

## His True Colors Chapter 26-30

### Chapter 26

"Brother Gang, the people are here."

In the restaurant, one of his men ran to Cheng Gang's side.

Knocking on peanuts, Cheng Gang's eyes lit up, clapped his hands and said, "Meijiao is finally here, I have to go to greet her personally."

"Brother Gang, there's a man following him."The subordinate reminded.

"A man?"Cheng Gang paused, then he laughed and said, "It won't be that wimp coming, that guy has disgraced our men, if he dares to come, I'll make him leave today on his knees."

Han Qianli and Su Yingxia were brought to the restaurant, Cheng Gang's lust-filled eyes flowed over Su Yingxia's body, it really was a special creature, I wonder what kind of charm it will be after getting into bed.

Looking at Han Qianqian again, Cheng Gang teased, "This is ....."

"My husband, Han Giang."Su Yingxia said.

As soon as this was said, everyone, including Cheng Gang, laughed out loud.It had to be said that Han Three Thousand's reputation was indeed loud and clear, and almost everyone in Cloud City knew about him.

"Tsk, tsk, decent, how come you're just a wimp, you're not a eunuch, are you?"Cheng Gang ridiculed.

"Brother Gang, this guy has disgraced us men, let me teach him a lesson."

"I'll do it, let's see if he can take a punch from me."

"This kind of weak chicken, I can handle it with one hand."

Looking at the group of outraged little brothers, Cheng Gang waved his hand and said, "What are you guys doing, people are cowardly, don't scare them, if they get scared and lose their urine, how ugly is the scene."

"Hahahahaha."

There was another round of laughter.

Su Yingxia bit her teeth and said to Cheng Gang, "I'm looking for you to talk about business, not for you to humiliate my husband."

"Fine, fine, let's talk business first." Cheng Gang sat back in his seat, no longer looking at Han Qianqian any more, as such a wimp was not worth his attention.

"What will it take for you to be willing to stop looking for trouble with the Su family." Su Yingxia asked.

Cheng Gang peeled a peanut and threw it into his own mouth, saying, "Well, I'm just begging for money, so if I casually give a billion dollars, I'll not only not trouble the Su family, I'll also protect you, how about it?"

One billion!

Su Yingxia's face turned pale, the Su family's total assets weren't that much, he lionized them, obviously there was no way to negotiate.

"Where does the Su family have so much money to give you, what do you want, the Su family has no grudge against you, why are you targeting us?" Su Yingxia said.

"What? I'm bothering you and have to give you a reason, what kind of thing is the Su family?" Cheng Gang frowned and looked at Su Yingxia with an unhappy face.

Su Yingxia took a deep breath, tried to calm her emotions, and said, "I am very sincere in looking for you, I hope you can also show sincerity."

"En." Cheng Gang nodded and said, "There's a nice room here, I've had the bath water put away for you, whether or not you're sincere depends on whether or not you're willing to go to the room."

Hearing this, Su Yingxia instantly turned pale, she didn't expect Cheng Gang to make such an unreasonable request.

"Cheng Gang, you can't target the Su family for no reason, someone is secretly behind this matter?" Han Qianli opened his mouth to ask.

"What the hell are you again, what qualifications do you have to talk to me." Cheng Gang looked at Han Qianqian with disdain and said, "I'll make it clear, if you want to solve this matter, your wife will have to let me on, how about a wimp, you dare to say half a word?"

As soon as Cheng Gang's voice trailed off, the few younger brothers behind him each took a step forward, acting as if they were deterring Han Qianqian.

Su Yingxia was shocked by this scene and unconsciously hid behind Han Qianqian.

"Hiding behind this wimp, will he be able to protect you? It's better to follow me, I'm Cheng Gang in Cloud City, I've got you covered, absolutely no one dares to touch you in the slightest." Cheng Gang said.

Su Yingxia gripped Han Qianqian's corner tightly, Nongjia is all Cheng Gang's people, it's obviously too late for them to run now.

"You let me go, I'll give you all the money you want." Su Yingxia said.

"Let me put it to you this way, from the moment you walk into this farmhouse, you're destined to be f\*\*ked by me, and there's no door if you want to leave." Cheng Gang dug his ears out and asked his little brother, "How does the saying go, resist what the hell."

"If you can't resist, then learn to enjoy it."

"Right right right." Cheng Gang full of laughter looked at Su Yingxia and said, "To learn to enjoy, three years of marriage, you are like a widow, never tasted what a man is like, right, I'll let you have a good comfort today, pack your satisfaction."

At this time, Han Qianqian was already full of killing intent and sat down directly in front of Cheng Gang.

A certain younger brother looked at the situation and immediately exploded, "A wimp like you is qualified to sit in front of Brother Gang?"

As soon as the words fell, the fist whistled towards Han Giangli's face.

The corner of Han Three Thousand's mouth outlined an icy smile as the cloud stretched out his hand and directly gripped the incoming fist.

The incoming fist came to an abrupt halt, and the man was stunned, not expecting Han Three Thousand to catch his fist so easily.

Before he could remember to give him time to reflect, Han Three Thousand Year kicked out, and the man fell to the ground as he retreated dozens of steps in a row.

"This ....."

"F\*\*k, this wimp is that good?"

