

## His True Colors Chapter 291-296

### Chapter 291

When Lu Xun received a call, his expression was startled, no one was at the hotel, how could no one be found, the address information he investigated was absolutely correct.

The only reason was that Han Qianqiang must have already guessed that he would make a move on Su Yingxia, so he arranged for Su Yingxia to leave in advance.

"I didn't think you're pretty smart for a loser, you actually arranged for her to hide early on, but did it work?" Lu Xun waved his hand, and more than twenty burly men, all of them came towards Han Three Thousand.

Han 3,000 was very capable of fighting, but there was an old saying that it was hard to beat four hands with two fists, and with so many opponents, the chances of Han 3,000 succeeding in resisting was very small, which was one thing that he hadn't expected, but Lu Xun had prepared so many men.

Probably this was what Shen Weng had revealed to Wen Liang, who had reminded the Lu family of the arrangement.

"Will you hand over the phone of your own accord, or will I get it myself after being beaten up by my men." Lu Xun said with a smile, now Han 3,000 was like an ant in his hand, able to be teased by him, and the thrill of revenge made Lu Xun feel good.

"It's no use, there's no message on my phone." Han Marchiang said.

"You're teasing me like a three-year-old, he's your woman, how could you not save her phone number." Lu Xun sneered.

Han Three Thousand took out her phone and threw it at Lu Hoon.

After Lu Hoon opened the phone, there was indeed no information on it, there wasn't a list of contacts, not even call records, which made Lu Hoon furious.

"You actually deleted all the numbers." Lu Xun gritted his teeth and said, he wanted to get Su Yingxia so badly that he had even long since figured out how to play Su Yingxia in front of Han Qianqiang, and how Han Qianqiang would kneel down and beg him, but now, he couldn't find Su Yingxia, and all his plans were foiled.

"If I couldn't guess this little trick of yours, wouldn't it be just as stupid as you." Han Qianli laughed.

"Stupid? What right do you have to call me stupid, you're in my hands now, I can teach you whatever I want." Lu Xun was gloomy, after saying that, he said to those thugs, "Hit me, when will you ask for the phone number, when will you stop, this woman, I, Lu Xun, will eat it."

There were more than twenty people, and although Han 3,000 tried to resist, he couldn't withstand their attacks and quickly fell to the ground.

Lu Xun walked in front of Han Three Thousand in an arrogant manner and sneered, "Look at you now, what's the difference between you and a dead dog, why don't you take out the arrogance you had at the auction."

After Lu Xun finished speaking, he squatted down and pulled Han Qianli's hair, continuing to mock, "Do you still have the arrogance right now?"

As soon as Han Qianli opened his mouth, blood spilled out of the corner of his mouth and said, "Play me to death, if I don't die, you'll die a miserable death."

After saying that, Han Three Thousand Thousand actually laughed to the point of shuddering.

Lu Xun slammed Han 3,000's head towards the floor with a thud, stood up and put his foot on Han 3,000's head, "What the f\*ck do you really think you are, this is Keystone Island, it's my territory, so what if I kill you."

"Lu Hoon, I suggest you better kill him or he'll get his revenge."Wen Liang advised on the side, this was what the mysterious man on the phone explained, it would be best if you could borrow Lu Hoon's hand to do it.

Lu Feng had said before that he could help Lu Xun take revenge, but he must not make a scene, this was also his bottom line, the Lu family would still have to rely on Lu Xun's legacy in the future, if he got a human life in his hands, this would be a time bomb after all, maybe he could hide this matter right now, but who could guarantee that it wouldn't happen in the east window?And with the financial power Han Qianqian had shown at the auction, he must have a family with good power behind him, and if he died here and the family behind him investigated this matter, this hot potato could harm the entire Lu family.

"Wen Liang, you don't have a say here, get out while you can or you'll end up just like this trash."Lu Feng said to Wen Liang.

Wen Liang took a look at Han Qianqian, how could he feel at ease without seeing Han Qianqian die with his own eyes, but with Lu Feng's current attitude, he might not really be able to leave if he didn't.

"I'm also doing this for your own good."After Wen Liang said that, he turned around and left the villa.

When Wen Liang left, Lu Feng reminded Lu Xun, "Don't forget what grandpa told you, you can make as much noise as you want, but there must be no deaths."

It was true that Lu Xun's heart wanted to kill Han Qianqian, but he wouldn't do so yet, at least until he found Su Yingxia, he would settle the impulse.

"I won't satisfy you even if you want to die, I want you to watch how that woman is being played with by me, do you really think I won't find her if you hide her?You're underestimating my abilities on Keystone,"Lu Xun said.

Han Giang was thrown into the wine cellar of Lu's villa, injured badly, and this incident taught him a profound lesson about never trusting someone you don't know well.

"Wen Liang, Wen Liang, you really taught me a good lesson."

After Wen Liang left the villa, he didn't leave, but sat in the car and made a phone call to Shen Weng.

Shen Weng wasn't surprised when he learned that Han Qianqiang had been beaten up, because in his opinion, that's how things should have been.

"What's so surprising about this punk getting beaten up? You don't have to report to me for such a natural thing, so let's think about how we can let him die on Keystone." Shen Weng said.

"Lu Xun is a young man with an impulsive personality, but Lu Feng is more sensible, so I'm afraid it won't be easy to want him to kill Han Qianqian." Wen Liang said.

"Since it won't be easy, you have to think of a way to start with Lu Hoon, who said killing must be known to Lu Feng." Shen Weng said.

"I understand, just wait for my good news." Wen Liang said and hung up the phone, Shen Weng wanted Han three thousand to die, and so did he, because if Han three thousand didn't die, he couldn't be stable inside.

Han three thousand did not return home all night, Su Yingxia was confused and did not sleep well all night, the next morning when she woke up, she could not help but want to call Han three thousand, but Han three thousand left before he gave her said, until he did not come back, never to contact him by phone, this made Su Yingxia very annoyed.

While eating breakfast, Su Yingxia mentioned this to Yang Chen.

