

His True Colors Chapter 314-318

Chapter 314

Yang Chen looked agitated as he stood in place, the opportunity given by Han Giangli was the only way he could change his situation, the cost of his adoptive mother's treatment was no longer affordable with just his current job, which was why he had chosen to stay on Keystone Island.

To him, it was a gamble, and if he won, he would not only win a new life, but also win the cost of treatment for his adoptive mother.

"Mom, don't worry, no matter how much money it costs, I will save you, even if I end up with nothing, I won't regret it."

"How you raised me will be how I will protect you, you are my only family in the world, I will never let the King of Hell take you away easily."

In the studio, Su Yingxia had already told Xu Tong about the photo she had chosen, which was considered to be the end of the matter already.

But Han Giangxi noticed that Su Yingxia's expression wasn't too bright, especially as her eyes looked a bit sad.

On the way home, Han Giang couldn't help but ask Su Yingxia, "What's wrong with you, why are you suddenly sad?"

Su Yingxia sighed and said, "Do you know why Yang Chen doesn't have any money?"

Han Giangli raised her eyebrows and said, "If I had to guess, it's probably related to women."

"His adoptive mother is seriously ill in the hospital, and I heard Xu Tong say that during this year, Yang Chen spent all of his savings and sold all of his house and car, that's why he's living such a downward spiral." Su Yingxia exclaimed, when she first heard about Yang Chen's deeds, she felt very unbelievable because the Yang Chen in her eyes was not such a person, Han Qianqiang could see his eye-to-eye relationship with the bridal shop owner's wife, of course she could also see that.

I thought that Yang Chen was a scum who traveled around flowers, but I didn't expect him to have such a side, and most importantly, that woman wasn't Yang Chen's biological mother.

"Foster mother?" The surprise inside Han Qianli was exactly the same as when Su Yingxia had just heard about this, because he had decided through Yang Chen's relationship with his boss's wife that Yang Chen should be a person who was in a flowery and flirtatious position, and it was only when he used his money on those women that Han Qianli thought it was normal that he didn't expect this to be the case.

"Yeah, I didn't expect Yang Chen to be such a person, but he actually paid so much for his adoptive mother." Su Yingxia said.

"This is what he should have done, is an adoptive mother no better than a biological mother? If he hadn't been abandoned by his birth mother, how could he have stayed with his adoptive mother." Han Giang said indifferently, "The biggest difference between an adoptive mother and a birth mother is just blood, but sometimes blood doesn't mean anything."

Han 3000 understood this point particularly well, as his birth mother, Shi Jing, treated Han Jun a thousand times better than him.

The word kinship, which Han 3000 had seen through at a very young age, was that the most important thing in this world wasn't blood relations, but who really treated you well.

There was no one in the entire Han family other than Han Tian Yang who could compare to Yan Jun, even if there was no blood relationship between him and Yan Jun.

"How can there be a mother who is willing to abandon her own son." Su Yingxia said in puzzlement.

"No matter what the reason is based on, no matter how touching the explanation is, it's all bullsh*t, his birth mother already didn't deserve it when she made this decision in the first place." Han Giangli said indifferently.

There were a lot of these things in this society, they had all sorts of excuses and hardships, but could these excuses and hardships really hold up in front of a fresh little life?

"En." Su Yingxia nodded her head, acknowledging Han Qianli's statement.

"Did you perceive the relationship between Yang Chen and the bridal shop owner's wife?" Han Giangli suddenly asked.

Su Yingxia said, "I felt it, so I thought he was a scum before."

"But he's no good." Han Qianli smiled, deliberately belittling Yang Chen.

Perhaps out of pity for Yang Chen, Su Yingxia couldn't help but argue for Yang Chen, saying, "He's an adult, it's not strange for him to have needs in this area, and both of you are willing, so how can you say he's not a good thing."

Han Qianqiang raised her eyebrows and said as if she had a sudden realization, "That's right, it's indeed not strange to have a need for this."

Su Yingxia suddenly felt that Han Qianqiang's words seemed to be full of deep meaning, and her face suddenly flushed.

He wouldn't be beating around the bush to hint at something else, would he?

But this stupid pig himself is like a fool, he doesn't understand the meaning of the red thread on the bed sheet even when it's removed, so can you blame others?

Su Yingxia gambled and looked at Han Qianqian, if you don't enlighten yourself, you'll have to suffocate yourself.

The first thing you need to do is to take a look at the newest addition to the list, which is the one that you'll find on the website.

But without Su Yingxia's guidance, how would Han Qianli have the guts to do this?

Han Qianli doesn't know what she has gotten in return for her cleverness, but she is still happy, feeling that she has caught the right moment to remind Su Yingxia that a good day is coming soon.

When I returned home, tomorrow was the charity meeting, Su Yingxia had to prepare the dress to attend, Han Qianli also had to attend, so she also helped Han Qianli choose a formal dress.

In a short while, Shen Ling Yao called, she is now the middle leader of the Su family company, and with Su Ying Xia's blessing, she will be able to attend the charity meeting tomorrow, but she doesn't have any clothes, so she wants to borrow a set from Su Ying Xia.

