Chapter 2888

fell, in the surprised eyes of these three people, the guy lowered his head and knocked on his shoes.

Defending against Buddha has nothing to do with him.

But his behavior made the black and white Shuangsha next to him confused for a while. If you say that this guy didn't help, he really didn't intervene from start to finish, and let him roll obediently and roll obediently.

But if you want to say that he is not nostalgic, this is in front of him, doing those bad things, even if the two are really big hooligans, but they are extremely embarrassing for a while and can't do anything.

The big beautiful woman is even more angry and her chest rises and falls. It is the first time that she has seen a man who is so embarrassed and shameless.

It's no matter if you don't help. The most damning thing is that he was still watching the scene next to him, and he was so dangling, like a wind scratching old man, that really made people clenched his teeth.

Shameless? !

It seems that the three of them have been staring at him. George Han raised his head, with an innocent look on his face: "I really don't hinder you, you continue."

Black and white Shuangsha looked at each other. The look in your eyes is complicated. How can you encounter such a situation when you do some bad things?

When he didn't know what to do, the white-clothed man couldn't help but cast a look at the black-clothed man. No matter what, the duck reached his lips, and there was no reason not to chew.

The man in black nodded, stopped his hand immediately, and looked at George Han coldly and said: "Go on, go away and get your broken shoes."

"You don't let me intervene, I can't get my feet?" George Han said depressed.

"If you don't leave again, Hugh blames Grandpa for being rude to you." The man in black roared impatiently.

George Han smiled on the spot, shook his head, put his shoes on the ground, stood up slowly, glanced at the impatient black and white Shuangsha, then glanced at the big beauty who was looking at him with an angry look. Nodded: "Okay, let's go, let me go."

After speaking, George Han patted the dust on his buttocks, and honestly walked down the mountain. To

see Han three thousand left, black and white Shuangsha mutual satisfaction of looking at each other, excited.

“Humans, even though they are not old, this foot is unfavorable. Fortunately, people are still young and the joints are decent. Otherwise, I can’t walk around.” George Han shook his head leisurely, he looked like an old man at dusk, half covered.

Black and white Shuangsha was still happy, but the big beauty listened to George Han because she was dissatisfied with George Han.

People like you deserve to have bad legs and legs at a young age. After a few years, your joints will no longer work, and you should die.

However, the big beauty who thought of this suddenly remembered her joints, yes, even though her hands were bound, her joints could still be used flexibly.

The joints gather a little strength, and the four-twos can weigh a thousand catties. The only drawback is that they need to be close. Isn’t this black and white double evil right next to him?

Thinking of this, the big beautiful woman suddenly figured it out, and with her right hand turned her wrist, she drew directly to the white-clothed person by the way. The white-clothed person was immersed in joy, and she did not expect that the big beautiful woman would suddenly have the ability to resist. It was too late. If there was any dodge, the elbow of the big beauty immediately hit the chest fiercely, and the whole person suddenly fractured in the chest cavity, and the person also flew upside down for several meters and hit the ground heavily.

The man in black over there was also obviously taken aback when he saw it, but when it was just reflected, the big beauty was already another left-handed wrist. It was the hand of the man in black who controlled her hand, and she was immediately suppressed on the wrist by her. In the middle, the pain is extremely painful while being immobile.

Immediately afterwards, the big beautiful woman showed no mercy, and a knee was directly against the abdomen of the man in black. The guy directly bowed and flew out, falling heavily on the ground several meters away, kneeling on the ground in pain.

Seeing that the two wicked people were instantly countered by herself, the panic of the big beautiful woman turned into happiness at this time, and she was even somewhat proud.

Black and white Shuangsha couldn’t bear the boring loss. They looked at each other on the spot, angered at each other, and attacked directly at the big beauty.

The big beauty who was just happy because of the victory had no time to enjoy it. Faced with how many times the two quickly joined forces, she was only deeply worried, because she had never been able to resist it.

However, just when she was at a loss, George Han's leisurely voice sounded appropriately again..

Chapter 2989

"I hurt my left foot some time ago, and I always bend to the left when I walk. Hey, my waist is slumped because of this left foot."

On the left? !

The big beautiful woman Liu frowned slightly. At this time, the black and white double evil spirits were coming from both sides of him. He said that his left leg hurts and he should bend over. Is it... I

don't know why, although the big beautiful woman is puzzled, but the whole person is still subconscious. Bend down slightly towards the left.

It is strange to say that almost the moment she bends down, a white shadow on the right just passed by.

Seeing the black shadow on the left, when he was at a loss, George Han's voice came over there again: "In order for this waist to return to its original position, I can only turn over and lower the waist."

Turn over and lower the waist? !

The big beauty turned over and lowered her waist on the spot, perfectly presenting her mysterious figure.

Brush, the shadows also escaped perfectly.

At this time, the big beauty turned around and was extremely happy. This was the first time that she met these two evil spirits, and perfectly avoided the attack of the two in the flanking attack of the two.

The black and white Shuangsha also stopped again, looked at each other strangely, and then at the happy big beauty.

Did they miss it? !

Unbelievable at the same time, it is still impossible for the two of them to give up like this. At the moment, they changed their bodies and attacked again towards the big beauty.

The joy of the beautiful woman is still short-lived, but at least now she has no longer panicked, just bit her lips quietly, preparing very seriously.

However, instead of watching how the two figures came, he listened carefully to what George Han was about to say.

“Bending over is not a long-term solution. Because the left leg is not able to exert strength, I have to use the right leg all the time, but there are more ways to walk. The mountain road is very rugged. Ten degrees,

shake it forward to get through the meridians!” “Forty degrees of right foot, shake it forward!” In her

heart, the beautiful lady lifted her long legs, but hesitated, because she turned back again, and the right side was black. Shadow is still far away from him, is it too early to kick now?

However, she didn't think too much, closed her eyes and kicked it abruptly. “Bang!”

With a muffled sound, the big beauty felt that she was kicking something on her foot. She hurriedly opened her eyes and saw that the man in black on the right was already kicked heavily by herself. A few meters away.

“However, my right foot fell, but my left foot started to hurt. It couldn't stand it, so it was very annoying. I really wanted to smash my left kneecap with a

punch . It was too useless.” A punch hit my left knee? !

Although puzzled, but with the experience that has only succeeded, the big beautiful woman didn't think too much, and suddenly slammed her right hand.

However, when the fist went halfway there, a white shadow suddenly jumped out, impartially, and the punch hit the guy's back.

As he snorted, his body suddenly hit the ground, and he vomited a mouthful of old blood on the spot.

The big beauty stepped back in surprise, and after keeping a safe distance, she looked at her fist in disbelief.

She... not only did she dodge an impossible attack, but even now, she turned against the guest and directly injured the two guys.

This is simply incredible.

However, she knew that the cause of this situation was not because she suddenly became more powerful, but because of the man's guidance.

Thinking of this, she looked up and saw that although George Han had gone far, but had not left completely, instead, she sat down on a stone farther away, and was looking down at her at this moment. Feet shook his head helplessly and sighed.

Black and White Shuangsha got up from the ground uncomfortably, and the two gathered again. However, the two of them did not intend to attack the big beauty anymore, and instead focused on George Han who was also in the distance.

Even a fool can tell at this moment, it's clearly that guy is pointing the big beauties behind!

“Smelly boy, you really can't listen to the fuck? Nosy, don't you?”

“Big brother, kill this dog first, save him like a fly next to him talking endlessly.” Hei Yi Ren also followed angrily.

Hearing this, George Han frowned. When he raised his head, he stopped touching his feet. Instead, he looked at the two innocently: “The two are not good, why are you killing me?”
