

## His True Colors Chapter 284-290

### Chapter 284

There were a total of two pairs of four VIP seats, meaning that the most competitive one was between Han Qianqian and Lu Xun, but most people had a deeper knowledge of Lu Xun and were more aware of his background, so in their opinion, Lu Xun had a 99% chance of bidding for the Eternal Necklace.

"Eighty million." At this time, Lu Xun also lived up to his expectations by opening his mouth to bid, and it directly caused the price to soar to 80 million.

There was thunderous applause, giving affirmation to Lu Xun's bidding price.

"Truly worthy of being Young Master Lu, what a generous offer."

"Looks like no one will be able to compete with Young Master Lu for this Eternal Necklace today."

"I wonder what kind of woman would be lucky enough to have Young Master Lu personally put on this necklace for her, it's really enviable."

Those small people present, who caught the opportunity to brag about Lu Hoon, all spoke up eagerly, wanting to leave a good impression on Lu Hoon, and if they could have a bit of business dealings with him as a result, it would be worth the trip.

Lu Xun looked proudly at Han Qianqian and said, "Sitting in this position, you have to show your strength, it's your turn to call the price, it's only 80 million, you're not afraid, are you?"

Su Yingxia secretly tugged on Han Marchant's hand, 80 million for a necklace in her opinion, only a madman would buy it, she didn't want Han Marchant to spend so much money.

"One hundred million." Han Three Thousand smiled and barked out the price, then said to Su Yingxia, "We don't even have a wedding ring for our wedding, this necklace is barely worthy of you, don't stop me."

Su Yingxia's eyes were lost in the eyes of Han three thousand, the wedding back then, there was no exchange of rings ceremony, because they did not prepare for this thing at all, at that time Su Yingxia, a little bit of want to marry Han three thousand sincerely do not have, purely to be driven by a duck, this is indeed a regret, but to use so much money to make up for this regret in Su Yingxia's view completely unnecessary.

However, the strong attitude displayed by Han 3,000, so that Su Yingxia did not dare to stop it easily.

Lu Xun smiled faintly and said, "Give it to your own woman, as long as she's happy, even a pile of trash is priceless, I'm a person who lacks everything, just not money."

After saying that to Han Qianqian, Lu Xun called out the price again, "120 million."

Lu Xun then looked at Han Qianqian provocatively and said, "Buddy, do you dare to keep raising the price? I, however, have never put an external object like money in my eyes."

Lu Xun didn't care about money, and how did Han Qianli ever care about such things, Mo Yang wanted two hundred million, and Han Qianli gave it without hesitation, because in Han Qianli's world, money was nothing more than an optional accessory.

"Two hundred million." Han Three Thousand said to the auctioneer.

The auctioneer's face was already smiling, this auction was destined to make big news, and his reputation in the auction world could rise as well.

"Two hundred million, Han Three Thousand's bid is two hundred million, does anyone else want to keep raising the price?" The auctioneer said.

In two short encounters, the price had risen to two hundred million, and those who were watching were all nervous, many of them breathing hard.

"Who is this divinity, 200 million so easily called out, is he even more powerful than Lu Xun?"

"This is against Lu Hoon, he's not afraid to leave here without his life."

"Not necessarily, although Lu Hoon is powerful in Keystone Island, but if this person's background isn't simple, Lu Hoon wouldn't dare to mess around without any fear, this good show is really hilarious, it's fortunate that I'm here today, otherwise I would have missed the annual show."

District 5, the owner's wife tightly gripped Yang Chen's hand, the previous disdain for Han Qianli had all turned into worry at this moment, the bid of 200 million was by no means something Su Yingxia could bear, this already clearly showed that Han Qianli was not the little white face she had imagined.

"Yang Chen, sometime, you help me meet him for dinner, I want to give him an apology in person." The boss lady said.

Yang Chen's expression was heavy, Han Three Thousand had indeed shown distinctive monetary strength, and if this matter was known to the people of Cloud City, he was afraid that he would completely get rid of his image as a wimp.

But his current opponent was Lu Xun, and if he were to embarrass Lu Xun in public, it would be a very dangerous thing for him and Su Yingxia.

There was no way that Lu Xun's Jaius would let Han Qianxiang off the hook.

"I hope he doesn't fight with Lu Hoon, he'll even lose his little life if he shoots this necklace," Yang Chen said.

On the other side, the stunned Ma Yan and Pan Yunyun were already speechless, and at 200 million, Ma Yan's soul was about to fly away.

"Is he really a little white guy who eats soft food?" Pan Yunyun said skeptically, just a little white face, how could she spend so much money to bid for the necklace, and Su Yingxia looked like a good boy, the main priority was already obvious, she was clearly listening to Han 3000.

Ma Yan gritted his teeth, he was only willing to acknowledge Han Qianli's small white face, because this was his bottom line to be high and mighty in front of Han Qianli, and after saying so many disdainful words to Han Qianli, if he acknowledged Han Qianli's greatness, wouldn't he be slapping his own face?

"Even if he can auction the necklace so what, didn't you hear what these people are saying, this man called Lu Xun is the richest man in Kiyang Island, if this fool Han Qianqiang offends him, what will happen to him?" Ma Yan said.

Pan Yunyun nodded her head, as the saying goes, a cross-river dragon can't fight a ground snake, even if Han 3,000 was really a cross-river dragon, he could only bow his head in front of Lu Xun, a ground snake.

"Let's see how far he's going to die, we'll just wait and see what happens." Ma Yan continued, he now hated to be able to see Han Qianqiang die in Kiyang Island, only then could his heart be comforted.

The price of 200 million was completely beyond Lu Xun's budget, although he had acted like he didn't care about the money when he provoked Han 3,000 before, he was a businessman after all, he had no interest, spending so much just to save face, even if he could endure this, his father and grandfather at home wouldn't be able to accept it, and if the two elders knew about this, they would definitely scold him.

But face was already on the line, so how could Lu Xun let himself be humiliated in public?

"Dude, you're not going to bark indiscriminately, the auctioneer won't let you off the hook if you don't have the money to pay in the end." Lu Xun gritted his teeth and said to Han Qianqiang.

Han Qianqiang smiled at Lu Xun and said, "This is something the auction side cares about, what are you worrying about blindly, or are you afraid?"

"I, Lu Xun, would be afraid? Lu Xun's financial resources are unimaginable to someone like you." The angry and bloodied Lu Xun couldn't care less that he would be blamed for going home; face and money, he chose the former without hesitation.

"Two hundred and fifty million." Lu Xun called out the price again.

This money in their hands, even if it was like tap water, was flowing like a clamor, and those who were watching it were only shocked.

"Three hundred million." Han Qianli didn't hesitate in the slightest and barked out the price in a cloudy manner.

"You ....." Lu Xun's face was like pig's liver, fierce as he looked at Han Qianqiang who barked out the price again.

"Money is the thing I don't care about the most, but certain things have their specific value, do you want to try again?" Han Giangli smiled at Lu Hoon.

These words, words within words, were like a deliberate knock on Lu Hoon.

