

His True Colors Chapter 297-303

Chapter 297

Lu Feng was trembling with fear, if Han Qianqian only had half a life left, none of his family's several lives would survive.

How much Lu Feng regretted it at this point, only he himself knew.

He wished in his heart that this was a dream, how nice it would have been if this hadn't happened, but unfortunately it was only fantasy after all.

"Release Han Qianli immediately." At this time, Blade Twelve spoke up.

Hearing this, Lu Xun looked at Blade Twelve with disdain and said coldly, "What kind of a thing are you to still be qualified to order me around?"

This again made Lu Feng tremble, wasn't Lu Xun seeking death by talking to Knife Twelve with such an attitude?

"Insolent, shut up and go bring out Han Qianli immediately." Lu Feng snapped.

"Dad, did you take the wrong medicine today?" Lu Xun was puzzled as Lu Feng was like a person who had suddenly changed.

Lu Feng took a deep breath and said in a low voice, "Do you remember that thing I told you about the foreign country?"

Lu Xun knew about this, but he had always thought that Lu Feng was bragging, how could someone so powerful slaughter corpses all over the place, could this be something that a human could do?

"Dad, I never took that thing you said seriously, and I know you're trying to scare me on purpose." Lu Xun said with full carelessness.

Looking at Lu Xun's deathless appearance, Lu Feng could only now feel this son's lawlessness, if he was so arrogant, even if he didn't die in the hands of Blade Twelve this time, he would die in the hands of others in the future.

The woods will be destroyed by the wind, how could someone who was too arrogant not pay the price for this?

"You think I'm joking with you, but right now this person is standing right in front of you, if you don't want to die, go and bring Han Giang out right now." Lu Feng gritted his teeth and said.

"What!" Lu Xun looked at Lu Feng in shock, then paranoid about Knife 12, was it him?

"Go on, bring him out first, I'll figure out the rest." Lu Feng urged.

Lu Xun was a little frightened, looking at Lu Feng it was obvious that he wasn't joking, if this killing god was standing right in front of him and had come to save Han Qianqian, what kind of end would this get him?

Unable to help but swallow his saliva, Lu Xun hurried towards the wine cellar.

At this time, Mo Yang was frowning, and although he wasn't looking directly at Knife Twelve, his remaining light was sizing up Knife Twelve.

He and Lin Yong almost got kicked out, but after Knife Twelve came, he almost instantly reversed this matter, and looking at Lu Xun's appearance, he was very afraid of Knife Twelve, his body had been shaking since he entered the villa, this fear was by no means caused by a moment, it should be that he had a huge shadow on Knife Twelve.

Before Mo Yang felt that Knife Twelve was not simple, but because of Han Qianqian's trust, he did not investigate Knife Twelve's identity, but his influence has spread to Keystone Island, which had to make Mo Yang guard his heart.

Back in the wine cellar, after Han Third Thousand saw Lu Xun, he gritted his teeth and said, "Let her go, what's coming at me."

Su Yingxia blocked in front of Han Qianqian and said, "Don't hurt him, I promise you."

Faced with the two of them protecting each other, Lu Xun lost his previous ridicule and mockery, his expression was unusually heavy, his mind constantly recalled the story Lu Feng had told him, the bloody picture was immersive just through words, and Lu Feng had said that if he messed with such a killing god, there was only one result, and that was death.

Looking at the heavily injured Han Giangli, Lu Feng seemed to have seen what would happen to him, and he wouldn't allow that to happen.

"Take away." Lu Xun said to his men.

Han Qianli's eyebrows furrowed, looking at Lu Feng's easing attitude towards them, could it be that Mo Yang had still found a connection in Keystone Island that could suppress Lu Xun? If that was the case, it would be too surprising, because Han Three Thousand felt that Mo Yang's arrival was not half-useful.

When Han Three Thousand and Su Yingxia arrived at the living room, the three of Mo Yang were furious when they saw Han Three Thousand's miserable condition, but thankfully, Su Yingxia wasn't injured, Mo Yang knew exactly what this adversary meant to Han Three Thousand, and if Su Yingxia was fine, then there was a limit to his anger.

"Three-thousand, how are you."

"Brother Three Thousand."

"Brother Three Thousand Thousand."

Hearing Knife Twelve call out the words Brother 3000, Lu Feng's face became even more pale, it seemed that Han 3000 was indeed Knife Twelve's boss ah, offending and abusing this killing god's boss, Lu Feng's legs were now so weak that he was about to stand unsteadily.

The first time Mo Yang walked towards Han 3,000, suffering such a serious injury, especially the ten fingers of the toothpick touching the eye, must immediately go to the hospital to treat it.

At this time, Lu Xun reacted fiercely and roared, "Don't come over, or else I'll kill him!"

After saying that, Lu Xun placed a dagger with a chilling mane at Han Three Thousand's throat.

Lu Feng was so shocked that his heart was about to stop and said, "Lu Xun, you traitor, let him go!"

"Dad, is it any use letting him go now?" Lu Feng gritted his teeth and said, "If I let him go, will he let me go? Are you naive enough to think that if you let him go, you'll be fine?"

Of course Lu Feng didn't think that releasing Han Giang would calm the matter down, that's why he said that he would find a way to solve it, but the method Lu Xun was using right now was absolutely stupid, using Han Giang as a blackmail would only make Knife Twelve even angrier and would only force the Lu family into a desperate situation.

"You let him go first, Dad will find a way to solve this," Lu Feng said.

Lu Feng shook his head and threatened Knife Twelve, "If you don't want him to die, you'd better be honest, I know you're powerful, but if you don't agree to my demands, I'll kill him right away."

Knife Twelve asked in a deep voice, "What do you want."

"I want to leave this place and release him when I'm safe." Lu Xun said, this was the only way he could think of to guarantee his safety, and as long as he didn't die, it didn't matter even if he left Keystone Island.

Blade Twelve was filled with coldness, how could he let Lu Xun go when things had already reached this point.

"If you have the guts, kill him." After saying that, Knife Twelve walked towards Lu Hoon.

Lu Xun's hand holding the dagger couldn't help but tremble and said in panic, "Don't come over, I told you not to come over, stop, don't force me or I'll really kill him!"

Knife Twelve's face was as heavy as water and said, "Wimp, do you have the guts to kill someone? If you kill him, I'll make it so painful that you'll be begging for death."

As Blade Twelve approached, Lu Xun's face grew uglier and uglier, he didn't think that even this approach wouldn't threaten Blade Twelve.

He said that killing Han Giang was merely a threat, never thinking of daring to do so, because once Han Giang was dead, there would be no chance of him being able to escape.

"Are you really not afraid?" Lu Xun said.

Knife Twelve blossomed into a sneer and said, "Do you think I'll be afraid?"

Stepping in front of Han Giangli, Knife Twelve grasped the dagger blade with one hand, and the sharp blade instantly cut through Knife Twelve's palm, but this little wound didn't even furrow his brow.

The dagger was grabbed hard, and Knife Twelve kicked Lu Xun, who flew out like a kite with a broken string, and then hit the ground heavily.

