

His True Color Chapter 2771-2780

Chapter 2771

A faint light struck at Han Qianqian's body, and a large amount of water began to be slowly released, flowing throughout his body, followed by the contraction that released the water, which was also frantically absorbing the outer layer of flames little by little.

The Five Elements Divine Stone!

At the most crucial moment, it once again took the initiative to appear, using its body to transform water power to support Han Qianqian while slowly absorbing the powerful supreme flames with the red imprint made by that Fire God Stone in its body.

"Fire to water energy, water energy released to replenish itself again." Han Qianqian opened his eyes in surprise and looked at the Five Elements Divine Stone, surprisingly a little shocked for a moment.

"In that case, as long as I'm protected by the Five Elements Divine Stone, even if this thing is powerful, it can't hurt me."

Thinking of this, Han Qianqian's eyes could not help but feel joyful.

But soon, Han Qianqian's joy receded again.

From the current situation, the Five Elements Divine Stone did use the cycle to protect itself, but the problem was that it had also trapped itself in the cycle, unable to extricate itself.

If this situation wasn't broken, wouldn't one be trapped inside for the rest of one's life?

And what was the difference between being wrapped in fire like this and being a fire dumpling? Wouldn't it be the same as being at the mercy of others?

So, we had to break the trap!

But the question was, how to break it?

Han Qianqian felt that this supreme fire was really different from Liu Lu's, but to say how fierce it was, it was definitely not.

However, when it came from Liu Tao's hand, Han Qianqian could not help but sigh, this fire could indeed become the foundation of a family's business.

It was fierce, exceptionally fierce.

Even with the Five Elements Divine Stone helping him to resist this Supreme Fire, the effect it had was merely to keep himself from getting too hot and dehydrated into a coma to die.

It was almost a fool's errand to think that it could help one recover his body quickly.

What's more, almost at that moment, seeing that the Supreme Flame was still burning and had failed to turn the man into ashes, coupled with what Liu Lu had said earlier that this man had transformed into the Supreme Flame, he dared not be careless and hastily raised his hand and directly injected energy!

Boom!

Suddenly, the Supreme Flame burned even more fiercely.

Almost at the same time, in the midst of the flames, Han Qianqian, who had just caught his breath, did not have the time to take two more breaths before the enormous temperature rose abruptly and frantically.

Even though the Five Elements Divine Stone was spinning at full speed at this moment, it was still hard to resist the heat.

"Gotta rely on myself." Han Qianqian fiercely gritted his teeth, and then, he violently poured the Chaos Power within his body into the Five Elements Divine Stone.

Sure enough, with the augmentation of the Chaos Power, the ancestor of all qi, the Five Elements Divine Stone suddenly shone with golden light, and the water energy it turned into became even greater, pouring madly on Han Qianqian's body.

However, even so, the dry heat in the air still smothered Han Qianqian, and bean-sized sweat continued to gather in the flowing water with his forehead.

"A fire this big, even if he can resist it, the excessive heat will make him unbearably uncomfortable, he's in a critical condition." Green Pearl looked at the blaze and said urgently.

"If only there were jade ice pearls then it would be good." Su Yan said softly, and then she looked at Green Pearl next to her.

Green Pearl instantly sighed helplessly, "Miss, how could I bring such a thing on me? That is something to cool down on the flower boat"

Hearing Green Pearl's answer, Su Yan couldn't help but feel anxious.

However, this reminded the pierced mountain armor at the side, with a tap on the head, the pierced mountain armor took a step forward and shouted loudly, "Fool, don't forget your stone!"

"A stone?" In the flames, when Han Qianqian heard the voice of the Mountain Piercing Armor, there was a flash of light in his eyes, "Shit, how did I forget this thing?"

Chapter 2772

The Jade Ice Pearl!

A little treasure given to him by the Silkworm Goddess Horse Head Girl.

Since he had gotten on the flower boat, Han Qianqian had almost forgotten about it because he couldn't use it.

Perhaps to Han Qianqian, it was unclear how useful it was, but there was one primary condition that he understood very well.

That was right, and that was that it could release absolute coldness and resist all types of heat.

If, in the midst of such hot flames, there was the Five Elements Divine Stone plus the power of Chaos to help resist the pain of the flames burning directly, and the high temperature inside had the Jade Ice Pearl to help bring itself down.

Then

The first time I saw this, I was able to get back on my feet.

The first thing you need to do is to get a good idea of what you are getting into.

As soon as it came out, the almost suffocating heat in the sweltering flames dropped at an extremely fast rate.

And as the temperature dropped, Han Qianqian's entire body slowly began to ease up from the extreme uncomfortableness.

"Family head, something is not right." Next to him, his cronies could not help but say strangely when they saw the huge and incomparable flames still burning.

The situation was indeed not right, if it were normal, even if the person staying inside was a super expert of the Eight Desolate Realm, he was afraid that he would have already been burnt to ashes by the Supreme Flame.

This was by no means conceited, Liu Tao had been through this great battle.

This is an iron-clad fact and experience.

But today

It's really not right.

The Supreme Flame was still burning, which also meant that the person in the fire had not died.