Specific value, what was the specific value of this necklace? Lu Xun couldn't speculate, but he could feel through the words that if he called for the price again, he was afraid that the heavenly necklace would be in his hands.

Over 300 million, a full ten times higher than the reserve price, it was a hot potato in his hands, and he would definitely be scolded when he went home, maybe his family would even freeze his bank card.

"I'm asking to verify his assets to see if he's eligible to bid." Lu Xun said to the staff, bidding was definitely out of the question, Lu Xun had to be concerned about the elders in his family, so he had to force Han Qianli back in some other way.

Han Qianli smiled faintly and felt relieved, if Lu Xun continued bidding, his losses would have to continue as well, although the money meant nothing to him, as long as Su Yingxia was happy, but it was too expensive, Su Yingxia's mood probably wouldn't be too good, and with such an expensive item, Han Qianli was afraid that she wouldn't be able to bring it with her, if she just bought it to keep it at home, it would be even less valuable to reflect the necklace.

## **Chapter 285**

When Lu Xun was skeptical about this, the others at the scene began to converse as well.

"This guy isn't just messing around with his words, is he."

"Most likely, looking at him, he doesn't look like a rich man, so how could he take 300 million to bid on the necklace."

"Kinda funny, this young man isn't stupid, does he think this is a place where he can just lip-sync at will?"

"Damn, if he really doesn't have strength, I'm ashamed for him."

While the group of people held the mindset of watching a good show, Ma Yan and Pan Yunyun were even happier in their hearts, if Han Qianli was really bragging, they were in a happy mood, and he would have the chance to laugh at Han Qianli if he bragged in front of so many people and was still debunked.

But this chance was not destined to fall into Ma Yan's hands.

Han Three Thousand's assets had already been verified long ago, and it was also verified by the person in charge, Liu Zhang, so how could it be false?

"Where's Liu Zhang, tell Liu Zhang to come out and see me." Lu Xun shouted.

Liu Zhang came out from the backstage, he was the only person in the entire Kiyang Island who didn't fear Lu Hoon, because the big boss behind him wasn't worse than the Lu family, otherwise, the branch wouldn't have been able to establish itself in Kiyang Island for so many years.

"Young Master Lu, I've personally verified Mr. Han's assets the day before yesterday, there's absolutely no problem, please rest assured." Liu Zhang said.

"Are you sure, I advise you'd better verify it again to avoid any problems, can you afford this consequence?" Lu Xun threatened.

Liu Zhang smiled faintly and said, "Mr. Han's strength, my boss also recognizes it, and the boss is also here today, if Young Master Lu is unsure, he can go backstage to confirm with the boss."

Hearing this, Liu Zhang was shocked, not expecting even the boss to be there today, his father and even his grandfather had reminded him that he could get into any kind of trouble in Keystone Island, but definitely not to offend the auction company, because the boss behind the scenes wouldn't dare to take even the Lu family lightly.

Since the bosses were there, Lu Xun's thoughts of looking for trouble had to be dispelled.

"If Young Master Lu has no other questions, the bidding can continue." Liu Zhang said.

Continue?

How dare Lu Hoon continue?

"You're fine, go against me Lu Hoon, I'll make you regret it." After saying these words, Lu Hoon angrily left the stage, this was the first time the young master of the Lu family had been so humiliated, everyone present knew that he would definitely not let Han Qianqian go.

The Eternal Necklace, without any accident, fell into Han Qianqian's hands, of course, this no accident was for Han Qianqian, but for everyone else, this was simply an accident.

From the moment Lu Hoon made his entrance, everyone thought that this necklace was already in Lu Hoon's possession, who would have thought that the heaviest buyer would be an unknown person?

"Mr. Han, our boss would like to meet you, I don't know if you have time." After the bidding was over, Liu Zhang walked up to Han Gang and said.

"Alone?" Han 3000 asked.

"Alone." Liu Zhang nodded his head.

Han Gangli said, "Wait a moment."

After bringing Su Yingxia to Yang Chen and the boss's wife, Han Qianli said to Yang Chen, "You take care of Yingxia for me and bring her back to the hotel."

"Han Three Thousand, Lu Xun is a Jairus, you'd better leave Kiyon Island as soon as possible, otherwise, he'll definitely find trouble for you."The boss lady couldn't wait to say to Han Qianli.

Yang Chen also nodded his head and said, "You might not know about Lu Xun's reputation in Keystone Island, but he's a very arrogant person, and he'll definitely find a way to deal with you after he has a grudge against you."

Han Giangli smiled and said, "Don't worry, I have a way to deal with it, if you guys are afraid of being implicated, you can leave first."

Yang Chen frowned, he didn't seem to be worried about this at all, could it be that even in Keystone Island, he didn't take Lu Xun seriously?

What kind of status did this man possess, and why did his low profile give him a feeling of being powerful and unrivalled.

"Okay."Yang Chen nodded his head, "I'll take Su Yingxia back to the hotel first, be careful yourself."

In the chairman's office, when Liu Zhang led Han 3,000 to the door, Liu Zhang took the initiative to push the door open for Han 3,000 and said, "Mr. Han, the boss is waiting for you inside."

Han Three thousand nodded and walked straight in.

The office was large, divided into an office area and a meeting area, when a middle-aged man in a Zhongshan suit was sitting on the sofa in the meeting area.

Tall, clean-shaven inch head, white shirt bulging with the muscular lines of his body, obviously a person who worked out regularly, which was different from an ordinary big boss.

Usually rich people only cared about pleasure after living a comfortable life, and very few people were able to work out with a body like his.

"Brother Han, taking the liberty of inviting you here, I hope you don't take offense, my name is Wen Liang, you can call me Brother Liang as well."Wen Liang said.

"Wen Dong, what is the special thing you are looking for me?"Han Giangli asked.

Wen Liang's face was slightly pale, but converged quickly and flickered away.

"You're a valued guest of our company, so I naturally want to ensure your safety, after all, what you've offended is the Kiyon Island Lu family,"Wen Liang said.

"Thank you, Wen Dong for your kindness, but Lu Xun is a person I didn't put in my eyes."Han Qianliang said.

Han Qianqian's strength, without the slightest flaw, Wen Liang was shocked, what was behind this young man that made him so fearless even in Keystone Island, he was unsure of what the Lu family was capable of in Keystone Island, but was he too confident in himself?

"Brother Han, you have a powerful background, I believe that, but this is Keystone Island after all, you're a foreigner and there are many inconveniences in doing things, if there's anything I can use Wen Liang for, just ask."Wenliang said.

"I'm afraid I can't afford to ask such a big boss to do things for me."Han Giangli smiled.

Wen Liang laughed openly, this kind of business mutual bragging was meaningless, but it was ultimately something that could make people feel comfortable after all.

"Brother Han, I'm curious about one thing, I don't know if it will violate your taboos."Wen Liang said.

"I've long heard of the name of Wen Dong's company in Yanjing,"Han Giangli said.

Wen Liang's eyebrows raised, it seemed he was still from Yanjing.

Yanjing's surname was Han!

