong, now that everyone in the company has left, what should we do?" Zhong Qiu asked to Su Yingxia, Su Hai Chao's words, sidetracked the entire staff of the company, and the large Su family company, instantly turned into an empty nest.

"Don't worry, I can find a way to solve it, you go home for the next few days and rest, paid leave." Su Yingxia said.

Zhong Qiu looked worried, the foundation of the company's operation needed employees, and now the old employees were all gone, even if Su Yingxia could find a way to recruit new employees, but these people were unfamiliar with the internal operation of the company and needed time to get familiar with it, and this period of time was targeted by Jiang Fu, which made Zhong Qiu completely unable to see any hope of the company surviving the difficult times.

Of course, she wasn't worried about losing her job, but she was worried for Su Yingxia.

"Su Dong, it's not that I'm afraid of losing my job, I just don't want the company to really be ruined by those villains." Zhong Qiu said.

Su Yingxia knew Zhong Qiu well, if she was afraid of losing her job, she would just follow those people to Su Hai Chao's company, and how would she continue to stay by her side.

"I know how you feel, go and relax these days, just think of it as giving you an annual vacation, the company will definitely be fine, trust me." Su Yingxia said.

Zhong Qiu sincerely looked at Su Yingxia and found that Su Yingxia didn't seem to be joking, so she was a little more relieved.

"Su Dong, I believe in you, you're much more capable than Su Hai Chao, he'll play bankrupt sooner or later even if someone invests in opening the company."Zhong Qiu said.

Su Yingxia smiled and looked at the company building, this matter, she had no bottom in her heart, if she only relied on her own ability there was no way to change it, so all her hopes were actually pinned on Han Marchant, only at this stage Han Marchant was injured, she had to wait for Han Marchant to get well before she could tell Han Marchant about this matter, that was why she had to take a week off.

Back at the hospital, Su Yingxia acted as if nothing had happened, even if Han Qianli asked, she would just pass by with a flippant sentence.

"By the way, how long will the company be busy?"Han Qianli asked, they had previously agreed to re-shoot the wedding photos, and for this matter, Han Qianli couldn't wait.

"It should be soon, but if you're willing, we can go shoot now."Su Yingxia smiled.

"Now?"Han Giangli unconsciously touched her head, with this kind of look, she would not be able to make the photographer laugh to death, and for such an important matter, of course she had to appear in her best condition.

"No, if I look like this now, if my son sees me later, he won't laugh at me."Han Qianli decisively refused.

Hearing the word son, Su Yingxia's heart inexplicably throbbed, although she hadn't considered this aspect, but this kind of thing was bound to happen sooner or later, for being a mother, she was a little scared, but more, she was still looking forward to it.

"Who wants to have a son with you, shame on you."Su Yingxia said dodging Han Qianli's gaze.

Han three thousand smiles with a red glow, Su Yingxia's rejection but with a coquettishness, showing that she didn't reject this matter inside, which made Han three thousand see the dawn, as if the internal revolution, is about to succeed.

Just as the two were showing signs of flirting, the ward door was pushed open once again, Han Qianli had a black head, how come this doctor always appears at the crucial moment!

But when she saw the person who came in, the complaint in Han Giang's heart was gone.

It wasn't the doctor, but Jiang Lan and Su Guoyao, who didn't expect them to come to see him.

"Dad, Mom."Han Three Thousand shouted.

"Is there nothing wrong with you?"Jiang Lan carried a basket of fruit and walked over to the hospital bed and asked.

"It's fine, just bumping a little skin."Han Marchant said.

"It's good that it's fine." After Jiang Lan said, she turned to Su Yingxia and said, "Yingxia, come out, I have something I want to say to you."

After Jiang Lan and Su Yingxia left the hospital room, Han Qianli frowned, it was clear that the main reason Jiang Lan came to the hospital was not to see him, but to find Su Yingxia.

"Dad, what's going on?" Han Giangliang asked to Su Guoyao.

"No, no ah, there's nothing wrong, just rest well." There was panic in Su Guoyao's expression that couldn't be concealed.