"This kid, he really does have some skills." Liu Tao frowned slightly and muttered under his breath.

"Family head, the fire has been released, like an arrow leaving the string, we have no way back." His cronies said.

Exactly, now that this Supreme Fire had been released in front of everyone, it was also the same as putting the Liu family's true face on the table completely and utterly.

If they win, it goes without saying that the Supreme Flame's fame will be enhanced and everyone will understand clearly that the Liu family is not something you can just mess with if you want to.

But if they lose, today, not only will the Liu family lose face, even the prestige that the Liu family has built up over the years will be ruined, and the name of the Four Great Families of the desert will be even more of a joke.

The Liu family could not afford to lose face.

"Elder Chen!" Liu Tao shouted coldly.

The leading Eldest Elder hurried to his side at this moment, "Family Master."

"I will do it first, if the Flame of Supremeity has not burned that guy to death, you and the other eleven elders will help out." Liu Tao looked at the Supreme Flame and said in a cold voice.

"In that case, isn't it a bit too much to win?" That elder frowned and said.

This was tantamount to half of the Liu family fighting one person.

"If we lose, not to mention the defeat, the future face of the Liu Family will be lost!" Liu Tao said in a cold voice.

The leading elder thought carefully and finally nodded, "Understood."

"If necessary, you can even ask the elites behind you to help." As soon as Liu Tao's words fell, that elder could not help but stare again.

In the next second, Liu Tao violently released a fire energy in his hand and poured it directly onto the Supreme Flame.

In an instant, the blue flame mass burned even more fiercely, even the people outside the energy protective shield were sweating profusely for a while, the abnormally high temperature made all of them couldn't help but retreat one after another, and those who were relatively close apart, actually had their clothes ignite without fire!

"Da, da!"

Since the energy shield, the tables and chairs in the Gathering Pavilion also began to spontaneously combust without fire at this time, and the hard tiles on the floor also began to crack.

Green Pearl and the others didn't dare to be careless and joined forces with the Mountain Piercing Armor to hurriedly support the huge energy protection shield.

But even so, the group of onlookers, as well as their energy shields, almost began to crack with countless lines of tortoise shell directly due to the high temperature!

"As expected of the Liu Family's Earthquake Family Technique, this Supreme Flame is too strong." Green Pearl's forehead was slightly drenched in fragrant sweat as she whispered in an incomparably worried voice.

The piercing beetle's full strength was on outputting the protective shield, depressed and could only just nod his head, not having the strength to reply at all.

The first time I heard the words of the green pearl, the already worried eyes of Su Yan became even more anxious at this time.

With such a fire, not to mention people, even the hardest things in the world were afraid of melting, right?

"Han Gongzi, are you alright?" She murmured.

At that moment, Han Qianqian in the middle of the blazing fire

Han Qianqian, who had just stabilized his temperature and was about to recover, suddenly frowned, as if something was wrong

Chapter 2773

It's like my back is a little hot

It's like my ass is a little hot again

"Shit, it's fucking hot!" In the next second, even Han Qianqian, who had great endurance, spitefully cursed at the heat of the instantly rising temperature again.

The Jade Ice Pearl was still releasing a faint coolness, which meant that it wasn't that it didn't work, but that the old man must be making waves outside again.

What to do?!

The Five Elemental Divine Stones had been activated to their maximum, and there was nothing to use!

The Jade Ice Pearl had also been lit up and was beginning to cool down.

The Eight Desolate Heavenly Books were also useless here. Once they jumped into the Eight Desolate Heavenly Books, the Heavenly Books would fall into the fire and be incinerated directly

Suddenly, Han Qianqian frowned.

"The brocade bag!"

The silkworm god had asked the old village chief to give a scented bag over to himself, saying that it could be opened in times of crisis. Obviously, there was no more critical situation than this.

Without further ado, he hurriedly opened the white scented bag from his spatial ring, but almost as soon as Han Qianqian took out the bag, the intense heat had caused the white scented bag to catch fire on the spot.

Not caring about the heat of the fire, in the burning incense bag, Han Qianqian found a piece of white paper that had already started to burn.

The moment he spread it out, the whole sheet of white paper was set ablaze, and most of the words on the paper went up in smoke as it burned, but the good thing was that Han Qianqian could see a few words clearly.

"All the world is the same"

Shit, the whole world is the same?

Han Qianqian's eyebrows furrowed, what does this mean?

Inexplicable four words that seemed to make sense with anything up against them!

In other words, what's the difference between saying and not saying these four words?

Damn, this silkworm god is really enough, can't you put something else in this sac? What's the point of putting a flammable piece of paper?

But what the hell does that mean?

The whole world is the same?

The heat can make people irritable and even out of control, let alone in a life-and-death situation like this.

Even Han Qianqian, as strong as he was, was as anxious as an ant on a hot pan.

But the more anxious one is, the more chaotic one's thoughts become, and the more chaotic one becomes, the more anxious one becomes, even to the point of collapse.

So at this juncture, even though he was distracted, Han Qianqian kept telling himself in his heart, "Hold on, hold on!"