When Shen Lingyao arrived at home, Han Qianli was very miserable and was kicked out of the room.

"Auntie He, how is Jiang Yingying doing lately?" Han Qianqian asked to He Ting.

Mentioning Jiang Ying Ying, He Ting couldn't hide the smile on her face, and at the same time, she was also full of gratitude to Han 3000, saying, "3000, this Auntie He has always wanted to find an opportunity to thank you, now that Ying Ying used to have an early internship, and it's still a big company in Rong City, listen to what Ying Ying said, it's all because of your help, and when Ying Ying comes back in a while, I must treat you to a nice meal."

There was a lot of backstage in Rong City right now, it wasn't even unusual for her to have big companies actively throwing olive branches at her without her having to deliberately look for a job.

"That's good, as for food, there's no need, I still prefer to eat Auntie He's cooking at home." Han Giangli smiled.

"I know you want to save me money, but you can't save this money, so listen to what Auntie He says." He Ting said with a firm attitude.

Han Qianli smiled helplessly, knowing that if he didn't allow He Ting to do so, she would definitely feel uneasy, so he could only agree.

At this time, Su Yingxia and Shen Lingyao came out of the room, each wearing a dress, Su Yingxia was slightly noble and elegant, while Shen Lingyao was playful with some cuteness, they were both considered very bright, but from the moment they came out, Han Qianli's eyes only rested on Su Yingxia.

Shen Ling Yao found that Han Qianqian didn't look at herself at all, and couldn't help but have some dim eyes, it seemed that no matter how beautifully she was dressed, Han Qianqian wouldn't care, or the other women in the world couldn't sway Han Qianqian at all.

Such an excellent and infatuated and loyal man, a phoenix hair in the world, but unfortunately not belonging to herself, Shen Ling Yao's heart would inevitably be a little sad.

"How is it?" Su Yingxia lifted her skirt and asked Han Qianli.

"No matter what you're wearing, you're the most beautiful." Han Three Thousand said from the bottom of her heart.

Hearing Han Qianqian's comment, Su Yingxia smiled widely and said, "Really?"

"Of course it's true, is there a more beautiful woman in the world than you? In my eyes, no one can win over you." Han Qianli said sincerely.

Shen Lingyao then suddenly said to He Ting, "Auntie He, you don't need to cook tonight."

"Ah? Why." He Ting said puzzled.

"How can you eat when you're full of dog food, some people are really unconscious, spreading dog food without caring if there are any single people on site." Shen Lingyao said with dissatisfaction.

He Ting smiled helplessly, also as a woman, she could also feel Han Qianli's deep affection for Su Yingxia, not to mention Shen Lingyao, even she would be somewhat envious.

Su Yingxia stared fiercely at Shen Lingyao and said, "If you're full, you shouldn't eat tonight."

"That's no good, I'm hungry and no one is distressed, why should I be made hungry." Shen Lingyao said righteously.

Chapter 315

"Does it look good"

The Peninsula Hotel, a red dress Qi Yiyun standing in front of Donghao, eye-catching bright red make Qi Yiyun like a delicate rose, heartbreaking.

The white skin and the red dress present a stark color contrast, giving people a strong visual impact.

At this moment, Qi Yiyun could definitely be described as a four-letter word that could be used to confuse a nation, and in ancient times, she must have been a red-headed scourge capable of destabilizing a country.

Dong Hao couldn't take his eyes off her, the Qi Yiyun in front of her was so beautiful that he couldn't find any adjectives to describe her even after racking his brain.

There were millions of words in the world, and none of them were worthy of her at this moment.

"Miss, if beauty can conquer the world, you only need to raise your eyebrows and the world is yours." Dong Hao said.

Chi Yi Yun smiled faintly and said, "If it was him who said that to me, I would be very happy, but it's a pity that you're not him."

Dong Hao lowered his head, his eyes flickering with hidden killing intent.

Who he was in Chi Yi Yun's mouth, Dong Hao naturally knew, and Chi Yi Yun showed such a beautiful side for him, making Dong Hao very jealous and wanting to cut Han 3000 by a thousand knives.

"Miss, he's not worthy." Dong Hao said through gritted teeth.

Chi Yi Yun looked at Dong Hao with disdain and said, "Are you worthy? No one but him has the right to make me take off my glasses."

"Miss, if you'll give me a chance, I'll be able to do better than him." Dong Hao said unconvinced.

Chi Yi Yun sneered at Dong Hao and said, "You're just a bodyguard of the Chi family, how could an opportunity fall into the hands of someone like you, and even if you were given ten hundred chances, you wouldn't be able to do it, some things can't be solved by fists."

These words almost made Dong Hao clench his back teeth, he didn't understand why Chi Yi Yun would have such a high opinion of Han Qianli, in his eyes, Han Qianli was just a trash, to solve such a trash, he only needed one hand!

How could this kind of trash gain Miss's attention, how could she be trusted.

"Miss, I'll deliberately give everything for you, even my life." Dong Hao said.