Han Giangliang's face was as heavy as water, so it seemed that something must have happened, it was just that Su Yingxia was unwilling to tell him.

Chapter 263

Outside the ward, Jiang Lan pulled Su Yingxia and walked straight to the end of the corridor.

"Mom, what are you doing, what can't we say in the ward?" Su Yingxia was puzzled and asked to Jiang Lan.

Jiang Lan took a glance at the ward, convinced that Han Giang couldn't hear them, before she said, "After what happened, now that the whole city knows about it, what are you going to do?"

Su Yingxia didn't expect the news to spread so fast, even Jiang Lan knew, it should be Jiang Fu deliberately spread the news, wanting to blackmail those who worked with the Su Family Company, making them retreat knowing the difficulties and take the initiative to terminate the cooperation with the company.

This would undoubtedly be a catastrophe for the Su Family Company.

Seeing that Su Yingxia didn't say anything, Jiang Lan said urgently, "What are you still thinking about, it's not easy to be the chairman of the company, you can't just stand by and watch the company collapse, hurry up and let Han 3000 step in to solve this matter."

"Mom, Han Qianxiang is still in the hospital, I just want him to recover now." Su Yingxia said.

"What injury or no injury, a little injury is nothing, the company is the big thing now, he won't die." Jiang Lan said disdainfully, she was anxious when she heard the news, for Jiang Lan, the good days had only just begun, Su Yingxia being the chairman of the board could also give her long face, giving her bragging capital in that group of sisters, but now, the company was targeted by Jiang Fu, it was all like a bubble that was about to shatter, how could Jiang Lan not be anxious.

"Mom, what are you talking about, can the company be three thousand important?" Su Yingxia glared at Jiang Lan and said.

"How come it's not as important as him, is he going to die now? It's not like it's a serious injury, so can't you prioritize things?" Lan Jiang said.

"In my heart, he's the important thing, no matter what, wait until he's well." Su Yingxia said with a firm attitude.

"You girl." Jiang Lan anxiously like ants on a hot pot, time dragging a day, the company's crisis will increase by one point, she is not willing to see Su Yingxia Loren become an ordinary working man, so that have to be that gang of sisters laughing to death.

"If you don't go and say it, I'll go by myself." Jiang Lan said.

"Mom." Su Yingxia said in a deep voice, "I'm warning you, no one is allowed to mention this matter until 3000 is discharged from the hospital, if you dare to go and tell him, I'll turn my back on you."

"Turn the other cheek? Su Yingxia, are you still treating me like a mother, I'm doing this for your own good, he's alive and well, what's there to worry about." Jiang Lan raged.

Su Yingxia knew exactly how selfish and selfish Jiang Lan was, and her change in attitude towards Han 3000 now was solely because of the incident that had happened in the villa, and she was afraid of Han 3000.

But when her own self-interest was going to be affected, Jiang Lan would never consider Han Qianqian's feelings.

"For my sake, or to be able to brag in front of your sisters, you're afraid that if the company collapses, those people will laugh at you," Su Yingxia said.

Lan Jiang's expression became a bit unnatural, but she wouldn't admit this matter and said, "Girl, how can you think of me like this? I'm just worried about your future, it was hard work to climb to this position, are you willing to do that?"

"Hard work? How could I have become the chairman of the company if I didn't have 3,000 won... If you didn't have Han 3,000 won, what qualifications do you have to buy this designer dress? You have to have a sense of proportion even if you're selfish, and you also have to take care of 3000's feelings." Su Yingxia said.

"You" Jiang Lan was shaking with anger, she didn't expect Su Yingxia to speak to her in an accusatory tone.

"Don't say anything, I won't agree." Su Yingxia said and walked towards the hospital room.

Jiang Lan breathed heavily and was so angry that her sweat hairs stood on end.

Ever since Su Yingxia and Han Qianqian's relationship had changed, she had become more and more insolent in her speech and often turned her elbows outwards to help Han Qianqian, which made Jiang Lan angrier and angrier the more she thought about it.

If it wasn't for Han Qianqian, Su Yingxia would still be the good girl who listened to her before, but now, not only had she learned to talk back, she was even blaming her!

