

His True Color Chapter 2781-2790

Chapter 2781

Only Fang Jun came running back, only behind him were eight more bearers and the huge palanquin they were carrying.

The palanquin was luxurious, with a jewel about the size of a fist on top to match, and the palanquin bearers were also dressed neatly and luxuriously, and were no weaker than this group of guest gentry.

The palanquin was of such a high standard that it drew attention to itself.

A group of people looked at the old man Chai Rong, both with envy and admiration, but also with reasonable anticipation.

After all, as an old-timer of the Desert Realm, he was entitled to this treatment.

But to everyone's surprise, Fang Jun led the palanquin and then directly skipped over Old Mr. Chai Rong, and even more so the Fang family's family head, and instead walked all the way towards Han Qianqian.

"What is this situation?"

A group of people were very surprised!

The eight-palanquin is such a high standard of etiquette, in fact, it is not very common in the Fang family, only when old Mr. Fang was still alive, every time when the centennial feast day of the desert city was attended, he lived in the eight-palanquin.

Now that the eight-person palanquin was present, it was only fair that old Mr. Chai Rong, who had the same seniority as him, sat in it, but instead, he skipped old Mr. Chai and went to receive a young man.

Although this young man, who made their scalps tingle as he stepped out of the Supreme Fire, was so powerful that their hearts almost stopped for a few seconds.

But being strong and having a prestigious status associated with it was by no means as simple as a complete equation.

The Fang family's actions, in particular, were somehow representative of the entire Desert Realm!

Does the Fang family mean that this young man is of a higher status than Old Man Chai?

Just because he had broken the Liu Family's Supreme Flame?

It's true that this is too powerful to describe, but the Liu family doesn't represent the highest power in the Desert Realm

"Some people are really quite good at changing their faces, one second they were saying cool words there, and now, they are using an eight-person palanquin, I really want to know what old Mr. Chai is feeling in his heart right now." Green Pearl clearly scoffed at this kind of approach, and coldly mocked.

Just now, he had treated someone Han Qianqian as rubbish, and even stood by and did not save him, and even made a mocking remark, but now he was playing these tricks.

However, didn't this guy know that by holding up one person's stinky feet, he would hurt another big shot next to him?

"Old Mr. Chai doesn't really mind." Su Yan shook her head gently.

Hearing this, Green Pearl had a moment of dissatisfaction, how could Miss speak up for someone else? What's more, how could Old Mr. Chai not be angry?

Even if it was an ordinary sedan chair, even if it was treated differently, it was still very unbearable, let alone a person of such high moral standing as Mr. Chai.

However, when Green Pearl sent her eyes to Old Mr. Chai, she saw that he had a smile on his face and was not at all displeased.

"What is the meaning of this?" Green Pearl frowned.

"You will know later." Su Yan smiled softly.

While Green Pearl was wondering what exactly this meant, at this moment, Han Qianqian had already been invited into the sedan chair, and the Fang family head also slowly walked over, glanced at Su Yan and smiled, "Yan'er, let's go back to the house and sit together?"

Didn't he say that he would come at the dinner party just now? Why did he suddenly ask the young lady to come along now?

"Yes." Su Yan replied in a soft voice.

Hearing Su Yan's answer, the Fang family head finally had a reassuring smile on his face, and then looked at Green Pearl, "Green Pearl, you can go back to the courtyard first, and pack up Yan's things, I will send someone to pick you up later."

"Ah?" Green Pearl was stunned.

"Yan'er's friend is recuperating in the City Master's residence, naturally, Yan'er should also stay in the residence." The Fang family head laughed.

Green Pearl froze even more, as the Fang Family's big wedding was approaching, each guest had a fixed residence, and their residence often symbolised the level of respectability of the person staying in the Fang Family.

So the Liu family had a young master's residence, the Su family had a separate courtyard, and the other great families also had their own place to stay.

But none of them lived in the City Master's House.

Now, the Fang family head suddenly invited the Su family into the City Lord's residence, how could this not make people wonder?

Looking at the dumbfounded Green Pearl, Su Yan smiled gently and shook her head helplessly, so one person gets the way, the chickens and dogs rise to heaven, it's not that Green Pearl didn't understand, just that, what she simply couldn't imagine was that Han Qianqian became that person

"Raise the palanquin"

With a shout from Fang Jun, the palanquin was slowly lifted up and the group slowly walked towards the city lord's residence

Chapter 2782

"Bull, bull, that young warrior is a real fucking bull!"

"Although the building of Juying Pavilion was destroyed, the signboard has become even more resounding. Who would have thought that there would be a hidden dragon and crouching tiger in this small Juying Pavilion one day?"

"To be invited into the city lord's residence by the Fang family in an eight-person palanquin, and even more so to have old Mr. Chai retreat his steps, this is simply a step of light to reach the heavens and walk to the top of life."

"No wonder even Miss Su's family unexpectedly threw herself for him, this man is not simple."

As Han Qianqian and the others left, a group of onlookers still talked endlessly about Han Qianqian's racy history, and while they were shocked, a group of people were thankful that at least they were lucky enough to see this amazing battle.

In a very short time, the entire desert city was full of people talking about it, and it became the hottest topic of the day.

At that moment, inside the City Lord's residence.

The West Backyard!