"A smart person would never let himself die, that's the difference between him and you." Chi Yi Yun said indifferently, Dong Hao was full of recklessness and didn't have half a brain, based on that alone, he wasn't qualified to be compared to Han Qianqian.

"But but he's already married, Miss, with your status, how can you be with this kind of man." Dong Hao said eagerly.

Qi Yiyun had a smile on her face, the beauty was even more breathtaking, her lips and teeth exhaled like an orchid, and said, "This can only mean that he is more mature, do you know what is the charm of a mature man?"

"I don't know."

"A coup and aloof, unlike you, who can't do anything but fight and kill, and while I like Red, the blood is disgusting, and I prefer him to kill without blood." Chi Yi Yun said with a smile.

Dong Hao didn't know anything about scheming and tactics, to him, the simplest and most direct way to accomplish something was to kill, to kill all the obstacles in front of him, only the blood path could prove that he was strong.

"Tomorrow, I want everyone in Cloud City to know that I, Chi Yi Yun, am the Clever Champion!"

That night, Han Q3 didn't expect that Shen Ling Yao, whose face was as thick as a city wall, would stay at home and turtledown him out of the room, making Han Q3 gnash his teeth in anger.

The next morning, Shen Ling Yao still arrogantly appeared in front of Han Qianli, raising her eyebrows and provoking him as if she was swearing sovereignty.

"I slept with Ying Xia on my arm last night, envy." Shen Lingyao walked up to Han Third Thousand and said deliberately.

Han Qianli took a deep breath and said, "Shen Lingyao, don't stimulate my bottom line, or I'll even hit a woman."

Shen Lingyao wasn't afraid of Han Three Thousand's threats at all, instead she intensified her irritation, "I'm hugging you so tightly that Ying Xia isn't even wearing any clothes."

Han Qianqiang was livid, if it wasn't a woman, he would have been furious.

"What are you guys talking about?" Su Yingxia saw the two of them whispering and asked curiously.

"It's nothing, I'm saying sorry to him for occupying his room last night." Shen Lingyao said.

Su Yingxia smiled helplessly and said, "What's so sorry about it, it's not like it's the first day our two sisters have slept together."

Shen Lingyao looked proudly at Han Qianqian and said in a low voice, "Hear that, it's not the first day."

Han Qianli was so angry that he was about to spit blood and kept comforting himself in his heart, Shen Ling Yao was a woman, it didn't matter even if they slept together.

After breakfast, the three of them changed into their clothes, and then Han Qianli drove out.

The charity meeting was held in the Tian family's private clubhouse, which was usually closed to the public and would only be activated for important events, the fact that the Tian family was able to hold the charity meeting here showed that they did indeed attach great importance to this matter.

This was also what Tian Changsheng and Tian Honghui both thought, Han Qianqian had become Tian Ling'er's brother, even if the Love Home wouldn't benefit the Tian family's reputation too much, they were willing to treat this matter with the highest level of nobility.

The people who came one after another were all lamenting this matter, as they all knew exactly what the private club meant to the Heavenly Family, and they didn't quite understand why a loving home was able to receive such attention from the Heavenly Family.

It should be known that there were many places like the Loving Home in Cloud City, but the fact that the Loving Home was favored made many people perceive an unusual flavor.

As the founder of the Loving Home, Peng Fang also came to the clubhouse early and stood at the entrance, somewhat at a loss for words, as she had never attended such a charity meeting before, when she learned that the Heavenly Family would hold this charity meeting for the Loving Home, Peng Fang was surprised for a long time without returning to her senses.

The Heavenly Family, the number one family in Cloud City, how could they care about an organization like hers that had little influence?

When Pengfang saw Han 3,000, she was very surprised since it was the first time she saw Han 3,000 in formal wear, it had always been very easy for Han 3,000 to overlook his presence due to his low profile, until now Pengfang felt that Han 3,000 was a very handsome and imposing person.

"Three thousand." Peng Fang walked up to Han Three Thousand and took an appalled glance at Su Yingxia.

"Sister Peng, why don't you go in?" Han Giangli smiled and asked.

Peng Fang looked reserved and said, "I've never been to an occasion like this before, so I'm a little nervous."

Han Qianli laughed and said, "What's there to be nervous about, we're all human, can we still eat you?"

That said, but this kind of circle, Pengfang had never been in contact with it before, so how could she not be nervous?

"Three thousand, did you help with this matter?" Peng Fang thought about it, she couldn't think of anyone else who would help the Loving Home other than Han Qianqian, but being able to get the Tian family to step in, Peng Fang was a little skeptical that Han Qianqian's ability would be able to do it.

"I happen to be somewhat familiar with the Tian family's old man, so I mentioned this matter to him, and the Tian old man is also a very caring person, and after hearing about the Loving Home, he nodded straight away to help," Han Marchian explained.

Peng Fang didn't hide her shock, not expecting it to actually be Han Third Thousand who had done it.

She had always thought that Han Third Thousand was just an ordinary office worker at best, but now it seemed that she had thought completely wrong ah!

"Three thousand, thank you, Love Home wouldn't have made it through this difficult time without your help." Peng Fang said.

