

His True Color Chapter 2741-2750

Chapter 2741

In those eyes, they were as light as water, unable to see the slightest ripple.

Seeing Han Qianqian raise his eyes to them, the two men coldly snorted, not putting Han Qianqian in their eyes in the slightest, that high and mighty look, as if the world was already number one.

Although he was terrified, the second-ranking officer had a good work ethic and mustered up the courage to negotiate with the other side.

Han Qianqian at this time but a hand pulled the second gently: "It's okay, we let him."

After saying that, Han Qianqian slightly turned sideways, stopping both Xiao Er and the mountain vest to his side and making an aisle at the top of the stairs.

The staircase aisle was not very wide, so Han Qianqian and the others' concession was actually more like a kind of restraint than a suitable concession.

However, the giant did not take Han Qianqian's polite concession seriously at all, instead, he almost looked at Han Qianqian with his nose in the air, looking as high and mighty as a two-hundred-fifty man, snorting disdainfully, "Heh, you think I'm like you water monkeys, a little bit bigger than a fart? Just this kind of aisle, you let Laozi, Laozi get by?"

"Three straw bags!"

Hearing this furious scolding, even the junior, who was often in the service industry, was on fire and furious.

After all, it was just as well that the giant who should have given way didn't let go of the way, people were kind enough to give way, but instead of appreciating it, he ended up being vicious and biting people back, this was really too much to the point of no return.

Even if he was a junior, he felt that this giant was simply aggressive.

However, Han Qianqian was smiling, "Then let's go down first."

"Shit, why should we go down? We obviously went down the stairs first, so what's the difference? It's his turn to let him go." The pangolin couldn't help but say in anger.

However, just as he was saying this, the giant over there was already rubbing his casserole-sized fist in his palm.

To be frank, when the man in the piercing vest looked at his stance, he could not help but swallow his saliva.

The tiger is powerful, this is

However, the piercing mountain armor was an earth spirit pearl after all, in front of Han Qianqian he didn't dare to act rashly, but in front of this giant, what did he not dare to do?

"Simply arrogant!" The Mountain Piercing Armor shouted angrily, and in the next second, with a power in his hand, he was about to settle the score with the giant.

However, before he could take half a step, he suddenly found that his feet were as hard as lead.

When he looked back, he saw Han Qianqian grabbing his leg in the air, and then he shook his head slightly.

If we were to cause trouble, wouldn't it be a waste of time to cause trouble?

Han Qianqian was not willing to do so.

"Others have bullied us, just like this, still tolerate?" The mountain beetle could hardly bear this nameless fire, and said depressedly.

Han Qianqian was still shaking his head.

If he conceded, it would be a big loss of face: "I'm so angry with you."

However, almost at that moment, with a light cough, a faint aroma came slowly from upstairs.

"Fat Army." With a soft gulp, he slowly walked down from the third floor with a group of people.

He was dressed in a graceful and wealthy manner, and had a rather heroic look, and at this moment he was lightly waving a fan in his hand, "What is the decency of making a noise?"

"Young master."

This fat mountain-like giant, when he saw the young master, immediately turned docile, and slightly bowed himself with an extremely low posture.

"Young master, we're not being disorderly, we're presiding over the order." Under the giant, the skinny monkey blinked his small, haunted eyes and laughed coldly.

"Presiding over order?" Young Master Liu coldly swept a glance at the two men, then fixed his gaze on Han Qianqian and the others, his eyes almost entirely filled with arrogance and disdain.

"What's there to preside over the order?" He smiled grimly.

"In the Gathering Pavilion, if it were normal, it would not be said. But now, with the Fang family's big wedding and all the guests arriving, this Gathering Pavilion is naturally a place of protocol for the Fang family."

"Since it is a place of honor, it is not the usual place where any dog or dog can stay." The thin monkey laughed coldly and then looked at Han Qianqian, "Am I right? What about a cat? Or is it a dog?"

Chapter 2742

Hearing these words, the piercing beetle was about to rush up and argue with him on the spot, but at that moment he was pulled back by Han Qianqian, and the shopkeeper also hurriedly said, "Report to the several masters, these two are also guests of the Fang family, and just now that servant of the Fang family also repeatedly instructed me that they are also guests of the Fang family, so I should make good arrangements, so how can this be a cat or a dog?"

"Now that you call me master, does that make me your grandfather?" The giant laughed coldly.

The shop boy was speechless.

"Hahahahahahaha!"

The group of people burst into laughter, and the monkey-like dwarf even laughed coldly, "A junior is a junior, so you can only be a shopkeeper's junior for the rest of your life, and with your IQ, you can't do anything else."

"The guests of the Fang family, that is also divided into three, six, nine levels, some are the guests of the seat, while some? They are just running guests at the off-course tables."

"What do you mean, masters?" The junior did not understand.

"This third or fourth floor of yours is naturally where the Fang family's seated guests live, and above this first floor, those who live here are naturally the guests in the house, as for the running guests"

Speaking of this, the thin monkey and the giant looked at each other and smiled grimly and coldly at each other.