"Yang Chen, do you know what 3000 went to do, he didn't come back all night, I'm worried about him now." Su Yingxia said.

Yang Chen hadn't rested well last night either, he had been waiting for Han 3,000 to come back, and when he heard Su Yingxia ask, he said, "He should have gone to the Lu family, it's very likely that he's in Lu Xun's hands now."

Having not returned all night, Yang Chen could not think of any other reason other than this possibility.

"In the hands of Lu Xun!" Su Yingxia's expression was dull and said, "Then what should we do now."

Yang Chen shook his head and said, "Maybe he already expected this consequence and that's why he let us leave the hotel, but I think he should have some other solution, otherwise he wouldn't have gone."

"But ..... but it's been a whole night, if he had a solution, he should have come back, how come he hasn't seen anyone yet now." Su Yingxia was so anxious that she was pale, afraid that something had happened to Han Qianxiang.

"How about I call and ask?" Yang Chen said.

"En."

Yang Chen took out his phone and dialed Han Qianqian's number.

When the call was connected, it wasn't Han Qianqian's voice that came through, but Lu Xun's.

"Great beauty, I knew you'd be worried about him and would take the initiative to call, so if you want to see him, come to my house." Lu Xun said.

Yang Chen didn't reply, but just hung up the phone.

"How was it, what did he say?" Su Yingxia couldn't wait to ask.

"It was Lu Xun who answered the phone." Yang Chen said.

Su Yingxia lost her mind for a moment, Han 3,000's phone was in Lu Xun's hands, which meant that Han 3,000 had now met with an accident, which made it impossible for Su Yingxia to calm down.

"I'm going to look for 3000, I'm going to look for 3000." Su Yingxia stood up and headed out of the B&B.

When Yang Chen saw this, he quickly pulled Su Yingxia and said, "It's useless for you to go now, 3000 let you stay here because he wants to protect you, if you take the initiative to come to his door, you might disrupt his plans."

## **Chapter 292**

"So what am I supposed to do now, do nothing?" Su Yingxia cried anxiously.

At this time, Yang Chen's phone rang, it was Han Qianqian's number to call back, Yang Chen immediately made a silent movement to Su Yingxia.

Only after Su Yingxia suppressed her cries did Yang Chen pressed the answer button and turned on the PA.

"Great beauty, if you want to save your man, you'd better hurry over to my house, otherwise I can't guarantee how I'll treat him, he's lying in front of me right now, like a dead dog, do you want to hear his voice?"

After Lu Xun said those words, he started punching and kicking Han 3,000, the sound of the beating could be heard, but not half of Han 3,000's howls of pain came out.

"Grass mud horse, you're tough-mouthed aren't you, I'll see how tough you are." Lu Xun had intended for Han Three Thousand to make some noise to make Su Yingxia even more worried, and then show up

of his own accord, but he hadn't expected that Han Three Thousand would actually be able to bite even with all his strength.

"Bring me a toothpick, I want to see how long this trash can endure."

"Big beauty, want to know how I'm treating your man now? Let me describe it to you, now that the toothpick is under his fingernails and I have a hammer in my hand, guess what I'm going to do now?" Lu Xun said with a smile.

Su Yingxia covered her mouth, not daring to imagine the picture Lu Xun said, two lines of tears kept sliding down her cheeks.

Scalp numb Yang Chen quickly hung up the phone and turned it off.

"Yingxia, he's just scaring you, he doesn't dare to do that." Yang Chen said to Su Yingxia.

Su Yingxia burst into tears like a fountain and said, "I'm going to find him, only I can save 3000."

Yang Chen tugged on Su Yingxia's hand and didn't dare to let go, Lu Xun was the kind of person that even if Su Yingxia went there, he wouldn't be able to save Han 3,000 and would still put Su Yingxia in danger.

Han Qianqiang had instructed when he left that he must take care of Su Yingxia, and if he let Su Yingxia go, the consequences would be unthinkable.

"Calm down first, if you go, there's really no one who can save him, think of someone who can help us." Yang Chen said.

What kind of person?

When Su Yingxia heard this, the first thing that came to her mind was the word Mo Yang, but Mo Yang was still in Cloud City, and even if she boarded the plane right away, she wouldn't be able to arrive until night, and Su Yingxia was afraid that Han Giang simply wouldn't be able to last this long.

"Mo Yang, Mo Yang can help him, but is it too late?" Su Yingxia said.

Yang Chen's pupils were startled, although he was just an insignificant little person in Cloud City, but he knew about Mo Yang's great name, Han Qianqian was even related to Mo Yang, what kind of ability did he possess in Cloud City!

"Useful, of course it's useful, you'd better contact him quickly." Yang Chen said.

Hearing this, Su Yingxia took out her phone.

Mo Yang lived in the Devil's Capital, and this Mo Yang couldn't even afford to buy himself a suite, so he was resting only after closing every night, and when Su Yingxia called him, he was still sleeping.

"Sister-in-law, it's so early in the morning, why don't you rest more." Mo Yang picked up the phone and said.

"Brother Yang, something happened to 3000, can you help him?" Su Yingxia said.

Mo Yang miserably sat up, instantly sobering up and asked, "What's going on?"

"We're in Keystone, you come first and I'll explain when we get here." Su Yingxia said.

"Okay, siblings, you mustn't do anything, wait until I arrive." Mo Yang said.

Then, Mo Yang called Knife Twelve, without bringing this guy who can fight, things probably won't be so easy to solve.

Mo Yang Lin Yong Knife Twelve, the three of them met up at the airport, just in time to catch a flight to Keystone Island.

At this time, in the wine cellar of the Lu family villa, can not get through to the phone Lu Xun angry gnashing of teeth, Han three thousand ten fingers all stapled to the toothpick, blood flowing non-stop.

"Rubbish, look at this woman, she doesn't care if you live or die." Lu Xun said to Han Third Thousand.