Suddenly, Wen Liang's pupils shook, there were many people surnamed Han in Yanjing, but there was only one Han family that could take the stage, Murphy .....

But Han Jun was imprisoned in Qin Cheng, how could he be a member of the Han family!

"Brother Han, Yanjing's Han family, although I haven't come into contact with it, I've heard of it quite a bit, but you ....." Wen Liang deliberately wanted to stop talking, wanting to get an answer from Han Three Thousand.

It was difficult for Han 3,000 to rely on his own power to solve this trouble of Lu Xun, after all, this was Keystone Island, so when Liu Zhang came to find him, Han 3,000 thought of a way.

Wen Liang's influence in Keystone Island could help him a lot, and as for revealing Han's identity, that didn't matter.Wen Liang's auction branch was in many first-tier cities, and being able to make a friend like that would be very beneficial.

"Since you've been in contact with the Han family, you should know that the Han family has a pair of twins,"Han 3,000 said.

Wen Liang stared at his pupils, he knew about this matter, but there were rumors in Yanjing that the Han family's second son had died of illness at a young age, but the Han family didn't purposely publicize this matter.

The person who was thought to be dead for many years was now standing in front of him, and Wen Liang couldn't help but feel a bit complicated.

If he hadn't died, why would the Han family do this?

"You ..... are the young master of the dead Han family?" Wen Liang's voice trembled and said.

Han Qianqiu nodded and said, "Everyone thinks I'm dead, but the truth is, I was just snowed in by the Han family because Nangong Qianqiu thinks I'm not worthy of the Han family, and in her eyes, only Han Jun is qualified to inherit the Han family."

Wen Liang took a deep breath and continued, "I heard that Nangong Qianqiu died, and the Yanjing high society is full of rumors about it, but no definite news has come out yet."

"She hung herself in front of me, and she paid the price for looking down on me." Han Qianliang said calmly.

The cool breeze whooshed, and Wen Liang couldn't help but shiver, Nangong Qianqiu was dead, Han Cheng was dead, and Han Jun was in jail, so wouldn't the Han family now be under his control!

## **Chapter 286**

"Mr. Han, if you have any explanation, you can feel free to tell me." Wen Liang's respectful address to Han Qianqian had changed from brother to sir.

Wen Liang's company had branches in every major first-tier city in China, but in Yanjing, he was still some distance away from the true high society after all, and an existence like the Han family was out of his reach.

Han 3000 this was the first time he used the Han family's reputation to fox the tiger, after all, the matter in Rong City was for Shi Jing to help, but this time it was different, his heart was very awkward, but this time it was not possible to not fox the tiger once, if he was alone in Kiyang Island, he could have faced the Lu family alone, but there was still Su Yingxia by his side, he had to think of a more thoughtful approach for this.

"Lu Family you help me knock around a bit, but don't reveal my true identity, I don't want too much trouble." Han Giangli said.

"Yes." Wen Liang said.

"This time, when I return to Yanjing later, I'll find a way to thank you." Han Marchiang continued.

"Mr. Han, this is just a hand up, you don't need to take it to heart." Wen Liang said.

Han Three Thousand smiled, if he didn't have something to ask for, how could he have taken the initiative to help, this kind of businessman's mind, Han Three Thousand knew best, Wen Liang's head office was in Yanjing, he definitely wanted to be recognized by Yanjing's true high society, it wouldn't be difficult to bring him into this circle when he had the chance in the future, and this was something Han Three Thousand was destined to do.

How can we call it surpassing the Han family?

It wasn't just about surpassing in wealth, but also social status.

Han Three Thousand would let those in Yanjing who thought he was dead know how the Han family's young master had made a name for himself, how he had trampled underfoot the Han family that had once looked down on him.

He would have to show Han Jun that flowery words and clever tongue were not real skills.

At this time, Lu Xun had already returned home, furious, in the entire Kiyon Island, no one had ever dared to make him lose face, whoever saw him couldn't help but call him Young Master Lu, but today, an unknown guy had disgraced him, if this revenge was not avenged, in the future, the word Lu Xun would be the joke of Kiyon Island.

"What's the matter with you, who can still annoy you Young Master Lu?" Lu Feng walked into the living room and saw that Lu Xun didn't look too good, smiling and ridiculing him.

"Grandpa, your grandson's face has been disgraced today and you're still in the mood to laugh." Lu Xun said helplessly.

Hearing this, Lu Feng laughed even more, it was a rare thing to be able to see Lu Xun eat his words, his prestige in Keystone Island, but there were still people who dared to provoke him.

"Of course you have to laugh, there aren't many opportunities like this, tell grandpa what happened, what actually made you suffer." Lu Feng asked curiously.

"Grandpa, I went to the auction today to buy the Eternal Necklace and give it to your future granddaughter-in-law, who knew that a wild brat came out of nowhere and actually confronted me, bidding up to 300 million, making me lose face at the auction." Lu Xun said.

"Is this little thing worth getting angry about?" Lu Feng shook his head helplessly and said, "You're not young anymore, how come you can't learn to stay calm, and he's taken a big loss by spending 300 million on a necklace, so you should be happy."

Lu Xun didn't care how much the necklace was worth, what he wanted was to lose face.

"Grandpa, I'm disgraced, but it's the Lu family that's disgraced, and I don't know how many people are waiting to see the Lu family's joke right now." Lu Xun said.

"Don't you bring your hat to the Lu family, how can such things still be related to the Lu family." Lu Feng knew that Lu Xun deliberately said that because he wanted him to take revenge, but bidding on such things was rightfully the highest bidder's business.

"How come it's not related, I'm the future successor of the Lu family, I'm humiliated, who will still put me in their eyes in the future, and Liu Zhang obviously favored that wild kid today, and even used his boss to pressurize me, I think that guy Wen Liang wants to pressurize our Lu family in Keystone Island." Lu Xun said.

Lu Feng frowned, Wen Liang has also arrived at Keystone Island? If there was still him in this matter, the nature would be different.

Although Lu Feng had warned Lu Xun not to mess with the auction company, it didn't mean that Lu Xun would be afraid of Wen Liang, and the Lu family's position on Keystone Island was not to be violated by anyone, if Wen Liang really favored someone else, it would be disrespectful to the Lu family, and things would become different.

"Wen Liang is also on Keystone Island?" Lu Feng asked.

"What I heard from Liu Zhang, it shouldn't be false, grandpa, why are you afraid of Wen Liang?" Lu Xun asked, puzzled.

"Afraid?" Lu Feng laughed disdainfully and said, "How could I be afraid of him, but it's just that I'm not offended by his well water, there's no one worthy of my Lu family's fear in Keystone Island."

"Grandpa, aren't you afraid of giving him too much face and him not putting you in his eyes?" Lu Xun instigated.

Lu Feng gritted his teeth, his intention was to stay out of this matter, to let Lu Xun suffer a loss and learn a lesson so that he could do things more steadily in the future, but now that Wen Liang was involved in this matter, he couldn't ignore it.