"The flowing water guest is naturally not qualified to live on the first floor." The giant sneered.

"But within the Ju Ying Pavilion, there is no place to stay except for the second, third and fourth floors." The junior said helplessly and depressedly.

"Bastard." At this moment, the thin monkey scolded angrily, "How come there's no place to stay? What are the horse pens and woodshed in your Ju Ying Court for?"

"How can you live in this place?" The shop boy was immediately anxious.

"You bully people too much!" The pierced mountain beetle shouted coldly.

"Watch your language, we never bully people!" The skinny monkey hastily refused to admit it, and the next second, he suddenly sneered, "We, ah, have always bullied only cats and dogs."

"Hahahahaha!"

At these words, several people burst into laughter again.

Han Qianqian did his best to pull the piercing armour, but at this moment, his gaze unintentionally skimmed over a man behind Duke Liu.

Although he couldn't see him, Han Qianqian recognised him from the white bandages on his body.

"We're here to follow the wedding, don't make a scene." Han Qianqian softly admonished the piercing beetle, and then, looking to the shopkeeper, "The woodshed will be the woodshed, little brother, please lead the way."

"Master, you are surprised," the shopkeeper looked at Han Qianxi.

This is the largest restaurant in the Desert City, so who would come to the best restaurant and live in the worst environment?

However, the state of affairs was such that, looking at Han Qianqian's eyes, he also seemed to have made up his mind, so he let out a long sigh and nodded, "Ai, master, I'll take you there."

After saying that, the shopkeeper turned around and headed downstairs. Han Qianqian didn't say anything and pulled the pierced mountain beetle with him, following the shopkeeper all the way down as well.

"I pooh, what a waste."

"Grandpa, I didn't even give him a hand, and this grandson just admitted to himself and went to live in the woodshed."

"This motherfucker is a man no!"

Just after Han Qianqian turned around, the curses behind him were already incessant.

However, for Han Qianqian's patience, this was nothing, so he just ignored it and followed the second-ranked man around the hall and towards the back kitchen, amidst the astonished eyes of the people in the hall.

Soon, the three of them turned around and in less than a few moments they arrived at a broken-down woodshed in the backyard.

The house was small in size, filled with all sorts of dry firewood and in extremely poor condition.

"Two masters, this is the firewood room of Ju Ying Court." Little Er said in a slightly apologetic faint voice.

Even for a shopkeeper like him, in a place as luxurious as the Gathering Pavilion, it was absolutely impossible to live in such an inferior environment, and to bring guests to live here, even he, too, felt quite embarrassed.

"Fuck, is this a fucking place where people live?" The pangolin was depressed, this kind of place, even if you put a livestock, it would be too dirty.

"When you were outside, didn't you also live in a cave?" Han Qianqian gave him a blank look and glanced at the woodshed, "Yes, this is the place to stay, Little Brother Er, thank you."

Little Brother Er immediately blushed: "Then, I'll go and prepare some food for the two masters."

After saying that, Little Brother turned around and went back to the hall.

And at this time in the hall, Liu Gongzi's group of people, also slowly walked into the hall

Chapter 2743

When they saw the shopkeeper who had returned, several people looked at each other and gave a cold laugh.

They sat down at a table, shaking their heads, but not ordering any food, just sitting quietly.

It was not until the shop boy, who was carrying several plates of food on a tray from the kitchen, was about to walk through the hall to the backyard that the giant slammed his fist on the table and said in a cold voice: "Little Two!"

In the distance, a young waiter hurriedly ran over, but as soon as he reached the table, before he could say anything, the giant impatiently pushed the waiter away with a slap.

With his giant-like body and strength, the shopkeeper was not even able to reflect what was happening, and was directly carried away by his palm for several metres, and smashed heavily against the pillar of the restaurant, grimacing in pain.

"Fuck, you can't hear me, I'm calling Xiao Er!" The giant looked at the shopkeeper who had just received Han Qianliang and roared in anger.

The shopkeeper had been running the restaurant for many years, so he had to learn how to read people's opinions, and when he saw the situation, he could not understand the reason for this.

The shopkeeper sighed helplessly and ran over with Han Qianqian's food, and once he reached the table, he greeted them with a smile and said, "Hey, gentlemen, what can I do for you?"

"Fuck, what else can I do for you? Are you out of your mind? I'm sitting here, I asked you to come over and not order food, so I'm asking you for toilet paper?"

At this remark, the group of them were amused, and even the customers at the next few tables could not help but laugh in disbelief.

The shopkeeper suddenly looked embarrassed, but still maintained a smile and said, "Then what do you want to eat, just give me an order, I will arrange it for you!"

"There is nothing that I have not eaten before, there is nothing that I have not eaten before. The thin monkey laughed coldly.

"It's just a casual way to deal with the cravings of the mouth and tongue." Liu Gongzi said in a bland and cold voice.

"By the way, Xiao Er, what kind of dishes are you serving? I have some appetite for these dishes!" The thin monkey said in a cold voice.

The junior smiled awkwardly, "This is all the meals served to those two gentlemen just now, so the junior junior arranged some at random."