"How is that possible, isn't he a loser!"

Han Three Thousand's strength and his reputation as a loser formed a huge contrast at this moment, Cheng Gang couldn't help but be cautious, not daring to underestimate Han Three Thousand again.

Su Yingxia, on the other hand, grew up with her mouth full, she had only ever seen Han Three Thousand's bullying and adversity, she had never seen Han Three Thousand actually have such a strong side and was stunned.

"Han Three Thousand, do you know that this is my place, and you won't be able to leave here alive if you injure me." Cheng Gang gritted his teeth and said, although Han Three thousand's strength made him a little surprised, but to say scared, talk about it, after all, he had enough people, no matter how much he could fight, could two fists still beat four hands?

"Give you a chance to explain this matter clearly, and I'll keep you alive." Han Qianli said indifferently.

"Hahahaha." Cheng Gang looked at Han Qianqian hideously, "Are you f\*\*king joking with me? Look at all these people around you, they're all my men. If I let you die, can you live? You have the audacity to threaten me."

"Oh? Then you'll see." Han Marchant said.

A series of rapid footsteps came, and the farmhouse crowded with hundreds of people from all directions, instantly crowding the restaurant to the brim.

Cheng Gang's face changed dramatically, these people, weren't they today's guests, how could this happen.

At this moment, Lin Yong walked out from the crowd.

When Cheng Gang saw Lin Yong clearly, he asked with a cold face, "Lin Yong, what do you mean, these are all your people?"

"Cheng Gang, you're f\*\*king crazy in the head, how dare anyone mess with you?" Lin Yong said indifferently.

"What do you mean?" Cheng Gang looked at Lin Yong puzzled, is this guy colluding with the Su family? But Su Haichao was obviously working with him, if the Su family made a move, how could Su Haichao not know about it?

Lin Yong walked up to Han Giang, and before he could speak, Han Giang said, "Take my wife back to the car."

Su Yingxia gripped Han Qianqian's clothes and refused to let go, she had been completely confused, why did so many people suddenly come out again, who were they and what were they doing?

"Go wait for me in the car, I'll be right back." Han Giangli said.

Su Yingxia bit her lower lip and refused to let go.

"Don't worry, I'm fine, don't you trust me?"

Only after hearing this did Su Yingxia let go of Han Giang.

Only after Su Yingxia left did Lin Yong respectfully ask, "Brother Three Thousand, how is Cheng Gang handling it?"

Cheng Gang suddenly laughed and sneered loudly and said, "Lin Yong, are you crazy, such a wimp, you even call him brother, you're at least f\*\*king famous with me, you wouldn't not know that he's a waste son-in-law of the Su family, right?"

Lin Yong's bent body didn't straighten up, he just raised his head and said with a sneer, "Cheng Gang, do you know how to write the word death?"

Cheng Gang was full of carelessness, although there were many people in Lin Yong, but did Lin Yong touch him? It would have moved long ago if it dared.

"Lin Yong, don't you f\*\*king scare me, there's someone at the top of my hierarchy, you're not ignorant. If anything happens to me, you won't end up well either, I advise you, don't mind your own business, it's Laozi's business." Cheng Gang was disdainful.

## **Chapter 27**

In the past, Lin Yong indeed didn't dare to touch Cheng Gang, without Han Sanqian's order, plus Cheng Gang did have some background, one thing led to another, without Han Sanqian's protection, even if Lin Yong was able to kill Cheng Gang, he couldn't escape the charge.

But now it was different, Han Qiangang was going to shake up Cloud City, Lin Yong put all his considerations behind him, he believed in Han Qiangang's ability, although he was spurned by thousands of people in Cloud City to be a member of the family, but Lin Yong knew clearly that this superfluous son-in-law was not small.

Lin Yong no longer spoke, as he was not qualified to speak here.

When Cheng Gang saw that Lin Yong didn't speak, he thought he was afraid and said proudly, "Lin Yong, since you know that I have a background, why don't you take these people with you and get lost, do I have to blow you out?"

Han Qianli suddenly stood up at this moment and walked towards Cheng Gang.

Having seen Han Three Thousand's skill, Cheng Gang unconsciously took two steps back and vigilantly asked, "What do you want?"

A few of his men blocked in front of Cheng Gang, looking like they were ready to strike.

Han 3,000 steps, Cheng Gang's men took the lead, but none of them could take Han 3,000's steps, not even for a second.

Looking at the unstoppable Han 3,000, Cheng Gang cursed in his heart which bastard said Han 3,000 was trash, if his skills were trash, wouldn't all of Yun City be trash!

A few of his men were dry tossed to the ground and howled incessantly, Cheng Gang turned pale and said to Han Qianli, "Han Qianli, the power of the Su family is a three year old child compared to my backstage, I advise you ....."

Before he could finish his words, Han Qianqian punched Cheng Gang in the face.

Nosebleeds spurted out, and Cheng Gang covered his face with both hands, letting out a pig squeal in pain.

If the Su family had seen this scene, they might have stared in disbelief; after all, in their perception, Han 3,000 was a wimp who couldn't fight back, so how could he be so powerful?

At this time, Cheng Gang even suspected that the Han Three Thousand Years in front of him was not at all the same person as the one the outside world said.