This was originally the most luxurious backyard of the City Lord's residence, specially designed to house the concubines of the City Lord's harem, but today, two rooms of strangers were brought in.

A few maids had just finished their work in the Western Backyard before they exited, when a few more maids ran over quickly, "Hey, Dong Ju, I heard that two new guests have been added to the Western Backyard?"

"Yes, is it possible that the young master is marrying a wife and the old master can't stand the loneliness and has added a new concubine? The two women I saw walking behind me just now were so beautiful."

Although the City Lord's residence was large, it was not a place for the servants to wander around, so they only had time to listen to gossip.

The one called Dong Ju laughed bitterly, "That's the Su family's eldest lady and her maid, the Su family's one and only Green Pearl."

"Someone from the Su family? Doesn't the Su family have a separate compound to recuperate? Why would they come to this place? And who is the other house?" The maid asked.

As soon as she spoke, the group of female servants behind her all looked at Dong Ju and the others with blearily eyes.

"Men!" Dong Ju let out a bitter laugh.

"Men?" The group of female attendants were instantly shocked.

"Dong Ju, you're not joking, are you? There are strict rules within the City Lord's residence, not to mention men, even the young lord of the Fang family is definitely not allowed to stay in the backyard, so how could there be a man other than the City Lord staying here?"

"Yes, Dong Ju, just don't make fun of us."

In the City Lord's residence, all the servants were women, so it was always only the female attendants as well as the consorts who lived here, and even the guards here were entirely female soldiers.

The elders and the elite were all living in the front courtyard, and the only man in the large back courtyard every day was the City Lord.

Therefore, there was a lot of private talk among the female guards, saying that the city lord was probably a man who was extremely afraid of being cuckolded, and that was why he had such tight control over his harem.

"It is indeed a man, and, moreover, it was carried in personally by an eight-person palanquin." Dong Ju said seriously.

"An eight-person palanquin?" The group of female attendants froze even more when they heard this.

This was the highest etiquette that could rarely be found in the Fang family, at least not since the Old Master had passed away!

"This is just a bit unbelievable!"

The group of female attendants looked at each other, obviously having some difficulty accepting it for a while.

"Is it handsome?" A female attendant asked.

Dong Ju shook her head, "I can't say it's handsome, I can only say it's a bit ugly."

"No? It's not easy for a man to come to the harem, or is it still an ugly man?" Someone said depressedly.

"After the palanquin brought the man to the door, that man has been wrapped in white cloth, I have seen his exposed hand, ouch, it is almost the same as being burned in the fire, you guys say, can it be a handsome man?" Dong Ju shook his head, a little depressed.

"Ew!" Several female attendants shook their heads and sighed at once.

Hopes were dashed!

But come to think of it, if he was good-looking, with the careful eyes of the City Lord, how could he be placed in the backyard without worry?

"By the way, have you made your arrangements at the future young master's wife's place? Just dare to come out and gossip with us?" Dong Ju suddenly asked.

"The future young master's wife has been in tears all day, and her make-up has been lost in tears several times, so we should wait until tomorrow when the wedding officially begins."

"She won't try on those dresses either!"

"She doesn't seem to like our young master."

Dong Ju nodded, glanced at her best sister beside her and said, "In fact, she has another man in her heart and has given me quite a lot of money before to help him inquire about a man."

"Who?"

"I think his name is Han Qianqian?"

Chapter 2783

"Han Qianqian?"

"It's strange, though, that she asked me to help ask around outside about this man's whereabouts, but then told me never to disturb the man's life, she just wanted to know if he was doing well." Dong Ju said.

"So have you seen this Han Qianqian?" The group of female attendants were piqued with curiosity.

Dong Ju let out a bitter laugh, "She is not from the realm of the desert, so it is fine if she is stupid, but is it hard to say that you are also stupid? Can you get out of the desert without a flower boat?"

"The Han Qianqian she is talking about is not in the Desert City, let alone the Desert Realm, but the Central Plains." Dong Ju said helplessly.

The female attendants nodded in understanding and said no more.

"It's better to go and see her, she's been in a bad mood, if anything happens to her, we can't afford it." Dong Ju finished her sentence and led a group of female attendants towards a hut in the backyard with quick steps.

Although the cottage was not large, it was luxuriously decorated, and at the same time, it showed a kind of luxury inside.

Dong Ju left four of them waiting outside the door, while the remaining three followed Dong Ju and knocked gently on the door, but there was no response from inside the house.

Dong Ju glanced at the three women beside her and the four exchanged glances and nodded to each other.

Immediately afterwards, Dong Ju gently pushed open the wooden door.

As the wooden door opened, a woman dressed in red looked out of the window with her hand on her cheek, her beautiful eyes sad and dark.

However, even this could not conceal her beautiful face.

Dong Ju took a glance at the untouched food on the table and could not help but feel a little worried, speaking softly, "Miss Su, you haven't eaten again."

When she heard Dong Ju's words, she looked back slightly. If Han Qianqian were here, she would have been shocked, because this person was no other than Su Yingxia.

"I'm not in a good mood, I don't want to eat too much." Su Yingxia returned indifferently.

"Miss Su, you hardly eat every day, how can you go on like this? Besides, tomorrow is the wedding day, ten thousand guests have already arrived, you are like this" Dong Ju didn't even know what to say.

