

His True Colors Chapter 264-268

Chapter 264

One billion.

Shen Weng really thought highly of Su Haichao, one shot was one billion, but what could a trash like Su Haichao do even if he had one billion, could he make waves in Cloud City?

"One billion will soon be lost by Su Haichao, he has nothing to worry about, as for the company's employees, I'll recruit a group of talents to move in." Han Marchiang said.

"Do you know anyone from the headhunters?" Su Yingxia wondered, Han Qianqian's connections seem to be all over the world, there is no friend he doesn't know, universal husband?

"There are a few friends in this area, but you have to promise me that after this is over, we'll have to go to a make-up wedding photo shoot, or the walls of our house will be empty." Han Giangli smiled.

Su Yingxia wasn't repulsed by Han Qianli deliberately making a deal out of this matter, as she had also wanted to do it for a long time, but had just never been able to find the free time.

"Fine, but for the next few days, you'll have to rest in the hospital, and since you're so strong, a few more days of delay isn't a problem, right?" Su Yingxia said.

Han Giangli smiled, "Of course there's no problem, let these jumping clowns have their way for a few days."

Tian family villa area.

Tian Changsheng was cooking tea, opposite doing an anxious looking Wang Mao, one of them was in a calm mood, the other was anxious with a grin on his face, a stark contrast.

"God, is your information wrong, if Han 3000 is not what you think, this time the Su Family will be finished, you said your words too early, how can you ignore this matter, if not for your words, Jiang Fu would not be so messed up ah." Wang Mao said, the matter of the Su family company has spread, Jiang Fu personally sent out the message, whoever cooperates with the Su family company is against him, this kind of speech, those companies have fallen back to stand with Jiang Fu, in Wang Mao's opinion, the Su family is on the verge of doom.

"Look at how anxious you are, even if the Su Family Company goes bankrupt, it has nothing to do with you ah, why are you so concerned about Han 3000?" Tian Changsheng smiled and asked.

"Han Qianqian is the most talented young man I've ever seen, if he's willing to work hard at it, he's bound to be a world class master in the future, of course I can't just stand by and watch this kind of talent get destroyed by Jiang Fu." Wang Mao explained.

"I advise you to give up on this idea, to Han Qianqian, Go is just an entertainment to pass the time, he won't take Go as a profession." Tian Changsheng said, how could the son of the Yanjing Han family

abandon business, his talent was indeed surprising, but I'm afraid that to Han 3000, he was just bored to play.

"Why? If he becomes famous, several can get rid of his reputation as a wimp, and wouldn't he want such a good opportunity?" Wang Mao said.

"Wimps?" Tian Changsheng shook his head and said, "These three words used on him are the biggest joke under the heavens."

"You're going to puzzle me out and satisfy my curiosity, who exactly is he and why do you think so highly of him?" Wang Mao was so anxious that he sat beside Tianchang Sheng, the curiosity in his heart was like a cat scratching, it itched like hell.

Han Qianqian's identity was too powerful, even Tianchang Sheng didn't dare to say anything, but seeing Wang Mao's impatient appearance, Tianchang Sheng also couldn't hold back the desire to say something.

"God, we've known each other for so many years, don't you still trust me? What kind of a tight-lipped person am I?" Wang Mao continued.

Tian Changsheng stood up, took a deep breath, moved his muscles and bones, and said, "It's not impossible to tell you, but you must remember that this matter can't be known by other people, if you have the habit of talking in your sleep, you'd better take duct tape and seal your mouth before you go to sleep at night, otherwise, I can't guarantee what kind of consequences it will cause."

"Just blow it, see if you can blow it to the sky, can it be that serious?" Wang Mao said disdainfully.

Tianchang Sheng laughed and said, "Don't believe it yet, it's really that serious, otherwise how could I be afraid?"

"Okay, okay, I'll listen to you, just seal your mouth and sleep, okay." Wang Mao's mouth said so, but his expression clearly didn't believe in this matter, in his opinion, even if Han 3000 had a hidden identity, it couldn't be so high as to be this outrageous, it was most likely that Tianchang Sheng was just playing a mysterious trick.

"Then listen carefully." Even though Tianchang Sheng was in his own home, he looked left and right a bit to make sure that no one was there before saying in Wang Mao's ear, "He's from the Yanjing Han family."

"The Yanjing Han family?" Wang Mao muttered these four words, his expression changing from confusion, gradually changing to surprise, until he was stunned with shock.

Mischievously, Wang Mao stood up and said incredulously, "You mean, he is"

Tian Changsheng covered Wang Mao's mouth in panic and gritted his teeth, "Old thing, what are you doing so loudly, afraid that others won't hear you?"

Wang Mao felt his heart and liver trembling, the Han family in Yanjing was almost supreme to most people, although their position had been shaken by Han Cheng's death some time ago, the Han family had deep roots and their influence was almost negligible.

How could such a wimp who had been spat upon by Yun Cheng be a member of the Han family?

This huge contrast made Wang Mao unable to believe and unbelievable.