It had been three whole years, the Su family superfluous son-in-law Han 3000 bought food and cooked and washed clothes, and didn't dare to argue back even if he was called a wimp to his face, how could he be so tough.

"This matter, did someone behind the scenes order you to do it!" Han Qianqian asked.

Cheng Gang shook his head and fidgeted, "Han Qianli, you have the ability to kill me, or else tomorrow will be the day you cross the street!"

"Give me a fight, fight till we talk." Han 3,000 sat back in his seat and said to Lin Yong.

When Lin Yong raised his hand, a few of them walked up to Cheng Gang and punched and kicked him.

Cheng Gang's men had already been scared silly, looking at the beaten Cheng Gang and then at the calm looking Han Qianqian, was he really a wimp? Who was the one who spread the rumors, where would a wimp have such a powerful tactic.

"Lin Yong, you remember me, my backstage is not something you can mess with."

"Lin Yong, aren't you at all afraid of my retaliation, you tell them to stop, I can leave it alone."

"I ..... I said, I said, stop fighting."

Cheng Gang's tough attitude still couldn't withstand the pain of the fist to the flesh, and he gave in in less than two minutes.

Lin Yong laughed coldly and said, "If you had said it earlier, you wouldn't have to suffer, so why bother."

Cheng Gang looked at Lin Yong with dark eyes and said, "Lin Yong, aren't you really afraid of my revenge in the autumn?"

Lin Yong waved his hand indifferently and said, "If you had the chance, you could have come to me, just in case you didn't have the chance."

"Go ahead, who is actually behind this matter, explain it word for word, with half a word of concealment, and let your backstage help you collect your corpse." Han Giangli coldly said.

Cheng Gang wasn't afraid of Lin Yong, but he had a strange feeling of being afraid of Han Qianqian, as if Han Qianqian was even more terrifying than Lin Yong.

After shivering a bit, Cheng Gang said, "Targeting the Su family was Su Hachao's idea, and he's the one who came to me."

Su Haichao.

It really was him!

Han Qianqiang had guessed that this matter had something to do with Su Hachao, otherwise why would he be kind enough to help Su Yingxia?

"There's more." Han Qianqian continued to ask.

Cheng Gang unconsciously lowered his head as he didn't dare to look directly at Han Qianqian, the plan against Su Yingxia, what would happen if Han Qianqian knew about it!

"If you don't talk, keep fighting."

"I'll say, I'll say." Cheng Gang spoke in a panicked tone, "Su Hachao still wants me to have sex with Su Yingxia and then expose this matter in Cloud City, he wants to use this matter to drive Su Yingxia out of the Su family."

Han Qianqiang fiercely clenched her fist!

Just for the west side of the city project, Han 3000 could let Su Hachao go, but the fact that he moved his thoughts on Su Yingxia was a capital crime.

Adversary scales must not be touched!

Han Three Thousand wouldn't allow anything that would hurt Su Yingxia to happen.

"Lock it up." Leaving those three words behind, Han Three Thousand left the restaurant.

Cheng just screamed how offended he would end up, but quieted down after eating a few punches.

Back at the parking lot, Su Yingxia sat in the car apprehensive, and only after seeing Han 3,000 did she eagerly step out of the car.

"Three-thousand, how are you doing, are you okay?" Su Yingxia looked nervously at Han Qianli, looking up and down to make sure Han Qianli wasn't hurt anywhere before letting out a sigh of relief.

"It's fine." Han Three Thousand smiled and said, "I didn't think you were still quite concerned about me."

Su Yingxia instantly blushed when she heard this, and quickly took two steps back, saying, "I ..... am just afraid of wasting medical expenses."

Han Giangli nodded his head, not delving into this matter and said, "Let's go, let's go home."

"Go home?" Su Yingxia wondered, "But the trouble hasn't even been solved yet, if we go home now, how are we going to explain to grandma tomorrow."

"It's already solved, let's go." Han Giangli said.

It's solved!

Su Yingxia looked at Han Qianqian with strange eyes, Cheng Gang is not a good person, how could it be solved so easily, and who was the sudden appearance of so many people just now.

After getting into the car, Su Yingxia looked like she wanted to stop talking and wanted to ask what was going on.

Han Qianqian saw her confusion and said, "It doesn't matter how the process is, what matters is the result, just tell grandmother tomorrow that it's been solved, and I'll handle the rest."

Su Haichao was a person that Han Giang would not let go, but he would find an appropriate time to expose everything Su Haichao had done.

Su Yingxia nodded her head.

That night, Su Hae Chao was at home with his cell phone, walking around the room, appearing a little apprehensive and excited.

The phone page was Cheng Gang's number, as long as he dialed out, he could know the current situation, but inside he was a little worried, what if this didn't work out?

Hesitating until ten o'clock, Su Hechao finally couldn't take it anymore and pressed the dialing key.

There was no answer on the phone, could it be that Cheng Gang was busy?

An uncontrollable smile appeared on Su Haichao's face, when Su Yehan called him.

"Haichao, how's the situation?" Su Yehan couldn't wait to ask.

"I called Cheng Gang just now, no one answered, he should be busy." Su Hachao said.