"Is that so? Old me take a look." As the giant's words fell, he rose slightly and stretched his neck to look into the tray.

"I pooh!"

Suddenly, just as the guy stretched his neck to look into the tray, he violently took a sip from his mouth, and in the next second, with the sound of his voice, a mouthful of saliva was spat directly onto a plate of dishes.

The shopkeeper looked at this, at once even himself, that was also disgusted, this saliva on it simply even he was disgusted on.

"Fat Jun." Liu Gongzi discontented glared at the giant: "You still have no manners? This is something that others are going to eat, how can you make people eat it if you spray some saliva on it like this?"

"Fat Jun, it's not that I'm not helping you, to be honest, what you're doing is too disgusting, look at the saliva, it's even got old spittle on it, it's disgusting." The skinny monkey also drank discontentedly at this time.

When the giant smiled, he touched his big, round head and smiled, "Sorry, I was wrong."

Immediately afterwards, he fiercely stretched out his big hand and directly pinched and grabbed the dishes on a few plates, giving them a hard manual stir.

"That way, you can't tell!" After he finished scratching, he smiled gently.

The skinny monkey and Liu Gongzi looked at each other and laughed, at this moment, the skinny monkey's face still pretended to be not too happy: "Alright, don't make a mess here, the dishes will get cold for you later, Xiao Er, hurry up and send the food over first, we will order later."

"Huh?" The shopkeeper's stomach was turning, how could he bring this to people to eat?

"If you're told to fucking deliver, you'll fucking deliver, why are you standing there? Get out!" The giant bellowed angrily.

"By the way, if you dare to tell others that there are problems in this dish, and ruin the signboard of your Gathering Pavilion when the time comes, then we can't care oh." The skinny monkey threatened in a cold voice.

The shop boy heard a word and looked at the shopkeeper, who put his head down and waved his hand, signaling him to hurry up and deliver it, the shop boy had no choice but to stiffen and head, carrying the stuff towards the backyard

Chapter 2744

In the woodshed, Han Qianqian just opened the floor bunk for the night's rest, the place was already small, and the room full of firewood took up half of it, so naturally the space left for the two of them was extremely small.

"Three thousand, I really don't understand you, people are shitting on our heads and you're still", the mountain beetle was extremely resentful and incomprehensible.

If Han Qianqian did not have that kind of ability, then the reasoning of being beaten and having to stand upright would still be understandable, after all, the skill is inferior to others, this is nothing to say.

But the problem is that Han Qianqian is not only capable, but he is also very capable. When he stands there, he is the only one who bullies others, so it is not his turn to say anything in front of him.

But for Han Qianqian, patience is the norm. He doesn't care about people who are not even on the same level, and he doesn't like to bully the weak.

The most important thing was that Su Yan had brought herself here to attend someone else's wedding, so she should consider Su Yan's face in everything she did, for reasons of reason.

Moreover, Su Yan is asking the Fang family to make a flower boat for her, which is the most important thing of all.

If you are asking for something from someone else, you naturally have to behave properly!

The only thing Han Qianqian wanted at the moment was to reach the City of Burning Bones as soon as possible, nothing else mattered.

Han Qianqian was about to speak, but at that moment, Xiao Er had already slowly walked over with a large plate of dishes. Although Xiao Er's face was pretending to be fine, the avoidance in his eyes could not escape Han Qianqian's eyes at all.

"Although the accommodation is a bit poor, at least the food isn't too bad." The pangolin muttered, taking the tray and placing it on the floor, about to start eating.

"Master, you" The second-ranked man saw this and wanted to speak out, but he wanted to say something but stopped.

Han Qianqian smiled gently, the dish was turned over, and with Xiao Er's strange demeanor, this already allowed Han Qianqian to conclude that there must be something wrong with the dish.

As the pangolin held a large chopstick and tried to pour it into his mouth, Han Qianqian had already sent a bolt of energy into the air, directly knocking the chopstick out of his hand.

"Shit, what are you doing?" The pangolin looked at Han Qianqian in depression, "No way? You put up with it outside, but you're bullying me here, aren't you?"

Han Qianqian ignored the bastard's ghostly screams, smiled gently, and looked towards the shopkeeper.

When Han Qianqian acted like this, he obviously already knew that there was something wrong with the dish, the shopkeeper's eyes flashed with a slight panic, when he came into contact with Han Qianqian's bland eyes, the bastard fell to his knees with a thud, "Master, master, it's not my business, it's not my business."

Hearing this, the pangolin also snapped to reflect that things didn't seem right and stared at the shopkeeper in surprise, "Damn you, you want to poison us to death?"

"No, no, no, I wouldn't dare, I wouldn't dare."

"There's no poison in the dish." Han Qianqian shook his head gently.

"No poison?" The pangolin rubbed its head in frustration, "Then what exactly was put in the dish?"

Han Qianqian looked at the shopkeeper indifferently, "That's for you to ask him."

"Fuck you!" The pangolin cursed angrily, directly grabbing the shopkeeper's collar with one hand, his entire body fierce and fierce.