Han 3,000 shook his head and said, "This is what I should do, by the way, this is my wife, Su Yingxia."

"Hello, Sister Peng." Su Yingxia said politely.

Peng Fang was stunned once again, Su Yingxia! The former number one beauty in Cloud City, she married

The Han Qianxiang in front of him was not the same name, but the wimp himself!

Peng Fang hadn't asked Han Three Thousand Years about her personal situation, and she had never thought that Han Three Thousand Years was the trash entry that Cloud City's ten thousand people despised.

"You are Han Three Thousand Years!" Peng Fang said in shock.

"Sister Peng, I thought you already knew that, after all, my name isn't exactly common, right?" Han Giangli smiled.

Peng Fang hadn't even thought about it, because the legendary wimp was completely different from the Han 3000 she knew.

"You, you're not even the kind of person those rumors say you are, so how could I have known that already," Pengfang said.

Chapter 316

"Sister Peng, those are all false, how can you believe them." Su Yingxia smiled, those rumors about Han 3000 in Cloud City were all deliberately distorted by Su Hai Chao, although there was no shortage of facts, but more of them were maliciously denigrated by Su Hai Chao, if not for Su Hai Chao, how could Han 3000 be treated as trash by the entire Cloud City.

Peng Fang looked embarrassed, before this, she was like most people, going with the flow and believing the rumors, after all, too many people were saying it, she had heard it too much, even if it was false, it was easy to believe it.

"Yeah, rumors are really scary." Peng Fang looked at Su Yingxia, her arm around Han Qianqian, she looked very close, and as far as their relationship was concerned, it wasn't like what the outside world was saying, and from that, it was clear that the rumors couldn't be believed.

"Sister Peng, let's go in first." Han Marchiang said.

"I still have to wait for Dong Shan." Peng Fang said.

"Is Dong Shan coming?" Han Giang was surprised.

Peng Fang nodded her head and explained, "I'm a bit nervous, that's why I called her up to attend as a staff member, had I known that you were there, I wouldn't have bothered her."

Soon after, Dong Shan and Song Ji appeared together, and when Song Ji saw Han Giang, he unconsciously lowered his head, the incident at the restaurant had cast a huge shadow on his heart, especially watching Han Giang drive away in his Lamborghini, the image had always lingered in Song Ji's mind.

Pinching the Mercedes key in his pocket, he must not reveal it again and embarrass himself in front of Han Marchant.

"Three thousand, I didn't think you'd come too," Dong Shan said.

"This matter was facilitated by Three-thousand, I didn't expect him to be so close to the Tian family's old man, thanks to his help this time." Peng Fang said with a smile.

That made Song Ji's eyelids jump, not only did this guy know Tian Ling'er, he actually had a good relationship with Tian Changsheng! Is there really such a cool person in Cloud City?

At that moment, Tian Changsheng and Tian Honghui, father and son, appeared at the entrance of the clubhouse, and when they saw Han Qianli, they walked straight here.

Song Ji's heart was a bit broken, no way, he appeared and Master Tian had to personally greet him?

The laughing and crying Song Ji could not wait to slap himself twice, what kind of immortal great figure was this offending?

"Master, you're here, why don't you go in?" Tian Changsheng walked over to Han Qianqian with a smile on his face, although his granddaughter-in-law definitely didn't stand a chance, it was already an honor for the Tian family for him to be the brother of Tian Ling'er.

Master!

These two words were like thunderbolts in Song Ji's ears, he was Tian Changsheng's master! Although Song Ji didn't know which way it was, this mentor-disciple relationship had proven that Han Three Thousand was different.

The numbed Song Ji sneaked a glance at Han Qianxiang, fortunately he didn't bother with himself, or he would have ended up in ashes!

"Let's go." Han Three Thousand Years said.

At that moment, Song Ji suddenly bent down and said to Han Three Thousand, "Han Three Thousand, I apologize to you for what happened before."

Han Three Thousand Thousand clouds and lightens his steps without stopping, walking towards the clubhouse.

Song Ji sighed heavily, though he didn't know if it was useful to say it, but if he didn't, he would remain distraught.

"I didn't expect him to be so powerful, I was such an idiot before." Song Ji said with regret as he watched Han Qianli's back as he left.

Dong Shan knew Song Ji's show-off personality, and he only showed off in front of people he knew were inferior to him, so who would have thought that he would kick Han Qianxiang's iron plate?

"With his position, he shouldn't be bothered with you," Dong Shan said.

Song Ji smiled bitterly, who said it wasn't, how could a big shot like Han Qianqian be bothered with a jumped-up clown like him?

In the clubhouse, all the influential figures of Cloud City's business world had arrived, and when they saw Tianchang Sheng, everyone was greeting each other, including some people who knew Han Qiangli, and when they saw Su Yingxia and him walking arm in arm, the rumor that Han Qiangli might have a relationship with Tian Ling'er was not broken.

Of course, why Tian Changsheng would value Han Qianxiang was still a mystery in those people's minds.