She didn't just think it would involve them as servants, but she was worried about her health.

"I'm sorry, but I really don't have an appetite." Su Yingxia apologised faintly.

"Why don't I tell you something new that happened at the City Lord's residence today? Make you feel better?"

As soon as the words left her mouth, without waiting for Su Yingxia to refuse or not, Dong Ju directly told the story of the man who came to the backyard today with great relish.

However, while she was talking with a lot of enthusiasm, Su Yingxia's eyes were still blank, and she was only thinking about herself sadly.

At that moment, in the main hall, the Fang family head had just invited Chai Lao to sit down and ordered someone to pour tea, while the two of them chatted idly and waited for Su Yan who had finished settling in.

But at that moment, there was a commotion at the door, and when the Fang family head got up and looked out the door, he saw Liu Tao, his face still plastered on, angrily pushing the guards at the door away, and then, with big strides, he rushed in.

Liu Tao's face, his anger hard to dispel, was only slightly tempered when he saw the Fang family's family head and Elder Chai: "Liu Tao has met Big Brother and Elder Chai."

The two of them nodded gently.

After Liu Tao had finished his salute, he raised his head slightly in dissatisfaction, "Big brother, why didn't you ask me to come into the hall when Old Mr. Chai came?"

"It's not because I saw that you were injured and unconscious, so I sent someone to send you back to the mansion to recuperate?"

"Recuperating is a lie, I am afraid that big brother has already looked down on my Liu family in his heart?" Liu Tao said bluntly.

"However, it doesn't matter if big brother looks down on you, I didn't come here uninvited, I didn't come here this time to lick my face and catch up with old Mr. Chai, but to personally take back what my Liu family has lost." Liu Tao said in a cold voice.

"What do you want, Liu Tao?" The Fang family head frowned coldly.

"I have heard that that brat has been brought back to the residence by you, big brother, today, I will kill that brat with my own hands to prove the power of my Liu family!" Liu Tao shouted coldly.

"You want to kill him?" The Fang family head smiled and slowly approached Liu Tao.

"Exactly!"

Slap!

Suddenly, the Fang Family Head slapped Liu Tao's face fiercely

Chapter 2784
Silence!

A dead silence.

Touching his sore cheek, Liu Tao looked at Fang Watch, the head of the Fang family, with almost disbelief.

"You you hit me?" Liu Tao was silent for half a day and his eyes widened!

Although Fang Liu two surnames, but originally kinship, between the two family heads is even brotherly, can not book yo respect each other like a guest, can only say that brother love, relationship can not be considered bad.

But this is so, but Fang table suddenly reached out and hit himself heavily, which makes Liu Tao almost can not believe.

"If you dare to look for trouble with that man again, it's not just beating you? It is to make your Liu family disappear in the Realm of Desert, so what?" Fang Watch shouted angrily in a faint voice.

Let the Liu family disappear from the Desert Realm!

If these words came from anyone else's mouth, Liu Tao would have disdained them, but when they came from the mouth of the Fang family's head, Liu Tao had to be secretly shocked.

The Fang family had the strength to do this!

"Big Brother, what do you mean by this? Now you are going to disregard even the Liu family for the sake of that brat?" Liu Tao said in shock.

What he couldn't understand even more was that in front of old Mr. Chai, Fang Watch, who had always been very nice to him, was not giving himself the slightest face.

"That boy? Liu Tao, you too, as the head of a family, act so recklessly?" Fang Watch bellowed coldly and then said, "Not to mention your Liu family, do you know that even my Fang family can't afford to offend him."

"Just because he broke my Liu family's Supreme Flame? That was only because I had not been in the sand for many years for a long time, including those elders as well, and that was just a moment of

carelessness. If I were to do it all over again, I will be able to assure you, big brother, that if I, Liu Tao, were to lose, I would bring my head to the table." Liu Tao said in an emotional voice.

"Bastard." Fang table angrily shouted, "If you still persist in your obsession and must challenge, even if you had 10,000 heads, Liu Tao would only come to me 10,000 times like this."

"Big brother, you don't believe me?" Liu Tao said incredulously.

"I believe you? What do I believe in you?" Fang Biao drank disdainfully.

Liu Biao still wanted to speak, but at this moment, old man Chai Rong slowly stood up, shook his head and sighed, "What the Fang family master means is that he believes in you, but believes in the God of Ice even more."

"The God of Ice?" Liu Tao smiled and suddenly froze.

"You mediocrity, did you really not notice anything unusual at all when you were battling that guy? Even if you, Liu Tao, have never been in the sands for a long time, the Supreme Flame is your Liu family's unique fire, so how could it be broken by ordinary people at will?" Fang said sharply.

Hearing these words, Liu Tao suddenly felt as if there did seem to be something odd in the confrontation.

Within the fire, an extremely strong force was released, but that force seemed to have a feeling of déjà vu.

Only, at that time, the fire was too big, and Liu Tao's heart was all full of desire to win and lose, and he hadn't put it to heart in the slightest, but now that he thought about it, it seemed to suddenly come back to him.

"Could it be" Liu Tao jerked his head up, his eyes shrinking fiercely.

Fang watch and Chai old man looked at each other and nodded heavily.