Han Qianqian's ten fingers were in excruciating pain, cold sweat had wet his clothes, he had paid the price not only for trusting Wen Liang, but also for being too confident in himself, he thought that even if Lu Xun made things difficult, he would have the capital to leave the villa, but he didn't expect that Lu Xun had prepared so many people to deal with him.

"Don't let me live, or you'll beg to die." Han Qianqiang said through gritted teeth.

Lu Xun slapped Han Three Thousand's face and said disdainfully, "Look at your pitiful face now, you actually have the nerve to threaten me, the truth is that I'm the only one who can make you beg for death."

"Give me a beating."

Leaving the wine cellar, Lu Xun sat in the living room, full of Su Yingxia's appearance, the more he couldn't get, the more he wanted to get, the inner turmoil of the negatives couldn't be calmed down at all, but now the people sent out to find out the news, there was no movement until now.

"B\*t\*h, I don't believe you can hide in Kiyang Island forever." Lu Xun had already been greeted by the airport, as long as Su Yingxia showed up, he would be detained, so he wasn't worried that Su Yingxia would leave Keystone Island.

At that moment, Lu Xun's phone rang.

"Wenliang, if you want to apologize to me, you don't have to." Lu Xun said as he picked up the phone.

"Do you have time, I want to meet with you in relation to that woman." Wenliang said.

As soon as he heard that, Lu Hoon got interested and said, "I have nothing but money and time, where to meet."

"Your clubhouse, I'm already there." Wen Liang said.

Lu Xun drove out, before the car came to a stop, the clubhouse manager was already waiting on the side.

"Young Master Lu, what brings you here today." The manager said with a respectful face.

"Is there any good stuff lately, hurry up and order two for me, I'll be cool first and then go see Wenliang." Lu Xun said.

"Yes, yes, I'll arrange it for you right away."

Wen Liang waited in the box for a long time before Lu Xun appeared in his club pajamas, clearly having just gone to do something.

"Wen Liang, if you dare to play with me, you won't be able to walk out of here today." Lu Xun said arrogantly, Lu Feng had told him not to offend Wen Liang in the past, but now that Lu Feng had torn his face from Wen Liang, he had nothing to worry about.

"I know where she is." Wen Liang said.

Lu Feng raised his eyebrows and said, "If you don't tell me directly, that means you have a condition, so tell me, what do you want."

"Han 3,000 deaths." Wen Liang said.

Lu Xun's expression became heavy, he could come up with all sorts of tricks to torture Han 3,000, but Lu Feng would never let him kill Han 3,000, and Lu Xun himself wasn't quite brave enough to do it.

It wasn't a worthwhile thing to get into a murderous mess over a woman.

"Why did you have to have him killed, do you still have a grudge?" Lu Xun was curious.

"You don't need to know that, and I can tell you that if he doesn't die, you'll be very dangerous in the future, and if he takes revenge, he'll cause you a lot of trouble." Wen Liang said.

"Scare me? Do you think I would be afraid of him?" Lu Xun said disdainfully.

"He can take out three hundred million to bid on the Eternal Necklace, do you think he can be a simple rich man?" Wen Liang said.

This was indeed not simple, and Lu Feng had also said that it was precisely for this reason that he didn't dare to kill Han Qianli easily.

"He's not simple, if I killed him, wouldn't it be even more trouble." Lu Feng said.

"Have you forgotten where you live? You have your own yacht, and there are sharks in the sea to help you dispose of your body, does the grand young master of the Lu family even have the guts to do that?" Wen Liang deliberately provoked.

It was indeed a good idea to kill and destroy the corpse, and when Han Three Thousand Years' worth of corpses became a meal in the belly of a shark, it would be impossible for anyone who wanted to investigate the matter to find out.

It would also avoid Han Three Thousand Year's retaliation, so it could be said to be a permanent solution.

Seeing that Lu Xun was still hesitating, Wen Liang continued, "Young Master Lu, have you forgotten how he embarrassed you at the auction? Now many people in Keystone Island can be laughing at you in private, saying that your Lu family's eldest young master is now a soft egg and can't even deal with an outsider, you can't really be a soft egg, can you."

Lu Xun's face turned cold and shot up in anger, "Wen Liang, believe it or not I'll rip your mouth off, how can I, Lu Xun, be a soft egg."

"If you're not, then why don't you dare to kill him?" Wen Liang smiled.

"Who said I wouldn't dare, don't worry, I'll want him dead."

Wen Liang stood up contentedly, threw down a business card, and said, "Here's the address where she lives, remember the warning I gave you, if he doesn't die, you'll have more trouble."

### **Chapter 293**

With his business card in hand, Lu Xun was like a treasure, his thirst for Su Yingxia had reached the point of madness, as he knew that only this woman could make Han Qianqiang submit before him.

"You actually found a B&B to hide in, no wonder it's so hard to find, but now, you can't escape me." Lu Xun's expression wore an obscene smile, and his eyes were filled with pity as he continued to speak to himself, "Han Qianli, do you still dare to talk tough this time, I'll soon bring this woman to you and let you watch me ravage her."

Leaving the clubhouse, Lu Xun called a few of his men and drove towards the B&B.

Su Yingxia sat in the living room of the B&B, her expression in a trance, when she thought of what Lu Xun had said on the phone about torturing Han Giang, her heart couldn't calm down, luckily she had figured out the most important point, which was that it was useless for her to go to the Lu family, instead it would increase her own danger, so now she no longer had any thoughts about that, instead she waited quietly in the living room for Mo Yang and the others to arrive.

"Yingxia, you can drink some water." Xu Tong said to Su Yingxia, she hadn't eaten breakfast or lunch, and Xu Tong was worried that her body would not be able to take it if she went on like this.

A pale Su Yingxia shook her head and said, "I'm not in the mood for water right now, thank you, I know you're doing this for my own good, but I really can't drink it."

Xu Tong helplessly put the water on the coffee table and sat beside Su Yingxia to comfort her, "Don't worry, he will definitely be fine, he will be able to save him once Mo Yang arrives."

Su Yingxia nodded her head and said with a resolute expression, "En, Brother Yang will definitely be able to save him."