The charity meeting wouldn't officially start until ten o'clock, and the approximate procedure was Tian Chang Sheng's speech and Peng Fang's speech about the current situation of the Loving Home, which was a necessary procedure, even with Tian Chang Sheng's presence, to let them know what kind of existence the Loving Home really was and what the purpose of its existence was.

Before that, something happened that caused the entire Charity Society to stir.

The originally noisy hall was suddenly quiet, so bizarre that a needle could be heard, simply because a red figure appeared at the entrance, as if her appearance could pressurize the entire arena, everyone's eyes couldn't help but bet on her.

There were many nobly dressed women at the scene, their high society life immersion made their temperament different from normal people, but compared to this red figure, all of them were eclipsed, making people ashamed of themselves.

"Who is this This is so beautiful that one cannot describe it."

"It's too beautiful, and her temperament is like that of a noble."

"When did Cloud City produce such a great beauty, I've never heard of it before."

Amidst the countless sighs of people, Chi Yi Yun was destined to become the focus of the entire arena today.

At the moment the charity meeting was no longer important, the men on the scene were more interested in knowing who she was, which rich family she was born into, and whether she had a boyfriend husband within.

"Ying Xia, I I am not blurry eyed right, she, is she Yi Yun?"Shen Lingyao said jaw-droppingly, although she had known Qi Yiyun for many years, Shen Lingyao had never seen this side of Qi Yiyun before, so this moment was a bit unbelievable.

Su Yingxia was also dumbfounded, the impression that Chi Yiyun gave her had always been gentle, but now, she was like a fairy descending from the earth, beautiful and beautiful, the smile on her face made people feel like spring breeze, unconsciously they would be greatly infatuated with her.

"I didn't expect Yiyun to dress up and be so beautiful."After saying that, Su Yingxia let go of Han Qianqian's hand and walked towards Chi Yiyun.

Shen Lingyao saw the situation and hurriedly followed her.

While all the men looked at Qi Yiyun in fascination, only Han Qianqian's brows were furrowed.

Qi Yiyun's beauty was indeed stunning, but what did she want to express when she suddenly appeared in this manner?

It was impossible for a person to change herself for no reason, and since she was doing this, she must have some sort of purpose.

And this purpose made Han Giangli feel a hint of something wrong.

It was like like Chi Yi Yun's change was directed at him.

"Yi Yun, you're so beautiful."Walking up to Chi Yiyun, Su Yingxia exclaimed.

"I've long said that you can charm a man by taking off your glasses, I really wasn't wrong."Shen Lingyao said.

Qi Yiyun smiled slightly, her red lips dewy white, this smile affected the hearts and minds of most of the men present, they could not wait to be able to immediately worship under Qi Yiyun's pomegranate skirt.

"You guys are also beautiful."Qi Yiyun said.

In the past, Su Yingxia was known as the number one beauty in Cloud City, but compared to Chi Yiyun, she had obviously lost a lot of color.

But this was her best sister, so Su Yingxia wasn't half jealous, instead she was very happy and said, "How can I compare to you, you are the real beauty, if you were willing to change earlier, I don't know how many men would have pursued you."

"It's not too late now, look at those men's lustful eyes, surely there will be flies around Yi Yun later."Shen Lingyao did not hide her jealousy, but of course, the jealousy was not malicious.

From the moment she entered the clubhouse, Yi Yun hadn't looked at the other men, and it was only then that she looked at Han Qianqian after hearing the two of them say so.

It didn't matter to her how the other men looked at her, because she was wearing her gorgeous clothes for Han 3000.

She had the posture to make the men of the world swoon, but she only cared about Han Three Thousand alone.

Unfortunately, the clear-eyed Han 3000 not only didn't show the slightest state of emotion, but frowned instead.

"No matter how many men like me, I only care about one." Qi Yiyun said with a persistent gaze.

Su Yingxia and Shen Lingyao didn't know who Chi Yiyun was referring to by saying one, and they would never have thought that this person was Han Qianqian.

"Of course there can only be one, you can't find several husbands even though you're pretty," Shen Lingyao joked jokingly.

Chapter 317

Because of Qi Yi Yun's appearance, the charity meeting turned into an undercurrent of beauty chase, the presence of men, young and old, all have a share of Qi Yi Yun into the account of the heart, some want to keep, some feel that they have been inexorable love at first sight, this life is not Qi Yi Yun not to marry.

When he intervenes to control the scene, the charity meeting proceeds in an orderly manner.

When Tianchang Sheng and Peng Fang each spoke, in fact, the people present had little intention to listen, everyone's eyes, are on Chi Yi Yun, they want to get Chi Yi Yun's contact information at the first time, it would be best to be able to invite Chi Yi Yun to dinner tonight, as soon as possible to finalize this matter, or too many competitors, will make things too many variables.

As for Qi Yiyun, her eyes were on Han Qianqian from start to finish, without ever changing for a moment.

Although she could make Su Yingxia vanish from the face of the earth in order to get Han 3000, but Su Yingxia is her sister after all, and she is not sure what kind of consequences will be triggered after really doing this, so until push comes to shove, Qi Yiyun will not take this step.