Su Yehan on the other end of the phone laughed out loud, thinking that Su Yingxia was being ravaged by Cheng Gang at the moment, greatly enjoying herself.

"This time she's finished, what a slut, a man actually went outside to steal someone, tomorrow I must let grandma know." Su Yeh Han said with a smile, even though she knew the truth of this matter, she still pressed a trumped up charge on Su Ying Xia.

"There's a family meeting tomorrow morning, I'll tell grandma about it then, she'll just be waiting to be swept off her feet." Su Haichao hung up the phone and lay on the bed in a relaxed mood.

This day had finally come, from now on, there would be no need to see Su Yingxia in the Su family anymore, and the person in charge of the west side of the city project would also be in his hands.

"Su Yingxia ah Su Yingxia, I still have to thank you, without your help, the cooperation of the Weak Water Real Estate is not easy to take ah. But who asked you to offend me Su Haichao, this is the end."

The next morning, Su Hachao arrived at the office very early, sitting in the conference room and waiting for the other relatives to arrive, he now can't wait to tell the others about Su Yingxia's scandal and have the old lady drive Su Yingxia out of the Su family.

Su family relatives were arriving one after another, even the old lady was here, but Su Yingxia hadn't shown up yet.

"Where is Yingxia, why hasn't she come yet." The old lady asked.

Su Yehan fiddled with her freshly done nails and said, "Probably in some wild man's bed, she hasn't gotten up yet."

## **Chapter 28**

"Yeh Han, what are you talking nonsense."

"Grandmother is here, how can you talk nonsense."

"What a mouthful, talking nonsense."

Although the relatives present didn't have a good feeling towards Su Yingxia, they knew how much the old lady paid attention to this issue of family culture, squeezing Su Yingxia was the norm, but taking this kind of matter at face value was not acceptable.

Su Yehan also knew the old lady's attitude towards this kind of thing, in the past, she definitely wouldn't dare to joke about it, but now, Su Yehan thought she had proof, and Su Yingxia had definitely been planted in Cheng Gang's hands, so what was wrong with telling the truth?

"What's your rush, can I joke about such things?" Su Yehan said faintly.

Upon hearing this, the other relatives were all so surprised that they couldn't close their mouths.

No joke, then it's true?

How dare Su Yingxia do such a thing with a wild man!

"Su Yehan, what do you have to say clearly." The old lady asked to Su Yehan with a gloomy face, she would never allow such a corrupting person to appear in the Su family, if Su Yingxia really did such scrupulous things, even if she didn't want the cooperation of Weakwater Real Estate, she would drive Su Yingxia out of the Su family.

"This matter is also known to Hai Chao, and more clearly than me, if grandmother wants to know, just ask Hai Chao." Su Yehan said.

Hearing this, everyone's eyes focused on Su Haichao, this was no small matter, once it was confirmed, the Su family would definitely cut ties with Su Yingxia.

"Hai Chao, tell me, what's going on." The old lady asked.

Su Haichao looked at Su Yehan, this matter should have been started by him, and it was best to wait until after Su Yingxia before bringing it up, but I didn't expect Su Yehan to be exposed so quickly.

"Grandmother, actually the person who dealt with our Su family is Cheng Gang, I spent my connections to get through to Cheng Gang this way, so that Su Yingxia and Cheng Gang can go talk about reconciliation, but I heard that Su Yingxia was at Cheng Gang's farmhouse last night and didn't return home all night." Su Hachao said.

Cheng Gang was who he was, that was a rogue in the grey area, if Su Yingxia really didn't return home overnight in the farmhouse, what happened naturally went without saying.

Su family relatives were astonished one by one, never thought that Su Yingxia, who looked like a serious person, would do such a thing.

"Hai Chao, have you looked into this matter clearly?"

"Yeah, you can't say that nonsense, it's our Su family's reputation."

"Right, right, right, it's better not to speak nonsense until we're sure."

The relatives one by one seemed to be speaking for Su Yingxia, but in reality, they were changing their ways to remind the old lady.

Such a good opportunity to drive Su Yingxia out of the Su family, they wished it were true.

The old lady said in a deep voice, "Hai Chao, are you sure?"

"Grandmother, I'm not sure what she's doing in the farmhouse, but she hasn't returned home all night, and she's still with someone like Cheng Gang, this ....." Su Hachao deliberately looked like she wanted to stop talking.

The old lady was so angry that she slapped her palm on the conference table and said through gritted teeth, "If she really does something like this to smear the Su family, I will never forgive her!"

"I didn't think Su Yingxia would actually use this way to please Cheng Gang, it's so hateful."

"How much face has she embarrassed us in these three years, I didn't expect her to do something like this now, what a family misfortune."

"This matter should be left to Hai Chao to resolve, with Cheng Gang's kind of personality, he might make a big announcement about this matter, and the Su family will become the joke of Yun City again."

Hearing these words, the old lady's face became increasingly ugly and was already livid.

At this time, Su Yingxia finally arrived in the conference room.

"Grandmother, just now Brother Zhong asked me to organize some documents to send over to him, so I was late." Su Yingxia said.

"Is it to sort out the documents or something else, have you taken a bath, it smells like shame." Su Yehan looked at Su Yingxia with disdain, her hand deliberately fanning around in front of her nose.