When he was in a better mood, Han Qianqian savoured the four words he had just said, and his eyes were fixed on the front.

Looking at the blazing fire, suddenly, Han Qianqian locked his eyes on the jade ice pearl that was slightly resisting it.

Instead of thinking about the possible half-words given by others, it was better to gather the spirit in the present moment and rely on oneself.

"Back then, the Divine Face Pearl could spew out countless great waters after energising, could the Jade Ice Pearl do the same?"

An odd and daring idea popped into Han Qianqian's head!

It might not be impossible.

The Jade Ice Pearl also required energy to awaken, but Han Qianqian had always strictly adhered to this method, so he could light it up with energy anyway, so it was only a tiny bit every time.

If one catalyzed all of the chaos power into it? What would be the effect then?

Either it would be like the divine face pearl and explode straight away, or else, the stone would sink into the sea and all the chaos power would be equal to a meat bag, completely losing the chance to turn the tide and waiting to be burned alive.

"All the world is the same, with these four words, I'll bet on it." Han Qianqian gritted his teeth softly and said.

As soon as the words fell, Han Qianqian stopped talking nonsense and moved violently in his hands, his left hand still taking care of the Five Elements Divine Stone, the basic disk, while his right hand violently gathered a surge of power and struck directly into the Jade Ice Pearl.

"Oh no!"

Han Qianqian's heart went cold and he couldn't help but say in depression.

Shit, it was gone just like that?

Not even a little reverberation?

Depressed, quite depressed.

But when Han Qianqian was depressed, suddenly, the small jade ice pearl suddenly did not reflect anything, and even the faint cold air that was released just now had completely disappeared.

Han Qianqian was even more depressed, what was this? Not only did it not explode as expected, but even the Jade Ice Pearl itself was gone with a bang?

No way!

Such bad luck?

Boom!

Suddenly, there was a loud bang, and immediately afterwards, the jade ice pearl, which was no longer reflecting anything, suddenly erupted into a huge gush of cold air!

From the inside out, it completely exploded!

The entire Supreme Flame shook violently!!!

"What!"

Chapter 2774

Outside, Liu Tao, who was in the process of adding the power of flame, was violently shocked and looked incredulously at the Supreme Flame that had suddenly become extremely diffuse.

How could this be?!

That guy was still resisting even now?!

What the fuck, what the hell is this guy made of?

In panic, he violently continued to increase his power, and bean-sized sweat continued to drip down his forehead.

He had exerted all his strength, but what surprised him even more was that even so, the Supreme Flame in front of him was still leaping and difficult to control!

That man could still hold on!

Liu Tao's heart was greatly shaken, for the first time in decades.

What kind of guy had he met?

What a pervert!

"What are you still doing?" Liu Tao looked back at him and shouted softly.

The eleven elders were in shock, and Liu Tao was extremely shocked, not to mention them alone. As he shouted, the group of elders snapped back to their senses, not daring to think too much, the eleven of them moved fiercely and directly swung their hands to each strike out an energy to support Liu Tao.

As the eleven light energies struck Liu Tao, at once, the energy that supported Liu Tao's instinctive Supreme Flame also fiercely increased.

The leaping and restless Supreme Flame directly stabilized itself, and its appearance was far more enormous than it was just now.

"Holy shit, Clan Chief Liu actually joined forces directly with the eleven elders."

"Fuck, this is simply going to bring that young man to his death."

"That's not true, that's half of the Liu clan."

"With such might, even if you look at the whole desert, who would dare to go head to head with it? I know that young man lost, but even if he did, it was worth losing."

"That's right, to lose in such a situation is a justifiable defeat."

A group of people sighed and shook their heads, sighing.

However, there was someone who had a sudden thought, "What would it be like if we were to win in such a situation?"

At these words, a dead silence fell among the crowd!

What would it be like to win in such a situation?

It was a question that surprised people beyond measure, but in turn, it was a question that amused people beyond measure!

"Hahahahaha!"

After a moment of shock, the crowd was greeted with laughter.

"Can we stop making jokes like that at a time like this?"

"That's right, be serious, be serious, those people are fighting fiercely, we, as bystanders, have to remain polite and maintain basic respect."

"Yeah, from now on, don't tell these kinds of laugh-out-loud jokes, or you'll just make a fool of yourself!"

The poor guy didn't even have a chance to retort, and was scolded with his head shrunken and bowed.

But in his heart, he was not convinced. Although the idea was indeed a bit odd, it did not mean that it was impossible.

"Brother, watch the game with peace of mind, it's better than nothing, and as for those strange thoughts of yours, it's best to put them away. This is the head of the Liu family, plus the strongest eleven elders, do you know what that means?"

"It can mean almost half of the Liu family's family strength, not to mention that one young lad, even if the Fang family's family head comes, what can it do?"

The Fang family head?

That was the strongest existence in the desert world!

Even he can't do anything about it?

Hearing those words, that fellow nodded blankly, only then did he completely give up on his own delusional thoughts just now.

If even the Fang Family Head had no chance of winning, indeed, there was no way that this young man could have the slightest chance of winning.

"Despicable!"

At the other head, Green Pearl also clenched her teeth at this time and cursed angrily in a low voice.