But focusing on the eyes of the whole field, she was the only one who was not looked at squarely by Han Qianqian, which made Qi Yiyun feel as if she was indifferent to the coldness of the world.

Am I really not worthy of a glance from you?

"Yi Yun, you'll have to be prepared to be attacked by those men later, look at their wolf-like eyes, they all want to eat you." Su Yingxia said with a smile, although her radiance was completely concealed because of Chi Yiyun's arrival, she did not have the slightest bit of jealousy in her heart, instead she was very happy for Chi Yiyun, if Chi Yiyun was able to find a like minded man on this occasion, it would be a very great good thing for Su Yingxia.

Shen Lingyao's eyes looked at Qi Yiyun strangely, her heart was faintly uneasy because she found that Qi Yiyun, who was being watched by the entire audience, had her eyes on Han Qianqian the entire time, which made her wonder what it was for.

Could it be that she also liked Han Qianqian?

Han Qianqian's excellence was not impossible in Shen Lingyao's opinion to be liked by Qi Yiyun, after all, she had secretly fallen in love with Han Qianqian, but she had always kept this love deep in her heart and never exposed it.

However, Chi Yiyun's eyes were full of aggression, as if she didn't care about Su Yingxia at all.

This made Shen Lingyao have to be on the defensive, she didn't want to ruin the relationship between the three sisters because of Chi Yiyun.

"None of the men here are good, I don't care about them." Qi Yiyun said.

Following this topic, Shen Lingyao quickly asked, "Then who do you fancy?"

Chi Yi Yun smiled without saying anything, which made Shen Ling Yao feel even more worried.

After the normal process of the charity meeting was over, all parties had made a verbal commitment with the Heavenly Family to help the development of the Love Home, the next step should have been for those foolish people to launch a fierce attack on Qi Yi Yun, but then Qi Yi Yun suddenly stood up and walked towards the speech platform.

The crowd looked at Qi Yi Yun with puzzlement, wondering what she wanted to do?

"Grandpa, what does this woman want?" Tian Ling'er sat beside Tian Changsheng and asked, puzzled, this lady wasn't upset by Chi Yi Yun's gorgeous crown, she wouldn't feel that she was stolen by Chi Yi Yun, such things as looks were given to her by her parents, so she wouldn't complain that she wasn't as pretty as others, and Tian Ling'er was still very confident in this regard, although she wasn't as pretty as Chi Yi Yun, she still belonged to the ranks of great beauties.

Tianchang Sheng shook his head, from the moment Chi Yi Yun appeared on the scene, he felt that this woman was not simple, an ordinary family would never be able to cultivate a character with such an outstanding temperament, which meant that she had an amazing background behind her after all, even if she wasn't a noble, she must be the heir of some great family.

"Ling'er, how does she make you feel?" Tenchansheng asked.

"Feeling?" Tian Ling'er frowned, thought carefully, and said, "Stunning, beautiful, sexy."

Tianchang Sheng laughed and said, "These are all very superficial things, this woman, who has an overbearing spirit hidden in her bones, seems like she doesn't take any of the people present into her eyes."

Tian Ling'er deflated her mouth and said, "Does she still dare not put the Tian family in her eyes? Cloud City doesn't have anyone more powerful than the Heavenly Family."

There wasn't any in Cloud City, but there were countless more powerful ones than the Heavenly Family in Grand China, so who stipulated that she could only come from Cloud City?

At this time, Chi Yi Yun had already walked up to the speaking stage, looking at the eyes that were focused on her, Chi Yi Yun looked like a noble iceberg goddess.

"I know there are many people who want to pursue me, but I don't have the time to waste on you flies, so please don't bother me." Chi Yi Yun's words thundered in a flat tone, the people who could come to the charity meeting today were all leading business figures in Cloud City, and these people turned out to be flies in her mouth.

This kind of sentence that offended the entire audience, even Tian Changsheng couldn't just say anything, so right now, Old Man Tian's heart was shocked and startled.

"This little girl is really not afraid of causing trouble." Tian Changsheng said with a bitter smile on his face, although he did not approve of this action of Chi Yiyun, but the boldness and courage was unconvincing to Tian Changsheng.

Su Yingxia and Shen Lingyao were directly confused, because the Chi Yiyun they both saw was always cowardly and afraid of things, and it seemed like there was no word strong in her life, but today, just now! The strength that Chi Yi Yun showed, however, gave them a feeling of suffocation.

"Is this still the Chi Yi Yun we know?" Shen Lingyao said in shock.

Su Yingxia shook her head, she wasn't sure because she felt exactly the same as Shen Lingyao.

"Yi Yun has suddenly become strange." Su Yingxia said with a deep breath.

Han Giang, who was sitting beside Su Yingxia, had a face as heavy as water, Su Yingxia's unfamiliarity with Qi Yiyun did not come from Qi Yiyun changing, simply because she showed her true side, she had never changed, Su Yingxia and Shen Lingyao's perception of her was her mask, and this mask, she had worn for too long, even longer than Han Giang.

This kind of woman gave Han 3000 an illusion of fear, but of course, he wasn't really afraid, he just felt that this kind of hidden woman, once she revealed her true nature, would trigger a huge chain reaction.