"Han Qianqian, don't think you can control our family with a few bucks, one day with me, Jiang Lan, you'll always be a son-in-law." Jiang Lan said through gritted teeth.

Back in the hospital room Su Yingxia drove Su Guoyao out, Su Guoyao saw the angry Jiang Lan and went to the side and asked, "How is it?"

"This daughter of yours is becoming more and more insolent, she dares to say that I'm not doing the right thing, I don't know what kind of bewitching soup has been given to her by Han Qianli." Jiang Lan said angrily.

Su Guoyao even patted Jiang Lan's back and said, "Calm down, calm down, what are you so angry about, Han 3000 is not easy to mess with now, have you forgotten that he even forced his own grandmother to die?"

Jiang Lan was indeed a bit afraid of this matter, after all, Nangong Qianqiu was hanging in front of her, but she was confident, as long as Han Qianqiang had feelings for Su Yingxia and wanted to be with her, then Han Qianqiang would never dare to do anything to her.

"What is there to be afraid of, he likes us Yingxia, would he dare to kill me?" Jiang Lan was disdainful.

Su Guoyao nodded his head, that was a bit true, wasn't Han 3000 doing all this just for Su Yingxia? How could he have the guts to do it to Su Yingxia's biological parents?

"But you don't want to go too far and ruin the relationship between the two of them, it's not good for us either." Su Guoyao warned.

"Don't worry, I have a sense of propriety, I just need to let him know that I'm the master in this house." Lan Jiang said.

In the hospital room, Han 3000 didn't ask anything from Su Guoyao's mouth, and Su Yingxia refused to tell him now, leaving him very helpless.

"If you won't tell me, I can find out what happened with a random phone call," Han Giangli said.

Su Yingxia knew that even Mo Yang was Han Qianli's friend, it was very simple for him to know these things, and now it seemed that he couldn't hide them.

"It's not a big deal, it's just a little trouble with the company, don't worry about your injuries, I can solve it, don't you trust me yet?" Su Yingxia said with a smile.

Han Giangli believed in Su Yingxia's ability, but there were priorities, if it was beyond Su Yingxia's ability, how else could she solve it?

And this matter had even alarmed Jiang Lan, so obviously the influence was not small, and Han Giangli didn't want Su Yingxia to bear the pressure alone.

"Is it that group from the Go Association?" Han Qianli asked, at this stage, other than that group of old things, Han Qianli couldn't think of anyone else who would find trouble with Su Yingxia.

Su Yingxia hesitated for a moment before nodding and saying, "It's Jiang Fu, he wants you to go kneel down and apologize to him, I didn't agree."

A touch of coldness flashed across Han Qianqian's face, kneeling down to apologize, this old thing is really asking for quite a lot.

The Jiang family did have some power in Cloud City, but in Han Qianli's eyes, it was nothing more than a clown.

"This is the simplest solution." Han Three Thousand said to Su Yingxia.

"How is that possible." Hearing Han Qianli's words, Su Yingxia reacted violently and said, "Even if you don't want the company, I can't let you go and kneel to him."

This statement made Han Three Thousand's heart happy, wasn't it the happiest thing that Su Yingxia could think of him so much?

"It seems I'm more important than the company," Han 3,000 said.

"That's for sure." Su Yingxia said without hesitation and without a moment's consideration.

Han Three Thousand waved at Su Yingxia and motioned for her to sit by the bed.

After Su Yingxia unknowingly walked to the bedside and sat down, she asked, "What's wrong?"

"The company has a lot of cooperation in hand right now, so it shouldn't be a problem for a while, and since you want me to recuperate in the hospital, I'll go meet these old things for a while after I'm healed." Han Giangli said.

This was the situation Su Yingxia wanted to see the most, but unfortunately the current situation was not as optimistic as Han Giang's thought, because there was also Su Hai Chao's intervention, causing the Su Family Company to be an empty shell right now, with not a single employee other than Zhong Qiu.

"Actually there's actually one more thing." Su Yingxia said in a fiddling manner.

"What's the other thing?"

"It's Su Haichao, he got a billion dollar investment to start a new company and pulled all of our company's employees away." Su Yingxia said.