"Master, spare my life, spare my life." The shopkeeper was scared to death and hastily begged for mercy, "What was put in there was nothing else, just was saliva."

"Saliva?" The pierced mountain beetle looked at Han Qianqian in confusion.

Han Qianqian did not bother to smile, not even needing to guess, he was afraid he already knew who had done it.

"It's that big guy from the party, he saw me bringing you food, so he explained in a panic," the shop boy explained.

Sure enough, it was him!

"Fuck, this son of a bitch, I put up with them, they still have no end to it, right? You don't do anything, forget it, I'll get him myself." As soon as the words left his mouth, the mountain beetle had already gotten up in anger and was about to settle the score with the giant.

Han Qianqian frowned, his hands fiercely moved, at once, there was a loud sound, and the entire door of the woodshed closed with a bang.

"Han" the piercing mountain beetle yelled in depression, it's like this, still tolerate?

A soldier can kill, not humiliate ah!

Han Qianqian slightly retracted his gaze, then, gently placed on the shopkeeper, that shopkeeper has long been wearing the mountain armor's rage scared six, see Han Qianqian looked at himself, a time can not help but a wit.

"Master" the shopkeeper looked at Han Qianqian with bewildered eyes.

Is it concealed, again or explode?

Chapter 2745

The pangolin was waiting for Han Sanchi's answer.

"Stuff, just say you're done eating, less trouble for everyone, what do you think?" Han Qianqian let out a soft sigh and looked at Xiao Er.

Xiao Er froze in surprise and nodded his head like a garlic pound the next second.

If Han Qianqian didn't pursue the matter, the shopkeeper would naturally beg for it, and if Han Qianqian didn't explode, he wouldn't be looking for them to settle the score, so the shopkeeper couldn't be blamed for putting spit in the dish.

After all, what he was doing now was offending both ends, and Han Qianqian saying so was precisely the only key to a perfect solution.

"Master, I know, I know, don't worry, I will do as I say. When it's later, I'll quietly bring you some food." After Little Er finished speaking, he hurriedly made up a smile and then hurriedly retreated.

Once the second-ranking officer left, the mountain beetle walked back to Han Qianqian's side in a depressed manner, the aggrieved look was just like a big daughter-in-law, walking several steps in front of Han Qianqian, seeing that Han Qianqian also ignored him, he simply squatted on his butt next to Han Qianqian: "I say Han Qianqian ah, you miscellaneous"

"Isn't what I said enough?" Han Qianqian laughed gently, then he laid down directly on top of the floor, and let out a long breath: "It's hard, but it's good for the spine."

After saying that, Han Qianqian closed his eyes and rested directly.

The mountain-penetrating beetle was also speechless, but, seeing Han Qianqian like this, he could only close his eyes in depression.

In the restaurant, after the shop boy went back with the empty tray, Liu Gongzi and the others called the boy over.

"Has he finished eating?" Duke Liu looked at the shop boy in a cold voice.

The shop boy nodded hastily, "This master, you're right, those two ate all those meals that were delivered just now."

"Haha, then did they compliment grandpa on how good his saliva smells." The giant laughed triumphantly.

As soon as the words left his mouth, several other people at the table followed along and laughed.

However, Liu Gongzi was at this point, just staring at that shop boy indifferently. The shop boy was slightly embarrassed and smiled at him in a panic to hide his panic.

Then, he grabbed the shop boy's hand and held it down on the table. The hand holding the chopsticks reversed violently and definitely, at once, the chopsticks directly passed through the small second-hand centre and pierced all the way through the table top, standing on it fiercely.

"Ah! Aaah! Ah!" The shopkeeper cried out in pain, but his left hand was nailed to the table with the chopsticks, and his whole body kept hesitating in pain, but he had no way to pull it out.

Blood, flowing continuously along the wound, this scene, in anyone's eyes, was so bloody and cruel.

However, many people, seeing that it was Duke Zhao, chose to shrink their necks and sit back, obediently watching the good show.

"Lying in front of my Duke Zhao, didn't anyone tell you that it was forbidden?" Duke Zhao laughed coldly, and the hand holding the chopsticks turned slightly.

In an instant, the shop boy let out an even more miserable scream like that of a pig being killed.

"Grandpa, I was wrong, I was wrong, it hurts, it hurts, spill your hand." The shopkeeper's eyes flowed wildly with tears of pain, and his whole body could not stand it at all, half of his body hung slanting on the table, and his knees fell heavily to the ground.

The giant and a few others looked at Duke Liu strangely, not understanding where this junior had upset him again.

"Those dishes, caught in a mess by the fat army, maybe other restaurants don't care, but in a superb restaurant like Ju Ying Court, would the dishes be so rubbish?"

"As long as the other party isn't stupid or dumb, how could they possibly eat them all without even thinking or asking?"

As soon as Duke Liu said this, the crowd nodded their heads, forgetting about this point.

"Duke Liu, since you knew the other party would see it, why did you still ask him to send the dishes and stuff over?" Someone queried.

Duke Liu smiled gently, "Sending something, you don't necessarily have to eat it, right?"