Even more frightening, this kind of because, because of him!

"You don't think you can do whatever you want just because you're pretty."

"You know what we are? How dare you not take us seriously."

"Hmph, you've offended everyone with one word, have you ever thought about what will happen to you?"

Qi Yi Yun's beauty conquered many people, but her words also angered many people, especially some women, who were neglected because of Qi Yi Yun's appearance, causing their elaborate dressing to be useless, when Qi Yi Yun committed public anger, they naturally had to voice their crusade against Qi Yi Yun.

Faced with the onslaught of accusations, it was as if Chi Yi Yun was in the eye of the stormy wind and waves, not moving in the slightest.

"Am I wrong in what I said?" Chi Yi Yun said indifferently, as if her stated position would never be the slightest bit backwards.

"Who are you to be so arrogant, do your parents at home know about your stupidity?" A certain person opened his mouth to ask, Chi Yi Yun dared to display such an attitude, she must have something to look up to.

This is the question that many people present want to know, if you want to teach Qi Yi Yun a lesson, it's best to figure out her background, otherwise it would be self-destructive to kick the iron plate.

Jiang Fu's lesson was still fresh in their minds, and no one wanted to make a wrong step that would lead to a life full of losses.

"Even you guys are qualified to know who I am?" Qi Yiyun said with a provocative face.

The man who had just asked the question was livid, but Chi Yi Yun's strong attitude made him increasingly worried that this woman had a very powerful background, so he didn't dare to speak.

There was not a single person present who dared to pursue this matter any further.

Not only was Qi Yiyun gorgeous, she was even more imposing at the moment and dared not raise her head to these business tycoons.

Tianchang Sheng had a sighing expression, how could so many powerful big shots suddenly pop up in a small Yun City.

In the past, there was Han Qianqian, the young master of the Yanjing Han family, and this time, a powerful woman with no known background had popped up, Cloud City, the excitement was a bit too much!

Chapter 318

The silence of the charity meeting scene could be heard with a pin drop, Qi Yiyun's momentum was like that of a queen on high, overwhelming those business tycoons, when Tian Changsheng found a very interesting phenomenon that made his face pile up with a folded smile that could trap mosquitoes.

He found that the way Chi Yi Yun looked at any man was filled with disdain, and that this disdain radiated from her bones, but when she looked at Han Qianqian, it was completely different, and the meaning of this look was even more of a charm, as if she was proving something to Han Qianqian.

"Interesting, too interesting." Tian Changsheng couldn't help but laugh, fortunately Tian Ling'er had retreated in full body and become Han Qianqian's sister, otherwise, she would have to have another strong opponent.

"Grandpa, what's interesting?" Tian Ling'er was puzzled and curious.

Tian Chang Sheng stroked his beard and said, "This woman, she likes my master ah."

"Han 3000!" Tian Ling'er looked at Chi Yi Yun in shock and said, "She likes Han Giang, grandpa, you're not mistaken."

"Grandpa has lived for decades, he would never be wrong, this kind of look, if it's not a liking, what else could it be?" Tian Chang Sheng was certain.

Tian Ling'er couldn't help but tongue out playfully, another woman who had been conquered by Han Giang, and although she wasn't completely relieved with Han Giang inside, she had now tried to present herself as a sister.

For Tian Ling'er, it was a good ending for this unattainable relationship to end like this, as she could feel Han Qianli's undying love for Su Yingxia.

"It looks like another woman is going to be hurt by Han Three Thousand." Tian Ling'er exclaimed.

"That's not necessarily true, this woman is too beautiful, maybe Han 3000 will be tempted." Tianchang Sheng said, men were all visual creatures, it was by no means impossible to submit in front of beauty, there were countless celebrities in history who had ruined their life's foundation for the sake of red faces, Han 3000 was also a normal man, Tianchang Sheng didn't believe that he could really remain unshaken.

"Grandpa, what do you mean?" Tian Ling'er's expression suddenly became gloomy, and her tone was filled with coldness.

Tian Changsheng felt an inexplicable chill that made him shiver with emotion, and only then did he realize that he had said the wrong thing.

Tian Ling'er had failed in her pursuit of Han Qianqian, yet he now thought that Han Qianqian would fall under Chi Yi Yun's pomegranate skirt, wasn't this a disguised way of saying that Tian Ling'er was inferior to Chi Yi Yun?

"Good granddaughter, grandpa in no way meant that, don't misunderstand." Tian Changsheng said nursing his beard, afraid that Tian Ling'er would pull his beard to punish him.

Tian Ling'er bit her back groove teeth and said, "You didn't mean it, but that's what you thought in your heart, right?"

Tianchang Sheng could not laugh or cry, he was momentarily straightforward, but he did not expect to get such consequences in return.

Resignedly taking his hand away, he said, "If you want to pull grandpa's beard, go ahead, grandpa said the wrong thing and should be punished."

Tian Ling'er rolled up a white eye that cut through the sky and said, "What are you pulling you for, you're telling the truth, I really can't compare to her."