"No it can't be?" Liu Tao was in a bit of disbelief.

"No way?" Fang Watch laughed coldly, "Have you forgotten the news you sent to tell me?"

Hearing this, Liu Tao snapped, eight teams, scouting for how many years to get the news, how could he forget such an important thing?!

After a little thought, he associated it with all the news given by the scouts before.

The village, the desert, then arriving at the desert city

All these lines seemed to match the boy's information!

Most importantly, it was the breaking of the Liu family's supreme fire.

Because of the wound to his pride, Liu Tao had never faced this issue squarely, but now that he was assured that these things were carefully thought about, he was suddenly and violently alarmed.

He staggered backwards two steps, he now finally understood that if he had to take that boy's life, then what would come to his Liu family would be the end of all things.

He suddenly laughed dumbly, and his whole essence suddenly dispersed.

Fang table shook his head helplessly, walked a few steps to Liu Tao's side, patted his shoulder and sighed, "You ah"

"Big brother, I what should I do?" He looked up, panicked, and looked at Fang Watch.

"That's what I've been thinking about!" After saying that, he looked outside, "I invited Yan'er to come over, so you'll have to fend for yourself."

Just as they were talking, Su Yan, with Green Pearl in tow, slowly walked over

Chapter 2785

"Yan'er." Seeing Su Yan enter, Fang Watch changed his state and greeted him with a smile.

Despite still wearing a veil, however, Su Yan came in and greeted politely, "Greetings Uncle Fang, Greetings Elder Chai, Greetings"

Before seeing Liu Tao, Su Yan suddenly banned her voice for a moment.

"Oh, some people old is a bit old, but recovery is quite fast, so quickly already standing here, Miss, there is a saying, bitch is hard life, some people really lost the game after losing face became a bitch, then enough bitch is hard life ah." Green Pearl said sarcastically in a cold voice.

Su Yan pretended to be slightly angry: "Green Pearl!"

Green Pearl withdrew her voice, but looked at Liu Tao with contempt and provocation, full of provocation.

If it were normal, Liu Tao would have been furious, but right now, he just smiled sarcastically, looked at Su Yan and took the initiative to greet her, "Yan'er."

"Don't call her so intimately, everyone knows that Uncle Liu is going to teach the younger generation a lesson for our family's master." Green Pearl spoke out again with a cold hum.

Liu Tao's face looked worse than if he had eaten a piece of rice, but what could he do at a time like this except to squeeze on a smile full of folds that could kill a mosquito?

"Green Pearl, you little girl, you are always making fun of Uncle Liu." Liu Tao smiled awkwardly, then looked at Su Yan and said, "Uncle Liu is old, it is inevitable that sometimes his mind will be dizzy, plus that rebellious son Liu Lu is talking nonsense, I have become confused in my old age and listened to the slanderous rumours, only in this anger did I"

The actual fact is that if this kind of apology is useful, then why do you need force?

But Su Yan, worthy of being a lady of the house, blandly smiled slightly: "Uncle Liu, what's the point of mentioning him after the past?"

Hearing these words, Liu Tao's face finally cleared up, since it was best not to pursue the matter.

"That's right, some people have lost enough face to die laughing anyway." Green Pearl duly added.

This made Liu Tao, who had just eased his face, look as ugly as a pig's liver again, this little girl's complementary knife was almost fatal, which pot is not open to mention which pot!

If it was before, Liu Tao would not have let this little girl be so reckless, but now, what could he do?

He had no choice but to eat the yellow lotus in silence!

"Alright, since things have been made clear, let's all sit down." Fang Watch interjected at this point in time.

Su Yan nodded and took Green Pearl to slowly sit down in the guest seat next to her.

After they sat down, the maid served tea, and after Fang Bao picked up the tea as a token of respect, he slowly spoke, "By the way, Yan'er, this is old Mr. Chai, whom you have met before."

"Yan'er has met Grandpa Chai, I have heard a lot about him." Su Yan politely got up and bowed slightly.

Old Mr. Chai smiled happily and waved his hand, "Miss Su is joking, I'm just an idle crane, how can I have a big name? I am just an old man who is at ease with the world and enjoys himself."

"But Miss Su's beauty is so famous that even an old man like me has heard of it. Old Mr Chai laughed.

"It's just a pair of skin, Grandpa Chai, you are really praising me." Su Yan said softly.

"Hey, Yan'er, that's not right. As the saying goes, fair ladies are good at martyrdom, and this has been a constant throughout the ages. If you have such a beautiful face, how many women can only dream of it, and how many men are attracted to it!" Fang said with a light smile.

Su Yan smiled, "Uncle Fang is trying to talk about my friend, right?"

"Miss Su is not only gorgeous, but she is even more intelligent." Fang Watch laughed and looked at Old Mr. Chai and Liu Tao.

The two laughed to show their agreement.

Fang Biao's smile was withdrawn and he said with a straight face, "Since Yan'er is so smart, I'll get right to the point."

"But Yan'er would like to say that in fact, Yan'er doesn't know much about him either, only that his name is Piercing Mountain Armour and nothing else about him."

"Pierced Mountain Armour?" The three Fang Watchers looked at each other, a little surprised at each other, "He's a friend of yours? Even you don't know anything about him?"

