

His True Colors Novel Chapter 3062 - 3063

Chapter 3062

Pei Shiyuan, Pei Lan, look at me, and I look at you with big eyes and small eyes.

You have to say how powerful this murderer is, even flying into the sky and being omnipotent. These two people believe in iron. After all, although the earthworm is not a good bird in their eyes, it is at least for this guy's ability. , They are recognized.

How can a person who can kill that worm be an ordinary person? !

But if you want to say that he has a low cultivation base, and he can't even beat his own men, isn't this damn good?

If this were the case, in such a deep and fierce Demon territory, Youming City would have been eaten by people and not even scum, so how could it have stood for so many years without falling?

But as a man, as his own brother, he knows too much, he is never a big talker.

The special envoy also narrowed his eyes and looked at Mang Niu for a long time, until he looked at this guy with a horror, he suddenly smiled coldly: "What? Is the weather too hot, or the atmosphere is too rigid, do you want to make some cold jokes to adjust the adjustment? ? "

Mang Niu sweating, could not help but wiped his forehead, but he knew that if he uttered the genre, most likely will be attracted such non-meaning.

Therefore, when the envoy asked, he hesitated to answer.

He understands that not answering is dead, but it is not good for him to answer it.

Anyway, the answer was also answered, and he had to hold on to his stubbornness, and Mang Niu continued to kowtow.

“Mangniu, stand up for me.” Seeing what the special envoy said, Pei Shiyuan could no longer kneel down. He hurriedly got up, pointed at Mangniu and said angrily: “What the hell is going on, you give me One hundred fifty ten honestly, if there is half a false word in it, I will let your head fall.”

When he heard the order, Mang Niu hurriedly stopped and kowtowed, so he explained the encounter with George Han and others. He was also bitter in his heart: “I was skeptical, but I didn’t expect those people. I admit it, so I didn’t hesitate to fight with them in order to catch people.” “But I don’t know, it’s just half a gourd, and it falls down on the touch. My brothers and I haven’t tried much at all, and the two men and one woman have already been taken down by me. if you do not believe, and the man’s blood on the ground as evidence. ” “

I’ll wait for him to have his blood attack the legacy of the wound. ” “

Yes ah, eleven lords, Special Envoy of the adults, although they seem less repair Yes, but that guy’s blood is very

sinister and poisonous .” As he said, starting from Mang Niu, one by one showed the wounded parts of his hand or body that had been eaten by George Han’s poisonous blood.

Pei Shiyuan didn’t dare to ask for it, and hurriedly sent his men to check it out. Soon, a group of his men found the blood stains on the ground that hadn’t dried up, and took off the samples and hurriedly sent them over.

Pei Shiyuan naturally didn’t dare not look at it, but he waved and sent his subordinates to the special envoy.

Although the blood has dried up, the sand around the blood is still eroded and pitch-black, and it reaches a depth of several centimeters underneath.

Even the special envoy frowned at this moment and took a breath.

“Is this really just the blood he shed?”

Mang Niu hurriedly raised his hand, bowed his hand and said, "Exactly." He

glanced at the scar on Mang Niu's hand. Although it was only the size of a fingernail, his skin was obviously completely dissolved. For a while, his eyes narrowed sharply.

"Special envoy, this..." Pei Shiyuan asked softly, because the special envoy at this time was rare and serious.

"Interesting." Withdrawing his eyes slightly, the envoy smiled with difficulty: "This blood is very toxic, rare in the world, and even strong enough to dissolve everything."

"A person with such blood can kill Youming ." King, it's also extremely possible."

"What?" Pei Shiyuan was taken aback.

Pei Lan also frowned: "Then we met a monster?"

Chapter 3063

Monster?

Maybe it counts.

Even if you can't beat a reckless cow, the blood in your body is so poisonous that it seems right to say that he is rubbish, and it seems reasonable to say that he is not rubbish.

"Could he be injured at the time? After all, the King of Youming is a ten-thousand-year-old worm, facing it, even if you kill him, at least the attacker will have to peel off his skin if he doesn't die?" Pei Shiyuan looked at the bull.

Pei Lan and the special envoy also agreed on this point and looked over.

Mang Niu tried his best to remember, and shook his head after a moment: "Although the fellow has a low cultivation base, he is not weak, that is, he will suffer a bit from a strong man like me. If he is

replaced by someone else, he will still have the upper hand. As for speaking, He hurts, so it's even harder to tell."

"He even took the initiative to do it with me first."

"Hi!" Pei Shiyuan couldn't help but breathe a cold breath: "

Is it really a monster?" "Maybe it is. "The envoy smiled and snorted coldly.

He didn't understand too much.

However, he was more interested: "Catch it back and take a look, and you will see that it's a human being."

"To live." The envoy chuckled softly and ordered.

Pei Shiyuan nodded: "What the hell are you doing? Chase me, and at the same time, ordered the twenty-seven outsiders to quickly use this place as the center point. Even if the ground is opened for me, it will definitely catch the kid alive for me. . "

" Yes! "

a bunch of people kicked, quickly rushed towards the foot chase.

At this time, George Han, how did he know that after he left, he left so many gossips.

Coming down from the mountain, three people and one beast, no, three people, one beast and one egg, went deep into the north.

And to the north of the mountain, there is an endless stream of dry hills and rocks, no green, no red, only endless gray-black fog.

With a few strange sounds, the beasts ran away, and the demon bird flew horizontally. Starting from the original mountain, bursts of huge black gas moved quickly in the mist, and quickly spread towards the surroundings.

Twenty-seven of Pei Shiyuan's subordinates, tens of thousands, officially launched a carpet-style hunt.

There are many strong men with tiger bodies heading north, because they know that there is wider and more suitable for escape, so the number of people in this direction is the largest, and the speed is the fastest, I only hope to catch up with George Han and others as soon as possible. is just below them.

At this time, a gadget was shuttled through the ground like a clay boat.

Behind it is a simple wooden recipe. In the recipe, two people, one beast and one egg, are sitting in it. The woman is bored and takes the initiative to tease the beast, while the man is watching carefully with a book.

Apart from Pangolin and George Han, who else could this group be?

“Lao Tzu treats you as a brother, and you treat Lao Tzu as a horse and donkey. I rely on it.” The pangolin was depressed and dressed in soil. The soil was like water in front of him.

George Han ignored him, reading the Phoenix Heart Sutra intensively, and the understanding of fire in it completely refreshed George Han’s cognition.

Seeing George Han ignore it, the pangolin’s complaints can only be silenced, and honestly continue to drill forward.

This drill, I don’t know how many times.

In short, Xia Wei next to her has no idea how many rebirths there are between sleeping and waking up.

Evil Gourmet got up slightly, spit out the egg in his mouth, and then gently wrapped the egg with his feet and clamped it to George Han’s side.

George Han put down the Heart Sutra in his hand and looked at it strangely: “Are you tired? Want me to keep the egg for you?” He

noded heavily, then curled up, closed his eyes, and was about to sleep. go.

George Han nodded, moved his hand, put it into the storage ring, and let him rest temporarily.

After finishing all this, George Han was about to put the egg away, but saw that the egg was like a leather ball, and it got directly into George Han's arms.

Xia Wei looked at this scene magically, and George Han was a little dumbfounded.

"Hehe, Hatching George Han." The pangolin turned his head and smiled. The next second, when he was about to turn his head, he only heard him shout: "Oh, fuck!"

Then, together with Mu Fangzi, it seemed suddenly. What happened...
