

Chapter 3276

Young Master Ruyu didn't get angry, he smiled lightly and swept down the stage. Then, looking back at George Han, he said, "Xiongtai asked me three tricks. Ning is very grateful. . " "

but, on the ring is always fair contest, let the Xiongtai, Ning is a victory even if not elegantly, being the case, Xiongtai of mind rather a no thanks, but rather highly of certain words rather Xiongtai, please Let's have a great battle with Ning."

After finishing speaking, Young Master Ruyu greeted George Han very humbly.

Partially the son, really polite.

In the land of the demon race, I have been used to seeing all kinds of arrogant, rude and evil people. At this time, seeing this Lord Ruyu and Zhu Yanshuo really felt a refreshing feeling.

Han three thousand smile, said:. "Now that Mr. Han people speak of exports, some do it naturally, since it has been decided to let the three measures, there is no reason to recover."

"However, since the jade son spoke up next I must listen more, so, if Han makes a request, it is considered fair, and how does it look?"

Young man Ruyu smiled softly and said: "You have a request, but if Ning can do it When I arrive, I will never say half a word."

George Han nodded: "Young Master Ruyu is really extraordinary, but it is a pity that this request is not for Young Master Ruyu."

"Oh? What do you say?" Young Master Ruyu was taken aback, somewhat puzzled.

Above this ring, but the two of them are each other, how could it not be because of him?

"Hehe, this request requires City Lord Zhu to nod, or Miss Zhu nodded." George Han smiled.

Hearing this, Young Master Ruyu was even more stunned. The two fought each other. Naturally, there should be no other people's requirements, but why did George Han insist on pulling the two siblings of the city lord?

However, now that the words have been spoken, Young Master Ruyu also promptly signaled to the courtesy officer next to him, telling him not to rush to the start of the game.

There was also an uproar at the scene.

"What the hell is this?"

"Damn, is it no longer playing or something?" "I

heard that the kid suddenly asked for something, such as Master Yu's courtesy, this is called a temporary suspension of the game."

"Damn, Young Master Ruyu is too polite. What is this stupid idiot doing? I can see that this silly idiot is not good enough, and he likes to pretend to be bragging, trying his best to consume it on stage."

“That’s okay.” No, if you want to start from the beginning, Young Master Ruyu has to solve that idiot with a

single punch.” Everyone on the platform said one after another, but all of them were insults and ridicules against George Han.

Zhu Yanshuo over there also heard what was going on in the ring at this time. He frowned and walked a few steps to the side of the ring. He waved his hand slightly to signal that everyone below was quiet.

After the crowd was completely quiet, Zhu Yanshuo looked at George Han, and said, “My son, I don’t know if I need someone to do it for Zhu?”

“If Zhu can do it, Zhu will do his best.”

“City Master Zhu is polite.” George Han smiled softly: “My request is easy to say, it’s just City Lord Zhu nodding, and it is the same for Miss Zhu.”

Zhu Yaner under the hijab frowned slightly. Although she hadn’t spoken, she actually recognized George Han after George Han came to power.

Isn’t this the rude guy that my brother set up a table to entertain last night?

At this time, hearing George Han mentioning herself, she couldn’t help looking at George Han.

City Lord Zhu smiled lightly, glanced at Young Master Ruyu, and asked him what he meant.

Seeing Lord Ruyu nodded, City Master Zhu smiled and said: “The Lord speaks, and Zhu would like to hear the details.”

George Han smiled: “The next request is very simple. If you win, you only need to cancel it. The second martial arts contest.”

“Cancel this martial arts contest?” Zhu Yanshuo was immediately puzzled.

Everyone under the stands also began to discuss.

“If you win, you will be able to win the competition, and the martial arts contest will naturally end. The son of this means, isn’t it a bit of an unnecessary move?” Lord Ruyu also responded with strangely puzzled.

George Han smiled: “Han means that if I take the master of the ring, Miss Zhu will naturally belong to me, but...”

“But I will never marry Miss Zhu, so please also ask the Lord Zhu to be able to Promise.”

“What?”

“What?”