Mo Yang and Lin Yong both hurriedly ran to Han Giang's side and supported him left and right.

"Mo Yang, take Ying Xia away first." Han Three Thousand said weakly.

Mo Yang nodded and said to Su Yingxia, "Sister-in-law, you can come with me first."

Su Yingxia knew that Han three thousand would not let Lu Xun go, but she couldn't imagine how Han three thousand would deal with him, Han three thousand let her leave, probably because she didn't want her to see something.

"Three thousand, you need to go to the hospital, don't take too long okay?" Su Yingxia said softly.

Han 3,000 nodded and was supported by Lin Yong to sit on the sofa in the living room.

After Su Yingxia left the villa, Lu Feng poofed and kneeled down in front of Han Three Thousand, crying bitterly, "I'm sorry, I'm sorry, it's my Lu family that has eyes but doesn't know that you're a big man, please spare the Lu family this time, whatever you want, I'll promise you."

Han Third Thousand's entire body was numb with pain, unable to do anything but raise his hand in front of Lin Yong.

"Brother Three Thousand, I know what to do." Lin Yong said.

Chapter 298

As Lin Yong walks towards Lu Hoon, Lu Hoon panics and yells at his men to stop him, but how are these men going to be able to stop him with Knife 12 in the picture?

"Your tactics are quite ruthless, the rich second generation can achieve your arrogance, it seems your father didn't spoil you, today I'll let you know what it feels like to use ruthless tactics on yourself." Lin Yong said in a cold voice.

"What do you want." Rotunda panicked and asked.

"Since you were able to come up with this kind of torture, don't you want to experience what it's like?" Lin Yong sneered.

"I was wrong, I was wrong, don't, I don't want it." Lu Xun kneeled down and begged for mercy, constantly kowtowing his head.

"I don't have a toothpick, so I'll have to use another way instead, but it should feel about right." Lin Yong grabbed Lu Hoon by the hair and dragged him over to the coffee table.

Pressing Lu Hoon's right hand down dead on the coffee table, Lin Yong worked the ashtray, one finger after another, smashing flesh and blood to a pulp.

Lu Xun's miserable screams rippled through the villa, hearing Lu Feng's creepy screams, but the scene in front of him, he had no other way but to watch.

"Dad, help me, save me." Lu Xun yelled at Lu Feng, the entire fingertips of his right hand had been completely ruined, and the excruciating pain that tore through his heart made Lu Xun feel worse than dead.

"This is the price you should pay." Lu Feng gritted his teeth and said, at this point he could only be ruthless enough to let Lu Xun suffer the result, or else Blade Twelve would personally do it and pay an even greater price in return.

When his left hand was placed on the coffee table, Lu Xun despaired and shook his head in panic, saying to Han Qianqian, "I know it's wrong, let me go, no matter what you want me to do, I promise you."

Han Qianli weakly slumped on the couch and said weakly, "If you're wrong, you have to pay the price."

Seeing that Han Qianqian had no intention of letting go, Lu Xun yelled at Lu Feng again, "How are you a father, your son is now almost ruined and you're still indifferent, Lu Feng, I'm the only inheritor of the Lu family, the Lu family still wants me to pass on the family name, are you going to do nothing?"

Lu Feng's heart sank, he only had one son, and it was because of this reason that he spoiled Lu Xun infinitely, no matter what he did or what mistakes he made, Lu Feng would always shield Lu Xun regardless of the consequences, if he had known this day would come, he would never have indulged Lu Xun so much.

"I'm the one who raised you, but you're also the one who's arrogant and unruly, so let this be a lesson to you," Lu Feng said.

As Lin Yong's ashtray smashed down, Lu Feng turned his head unbearably, unable to bear to look, this was his son in the end, being beaten up like this would eventually be unbearable.

Ten fingers blurred with blood and flesh, Lu Xun once fainted in pain, but was again awakened by Lin Yong's basin of cold water.

Father and son, all kneeling in front of Han Qianqian, those men had all been driven out of the villa.

Lu Feng was in a very complicated mood, he couldn't guess at what price he would have to pay to be forgiven by Han Three Thousand.

"Han 3,000, I can give you half of my Lu family's assets on Keystone Island, I only ask you to let us go." Lu Feng said.

Han 3000 didn't say anything, but looked straight at Lu Feng, he couldn't move now, or else he would kill Lu Feng himself.

Anyone who had crooked thoughts about Su Yingxia would only end up dead.

This backbone, even if the King of Heaven came, he couldn't touch it.

Seeing that Han Qianqian didn't speak, Lu Feng continued, "I'll give you two-thirds."

"Do you think I care about money?" Han Qianli said indifferently.

"With tens of billions in front of you, don't you feel moved?" Lu Feng said in disbelief, a little money Han 3,000 may not care, but the Lu family industry is amazing, not to talk about the market value, the actual value is already more than 10 billion, how can anyone not be impressed?

Han Giangli smiled indifferently, not to mention ten billion, even if it was a hundred billion in front of him, he wouldn't even look at it now.

"Lu Xun, do you want to live?" Han Qianqiang asked to Lu Xun.

Lu Xun nodded his head like a chicken pecking at rice, he didn't want to die, let alone die at the hands of Han Qianqian, as long as he survived, he would have a chance for revenge in the future.

For Jaius Lu Xun, even now he still believed that he had the ability to take revenge if he was given the chance.

So what if Knife Twelve was powerful, so what if he spent a lot of money, couldn't he hire an even more powerful killer?

"Want, I want." Lu Xun buried his head and said with fierce eyes, "It's never too late for a gentleman to take revenge for ten years, as long as he survives today.

"Kill him and I'll give you the chance to live." Han Giangli said, pointing at Lu Feng.

Lu Feng's body trembled and said in shock, "What did you say, you told him to kill me!"

"You heard me right, kill you, do you think your son has the guts to do that?" Han Giangli laughed.

Lu Feng gritted his teeth and said, "How could he kill me, don't bully me too much."

"Bully too much?" Han Qianli looked at Lu Feng with cold eyes and said, "My grudge against him is nothing more than the Eternal Necklace, and I came here bidding openly and honestly, but you guys felt humiliated, so you arrested me, who is the one bullying people too much?"

"It's my Lu family that has gone too far in this matter, but you want Lu Xun to kill me, you underestimate our father-son relationship." Lu Feng said firmly.

There was a clang.

A dagger landed in front of Lu Xun, and when Lu Feng saw Lu Xun's flesh and blood sticking out his hand, his face changed dramatically.

"Lu Xun, what are you doing! I'm your father." Lu Feng snapped.

Lu Xun's expression was gloomy, if the only way he could survive was to kill Lu Feng, he would only do that.

"Dad, don't blame me, you're old, you don't have a few years to live, but I'm different, I still have a lot of youth left, I still have to carry on the family name for the Lu family, your old man's spirit in heaven, bless me with an early marriage." As soon as the words left his mouth, Lu Xun, who was holding a dagger in his hand, took Lu Feng in his arms and hugged him fiercely.