If the other party can see that the dish has been tampered with, doesn't this provocation mean even more? This was Liu Gongzi's ultimate and ultimate goal.

"However, even if these two goods know that we intend to provoke them, they have conceded and won't take any action, what should we do?"

Duke Liu smiled coldly and grimly, "Is it over if you goad them? I have plenty of ways."

Chapter 2746

"If goons can solve any trouble in peace and quiet, then what is the need for cultivation in this world? What is the need for force? Wouldn't relying on goading be the best in the world?!" The thin monkey saw Duke Liu's appearance and grasped his meaning, and couldn't help but tease.

Liu Gongzi didn't say anything, but the corners of his mouth spread a dark smile, want to play out like this?

How is that possible?

"Help you with a few things, if you don't get it right, later on, you won't be able to keep this right hand." Duke Liu swept a glance at the shop boy and said with a grim pit.

The shopkeeper hastily nodded his head, the massive blood loss from his hand had already made his whole face pale, another half hour of nailing, with his physique, he would almost have to fall to the ground to meet the King of Hell.

Mr. Liu smiled gently and attached himself to the shopkeeper's ear and whispered something.

When he had heard his words, the junior suddenly looked at Liu Gongzi with a difficult expression on his face and looked at him somewhat incredulously, "This?"

"En?" With another fierce tug on the chopsticks, in a flash, the junior was again grimacing in pain and nodding his head in a panic.

"Get lost." As soon as the chopsticks were released from his hand, the shop boy's entire body was directly deprived of the hold of gravity and fell to the ground in a heap. But at this time, he no longer

had the heart to care about how dirty his body was or how painful his hands were, so he grabbed a towel from the counter to cover his wounds and hurriedly ran out.

Liu Gongzi smiled at each other and then, raising a glass, invited them to drink in style.

When the party was full of wine and food, at the other end, Xiao Er also came back.

However, compared to the other side, Xiao Er was still in such a mess, still bloodstained, but the only difference was that Xiao Er was holding two dogs and a pig behind him.

The two dogs were fine, but it was the pig, huge and fat, with its heavy limbs covered in all sorts of faecal matter, which, together with the whole dirty body of the pig, gave off an overwhelming stench.

As soon as they entered the hotel, the crowd was covered by the stench, and some even vomited repeatedly.

If it were any other day, a group of people would have cursed, but all of them were clear that this was what Duke Liu had ordered, and one by one, they just sat frozen in their seats, wondering what Duke Liu wanted.

"Hey, it seems that this Duke Liu doesn't have any good intentions again."

"I don't know who is so unlucky to have messed with such a plague god."

"You can be careful what you say, don't touch the bad luck to yourself."

A few people whispered, bashing the person of Duke Liu but actually being very curious as to what kind of unlucky person had gotten into trouble with such a guy.

"Good, we've had enough to eat and drink, it's time to have some fun." Duke Liu laughed softly and stood up at once as he slapped the table.

As he did so, several people beside him followed suit, a group of people with intense laughter in their eyes, obviously already treating Han Qianqian as an after-dinner plaything.

The shopkeeper hastily drove the pig with the dog in front of him, with Liu Gongzi and the others trailing behind in style. When the others in the restaurant hall saw such a situation, they also knew that there was something hilarious to see, and they followed them one by one, one by one, forming a large force.

What was clear was that at this moment, Han Qianqian and Piercing Mountain Armour had no idea that a large wave of malice was quietly sailing towards them.

Or rather, the Wearing Mountain Armour, who had fallen asleep with resentment, did not know that when the wave of people had just stepped into the backyard, Han Qianqian, who was slightly asleep, had already sensed that a stranger had entered.

He shook his head with a helpless sigh, it was really the King of Hell who was good to see, but the brats were hard to deal with.

"Crunch!"

Almost at that moment, a puffing stench with the smell of Shang came from outside, followed a moment later by the door opening slightly as the lazy sound of the wooden door rang out.

"Hoo-hoo!"

"Get it!"

A few dog whistles with a few piggy whispers began to ring softly through the house, and with them, the stench became more intense.

Han Qianqian opened his eyes slightly, and the pig and the dog were slowly walking towards the inside.

But what was even more unpleasant was that the pig poofed and came straight up with a letdown, obviously someone had fed it laxatives.

The loud snorting sound, which brought about the stench, also startled the sleeping pangolin to leap up, roar and move its body, but a foot, but just stepped on the fat pig's excrement.

At once, the whole house became even more foul-smelling.

And almost at the same time, the sound of ha-ha outside the house followed...

Chapter 2747

When the pangolin heard the laughter, smelled the stench, then looked down, then looked around at the pigs and dogs, a shock turned to anger!

At this point Han Qianqian also faintly saved into his fists, he had already endured it once and for all, but the other side wasn't going to let them off at all.

"Fuck you guys." With a roar of anger, the mountain piercer turned around and then pulled open the wooden door of the woodshed straight away, his eyes sweeping at everyone present with an angry fury.