"This" The group looked at each other with blank faces.

Elder Chai frowned slightly, "But according to the rules of the Realm of the Desert, he" is the Ice God of the Realm of the Desert!"

Ice God?

Chapter 2786

In this hot, sun-baked desert, the temperature is never suitable for survival, but since ancient times, where there are people, there is something special about them.

The most special thing about the people who exist in the desert realm is that they have special ways to withstand the heat.

The Jade Ice Pearl is the purest root of all the special methods.

Everything stems from the Jade Ice Pearl.

Even the small jade ice pearls used on the flower boats, or in the city walls, are only a small cool stone under the jade ice pearls, so when the real jade ice pearls appear, how precious they will be to the people of the Desert Realm.

Therefore, since ancient times, there is an unwritten rule in the Desert Realm that the one who can obtain the Jade Ice Pearl is the Ice God of the Desert Realm.

He is revered by all in the Desert Realm!

The Four Families have grown and developed because they were favoured by the Ice Gods of the first few generations.

However, a few years ago, the last Ice God suddenly disappeared during his term of office, causing the four clans to search for him, and even the Jade Ice Pearl was lost.

Over the years, the four clans have sent out countless spies, but there has been no news.

When there was news again, it was unexpected that the Jade Ice Pearl was actually in that young man's possession.

Su Yan nodded and smiled bitterly, she had the intention to find out, but Han Qianqian had never given it a chance.

"It was just something I met on the way to the Fang family." Su Yan said softly, "I know he is from the Central Plains."

"A native of the Middle Kingdom?"

These words made the three men freeze even more.

"That's right." Su Yan nodded, "I saw that he was low-key and had quite a good personality, so I did appreciate him, it's just a pity"

It's just a pity that the falling flowers are intentional but the flowing water is heartless.

The three men knew what Su Yan meant even without her saying it.

"The jade ice pearl simply could only exist in the realm of the desert for many years, how could it fall into the hands of people from the Middle Kingdom?"

"What's more, this person is able to use the Jade Ice Pearl's effects. According to the rules, he is the Ice God of the Desert Realm, and a person who is not from our tribe is our Ice God.

Each Ice God is chosen by the previous Ice God, and although the method of opening the Jade Ice Pearl is extremely simple, the simplest is also the most complicated.

The Jade Ice Pearl cannot be opened at will by anyone who wishes to do so, unless the previous Ice God affirms it, or unless the Jade Ice Pearl is willing to recognise him as its new master.

One of these two conditions is required!

But not only was the person who met this condition a young man, but more importantly, he was not from the Desert Realm.

This is the first time in the history of the Ice Gods of the Desert Realm.

"Whether it is a trick or whether the heavens have ordained it, there is one hard fact that cannot be denied, and that is that this man is the new Ice God of the Desert Realm." Old Mr Chai slowly stood up and frowned.

The crowd nodded in unison, and Liu Tao's face was rather ugly.

Although the Ice God has no power, but the real power is great, is the big clan vying for the object, since his Liu family ancestors are so, otherwise, how can his Liu family today's business?

But what he doesn't want to do is to destroy the foundation of his family for 10,000 years and do nothing but offend the Ice God.

What the hell is wrong with you!

When he thought of this, Liu Tao's heart was filled with 10,000 grass mud horses that rushed past Liu Lu.

I've seen a pitiful man, but I've never seen such a pitiful man!

"What Chai Lao said makes sense." Fang table nodded heavily.

Now that the temperature in the Realm of Desert had risen, if the Fang Family had ambitions to become bigger, then the Ice God's inclination towards himself would be an endless number of benefits for the Fang Family.

It was for this reason that Fang had placed Han Qianqian in the backyard of his harem, to show his respect for him, but also because Fang was not without his own selfishness.

He had many concubines, and although he was always small-minded, if he could have someone in that environment who was valued by the Ice God, his chances of getting close to the Ice God would become greater.

Originally, he had drawn Su Yan in because of their relationship, and Fang wanted to start from both ends, but now, he was suddenly secretly pleased that Su Yan and Han Qianqian were not close.

At least, the Su family did not stand in advance of the starting line.

Half an hour later

In the backyard room, Han Qianqian, who was wrapped in white cloth, moved slightly

Chapter 2787

"Sh*t!"

Han Qianqian let out a depressed cry from his mouth and stretched his limbs.

Wrapped in white cloth, he was like lying in a silkworm chrysalis. After some time of repairing by the Five Elements Divine Stone, plus the constant cooling of the burns by the Jade Ice Pearl, Han Qianqian counted that it wasn't painful.

"Shit, three thousand you're awake."

The piercing beetle, who was sitting on the edge of the bed and dozing, saw Han Qianqian move and hurriedly stood up in a panic, but he didn't know what to do for a while.

Seemingly hearing the movement inside, the four Dong Ju women, who had been waiting outside the door since they returned from Su Yingxia's place, hurriedly pushed open the door of the room.

The white cloth was lifted little by little with the help of a group of people, revealing inside a lean and perfect body as well as a handsome face that the four Dong Ju women almost looked dumbfounded.

The said ugly?

The good burns are disgusting?

The whole thing is not!

The actual fact is that the five elements divine stone to repair the wound of Han Qianqian, skin like warm jade, handsome face, eyes with a unique temperament, dare not say how handsome, can only say, East Ju four women are almost dumbfounded.