Looking at the not at all fake worry on Su Yingxia's face, it showed that her concern for Han Giang was very genuine, although these days Xu Tong could also feel the pure affection between Han Giang and Su Yingxia, but there was one thing she was very strange about.

The entire Yun City knew that Han Qianli had married into the Su family, and this matter had become the laughingstock of the Su family, and it was even said that Han Qianli was not treated well by Su Yingxia, and had no status in the family.

Before meeting these two people, Xu Tong had always thought that the two people who were forced together must not have any half-hearted feelings, and would even hate each other, but this time she saw that they were like close lovers, and this feeling was much deeper than that of a normal couple, which made her puzzled.

"Ying Xia, can I ask you something?" Xu Tong couldn't help but speak curiously.

"Are you trying to ask why Han 3000 and I aren't enemies like outsiders say?" Su Yingxia said.

"En." Xu Tong said bluntly, "I've heard a lot about you guys over these three years, and I've heard that you don't like Han 3000 at all, but I feel that your feelings for him are very sincere, and it's not like you're pretending to show it."

Su Yingxia thought back to three years ago, when Han Qianli first appeared in the Su family, when Su Yingxia first learned that Han Qianli was going to join their family, Su Yingxia's feelings were desperate, because such a loser who fell from the sky would become her husband overnight, she didn't even know Han Qianli's name at the time, her heart was like death at that moment, but she couldn't refuse.

In less than three days, from the time Han Qianqian appeared to the day she was confirmed to be married, Su Yingxia's life's trajectory changed completely.

At that time, she really hated Han Qianxiang, because if not for Han Qianxiang's appearance, she would have more choices in life, and might even have married a rich man to improve her family's situation.

It wasn't until Su Yingxia first discovered that Han Qianqian would silently follow her not far away during her morning jog, protecting her, he was like a guardian angel, never sweet-talking any words, but taking action to do everything well.

And her commute to and from work is also the same, of course, at that time Su Yingxia did not look directly at her own feelings changed, but found more reasons to hate Han Qiangli.

One of the things she remembered most vividly was when she casually said that she loved food, and when she came home that night, Han Qianli made it herself.

Su Yingxia said a long time ago that even a dog raised for three years would generate feelings, not to mention that the other party was still a person who gave in silence.

In the past three years or so, Han Three Thousand never had any complaints, being scolded by Jiang Lan, he would also smile, willing to endure all the humiliation for Su Yingxia, being humiliated and ridiculed by the rest of the family, he still acted as if he was indifferent, when everyone treated him as trash, but his true identity was above everyone else.

Su Yingxia knew that Han Three Thousand was not an ordinary person, and the reason he endured so many grievances was because of her.

Such a man, why not love?

The actual fact is that the actual time of the day, the actual time of the day, the actual time of the day, the actual time of the day, the actual time of the day, the actual time of the day, the actual time of the day.

But this also further illustrated that Han Qianqian was extremely affectionate towards Su Yingxia.

"The entire Cloud City says he's a waste, but the reason he stayed in the Su family silently is actually to protect you," Xu Tong said.

Su Yingxia kept nodding her head and said, "So I'm very sorry for him, if I had woken up earlier, he wouldn't have suffered so much."

"It's never too late to change, the fact that you love him so much now means that his efforts have paid off, he'll be very happy." Xu Tong said, in today's society where scum is everywhere, to have a man who loves her so much is probably what many women dream of, Xu Tong's inner envy can no longer be expressed in words.

"Have you heard of the little piano prince?" Su Yingxia suddenly said.

Xu Tong looked at Su Yingxia puzzled, not understanding why she would suddenly mention this matter.

Although the Little Prince of Piano had only appeared once, his influence on the internet was enormous, even now, there were still voices on the internet discussing him and even hoping that he would appear again, as a fan, how could Xu Tong not know about the Little Prince of Piano?

"Of course I've heard of him, I'm also a member of his fan club, but unfortunately he only appeared once, and I don't know if I'll have the chance to see him again." Xu Tong said with a regretful face, that

back figure made a deep impression on her, as if it was carved in her mind, but his appearance would have been difficult to see him again if it wasn't for the hype of a certain company.

"You've seen him before, and more than once." Su Yingxia said, her face overflowing with happiness.

"Seen him?" Xu Tong mistakenly looked at Su Yingxia and said: "When did I ....."

Having said that, Xu Tong was suddenly startled, and her startled expression became shocked, incredibly alarmed, "You ..... are saying that Han Qianqian, he is the little piano prince!"

"Yes." Su Yingxia said.

Xu Tong stared at her and covered her mouth with both hands, unable to believe it.

The Little Prince of Piano was actually Han Qianqian!

Who would have thought that the character who caused a storm on the internet would be the most famous wimp in Cloud City!

"Do you remember anything about the Crystal Restaurant?" Su Yingxia continued to ask.

Xu Tong had an ominous premonition and said with a trembling voice, "Remember, that day was your wedding anniversary, and many people compared that proposal to your wedding and laughed at you."

"Actually, this is also the surprise he prepared for me." Su Yingxia's eyes welled up with tears again, and when she thought about it, Han Giang had done a lot for her, but she hadn't done anything for Han Giang, which made the guilt inside her get worse and worse.

Xu Tong no longer knew how to describe her shocked feelings, the little piano prince was Han Qianli's original self, and the night of the Crystal Restaurant that made the entire Cloud City sensation and the envy of the women of the city, the main character was actually Han Qianli as well.

Those people said that after Han Qianqian entered the Su family, he ruined Su Yingxia's lifelong happiness, but who could know that Su Yingxia had already become the happiest woman, and was envied by all the women of Cloud City.

Those people who were watching that night, if they knew about this matter, what kind of mood would this be.

