Chapter 3150

"I don't think you can kill him." George Han said lightly.

"Why do you say that I can't kill him?" The leading dogman knew that, let alone him, even if he was with his remaining brothers, he was not George Han's opponent at all, but fortunately, he still had The bargaining chip: "He is in my hand."

"In your hand, you can't kill." George Han ignored his threat and said in a cold voice.

"I know you are fast, but I don't believe you can rush to my hand to save people before I do it." The lead dogman coldly pretended to be shocked.

When the words fell, he hurriedly mentioned it in his hand, and for a moment, his extremely sharp nails left traces of blood on the pangolin's neck like a knife, and it disappeared in the flesh when he saw it!

"Really?" George Han sneered coldly.

Seeing George Han's cold smile, the dogman was obviously taken aback.

But almost at the moment he was stunned, he only felt that George Han's figure seemed to move, and it didn't seem to move, but he didn't even have time to tell, a sword pierced his throat, giving him the most truth. s answer.

Pain, abnormal pain, blood also gushing down the throat to the sword mouth continuously.

He couldn't use his nails to kill the pangolin, but his body subconsciously wanted to raise his hand to cover the wound between his neck, but just as he lifted it, the whole person was already weakly

able to give out the last breath, and then his neck crooked and lost his breath.

boom!

At the same time, George Han exploded with a burst of air, and he shook all the dog people around him.

“Wow!”

Seeing such a scene, it was originally dozens of dogmen who had guarded two floors inside and out. They were so frightened that they lost their color. After hurriedly retreating, look at the leader of the dead body on the sword. , Simply looked at each other, and Sayazi ran towards the gate of the city.

“I’ve said it, if you don’t hand over in five seconds, you all have to die.” George Han coldly looked at the escaped dogmen, his hands moved slightly, and the skyfire moon wheel flew out after a while.

“Wow!”

Before even screaming, the dozens of dogmen were wiped out in an instant.

“Ah!” The woman was already scared and stupid. At this time, she saw that she was the only one left, and then she reflected, screamed, and was about to run out.

“Damn it.” The pangolin bit its teeth, and its hands suddenly became claws, and they chased the woman directly.

Obviously, on this woman, the pangolin has suffered so much. If it weren’t for being deceived by her, why is this?

She still wants to run at this time?

Don’t even think about it.

A turned over and flew up to the woman’s body, and the pangolin’s clawed hands directly pinched the woman’s neck and lifted her up: “Fuck you, I see you are poor, and you are kind to save you, but you will avenge your revenge.”

The woman was uncomfortable being pinched, her face flushed, her hands struggled desperately between her neck, her legs kicked volley, her beautiful eyes stared at the pangolin closely, fear of death, There is also a begging for pangolin...

"Go to death, bitch." The pangolin didn't have the slightest mercy, and suddenly moved his hand to crush the woman's throat.

But as soon as he tried hard, a black shadow flashed, and a hand was placed on the pangolin's hand.

The pangolin was taken aback: "Three thousand?"

"Let her go." George Han said calmly.

"Let her go?" As soon as he heard this, the pangolin whole person wondered if he had heard it wrong, but even if he heard it correctly, he was unwilling to let this arouse conflicts between him and George Han, and at the same time make him stupid. To the crying femme fatale: "No, if I don't kill this bitch today, my anger will be hard

to dissipate ." "Killing her will eliminate your anger?" George Han patted the pangolin's hand: "Let her go." Come down, she was also forced."

"There is someone else who designed it for you."

"But..." The pangolin was unwilling to do so.

"Didn't you say you listened to me?" George Han looked at him quietly, his eyes very sincere.

Then, George Han leaned in to the pangolin's ear and whispered: "If we want to leave here alive, this woman can't kill."

Upon hearing this, the originally reluctant pangolin suddenly raised its head with a shocked expression on his face. Looking at George Han.

Although George Han's clouds were light and clear on the surface, the pangolin was stunned to discover that George Han's eyes were full of melancholy.

What's wrong?

Chapter 3151

George Han sighed, and then, with a slight movement of his hand, the woman was released from the pangolin's hand, and then she weakened to the ground, apparently returning the other person's life and death. There are lingering palpitations in the heart.

"Who are those people just now?" George Han looked at her and asked softly.

Hearing George Han's words, the woman obviously hesitated.

"You'd better answer honestly, otherwise I will send you to the west now." The pangolin said coldly.

As soon as the pangolin drank it, the woman shivered in fright. She hurriedly raised her head and said, "That's the dog soldier in Devil Cloud Ghost City."

"Devil Cloud Ghost City?" George Han frowned slightly.

"Going in from that city gate is the Devil Cloud Ghost City." She pointed to the city gate in front: "It is the only city in the red earth land, and it is also the only way to pass through the red earth land."

Han three thousand points Nodded.

The woman continued: "However, I do not know the city this adjective is appropriate because it is the city, and also eat people do not spit out the bones of the devil.." "Well,

how can the devil but just a bunch of garbage? That's it." The pangolin felt disdain when he thought of the dogmen.

George Han raised his hand to stop the pangolin, looked at the woman, and motioned for her to continue.

"Dog people are just boring, really amazing..." The woman said that, she didn't want to continue: "You don't kill me, I am grateful to you. As grateful, I advise you to go back the same way. Don't Enter the Devil Cloud Ghost City."

"Then what if we have to enter the city?" George Han asked.

The woman heard the sound, glanced at George Han, and said bitterly: "Do you know why there is an ambush here? How many high-ranking people have passed through this place for many years, and the number of people who defeated dogs like you is even unclear. . "

" but they are the final outcome, you know? "

George Han and the pangolin looked at each other and shook their heads.

"No one has ever left Devil Cloud Ghost City." When the woman said this, her eyes were rather complicated.

"That kind of hell city is far more complicated and scary than you think."

"The dogman is just a hunting tool, just like the hunting dog you raise."

"Go back from here, if you are lucky, maybe I can barely escape. But hurry, because when you set foot here, you will be targeted."

"It won't be long before the dogmen outside the city will shrink and gather, and the people in the city... .." Speaking of this, the woman looked at the deep gate, her eyes full of fear.

"Is it such an exaggeration? Frighten you grandpa pangolin?" Pangolin said with disdain.

George Han waved his hand, looked at the woman, and said to the pangolin: "I believe him." The

bones were endless along the way, which can explain some problems by itself. Secondly, marching into the center of the red earth, which is here. At that time, there was such a great wall blocking.

Is it like a bank laid in the middle of a river, drive the fish here, and then slowly collect the net.

If the fish is big and difficult to conquer, then the net will support it and the fish can only swim in along the only gap.

But as soon as you swim in, there may be even greater danger waiting for the fish to throw themselves into the net.

This is in line with what George Han expected, and also in line with what the woman in front of him said.

Therefore, George Han believed what she said.

“Is it good to make a sale?” George Han looked at the woman and smiled.

The woman was taken aback, and she didn’t know what George Han meant: “What do you mean?”

“After it’s done, I promise you will leave this ghost place safely and live a comfortable and free life, how about?”

Hearing George Han’s words, The woman was obviously taken aback for a while. She was not interested in comfort, but she was free?

How could she not yearn for? She dreams all the time, always wanting to have that kind of dream.

However, reality is often the opposite of dreams, and even makes her reality even more painful.

“Then what do you want me to do?” the woman asked rhetorically.

“I want to enter the city.” George Han said lightly.

Upon hearing this, the woman paled in shock on the spot and fell directly to the ground, shocked and said: “What?”