It was extremely unbelievable for someone born into such a noble family to enter a family and be cursed, and to have endured a full three years of secrecy.

"Why did he he do that? To put it bluntly, with his position, you would be willing to let the Heavenly Family be his underling, wouldn't you." Wang Mao said.

Tian Changsheng glared at Wang Mao with dissatisfaction but didn't refute his words because it was the truth, the Tian family was at the pinnacle in Cloud City but that also meant that there was no possibility of the Tian family going further, but if they could be used for the Han family, although there would be some restrictions, the benefits that could be brought to the Tian family were even more unimaginable.

"If I knew, I wouldn't have to be so careful, it's because I don't know what he wants that I don't dare to reveal his identity casually." Tian Changsheng said, in his opinion, Su Yingxia was only one of the purposes, and it shouldn't be possible for Han 3000 to make such a big sacrifice just for a woman.

How could there be a lack of women around a noble family?

Although Su Yingxia was beautiful, she was by no means the gorgeous kind, and as long as Han Giang was willing, he was able to get many more beautiful women than Su Yingxia.

"This time, wouldn't Jiang Fu and the others be finished?" Wang Mao exclaimed.

Tian Changsheng laughed disdainfully and said, "You know the answer by heart, so why do you need to ask me? These old things, I've long been displeased with them, do you really think I don't know that they are plotting against the Heavenly Family behind the scenes? This time, by sending yourself to death, you've also helped the Heavenly Family solve a problem."

"You old thing, you've already thought of using Han 3000 to deal with them, that's why you said you don't care about Han 3000, what an old fox." Wang Mao suddenly came to his senses and looked at Tian Changsheng with a disdainful look.

"Don't you talk nonsense, how dare I use him, it's just a matter of going along with it, Jiang Fu is just looking for his own death." Tian Changsheng said proudly.

These calculations were nothing as far as the mall was concerned, it was true that Tianchang Sheng hadn't done anything to make use of Han Qianqian, and he didn't have the guts to do so either.

"Right now those old things are still proud of themselves, let them know who Han 3,000 is, I don't know if they can cry." Wang Mao shook his head, although he didn't have any sympathy for those people in Jiang Fu, but guessing what would happen to them, it was hard to avoid some feelings.

Jiang Fu's group of people, now they were indeed very proud, within a day, all the external cooperation of the Su family company, all of them collapsed, and this was only because of Jiang Fu's words, in their opinion, the Su family had no chance to turn back completely, Su Yingxia also paid a bitter price for favoring Han Marchant's actions.

"A woman is a woman, long hair, short insight, does not know at all for their own prospects, what is the use of harboring this kind of wimp, now even the company is gone, after Han three thousand to eat soft food can not find a place ah."

In a certain private club, Jiang Fu and his gang pushed the cup.

"Old Jiang, you're still a treasure knife, you've been retired for so long, those people still want to give you face as usual."

"That's of course, I Jiang Fu was famous for my ruthlessness when I fought in the world, how could they offend me for the sake of a mere Su family, but it's not over yet, the Su company has to collapse, Han 3000 still has to kneel down and apologize, this trash has disgraced us, this can't be let go easily, I want him to know what real social cruelty is like." Jiang Fu said grimly.

Chapter 265

"By the way, did you guys watch the video of the game?" A certain person asked the crowd.

As soon as this topic came up, the discussion seemed very heated, and after Han Saniang lost the match, they had already seen the video through various channels, but no one was willing to mention this humiliating incident.

"Strange to say, Han 3000 holds such a big advantage, but after going to the bathroom, he suddenly looks like a different person."

"I've also replayed the mid-term situation, even if it was handed to me, I could still win, but he actually lost."

"Could it be that something shady happened during his bathroom break?"

"Are you saying that Shangguan Black and White is secretly making a little move?"

While the crowd was discussing, Jiang Fu impatiently knocked his hand on the table and said, "Even if there really is something shameful, this wimp is too useless, he can lose the tournament just by being intimidated, he didn't consider our face at all."

From Jiang Fu's point of view, since Han 3000 was forced by them to participate in the tournament, the primary consideration for everything should be their face, no matter what happened, he should take back this championship and make the members of the Cloud City Go Association long face.

"Good, even if he dies there, he has to give us the championship back ah, even if Shangguan Black and White threatens him, he shouldn't compromise."

"Hey, we shouldn't believe that this punk can accomplish anything, in these three years in Cloud City, although I haven't seen this punk thing, I've heard a lot of talk about him, his wimpiness is in the bones."

"It's better not to think about the competition, the more you think about it, the angrier you get, only by venting your grievances on him now will you be able to vent your anger."

The crowd wore extremely strong discontent on their faces, as if Han Qianxiang had to treat them like grandpas and must care about everything.

"By the way, Tian Changsheng had Han Qianxiang sit next to him during the birthday banquet, but this time, why would he not care about Han Qianxiang?" A certain person's confused question was also a matter of curiosity in the hearts of many people.