## **Chapter 294**

"When the news of the Crystal Restaurant came out, there were many people who laughed at you and Han Qianqian, and they also said that that incident was deliberately targeted at you, otherwise how could it be possible that it would have been chosen on your wedding anniversary, I didn't expect that the main character would have been you, if those people who were watching the jokes knew about it, they would be jealous to death." Xu Tong said with a bitter smile on her face, she was also one of those people watching the jokes, and her current mood could represent most of the people watching the fun that night.

"He never cares about what outsiders think, and I'm the same." Su Yingxia said.

"But you have such a wonderful husband, don't you want other people to know about it?" Xu Tong was puzzled, if it were her, she would have hated to let Han 3000 go to the mall every day to play the piano to perform, she would just stand quietly by Han 3000's side and enjoy the envious eyes that those women cast at her.

Su Yingxia shook her head, Han 3000's true identity hadn't been told to her so far, so Su Yingxia felt that he must be up to something, and how could Su Yingxia make a big deal about these things when he had to conceal his identity.

"I was afraid that someone would steal him from me," Su Yingxia said.

Xu Tong nodded her head, which made sense, because there were still many ladies from rich families on the internet looking for Han Qianli, and if they knew that Han Qianli was the Little Prince of Piano, I'm afraid that it would break the Su family's doorstep.

At this time, Yang Chen suddenly rushed to the living room in a panic and said to Su Yingxia, "Su Yingxia, you should quickly go to your room and hide."

Su Yingxia hurriedly stood up and asked, "What's wrong?"

"Lu Xun has found it." Yang Chen gritted his teeth and said, he didn't expect that after finding such a remote place, Lu Xun would actually be able to find him so quickly.

Su Yingxia's face changed and was about to move, but he heard Lu Xun's voice had reached his ears, "Still trying to hide, is it useful?"

Yang Chen shielded himself in front of Su Yingxia, looked at Lu Xun vigilantly and said, "Lu Xun, what do you want, a grown man, do you want to make things difficult for a woman?"

Lu Xun looked at Yang Chen with disdain and said, "What kind of a thing are you that you dare to meddle in my affairs and don't want to live?"

Yang Chen's hands and feet had gone limp, he was an ordinary man after all, where was he qualified to be an opponent against Lu Xun, the top rich second generation of Keystone Island, and Lu Xun had brought a few of his men with him, if these people made a move, Yang Chen would have no choice but to take a beating.

"I ..... I'm just."

"Just what, look at your wimp face, you're so scared that your legs are weak, so don't get out of the way or my men's fists won't see eye-to-eye." Lu Xun sneered, this was a normal opponent, how could anyone see him and not be afraid.

Yang Chen blocked in front of Su Yingxia, not intending to leave, this was the mission Han Qianli had given him, this was also a chance to see if he could soar to the top, and since he had already chosen to stand against Lu Xun, this was something he would have to stick to the end.

"Unless ..... unless I get down, you won't be able to hurt Su Yingxia." Yang Chen said through clenched teeth.

Lu Xun laughed at this, wasn't it simple for this stupid guy to get down?

"If you want to die, I'll make it happen." Lu Xun said and raised his hand.

A few of the men around him rubbed their fists and walked towards Yang Chen.

Yang Chen was so nervous that his face was white, he had never fought him since he was out of society and fights during school were just small fights that wouldn't really hurt anyone, but he knew that Lu Xun's thugs would never show mercy.

"Trash like you isn't worth all of the brother's fight, so pick one." A few people scoffed after they walked up to Yang Chen.

Looking at a few big guys, even if they were to pick at random, Yang Chen wasn't confident that they could beat them.

"I ..... want to call the police." Yang Chen said.

One of them punched Yang Chen in the face and said disdainfully, "You're a f\*\*king idiot, aren't you."

Yang Chen's face felt hot and painful, and it was instantly puffy, and this disparity in fighting made him lack the courage to take action.

But he still insisted on standing in front of Su Yingxia.

"Lu Xun, don't go too far." Yang Chen said.

"I was born specifically to do excessive things, don't you know what kind of person I am? You guys stop f\*\*king around and shoot me in the death." Lu Xun said.

With Lu Xun's order, a few thugs didn't dare to molest Yang Chen anymore, and together, they pushed Yang Chen to the ground and beat him up.

Yang Chen felt like he was experiencing hellish torment pain and had never been beaten like this before in his life.

Su Yingxia heard Yang Chen's screams of pain and said to Lu Xun, "Tell your men to stop, what do you want."

Lu Xun was a second generation dude and was used to being arrogant in Keystone Island, he was used to treating his opponents with forceful means, as for begging for mercy he didn't even care.

"What's the hurry, this guy wants to be a hero, I have to satisfy him and let him know the nature of his trash." Lu Xun said proudly.

Seeing Yang Chen's screams getting weaker and weaker, Su Yingxia tried to push the thugs away, but her strength was weak and she couldn't see any effect.

When Yang Chen was dying, Lu Xun said, "It's almost time, this kind of trash will die if we continue to fight."

After a few thugs stopped, Lu Xun walked up to Yang Chen and said in mockery, "Next time, weigh what you can do before you want to be a hero, trash like you don't even have the qualifications to give me shoes, but you still want to fight against me."

Yang Chen's nose and face were swollen, his body had numerous bruises, and he was so weak that he didn't even have the strength to stand up.

"Lu Xun, you will regret this." Yang Chen's voice was weak.

Lu Xun kicked Yang Chen in the head and spat a mouthful of thick phlegm on Yang Chen, cursing, "Waste thing, make me regret, but you should stand up and speak."

Yang Chen's eyes went black and he directly fainted.

Lu Xun didn't even look at Yang Chen, looked Su Yingxia up and down and said, "Not bad, although you're a broken shoe, but in order to let your husband know what will happen if he offends me, I don't mind fighting you in front of him for three hundred rounds."

Hearing this, Su Yingxia panicked and said, "What do you want."

"What do you want? We're all adults, isn't it clear enough what I'm saying? Your man messing with me is the price he must pay, and I want him to watch how I toy with you." Lu Xun said with a sneer.

After saying that, Lu Hoon took out his phone and continued, "Before that, I'm going to give him a surprise."