Lu Feng displayed an incredulous look, and the pain from his chest told him that Lu Xun had no hesitation in making a move on him.

"You you"

Lu Xun pushed Lu Feng away, not even looking at his father who had fallen among the pools of blood, and lowered his head and said to Han Giang, "I've done as you said, now you can let me go."

"I said I could give you a chance, now you can leave if you can beat Blade Twelve," Han Qianli said indifferently.

Lu Xun looked up sharply at Han Giang, Blade Twelve was the killing god in Lu Feng's mouth, how could he possibly beat Blade Twelve.

"You're playing me!" Lu Xun gritted his teeth and said.

"That's right, I'm playing with you, from the moment you captured Ying Xia, you were destined to die, and no one can save you." Han Giangli said in a cold voice.

Blade Twelve walked up to Lu Hoon and said, "Want me to give you a chance to resist?"

Lu Xun felt the pressure brought about by Blade Twelve's huge body, kowtowed to Han Qianqian with a desperate expression and said, "Don't kill me, it won't do you any good if I die, in Keystone Island, my Lu family is a famous family, if I die, it will definitely cause a great deal of turmoil, aren't you afraid of asking for trouble? As long as you don't kill me, I can help you cover up Lu Feng's death."

"Lu Feng's death? What has he got to do with me if you killed him, and why are you covering it up for me?" Han Qianqian sneered and supported the couch with both hands.

Lin Yong saw the situation and hurriedly helped to support Han Qianqian.

Han Qianqian continued, "In this world, no one can hurt Su Yingxia, no one!"

"Whoever it is, they're going to die."

With Lin Yong's support, Han Qianxiang slowly walked towards the villa entrance.

The panicked Lu Xun looked at the departing back and kept begging loudly for mercy, but it didn't get a single stop from Han Qianqian because in Han Qianqian's heart, no salvation would allow Lu Xun to escape death.

"Brother Blade, please let me go, please let me go, I'll give you all of the Lu family's possessions." Unable to summon back Han Qianqian, Lu Xun had to beg for mercy from Knife Twelve.

Knife Twelve's eyes were cold as he looked at Lu Xun and said, "For someone like you, you can't understand his feelings for Su Yingxia, when you touch this bottom line, it's the countdown of your life, and no one can change it."

After saying that, Knife Twelve grabbed Lu Xun's neck and lifted him up in the air.

As Lu Xun struggled in the air, images of the past flashed through his mind like running lights, if you were to find one thing that you did in your life that you regret the most, it would probably be offending Han Qianqian.

Chapter 299

When Han 3,000 thousand walked out of the villa, a black vehicle parked outside the villa drove away at first, the film of the windows were deep black, so you couldn't see who was inside.

"Three thousand, there seems to be something wrong with this car, it was there when I came." Mo Yang said to Han 3,000.

Han 3,000-year-old shook her head and said, "Don't worry about it yet, let's go to the hospital."

The car that left sat Wen Liang, as he watched Han Qianliang walk out of the villa alive, his heart instantly fell to the bottom, Han Qianliang not dying was a huge danger to him, he never expected to be protected by Shen Weng as he knew he was just a pawn to be used.

"Lu Xun, you piece of trash, Han Qianli has been in your hands for so long and you haven't even killed him yet, isn't that hurting me?" Wen Liang gritted his teeth and talked to himself, then said to the driver, "Go to the airport, I want to leave here immediately."

On the way to the hospital, Su Yingxia kept secretly wiping her tears, she couldn't bear to see Han Qianliang so badly injured, but even though she restrained herself from looking, she still wouldn't be able to.

"I'm fine, don't worry." Han Three Thousand said to Su Yingxia.

Mo Yang smiled and comforted Su Yingxia, "Sister-in-law, don't cry, if you continue to cry, he'll be heartbroken, physical pain is nothing, heartache is the real pain ah."

Han Giangli touched his chest and said sincerely, "Just take pity on me, don't make me hurt."

Su Yingxia tried to wipe away her own tears, but the more she wiped, the more there were, like the overflowing of the dike of the Yellow River.

"I won't cry, I won't cry." Su Yingxia said.

"If you cry again, you won't be pretty." Han Giangli smiled.

"En." Su Yingxia kept nodding her head and gritting her teeth to hold on, but eventually she let out a loud cry.

"I'm sorry, I'm useless, I tried to hold back from crying, I really wanted to but I couldn't." Su Yingxia said in a somewhat broken voice.

Han Giangli took a deep breath and said with red eyes, "It's fine, if you want to cry, just cry."

Mo Yang, who was sitting in the front seat, sighed, what a good husband and wife relationship, he also had it before, but unfortunately his choices were different, so it led to a different end result.

Once upon a time, he naively thought that if he quit the rivers and lakes, he would be able to live his life in peace, but the truth gave him a bloody and irreparable lesson.

If Mo Yang was given another chance to choose, he would never wash his hands of the gold basin, he would become stronger and stronger just like Han Qianqiang, and only strong means would qualify him to protect his woman.

"Three thousand, this person, Twelve, is not simple, if it wasn't for him, this matter wouldn't have been so easily resolved." Mo Yang reminded Han 3,000, Blade Twelve stepped in and turned the situation around, this should be his previous identity playing a role, but to be able to make Lu Feng so fearful, Mo Yang couldn't really think of what Blade Twelve used to do.

Han Giangli could also see Lu Feng's fear of Knife Twelve, but he had also said long ago that since he chose to trust Knife Twelve, he wouldn't have the slightest doubt about him.

"I still say the same thing, trust him." Han Giangli said.

Mo Yang nodded his head and didn't say anything more.

At the hospital, Han Three Thousand's injuries were artificial due to the fact that it involved not an ordinary incident, so Mo Yang also spent some money on making connections to be able to get the hospital side to help conceal this matter.

The next morning, Han 3,000 watch the morning news, the news is broadcasting the explosion caused by the gas leak of the Lu family last night, the Lu family father and son buried in the sea of fire, leaving only two charred and unrecognizable corpses, things are defined as accidents, so many people in the island of Keiyan Island sigh more than a few, after all, the Lu family is the most famous and wealthy people in the island of Keiyan, did not expect to meet an accident, father and son are all dead.

When Su Yingxia saw the news, she knew that it wasn't an accident, but she didn't ask more questions, and she wasn't as fragile as Han Qianli thought, Lu Xun tormented Han Qianli so much, even in Su Yingxia's opinion, he deserved to die.

"Let's eat an apple." Su Yingxia peeled an apple and handed it to Han Three Thousand.

Han Three Thousand had no choice but to raise her bandaged hands and said, "How about going to the bathroom first?"

Su Yingxia blushed and lowered her head, the most intimate contact between the two of them, to start with last night when Han Giang wanted to go to the bathroom, but Su Yingxia helped herself, every step was not missed, even though she had already had an experience, but this kind of thing was still very shy and hard to accept for Su Yingxia.

"Bear with me again." Su Yingxia said.

Han Qianli cried and laughed, saying, "What if you can't bear it any longer and get sick from holding it in?"