"Tsk, it seems that the door doesn't work very well, I thought the mad dog that was thrown in had rushed out." When he saw the pierced mountain armour, Liu Gongzi laughed coldly in disdain.

"Oh, this pig and dog shed is either locked up with pigs or dogs, it's not surprising that a mad dog rushed out, right? Look, the way he's showing his teeth, is he going to bite someone." The thin monkey laughed shamefully.

"That's not necessarily true. Who says that a pig and dog must be in a pig and dog pen? Maybe, it's something worse than a pig and dog." Another man sneered disdainfully.

"Fuck you all, bully!" The pangolin roared, and in the next second swung his fist straight up, ready to take revenge.

Duke Liu just gave a cold sweep of his eyes, and in an instant, the giant fiercely blocked a cross body in front of the piercing mountain beetle, and his huge hand directly gripped the shoulder of the piercing mountain beetle with just a single grip, tightly and with a movement in his hand.

"Bang!" The hard body of the Mountain Piercing Armor was instantly flung several meters away and smashed heavily into the big tree in the backyard, and the waist-thick big tree actually broke directly in a flash.

"What a terrifying force!"

"Shit, if this punch hit a person, it wouldn't have turned them into meat cakes?"

The group of people were so shocked that their faces turned pale, like seeing an evil ghost.

The pangolin's body was so strong that it quickly stood up even after hitting a tree.

"You've got a long life." The giant shouted coldly, and the next second, with a step on his legs, he directly attacked with a loud rumbling ground vibration.

The pangolin's face froze, and his body fiercely shrank, drilling directly into the ground.

In the next second, his entire body burrowed directly out from behind the giant, and then condensed his strength in a circle, smashing directly into the giant's back.

"Bang!"

There was a muffled sound!

Everyone was stunned, but the one who was even more stunned was the Mountain Penetrator!

He had obviously underestimated his opponent's defence, and this punch had not had the slightest effect!

"Roar!"

The giant roared in a flash, and in the next second, he turned around and grabbed the piercing armour with his two large hands, then lifted it up and slammed it into the ground as everyone cried out in shock!

Boom!!!

The dust and smoke rolled up!

The Pangolin's body fell as if from a height of tens of thousands of metres, smashing a huge deep crater into the unbelievably hard ground.

"Poof!"

Even with the protection of its back armour, even as an earth spirit, under such a tremendous impact, the hard as iron Mountain Piercing Armour opened its mouth wide, but it could not resist the strong internal injuries, and a mouthful of blood spurted directly onto the ground.

Seeing this, even though the crowd was stunned, Duke Liu just smiled confidently, for this was already commonplace for him!

The skinny monkey also gave a cold laugh, it was just a routine operation.

"Crushing you to death is as easy as crushing an ant." The giant laughed heatedly and thumped his big fists against each other, his bones suddenly emitted a crisp sound of crunching and kabooming, at the same time, the whole man slowly moved towards the pangolin like a giant mountain.

As danger approached, the pangolin struggled to get up from the ground, but the fall almost broke several ribs in his body, so even moving was painful.

The giant finally stopped in front of the pangolin, then slowly lifted his foot and looked at him as if he were dead, and put his foot down directly

Many people closed their eyes at once, not daring to look at this bloody scene of being trampled into mush.

But at that moment, a black shadow suddenly leapt out from the woodshed

Chapter 2748

"Poof!"

"Bang!"

There was a very small poof, followed by a loud sound that shook the ground, driving the whole ground to tremble slightly.

Many people closed their eyes tighter, because it was obvious that with such a loud sound, that guy had probably been trampled through the guts and left in a puddle of blood.

At that moment, everything around them was as if they were standing still, even time, as if it had stopped.

There was no sound of breathing, no sound of talking, only dead silence, which made those who had closed their eyes even more lucky that they hadn't opened them on the spot, after all, it must have been bloody and violent to the extreme to have this situation.

Those who opened their eyes, however, were definitely not sorry that they had done so.

Although, it was a completely different picture to the one they had imagined, they saw a side that they would never believe for the rest of their lives.

The mountain-like body of the giant had fallen with a bang!

That's right, the loud sound was not the result of the foot striking the ground, but the giant's body falling to the ground with a bang!

No one could see clearly what was happening, but there was a poofing sound, and a bloody hole exploded in the giant's knee, blood spurted out of the hole, and the next second, the giant's huge body fell heavily to the ground.

"Ah!"

At that moment, the giant's cry of pain broke the peace of the scene!

Everyone opened their eyes at the sound, and one by one, they were shocked and looked at the scene in front of them in disbelief.

"This"

"What's going on here?"

"Wasn't that giant going to trample that guy to death with one foot just now? What, how did it turn into this situation now?"

"Yes, this guy is like a mountain, who can still put him down?"

"What the hell just happened?"

The group of people were completely dumbfounded and looked at their friends who had their eyes open next to them, hoping that they could get an explanation and an answer from them. But the problem was that at this moment, even those who had their eyes open were all confused, completely confused as to what had just happened!

Duke Liu's brow was furrowed, how could he save face when he was surrounded by so many people?