Making the video call, Han Qianqian appeared on the screen, and Su Yingxia saw Han Qianqian covered in blood and burst into tears like a fountain.

"Three thousand."

Han Qianqian raised his head abruptly when he heard a familiar voice, and when he saw Su Yingxia in Lu Xun's men's phone, he had a tearing sensation.

How could that be!

How could Lu Xun find Su Yingxia so quickly.

"Han Qianqian, your woman is right in front of me right now, give me your attention, how should I play her? Do you want to tweak her here first, or do you want to see how she struggles in front of

you." Lu Xun smiled proudly and said, now Han Qianli and Su Yingxia were the two ants in his hands, able to let him play with them as he pleased.

"Lu Xun, if you dare to mess with me, I'll k\*ll you." Han Three Thousand was furiously thick.

Lu Xun laughed and shook his head, saying, "Rubbish, look at what kind of virtue you are, just like you are now, and you've k\*llled me, what a joke."

"What do you want, as long as you let her go, I'll agree to anything." Han Qianqiang said eagerly, he was willing to do anything as long as he could keep Su Yingxia out of harm's way.

"How about you make her behave and follow me, and save me some energy? Otherwise, how bad would it be for me to accidentally hurt her and destroy her with a spicy hand." Lu Xun said.

Han Giangli's eyes burst with monstrous anger and killing intent, and withstanding the pain in her body, she stood up, then knelt down in front of the phone with a thud.

"Lu Xun, I'm begging you, let her go." Han Giangli said with her head down.

When Su Yingxia saw this scene, she kept shaking her head, he kneeled down, how could she make him kneel down.

"Three thousand, get up, why are you kneeling to this kind of trash!" Su Yingxia kept shedding tears, feeling like her breathing was heartbreaking.

## **Chapter 295**

People's Square, Han Qianli faced the pressure of Jiang Fu that strong, he also did not compromise, but let that group of old guys all kneel down, shocked the entire Yun City, his knees, that is, heaven and earth do not kneel, but now he gave Lu Xun kneeling, this kind of strange humiliation for Han Qianli, almost impossible to happen, but for the sake of Su Yingxia, he can only do so, and must do so.

"Hahahahahahaha." Lu Xun laughed out loud in pain, no amount of torture had made him compromise, but this woman was able to make him submit, which made Lu Xun feel free and said, "Han Three Thousand, aren't you hard-headed? Why don't you continue to be hard now, kowtow to me a few times before I consider whether or not to let him go."

Han 3,000 won't hesitate to thump her forehead against the floor.

"Lu Xun, as long as you're willing to let her go, it doesn't matter if I kowtow my head, you win, you're the final winner, I concede." Han Giangli said.

Lu Xun deliberately handed the phone to Su Yingxia and said, "Look at this waste man, he is now on his knees kowtowing to me and apologizing, this kind of trash, why are you still following him, how about following me, I can show you the life of high society?"

Su Yingxia was so heartbroken that she couldn't breathe, all her attention was on Han Qianli, she couldn't hear what Lu Xun was saying, peering, "You get up, you get up, I don't want you to kneel for him."

Hearing Su Yingxia's words, Han Qianli clenched her fists and her expression was extremely pained, but she didn't stop kowtowing.

Lu Xun suddenly yanked Su Yingxia's hair and said through gritted teeth, "B\*t\*h, I want you to tell him yourself that you're mine now."

Su Yingxia shook her head and said with tears on her face, "I'm his wife, in this life, and in the next."

"The love is deep isn't it, I'll see how deep you are." Lu Xun grimly slapped Su Yingxia and continued, "In that case, I'll take you home and f\*\*k you in front of him, what else can he do but watch?"

Hanging up the video phone, a few of the men forced Su Yingxia into the car, and the gang sailed away.

Xu Tong sat paralyzed on the ground, she didn't say a word as it happened, because she knew she couldn't help, she waited until Lu Xun left before she dared to walk to Yang Chen's side.

"Brother Chen, brother Chen, wake up." The panicked Xu Tong didn't know what to do and could only keep shaking Yang Chen.

After the unconscious Yang Chen woke up, the first thing he asked was, "Where is Yingxia, where is she?"

"She was taken away by Lu Xun." Xu Tong said.

Yang Chen looked desperate, after all, he hadn't protected Su Yingxia and hadn't completed the task Han Qianli had given him.

"Brother Chen, what do we do now?" Xu Tong asked.

Yang Chen sat up with difficulty under Xu Tong's support and said, "We can only wait for Mo Yang, only when he arrives can we solve this matter, I hope it's not too late, don't let Lu Xun get his hands on it, otherwise ..... or ....."

Yang Chen wanted to stop talking, not daring to imagine what the consequences would be if it ever happened.

Kiyan Island Airport.

After the three people who didn't have any luggage and were in a hurry walked out of the airport, they directly got into a taxi.

"Master, go to this address." Mo Yang sat in the passenger car and took out his phone to show the taxi driver the location that Su Yingxia had sent him.

"Here's five hundred dollars, don't take a detour, we have an emergency, send us there as soon as possible." Mo Yang took out five more bright red bills.

The driver had planned to trap the three outsiders, but five hundred dollars in hand was unnecessary, and said with a smile, "Don't worry, I'll take the nearest road and send you over in the fastest time."

The journey was silent and wordless, after arriving at the B&B, Mo Yang called Su Yingxia, but the phone didn't work, causing a bad feeling to rise in his heart.

"What to do, Su Yingxia's phone can't get through." Mo Yang said in a deep voice.

"Go in and take a look." After saying that, Knife Twelve took the lead in walking towards the B&B.

Knife Twelve's way of doing things was simple, brutally direct, and he didn't bother to knock when he reached the door and kicked it open.

Yang Chen and Xu Tong on the living room sofa shivered in fear, when Yang Chen saw Knife Twelve, he first cringed, thinking that Lu Xun's men were looking for trouble again, but when he saw Mo Yang, Yang Chen finally let out a sigh of relief.