To think that at the birthday banquet, everyone felt that Han Qianli was the next person Tianchang Sheng would cultivate, but now that Han Qianli was at the point of such a crisis, Tianchang Sheng was leaving it alone, making it incomprehensible.

"Hmph." Jiang Fu coldly snorted and said, "Tian Chang Sheng is a lean man, how could he be nice to people without a reason, in my opinion, Han 3000 must have some kind of use value to him before, that's why he deliberately raised Han 3000's status, but now well, the use value of this wimp has probably been drained, it's understandable that Tian Chang Sheng abandoned him."

Listening to Jiang Fu's words, the crowd nodded their heads in sudden realization, Tian Chang Sheng since handing over the company to his son, it had been many years since he didn't ask about the shopping mall, guarding his boxing gym to pass the time, suddenly supporting Han 3000, a superfluous son-in-law of the Su family, how could it be possible if he didn't have a use for it.

"This wimp is also really pitiful, after being used by Tianchang Sheng, he was kicked out again."

"I think Su Yingxia dared to protect him just because Han Qianli was valued by Tianchang Sheng, but where does this poor woman know that Han Qianli is now useless to Tianchang Sheng."

"Maybe she's still counting on Han Qianxiang to step in and settle this matter, I wonder how she'll feel when she learns the truth."

The crowd ridiculed with smiles on their faces, as if they had already completely stomped the Su Family to death.

As things stood now, there was indeed no possibility of the Su Family turning over a new leaf, because not only had all the cooperation been unilaterally broken, even all the employees in the company had

been taken away by Su Haichao, and this kind of shell company could not be saved even if the Great Luo Jinxian was present.

On the other hand, Su Haichao could be said to be complacent, recruiting Su family relatives as the core of the new company, he once again became the treasure held in the hands of all the relatives, this feeling of being valued has made Su Haichao float, he even had the illusion that in the near future, the three words Su Haichao would replace the Heavenly Family and become the supreme big figure in Cloud City.

"Hai Chao, you're really amazing, you actually managed to find a billion dollar investment." Su Yehan finally didn't have to work under Su Yingxia's hands, it was a great thing for her, it was all given to her by Su Haichao, she naturally wanted to brag about Su Haichao.

"My ability, a mere one billion is nothing, he will invest more money for me in the future, it's only a matter of time before the Su family's status will surpass the Tian family." Su Haichao said in an inflated voice.

Su Yehan nodded her head without hesitation, convinced of this.

In fact, Su Yehan knew very well how capable Su Haichao was, unless he directly used the money to raise Su Haichao's status high, hoping that he could use the billion to develop and thus surpass the Heavenly Family, that was simply impossible, but based on his disgust for Su Yingxia, Su Yehan preferred to trust Su Haichao.

"That's of course, the Su family can only go further in your hands, if it wasn't for that b*tch playing small tricks, how could you lose your position as chairman of the board, but she has learned her lesson now, the Su family company will soon be finished, surely she will become a lost dog, then we can watch the joke." Su Yehan laughed freely, being able to see Su Yingxia fall from grace was her greatest wish in this life, because Su Yingxia not only took those bridal gifts from her, but also had a higher position in the company than her, which was something she had long been unable to endure.

So many years, Su Yehan although in the company also high and low, but at least higher than Su Yingxia this run site status, can appear in front of her in a high posture, but this period of time, Su Yingxia's status promoted too quickly, became the head of the west project, and even became the chairman of the company, watching Su Yingxia step on their heads, Su Yehan has long been eager to be able to destroy Su Yingxia everything.

"Su Yehan, the matter of choosing the location of the new company, I'll leave it to you, I hope you won't let me down." Su Haichao said.

"Haichao, really? You're willing to leave such an important matter to me." Su Yehan said with a flattered look.

Su Haichao smiled, he liked this feeling very much, he could be grateful to him just by giving a little sweetness, this was the superiority that power brought to him.

"Of course, the one I trust the most is you, who else can I give it to you, I'm not like that blind Su Yingxia, I don't know how to use people at all." Su Haichao said.

"Haichao, thank you, thank you for being willing to trust me, don't worry, I will get this done." Su Yehan said.

Su Haichao's eyes flashed with a cold smile, and said, "The address of the company, it's best to be a place we are familiar with, I think, the current Su family company, just change the signboard."

Su Yeh Han looked confused, although the Su Family Company was in a precarious situation, it hadn't fallen down after all, it wasn't an easy thing to take the Su Family's office building now, and Su Ying Xia would never compromise easily.

"Hai Chao, what do you mean" Su Yeh Han was confused.

"Isn't the company loaned a billion dollars, since it can be sold once, naturally it can be sold a second time, you think of a way to contact Du Hong." Su Haichao said.

Du Hong was the president of the bank, if he was there to put pressure on Su Yingxia, Su Yingxia would definitely not last long, but how to get Du Hong to agree, this would have to be left to Su Yehan to figure out.

As an adult, how could Su Yehan not understand Su Hachao's meaning?

Su Yehan secretly bit her teeth and said, "Okay, I'll do it, as long as I can make Su Yingxia finish playing quickly, I'll do anything."