Su Yan and the piercing beetle were also stamping their feet in place in anxiety; with so many people, it was simply too much to win.

"Xiao Qian." Su Yan shouted softly.

A female attendant hurriedly approached, "Yes."

"Go and inform the Fang family."

The female attendant nodded and quietly withdrew from the back while everyone was not paying attention, and ran all the way to the direction outside the Gathering Pavilion.

At this time, inside the Supreme Fire, the white Qi exploding from the Jade Ice Pearl filled Han Qianqian's surroundings almost full and slow, as if forming a world of ice and fog for him.

The jade ice pearl at the very centre, under Han Qianqian's urging, was still constantly sending out an incomparably cold white aura.

But at that moment, another extremely strong external force came violently.

But this time, Han Qianqian, who was sitting in front of the jade ice pearl, was not in a panic, but only had a cold smile on the corner of his mouth

Chapter 2775

Han Qianqian, once again, had bet right.

Or rather, in the extremely hot and extremely irritating conditions, this guy used his patience and wisdom to truly comprehend the meaning of the four big words left by the Silkworm Goddess, which are all the same under the sky.

Yes, the Jade Ice Pearl is almost the same as the Divine Face Pearl.

Both can be activated by gong methods, and naturally, they can also be assisted in their actions by gong methods.

This is the first half of the sentence of "All the world is the same".

"Now that I know how to play the Jade Ice Pearl, will there be anything else for you?"

The duel between ice and fire looks like ice and fire on the surface, but in reality, it is the internal strength of both sides that is being fought!

After all, whoever is more able to support the power they belong to, won't they have the last laugh?

But if it were a contest of internal strength? Who would Han Qianqian be afraid of?

After years of traversing the eight worlds, one could count on one's fingers the number of people who could compete with Han Qianqian's internal strength.

"Letting you torment me for so long, playing me like a roast pig, now, it's my turn to perform, isn't it?"

Han Qianqian faintly opened his eyes and smiled wickedly.

He put back his left hand, which had been stabilising the Five Elements Divine Stone, and let it play on its own. Immediately afterwards, Han Qianqian poured all the spiritual energy in his body directly into the Jade Ice Pearl.

Just like before, the Jade Ice Pearl froze for a moment, but a moment later, a majestic white Qi was suddenly released from its body in a frenzy.

Boom!

The Supreme Flame was like a ball of skin wrapped around something, and suddenly, the contents inside expanded violently, while its body followed suit and kept expanding.

Even more so, between the vague expansion, it was as if it was about to be torn apart.

"Boom!"

Liu Tao's twelve people immediately felt a strange force directly pushing them backwards one step at a time!

"What?"

"That kid is still resisting inside!"

"This is simply impossible!"

The group of elders were shocked and looked at each other in panic.

Liu Tao also looked incredulous, however, as the head of the family he quickly stabilised his mind and shouted coldly, "Standby plan!"

As he shouted, the leader elder waved his hand, and the group of remaining elites rushed over one by one, focusing their energy on the twelve people.

Steeply, the energy enchanted in Liu Tao's hands became even more massive, almost illuminating the entire Gathering Pavilion extremely brightly!

"Withdraw!"

Almost at the same time, the people watching around them shouted in unison, and in the next second, they collectively pushed the energy guardian shield with force, making it break and then flee in droves.

"Let's go too!" Green Pearl shouted, and likewise joined the Mountain Piercing Armor, pouring the last of its power into the energy guardian shield, leading Su Yan to retreat in a panic towards the outside.

"Boom!!!"

Inside the entire Gathering Pavilion, everything melted.

The Pavilion, which had four floors, began to collapse!

However, this collapse was more like disappearing out of thin air, and the slag that fell down melted instantly without even having a chance to fall down.

The floor tiles had long since disappeared from the incredibly solid ground, and there was only the burnt red earth, as daunting as fractured lava.

"My God!"

The group of people who escaped, each with their hands clutching their heads, looked at the terrifying and shocking scene before them with almost disbelief!]

Everything was burning!

How powerful this was, and how fierce the fire had to be to do it!

The fire was so bright that it was impossible for everyone to see clearly what was going on inside.

Green Pearl and Su Yan, who were also staring at the scene of the incident in a daze, could not even breathe for a moment.

It was so shocking!

They couldn't even describe the scene, was this the true terrifying strength of the Liu family, one of the Four Greatest in the Desert Realm?

"That that Han Qianqian he" Su Yan looked dumbly towards the centre of the supreme fire
.....

Chapter 2776

But like the others, even Su Yan could not see the depths of the Supreme Fire at all.

The fire was simply too big and the light was too dazzling!

The dozens of elites around the fire plus the eleven elders and Liu Tao were each clenching their teeth, frantically supporting the madness of the Supreme Fire's burning.

With such power, how could anything in the world not be burned?

Han Qianqian, in the centre of the flames, frowned.

The chaos power within his body had almost been completely released, but it had only lasted for a second before it was instantly closed in the fire again by the added support of dozens of elites.