"Boss Mo, you've finally come." Yang Chen said.

Mo Yang didn't bother who Yang Chen was and asked, "Where's Su Yingxia?"

"They've been captured by Lu Xun, so you should go to the Lu family before it's too late." Yang Chen said.

Mo Yang didn't know what position the Lu family was in Keystone Island, but no matter who it was, even if he had to pierce Keystone Island to the ground, he would save Han Qianqian and Su Yingxia.

"Lu Feng?" At that moment, Blade Twelve spoke up.

"Lu Xun is Lu Feng's son." Yang Chen explained.

Mo Yang looked at Knife Twelve, since he could say the name Lu Feng, then he and this Lu family, he might know each other, and asked, "Who is Lu Feng?"

A sneer appeared on Blade Twelve's face and said, "You two go to the Lu family first, and I'll go find this old thing."

The taxi troop left in two directions.

Mo Yang and Lin Yong went to the Lu family's company.

"Brother Chen, did they really save Su Yingxia?" Xu Tong asked worriedly.

Yang Chen shook his head, this wasn't Cloud City, he didn't know how much Mo Yang could do, but all hope was now with Mo Yang, and it was even more impossible for anyone else to do this besides him.

"Let's hope, I don't want the two of them to get hurt either." Yang Chen said.

"It was hard for them two to get together, Su Yingxia can never, never be hurt by Lu Xun ....."

Lu Family Company.

In the chairman's office, Lu Feng was dealing with the documents, and the tall secretary burst into the office without knocking.

"Don't you know how to knock? You won't have to come to work tomorrow." Lu Feng said in a cold voice.

"Chairman, someone wants to see you, and security can't even stop you now." The secretary said anxiously.

Lu Feng looked unhappy at the words and said, "What kind of dog actually dares to come to my Lu family's company and cause trouble, call a few more people and beat him up before throwing him out."

As soon as the words fell, a man's voice came from the doorway, "Lu Feng, it hasn't been a few years, you're capable of quite a bit now, with these losers in your company wanting to throw me out?"

Hearing this voice, Lu Feng's entire body shook, as if he had been struck by lightning.

Raising his head in shock, when he saw Knife Twelve, his face instantly paled like paper, his hand slightly trembling, he said to the secretary, "You go out first and close the door."

The secretary felt Lu Feng's change in mood and looked at Knife Twelve in confusion, what kind of person was this vicious big man that even the chairman had put away his anger.

"How did you ..... you come here." Lu Feng stood up, his body couldn't restrain itself from shaking, because he knew the identity of the person in front of him, five years back, he should have died in the hands of Knife Twelve, but Knife Twelve let him go, on that bloody night, in a town in the rice country, there were corpses everywhere, this killing god only showed mercy because he was a Huaxia.

During these five years, Lu Feng would often have nightmares about that hellish scene, to him, Knife Twelve was like a demon, his hand reaping life like a blade of grass.

"Your son captured my boss, how could I not come, I just never thought that I would run into an acquaintance like you." Knife Twelve said.

Lu Feng's head rumbled, Lu Xun had captured Knife Twelve's boss, the boss of this killing god!

"No, how is that possible, there must be some kind of misunderstanding." Lu Feng said quickly, he knew what would happen if he offended such a person, although he wasn't sure of Blade Twelve's

identity, he had killed countless people that night, he was a veritable God of Murder, if such a thing really happened, even if he were to kill everyone in the Lu family, Lu Feng wouldn't doubt it.

"Han 3,000." Blade Twelve said.

"Han ..... Han Three Thousand!" Lu Feng's face was ashen, Han Qianqian was actually the boss of Blade Twelve.

Lu Feng felt that his heart was about to stop beating, someone he didn't care about had such a horrifying identity.

Just now, Lu Xun also called him and said that he had caught Han 3,000's woman, Han 3,000 also kneeled and kowtowed to him, Lu Feng was proud of himself, this pot of ice water, completely woke him up.

## **Chapter 296**

Lu family villa.

When Lu Xun brought Su Yingxia to the wine cellar, Su Yingxia completely collapsed, a bloodied Han 3,000 lying on the ground, although the blood from her ten fingers had solidified, but the serious injuries visible to the naked eye made her so distressed that she couldn't breathe, she had never experienced such a heartbreaking feeling, it was like someone had taken a knife and cut one wound after another in her heart.

"Three-thousand, how are you." Su Yingxia crouched beside Han Qianqian and cried bitterly.

Han Three Thousand looked at Su Yingxia, tried to pull out a smile and said, "Nothing, just a little wound."

Su Yingxia's eyes reddened, she knew that Han Qianli was saying this to keep her from worrying, and even at times like this, Han Qianli was still considering her feelings.

"I'm sorry, I didn't protect you," Han Three Thousand said.

Su Yingxia kept shaking her head and said, "It's not your fault, it's not your fault, I'm sorry, if I hadn't chosen to come to Kiyang Island, this wouldn't have happened."

"Silly you, how can I blame you, it's only my ability that isn't strong enough, I said that I would protect you from any harm, now it seems that I'm going to break my promise." Han 3,000 said.

"You've done well, you're great, you're the most powerful person in my heart, I don't want you to suffer so much pain for me again." Su Yingxia said.

Lu Xun looked at the pair of damsels in distress from the side and scoffed, "If you have anything you want to confide in each other, just say it quickly, otherwise you won't have the chance later, Han Qianli,

are you sorry you offended me now?Keystone Island is my land, and if you go against me, don't you consider what you can do?"

Su Yingxia turned around, knelt down to Lu Xun and said, "Please, let him go, I'll do anything if you're willing to let him go."

"Yingxia, what are you talking about, this matter has nothing to do with you."Han Qianli said urgently.

Looking at Su Yingxia's pitiful appearance, Lu Xun sighed, "I'm not the kind of person to destroy flowers with a hot hand, if you really promise me everything, I can think about it."

"What do you want me to do?"Su Yingxia's expression was cold, Su Yingxia said, for more than three years, Han Giang had done enough for her, now it was her turn to repay Han Giang.