Han Qianqian frowned slightly and looked around, "Where is this place?"

After getting into the palanquin, Han Qianqian dropped his guard completely and closed his eyes at ease to recuperate. When he woke up again, he was naturally a little surprised to see the four Dong Ju women.

"Warrior, this is the backyard of the City Lord's residence." Dong Ju blushed and said with a faint smile.

"The backyard of the City Lord's residence?" Han Qianqian gave a puzzled look, but finally nodded, "Can you give me a glass of water to drink?"

"I'll pour it for you."

The four women spoke out almost simultaneously, and then, went to pour the water almost simultaneously, all eager to be more attentive in front of Han Qianqian in order to gain favor.

"Shit, you're really sick, you can recover even after burning like this?" The pangolin looked at Han Qianqian in frustration.

Han Qianqian gave him a helpless blank look, "Where's Miss Su and the others?"

"What? Do you miss us?"

As they were talking, a light laugh suddenly came from outside the house.

Hearing this sound, Han Qianqian smiled bitterly and raised his eyes to see that Su Yan was returning from the front yard with Green Pearl.

"You're awake?" Seeing Han Qianqian, Su Yan smiled gently, and then, she slightly took off her veil.

As soon as the veil was removed, the piercing mountain beetle's nosebleed spurting out on the spot, and his thieving eyes stared deadly at Su Yan, not moving a single inch.

Not only him, but also the four women of Dong Ju, were completely in place for a while, even forgetting that the water had long since been poured and overflowed from the cup!

Beautiful, too beautiful.

To a man, she was a seductress, but to a woman, she was a self-esteem killer!

Even Green Pearl, who was already beautiful enough, looked a little darker beside her.

Han Qianqian was also clearly slightly stunned, but quickly came back to her senses: "Yes."

Green Pearl was obviously used to these reflections and was not surprised at all. Looking at Han Qianqian, she walked in with a few steps, then ran to Han Qianqian's side and looked left and right, then tsked twice in a quirky manner, looked back at Su Yan who slowly walked in and said softly, "Miss, have you noticed that he has suddenly become more handsome?"

Su Yan smiled, a smile that could be captivating: "Green Pearl, how can you make fun of the Ice God?"

When Green Pearl heard this, she was full of care and bristled, however, she didn't dare to say anything.

"What ice god?" Han Qianqian frowned and looked at Su Yan, somewhat puzzled.

Su Yan smiled, "The Ice God of the Realm of Desert."

Looking at Han Qianqian's dumbfounded look, Su Yan couldn't help but smile again, then with a gentle gesture of her eyes, Green Pearl helped Su Yan to sit down while telling Han Qianqian about the Ice God.

After hearing this, Pierced Mountain Vest couldn't help but laugh, "Shit, so this guy has become a god all of a sudden? No wonder this Fang family is so generous with their gifts, bully for you, old Han."

However, at this moment, Han Qianqian was unable to laugh, instead, his whole body frowned greatly!

It's not right! Something is not right!

Suddenly, he jerked his head up and stared deadly at the pangolin

Chapter 2788

Pierced mountain beetle hard by the eyes of this goods stare the whole person can not help but froze, smile also instantly frozen frozen frozen: "How what is this?"

Han three thousand did not speak, thoughts but at this time set off a thousand waves.

This is not right, this is not right at all.

It can even be said that everything is messed up.

If, according to Su Yan and the others, he was the so-called new generation Ice God, then the Jade Ice Pearl should have been passed on to him by the previous Ice God.

But the truth was that the Jade Ice Pearl was not passed on to him by the Ice God, but was given to him by the horse-headed female silkworm god.

This is the greatest paradox of all!

According to Su Yan and the others, the last Ice God had disappeared only a few years ago, and the tenure of each Ice God ranged from a few decades to a few hundred years.

But the horse-headed female silkworm god was at least hundreds of thousands, if not millions, of years old in the past, which is a complete mismatch in terms of time.

The only possibility is that during this time the horse-headed female made a guest appearance as an ice god.

But obviously, this only possibility is simply something that is almost impossible to happen.

But to say that the horse-headed woman was not an Ice God, then how would she know how to unseal the Jade Ice Pearl according to the traditions as well as the rules of the Desert Realm?

How could she even teach Han Qianqian how to unseal it?

The most important piece of information was that although the Jade Ice Pearl only required power to open, it required the special power of the Ice God or the Jade Ice Pearl's approval of it.

This is like Han Qianqian's use of the Pan Gu Axe. Although it looks very simple for others to use, without the approval of the Pan Gu Axe, everything is so simple that it is impossible to use.

Seeing the look in Han Qianqian's eyes, the piercing beetle who had slightly steadied his mind also seemed to slowly remember the weirdness of this as well as the fact that it was not right, and for a while he also frowned, muttering and speechless.

"What's wrong with you guys? Gobsmacked? Or, overwhelmed by glory, huh?"

Seeing the two of them not speaking for half a day, just looking at me and me looking at you in a thoughtful manner, beside them, Green Pearl could not help but spit out.

As far as she was concerned, the two Chinese people had suddenly become the highest spiritual leaders of their desert realm.