Keystone Island was the Lu family's, not Wen Liang's, and if he wanted to continue to develop in Keystone Island, he would have to look at the Lu family's face, not dare to go against them.

"Leave this matter to grandpa, if Wen Liang really doesn't take my Lu Family seriously, I'll make his auction company disappear from Keystone Island." Lu Feng said in a cold voice.

Hearing this, Lu Xun's face revealed a smile, this would be much easier if grandpa were to step in.

"Grandpa, you must teach Wen Liang a big lesson, let him know who's the master and who's the second in Keystone Island, so that this guy doesn't get more and more arrogant in the future." Lu Xun said.

"Alright, grandpa knows."

After Han Three Thousand returned to the hotel, Su Yingxia was finally relieved, on the way back, the boss's wife mentioned to her what kind of person Lu Xun was, knowing all of Lu Xun's bad deeds, Su Yingxia was very worried, after all, at the auction, Han Three Thousand was considered to have provoked this unscrupulous son, with his kind of personality, he would definitely find a way to take revenge.

"Three thousand, why don't we go back to Cloud City?" Su Yingxia said to Han Qianqian.

"The wedding photos haven't been taken yet, what's the rush." Han Qianqian said with a smile.

"How can you not be in a hurry, you don't know what kind of person Lu Xun is, I've heard from the boss's wife, he's a very unscrupulous rich second generation who has done a lot of hurtful things, if you steal the necklace from him, he will definitely find a way to get back at you." Su Yingxia was worried.

Han Giangli held Su Yingxia's hand, holding hands at this level of intimacy was already a common occurrence for the two of them, this was a huge step forward in their relationship in Han Giangli's opinion, he just didn't know when they would be able to develop into a couple.

"Don't worry, I'm here, I can solve anything, don't you still trust me?" Han 3000 said.

"Of course I believe that, but ....."

"Listen to me, leave after the wedding photos, Lu Hoon can't pound any waves." Han Qianqiang interrupted Su Yingxia's words.

Su Yingxia saw that Han Qianli had a strong bottom line and seemed really confident that she could solve this matter, so she didn't say anything more, in this world, the only person who could give Su Yingxia a sense of security was Han Qianli, and she also trusted Han Qianli 100%.

In the other room, the boss's wife who had finished her bath with her wet hair on top, the fluorescent almost with the water droplets that hadn't dried was even more alluring, wrapped in a towel and walked to Yang Chen's side.

"What will you do if Han 3000 really doesn't leave?" The boss's wife asked Yang Chen, wiping her hair with the towel.

Yang Chen treated this question with a delayed decision because if he didn't leave, he would most likely be damned, but if he left, he might miss out on a good show.

"Do you think Han 3000 will have the last laugh?" Yang Chen asked.

The boss's wife couldn't help but puff out a laugh and said, "Laughing to the end, do you mean that Han Qianqian can still compare to Lu Xun in Keystone Island?"

Such words did seem a bit funny and would not be believed, after all, the Lu family had been rooted in Keystone Island for many years and had deep roots, so how could an outsider be able to deal with them?

"Not half a chance?" Yang Chen asked without giving up.

"If he could really deal with the Lu family, I would be willing to be a slave to him, but it's impossible, for so many years, anyone who wanted to develop on Keyan Island without giving the Lu family a heads up beforehand would have lost their blood money, and from that, you can see the Lu family's influence on Keyan Island." The boss lady said.

## **Chapter 287**

The boss lady's words made Yang Chen take a serious deep breath, his familiarity with Keystone Island was definitely not as good as the native boss lady, she had said so, the chances of Han 3000 being able to deal with the Lu family were really very slim.

But Yang Chen's intuition told him that he should stay, or else he might miss a great opportunity.

"Do you also think that I should leave?" Yang Chen asked.

"Crap, what's there to hesitate about?" The boss lady said decisively, then looked at Yang Chen curiously and asked, "Why don't you want to leave, do you still want to get a good deal on him?"

Yang Chen shook his head, salvaging the benefits he hadn't thought about, but he felt that this was his one chance, maybe he could use this opportunity to get on good terms with Han Qianqian, if he could become Han Qianqian's subordinate in the future and help him with his work, maybe this life that he had been living at a glance could change drastically.

"Do you think I really like photography, it's just a necessity of life, if there's a better option, why not?" Yang Chen said.

"That's a foolish choice, betting on someone who's destined to lose." The boss lady shook her head and said.

Doomed to lose?

The reason Yang Chen had a glimmer of hope for Han 3,000 was because of the incident at the People's Square in Cloud City, when everyone in the city thought Han 3,000 would kneel to Jiang Fu, was

this a kind of destiny? But the end result was so dumb that everyone was dumbfounded, who would have thought that the one kneeling was not Han Qianqiang, but Jiang Fu?

It was precisely because of the existence of this contrasting counterattack that Yang Chen hesitated, otherwise he would have left Keystone Island long ago.

"The people of Cloud City thought the same thing, but the result was beyond everyone's expectations." Yang Chen said.

Seeing that Yang Chen was so stubborn, the boss's wife thought of a solution for him and said, "If Han Qianqian is really that powerful, that Jiang Fu you're talking about shouldn't have a good end, so why don't you call back to Cloud City and ask, see what's going on in Cloud City right now?"

This enlightened Yang Chen, this was indeed a way to verify that Han 3000 was powerful, although Cloud City and Keystone Island couldn't be spoken of together, but at least it was a deliberate sideways proof of how powerful Han 3000 really was.

Yang Chen took out his phone and dialed a friend's number.

"Old Xi, is there anything special going on in Cloud City right now?" After the call was connected, Yang Chen asked.

In a short while, Yang Chen's expression became incomparably shocked, and he sat on the bed with his buttocks, feeling like he was losing his mind.

The boss's wife saw this and stopped wiping her hair.

"No way, are you telling the truth?"

"I can't believe you're making such a fuss!"

"Okay, I got it, thank you."

Hanging up the phone, Yang Chen's eyes carried a strong incredulity.

The boss's wife saw that he was slow to speak, and asked impatiently, "What's going on, tell me, what's the situation in Cloud City now?"

Yang Chen lifted a sigh of relief and said, "The companies of Jiang Fu's group of people have all gone bankrupt, the business landscape of Cloud City, the sky has turned upside down, and now the Su Family Company, has become the largest company under the Heavenly Family in Cloud City."

Although the boss's wife wasn't clear about the situation in Cloud City, she had heard from Yang Chen about the influence of those people in Jiang Fu in Cloud City, and these people, all of them, had gone bankrupt!

"Could this ..... have been done by Han 3,000?"The boss lady's beautiful eyes stared at her, feeling her heart and liver tremble, she had never come in contact with such a powerful person, this kind of thing was not something that could be easily done even by the Lu family in Keystone Island.

"Other than him, who else could it be."Yang Chen smiled bitterly, Jiang Fu had offended Han Qianqian, and his company had gone bankrupt in less than three days, who would believe it if these two things were to be said to be unconnected?