"Don't scare me, how can you hold in a disease over such a small thing." Su Yingxia grumbled, but had already stood up and was ready to assist Han Qianli to the toilet.

A knife's mouth and tofu's heart was probably the embodiment of Su Yingxia at the moment.

As soon as the two of them went to the toilet, Mo Yang arrived in the hospital room, seeing that the bed was empty and there seemed to be some movement in the toilet, he couldn't help but lean forward two steps and eavesdrop a bit.

"Be punctual, pee outside."

"Honey, you watch it."

These ruinous words, let Mo Yang silently exited the ward, this if Su Yingxia knew that he had come, shy siblings would not find a hole in the ground to drill into?

Standing at the door of the hospital room, after making sure that Han Qianqiang had already used the toilet, Mo Yang pretended to walk into the hospital room and asked, "How is it, looking at you, you should be much better."

"Much better." The smile at the corner of Han Three Thousand's mouth couldn't be concealed in the slightest.

"You guys chat, I'll go fetch some water." Su Yingxia left the hospital room with a hot water bottle.

"Han Three Thousand, I didn't think you'd be so brazen." After Su Yingxia left, Mo Yang said disdainfully.

Han Qianli was in a fog and asked, "How am I impudent?"

"I've just been here, and I can tell what happened in the toilet." Mo Yang smiled.

"She's my wife, what's wrong with that? How can it be shameless." Han Giangli said with a frank look.

This made Mo Yang's words stick in his throat, he didn't know how to refute, people were husband and wife, a little contact was normal, how could it be called shameless.

"Come on, don't I understand that little thought of yours? You rest for another day, tomorrow we'll go back to Cloud City, this place is a place of right and wrong after all, it's not our place." Mo Yang said.

Han Giang nodded his head, he knew what Mo Yang was worried about, although the Lu family's father and son were dead, there was no guarantee that Lu Feng still had his close friends there, staying one more day would increase the danger by one point, the only way to be safe was to return to Yun City, in his own territory, at that time even if Lu Feng's close friends wanted to take revenge, it would be impossible.

"Alright, listen to your arrangements." Han Qianqian said.

Mo Yang's expression suddenly became ambiguous as he raised his eyebrows at Han Qianli and asked, "Qianli, did anything good happen on this trip to share with brother? Three years and the revolution has succeeded?"

Han Qianqiang glared at Mo Yang and said coldly, "What does it have to do with you, if there's nothing else, don't disturb my rest."

Mo Yang sighed and said, "Hey, it seems that some people are still a nestling ah, what a pity, such a good opportunity is not grasped, I'm afraid you have no hope of giving me a godson in this life."

Han 3,000 is just unable to move, or else, had to get out of bed to fight with Mo Yang.

Mo Yang was ready to leave, opened the hospital room door, and saw Su Yingxia standing at the door, his heart was shocked, the words just now, was not listened to by Su Yingxia, right?

"Siblings, when did you you come back?" Mo Yang fiddled with the question.

"Just about to open the door, what's wrong?" Su Yingxia said without changing her face.

Mo Yang was relieved and said evenly, "It's nothing, you take good care of him, we will return to Cloud City tomorrow."

Su Yingxia nodded her head, although her face didn't change, her ears were red.

She didn't hear what Mo Yang had said before, but her godson's words were very clear.

She had thought about this matter as well, but unfortunately Han Giang hadn't been enlightened enough to comprehend what she meant.

Perhaps this elm lump would really never understand it in this life, I'm afraid.

But this kind of thing made Su Yingxia take the initiative, she didn't know what to do, after all, the biggest measure of love in her life was just to hold hands with someone else.

Chapter 300

Cloud City.

Su Hachao's company had been established, and the large-scale absorption of the original members of the Su family's company was like a company relocation, except that the address had changed.

But Su Haichao's mood was not good, he had thought that the incident in the square could completely bring down Su Yingxia, but the result was to make everyone dumbfounded, not only did she not lose face, but she also became a hot topic in Yun City, and in the recent days, Yun City was even in great turmoil, everyone who appeared in the square, including Jiang Fu, all of them declared bankruptcy, and this was only a few days of events.

"Hai Chao, where did those people from Su Family Company come from, how come they suddenly parachuted in, just like the heavenly soldiers." Su Yeh Han sat in Su Hai Chao's office, puzzled, Su Yeh Han said, the matter of the square did not make Su Ying Xia lose face, Su Yeh Han also thought of stepping on Su Ying Xia ruthlessly on the matter of the company, but now, the Su Family Company not only did not fall, but also developed more and more momentum, Jiang Fu and other people's industrial chain, now almost all held in the hands of the Su Family Company.

Now in the entire Yun City, other than the Tian family, there was no longer anyone who could compare to the Su Family Company, which made Su Yeh Han feel very unconvinced.

Where those people came from Su Haichao didn't know, but he was clear that it was Han Marchant who was secretly arranging this, and only he, the abandoned son of the Han family, was able to do this.

"Even if it doesn't collapse now, sooner or later, I'll still be playing with it, so what's there to worry about." Su Hachao gritted his teeth and said.

Su Yehan believed Su Hachao because Su Hachao said that his backstage was very powerful, even the Heavenly Family couldn't compare, but she just wanted to see Su Yingxia fall from grace faster and didn't want to give Su Yingxia half a chance to rise above the rest.

"Now that the Su Family Company is developing so fiercely, have you thought of any good ways to deal with Su Yingxia?" Su Yeh Han asked.

If one wanted to defeat Su Yingxia in the mall, with the current situation, Su Haichao didn't have half a chance for the time being, because the one billion he had gotten didn't mean much in front of the current Su Family Company, unless Shen Weng was willing to secretly help him.

But this old thing had left Yun City at some point, and other than him taking the initiative to contact him, Su Haichao had no way of contacting him.

"No." Su Haichao said through gritted teeth.

"Then why don't you hurry up and think of a way, are you willing to see Su Yingxia continue to be complacent?" Su Yeh Han said.

"Of course I don't want to, but do you think this is a simple matter? The current Su Family Company is no longer the Su Family Company of the past, grandmother has always wanted the Su Family Company to become the top class in Cloud City, but she didn't expect it to be done in the hands of this b*t*h Su Yingxia." Su Haichao said with a face full of displeasure.

Su Yehan also hated abnormally, those bride-price is nothing to the current Su Yingxia, but to Su Yehan, it was a double loss of money and face, the bride-price that should have been given to her was picked up by Su Yingxia, but she has been nagging at this matter.

"I have a way to ease relations with Su Yingxia on the surface, and secretly find a way to deal with her again, what do you think?" Su Yehan suggested.

Su Haichao laughed coldly and said, "Do you really think she's a fool? With the current level of relationship breakdown, how could she trust me."

"Then let's start with Han Qianli, the wimp who can't deal with the Su Family Company." Su Yeh Han continued.

A wimp?

It was true that he had been a wimp these past few years in Cloud City, but who knew that he was even an heir of the Han family? Although Shen Weng said that his Han family was an outcast, even if it was an outcast, it wasn't something that could be compared to other people.

Su Haichao didn't want to admit it, but yet he had to admit that Han 3000 was much higher than him in terms of fundamental status.