Su Haichao was very satisfied with this answer and said, "As long as the Su family itself grows strong in the future, it doesn't matter if you can marry into a gentry or not, because you are a gentry yourself."

Su Yehan smiled, if that was the case, she indeed didn't have to think about marrying into a gentry, she could even find a little fresh meat to raise and become a queen herself.

Once a beautiful dream scroll was formed in one's mind, it was able to create many fantasies, and Su Yehan felt that her status as a luxury family was even within reach.

"I just need to have a better life than Su Yingxia and let her know that she can't compare to me for the rest of her life, that's all." Su Yehan smiled.

Chapter 266

In the hospital, Han 3,000 and Su Yingxia no matter how stormy the outside world is, they are like being in the eye of the storm, not affected in the slightest, even if the outside world has now spread rumors about the Su family's impending bankruptcy, Su Yingxia, the new chairman of the Su family caused decades of foundation destroyed once, the Su Yingxia reduced to worthless, and even said that Han 3,000 is a pest, if not for Han 3,000, the Su family would not have ended up in such a state.

For a while, Han Three Thousand's name was pushed back into the limelight, as everyone knew that the crisis of the Su family's company this time was because of Han Three Thousand, and that it was Su Yingxia who had caused the entire company to fall into crisis in order to shield this wimp.

"I'm afraid Su Yingxia is insane, actually taking the entire company for a wimp."

"I don't know how this wimp managed to charm Su Yingxia and actually help him so much."

"It seems that these days, eating soft food also requires skill ah, Han Qianqian this skill, can open a training course."

"The days of eating soft food are also coming to an end, Su's company is now being targeted by Jiang Fu, how much longer can he hold on."

Statements like these were rising up in a big way in Cloud City, being ridiculed by the crowd, recreating the heat of the topic three years ago when Han Marchan joined the Su Family, and there was no one who didn't discuss things about the Su Family after tea and dinner.

Jiang Lan didn't dare to go out these days, her sister's invitation was pushed by her again and again, because she knew that as soon as she showed up, those people would definitely ask her about the company, and she would inevitably be sneered at, after all, this time she was complacent and bragged a lot and said a lot of big words, and now that the Su family was suffering from this misfortune, her position as chairman's mother was about to be lost.

"Su Guoyao, go to the hospital again and ask Su Yingxia what she really wants, whether she has to cause our family to live on the streets before she is willing to do so." Jiang Lan said to Su Guoyao with a hostile face.

Su Guoyao also didn't dare to go out drinking these days, those pigs and friends were about to burst his phone, all wanting to ask what the situation was in their family now, how could Su Yingxia have such a big grudge against Jiang Fu for a wimp.

"I think Yingxia should have a solution, what are you anxious about, what kind of character is she, aren't you clear yet, she can't possibly see the company collapse." Su Guoyao said.

"If it was before, of course I believe her, but now, she's already confused, she doesn't even know her own last name for Han 3000, this silly girl, she would actually fall in love with Han 3000." Jiang Lan couldn't comprehend this matter, Han 3000 had indeed given their family some sweetness, but wasn't that the logical thing to do? Han 3000 brought so many curses, three years of nothing in the Su family, no matter how much benefit he brought to the family, in Jiang Lan's opinion, it was all right, but he wanted to affect the Su family, that was an absolute no-go.

"Emotions are such a thing, who can say for sure, didn't you also marry me before." Su Guoyao said.

"I was blind, had I known your position in the Su family, how could I have married you." Jiang Lan did not consider Su Guoyao's feelings at all and said straightforwardly.

Su Guoyao, a soft egg, had no desire to retort at all in the face of these words, he had been oppressed all these years and was a complete wife and disciplinarian, it was absolutely impossible for him to bring up the courage to argue with Jiang Lan without a couple of bottles of white wine.

"Ying Xia is an adult, she does things in a measured way, maybe she's already thinking of a way." Su Guoyao said.

"Guarding that wimp in the hospital and doing nothing, that's called thinking of a way?" Jiang Lan coldly said.

Su Guoyao sat beside Jiang Lan and said with a serious expression, "Don't you think that every time there is trouble, no matter how big it is, she can solve it? Although Ying Xia is our daughter, can you imagine how powerful she is? Why is Weakwater Real Estate only working with her, and on what basis did she acquire the Su Company."

"Don't play dumb riddles with me, just say what you have to say." Jiang Lan looked at Su Guoyao impatiently.

"I'm trying to say, I'm afraid that all of this is related to Han Qianqian, and I can't say, it's all because he helped Su Yingxia do it." Su Guoyao said, this suspicion was not unfounded, because Su Yingxia had done too many things recently that Su Guoyao found unbelievable, although he was a useless person, but he also had some understanding of the shopping mall.

Weak water property and acquisition of the company, these two things, everywhere reveals the strange, with Su Guoyao's knowledge of Su Yingxia, she can't do these things.