Hearing Green Pearl's words, Han Qianqian faintly returned to his senses, and awkwardly forced a bitter smile, "I'm not interested in this."

"By the way, Miss Su, the matter of the flower boat"

Hearing Han Qianqian mention the flower boat, Su Yan's originally happy face suddenly grew faintly sad, because the flower boat also meant that Han Qianqian was about to leave.

Although

Although she had never shown Han Qianqian much of her feelings, the few days she had spent together, and the love she had seen at first sight, had long been engraved on her heart and was hard to erase.

At this time, hearing Han Qianqian mention the matter of the flower boat again, it was inevitable that a vague pain was felt in her heart.

However, with her gentle nature, she still smiled faintly, "It is already in the process of being made, and the new flower boat will be finished within three days at the latest."

"Is there any way to advance it?" Han Qianqian asked.

These words were undoubtedly hammering Su Yan's already low heart even more ferociously.

He did want to leave, so it also meant that there was nothing here that he was attached to, including himself.

"What I mean is that I can control the jade ice beads, could I not use the small kind of jade ice beads that you specialize in, in which case it would also shorten the process of making the small jade ice beads for you, in which case wouldn't it be possible to advance?" Han Qianqian frowned slightly and said.

Hearing this, Su Yan was even more lifeless, barely squeezing out a somewhat bitter smile: "Small jade ice beads don't take much time, back then the Ice God had left a certain amount of jade ice bead pellets in all the big clans, enough for illusionary use, it's just that the flower boat is too big and complicated because of its architecture, and it needs to feed those walking beasts in advance, otherwise halfway down the road, they won't work anymore, what what to do?"

Hearing these words, Han Qianqian nodded.

"Take a good rest, Uncle Fang is preparing a big feast especially for you, you are the main character tonight." With a bitter smile, Su Yan got up, and with a hint of regret turned around and walked towards the outside of the house.

She wanted to share her joy with him, but in the end, it was just a ticket that she was not qualified to obtain.

Looking at Su Yan who left in silence, the piercing beetle shook its head helplessly: "Scum!"

And at this time, the four women of Dong Ju

Chapter 2789

Eyes knitted in jaws, even now, for a long time!

That ugly man

No, it should be that handsome man who was actually the Ice God of the Desert Realm?

This is simply unbelievable, so much so that the four of them, all of them, actually froze in place, unable to say half a word.

Hearing the words of the piercing beetle, Han Qianqian smiled bitterly, did not make any retort, got up, walked towards the bed and looked at the night sky.

If this was the scum of the earth, Han Qianqian would be willing to carry it for the rest of his life, and definitely would not change his heart for Su Yingxia.

Compared to Han Qianqian, whose heart was as calm as a quiet one, and who even thought about Sending Moon, the entire City Lord's residence was much more lively.

The front yard and the back palace are all decorated with lights and colours.

Tomorrow is his wedding day, and not long ago, the head of the Fang family announced that a banquet would be held today to welcome the new Ice God.

This was a heavy bomb dropped before the wedding, and not only was everyone in the City Master's residence celebrating, but outside the residence, the desert city was also overflowing with joy and people.

"Have you heard? Have you heard? I heard that the new Ice God has suddenly appeared, and the Fang family head has already released the news that he will host a world banquet to welcome the new Ice God in person tonight."

"Really? That's simply great. In fact, I have gossip that the last Ice God disappeared inexplicably many years ago, and the several great clans have been intentionally suppressing such news for fear of causing panic among everyone. However, who knows that the temperature of the Desert Realm has been rising in the past few years, and I thought that if things continued like this, the Desert Realm would be finished in no time, but I never thought that the new Ice God would suddenly appear so soon."
"Great, this is simply great, the future of our Desert Realm is saved again."

"If what you say is true, then this new Ice God is simply our new saviour."

"Haha, I didn't expect that this time when I came to attend Prince Fang's wedding, I would unexpectedly get to see the Ice God's true face, this is simply excellent."

"With our status, we can only sit at a distance, and I don't know if we will have the chance to get a glimpse of the Ice God's appearance then!"

The group talked excitedly, each with eyes full of anticipation, looking forward to the time to come sooner. Although the Eight Desolate Worlds were ruled by the Three Great True Gods, the land outside the Seaside had its own worship, and in their hearts, the Ice God was the true god in their minds.

When the daylight receded, when the cold wind came, it was nightfall.

"Miss Su, Miss Su."

Outside Su Yingxia's door, Dong Ju knocked sharply on the door.

However, there was no reflection in the house for a long time, but for Dong Ju and the others, it had become a natural habit.

When the four women looked at each other, Dong Ju softly pushed open the door, and on the bed in the room, Su Yingxia's delicate body was lying slightly.

"Can't you see the lights and decorations outside?"

Su Yingxia was obviously in a general mood, and out of courtesy, she replied, "What does it matter to me?"

Even if the world is full of flowers, even if the world is full of purple and red, but without her beloved, everything is just a black and white scene, so how could Su Yingxia be in the slightest mood?

"Auntie, how can this have nothing to do with you?!" Dong Ju said urgently!

"Master has instructed that in order to welcome the new Ice God, all of the Fang family, from the head of the family to the servants, and even relatives outside the city, must attend the world banquet to welcome the Ice God on the spot, you, as a young grandmother, should naturally" another female attendant also said.

