

His True Colors Novel Chapter 3040 - 3041

Chapter 3040

he raised his hand slightly to indicate that Xia Ran needn't worry. After that, he gritted his teeth to endure the pain, turned around, looked at Xia Ran, and glanced at the person lying in his arms. Xia Wei.

The will has been decided, George Han will definitely not change. If the ending of not betraying Amelia Su is dead, George Han will definitely not hesitate.

However, Xia Wei used her body as a substitute, which was really beyond George Han's expectation. Why didn't she make George Han feel distressed when she wanted to marry?

Even though Qing's original intention was to fall leaves like flowing water, George Han still felt distressed and guilty for this stupid girl.

Patting her chest, George Han said coldly: "If you want revenge, come here."

Seeing George Han's determined eyes, Xia Ran was slightly taken aback. Obviously, she had never met someone like this before. appeared.

"Okay, if you still have some conscience, if that's the case, I will give you a happy one!"
When the

words fell, Xia Ran raised his palm again, and the golden light reappeared on the spot.

"Sister, don't!"

At this moment, a soft drink struck. When George Han and Xia Ran looked back at the same time, they saw Xia Wei slowly standing up with difficulty, and then stubbornly blocking Xia Ran's In front of him, he opened his hands and firmly protected George Han behind him.

"Xia Wei!" Seeing her sister doing this, Xia Ran drank angrily.

"I'm venting my anger for you, but you are against me?"

"Sister, Xia Wei will never be angry with Three Thousand Brother, only love." Xia Wei looked at Xia Ran and said firmly.

"Xia Wei, did you have a broken brain? Didn't you hear what he said just now? He won't marry you! In that case, why should you protect him again?" Xia Ran angered.

“I know.” It seemed that my sister was angry, and there was a touch of the most painful thing in her heart between her words. She was emotionally broken on the spot and wept bitterly: “But, sister, like someone, it doesn’t necessarily mean that the other person likes herself. , Is it called like it?”

“You!!!” Xia Ran was so angry that her body trembled on the spot, and she couldn’t argue against Xia Wei’s words. But the arrogance and dignity of the Phoenix family, and even hope, how could she let George Han go? !

“This matter is not to be discussed. Since George Han is the person chosen by my Phoenix clan, then he is either a member of the Phoenix clan, or he can only go to death, and you will let me go.” “Well, if my sister insists on killing three thousand eldest brothers, then, first step on Xia Wei’s body.” As soon as the voice fell, Xia Wei simply closed her eyes and waited. Xia Ran did it.

Xia Ran raised her hands in the air, and she couldn’t help but began to tremble at this moment. This was her own sister since childhood. The two of them depended on each other for life, and the relationShanep was deep. How did she get this hand?

Since childhood, she couldn’t bear to even scold her sister. What’s more... She

glanced at her sister, then looked up at George Han . She could n’t kill or didn’t kill her. It was extremely complicated for a time. .

After a while, she took a deep breath and slowly retracted her hand. Looking at Xia Wei, she sighed helplessly: “You stupid girl, why are you doing this?”

“Even if I don’t kill him, he is unwilling to deal with him. How can you get married with the seal of another place? It’s just the difference between dying from my hand and dying from another’s hand. You are really confused.”

Hearing the words of her sister, Xia Wei glanced back slightly. George Han lowered his head and was speechless for a while.

Indeed, the demons are dangerous and there are so many bad people. If George Han can’t use mana, then what is the difference between walking in the middle and walking on the blade?

In the land of the demons, it’s not that if you don’t provoke others, they won’t provoke you.

The guidance of George Han at the time let her know that George Han must be very powerful, and the trial of the Phoenix clan also proved her idea, so that such a powerful person would be so empty of his life, or even die, so why didn’t she feel What a pity?

In particular, this guy who died of ill-fated death happened to be the person in his dream who had just begun to love him.

Thinking of this, she looked at her sister blankly, and her eyes seemed to suggest that her sister would use another method.

Although she didn't say anything, Xia Ran suddenly frowned for this younger sister who was getting along with her day and night.