"Su Ye-Han, what do you mean?"The first thing you need to do is to look at Su Yixia.

Su Yehan face a light smile, sizing up Su Ying Xia before saying: "What do I mean, you know yourself, did not think you were such a b\*tchy woman, the man at home can not satisfy you?, and even went outside to steal people."

Stealing people!

Su Yingxia was suddenly furious, unnecessarily slandered, and still insulting her innocence.

"Su Yehan, what have you eaten with that mouth of yours, your words stink."Su Yingxia raged.

Su Yehan stood up with a righteous look and said, "Dare to act?So tell me, has the trouble been resolved?"

"Of course it's solved." Su Yingxia said.

"Hmph." Su Yeh Han smiled coldly, "How was it solved and how much did it cost?"

"No ..... didn't spend any money." This matter was handled by Han Qianqian, and as to how exactly it was done, Su Yingxia herself didn't know, but it was certain that not a single penny was spent.

"Hahahaha." Su Yeh Han laughed and said, "Solved it without spending any money, you're really capable, you've used other tricks, right?"

"Su Yingxia, the other party is Cheng Gang, a person from the grey area, you were able to solve this matter without spending any money?" Su Hachao can be sure what happened between Su Yingxia and Cheng Gang last night, otherwise how would she be able to solve this matter, but he did not think that Su Yingxia is really a bone-headed b\*tch, and even managed to pretend that nothing happened when she slept with Cheng Gang.

Poor Han Qianqiang, head of the green grasslands is really a life tragedy ah.

"Su Yingxia, what the hell is going on, tell me clearly."The old lady spoke in a deep voice.

Su Yingxia looked at Su Yehan, and then at Su Haichao, before she came, it was obvious what had happened, the old lady's attitude towards her, had a piercing icy coldness to it!

"Grandmother, the trouble has been solved."Su Yingxia said.

"How did you solve it, tell us instead."Su Yehan said eagerly.

"You didn't leave the farmhouse last night, right, we don't care who you want to sleep with, but the Su family's reputation can't be ruined because of you."Su Hachao coldly rebuked.

After Su Yingxia heard Su Hachao's words, instead of being angry, it turned out that they thought they had solved the trouble by sleeping with Cheng Gang.

"Su Hachao, where did you get your information from, do you have any evidence? I went home very early." Su Yingxia said.

"What proof do you have that you went home, again?" Su Haichao retorted to the question, in the hands of Cheng Gang, he did not believe that Su Yingxia could leave unharmed.

"Evidence can be more, I went home in the downstairs kiosk to buy water, also bumped into the neighbors, to ask not to know, if you really do not believe, the kiosk there is also monitoring can be watched." Su Yingxia said.

Su Hai Chao see Su Ying Xia so righteous, can it be that Cheng Gang really let him go, how could it, with Cheng Gang's character and means, to the hand of the fat sheep, by no means let Su Ying Xia fly.

"Su Yingxia, you wouldn't have gone to the farmhouse at all, I had a hard time finding someone to get through, and you wasted it for nothing!" Su Yingxia didn't fall into Cheng Gang's hands, there was only one possibility, that she wasn't there at all.

"Su Haichao, are you confused, have you forgotten what I just said, I've already taken care of the trouble? How am I going to fix it if I don't go?" Su Yingxia laughed.

"No way, absolutely no way!" Su Hachao said in disbelief, in his heart, there are only two endings to this matter, the first is that Su Yingxia was f\*\*ked by Cheng Gang and then resolved the matter. The second was that she wasn't there and the matter wasn't resolved.

"Su Yingxia, how did you solve this matter, tell me honestly." The old lady saw that she couldn't make it clear even if it went on like this, so she had to ask herself.

Su Yingxia looked embarrassed, it wasn't even her to solve this matter, and she wasn't clear about the process.

"Do you still want to hide it from me? Or did you and Cheng Gang sleep together." The old lady coldly said.

Su Yingxia was shocked, if she was misunderstood by the old lady like this, she wouldn't be able to explain with ten mouths.

Helplessly, she had no choice but to tell the truth about yesterday's incident.

But Han Qianqian came out to solve the trouble, no one believed it, and Su Hachao's face was even colder.

"Su Yingxia, do you take us for fools and casually push a piece of trash out as a shield, thinking that we will believe it?" Su Haichao said.

The old lady didn't quite believe it either, but then the conference room door was kicked open!

## Chapter 29

Two people walked into the meeting room, one of them was Lin Yong, the other had a sack over his head and couldn't see who he was.

Although the Su family was not a big family in Yun City, it would never allow anyone to cause trouble in the company, and asked in a cold voice, "Who are you that you dare to come to my Su family and cause trouble."

After Lin Yong took a glance at Su Yingxia, only then did he say, "Old lady, my name is Lin Yong, you must have heard of me, right?"

Lam Yong!

The Su family's relatives in the meeting room were all agitated, this guy was a not insignificant figure in Cloud City, the Su family's ability to not be provoked at all, but why would he come to the Su family to cause trouble?

"So it's Brother Yong, I don't know what you're doing in our company."The old lady's tone changed and she called out to Yong in awe.

Social status was not something that was determined by age.

The old lady was well aware of her high position in the Su family, but to someone like Lin Yong, it wasn't worth mentioning.