"Auntie, we are here to dress you up, or not," Dong Ju said, about to do so.

"I am not the daughter-in-law of the Fang family!" Su Yingxia put her head aside, "Besides, I'm not interested in any so-called ice gods."

"Aiya, young grandmother, you are not right, as the saying goes, as you enter the country, this Ice God is the admiration of our Desert Realm, if you do not go, this is not only a great disrespect, disgracing the family head and affecting the Fang Family, more"

"More what?" Su Yingxia frowned slightly.

"More importantly, you will miss out on a great handsome man from the Central Plains." When she said this, Dong Ju's eyes got a little misty.

Thinking about that handsome face, ugh, it simply made one's heart flutter.

Hearing this, Su Yingxia's eyes snapped to life

Chapter 2790

A man from the Middle Kingdom, could it be

It's Han Qianqian?

Seeing that Su Yingxia had come to her senses, the Dong Ju couple sighed that handsomeness and beauty were indeed the greatest killing weapons in this world, and at the same time, they also hurriedly took the dressing supplies and helped Su Yingxia directly to the dressing table.

However, Su Yingxia's eyes, which had been quite radiant just now, suddenly dimmed.

She could not help but let out a bitter laugh, it seemed that she had indeed gone crazy thinking of Han Qianqian, but it was only a Chinese man, yet she could unprecedentedly think of him as Han Qianqian.

There were many people from the Middle Kingdom, and what was so surprising about those who came to the Desert Realm.

To think that thinking of a demon would be so much like this.

"By the way, you said he came from the Central Plains, do you know his name?" Even though she secretly mocked herself for her foolishness, Su Yingxia could not help but ask one more question.

"Name?" Dong Ju brushed Su Yingxia's hair while biting her lip to recall carefully, "It's called Piercing Mountain Armour."

Piercing Mountain Armour?

Hearing this name, the light that flashed in Su Yingxia's eyes completely extinguished.

If she had known it was like that, why would she have asked? Han Qianqian didn't know he was here, so even if he wanted to look for him, he wouldn't be able to find him here.

Besides, the two letters he had given him, I'm sure he would have given up looking for himself again after reading them.

"Can we stop the chemistry? I really don't want to go." Su Yingxia was gloomy and said softly.

"If you guys are having a hard time, tell the Fang family's family head that tomorrow is the wedding and I need to rest well."

Hearing these words, the four girls looked at each other. The family head's orders could not be disobeyed, but Su Yingxia looked like a corpse, and even as maids, they could not bear it.

On the other hand, on Han Qianqian's side, the Fang family head had personally brought a group of people over with him.

Most of these were elders of the Fang family, with high and powerful positions, and were led by the Fang watch personally, on a huge scale.

When they arrived in front of Han Qianqian's house, Fang watch waved his hand and a group of people slowly stood down in front of the door.

Fang Biao bent slightly and shouted politely at the house, saying: "God of Ice, I believe Su Yan has already told you the general story. The Fang Watch has brought all the elders to welcome you to the banquet."

As soon as the words fell, the group of elders and Fang Watch all smiled faintly at each other and waited for the response from the inner room.

"Creak~~"

As the wooden door rattled softly, the door to the room had opened, however, it was not Han Qianqian, but the pierced mountain beetle.

Seeing a group of elders gathered outside, the piercing mountain armour froze for a moment, then placed its gaze on Fang Watch and rubbed its head in depression, "That, hello, Fang Family Master."

"Where is the Ice God?" Fang Watch gave a smile.

The Mountain Piercer barely managed to squeeze out a smile, "Resting in the inner room, he asked me to let you know that he won't be attending this banquet"

"Won't be attending?"

Hearing this, a group of people looked at each other, this world banquet was specially made for the Ice God, what was the point if this main character didn't show up?

"Is the Ice God still angry with the Liu family? I will go and kill that Liu family with a thousand cuts." Upon hearing this, Fang Watch hurriedly and said.

"No." The Mountain Piercing Armor shook its head, then slightly beckoned, and Fang Watch instantly put his head over.

"This friend of mine has always liked to keep a low profile, and this world banquet is really large in number, and he does not like the hustle and bustle." The Mountain Penetrator said.

Fang watch nodded in relief, not angry then it was good to say, at least there was not the slightest rift in the relationship with the Ice God, this made him feel a lot more at ease.

"The Ice God does not like to have a good time, I can naturally understand that, but after all, this world banquet is for the Ice God, if the Ice God does not go, what is the point of this banquet?" Fang said with a compensating smile.

"The Ice God will understand what you want, so why force him to do something he doesn't like?" Wearing the mountain beetle helplessly said.

"But"

"Either so, you guys eat your own, later we will also find a random seat, but you do not raw Zhang, as if we all eat a meal together." The mountain piercing armor said.

Hearing these words from the Wearing Mountain Armor, Fang Watch froze for a moment, returned his eyes and met the elders' eyes, reached a consensus and nodded: "Although this is so, this feast in my generation's heart, the Ice God is always the main character."

Having said that, Fang Watch withdrew with a group of elders.

And at this time, Su Yingxia's side, the door of the room lightly opened, Su Yingxia dressed in red makeup, slowly walked out from the inner room