The owner's wife drew a breath of cold air and said numbly, "My God, what kind of person is this handsome boy to low, he hasn't been in Kiyen Island for a few days, but he has actually brought down Jiang Fu so quickly!"

"Yeah, it's only been a few days and he was able to do this, do you still think he's not a match for the Lu family?"Yang Chen smiled.

This soul torture left the boss lady speechless, she had indeed thought so before and decided with certainty that Han 3000 couldn't have half a chance, but now, maybe she had really underestimated Han 3000.

"But this is Keystone Island after all,"The boss lady said.

"Maybe for someone like him, there's no such thing as crossing the river, but what if this snake is a ground snake for the whole of Huaxia?"Yang Chen said.

The boss's wife rolled her eyes helplessly when she heard the four words of the entire Huaxia, she admitted that Han Qianqian was powerful, but not so powerful that she was exaggerating.

"You, you're really crazy for wanting to soar to the top, how could he be so easily recognized by you if he's really a big man of this level."The boss lady said.

"Whether he is or not, I've decided to stay, at least this is a chance, I don't want to live a life where I can see the future with my eyes open every day anymore."Yang Chen said.

Such a mentality of Yang Chen belonged to the general phenomenon of society and the life that most people led, a glance into the future, a life with waves and no ups and downs, a peaceful life with no ups and downs, not to mention peaceful, but too tediously peaceful.

"If you want to stay, I won't stop you, it'll be just enough time to warm up with you for a while longer."The boss lady smiled and took Yang Chen's neck.

This room was charming and tumultuous, but the other room was a bit more silent.

Han Qianli and Su Yingxia were lying on the bed, it was as if a Chu River was separating them, not infringing on each other, this couple's relationship was like a mountain apart for Han Qianli, but for Su Yingxia, it was just a veil.

Whenever night falls, Su Yingxia will be inexplicably irritated and annoyed, she does not understand why a grown man can not do something that a normal man should do.

Now Su Yingxia has taken Han 3,000 as a real husband, as a person entrusted with his life, so she inwardly, in fact, looking forward to that thing to happen, because they existing, just ceremony, and not really had a husband and wife relationship, but unfortunately this step Han 3,000 delayed to take, she as a girl, can not take the initiative to do this kind of shy things.

And this matter is simple in Han three thousand, he does not want to do anything to make Su Yingxia feel uncomfortable, and in his opinion, Su Yingxia is not ready, so even if sometimes the desire is unbearable, he can only forcefully suppress it.

It was because he cared too much that he seemed to be extra cautious.

"Are you asleep?" Su Yingxia couldn't help but ask Han Giangli.

"No." Han Three Thousand Years said.

Su Yingxia only knew that Han Three Thousand guards her on her morning run and commute, but she didn't know that Han Three Thousand wouldn't sleep until she snored, which had been the case every night for the past three years.

"Then I'll sleep."

"Go to sleep."

The conversation was so awkward to the extreme that Su Yingxia wanted to kick Han Marchand out of bed, how could there be such a stupid man in this world.

"I can't sleep yet." Su Yingxia continued.

"Uh ..... would you like me to talk with you?" Han Giangli asked without knowing why.

"....."

The next morning, the auction company ushered in the heaviest man in Keystone Island, Lu Feng.

When Liu Zhang informed Wen Liang about this matter, Wen Liang who was sleeping in the hotel had to get up and wash up, but he didn't take this matter too seriously, he didn't dare to tear his face off with Lu Feng before, but now, he had the strength to do so.

He waited for almost two hours before Lu Feng saw Wen Liang in the company, which made him very annoyed.

"Wen Liang, you're really a big frame now, making me wait for a full two hours." Lu Feng said with dissatisfaction.

"You came too suddenly and didn't inform me beforehand, so that I could get ready earlier ah, I'm really sorry." Wen Liang said.

From Wen Liang's tone, Lu Feng could not feel the slightest hint of apology, instead there was a kind of contempt.

"Wen Liang, you seem to have forgotten how you begged me for help when you first opened a branch office in Keystone Island." Lu Feng said coldly.

"For all these years, I haven't forgotten to thank you, I've given you a great gift every year, is there anything I've done wrong?" Wen Liang asked rhetorically.

Lu Feng snorted coldly and said, "My grandson lost face at the auction, you have to give me an explanation for this."

### **Chapter 288**

"Master Lu, he didn't win the auction, it's a bit too bullying for you to come to me for an explanation, the rules of the auction house, aren't you clear on the rules, whoever bids the highest will get it, it's a matter of course, what else do you want an explanation for?" Wen Liang said unhappily.

"If you hadn't helped that unknown brat, would my grandson have been unable to bid?" Lu Feng coldly said.

Wen Liang shook his head helplessly and said, "300 million real money, he's the one who paid for it, how can I help him? Do you think I paid for this myself? I'm auctioning off my own stuff and I'm spending three hundred million on it, Master Lu, does this kind of thing make sense to me?"

"Wen Liang, don't think I don't know what you want, now that your wings are hardened, you want to compete with my Lu family, right? Your company was propped up by my Lu family, and I, Lu Feng, want you to collapse, what can you do?" Lu Feng said.

"Lu Feng, listen to my kind words, it's good for the Lu family to let this matter go, if you have to be serious, it's too late to regret it later." Wen Liang said.

This made Lu Feng tremble with anger, no one had ever dared to talk to him like this in this place on Keystone Island, let alone threaten him.

"Wen Liang, we'll see, if I, Lu Feng, don't screw you over, I won't be surnamed Lu." Lu Feng finished with gritted teeth and left the company.

Wen Liang stood up and walked over to the window, watching Lu Feng's car leave before saying to himself, "The Lu family has been ruling the roost in Keystone for too long, it's time to restrain themselves, Han's young master isn't that easy to offend."

The reason why Wen Liang valued Han Qianqiu was because he sensed an intimidating strength in him, especially when he said that Nangong Qianqiu died in front of him, the chill made Wen Liang tremble.

For so many years, Yanjing had almost forgotten about Han Qianqian, but he was sleeping soundly like a fierce tiger, and only the heavens knew what monstrous waves this tiger would stir up when it woke up.

At this time, Wen Liang's phone rang, and it was an unfamiliar number, which made Wen Liang feel a little confused, he was very secretive about his personal information and would hardly ever have a sales ad call, so this kind of unfamiliar number wouldn't normally appear in his phone.

"Who are you?" Wen Liang asked after picking up the phone.

"Don't interfere in Han 3000's affairs, I can give you what you want." The voice on the other end of the phone said.

Wen Liang frowned tightly and asked, "Who are you?"

"You don't need to know who I am, all you need to know is that my power in Yanjing is enough to play down your auction company overnight."

Wen Liang's heart sank to the bottom, playing down his company overnight, if this person wasn't joking, then his power in Yanjing must be amazing.

"Why should I trust you?" Wen Liang said.

"Do you want to try it, or do you want me to prove it to you, if you're not afraid, I can give you a taste of it." The voice on the other end of the phone said disdainfully.

Try?

The other party's origin was unknown, how could Wen Liang dare to try it, he didn't want his hard work of more than ten years to be destroyed.