Seeing Tian Ling'er's head drooping and her shoulders pointing downwards, Tian Changsheng knew that this was a sign of a great blow to her heart and couldn't help but feel a little self-conscious.

"Good granddaughter, everyone's merits are different, and you are the best in grandpa's heart." Tian Changsheng quickly consoled.

"Grandpa, is he really going to change his mind?" Tian Ling'er said worriedly, although she hated Han Qianli for not liking her, but in her heart, she felt that the love between Han Qianli and Su Yingxia was worth longing for, and only in the two of them did Tian Ling'er see true love.

"I'm not sure about that," Tianchang Sheng said.

"If even he would change his mind, I would never believe in love again." Tian Ling'er sighed and said weakly.

At this time, Chi Yi Yun returned to Su Ying Xia's side from the speech stage, and only then did those people realize that she actually had such a good relationship with Su Ying Xia, and the company of those people in Jiang Fu could be the one that was bankrupted by the Su family, and based on that alone, they wouldn't dare to find trouble with Chi Yi Yun.

Han Qianqian got goosebumps, Qi Yiyun's family background wasn't in Cloud City, this was the result of his investigation, and this was certain, because the situation in Cloud City was clear, it was impossible for Qi Yiyun to hide so deeply.

In other words, she dared to commit public anger, in fact, she had already thought of using Su Yingxia to make those people know that it was difficult to retreat, so that they did not dare to retaliate.

This city seems to be simple, but in reality it is a shocking plan, the water crosses without a trace, without Su Yingxia noticing that she is being used.

The more this was the case, the more Han Qianqian felt that she was terrifying.

Previously, he hadn't intended to interfere with this girlfriendship, but now, Han Three Thousand felt the need to remind Su Yingxia.

"Yi Yun, you're so handsome that you actually made these people not dare to say a word." Su Yingxia looked at Qi Yiyun with an admiring face, like a little fan girl.

Chi Yiyun smiled faintly and said, "I'm just afraid that they will come to bother me, I won't find these people as boyfriends, they are all lustful people, seeing different things is their specialty."

Su Yingxia felt reasonable and kept nodding her head.

At this time, Shen Lingyao said something very profound: "Those people who won't see differently, you'd better not have any thoughts either, because their feelings will not be easily destroyed."

These words were considered a very obvious knock, even Han Qianli heard the meaning, but Su Yingxia didn't perceive anything, and this was the difference between an insider and an outsider.

The charity meeting ended under a bizarre atmosphere, and although Chi Yi Yun's appearance made many people unhappy, the verbal promise made with the Heavenly Family would not be forgotten by these people, so the purpose of the charity meeting was achieved.

At this time, Su Haichao was sitting in his office, looking at the phone screen with a fascinated face.

He was not invited to the charity meeting, but he had secretly placed his staff to broadcast the screen live with his mobile phone, for Chi Yi Yun's strong, Su Haichao was obsessed to the depths, he was just like all the men at the charity meeting, he was conquered by Chi Yi Yun's beauty, but the only difference was that Su Haichao felt that those men were not worthy of Chi Yi Yun, while he was qualified.

"This woman is so perfect, she is qualified to be my wife." Su Hachao said with a smug face, his heart's position for Chi Yiyun was worthy of him, but he had never thought that Chi Yiyun would be interested in him.

To be narcissistic to such a point as Su Haichao, in addition to being thick-skinned enough, he also had to have blind confidence.

"Hai Chao, the charity meeting was attended by many business people, the Heavenly Family was the only one who didn't invite you, will our company be ostracized by Cloud City in the future?" Su Yehan asked worriedly.

Su Haichao was full of a carefree expression, he now had a very big backer, what was Cloud City.

"Yeh Han, do you think I would put this trash in my eyes? A bunch of jumping clowns are just a bunch of clowns, if they don't follow me, it only shows that their vision is wrong, and going against me, Su Haichao, will make them regret it sooner or later." Su Hachao said disdainfully.

Seeing that Su Haichao was so confident, Su Yehan was relieved and said, "I'm afraid this woman is not as easy to get as you think, her attitude just now, looking down on anyone, you have to work harder."

"How normal for those trash to be looked down upon, but can they compare to me? Don't worry, in less than a month, she will definitely be conquered by me." Su Haichao was confident.

Su Yehan smiled, also as a woman, she could feel how arrogant Chi Yiyun's kind of eyes were, although Su Hachao now had his own company, but such capital, not necessarily able to conquer Chi Yiyun, she was different from the average gold-worshipping woman, and had offended so many business people to her face, it was obvious that she looked down on the average rich people.

Of course, it can't be ruled out that she was deliberately using this way to attract attention, to first screen out some of the flies who were not capable enough, so that those who really had the strength and courage to pursue her.

"Actually, conquering a woman doesn't necessarily require her to fall in love with you first, you can also use other means to slowly cultivate feelings after you get them." Su Yeh Han said with a smile.

Su Haichao raised his eyebrows, a lustful smile gradually appeared on his face, and said, "Yehan, this method of yours is good, if it works, I will definitely thank you properly."