Above the arena, Young Master Ruyu and Zhu Yanshuo were almost shocked at the same time, Zhu Yaner under the hijab almost stood up in shock, and under the stands, there was peace at this time. ...

Chapter 3277

“*** you, it’s a ***

idiot !” “Get off, silly, do you *** know what nonsense you are talking about?”

“It’s really maddening me. This stupid has been doing it for a long time. I’m asking for a martial arts contest and not recruiting relatives.”

“***, he is really addicted to pretending to be X, ***, the Lord Zhu simply cancels the arena contest, so I am now You can go up and kill the bastard.” After a

brief period of peace, the audience broke out with verbal abuse that could almost directly kill people.

Under the hijab, Zhu Yan’er also stood up abruptly in disregard of reservedness. For her, this method showed that her dignity was ravaged.

The so-called martial arts competition, naturally recruiting relatives is the most important gimmick and there is no one, but this guy in front of him is better, just ignore the most important thing, but...

instead, only for the competition ?

Isn’t this humiliating her?

Remembering that last night, this guy still thought of herself as Xia Wei. At this time, the old hatred was still unsolved, and new hatred was added. Zhu Yan’er gritted her teeth with anger.

Not only Zhu Yan’er, Zhu Yanshuo and Young Master Ruyu on the side looked at each other when they heard George Han’s request, and they didn’t understand what this meant.

“Xiongtai, I heard you right? This martial arts competition is all for the final kiss, but you want to compete instead of the follow-up kiss?” Young Master Ruyu asked again, unbelievably.

Zhu Yanshuo also stared at George Han closely, obviously waiting for George Han’s confirmation.

George Han nodded: “Exactly.” After

receiving George Han’s answer, the two looked at each other in astonishment again, which was really damned.

They have seen thousands of perverted demands, but such perverted demands of themselves are really unheard of.

“However, Han Mou said that she needs to take Miss Zhu away for a while.” George Han said.

In fact, there is nothing wrong with this. Since we can recruit relatives by martial arts, naturally she has acquiesced to leave the house, and whether she is taken away or not is the next thing.

After all, the important thing is the power of City Lord Zhu and his relatives.

But...

“City Lord Zhu can rest assured, even if he takes it away, Han will be a gentleman’s courtesy and will never touch Miss Zhu at all.” George Han added.

The two were even more stunned. This is neither a name nor a color. They both want to ask, what the *** are you doing? !

“How about, City Lord Zhu, can you agree to this request?” George Han asked.

Zhu Yanshuo has always been gentle and polite, but at this moment, he is quite unstable and can't sit still. This strange request of George Han really makes people feel a little flustered.

However, Zhu Yanshuo thought about it carefully. From a common sense, although this request is a bit of a joke, it does not harm his own interests. What's more, from the rules of martial arts competitions, it does not seem to break.

What's more, most people are watching here at this time. Zhu Yanshuo thought of this and smiled softly:

“Okay, this matter, Zhu

agrees .” Hearing Zhu's promise, the bottom of the pot was blown up again.

“Damn it, is not it, Zhu Santo would be too polite it, even such unreasonable demands will actually agree? ‘ ‘ Is

it really a ghost, ah, like this hold three waste management he doing?”

“But It doesn't matter if you agree. Although this request is a jerk, don't forget one thing, he has to win it.” When

someone reminded this, many angry people turned into anger after a while.

“That's true. This monkey jumps up and down no matter how powerful it is, but the monkey will always be a monkey, and it will not be a human in this life. This idiot is again this and that, and it seems like it is about to win. Don't say agreeing to this idiot not to marry, just agreeing to this idiot to send him the entire Demon Race site, and he can't keep up with the heat.”

“Hahahaha.”

The audience suddenly burst into laughter. For them, anger was George Han's shamelessness, but if they were careful, what is the meaning of George Han's shamelessness?

But it just made fun of everyone's dimethoate.

“Well, since the request has been agreed, can we start?” George Han asked calmly, ignoring the rumors.

Zhu Yanshuo and Lord Ruyi nodded to each other, Zhu Yanshuo also retreated to his seat, Lord Ruyi also set his posture again.

George Han just stood there, very proud...