"What do you want me to do?" Wen Liang asked.

"It's best to let Han Three thousand leave Keystone Island without a life."

Wen Liang clenched his teeth, letting Han 3000 leave Keystone Island without his life would be doing against Han 3000, that was the Han family's young master, with his current ability, once he did something that would make Han 3000 bear a grudge, what kind of consequences Han 3000's revenge would bring, Wen Liang didn't dare to imagine.

"If you're worried about his identity, it's completely unnecessary, he's just an outcast son of the Han family, nothing to be scrupulous about." The other end of the phone continued.

What exactly had happened to the Han family, Wen Liang wasn't sure, but Han 3000 had been almost forgotten in Yanjing for so many years, this had actually explained his position in the Han family, only now that there was such a big change in the Han family, he was after all the bloodline of the Han family and had to take on the responsibility of revitalizing the Han family, that was why Wen Liang chose to

help him, but Wen Liang never expected that there were people who were targeting Han 3000 in the dark.

"What can I get?"Wen Liang asked.

"Han Jun's appreciation, he's more qualified to inherit the Han family than Han Kuang, a trash, and the future head of the Han family will definitely be Han Jun, not this wimp."

Han Jun was imprisoned, but his position in the Han family was indeed higher than Han 3000, which put Wen Liang in a dilemma of choice, this kind of standing, if not careful, could be ashes to ashes.

"If you don't want to, in the next two days, I'll show you what I can do, it's something Han 3000 can't save you from."The other end of the phone threatened.

"Good."After thinking for a long time, Wen Liang agreed, Han 3,000 was equivalent to an investment for him, the benefits could only be seen when Han 3,000's fame shook Yanjing, but now, the person on the phone had the ability to deal with his company right away, if the company was gone, what use was the investment?So Wenliang had to agree with him.

"You're a smart man, you'll know in the future how wisely you've chosen."The other end of the phone said with a smile.

Hanging up the phone, Wen Liang took a few deep breaths one after the other, he didn't expect things to suddenly change like this, the person who called was obviously Han Jun's helper, he helped Han Jun deal with Han 3000, that is, he helped Han Jun become more solid as the future head of the Han family.

"I hope I've made the right choice this time."Wen Liang exclaimed.

He then took out his phone and dialed Lu Feng's number.

"Master Lu, I can arrange for him to meet with you, as for what you want to do after the meeting,"Wen Liang said.

Lu Feng was still angry, but he laughed when he heard Wen Liang's words and said, "Wen Liang, I thought you really dared to go against me, but it seems you're a softy too."

Faced with Lu Feng's mockery, Wen Liang was as calm as water and said, "Master Lu, how could I possibly be against you, back then, if it wasn't for you, how would I have the qualifications to be on Kiyang Island."

"Hahahaha."Lu Feng laughed proudly and said, "Counting you sensible, I won't bother you about this matter, but I'm going to see him tonight, so go arrange it."

After saying that, without waiting for Wen Liang to reply, Lu Feng hung up the phone.

Back at home, Lu Feng saw Lu Xun who was still worried, and said, "Still not happy, grandpa personally came out to help you level things, do you still doubt that I can't do it?"

"Grandpa, what did Wenliang say." Lu Xun hadn't left the house all day, because the disgraceful matter of the auction had spread throughout Keystone Island without having to think about it, and if he didn't find a chance to get his face back, how would he have the face to go out and meet people.

"Doubt grandpa's abilities? With me stepping in, does a jumped-up clown like Wen Liang still have the guts to not compromise?" Lu Feng said disdainfully.

"Then how exactly did it work out, tell me." Lu Foon said eagerly.

"Tonight, that brat will come to our house, and you can do whatever you want with him then." Lu Feng said.

Hearing this, Lu Xun got excited, with his grandfather backing him up, he would be able to take revenge with impunity and would have to let everyone in Keystone Island know what would happen if they offended him.

"Grandpa, do you want to see a headline, like some naked man being tied up at the Watcher's Stone." Lu Xun said with a smile on his face.

The so-called Lookout Rock was a famous attraction on Keystone Island, where a large boulder on the shore was naturally imaged, like a lifelike woman looking out to sea, hence the name Lookout Rock, and it was a place where every tourist would take pictures to mark the occasion.

"You can have as much fun as you want, as long as you don't make a scene." This was Lu Feng's bottom line, no deaths, let Lu Xun do whatever he wanted, after all, this was his only grandson, he had lost face, how could he not get his face back.

Lu Xun smiled gloomily, not only Han Qianqian, there is also Su Yingxia, the big beauty, will also fall into his hands, for him, money can't handle the woman, then use force, anyway, he has grandfather to wipe his ass.

Han three thousand and Su Yingxia today is still a wedding photo trip, wearing a wedding dress Su Yingxia, as if it has become an attraction, people coming and going, especially men, will not be able to help but to put their eyes on Su Yingxia, probably they also want to have a bride like this.

bly they also want to have a bride like this.

## **Chapter 289**

"Mr. Han, I've made an appointment for you at the Land's, are you free tonight? I'll take you to meet with Lu Hoon."

Han 3,000 thousand was still taking wedding photos when he received a call from Wen Liang, and he agreed to Wen Liang's proposal, because if he wanted to have a comfortable vacation in Kiyang Island, this matter had to be resolved.

Wen Liang was relieved to see Han Qianli agree, but after hanging up the phone, his hands couldn't stop shaking, to him, this is the first step to betray Han Qianli, after this step out, what exactly will be the situation, he can't predict, so when facing the unknown, Wen Liang felt some fear in his heart.

The family outcast was able to force the death of Nangong Qianqiu, his methods were by no means extraordinary, and the fact that the mysterious man had called him a wimp was obviously also a sign of unclear knowledge of Han Third Thousand, but Wen Liang had to do so when faced with a threat to his own company.

"Don't blame me, I didn't have a choice." Wenliang said with a sigh on his face.

After taking the last set of photos, the wedding dress re-shoot was considered a done deal, and although Su Yingxia had mentioned returning to Yuncheng earlier because she was worried about the company's situation, she didn't mention returning to Yuncheng when she learned that Han Qianqiang wanted to play for a few more days and treat the trip as a honeymoon to make up for it, and she herself had one thing she hadn't finished yet.

"Where are we going to play tomorrow?" After Su Yingxia changed out of her wedding dress, the cool outfit made Han Qianli feel awkward in her heart.

Other people's wives dressed like this, Han three thousand was happy to take a few more glances, but his own wife, being looked at by another man, wouldn't she be at a big disadvantage.

"Ying Xia, do you want to go change your clothes?" Han 3000 said.

"Why?" Su Yingxia looked at herself puzzled, there was nothing wrong in her opinion, it was quite pretty, was it because Han Qianqian's aesthetic was different?

"Showing too much and all the other men watching, how much of a loss for me." Han Giangli said.

After Su Yingxia was stunned for a moment, she laughed out loud and then said, "I won't, let you be jealous."