The majority of the Liu family's elites, plus the strongest eleven elders and the family head, were indeed, to put it in perspective, not bragging, their combined internal strength had already reached a terrifying level.

Even though Han Qianqian's internal strength was also extremely strong, with the Chaos Qi that Han Qianqian personally ate from Taotie, it was still a bit of a struggle.

However, Han Qianqian was extremely lucky that before this, the Silkworm Goddess Horse-headed Woman had placed her power in the Frost Jade Armour she had made for herself, thus helping to quench her Chaos Power.

This somewhat stronger chaos power preserved Han Qianqian's base of resistance.

However, when faced with the Liu family's stronger power, even Han Qianqian could not help but smother a mouthful of fresh blood.

However, Han Qianqian was Han Qianqian, and as he steadied himself, his mind raced to think of a solution.

He needed to replenish his spiritual energy, even if it was just a little bit, it would be enough to tip the scales of victory in his favour.

The combined power of him and the Liu family was not too far off, or rather, the ice Qi released from the degree of control over the Jade Ice Pearl could only barely stalemate with the other side.

The situation was very unfavourable for Han Qianqian!

He had to break the Supreme Flame before the other side stopped adding to it.

Suddenly, the corners of Han Qianqian's mouth smiled and a daring idea appeared in his head once again.

As the saying goes, if you are not a bit daring, how can you call yourself Han Qianqian?

At this moment, the waitress, who was on her way to the Fang residence, met Fang Jun, the eldest elder of the Fang family, and after explaining the reason for the incident, Fang Dutian, the eldest elder of the Fang family, immediately rushed over with a group of people.

When he saw that the Pavilion had been flattened, even Fang Jun, a veteran of the Fang Family, was visibly stunned!

What the hell is going on here?

When he looked at the blazing fire in front of him, Fang Jun was even more fucking dumbfounded.

This was one of the landmarks of the Desert City, the four-storey high Ju Ying Pavilion.

It was so outrageous that at this moment, it was reduced to nothing in an instant!

Moreover, at this moment, the Liu family had actually used the Supreme Flame all over it.

"That's my friend inside, Uncle Fang, stop them quickly." Su Yan said in an urgent voice.

Fang Jun hesitated slightly, even though he had Su Yan's words and the matter was happening in the Desert City, he, the Fang family, had to take care of it, but the other party was the Liu family, with whom he was extremely close, so how could Fang Jun not be biased?

"Miss Su, there is no need to be anxious, what is this all about? Why is there such a big fuss?"

"How could someone from the Liu family even bring out a killing move like the Supreme Flame?"

Hearing Fang Jun's words, Su Yan was anxious, "Uncle Fang, I can't tell you clearly about this matter for a while, can you stop them first and save the people?"

"Save people?" Fang Jun frowned slightly, "Is there someone else in that fire?"

"Exactly, Uncle Fang, please help quickly." Su Yan said urgently.

"No way?" Fang Jun said with some disbelief.

"Miss, why waste so much time talking to him? He is clearly looking at his own family and is hesitant to intervene." Green Pearl said angrily.

Fang Jun was not angry and smiled, "Green Pearl, you girl is still so grumpy."

After saying this, Fang Jun looked at Su Yan and said softly, "Miss Su, the Fang family has always been fair and will never favour anyone. It's just that, as you can see, the state of affairs is such that I always have to find out the original reason, and besides, with the size of the fire, where could there be anyone?"

With a single word, even the gentle Su Yan had fire in her eyes at this moment, this Su Jun seemed to be very amiable, but in reality, what he was using was just a delaying tactic, stalling again and again.

"Go for it, Duke Pierce!"

Suddenly, without begging him, Green Pearl turned around and shouted into the fire.

And almost at the same time, Pierced Mountain Armour and Su Yan also turned around and shouted loudly towards the fire, cheering for Han Qianqian.

As the three of them shouted, the female attendants around Su Yan also raised their voices collectively.

This action, obviously, surprised many people.

But what was even more abominable was that Fang Jun was laughing loudly at this moment

Chapter 2777

"Laugh, great." Fang Jun harrumphed and said, although there was no mocking intent, it was extremely uncomfortable to hear.

"Surnamed Fang, even if you don't intervene to help, what are you laughing at here? Is your mother dead?" Green Pearl scolded back in annoyance.

She was worried about Han Qianqian, but now she could only cheer for him in this only seemingly useless way, which she knew was indeed a bit stupid, but it wasn't something that should be reduced to a joke.

A hint of anger flashed visibly in Elder Fang's eyes at being scolded by Green Pearl, a junior, but he quickly laughed softly, "You are so foolish, doesn't this obviously lead to laughter?"

"Can't you guys see that whatever you call yourselves is in the fire? And still add oil? Don't you think the fire is burning hot enough?" Fang Jun gave a soft laugh.

"You!" Green Pearl was furious, but for a moment, she was simply unable to retort.

Fang Jun snorted lightly, and with a group of disciples turned their faces away, looking with interest towards where the Supreme Flame was burning.

Not to mention that the Fang family was not willing to interfere in the affairs of the Liu family, even if they wanted to, was it necessary?

With such a fire, I'm afraid there wouldn't even be any ashes left!