Jiang Lan showed a disdainful expression, something to do with Han Qianqian? Subconsciously she still believed that it was her own daughter's ability and that Han Qianxiang was just showing some value in the matter of buying a hillside villa.

But on second thought, Jiang Lan had to admit that Su Guoyao's words did make sense, and after Shi Jing and Nangong Qianqiu appeared, Jiang Lan wouldn't really be so foolish as to think that Han Qianqian just had some private money.

His identity was still unclear, but he definitely wasn't a simple person.

"If he's so capable, why hasn't he solved this matter, and now even Su Yingxia is implicated in being spurned by the entire city, he can endure this, and he's still saying that he loves Su Yingxia, is that love?" Jiang Lan said.

Su Guoyao shook his head, he couldn't guess what Han 3000 wanted, if it were him, if he had the ability to solve it, he would have already come out to settle the matter, and how could he stay in the hospital in peace.

"I think it's better for us to leave this matter alone, although you're not afraid of offending Han Qianlian by virtue of his love for Yingxia, but you also have to think about it, our family, in the future, may rely on him to live a better life, so why bother to offend him." Su Guoyao advised.

"Even if we have to rely on him, so what, I'm his mother, can't I even teach him a lesson?" Jiang Lan said in a high and mighty manner.

Su Guoyao sighed, this was Jiang Lan's personality, always able to find reasons to be high and mighty, but wasn't she worried about what would happen when Han Giang got tired of it all?

One step backward can broaden the sea and sky, but another step backward is an abyss, will Han 3000 retreat again and again?

It was too late to regret it then when Han Giang couldn't bear to tear his face off.

"Don't sigh in mourning in front of me, I'm not dead yet." Jiang Lan glared at Su Guoyao with cold eyes and said.

Su Guoyao had a deep sense of powerlessness in the face of Jiang Lan's unjustified forcefulness, perhaps it was because she had been too indulgent over the years that she had developed such a strong personality.

"If you want to go to the hospital, go by yourself, I will never go." Su Guoyao said and got up to go back to his room.

Jiang Lan hesitated, but ultimately didn't dare to go, Su Guoyao's words she had to admit were very reasonable, and she wasn't willing to offend Han Qianqian if she wasn't forced to do so.

Of course, if Han 3000 couldn't solve this matter, Jiang Lan would definitely scold him to death.

"He Ting, wash some fruit for me, can't you find something to do on your own if you're idle all day?"

He Ting, who was cleaning, wasn't idle, but she was used to Jiang Lan's prickliness.

Magic Capital.

Yun Cheng was cursing Han Qianqian, and Mo Yang and the others had naturally heard a lot of gossip.

"This kind of pomp and circumstance, it was only when Han Qianqian got married back then, right?" Mo Yang said with a smile.

"That wedding three years ago, it stirred the entire Yun City, because the news came so suddenly, so many people couldn't believe it, and after those people knew that Brother 3000 was a member of the family, they even thought that the Su family was crazy, but they didn't scold Brother 3000." Lin Yong said.

"It's really a bit interesting, the world's crickets don't know the greatness of giants ah." Mo Yang exclaimed.

Knife Twelve looked at Mo Yang puzzled and asked, "What is Brother 3000 doing, it's been a few days and he still treats it as if nothing has happened?"

Mo Yang was still a bit uncomfortable with the matter of Knife Twelve calling Han 3000 brother, after all, in terms of age, Knife Twelve was comparable to Han 3000 mostly, but it was understandable that Knife Twelve would honorably call Han 3000 out of gratitude.

"A few days is nothing, but he was scolded for three whole years, when did he ever refute it, this guy's hidden patience is the strongest among people I've met, being able to endure what the world can't endure is something no ordinary person can do, but such a person, once he explodes, it's the wind and clouds ah." Mo Yang smiled.

Chapter 267

Although Lin Yong only had a half-understanding of Han Marchant's background, he was very clear about how terrifying Han Marchant's hibernation was.

Originally a big man with a hand to stir up the storm in Cloud City, yet he had been willing to suffer humiliation for three years after joining the family, in Lin Yong's opinion, this was something that no one could do, so unlike Blade Twelve, he felt that this was within reason.

No matter how many people spit on him, he didn't care or even disdain it inside, because people like Han Qianqian possessed the ability to change the situation instantly, and if he wanted to, he could do it.

Since it was a problem that could be solved with a single thought, how could he possibly care?

This is being so powerful that you don't even care to compete with ants.

"I'm injustice for Brother 3000, now that Jiang Fu's gang is jumping up and down, I can't even watch." Knife Twelve said.

"Twelve, you and Three Thousand, you're kindred spirits, how could you not understand his feelings?" Mo Yang smiled at Knife Twelve, at first he and Han Qianqian both simply thought that Knife Twelve was just a powerful person, for the sake of Tang Qing Wan so willing to fight in the boxing ring to maintain a living, but after this incident at the Geocentric Prison, Mo Yang knew that Knife Twelve's identity was definitely not simple.

But a person with an uncomplicated identity is willing to fight for a living in the boxing ring, this can be considered a kind of hidden patience.