Han Three Thousand could not wait to take a military coat over Su Yingxia, in fact Su Yingxia's clothes were just normal to wear in the summer, not particularly exposed, but Han Three Thousand noticed that when many men's eyes stayed on Su Yingxia, this was a little too much to bear, their eyes were even more naked and straightforward, as if they wanted to eat Su Yingxia.

"Three thousand, when are you planning to return to Cloud City?" Yang Chen walked up to the side and asked, after these days of contact, they had a good relationship with each other, so the name calling became a little more intimate.

"Two more days of fun, there was no honeymoon when we got married before, so this will be the time to make up for it." Han Giangli said, of course, there was another reason, even if he wanted to leave now, it wasn't that easy, with Lu Xun's ability in Keystone Island, he would be able to detain him at the airport with just a few words.

Yang Chen nodded his head and said, "I'll go with you guys."

"Aren't you afraid?" Han Qianli chewed out a different flavor as he asked with a smile, knowing that staying on Keystone Island would be dangerous, but not choosing to leave first.

Yang Chen laughed and said, "If we come together, we'll leave together, there's nothing to be afraid of."

"You go find a homestay, preferably somewhere far away from the city center, and don't tell anyone about this," Han Qianli said.

Yang Chen looked at Han Qianqian puzzled.

"Just do as I say." Without waiting for Yang Chen to ask, Han Three Thousand went on to say.

"Okay, I'll go find it right away." Yang Chen said.

Su Yingxia looked at Han Qianqian with confusion and asked, "Didn't we stay well at the hotel, why did we go to the B&B?"

"Because the B&B feels more like home." Han Qianli smiled, the other reasons he didn't explain to Su Yingxia to avoid him worrying.

To meet Lu Xun tonight, what exactly was the situation, Han Three Thousand couldn't be sure, but he had to go, so he had to make proper arrangements for Su Yingxia to change his place of residence and go to a more remote B&B, even if an accident happened, it wouldn't be possible for Lu Xun to find Su Yingxia for a while.

Hearing Han Qianqian's words, Su Yingxia was filled with emotion inside and said, "You treated me as a family a long time ago, but I've been lovingly ignoring you, you won't blame me, will you?"

"Of course not." Han Giangli shook her head without hesitation and said, "My entry into the family has caused you so much pain, and I'm already grateful that you haven't said a word to tell me to get lost."

Even though that was the case, Su Yingxia still felt very sorry for Han three thousand inside, especially the way Jiang Lan treated Han three thousand in the past, completely like a wicked mother-in-law, that kind of humiliation, even Su Yingxia herself sometimes can't look at it.

"The two of us have suffered no less than anyone else, and it's really not easy to get to this point." Su Yingxia exclaimed.

Han Qianli nodded his head in agreement, it was indeed not easy after more than three years, it was just a pity that it wasn't yet time for the true bitterness to end, if there wasn't the matter of Han Tian Yang, Han Qianli might have enjoyed life with Su Ying Xia after he had the ability to replace the Han family, but now, it was clear that he couldn't live such a simple life.

The matter of whether or not his grandfather was still alive, Han Three Thousand was bound to find a way to confirm it, even if he had to go deep into the Earth's core prison.

The sea breeze, the waves, the two of them walking barefoot on the wet sandy beach, from time to time waves hit, the water didn't pass over the backs of their feet, then the tide went out again, this peaceful feeling made Han Three Thousand's mind extraordinarily comfortable, but in order to keep this

peace forever, he had to be strong enough, especially since the Han family might still have enemies in the dark, he couldn't let down his guard and grow for a moment.

"Can you carry me?" Su Yingxia asked to Han Giangli.

Han Three Thousand immediately squatted down in front of Su Yingxia and said, "Of course I can."

Su Yingxia jumped onto Han Three Thousand's back with a smile on her face and wrapped her hands tightly around Han Three Thousand's neck, resting on her shoulders with a happy face.

"When we're old, should we find a place like this to retire in a beautiful environment?" Su Yingxia asked.

"As long as you're happy, no problem of course, I'll do whatever it takes to create a paradise for you." Han Giangli said.

The happy smile that overflowed the corners of Su Yingxia's mouth became even more intense, although the future was still far away, she knew that Han Qianli's promise to her would be fulfilled, as he was never one to break a promise.

"We ..... we will definitely have many grandchildren in the future, right?" Su Yingxia's face was so red that it was dripping water, and if Han 3000 didn't understand this statement, she really had no choice.

"Hiss." Han Three Thousand suddenly became pained and lifted her foot, her heel cut by a shell, and blood flowed incessantly.

"What's wrong?" Su Yingxia couldn't see the condition of Han Giangli's foot and asked in puzzlement.

"It's like my foot stepped on something and cut it," Han Giangli said.

Su Yingxia said nervously, "Put me down quickly, I'll take a look."

Crouching in front of Han Three Thousand, Su Yingxia looked at the non-stop flow of blood and was on the verge of crying, saying, "Let's go to the hospital."

This pain was nothing to Han three thousand, he felt Su Yingxia's concern, but instead, he also kind of enjoyed the feeling, exchanging blood for Su Yingxia's concern seemed to be a very worthwhile thing.

"It's nothing, it's just a small cut, it's not like a beating, no need to go to the hospital," Han Giangli said.

"No, what if it gets infected, I'll just go when I say I will." Su Yingxia assisted Han Qianqian and said with a firm attitude.

It was rare for Su Yingxia to have such a strong moment, of course Han Qianli had to give face, and after they left the beach and called a car, they rushed towards the hospital.

Queuing up to see the doctor, multiple steps down, the wound has stopped bleeding, the doctor also just did some simple disinfection treatment, the wound is not deep, come later it is expected to heal.

When he left the hospital, Yang Chen called and said that the B&B location had been found, sending a location to Han 3,000, and then the two of them took a taxi towards the B&B.

"I have some things to do tonight, I might be home late, so you and Yang Chen Xu Tong will eat early for dinner, so don't wait for me." On the way back to the B&B, Han Giangli said to Su Yingxia.

## Chapter 290

In the case of Han Marchant, Su Yingxia will never ask too many questions, she knows that Han Marchant is not as idle as the surface, the entire Yun City thinks he is a wimp who cooks and washes at home, but Su Yingxia through Han Marchant knows those people Mo Yang, can guess that he actually did a lot of unknown things, otherwise, how can those big people and Han Marchant so good relations.

Coming to the B&B, this place was already far away from the city center, the environment was beautiful and there were fewer people coming and going.

Yang Chen probably had some guesses in his mind about Han Three Thousand's arrangement like this, he should be worried about any accidents, that's why he let Su Yingxia move to a safe place to stay.

"Follow me." Han Giangli said to Yang Chen.

After they walked out of the small foreign building, Yang Chen asked, "Did you let us stay here because you were worried that Lu Xun would pose a threat to Su Yingxia?"

Han 3,000 nodded, it didn't matter if this matter was known to Yang Chen, and said, "I'm going to meet Lu Hoon tonight, I'm not sure if there will be any accidents."