To offend the Liu family, who is also one of the Big Four, over a mere thing that has been turned into ashes, isn't that what you've had enough of?

Seeing the Fang family's attitude, and looking at the madness of the Supreme Flame, the crowd, even those who had originally supported Han Qianqian, shook their heads and sighed, choosing to remain silent.

The big picture had been decided!

"What has happened?"

Just then, a mighty shout came from the crowd, and as they turned back over, each one was surprisingly startled and jumped.

"The Fang Family Master, holy shit, why is his old man here?"

The crowd hurriedly turned sideways to make way, and at the end, a middle-aged man in green robes, with a pale figure and a straight face, stood there in a mighty and uncommon manner.

Behind him, although there were only four attendants and an elderly man, it was obvious to any of them that they were either masters or masters of masters.

It was the old man who looked indifferent, but his eyes were full of wisdom, like an ordinary man, but not an ordinary man.

"Greetings, City Lord."

When the crowd saw this, they hurriedly bowed with a slight body, with the low posture and attitude.

"Family Lord, what brings you here?" Fang Jun hurriedly greeted them, even with a faint smile piled on his face.

"This, is the head of the Chai family, old Mr. Chai Rong, we are passing by here as we return from our greeting at the city gate." The Fang family head breezed out.

As the group of people heard this, they saluted while being extremely surprised.

Although the Chai family was not one of the four great families in the desert realm, it was a family whose strength could not be underestimated by any other family, and the fundamental reason for this was because of the Chai family's family head, Old Mr. Chai Rong.

No one knows the extent of his strength, but thousands of years ago, when the last generation of the Four Families met with him in the desert, he was the only winner.

Today, the heads of the four clans who met with him have all passed away, leaving him alone in the world.

However, it is because no one knows him that he is even more mysterious and unpredictable.

There are rumours that he is the only loose immortal in the Desert Realm who is close to the strength of a true god.

It was just that no one knew the answer to this question, and no one dared to try.

So, even though the Chai family was small in number and not powerful enough to be included in the Four Great Clans, the Chai family was just as polite to anyone who could smell it.

"My goodness, it's been years since I've seen Old Mr. Chai appear, I thought his old man had"

"Old Mr. Chai is extremely low-key and is rumored to almost never be in tune with the world, but what I didn't expect was for his old man to suddenly appear this time."

"The Fang family people are really worthy of being the strongest family of the four great families, even old Mr. Chai Rong actually came to personally attend young master Fang's wedding."

"In that case, in the future, I'm afraid that the Fang family will have the say in the Desert Realm."

"By the way, have you heard? The bride that the young master of the Fang family is marrying this time is also extraordinary, and I heard that the woman can even breed True Gods!"

"I've also heard that once the Fang Family has bred a True God, coupled with the Fang Family's already dominant strength, it seems that the Fang Family's ambitions are no longer limited to our palm-sized area of the Desert Realm."

"No wonder even old Mr. Chai Rong has come to congratulate us personally."

A group of people spoke eloquently and softly, while almost at the same time, the Fang Family Head and Old Mister Chai Rong also looked at the madly burning Supreme Flame and could not help but frown in unison, "What's going on?"

Chapter 2778

"How did old Liu and his parents" the Fang family head could not help but wonder.

"The Liu family's supreme fire?" Old Mr. Chai Rong frowned slightly, it had been many years since he had seen this fire.

"Report to the family head, old Mr. Chai, I am not sure what exactly happened, roughly speaking, it should be that Miss Su Yan's friend and the Liu family had some kind of conflict, and the Liu family head led people who should have fought with that person, however, you also saw it,," said Fang Jun, bowing his head slightly.

"Yan'er?" The Fang family head faintly looked sideways at Su Yan.

"Uncle Fang, please hurry and tell Uncle Liu to stop." Su Yan said in an urgent voice.

"Stop?" The Fang Family Head frowned, "How can this be stopped? Or rather, is there any point in stopping?"

After saying that, he looked towards the blazing Supreme Flame, how could there be any end to this!

"Besides, your Uncle Liu's Supreme Flame is unique in the desert, since your friend is dead, why do you need to cause any more trouble? Let your Uncle Liu take his revenge, and this matter, too, will be put to rest."

"Uncle Fang, even you" Su Yan was furious.

Green Pearl, however, glared at the Fang family head and said in a cold and dissatisfied voice, "A nest of snakes and rats."

Hearing these words, the Fang family head instantly glared at Green Pearl with cold eyes, and before Green Pearl could have any reaction, his entire person was directly knocked several meters away by an invisible force, and then, smashed heavily on the ground, blood flowing slightly from his mouth.

"Nonsense." The Fang family head shouted coldly, then, his face suddenly changed and he looked at Chai Rong: "Old Mr. Chai, let's go back to the house first, here, let's leave it to the underlings."

Old Mr. Chai nodded and smiled faintly.

"Fang Jun, I'll leave this place to you." After instructing a sentence, the Fang family head looked at Su Yan and said with a slight apology, "Yan'er, go back to rest early, in the evening Uncle Fang will personally host a banquet and introduce Grandpa Chai to you."