"Take off your clothes first, right here."Lu Xun smiled.

Su Yingxia's body stiffened and lifted her hand with difficulty.

Han Giangli saw this scene and said in a panic, "No, no, Yingxia, you can't do that."

Su Yingxia, filled with laughter, turned her head to look at Han Qianli and said, "You've done so much for me, now it's time for me to pay for you, I'm willing to pay any price as long as I can save you."

Han Three Thousand's eyes filled with panic and said, "Even if you do this, he won't let me go, don't, never, I beg you, please don't."

To Han Giangli, Su Yingxia was the only important person in his life, and he would never be able to stand by and watch Su Yingxia fall into Lu Xun's hands.

But in his current state, he didn't even have the strength to stand up, so how could he stop Su Yingxia?

"Han 3,000, don't talk nonsense, what a touching sentiment, he's willing to do so much for you, you should be grateful, when I'm comfortable, I might let you go as soon as I'm happy."Lu Xun said with a smile.

"Lu Xun, I'm going to kill you."Han Qianli gritted her teeth and roared.

"Kill me?"Lu Xun's eyes were cold, he walked up to Han Qianli, kicked Han Qianli in the waist and said, "Look at your dead dog appearance now, what are you going to kill me with, you can't even move your trash."

Han Qianqian used all his strength and struggled to get up, the pain was numbing to him, but how could he sustain his encounter with Lu Hoon's men with just his willpower bursting out of his body?

When Han Giangli was kicked to the ground again, his expression became desperate as he couldn't do anything.

"Wasting my time, next you'll be watching how this broken shoe is making waves in front of you." Lu Xun said and looked towards Su Yingxia, threatening, "What are you waiting for, do you still want him to get beaten up?"

Su Yingxia closed her eyes as she cried out in pain and slowly unbuttoned her jacket.

The fair skin was gradually exposed, and Lu Xun licked his lips with a dry mouth.

"I didn't think this broken shoe of yours was quite tempting, it's a pity that you're actually with this kind of trash, if I had known me earlier, I wouldn't have let him, this trash, take advantage of it." Lu Xun said.

"No, don't, Ying Xia, I beg you, don't, even if I die, I don't want to see him insult you." Han Qianqiang, who fell to the ground, said in despair, her eyes streaming with reddish tears.

At this time, one of his men suddenly came to the basement and said to Lu Xun, "Young Master Lu, two men broke into the house and said they wanted to see you."

Being disturbed at such a crucial time, Lu Xun said impatiently, "Whoever it is, beat it out of me and don't bother me."

The subordinate took a look at Su Yingxia, knowing that Lu Xun was on the rise, but the identity of the two people outside looking at the momentum was not simple, so unexplained to hit someone, in case the other side is not small can be troublesome.

"Young Master Lu, looking at their appearance, their identity is not simple, do you want to meet them?" The hand asked.

Lu Xun coveted a glance at Su Yingxia, and it was impossible for a duck that had already reached his mouth to fly away.

"I'll give you guys another chance to talk until I return." After saying that, Lu Hoon left the basement.

Su Yingxia even walked over to Han Qianqian and said, "I called Mo Yang, it's very likely that he's here."

Han Giang shook his head, if this was Cloud City, Mo Yang's presence could easily solve the problem, but this was Keystone Island, Mo Yang had no influence, even if he had come, it would have been useless.

"How did Lu Xun find you, where's Yang Chen?" Han Qianli asked.

"When I was taken away, Yang Chen was already unconscious," Su Yingxia said.

Yang Chen was beaten, which meant that it wasn't Yang Chen who betrayed him, but besides Yang Chen, who else would know where they lived?

"Ying Xia, I know you want to save me, but if you agree to Lu Xun, even if you save me, what's the point, don't do such a stupid thing, if I have to watch him do that ..... to you, I might as well just kill me." Han Giangli said.

Su Yingxia didn't say anything, she knew what the consequences of doing so would be, but as long as she could save Han Qianli, it was worth it to her.

In the living room, Lu Xun saw Mo Yang and Lin Yong, completely unfamiliar faces, they did not look like ordinary people, but they certainly weren't local powerful people from Keystone Island, after all, he knew all the big names from Keystone Island.

"Who are you guys and what are you looking for?" Lu Xun asked.

"If you release Han 3,000 now, you still have a chance to live." Mo Yang said with a heavy face.

Lu Xun looked at the two with a smile and said, "You're here for that loser of his? But what's the point, what's the threat to me with just two more losers?"

"Do you know what he is?" Mo Yang said.

"I don't care who he is, as long as he's in my territory, the king of heaven will have to bow his head when he comes, what kind of a thing is he, if you two don't have anything else to do, get out of here and don't disturb my good deeds, or else you'll even be beaten together." Lu Xun said disdainfully.

"Lu Xun, a word of advice, if you shed tears when you see a coffin, it will be too late." Lin Yong said.

"Two idiots, I'm not going to bother talking to you, beat it out of me." Lu Xun said impatiently to his men, Su Yingxia was already willing to take the initiative to throw himself at them, so how could he have the heart to waste time with two men.

A few of his men walked towards Mo Yang Lin Yong and his two men.

At this time, the villa's door was suddenly pushed open and Lu Feng walked in with a panicked look, followed by Knife Twelve.

"Dad, these two jumping clowns from nowhere actually asked me to let Han Marchant go, I was just about to tell them to get lost." Lu Xun said to Lu Feng with a smile.

Lu Feng's current state of mind was like standing on the edge of a cliff, with the possibility of falling to pieces at any moment, he now regretted stepping in to help Lu Xun settle this matter, if it wasn't for him, it wouldn't have devolved to this point.

"Where's Han 3,000?" Lu Feng walked up to Lu Xun and asked.

"Dad, don't worry, even though he was beaten badly, I gave him a half-life promotion, so he won't die."

Just after saying this, Lu Feng slapped Lu Xun and blinded him.

"Dad, what are you doing!"