Yang Chen really wanted to see a good show to see if Han Qianxiang had the ability to deal with Lu Xun or not, but at this time, he cared more about Han Qianxiang's safety, whether or not he could deal with Lu Xun in Keystone Island didn't really matter, the incident in Cloud City had already explained everything, and he had a good relationship with Han Qianxiang now, so there was a chance that he would be able to get a promotion from Han Qianxiang in the future.

"Why don't you just leave?" Yang Chen asked in puzzlement.

"You know what Lu Xun is capable of in Keystone Island, do you think I can board the plane?" Han Qianli said.

This sentence made Yang Chen's expression become extremely heavy, he only considered why Han Qianli didn't leave, but he didn't think about whether or not he would be able to leave.

Lu Xun had lost face in public, and for him, the son of the Lu family, if he didn't get his face back, then this matter would become a joke that would accompany him for the rest of his life, so how could he easily let Han 3000 leave?

"With Lu Xun's ability, it's indeed not a difficult task to detain you at the airport," Yang Chen said.

"Take care of Ying Xia for me, and since you chose to stay here, I can guess what you're thinking, and I'll give you a better place to develop when you return to Cloud City." Han Giangli said.

Yang Chen was waiting for the right moment, but he never expected Han Qianli to take the initiative to mention this matter and said excitedly, "Don't worry, I'll take care of her."

"If you can cook, you'd better go to the kitchen yourself and never let Ying Xia cook, or it will be a great disaster." Han Qianli kindly reminded, it wasn't a bad word about Su Yingxia, just a statement of fact, after all, he had seen Su Yingxia start a world war in the kitchen with his own eyes.

Leaving the B&B, Han Giang took a taxi back to the hotel, then called Wen Liang to set a time to meet Lu Xun.

In the evening, Wen Liang's car stopped in front of the hotel, and when Han Giang got into the car, he could clearly notice Wen Liang's tense body, which made his eyes gradually become filled with killing intent.

"Wen Liang, this matter was arranged by you, right." Han Qianqian asked.

Wen Liang thumped in his chest and said, "It was me."

"That's good, I trust you, since you arranged it, there will definitely be no problems," Han Giangli said.

Wen Liang had just let out a sigh of relief when Han Qianqian continued, "Forgiving people is not an easy thing to do, I still haven't learned it, do you have any tips?"

His heart tensed up for a moment, and Wen Liang's face became extremely ugly, he had no choice but to do this, so he would be very guilty facing Han Giang.

"I'm not sure about this," Wen Liang said.

Han Giang smiled and stopped talking.

When the car pulled up in front of a luxurious villa, Han Three Thousand was the first to get out of the car.

Looking at Han 3,000, Wen Liang felt as if he knew something, but why did he come even though he knew, wasn't he afraid at all?

Knowing that there was a tiger on the mountain was an act of heroism, but it was also an act of idiocy.

"If I eat this Hongmen Banquet, do you know what kind of consequences will happen?" Han Marchant said.

Without waiting for Wen Liang to speak, Han Qianqian had already walked towards the villa, it wasn't that he didn't hide, it was that he couldn't hide at all.

Wen Liang wiped a cold sweat from his forehead, he had never come in contact with such a fearsome young man, his aura was incomparably powerful, just a single word could bring a huge amount of pressure.

Even if he fell into Lu Xun's hands, Wen Liang felt that if he didn't die, then the Lu family, including him, would be finished sooner or later.

"I hope this is an illusion." Wen Liang consoled himself, then kept up with Han Qianxiang's pace.

This was the Lu family's villa, at the moment, in the villa, Lu Feng and Lu Xun were sitting in the living room, in addition to that, there were more than twenty big and burly men who looked like thugs.

When the doorbell rang, Lu Xun raised his eyebrows and said in a deep voice, "Coming."

After the maids opened the door, Han Qianlian and Wen Liang entered the villa.

Lu Xun stood up and looked at Han Three Thousand with a grim face.

"I came alone, do I need such a big row?" Han Giangli said indifferently, looking at his attitude, it was obvious that he had expected it.

"Braking thing, still acting with me, if you're afraid, you can show it, I won't laugh at you." Lu Xun sneered.

"Afraid? If I was afraid, why would I come." Han Giangli sat frankly on the sofa.

Lu Feng frowned, this young man knew that this was a trap, but he still dared to come, this boldness was not simple.

"You guessed that we were going to deal with you?" Lu Feng asked.

Han Giang looked at Wen Liang and said, "Yes, it's just that I'm curious as to what kind of conditions you've offered that are worth him betraying me."

"Hmph, conditions? You also underestimate our Lu family, Wen Liang's company wants to develop in Keystone Island, without my Lu family's consent, he would not be able to move an inch, in this situation, how would he dare to help you." Lu Feng scoffed, even though Wen Liang was right next to him, his language was expressed in a way that didn't give Wen Liang any face, because in his opinion, Wen Liang had to compromise because of the Lu family's intimidation, how did he know about the phone call that Wen Liang received.

"You think too highly of yourself, Wen Liang, or you should tell us yourself, anyway, things have come to this point, what's the point of hiding it?" Han Qianliang said to Wen Liang.

Wen Liang didn't dare to look directly into Han Qianqian's eyes filled with coldness, looked at Lu Feng and said, "I received a call from Yanjing, but I don't know who he is."

Yanjing?

Could it be that old thing Shen Weng had reached out to Keystone Island, which was a bit unexpected for Han Giang, but there was no one besides him who could threaten Wen Liang to betray him.

"So, you're not giving face to my Lu family?" Lu Feng said in a cold voice.

Facing Lu Feng, Wen Liang wasn't afraid in the slightest, the market of Keystone Island was dispensable to him nowadays, and fearing Lu Feng didn't make any sense.

"That's right, I'm not afraid of the Lu family, because he's more to be feared, and I'm afraid the Lu family is just a provocateur in his eyes." Wen Liang said.

This statement made Lu Feng angrily stand up straight away, daring to treat the Lu family as clowns, this kind of raving was an insult to him.

"Wen Liang, watch what you say, or I want you to be unable to leave the Lu family villa today." Lu Feng threatened.

Wen Liang smiled calmly and said, "I think you know very well how much those people in Yanjing are capable of, if you don't believe me, you can try."

Lu Feng's expression became more and more fierce, but the word Yanjing made him afraid to let go of his anger, in case the other party was really big, it wasn't impossible for the Lu family, the ground snake, to be hit with a seven-inch hit.

"Grandpa, today is to help me take revenge, why did you bring up the other things." Lu Xun spoke up at this time.

Lu Feng snorted coldly and stopped speaking.

Lu Xun walked up to Han Qianqian and said mockingly, "Rubbish contraption, you're in my hands now, do you want to know what will happen to you?"

"What do you want?" Han 3,000 asked.

"The fun hasn't started yet, but I'll let you know what I want when your woman arrives." Lu Xun said with a smile.

At this time, there was already a group of people heading towards the hotel, instructed to capture Su Yingxia to the Lu family villa, but Han Qianqian had already made arrangements for this, so they were destined to return without success.