Su Yan was helpless, it was obvious that the attitude of the Fang family's head and Fang Jun was almost identical.

No one was willing to offend the Liu family for the sake of the Su family, especially because of a "dead man" who basically no longer existed.

Sometimes human feelings are cold, and only when you need them do you feel their cruelty and ruthlessness.

"Please!" The Fang family head smiled faintly at Old Mr. Chai, politely and invitingly.

Old Mr. Chai Rong nodded and was just about to take a step when, at that moment, he suddenly frowned deeply.

Not only him, but the Fang family head, who had a smile on his face, also did the same at this moment, his smile frozen and seemingly in some kind of deep thought.

Everyone was frozen, wondering what was wrong with the two of them, they were talking and laughing just now, but suddenly they were motionless.

But when everyone was puzzled, the old man Chai Rong raised his head slightly, looked at the Fang family head, and said in a gruff voice: "Do you feel anything?"

"It seems as if a very special aura has suddenly appeared."

"Not only that, but, I can feel that it seems to be coming from the mountains."

When the words fell, the two looked at their feet, and it turned out that the earth was trembling slightly at this time.

Although, it trembled extremely fast, hidden under the blazing fire not easy to be noticed.

But who are these two people? Any one of them would be an unparalleled expert who could walk around in the desert realm.

At almost the same time, the two men's eyes turned fiercely frightened and then, almost simultaneously, they looked into the supreme fire that the Liu family was catalyzing.

Perhaps, in the eyes of others, the Supreme Flame was so blinding that one could not see clearly inside the fire body.

But with the two men's cultivation levels, this was really not much of a challenge.

The two were dismayed to find that in the very centre of the Supreme, a white blanket had suddenly appeared, and although it was now no more than a tiny drop in the ocean, it was expanding wildly at an extremely fast rate

The two men's eyes flashed with incomparable shock almost simultaneously.

And at the same time, the whole ground shook wildly, and a violent and incomparable boom sounded, and the little white dot of light exploded directly

Boom ! ! ! !

Chapter 2779

Han Qianqian, who was in the centre of the flames!

At the most difficult time to break the situation, he suddenly withdrew the Five Elements Divine Stone's help to himself, or rather, this guy had changed his way of letting it help.

It was not relying on it at all to keep his body safe. Instead, he directly inhaled it madly against the Supreme Flame, after which he allowed the Five Elements Divine Stone to turn into energy and help himself replenish the Jade Ice Pearl's catalyst.

In exchange, in just a few seconds, Han Qianqian's clothes and hair melted away. Even the skin on his body exploded like exploding popcorn under the blazing fire.

But withstanding this inhuman pain, Han Qianqian finished the job in a reciprocal situation. In other words, the energy provided by the Five Elements Divine Stone was the last straw that broke the Liu family's back!

Boom!

The white qi exploded violently!!!

From the fire all the way to the fire beyond!

The whole area of the Gathering Pavilion was suddenly covered in a blanket of white, and even the people on the periphery were suddenly knocked back several steps by the white Qi.

Everyone was dumbfounded and looked into the white gas.

With a wave of his hand, an immortal wind came and blew away the white gas.

What was revealed to everyone was that all the people of the Liu family had fallen to the ground, lying one by one, the elites dying horribly on the spot. And the Liu family's family head and a group of elders, some of them in a coma. Some lay on the ground, merely languishing!

And in front of them, a young figure stood there slightly, although his knees were slightly bent. The skin on his body was even more red and black and festering from the fire.

But still, in the midst of the breeze and the white air, he stood to the last.

The crowd of spectators. There was no sound, each one pulling his scalp, his mouth wide open, his eyes wide open. Incredulous, they looked at the scene before them.

Beside them, Su Yan, Fang Jun, Piercing Armour and the others were also collectively dumbfounded.

Even the strongest duo, the family head of the Fang family as well as old man Chai Rong, were also staring with round eyes.

There was someone walking out of the Liu Family's Supreme Fire?

How is this possible?!

For thousands and thousands of years. The Liu Family's Supreme Flame dominated the Realm of Desert, even if it was as strong as Chai Rong. Also definitely not dare to say that he can walk out alive in this fire.

But

But at this moment, someone has walked out!

This simply broke the tradition of the Desert Realm for many years. How many people's perceptions have been turned upside down?

All of them were dumbfounded, unable to utter a single word.

But it just so happens that there are times when no sound is better than ten thousand sounds.

One second, two seconds

For a long time

"Oops, who said earlier that adding fuel to the fire would only make it burn hotter and hotter. It seems that the fire is still not burning hot enough, it was put out by someone, haha." Green Pearl, the girl. The first thing she did was to open her mouth and mock Fang Jun in a cold voice.

The piercing beetle also reflected and laughed coldly: "Green Pearl, hitting someone without hitting his face, what you said. Where can I put the face of Elder Fang? No matter what, he's also the Fang Family's Grand Elder."

"Oh, an elder of the Fang Family, it turns out that he is also full of jibes. It seems that the Fang Family, the overlord of the Desert City, is no better than that."

Hearing these two sing in unison. Fang Jun's face was about to explode with anger.

