

Chapter 3404

two nodded to each other, George Han turned slightly to the side, leaving enough space, while Ziqing walked quickly. She moved to the side of the bed, glanced at Amelia Su, and suddenly lifted her hand slightly, and a stream of pure white energy gathered on her right hand.

After a while, her right hand hung in the air on Amelia Su's head, and the white energy in her hand slowly flowed into Amelia Su's body from her palm.

George Han didn't speak, just waited quietly.

In fact, from a certain point of view, George Han has no bottom to let Ziqing take charge of governing Amelia Su.

Not to mention that Amelia Su's poison is an incomparably ancient poison, even if it's just some other poisons, George Han has no bottom. After all, Ziqing is just a novice in the final analysis. Even if she is a little special, a novice is a novice, not to mention that she does not have any medical experience.

But the reason why George Han

agreed to do this is that Ziqing really guessed right about what he had just shot at him. She conquered George Han with her ability, but secondly, it was also the most important aspect. It is the special holy power of Ziqing.

When dealing with the nightmare of the Night Demon, George Han and others could not cause any effective damage to it, which even included the power of Chaos, the ancestor of all qi, but it was Zi Qing who relied on the holy power to break the Night Demon. To get everyone out.

Therefore, George Han believes in the uniqueness of holy power, and is willing to give her some opportunities to try at this moment.

Of course, although George Han knew that Amelia Su's life would theoretically be safe in theory, he didn't want to let her fall into a coma just like that.

Half an hour passed in the blink of an eye, and Zi Qing, who was quite relaxed, was sweating profusely at this time, and the white light was not only flowing into Amelia Su's body all the time.

, and more importantly, it still plays its role in Amelia Su's body.

Amelia Su's entire body was almost translucent, and a large amount of white air circled around her.

"Pfft!"

Over there, Zi Qing suddenly spurted out a mouthful of blood, and the whole person was slightly shaken back.

George Han hurriedly got up, helped Ziqing to sit on the bamboo chair aside, looked at her with concern, and said, "Are you alright?"

Ziqing shook her head and pointed to Amelia Su on the bed: "I'm fine, I'm tired. Excessive, look at Sister Amelia Su."

George Han nodded and rushed to the bed, but to his disappointment, Amelia Su, who was lying on the bed at this time, looked better than before, Nothing else has changed, and there is no sign of waking up.

Seeing that George Han was extremely disappointed, Ziqing stood up with pain in her chest, and said a little apologetically, "I'm sorry,

Brother George Han, I tried my best."

George Han forced a smile: "I'm sorry. In order to help Amelia Su, I made you look like this because I'm sorry for you."

"Go back to rest first, I'll take you out." George Han said.

Seeing that George Han was smiling at her, Ziqing understood that he was just acting for herself, but Amelia Su couldn't help her, so she could only nod helplessly. With George Han's support, Slowly walked out of the bamboo house step by step.

Everyone had already left, and George Han could only support her all the way to the wooden house.

Both of them were speechless. After a long time, Zi Qing finally gritted her teeth, glanced at George Han, gathered up her courage, and said, "Brother George Han, can I ask you a question?"

"Yes." George Han said.

"Since you..." Thinking back to the last time George Han treated himself,

Ziqing's face couldn't help blushing: "After you helped me with the treatment last time, I found my body... very strange."

"Very strange?" George Han frowned slightly, when he was treating Ziqing, George Han actually In her body found a tiny qiongqi.

And this is exactly this guy, making Ziqing almost impossible to practice and turning into mediocrity.

Simply, it was sealed by herself at the beginning, and Ziqing can also practice normally, but now Ziqing says her body is strange, could it be that that guy broke his seal again?

"I can't tell you what's strange, but it's very strange, it seems..."

Suddenly, just when Zi Qing was about to describe it, a sudden burst of light came from the rear. The strong explosive gas still blew the two directly down.

Looking back, the two of them were stunned at the same time. At this moment, a huge explosion of white light occurred in the entire bamboo house...

Chapter 3405

"Huh!"

Hundreds of meters behind, the sturdy giant tree as big as a man was suddenly cut off by someone. Falling down one after another, becoming a piece of itself.

The grass under George Han's feet was also completely bent in silence, and it was difficult for him to return to normal for a while.

Even the energy barrier that George Han hurriedly propped up when he felt that something was wrong behind him was completely shattered at this time, turning into a void and dispersing with the wind.

These are enough to explain the strength of the air waves generated between the light explosions.

As strong as George Han, he was already stunned at this time. After all, for so long, there were only a handful of people who could break his defense head-on, and it was still this way of attacking him in a non-frontal way.

"What is this?" George Han murmured.

In the next second, he suddenly got up from the ground and ran frantically towards the bamboo house. He suddenly remembered that the place where the explosion occurred

was his own home, and Amelia Su was still inside.

In just a few seconds, George Han rushed to the door of the bamboo house.

What surprised him was that although there was a huge explosion in the bamboo house, and the super strong air wave was quite devastating, it seemed that nothing happened in the house.

Not only was nothing destroyed in the explosion, even some of the furnishings in the previous house were exactly as they were at this moment, without the slightest change.

This is really shocking.

Strange but strange, George Han was more concerned about Amelia Su's safety. After a short pause, he rushed into the back room.

Thank goodness and thank goodness, Amelia Su was still lying on the bed as quietly as before, not only did not suffer any harm, but on the contrary, just like the decorations outside, nothing changed. Then what happened

to the light explosion just now? George Han couldn't help frowning, and couldn't understand the mystery at all, but when he thought about it carefully, it was a blank slate, and George Han immediately connected it with the holy power that Ziqing had entered into Amelia Su's body. .

Could it be because Amelia Su's body couldn't digest those very special powers? It seems reasonable to think about it this way, but at the same time, it also makes George Han extremely depressed, because this also means that all the previous efforts of Ziqing have come to nothing.

"Ah!" But at the same time George Han was very depressed, a miserable cry woke George Han again. He was suddenly shocked, because the voice was extremely painful, and it was obvious that the owner of the voice was experiencing an indescribable feeling. The pain is even more difficult. George Han can tell that this voice is Ziqing. Before she could think about it,

George Han rushed out of the house. On the lawn in the distance, Ziqing did not keep up and was still in the same place, but at this time she was not sitting or lying like that at the time, but was in pain. Crazy rolling on the lawn. In that light explosion,

although the air waves were indeed powerful enough, what George Han was basically certain about was that the air waves blew through his own defensive barrier, but the defensive barrier definitely resolved a lot of air wave impacts before it was broken. , Under this kind of intensity, it is impossible for Zi Qing to suffer any huge damage.

Moreover, this is not only George Han's budget, but more importantly, George Han and Ziqing have experienced the wind attack together, so he can basically be very sure that the wind generated by the light explosion is impossible for anyone. How much damage does it cause. But George Han is also very clear about Ziqing's behavior.

She is a typical Xiaojiabiyu type of woman, gentle and polite. Without extreme pain, she would never be able to scream out loud, regardless of the etiquette in her heart, and she would not be rolling around like a man now. .

She is like this now, which can only explain one thing, that is, she must be extremely painful and sad at this time.

It's really fucking weird and evil, it's obviously the bamboo house that exploded, Amelia Su is fine, but Ziqing has an accident, which is completely confusing.

George Han's feet moved, although it was extremely strange, but at this time, he hurried to Ziqing.

However, when he first arrived at Ziqing's side, when he saw Ziqing's current appearance, George Han's footsteps suddenly stopped, and a beautiful face not only frowned, but also revealed A look of incomparable astonishment...