How could a mere Cloud City Su family be compared to the Yanjing Han family?

"I'll find a way, you just do your own thing." Su Haichao said in a deep voice.

"Good, if there's anything you want me to help you with, feel free to find me." Su Yehan said, as long as she could destroy Su Yingxia, she was willing to do anything.

Since childhood, Su Yehan had a better life than Su Yingxia, she had everything that Su Yingxia could only envy, and now that her status was switched, how could Su Yehan endure this change.

This is a habit, used to living better than Su Yingxia, so Su Yehan think this situation, rightfully so, to last a lifetime.

Don't expect the people around you to wish you a good life, most people will secretly belly row with a red-eyed mentality, and even wish you to fall to pieces.

At this time, Su Haichao's phone suddenly rang, only to see a pained smile gradually emerge on his face.

"What's wrong?" After Su Haichao hung up the phone, Su Yeh Han asked curiously.

"They're back, that punk Han Qianqian seems to have been injured, but he's actually in a wheelchair, it's great that he's starting to enjoy the wheelchair treatment at a young age." Su Haichao said with a smile.

Su Yehan was also happy to hear this, all the misfortunes of Han Three Thousand and Su Yingxia were something to celebrate in her opinion.

"Should we go see him, pick some rotten fruit anyway." Su Yeh Han said.

"Of course I want to see him, as for the fruit there's no need, I have a better gift for him." Su Haichao sneered.

After Han 3000 arrived at Cloud City, he was directly admitted to the hospital, which was arranged for him in advance by Mo Yang, it was much easier to do things on his own turf, and a single word would basically get everything done.

VIP's single ward, Han Three thousand by Su Yingxia to take care of, Mo Yang and others did not want to disturb their world of two, so they dashed off early.

"Aren't you going back to the office to check it out?" Han Giangli asked to Su Yingxia, at Kiyang Island Su Yingxia had been very worried about the company and couldn't wait to come back, but now that she was back, Su Yingxia didn't seem to care much about it anymore.

"Can the company be important to you? I'll go back to the office when you're better." Su Yingxia said.

"I don't have anything else to do, if you want to know about the company, go take a look, otherwise, you won't feel at ease ah." Han Giangli said.

Su Yingxia was indeed curious about the company's situation, but this was something that had happened before, and after Han Qianli was injured, she had already left it behind, and to her, the Upside Down wasn't as important as taking care of Han Qianli.

"Don't go, I'm not at ease until I can't be around you." Su Yingxia said.

Han Qianli's heart warmed, although Su Yingxia was so strong and wanted to show himself, but now it was clear that he had occupied the most important place in Su Yingxia's heart.

"Then make a phone call and ask Shen Lingyao." Han Qianli said.

"This can be there." Su Yingxia smiled, then took out the phone.

Shen Lingyao this time in order to not let Han Qianli look down on her, dug in, often working overtime at the company, in addition to integrating into the company's environment, she also had to study, of course, she also witnessed what can be called a miracle, the Su family company in the case of being disliked by everyone, strong counterattack, hard to bring down the River Group and several other buildings, all of this was done by director Qin.

"Ying Xia, you're back?" Receiving the call from Su Yingxia, Shen Lingyao looked very excited.

"Yeah, I just arrived today, where are you?" Su Yingxia asked.

"Of course I'm at work, Chairman, you're not checking in on me," Shen Lingyao said.

Going to work?

Su Yingxia took a puzzled look at Han Qianli, did the company really function normally so soon?

"How's it going in the company, now?" Su Yingxia was confused.

"Very good, very good, you don't know, the Jianghe Group is all bankrupt, now your company has taken over all the industry chain and cooperation of the Jianghe Group, and there are several other companies as well, now your company, you are almost on par with the Tianjia." Shen Lingyao said.

Su Yingxia stared with wide eyes and an incredulous expression.

On par with the Tianjia?

How was this possible, how could the Su Company's capabilities be compared to the Celestial Family, what had happened in the few short days of absence!

"What's wrong, why aren't you talking." Shen Lingyao asked.

"No nothing, what you said, is it all true?" Su Yingxia was startled.

"Of course it's true, can I joke with you about such things? If you don't believe me, come take a look for yourself, in other words, you, the chairman, have been absent from work for so long, it's about time you came to take a look at the company." Shen Lingyao said.

Chapter 301

Su Yingxia echoed a few words, and didn't say when she would go to the company, she wasn't in a hurry, Han 3,000 was still in the hospital, she had to take care of it, and with the company's current situation, she didn't need to rush to go.

After hanging up the phone, Su Yingxia looked at Han 3,000's expression was a bit stunned, how long has it been only to go to Keystone Island, Han 3,000 has even taken care of everything in Cloud City, not only to develop the company, but even those large companies of the River Group, all bankruptcy. Their bankruptcy wasn't an accident, but Su Yingxia couldn't imagine exactly how Han Three Thousand had managed to do this.

"How did you you do it?" Su Yingxia asked Han Giangli incredulously.

Han 3000 smiled and said, "Got help from a very powerful friend, he did it, it has little to do with me."

Su Yingxia was an adult, how could she believe that this matter had nothing to do with Han 3000, and all the things that had happened to her recently, Han 3000 had done it!

"Are you my hero." Su Yingxia said.

Han Giangli was a little stunned at Su Yingxia's sudden and inexplicable statement, but he nodded, and if he really was a hero, it was just Su Yingxia alone.

"Should you give the hero a hug then? I've been a great help to you." Han Giangli smiled.

Just as Su Yingxia was walking towards Han Giangli, the hospital room door was suddenly pushed open by gravity and hit the wall with a thud.

Su Haichao walked in with a piece of clock in his hand, looking around and said, "Where to hang it? Yeh Han, you help me choose a location."

Su Yeh Han smiled and said, "Hang it anywhere, the place is so spacious, you can see it at first glance anywhere."

When Su Haichao went to the clock shop, Su Yeh Han laughed so hard that she was tossing her head, this kind of gift giving was really wonderful, she never thought there was such an operation.

Sending clocks, isn't this just an end of life gift?

"Su Hae Chao, what are you doing?" Su Yingxia said with a cold face.

Su Haichao looked like a hippie, and said, "I came to see Han 3,000, and by the way I brought some gifts, don't be polite, it's just a little token of appreciation."

A little token of appreciation, this token of appreciation is really not small, how can anyone send gifts and clocks, he is obviously here to find trouble.

"Su Haichao, I advise you to take this stupid thing and leave, otherwise I'll be rude to you." Su Yingxia said through gritted teeth.

Now that Han Giangli was still lying in the hospital bed, Su Yingxia couldn't do anything to him, so Su Hachao wasn't threatened at all and said, "Impolite?How rude, Su Yingxia, I'm being kind, you don't bite the dog."Su Haichao said.

"Yes, isn't Haichao afraid that you guys don't have a place to watch the time in the hospital, that's why he carefully chose this gift, don't you be ungrateful."Su Yehan said.