But he was just about to make a move when he suddenly heard the Fang family head coldly shout, "Stop!"

He did not turn around. Almost like Chai Rong, he stared at Han Qianqian with a deadly stare.

For at that moment, Han Qianqian, too, moved.

Raising his eyes in an eerie manner, with a hint of dominance and stern coldness in his eyes, he looked around the scene, then smiled coldly.

"Liu family members, are there still those who are not dead who want to continue?"

With a cold cry, there was actually no sound from the crows!

Even though there were still Liu Lu and the rest of the Liu family present, who dared to respond?

Almost as soon as Han Qianqian's words fell, a bizarre scene suddenly appeared on him

And it was almost precisely because of this scene that the Fang family head, who was already somewhat dumbfounded, as well as the old man Chai Rong, were almost even more dumbfounded.

"It is it!"

"Surprisingly surprisingly it really is it?"

Chapter 2780

At this moment, on Han Qianqian's body, the Five Elements Divine Stone released a faint stream of light all over Han Qianqian's body, causing his entire skin, which had been burnt red and black, to be slowly repaired under the stream of light.

Looking from afar, this scene was as imposing as a celestial god, but also looked like a hellish demon burrowing out of the ground.

What made them feel even more bizarre was the look in Han Qianqian's eyes!

The red light appeared like the eyes of a demon, staring at everyone indifferently while releasing a cold intent that made people shudder.

But these were nothing compared to the jade ice pearl on Han Qianqian's right hand, which emitted a faint white haze.

At this moment, the jade ice pearl was releasing a slow white gas, as if it was cooling down, and also as if it was proclaiming its remaining power in this way.

"This" Su Yan was almost as surprised as the Fang family's family head and that old man Chai, her mouth open as she faintly looked at the small bead in Han Qianqian's hand that was scattering white Qi.

This aura, could it be, could it be it?!

"Holy shit, it's bullish."

"Too fucking bullish."

"The Liu Family's Supreme Flame has actually been broken!"

"If the Supreme Flame released by Duke Liu was broken, it was still just a case of incompetence in learning the art, then the destruction of the Supreme Flame laid by the eleven elders that the Liu family head brought along with him can only mean one thing."

"It's not that they are not strong enough, but" it's that this teenager called Piercing Armor is too fierce, he is the Fire King, the king of fire."

"What bullshit fire king, he's clearly the fire god, okay?"

"I declare, from today onwards, there is no one else in my eyes, he, is my idol!"

"That's right, Brother Piercing Mountain Vest is the God in our hearts forever!"

Almost at that moment, the crowd, who had been dumb for an unknown period of time, also came back to their senses, and at that moment, like a tidal wave erupting, they kept expressing their admiration and shock towards Han Qianqian.

The Fang family's family head and Old Man Chai took advantage of this opening to also glance at each other in a slight return to their senses.

"Fang Jun." The Fang family head barked softly.

Fang Jun hurriedly moved over and said softly, "Family Head, what are your orders?"

"Snap!"

Before Fang Jun could reflect, a slap had been violently slapped on his face.

Fang Jun's entire body was instantly horrified, completely unaware of what was going on.

"Bastard! In my Desert City, you are the Grand Elder, in charge of the entire city, and now, you are letting the guests of the Fang Family fight here, what is the difference between your position as Grand Elder and a false one?" The Fang family head scolded angrily.

"I" Fang Jun was stunned, this Fang family head was not supporting himself, how come all of a sudden he has already changed his face?

The first thing you need to do is to look at the situation from the perspective of the family.

Why would the family head suddenly

However, despite his doubts, he did not dare to pit a sound.

"What are you still standing there for? Take care of all the injured, especially" After finishing, he glanced at Han Qianqian: "Especially Yan'er her friend!"

After saying that, the Fang family head glanced at Su Yan and forced a smile, "Yan'er, don't worry, I will deal with Fang Jun seriously and give you and your friend an explanation."

Su Yan was stunned, but then reflected and forced out a smile as an answer.

Fang Jun was depressed, but, not daring to be idle, he hurriedly commanded a group of people from the Fang family to rush into the field and help the various injured members of the Liu family back to the house.

On Han Qianqian's side, it was naturally Fang Jun who went.

He smiled sarcastically, as if to make amends.

There, Han Qianqian raised his eyes slightly and looked over at the Fang family head, who responded with a smile, before nodding on Han Qianqian's side.

"Family head, the Ju Ying Pavilion has been burnt down, shall we send this young warrior to Miss Su's residence?" Fang Jun ran back and said softly.

The Fang family head's face was slightly cold as he gently beckoned, Fang Jun hurriedly came up to him, before the Fang family head attached his ear and whispered.

Only, after hearing these words, Fang Jun could not help but look at the Fang family's family head with a startled expression, surprised beyond measure, obviously, the words of the Fang family's family head fell into incomprehension for a while.

"Family head, this Fang family has never been like this before..."

"If you are told to go, then go, what's the point of all that nonsense?"

Hearing the cold voice of the Fang family head, Fang Jun nodded and hurriedly retreated.

Within a few moments, a shocking scene occurred