He turned around, looked at everyone and shouted in a cold voice, "Whoever has the guts to do so, stand out for me, what kind of heroes are you?"

Everyone looked at each other, trying to find the "murderer" in the crowd.

But apparently, no one stood up.

However, as everyone was speechless, the sound of footsteps suddenly sounded, unusually abrupt and conspicuous.

When everyone's eyes followed the sound of footsteps, at that moment, only a young figure was seen in the woodshed, slowly walking out of the doorway and making his way towards this side.

"That guy"

"Isn't that the one sleeping in the pigsty?"

"I just heard that he also ate a dish that the giant spat all over, what would he be doing out here?"

"Couldn't be?"

"Shit, you don't mean to say that he's the one who put the dark weapon just now, do you? Shit, don't you say that, how is that possible?"

"Look at that giant's body, it's like a fucking mountain, trying to hurt him, isn't that a fool's errand?"

"That's right, if he was that good, he would have risen up and fought back, how could he be bullied like a dog?"

"If he wanted to help, he would have done so when his companion helped him, at least he would have had a chance to win two against one, why would he let his companion fight for so long before he would fight?"

A group of people were pointing at Han Qianqian, whispering and discussing.

As far as they were concerned, Han Qianqian would never be associated with resistance, he was just a piece of trash who was humiliated at will and did not dare to fight back.

Han Qianqian slowly approached, his face clouded and clear, as if the voices of the others did not affect him at all, as if he had not heard them.

He paused and slowly placed his eyes on the bandaged Yuan Gongzi in the crowd, who did not dare to make contact with Han Qianqian's eyes and dodged frantically in a panic.

Shaking his head helplessly, Han Qianqian got up slightly and walked in the direction of the pierced mountain armour.

"Wait a minute." Suddenly, just at that moment, Duke Liu suddenly called out to Han Qianqian.

Han Qianqian's body froze slightly, but in the next second, he chose to ignore it and took a few steps to walk next to the Mountain Piercing Armour, trying to pull him up.

"Are you f*cking deaf? Duke Liu is talking to you." The skinny monkey growled angrily.

Chapter 2749

Han Qianqian paused slightly again, but in the next second, still ignoring it once again, he pulled the piercing beetle up with one hand.

"Shit, I fucking thought you'd watch me get killed and not do anything." The Mountain Piercing Armor looked at Han Qianqian and couldn't help but reveal a smile.

Han Qianqian didn't say anything and just smiled at him as a sign of comfort.

Not to mention the fact that the Wearing Mountain Armour was an earth spirit pearl and was vital to the Five Elements Divine Stone, but after so many days together, in Han Qianqian's heart, he was no longer simply a stone or a stone spirit.

To Han Qianqian, the pangolin was his friend. Since he was a friend, how could Han Qianqian not save him from death?

Besides, the pangolin had not done anything wrong.

"Fuck you, are you really pretending to be deaf to me?" The next second, his hands moved and five sharp steel claws appeared on the back of his hands, and with a flash of light in his eyes, he rushed towards Han Qianqian.

"Shit, what speed." Someone exclaimed in response to the scene.

The monkey was indeed fast enough, his entire body had even turned into a tornado, and it was difficult to tell where this guy's real figure was.

"It's over, it's cold." While some people exclaimed in shock, there were also others who were speechless and depressed at this point.

After all, Han Qianqian, who was the person in question, actually did not move or shake in the face of this skinny monkey that was so fast, as if he did not notice.

The people who can be bullied, really cultivation are not miscellaneous drops, but all a little bit like, at least not to say whether to fight or not, but at least subconscious dodge or something like that should also have.

But this guy, he doesn't even know how to dodge, what the hell is he if not stupid?

When the mountain beetle heard these gossips, the whole person coldly laughed, a group of frogs at the bottom of the well, don't you know that in this world you can not dodge without dodging, besides being a rookie there is something called absolute crushing?

Just this kind of attack, it is true that it is incredibly fast, but to Han Qianqian, it is nothing.

The mountain beetle was confident in Han Qianqian's strength.

As a matter of fact, when the skinny monkey attacked with a gust of wind, Han Qianqian just pulled the Mountain Piercing Armour back towards the house, just in time to perfectly miss the skinny monkey's furious strike.

If there had been an expert present, or if the experts present had been able to look at it in a normal way, they would have been sensible enough to call a halt to the fight after Han Qianqian's dodge.

Because the opponent could dodge so casually, it was obvious that the two sides were not at the same level at all.

But prejudice is always a mountain that weighs on people, so much so that they lose their basic reasoning and even see people in a more radical light.

Arrogance can also cause one to overlook important details to the point of playing with fire.

To the likes of Liu Gongzi, Han Qianqian's dodge was a purely blind cat that ran into a dog rat, a pure stroke of luck.

Almost as soon as he had stabilised himself, the next second, the skinny monkey was already pouncing again.

The corners of Han Qianqian's eyes shrank slightly, his teeth clenched slightly, and as he was about to pounce, sparks appeared in his eyes.