Knife Twelve's expression was a bit frozen, then he waved his hand and said, "How can I compare to Brother 3000."

"You know, I suggested to Three Thousand to investigate you, want to know what he said about it?" Mo Yang said, mentioning the question without Han Marchand's consent, but Mo Yang knew Han Marchand wouldn't blame him.

"How so?" Knife Twelve was curious.

"Hiring someone who hasn't thought to investigate you and won't do so in the future." Mo Yang said.

With a serious expression, Knife Twelve said in a deep voice, "Don't worry, I, Knife Twelve, will not betray him in my life, as long as he can help me take care of Tang Qingyuan, even if it means death, I am willing to do so."

Mo Yang laughed openly, patted Knife Twelve's shoulder and said, "It's not necessary to die so seriously, and we all believe in you, but since we're all brothers, if you have any hard feelings or troubles, you can tell us, three cobblers can top one Zhuge Liang, and might be able to help you solve your troubles."

Knife Twelve nodded his head and didn't say anything, the kindness was appreciated, but his trouble was never something that Han Marchant had the ability to solve, and he didn't want to harm Han Marchant either.

Seeing that Knife Twelve didn't say anything, Mo Yang sighed, it seemed that his trouble should not be small, or else he wouldn't be so taboo.

"I don't know when he will be discharged from the hospital, the day he is discharged is when the black clouds will press down on the city ah." Mo Yang said with an expectant face.

In the hospital, Han Qianqiang enjoyed his time alone with Su Yingxia, for three whole years, he had never stayed with Su Yingxia like this before, he didn't have to do anything, didn't have to think about anything, quietly enjoying the feeling of being taken care of by Su Yingxia, as if this had been the happiest thing in the world.

What rivers and mountains, what rights and status, in front of this matter, have become worthless.

Buying food Su Yingxia returned to the hospital room, and although she tried her best to hide her expression, Han Giang still saw something wrong.

"What's wrong?" Han Giangli asked.

Su Yingxia opened her lunch box as she said to Han Three Thousand, "Jiang Fu called me again, restricting you to kneel at the People's Square within two days."

People's Square was the downtown area of Yun City and the place with the largest amount of people traffic, and this request from Jiang Fu was meant to make Han Three Thousand's kneeling known by the entire city, meaning that he didn't just want to make Han Three Thousand's name a wimp, he also wanted all of Yun City to witness Han Three Thousand's wasteful side.

"This old thing is becoming more and more excessive now, but it's an interesting idea to learn from." Han 3000 said with a smile, he had no sense of crisis at all about this threat, it was like a three-year-old child clawing in front of him, not only would it not be dangerous, but it would be ridiculous.

"What are you going to do?" Su Yingxia asked.

"He'll be discharged today, and since he likes kneeling so much, of course I have to satisfy him." Han Three Thousand Years ate her meal and slurred her words.

Su Yingxia faced Han Qianli's strong confidence, although she didn't doubt that Han Qianli could do it, but there would always be a slight worry in her heart that she couldn't let go, after all, the gang that Jiang Fu had assembled were all powerful people in Cloud City, and now the Heavenly Family wouldn't help Han Qianli, could Han Qianli alone really deal with so many families?

At this time, Su Yingxia's phone rang.

"Yingxia, did you hear that those people are going to make Han Qianli go kneel at the People's Square, this matter has already spread, I heard that many people have now gone to the People's Square to take up seats in order to see the fun up close." Shen Ling Yao said.

"I've heard." Su Yingxia said with an ugly face, this matter was deliberately released by Jiang Fu, he was trying to let the whole city know about this matter.

"You're still so calm after hearing about it, have you thought of any solution, you're not really going to let Han Giang go on his knees to apologize, are you? It's in front of the whole city." Shen Ling Yao asked.

Su Yingxia subconsciously looked at the carefree Han Qianqian, who didn't show the slightest bit of worry, so he should be confident that he can solve this matter.

"Don't worry, I have a solution." Su Yingxia said.

"Really?" Shen Ling Yao was skeptical about this, because this matter was so big and Jiang Fu had gathered too many people to deal with Han 3,000, so Shen Ling Yao couldn't think of any possible solution other than kneeling.

"Don't follow the blind worry." Su Yingxia said.

"Hey, I hope he's okay, if he really goes to kneel down and apologize, this" Shen Ling Yao wanted to say something, but eventually she didn't say anything, although she knew it was impossible between herself and Han 3000, but she also didn't want to see her male god lose face, but unfortunately she could only act as a spectator in this matter and couldn't help in any way.

After Han 3000 finished eating, Su Yingxia took her lunch box to wash it, and after Su Yingxia left the hospital room, Han 3000 took out her phone.

"Mo Yang, I'm leaving the hospital today, there's a good show at People's Square tomorrow, get together?" Han Qianqian said to Mo Yang.

Mo Yang had been waiting for this day for a long time, and when he heard Han Qianqian's words, he got excited and said, "Of course I'm going, how can I be missing out on this kind of excitement, I'm Mo Yang."