"I've helped the Su family solve a problem and came along to get some oil."Lin Yong smiled.

"If you really helped my Su family with anything, I definitely won't let you come here for nothing."The old lady knew that this kind of person was difficult to deal with and there were many excuses for thinking of asking for money, and this Lin Yong personally came out today, so how could the Su family dispel the disaster without going bankrupt.

"Old lady, this money, you definitely spent it worthwhile." Lin Yong said and pulled off the hood of the person next to him.

When Su Hechao saw that person, his face instantly turned incomparably pale, wasn't this Cheng Gang, how did he end up in Lin Yong's hands!

Lin Yong kicked Cheng Gang and said, "What have you done, you still don't tell the old lady."

Cheng Gang's nose and face was swollen and bruised, and he hadn't been served last night, and after a few beatings, he was already very fearful of Lin Yong, and quickly said, "Old Madam, everything is what Su Hachao told me to do."

"You're talking nonsense." Su Hachao mischievously stood up and angrily pointed at Cheng Gang and said, "Don't slander me, I don't even know you."

Cheng Gang raised his head, grimly looking at Su Hachao, if it wasn't for this bastard, would he have ended up in this situation? Although he didn't know why Lin Yong dared to ignore his backstage, but the fact that his backstage hadn't come forward since yesterday's incident meant that he was likely to be given up.

If you wanted to live, the only way to do what Lin Yong wanted was to do it.

"Su Haichao, you're fucking lying to me with your eyes open, if it wasn't for you, how could I have targeted the Su family for no reason." Cheng Gang said.

Su Hachao completely panicked, once this matter was known by the old lady, he would definitely ruin his future, not to mention coveting the chairman's position, it would be difficult to stay in the Su family.

I was thinking of sweeping Su Yingxia out of the house, but now the one being swept out of the house was most likely him!

"Su Yingxia, it's all your fault isn't it, you're the one who made him slander me." Su Haichao pointed at Su Yingxia, his face full of anger.

Su Yingxia coldly said, "This Cheng Gang but you helped me contact, how could I collude with him, Su Haichao, what have you done yourself is still not clear?"

"Grandmother, don't listen to her nonsense, this matter has nothing to do with me, I don't know anything." In a rush, Su Hachao walked to the old lady, full of grievances.

The old lady's face was as heavy as water, she knew that Cheng Gang wouldn't smear Su Yingxia for no reason, and she also asked about this matter, no one knew who the person targeting the Su family was, why was it that Su Hachao knew, and was able to help Su Yingxia contact.

I thought that this matter might just be Su Haichao's luck, but I didn't expect it to be like this!

"He also told me to make a move on Su Yingxia and then expose this matter in Yun City to embarrass your Su Family and drive Su Yingxia out of the Su Family." Cheng Gang continued.

This sentence made Su Hechao look like death, he never expected that a seamless plan would end up killing Lin Yong in the middle of nowhere, but how could Su Yingxia know Lin Yong!

The Su family relatives knew that the old lady would definitely not be lenient if Su Haichao's matter was revealed, and if they still sided with Su Haichao at this time, they would be looking for death.

"Haichao, you're really too much, how could you do such a despicable thing?"

"Ying Xia is also a member of the Su family anyway, how could you harm her."

"In vain, I still believe you so much, so it's all your fault."

Su Yeh Han's face was no better, she already knew about this matter, even though she didn't do it, but it was a sin not to report it, if she was blamed by her grandmother, she wouldn't have a good life either.

"Grandmother, I don't know anything, this matter has nothing to do with me." Su Yeh Han said to the old lady.

"Mom, this matter is Hai Chao's momentary confusion, don't blame him too much, I will educate him properly." Su Guolin didn't want to see Su Haichao lose his power in the company over this, the other relatives didn't dare to speak for Su Haichao, but he couldn't not help.

The old lady's expression was stiff, how should things end when they got so big? Not giving Su Yingxia an explanation, it seems like she is too biased, but if she really wants to drive Su Hachao out of the Su family, the old lady can't do it.

Although Su Yingxia had brought a lot of benefits to the Su family, in the old lady's heart, Su Yingxia's share was ultimately no match for Su Hachao, and only Su Hachao would be able to inherit the future Su family.

"Brother Yong, this matter is an internal matter within our family, I'm grateful that you helped me, how much money do you want, just ask." The old lady said to Lin Yong.

Lin Yong fishing for oil was just an excuse, this matter was ordered by Han Qianqian, he was just following orders and said, "Since the old lady is so straightforward, I, Lin Yong, am not an insensitive person, I'll come back to you when you've taken care of this matter."

After saying that, Lin Yong left the company with Cheng Gang.

The meeting room was silent, Su Hachao knelt in front of the old lady, not even daring to breathe.

The other relatives were also silent, Su Yingxia was after all the person in charge of the west side of the city project, what kind of height the Su family could develop to in the future, all depends on this cooperation with Weak Water Real Estate, Su Hachao did such a despicable thing at this juncture, even if the old lady had the intention to be biased, she would probably give a big lesson.

"Yingxia, since he's the one who harmed you, it's up to you to decide how to handle this matter."The old lady said to Su Yingxia.