"Are you fucking annoying?" With an angry roar, a backhand grab directly caught the skinny monkey who rushed forward like a whirlwind, and it also impartially caught the guy's neck right in the middle.

"Like a fly, get lost!" With a cold cry, his hand flung violently.

Boom!!!

That skinny monkey's figure was literally flung out like a monkey at once, and then smashed heavily into another tree in the backyard.

In an instant, the big tree broke at the waist and fell with a loud bang.

With this sound and this scene, the scene was once again plunged into dead silence.

They could not even believe their eyes, what had just happened?

With just a grab of his hand, he grabbed the skinny monkey, who was as fast as a chicken, and then threw him away like a lead ball!

If it was the skinny monkey who did this, the crowd would have understood, but now it was the other way around.

It was the trash that they thought they would never dare to pit a sound no matter how much they bullied.

And at this time, Liu Gongzi

Chapter 2750

The eyes were wide and the lips slightly open, obviously, in disbelief and shock at the same time at what was happening in front of them.

A monkey and a mountain, a fat one and a thin one, a forceful one and a nimble one, were almost the important arms of Duke Liu's rampage through the desert, and for many years, these two fierce men had been almost as steady as old dogs as the gods of the gate, but today, not only had they eaten a turtle, but both of them had fallen.

Han Qianqian turned around and headed for the woodshed, taking the mountain armour with him, his eyes incidentally glancing fiercely at Yuan Gongzi in the crowd.

When he saw Han Qianqian looking at him, he hastily shrank his head in fear that Han Qianqian would find him in trouble at this moment.

Fortunately, Han Qianqian only gave him a quick glance before turning around and walking back, which made Yuan Gongzi let out a long breath.

If Han Qianqian had wanted to trouble him, he would have done so when he was found at the staircase, but as Han Qianqian had said, one more thing was better than less.

As Han Qianqian passed by, the people present looked at his back in amazement, but none of them dared to say a word.

"Stop right there!"

Suddenly, just at that moment, Liu Gongzi, who had remained silent, shouted fiercely.

"You think you can leave after hurting my people?" Duke Liu shouted coldly and looked grimly at Han Qianqian's back.

Han Qianqian stood up slightly, not even looking back, and said, "What else do you want?"

"Kowtow and admit your mistake." Duke Liu said in a cold voice.

Even though the Twin Gate Gods had been injured, Duke Liu's always haughty attitude had not changed in the slightest, and he could not change it.

In front of so many people, if Han Qianqian just walked away like this, how could he still gain a foothold in the jianghu in the future, and what would happen to his decades of wisdom?

"My friend was also injured by one of your men, is it not good to have a tie between the two sides?" Han Qianqian replied.

"A draw? Kid, do you know who I am?" Duke Liu laughed coldly.

"I don't know." Han Qianqian replied.

"Duke Liu is the eldest son of the Liu family, one of the four great families of the desert, even the young master of the Fang family and the young lady of the Su family, when they meet my young master, then they must be courteous."

"Although the Liu family is the smallest of the four families, however, the Liu family and the Fang family are cousins, and the Fang family's Young Master Fang is the cousin of Duke Liu, brat, is such a powerful person something you can afford to mess with?" Next to Duke Liu, the dog's leg laughed coldly.

To talk about these past, not to mention that Duke Liu was very proud, even as a dog-leg, that also seemed to be superior to others.

In the crowd, Duke Yuan also laughed coldly, now, let's see how you guy will end up.

He had deliberately sought a big backer, one because it was stable enough, and the other because it was big enough. If Han Qianqian couldn't beat him, then naturally he would be fine, but even if he won by a fluke, if he offended the Fang and Liu families, he would still have no good consequences.

This dilemma had been thought of by Prince Yuan on his way here.

"From the sound of it, it seems quite strong." Han Qianqian laughed softly.

"Hmph, that's natural, if the future of the desert zone is under the words of the Fang family's young master, no surprise, my Duke Liu is under one person and above all others." The dog-leg said smugly.

With these words, it was clear that he had hit the nail on the head, and the crowd nodded their heads, not having any doubts about this.

For, indeed, this was an indisputable fact.

"If you're smart, come over here obediently and kowtow to your mistakes, be a dog and wag your tail for grandpa, otherwise, I'm afraid you won't get away with it." The dog's leg sneered.

Han Qianqian frowned in confusion, "Can't eat your words?"

"Nonsense."

"To be honest, I really didn't eat my lunch, and now, I'm still quite hungry." Han Qianqian suddenly turned around and looked at Liu Gongzi and the others with a faint smile.

Although, it was only a smile, what surprised Duke Liu was that he actually, at that moment, suddenly felt as if his whole body was slightly chilled.

"Kid, you don't want to eat the punishment for your fucking wine?" The dog-leg snorted coldly.

"I kneel to the heavens above and my parents below, are you guys qualified to make me kneel? I just want to go back to my house, but then again, do you guys allow it?" Han Qianqian laughed.

"I'll allow you, my ass, brothers, give me a go." Dogleg bellowed.

The pangolin glanced back at Han Qianqian, and when he saw the look in Han Qianqian's eyes, he was happy