"Go pay a visit to these families, otherwise it's too boring." Han Giangli smiled.

Mo Yang patted his chest on the other end of the phone and assured, "Don't worry, I'll show up, there's nothing I can't handle."

"I can wait for good news tomorrow at People's Square."

Hanging up the phone, Han Qianli appeared unusually clouded, as this matter wasn't a matter to him in the first place, could it be trouble that could be solved with a single word?

It's just bitter for those old things, being so old, and having to kneel down in the People's Square.

Su Yingxia returned to the hospital room and asked Han Qianqiang, "Do you want help with the discharge procedures?"

"If I could, I'd rather live here for the rest of my life." Han Qianqiang smiled.

Su Yingxia glared at Han Qianqiang and said in a reproachful tone, "Shut your mouth if you can't speak, the hospital isn't a good place, what's the point of living here for the rest of your life."

Han Qianqiang quickly made a motion to seal her mouth and said, "Yes yes yes, I won't talk."

The discharge procedure wasn't troublesome, but in the process, Han Qianqiang was subjected to a lot of finger-pointing, especially from the employees within the hospital because they all knew his identity, so naturally they knew who would be kneeling in People's Square tomorrow.

All of them thought that Han Qianqiang will definitely appear in the People's Square tomorrow and will kneel down to Jiang Fu, because this is the only way to solve things.

Walking out of the hospital, Han Qianli took a deep breath and stretched out his lazy waist, saying, "Although the hospital is comfortable, it's still better air outside, and this kind of place should indeed be visited less often."

"Let's go home first." Su Yingxia said.

"En." Han Qianqiang nodded.

At the Peninsula Hotel, Chi Yi Yun hung up the phone, pushed the frame of the mirror and said with a smile on her face, "Finally out of the hospital, there are too many people waiting for this moment, can you surprise them?"

Chapter 268

Jianghe Group.

An internal meeting had just ended and Jiang Hai was preparing to leave when a company's top management smiled and said to him, "Jiang Dong, Jiang Lao has been in the limelight for the past few days, he's really a treasure knife."

Hearing this, Jiang Hai smiled faintly and said, "What treasure or not, the old man is probably bored lately, that's why he's looking for something to do for himself."

"The Su family has been played badly enough by the old master this time, that Su Yingxia is also really ill-fated, it was hard to become the chairman of the Su family, but he even provoked the old master again, isn't that asking for death."The senior said.

"I heard that it's still to shield that trash Han Qianqian, I don't know what he's thinking."Another senior sneered, everyone in Cloud City knew about this, the people from the River Group had naturally heard about it long ago, the old man moved for real to play down the Su Family, and now there were an unknown number of people waiting for a good show.

"Han Qianqian is a person, but he has never failed to embarrass our men, it's fine to have my father clean up, as long as his old man is happy, it doesn't matter what he does."Jiang Hai said with a carefree face, he didn't put a single Su family in his eyes, let alone Han 3000, from the time he knew about this matter, Jiang Hai didn't even ask about it because he wasn't worried about what would happen, Jiang rich with his own influence, defeating the Su family was definitely not a problem, even if something really went wrong, he had a way to be able to solve it.

"Yeah, as long as the old man is happy."

"I don't know how many people are waiting to see the good show at the People's Square tomorrow, I'm curious if that trash Han Qianli will show up."

As a few people laughed and laughed, Jiang Hai's assistant ran into the conference room in extreme panic.

"Jiang Jiang Dong."

Jiang Hai glared at him and said, "Is the sky falling down, why are you so panicked."

The assistant not only felt the sky fall, as if he also felt an earthquake, because a group of people from the company came and filled the lobby and didn't let anyone leave, now all the employees up and down the company were panicking.

"Jiang Dong, a man named Mo Yang wants to see you."The assistant said.

Hearing the name Mo Yang, Jiang Hai instantly frowned, the number one person in the grey area of Cloud City, but Jiang Hai had no interaction with him, why would he suddenly come to the company?

Jiang Hai and Mo Yang didn't belong to the same path, but with Mo Yang's current status, Jiang Hai couldn't disrespect this big brother.

Now in the entire Cloud City, who would dare to offend Mo Yang casually, even the Heavenly Family wouldn't want to deal with him.

An ominous feeling surfaced in his heart, and Jiang Hai said to his assistant, "Bring him to my office."

The assistant left the conference room with a pale face and nodded his head.

"Jiang Dong, nothing will happen, right?"

"Could it have something to do with what happened to Jiang Lao?"The two executives worriedly asked Jiang Hai, Jiang Lao targeting the Su family was originally a simple matter, but if this matter involved Mo Yang, it would become very troublesome.

The Jiang He Group had a great reputation in Cloud City, but to mess with someone like Mo Yang was not a good thing after all.

"How could the Su Family possibly invite this big man."Jiang Hai's expression was calm, but inwardly he felt that these two things must be connected, otherwise how could Mo Yang come to him for no reason.