"Sister, unless..." Seeing that her sister seemed to understand what she meant, Xia Wei lowered her head and whispered.

But as soon as the words fell, Xia Ran's face became cold: "Xia Wei, are you crazy?"

Chapter 3041

even George Han and Pangolin at this time couldn't help but collectively look at Xia Wei, and they were all curious.

What kind of so-called unless, would Xia Ran actually react like this?

"Sister." Seeing Xia Ran's attitude, Xia Wei said aggrievedly.

"Xia Wei, let me tell you, you can't even think about it." Xia Ran snorted coldly, turning her head away.

The pangolin took a step forward at this time. After all, it is related to the seal of George Han. He must be very concerned: "I cut in, if there is any way to help George Han, it would be better to say Come out and try? Although I can't intervene in your marriage, I know how George Han is. The grace of dripping water will surely repay

me . So..." "Shut me your mouth." Pangolin Before she finished speaking, Xia Ran's eyes suddenly stared like a murderer, and the pangolin hurriedly stopped her voice in fright.

"Sister." Xia Wei was not reconciled and still said coquettishly.

Xia Ran's complexion was still cold, but when she saw her younger sister, her attitude began to ease slightly. After a glance at George Han, she said, "Even if I want to?"

After speaking, she turned her head away.

When Xia Wei saw this, she knew that her sister's attitude had eased a lot. Then, she turned around and looked at George Han, feeling a little embarrassed for a while, and a little sad in her heart, biting her lip, no matter how hard she was, she still opened her mouth: "As long as we...I won't hold you accountable. From now on, we will be..."

"Just as if we haven't met each other."

When she said this, Xia Wei was always there on the surface. Pretending to be nothing, but whoever can't hear the trembling in her voice, the sadness in the trembling of those present?

Don't care about forever, only care about once owned? It sounds beautiful, but in fact it is very bitter.

When the best things in life are gained and lost, it should be the most painful time in life.

In the face of the one you love, you have to say such things that you will never see again, like the flame of love has just burned, and you have to squeeze it out with your own hands. How can it be described as cruel?

Some with heartache, there is also the basic dignity of a woman. George Han's heart is both warm and extremely bitter. He looks at Xia Wei and smiles softly: "If George Han lives for one day, Xia Wei will always be my best friend."

Xia Wei heard that, no matter how painful the heart was, it became much warmer in an instant.

"However, George Han is definitely not the one who started the chaos and left the end. This is true for my wife, and the same is true for other people." After speaking, George Han glanced at the pangolin: "Let's go." The

words fell, George Han He bowed slightly at Xia Wei to express his gratitude, and turned around with the pangolin and walked outside the hall.

Xia Wei burst into tears, staring blankly at George Han's back, with mixed feelings in her heart.

Xia Ran's face became cold, took a long breath, turned her head suddenly, and shouted angrily: "George Han, my sister has trampled on the ground for a woman's most fundamental dignity, and even... even her most precious Handing things to you may be a bleak and miserable life for the rest of your life, you...you are...you are still unwilling?"

George Han stood up slightly: "Since you know these, you should respect my choice, no is it?" When the

words fell, George Han turned and walked out of the hall.

"Woo!"

Xia Wei cried bitterly. She didn't know whether George Han made such a choice, whether she should cry or be happy for her. She only knew that her heart was cut by a knife, and her pain was extremely painful.

Xia Ran stared at the gate of the palace in a daze, for a moment also in a daze.

Yes, the reason why her attitude is relaxed is because the sister's way, although the so-called King of Phoenix cannot be left behind, at least the species of the Phoenix family is left behind.

But she never dreamed that in this way, his George Han was still unwilling.

If George Han dared not consider anything else, she would naturally not be merciless. But after another thought, what George Han said, isn't it?

If George Han responded, what about the younger sister in the rest of her life? Raising children alone, do you wash your face with tears all day long?

This is an exchange with the happiness and dignity of my sister's life.

At this time, George Han, who rushed out of the temple, walked all the way with the support of the pangolin, but a huge problem suddenly appeared, and the two stopped almost at the same time...
