

Chapter 3374

is like the morning after a complete carnival, and like the midnight after a busy, quiet people feel a little scary, quiet to prevent Buddha When you breathe out, you can feel the slight swaying sound of the hair moving in the wind.

The clouds dissipated, and the early sun in the sky illuminated the earth again.

All the people on the ground stopped their movements and looked up at the sky eagerly.

Not only them, but even the four great masters in midair and the glutton of evil, put down their vicious fight with each other at this time, looked up at the sky, Muna was stunned, opened his mouth wide, and didn't even dare to blink.

And above the top of the sky at this time, on the top of the clouds, two young people stood opposite each other, frivolous in the air.

Both of them were holding long swords, but one raised it and the other lowered it.

The lower one hangs slightly between the legs, and the sword body is weak, but

the hand at the hilt is tightly gripped. And look, the sharp sword tip is exactly in front of a person's throat.

George Han had a smile on his face, while Ye Shijun had hatred and unwillingness in his eyes.

But no matter how unwilling he was, he still had to accept the fact that the tip of the sword was in his throat, and he couldn't even move even if he moved.

As the competition between dragons and tigers lasted for nearly half an hour, now, this situation is completely over.

Han three thousand wins!

On the ground, a group of people were completely dumbfounded, and Zhu Yanshuo fell to the ground, his face was pale, looking at this scene in the sky, it was like a dead father.

"how so?"

"How could this be?!"

He asked in succession,

but he didn't know whether to ask himself or the heaven.

Zhu Yan'er's eyes were completely dull. This shouldn't be the script she wanted. What she wanted was to stand in front of George Han and tell George Han that as long as this lady is willing, a lot of people who are better than you will line up.

She wants George Han to be completely jealous of her and regret missing her, not... not right now.

Not only them, but the crowds who were watching from all over the city at this time were also caught in the panic and confusion with their mouths wide open.

And above the sky at this time.

George Han glanced at Ye Shijun in front of him indifferently, and opened his mouth slowly: "Didn't you call out quite fierce just now? Why, don't you call now? Looking at your eyes, I wish I could be slashed with a thousand swords and hands. Ah."

Ye Shijun gritted his teeth angrily, the whole person was furious, but what else could he do besides being sullen here

?

As long as he even moved, George Han would seal his throat with a sword and let him say goodbye to this world completely.

How can he be?

"George Han, it's just the injustice of the sky. Today, you are lucky and you barely won. But George Han, don't blame me for not telling you, you'd better kill me happily, otherwise, Ye Shijun swears. , once I survive, one day, I want you, George Han, to cry and kneel in front of me." Ye Shijun gritted his teeth and said angrily.

"Kneeling in front of you crying?" George Han smiled: "It's a good idea, I remember it. However, don't you think your threat is an idiot? Is the sword in your hand now, or is it in your hand? In my hand?"

"You!!" Ye Shijun got angry, after adjusting his two breaths to barely let go, he looked at George Han coldly, full of disdain.

"A dog model

In the same way, if it wasn't for me in the battle of the Nihless Sect that day, what qualifications would your Fuye family have to grow up? Not only did you not have the slightest gratitude, but you secretly attacked my disciples of the Mysterious Man Alliance. I haven't settled with you yet, so you grinned at me first. "George Han said coldly.

"But it is a fact that you killed my father, and it is also a fact that you seduce my wife. Ye Shijun shouted angrily.

"What embarrassing thing did your father do? You'd better ask him yourself. As for seducing your wife?" I'm sorry, from the beginning to the end I have no interest in your Ye Shijun's woman, can't I control the woman who comes to me to settle the account? Don't you know what virtue is to be courteous? "When the words fell, George Han moved his hand and hit Ye Shijun with energy.

Ye Shijun immediately gritted his teeth and waited to die, but after he felt it, the whole person couldn't help but froze...

Chapter 3375

without any pain, not even any meridian injury, everything seems so bland.

Even if Ye Shijun hadn't personally seen George Han hit him with energy, he wouldn't even think how George Han treated him.

“George Han, what the hell do you mean? What have you done to me?” Ye Shijun said angrily.

George Han smiled and said, “You became an eunuch for you. Didn’t you say that I brought you a green hat and seduced your wife? If you help people to the end, I will help you realize this wish.”

Hearing this Ye Shijun was stunned for a moment, and then his whole body was about to explode on the spot. He stared at George Han like a crazy dog, roaring and roaring like a crazy dog: “George Han, I fuck I’ll kill you.”

This is related to the

dignity , how can Ye Shijun control the anger in his body, he doesn’t care what the consequences are, and he will cut George Han directly with his sword.

But the core of the problem also quickly emerged. Ye Shijun found that he had no possibility of moving at all, and the whole body guarding Buddha completely refused to obey in an instant.

“You... what did you do to me?” Ye Shijun was extremely shocked.

He doesn’t understand, he doesn’t understand, why is it like this?

“It’s not too bad, I added some material to your body.” George Han said with a smile.

Ye Shijun stared at George Han viciously: “If you want to kill it, kill it, aren’t you a man?”

“What are you excited about? Isn’t it as simple as killing a dog to kill you? Besides, you are such a rubbish. I’m happy to die, what about me? I haven’t had enough fun.” The

words ended,

George Han grabbed Ye Shijun directly and fell directly from the air like he was carrying a chicken.

And as George Han fell, all the people on the ground were like sheep seeing tigers and fled one after another, forcibly turning a few meters around George Han into a football field.

At this time, George Han grabbed Ye Shijun and threw it directly half a meter in front of his feet.

Ye Shijun, who had not been able to survive just now, was so lost by George Han at this time, and he was as humiliating as a lost dog.

And with Ye Shijun like this, the people who were already very scared couldn’t help but retreat several meters in a row, and the Zhu family brothers and sisters also looked uglier than each other.

Zhu Yanshuo doesn’t need to say more, this is his guest, the super helper he invited is going to kill George Han, but now he has been knocked to the

ground by George Han, this is really hard to beat. Throw away a handful of rice.

Zhu Yan’er also heard her heartbroken voice, she finally recovered her heart from George Han completely, and was full of joy thinking that she had found the real unparalleled emperor.

As a result, there is a real son of fate, but unfortunately it is not the one who likes her, but...

but the one she most wants to forget and replace.

And she thought she was the real one, but was thrown to the ground like a dog at this time. She had fantasized about being able to show off in front of this damn man.

But now it seems that the biggest humiliation is already here, it's just that she didn't humiliate him, but he silently humiliated her.

Zhu Yan'er was so angry that she was about to cry, but what could be done about it? !

"What's wrong? Didn't you talk a lot just now

? Now, you're all dumb?" George Han glanced at everyone present, and no one obediently turned their heads to the side, for fear of touching his gaze, get his attention.

Zhu Yanshuo gritted his teeth and took a step forward: "George Han, be smart and let me go to Young Master Ye immediately, otherwise, I want you to die."

"Don't forget, even if you win Young Master Ye, There are still tens of thousands of elites in the city, and you haven't won yet."

George Han smiled, "You threaten me?"

After he finished speaking, he stomped on Ye Shijun's body, and Ye Shijun grinned in pain.

Seeing this, Zhu Yanshuo didn't dare to say more. Looking at George Han who sneered, he couldn't help it: "George Han, what exactly do you mean? What do you want? Give me a nice word.

" Good!"