The two executives looked at Jiang Hai's calm appearance and began to worry in their hearts, there was no problem dealing with the Su family, Jiang Fu was capable of playing her off against him, but Mo Yang's appearance would take this matter to another level, and if he really tore his face off, I'm afraid the Jiang family wouldn't have any good results.

Jiang Hai returned to his office and found Mo Yang sitting in his seat, hinting at some dissatisfaction.

"Boss Mo, I didn't expect that our first meeting would be in this way."Jiang Hai said in a deep voice.

When Mo Yang saw Jiang Hai, he deliberately stood up to tidy up his clothes and said with an apologetic face, "Jiang Dong, I'm really sorry, the first time we met, I actually didn't have a formal dress to attend."

"Boss Mo mustn't say that, I, Jiang Hai, am just a small person, how can I let you attend in formal attire."Jiang Hai said.

"Since you know you're a small person, why are you still jumping up and down looking for death?"Mo Yang was disdainful.

Jiang Hai claimed to be a small person, that was a sign of his modesty, but he didn't think that Mo Yang would say that, this was a complete lack of regard for him.

Jiang Hai gritted his teeth and said, "Boss Mo, what do you mean, I, Jiang Hai, am also a prominent number one in Cloud City, if you deliberately pick on me to find trouble, I, Jiang Hai, am not easy to provoke."

"I came to find you today to deliver a message to you, and also to save your Jiang family, how loud you are has nothing to do with me."Mo Yang said.

"Hmph."Jiang Hai coldly snorted and said, "Save the Jiang family, the Jiang family is fine, why do I need you to save it."

"Fine, of course, fine na, your father dealt with the Su family, you wouldn't know about it."Mo Yang said.

"Of course I know, but it's just a Su family, I didn't put it in Jiang Hai's eyes." Jiang Hai said disdainfully.

"You can not put the Su family in your eyes, but you can't not put my boss in your eyes." Mo Yang laughed.

Boss!

These two words made Jiang Hai feel appalled inside, who in the whole of Cloud City didn't know that after Mo Yang reemerged, pacified the chaos in Cloud City and regained his position back then, he even had a boss!

"Boss Mo, don't joke with me, Cloud City Grey Area, is there anyone more powerful than you?" Jiang Hai said.

"Tomorrow, tell your father to go to the People's Square and kneel down, otherwise, those brothers under me might greet the people of your Jiang family, they are not too good with their eyesight lately, they might not be able to tell the difference between an adult and a child, in case they do something irreversible, Jiang Dong will have no one to succeed them, you think it over yourself." After Mo Yang said this, he left the office.

Jiang Hai's face was as heavy as water, he felt the threat in Mo Yang's words clearly, if he didn't do what he said, Mo Yang would deal with the Jiang family.

But

Suddenly, Jiang Hai's eyes shook!

Let Jiang Fu go to the People's Square to kneel, and this location is exactly where Jiang Fu asks Han 3,000 to go.

The boss in Mo Yang's mouth

No way!

How could it be.

How could Mo Yang's boss be a trash like Han Qianqian.

He had been lairing in Cloud City for so many years and was infamous, how could he shake himself up and become the boss of someone like Mo Yang.

"Han Qianqian, you're really a bit capable, you can actually make Mo Yang appear, but so what, I, Jiang Hai, am not a soft persimmon to be manipulated by anyone." Jiang Hai said through gritted teeth.

Leaving the company and returning home, Jiang Fu sat in the living room, studying the videos of the major top tournaments, although he was not good at chess, he still had a great love for Go, and in his spare time, besides playing chess, he just looked at the Go tournament videos.

"Dad, how did the conflict between you and the Su family come about?" Jiang Hai walked up to Jiang Fu and asked.

Jiang Fu waved his hand and said, "Don't worry about it, dad can solve it himself, you'd better worry about the company's affairs, do you really think that dad is old and can't do anything?"

Jiang Hai took a deep breath, if this matter was only related to the Su family, of course he wouldn't worry about it blindly, but now that Mo Yang had come forward for this matter, he couldn't continue to turn a blind eye.

"Dad, I'm just curious, tell me about it." Jiang Hai said.

"Okay, to satisfy your curiosity, it's actually not a big deal, it's all because of that wimp Han Qianqian, this kid is quite good at Go, so we forced him to go to Fuyang City to participate in the tournament, we thought we could make him look good for the Yuncheng Go Association, but we didn't expect this trash thing to lose the tournament, and he lost on purpose, not only did he embarrass himself, but also the entire Go Association, this bad anger dad has been holding in his heart, if he doesn't kneel down and apologize to me, how can I feel happy." Jiang Fu said.

In the whole paragraph, Jiang Hai captured two important points, forcing as well as losing, it was completely outrageous and unreasonable, the competition was the one they forced Han 3000 to participate in, losing the competition and then making Han 3000 kneel down to apologize was simply aggressive.

Of course, if Mo Yang didn't step in, Jiang Hai would still take it for granted, shouldn't the weak submit at the feet of the strong? Unfortunately, the situation is different now!