Su Yingxia was ice and snow smart, if the old lady was really determined to punish Su Haichao, how could she let her decide, she was obviously ruthless in saying that.

And Su Yingxia knew that if she made an excessive request, whether or not the grandmother would carry it out was another story, she would certainly give her a mark.

"Grandmother, it's better for you to make the decision." Su Yingxia said, even if she had ten thousand points of displeasure in her heart, she could only endure it.

The old lady nodded her head in a logical manner, and said to Su Hachao: "You don't have to come to the company during this period, go home and reflect on it."

Su Haichao lowered his head, the corner of his mouth gradually showed a smile, making such a serious matter, grandmother actually just let him reflect on it, it seems that my position in grandmother's heart is still unshakeable.

"Grandmother, I know that I was wrong, I will definitely reflect on this period of time." Su Haichao said.

"This matter is not allowed to be mentioned by anyone in the future." The old lady said to the other relatives.

Naked patronage, and without the slightest disguise.

Su Yingxia took a deep breath and looked at the old lady of the Su family and thought to herself, one day I will prove to you that Su Hachao is by no means the best person to inherit the Su family.

It was only after the old lady left the conference room that the other relatives revealed their smiling faces.

"Hai Chao, don't mind what we just said, in that situation, if we say something nice for you, it will instead anger the old lady."

"Yes, it's not that you don't know the old lady's temper, the more we help you speak up, the more she can't pull her face off."

Su Haichao stood up, with no sign of introspection on his face, proudly looked at Su Yingxia and said, "Su Yingxia, you were lucky this time and let you avoid a disaster, but next time you definitely won't be so lucky."

"Grandmother is biased in favor of me, you're angry, I can't help it, who let me be the one that grandmother values the most, this is the difference between me and you before."

Hearing Su Haichao's smug tone, Su Yingxia squeezed her fist, the mud Buddha also had three points of anger, let alone her.

"Su Yingxia, can't you see it yet, you're just using tools in the Su family, if not for the cooperation of Weak Water Real Estate, you wouldn't even have the qualifications to enter the conference room, want

to fight with us, save it." Su Yehan deliberately walked up to Su Yingxia's side and said in a yin and yang manner.

### **Chapter 30**

At 4:30 p.m., Han Marchan appeared at the kiosk, but the kiosk still wasn't open, which gave him an ominous feeling that something big had happened at home? Otherwise why would they close the door without a word.

After receiving Su Yingxia, looking at Su Yingxia's cheeks puffed up like a goldfish, obviously sulking, she smiled and asked, "What's wrong, the trouble is solved, didn't grandmother praise you?"

Su Yingxia snorted coldly and said, "Today Lin Yong brought Cheng Gang here to expose all the things Su Hachao did, but grandmother even just told Su Hachao to go home and reflect."

Hearing this, Han Giang revealed a cold smile.

In his opinion, although the grandmother would be biased in favor of Su Hachao, she would be demoted anyway, at least do it to show others, and the word introspection seemed too ridiculous in this matter.

And the old lady this is no longer just as simple as favoring Su Hachao, completely did not put Su Yingxia in her eyes, because she did not even consider Su Yingxia's feelings on this matter.

Eating Su Yingxia, not afraid of her tearing her face off with the Su family at all?What a conceited old thing.

"By the way, I just found out today that that person yesterday, was actually Lin Yong, why did he help me?"Su Yingxia looked at Han Marchant with a questioning face, this matter was clearly related to Han Marchant.

"Uh ..... I spent some money to ask Lin Yong to step in."Han Qianqian said with a natural expression.

"Spent money, how much did you spend?"Su Yingxia was curious.

"One hundred thousand."

"One hundred thousand!" Su Yingxia looked at Han Qianqian in shock, this loser man had spent another 100,000! This had to be her salary for an entire year.

But thinking about the fact that if it wasn't for Lin Yong's presence, she would have probably fallen into Cheng Gang's hands yesterday and would have been defiled by him, she felt a little better.

"Rich man, really rich." Su Yingxia deflated her mouth, a sour taste.

Han Qianli smiled helplessly, this small amount of money is nothing, if Su Yingxia knew the string of numbers in his card, she would not be scared to have a heart attack?

Downstairs in the neighborhood, Han Qianxiang had just parked the car and happened to bump into Jiang Lan and Su Guoyao who were on their way out.

Seeing Han 3,000 driving an Audi, isn't this the one parked next to their car?

I was guessing who bought it before, but it's my own house again!

Jiang Lan was a little angry and walked up to Su Yingxia and said, "Yingxia, you didn't buy another car, did you?"

This matter will be exposed sooner or later, it's just a matter of time, Su Yingxia nodded her head after a glance at Han Giang and admitted, "Mom, I ....."

"Aren't you really afraid that your grandmother will find out, and what's the point of buying two cars, you just have to have him drive such a nice car?" Jiang Lan glared at Han Qianqian and continued, "He wouldn't be the one who asked you for this, would he?"

Su Yingxia even waved her hand and said, "This has nothing to do with 3000, it was my idea."

Jiang Lan didn't believe it and questioned Han Qianqian, "What kind of ecstasy did you put into my daughter, do you know how serious the consequences will be if the old lady suspects her, once the accounts are checked, do you not want Yingxia's safety for the sake of your own face?"