Su Yingxia's face had turned like liver color, these two were singing and deliberately acting like they didn't know what it meant to send the clock, but their real intention was to curse Han Qianqiang, how could Su Yingxia not see that?

"We don't need this gift, you take it."Su Yingxia said.

Su Haichao frowned with a face full of disdain and said to Han 3000, "Rubbish, but I came here with good intentions to give you a gift, do you wife have to be indiscriminate?"

Han Qianqiang was lying on the bed without the slightest sign of anger, every time Su Haichao jumped up and down in front of him, he looked like a jumper, and his tactics were getting more retarded every time, he didn't seem to know anything about it and was complacent about it.

"Su Haichao, I can't beat you now, but when I get out of the hospital, have you thought about what will happen to me?"Han Qianqian said indifferently.

Su Hachao but relied on Han Qianqian's injury so he dared to come to find trouble, after this if his body healed and recovered and was discharged from the hospital to find trouble by him again, Su Hachao could not afford it.

But the people are here, how humiliating is it to just leave in shame?

"Han 3,000, is it useful to threaten me with trash like you?Do you think I'm still afraid of you?"Su Haichao said disdainfully.

"It's not a matter of mouths to be afraid of me, do you want to try your fists?"Han Giangli laughed.

"If your fists are hard enough, how could you be beaten like this, you wimp, you're not long-sighted enough to offend a powerful person."Su Yeh Han said with a face full of disdain.

"I was beaten up, and it's not for you, a woman, to have the right to say anything, you want to pass on me to beat up a downward dog, you don't have that qualification."Han Qianqian said.

Su Yehan was cold, she didn't have the qualifications, once she was in the Su family but her status was much higher than Su Yingxia, how could she not have the qualifications.

"Soft-shelled wimp, you even dare to mention qualifications to me, what a joke, you don't even look at yourself."Su Yeh Han scoffed.

Whenever he heard the three words of eating soft rice, Han Qianli would want to laugh, and it was the kind from the bottom of his heart, after all, eating soft rice was also a skill, and eating Su Yingxia's soft rice was even more not something that ordinary people could do.

Han Three Thousand touched his stomach and said, "I don't have a very good stomach, I'm destined to eat soft rice in this life, it's given by the heavens, I can't help it."

Looking at Han Three Thousand's proud look, Su Yehan was disgusted to the extreme, how could there be such a man in this world, eating soft food would even be complacent, not a bit of a man's pie.

"A man with no ability, what else can you do but eat soft food, you are really a shame for a man." Su Yehan said.

Su Haichao was on the side, if before, he would have already joined with Su Yehan to mock Han Qian, but now he knows Han Qian's identity, this man is not a soft eater at all, in the past, those things in the company, probably he helped Su Yingxia get it done, this kind of man, how could he be a soft eater?

"Go away, you're not welcome here." Su Yingxia said.

"A smoky, sh*tty place, do you think I want to stay here?" After Su Ye-han finished speaking, she walked out of the hospital room after a disdainful glance at Han Qianli.

Su Haichao left the bell behind and said, "I wish you to reincarnate while you can." After that, he also left.

Su Yingxia was so angry that her scalp went numb, and she picked up the clock and smashed it on the floor.

"What's there to be angry about with this kind of person." Han Giangli smiled and consoled.

Su Yingxia brick glared at Han Giang, he was now just like before, he was scolded and humiliated but still smiling, but he clearly had the strength to fight back.

"Why did you let Su Ye-Han scold you for eating soft food." Su Yingxia said puzzled.

"Being able to eat soft food is also a skill, isn't it?" Han three thousand said, it wasn't that he didn't refute, it was that there was no point, Su Yehan was a woman that Han three thousand had never put in his eyes from start to finish, to compete with her and treat her as an opponent would instead lower his own grade.

Since the age of twelve, Han Three Thousand had learned to hold back, if he was provoked by Su Yehan's anger with a few words, wouldn't it seem too ridiculous for him to have been dormant for over a decade.

"You're just acting like you don't care, that's why you make people like Su Yehan feel superior and feel that they have pride in front of you." Su Yingxia said helplessly.

"If I don't even give her that chance, her life will be too miserable because she'll be desperate." Han Giangli smiled, letting Su Yeh Han know who he was and who that previous offer of employment was for, I'm afraid Su Yeh Han's life would never be pouted again.

Su Yehan who left the hospital was indignant, especially when she thought of that expression of Han Qianqian who proudly said that she had a bad stomach, she had a feeling of nausea.

"How can there be such a shameless man in this world, does he have to rely on a woman to support him for the rest of his life? It's so shameless, so unmanly." Su Yehan said.

Su Hachao remained silent.

Su Yeh Han took a strange look at Su Hachao, if it was before, he would have trampled on Han Qianqian for a few sentences, why would he be silent today?

"Hai Chao, what's the matter with you, don't you think Han 3,000 has disgraced your man? Such people deserve to die, and living in the world is a waste of food." Su Yeh Han said.

Su Haichao sneered inside, Su Yeh Han used to be able to bar that Han family member to show up, this person was always in front of her, she was unaware of it, and she still felt high above the rest.

"Nothing, go back to the company, Han 3000 will die sooner or later." Su Haichao coldly said.

Chapter 302

On the second day in the hospital, there is a new guest in the ward, and Han Qianli is wary of her. A seemingly gentle woman who once barged into the men's room, how could Han Qianli still treat her as an ordinary woman?

But Su Yingxia was not the least bit wary of her, and was very enthusiastic.

"Yi Yun, how did you know we were in the hospital?" Su Yingxia enthusiastically took Chi Yiyun's hand, treating this best friend with the utmost sincerity, there was no need to question her sincerity in the slightest.

"Didn't you guys go to re-shoot the wedding dress, what happened?" Qi Yiyun didn't answer Su Yingxia's question, she had been paying attention to Han 3,000 and probably understood what was happening on Kiyuan Island, but she couldn't let Su Yingxia know about that.

Hearing this question, Su Yingxia looked very speechless, the reason why the Lu family was looking for trouble was because he was unwilling to take more money and bid against Han 3000, this kind of unjustified bullying was helpless, it was good that the final result was nothing serious, Han 3000's injury was only a flesh wound.

"It's nothing, it's just a small accident." Su Yingxia said, the death of the Lu family's father and son was ruled as an accident, but it was actually Han Three Thousand's doing, a secret that even the closest person Su Yingxia wouldn't tell.

"This accident is not small." Chi Yiyun smiled, the fire killed the Lu family's father and son, even if Chi Yiyun didn't know the truth of the matter, but she was clear that the fire was by no means a simple accident.

"Ying Xia, I'm thirsty and want a drink, can you buy me a bottle?" Han Giangli said to Su Yingxia.

Su Yingxia glared at Han Giangli and said, "You're injured, why are you still drinking, there's warm water."

"I'll just take a sip, I'm gluttonous, so just satisfy me." Han Giangli said with an aggrieved expression.

Su Yingxia wanted to be heartless and refuse Han Three Thousand, but Han Three Thousand was now sick after all, and looking at his aggrieved expression, it was too much to refuse.

"Wait." After Su Yingxia said that, she turned to Chi Yiyun again and said, "Sit for a while, I'll be right back."

Qi Yiyun nodded her head.

After Su Yingxia left the hospital room, Han Giangli asked to Qi Yiyun, "What do you want, you might as well just tell me."

"I like you." Qi Yiyun said.

Han Qianli smiled faintly, how could he believe such nonsense, from the way Qi Yiyun acted last time, she must have some sort of purpose.

"There are many people who like me, but in my eyes, there's only Su Yingxia." Han Giangli said.

Chi Yi Yun directly took off her t-shirt, revealing her beautiful body, and said, "Aren't I attractive enough for you?"

"F**k, what are you doing, hurry up and put your clothes on." Han Giangli said in a panic, if Su Yingxia came back and saw this scene, he wouldn't be able to explain it.

"What are you afraid of? Isn't that what you men like best?" Chi Yi Yun took off her eyes and showed her magnificent side, this was definitely a red-headed level of beauty in ancient times.

"Chi Yiyun, I've investigated you, you're clean, you thought that wouldn't reveal any traces, but it's precisely because you're overly clean that makes me suspect you, go ahead, who exactly are you." Han Qianqiang's eyes were open to the idea, he was absolutely loyal to Su Yingxia, but he was also a man, the temptation of beauty was right in front of him, how could he not be tempted?

In this world, there were only men who restrained their desires, but there were no men who could do so without moving their hearts in the face of beauty.

"Are you afraid to look at me because you can't stand it?" Chi Yi Yun smiled.

Han Giang gritted his teeth, his mood was on thin ice, he was really afraid that Su Yingxia would suddenly return and this would be over.

"You're pretty, you have a good figure, the restraint of the average man is useless against you, but you underestimate me, I would never do anything wrong to Su Yingxia." Han Giangli said.

Chi Yi Yun clenched her pink fist, her face full of resignation, she had made it this far and still hadn't made Han Qianli move, did she really want to throw herself at Han Qianli and take the initiative to have sex with him?

"If you want to know who I am, it's simple, I don't mind your second marriage status as long as you become my man," Qi Yiyun said.

Hearing this, Han Giangli laughed and said, "Chi Yi Yun, you seem to be unable to prioritize, although I don't know what you want from me, you should be asking for something, and since you're asking for me, you shouldn't have this attitude, what right do you have to mind me?"

Chi Yi Yun froze in the face of Han Qianyan's question that hit her soul, she indeed had no qualifications to mind Han Qianyan, and her current position was not one of ordering Han Qianyan to do something.

"I can give you more power, which Su Yingxia can't give you," Chi Yi Yun said.

"I'm not interested in this dish of yours, and power isn't half as attractive to me," Han Giangli said.

"I can give you anything you want, including myself." Chi Yi Yun gritted her teeth.

"I only want Su Yingxia and that's enough." Han Giangli said with a resolute attitude, which wouldn't change even if the sea was dry.

Chi Yiyun took a deep breath and said, "What if you're unable to protect Su Yingxia?"

Han Qianqian looked up abruptly with a torch-like gaze at Qi Yiyun and said in a cold voice, "I'm warning you, if you dare to hurt her, no matter what kind of identity you have, I'll make you regret it."

Looking at Han Qianqian's murderous gaze, Qi Yiyun's heart was extremely pained, why was such a man, but not hers!

She's obviously better and more beautiful than Su Yingxia, so why can't she get Han Qianli's proper attention?

"Han Qianli, I will make you submit to my pomegranate skirt, you remember that." Chi Yi Yun said, put on her t-shirt and left the hospital room without hesitation.

Han 3,000 helplessly bitterly smiled, such a superb beauty, entangled with any man, he would be very happy, right, but unfortunately he was not blessed in his life, nor did he have such thoughts.

Su Yingxia bought a drink and returned, not seeing Chi Yiyun, she asked in confusion, "Where is Yiyun?"

"Something came up temporarily, so I left in a hurry." Han Giangli said casually.

Su Yingxia didn't think much about it and sighed, "Chi Yiyun is actually very good, but her character is too cowardly, I really don't know what kind of bullying she'll be subjected to when she finds a husband in the future."

This was something Su Yingxia was always worried about, because during her school days, Qi Yiyun was bullied by many of her classmates, and usually when faced with this situation, Qi Yiyun endured, not knowing how much aggravation she suffered.

Hearing Su Yingxia's sigh, Han Qianli laughed bitterly inside, cowardice? How could Qi Yiyun be a coward, her reticence even made Han Qianqian feel more terrifying than herself.

When this woman took off her eyes and got strong, I'm afraid she could throw Su Yingxia more than ten blocks ah.

"Everyone has their own life, you don't need to worry for her." Han Giangli said.

"How can I not worry, she's my best sister, the three of us, we've even befriended each other before." Su Yingxia said.

The more Su Yingxia showed her deep affection for Qi Yiyun, the more Han Giang was worried, because he felt that sooner or later these two would tear each other apart, and at that time, Su Yingxia would definitely be very sad.

It seemed that he had to find a way to prevent this from happening, and Han Three Thousand never wanted to see Su Yingxia's sad side.

After leaving the hospital, Qi Yiyun went straight to the mall and arrived at a luxury store, where the cheapest piece of clothing was close to five figures, not something that ordinary people were qualified to stroll in.

Qi Yiyun, who wore glasses, had an ordinary appearance and an average temperament, and she didn't look like a rich person, so she entered the store and none of the guides were willing to greet her.

Also in the store, there was a noble woman with a middle-aged man with a gold watch and gold necklace on her arm, and she looked like a riff-raff.

"What a person who dares to come in, wouldn't treat this place as a roadside stall, do you know how much a dress here costs?" The noblewoman was talking to herself in a yin and yang manner, but her words were clearly directed at Qi Yiyun.

Chi Yi Yun smiled and pushed the frame of the mirror, walking over to a limited edition small western dress, it was new in the store, the high price of a full six figures deterred countless people who liked it, even that noblewoman just now just took a glance full of joy and didn't dare to buy it.

"This dress, can I try it on?"Chiyun asked.

Chapter 303

"Miss, you can't try on such expensive clothes, but didn't you look at the sign on the door before you entered?We are not an ordinary shop."The guide walked up to Chi Yiyun and said disdainfully, this kind of girl with no eyesight, and I don't know where she came from, is it possible to just try on things from a luxury store?

That noblewoman couldn't help but laugh when she heard Chi Yi Yun's words, and teased at the side, "Glasses girl, you're in the wrong place, you'd better hurry out, this kind of shop is not suitable for the likes of you to visit."

Chi Yi Yun turned around, looked the noblewoman up and down and said, "Is this place only suitable for a slüt like you to stroll around?"

The noblewoman's expression went cold as she pointed at Chi Yi Yun and said, "Little b*t*h, who are you calling a slüt?You better keep your mouth shut."

"That's you, don't you agree?"Chi Yi Yun said calmly.

"Little b*t*h, if you want to die, I'll make you happy today."The noblewoman gritted her teeth and walked towards Chi Yi Yun.