"Mom, don't say anything, aren't you guys going out yet." Su Yingxia said.

Lan Jiang looked at the time, the movie was about to start, which is why she said, "When I come back, you explain this matter to me clearly."

After the two elders left, Su Yingxia sighed and grumbled as she looked at Han Jiang and said, "Why didn't you tell them about the car purchase?"

"Even if I told them, would they believe it?And I don't care what other people think."Han Marchian looked indifferent, to say that he paid for these two cars, Jiang Lan and Su Guoyao would equally disbelieve it, so why waste words.

For the past three years, Han Three Thousand also never cared what others thought of him, the most important thing was what Su Yingxia thought of him.

"Seems like it too."Su Yingxia looked helpless, even if she told them the truth, it would be useless, she wouldn't believe it at all.

Returning home, Han Giangli said to Su Yingxia, "I'm going out tonight, is that okay?"

"If I say no, won't you go?"Su Yingxia asked rhetorically.

Han Giangli nodded without hesitation.

"If you have something to do, go ahead, but ....." Su Yingxia's words came to an abrupt end.

"But what?" Han 3,000 was curious.

"Nothing." Su Yingxia hurried back to her room, she wanted to say don't let Han 3000 go looking for a woman, but this kind of talk made her feel a little strange.

Although they were husband and wife, but in the end there was no husband and wife, interfering in Han 3000's too private life, Su Yingxia was still not used to it.

Sitting at the head of the bed, Su Yingxia lifted the pillow, underneath which was hidden a pair of scissors, which was placed here three years ago.

For the first year, Su Yingxia slept with the scissors in her hand every night, it wasn't until later that she gradually relaxed her guard, and now, she felt it was time to put them away.

"I don't know how you put up with facing a beautiful woman like me." Su Yingxia said to herself, not even noticing her reddening cheeks, and then put the scissors away in the closet.

Standing in front of the mirror, Su Yingxia sized up his body, long and fair legs, proud and upright upper body, exquisite and flawless face, did he really not feel moved?

"Bah, what was I thinking." Su Yingxia's face was red and her ears were red, and she was so shy that she was a mess.

There were only two people at home during dinner, and ever since Su Yingxia became the project leader, the family's economic conditions were generous, so Jiang Lan and Su Guoyao were often absent from the house for dinner.

But this was also a good thing, providing space for Han Qianli and Su Yingxia to be alone.

After dinner, Han Three Thousand was about to clear the table and wash the dishes when Su Yingxia stood up and said, "If you have something to do, go out first, I'll wash up and come back early."

Han Three Thousand was stunned, her heart burst with beauty and said, "No need, I'll be done soon."

Su Yingxia glared at Han Three Thousand and said, "Just let you go, where's all the nonsense."

Han Qianli accosted and smiled, put down the chopsticks in his hand and said, "I'll go then, I'll be back soon after it's done."

After leaving home, Han 3,000 got into the car and dialed Lin Yong's number.

Since the kiosk hadn't opened for a few days, Han Three Thousand had a hunch that something might have happened to the owner, so she asked Lin Yong to check it out and just now received a message from Lin Yong when she returned home, which was why Han Three Thousand told Su Yingxia that something needed to go out tonight.

"What's going on?" Han 3,000 asked.

"Brother Three Thousand, I can't tell you this over the phone, but I came to see you?" Lin Yong said.

"No need, I'll go to the Magic Capital right away."

After arriving at Magic Capital, Han 3,000 and Lin Yong met up, Lin Yong directly said, "Brother 3,000, this person you asked me to check is named Mo Yang."

"Mo Yang?" Han Giangli frowned and asked, "That name, it sounds familiar."

Lin Yong nodded and said, "There used to be a boss in Cloud City named Mo Yang, but five years ago, he suddenly faded away and his power fell apart overnight, no one knows what happened, I suspect that he's the same Mo Yang from five years ago."

Han Qianli looked surprised, the owner of the commissary was the sensational Mo Yang from five years ago!

With Mo Yang's status back then, how could he become a kiosk owner.

Han Qianli suddenly thought of what Mo Yang had said, for women. It seemed that he, the kingpin, had also unloaded everything for the sake of a redhead.

To be able to leave everything behind for a woman at his peak, such boldness was admirable.

"Have you found out what his situation is now?" Han Marchan asked, a three-year friendship, and since he knew about this, Han Marchan wouldn't ignore it.

"There's news that I saw him at the underground casino, which is Changbin's territory," Lin Yong said.

Chang Bin, half of the illegal casinos in Cloud City were owned by him, compared to his men, he didn't have as many as Lin Yong, but to compare financial strength and connections, Chang Bin was able to crush Lin Yong, but since Chang Bin was only in the underground casino business and didn't dabble in anything else, he rarely clashed with his fellow travellers.

"Brother Three Thousand, this Changbin is not easy to provoke, although his reputation in Cloud City is not prominent, I have heard that he has a deep friendship with many big people, I think it's better not to interfere in this matter." Lin Yong reminded.

"When is it your turn to make a decision?" Han Third Thousand coldly said.

Lin Yong quickly bent down to make amends, "Brother 3000, that's not what I meant."