The guide, seeing this, quickly blocked the middle and said to the noblewoman, "Sister, why do you need to be knowledgeable with this kind of person, look at her appearance, she looks like she has never seen the world, if you argue with her, won't you let yourself drop."

The noblewoman suddenly came to her senses, put away her temper that was about to explode, and said disdainfully, "Also, haggling with people like you lowers your own status, just go away, I'll let you go."

"I came to buy clothes, the boss is not even qualified to tell me to get lost, what qualifications do you have?"Chi Yi Yun said.

The noblewoman sneered out and said, "With your poor costume, you can also buy clothes here, I advise you to go to the roadside stall, this is a luxury store, do you have money?"

"Miss, if you make trouble again, I'll call security, so please get out."The guide said to Chi Yi Yun, she couldn't afford to offend the dame because of someone like Chi Yi Yun, she could tell clearly who had purchasing power between the two.

"Where's the manager, the staff here, is this the kind of attitude they use to treat customers?"Chi Yi Yun raised her volume, her voice making it so that the entire store could hear.

An imposing middle-aged woman came over, and looking at the work tag on her chest, she was undoubtedly the manager.

"Miss, do you need anything?"The manager asked to Chi Yi Yun, in her eyes, Chi Yi Yun still could not be compared to the noblewoman, dry luxury shopping guide, the most important thing is eyesight, can distinguish who is the real customer with purchasing power, and the difference between Chi Yi Yun and the noblewoman, is like a cloud of mud.

"I want to try on this dress, do I have to swipe my card and pay first?"Chia-Yun asked.

"You can't try this dress on, but if you want it, you'll have to buy it."The manager said.

Qi Yi Yun pulled out a bank card and said, "I'll buy it."

The noblewoman and that shopping guide were both shocked at the same time when they heard this, how could this kind of person afford a luxury item.

"Miss, are you sure?"The manager was also very surprised, it had been almost two months since this new product had hit the shelves, and countless people had looked at it, but not many people actually dared to make a move to buy it.

"Afraid I don't have the money?"Chi Yi Yun smiled.

The manager even shook her head and said, "Of course not, that's not what I meant, please wait a moment."

After changing her honorific title to the manager, she took the bank card and walked towards the cashier, since she wanted to buy it, she had to see if the card could be swiped.

"Glasses girl, if you can't swipe money out of this card, it'll be a shame."The noblewoman didn't believe that Chi Yi Yun was so rich, she couldn't even afford the clothes, how could this glasses girl afford them?

Chi Yi Yun didn't say anything, and soon, the manager came with the voucher for Chi Yi Yun to sign, and his attitude became significantly more respectful.

"Didn't see a good show, you must be disappointed."Qi Yiyun said to the noblewoman with a smile.

The noblewoman's face was livid, she didn't expect that she would really be allowed to buy it, it was a great shame.

"Is it interesting to challenge my pocket money with the money you've been saving for years? From today onwards, you're going to have to go home to Ken Buns, right." The noblewoman said disdainfully, in her opinion, Chi Yi Yun bought this dress, she must have paid out all her pocket money.

"Pocket money? It's not even pocket money to me." After Chi Yi Yun finished speaking, she turned to the manager and asked, "I can try on clothes, right?"

"Can, of course, the fitting room is over here." The manager hurriedly said, she didn't care if Qi Yiyun had saved her money for many years, as long as she could pay for clothes, this was a valuable guest, the noblewoman, although she looked rich, but she didn't buy anything after shopping for most of the day.

Chi Yi Yun took the clothes and walked into the fitting room.

"This kind of woman with no temperament at all, even if you buy the most expensive clothes, they won't hold up, wearing them on her, what a pity for this designer's work." The noblewoman scoffed.

This dress had never been tried on since it arrived at the store, so no one knew what the upper body effect was actually like, and at this time all the guides, almost all of them were looking at the door of the dressing room.

Even if it was really as the noblewoman said, she couldn't hold up the temperament of this thing, but at least she could see what the upper body effect was actually like.

After waiting for a while, the door of the fitting room was pushed open, and the moment Chi Yi Yun walked out, the air in the store seemed to freeze.

Who said that her temperament couldn't hold up to this dress? It was simply a gorgeous crown, breathtakingly beautiful, everyone at this moment, at the same time a feeling of self-shame, as if in front of Qi Yiyun, they did not even have the courage to look up.

The middle-aged man with the gold necklace directly looked dumb, he was also considered the No. 1 rich person in Cloud City, even the models have played a lot, but compared to Qi Yi Yun's temperament and body, those models were thrown hundreds of streets, not even a hair of her sweat can be compared.

"Miss, this outfit suits you too well." Still the manager was the first to come back to her senses, and even walked to Qi Yiyun's side and said.

Looking at herself in the mirror, Qi Yiyun smiled confidently, this was the real her, after taking off her eyes, her radiance was dazzling, no one could compare to her.

"I'm still missing a pair of high heels." Chi Yi Yun said.

"Miss, this way please." The manager led the way to the shoe area.

Chi Yi Yun chose a pair of jade white crystal heels, and when she put them on, her temperament was raised several notches again, and her figure looked even more appealing, the perfect curves of her legs barely finding any flaws.

"Miss, I've been working here for many years and I've never seen someone with such an outstanding temperament as you."The manager even sighed, she gave the impression of being very noble, like a lady's daughter born into a noble family, not only was she beautiful, her temperament was also a flock of cranes.

"I'll buy this pair of shoes too."Chi Yi Yun said, then handed the glasses to the manager and said, "Please throw them away for me, from today onwards, I don't need them anymore."

"Miss, you're completely different without glasses and with glasses, you should have thrown them away long ago."The manager said after taking the glasses.

At this time, that noblewoman's iron face had begun to turn white, she never dreamed that this ugly duckling would just change a set of clothes and become a white swan, just like a great transformation into a living person.

Seeing Chi Yi Yun's imposing presence coming towards her, the noblewoman unconsciously lowered her head, unable to face Chi Yi Yun's aura directly.

"Am I beautiful?"Chi Yi Yun smiled at the noblewoman and asked.

The noblewoman gritted her teeth and clenched her fist, just now she said that Qi Yiyun couldn't hold up the dress at all, but reality slapped her in the face, besides her, who else could embody this dress so perfectly?

Snap!

A loud slap on the noblewoman's face, Chi Yi Yun said in a cold voice, "This is not a place for a profiteer like you to stroll around, get lost."

Cowardly?

At this moment, Qi Yi Yun had nothing to do with these two words and was so strong that it chilled her heart, this was her true face.

The eventful side of the eldest daughter of the Qi family was exhibited to reveal the tip of the iceberg.

The first thing you need to do is to take a look at the actual shoes and boots.

This person in front of her was by no means born into an ordinary family, and if she messed with someone she couldn't afford, the consequences would be serious.

"You you wait for me."After the noble woman said that, she pulled the middle-aged man and hurriedly ran away on her feet.

When the crowd of guides saw this scene, they all sucked in a breath of cold air, not daring to underestimate Chi Yiyun anymore.
