

## His True Colors Chapter 344-348

### Chapter 344

After Tian Honghui left the farmhouse, he immediately went back to the Tian family villa.

Tian Changsheng and Wang Mao, who were still playing chess, looked puzzled when they saw Tian Honghui hurrying home.

"Why did you come back so soon, how can you give some face to the Xie family and eat your lunch." Tian Changsheng chided, although something had happened at the wedding scene, the Xie family was downright cooperative and if Xie Haoran was smart enough, he should have already made amends to Han Qianqian.

After taking a glance at Wang Mao, Tian Hong Hui looked serious and said to Tian Changsheng, "Dad, I have something to tell you, go to your study."

Tian Changsheng frowned, it looked like something had happened.

"Ling'er, come and play chess with your grandfather Wang." Tian Changsheng said to Tian Ling'er.

Tian Ling'er also wanted to participate in the conversation between the two of them, but when she saw Tian Honghui's frosty face, she suddenly dismissed her thoughts.

She could be unbridled in Tian Changsheng's unbridled petulance, but she was still terrified of this majestic father.

When they arrived at the study, after Tian Honghui closed the door, Tian Changsheng eagerly asked, "What happened? Didn't Han Giangli forgive the Xie family?"

If Han Three Thousand had a problem with the Xie family and wanted to destroy them, even if this would disguisedly cause some damage to the Tian family, Tian Chang Sheng would do what Han Three Thousand wanted.

Now that Han 3000 held a very important position in the Heavenly Family, especially in Tianchang Sheng's heart, as long as Han 3000's demands could be met, Tianchang Sheng would do whatever it took to do so.

"Dad, do you know a person named Han Yan?" Tian Honghui asked.

"Han Yan? Never heard of it." Tianchang Sheng said with a frown.

"Is it true that the Han family only has two sons and no daughters?" Skyhonghui continued to ask.

"En." Tian Changsheng said with an affirmative tone, "When these twins were born, they were a sensation throughout Yanjing, and the people who went to the hospital back then were like crucian carpets, no one didn't know."

Tian Honghui shook his head in puzzlement, since the Han family had no daughters, where did this Han Yan come from?

Tian Honghui recounted to Tian Changsheng what happened at the wedding scene without missing a beat, and Tian Changsheng found it strange to hear it.

"This Han Yan, if she wasn't a member of the Han family, she couldn't have dared to have such an arrogant attitude." Tianchang Sheng was filled with suspicion and was very puzzled about Han Yan's identity.

"I can tell that Han Qianqian has some scruples about her," Tian Honghui said.

Tian Changsheng rubbed his temples and thought for a long time, recalling all the information he knew about the Han family, but other than the twins, he didn't have any impression of Han Yan.

"Are they illegitimate daughters?" Tian Changsheng doubted it, but after saying that, he denied himself, "Impossible, if it's just a bastard daughter, what right does she have to treat Han Qianxiang as trash? Even if Han 3000 is the family's abandoned son, she's a daughter, but she's not qualified to compete with Han 3000 for the family while Han Jun is in jail."

"Dad, to us, it doesn't really matter who she is, what matters is how we should choose now." Tian Honghui said, this was what he was rushing home for.

There was no need to delve into who Han Yan was, to the Tian family, they only needed to know one thing, and that was that this woman was not simple, the encounter between her and Han 3000 did not fall short in the slightest, then the Tian family was faced with a life or death decision.

Continue to stand by Han Three Thousand, or pull out of this matter as soon as possible to avoid being inflicted.

How could Tian Changsheng not be aware of what Tian Honghui said about this, but without knowing Han Yan's identity, he didn't have any basis to make a decision.

"Dad, I'll say a bad word, although Han Yan is a woman, but I feel that she has more strength and confidence than Han 3000." Tian Honghui reminded.

"I know what you're trying to say, but with my perception of Han 3000, he would do anything to protect Su Yingxia, if he falls, that means Su Yingxia falls, how could he allow that to happen." Tian Changsheng said, he understood what Tian Honghui meant, Tian Honghui didn't want to take too much risk, retreating in a hurry was the wisest choice in this situation.

But whether or not they could actually retreat with their whole body was unknown, but one thing was certain, and that was that once they retreated, their relationship with Han Marchant would break down.

"You're still willing to trust him?" Tian Honghui said.

Tian Changsheng didn't nod his head easily, his expression was extremely serious and heavy, because this decision, which determined the future of the Tian family, was a matter of life or death.

Tian Honghui was also not in a hurry, waiting quietly for Tian Changsheng's answer, he knew that such a decision was very difficult for Tian Changsheng.

After a long time, Tian Honghui stood up and said to Tian Changsheng with a smile, "Han Qianqiang is already Tian Ling'er's brother, isn't he?"

Tian Hong Hui let out a sigh, and although Tian Changsheng didn't say it explicitly, the meaning of his words had been expressed very clearly.

"Dad, no matter what decision you make, I'll support you." Tian Honghui said.

"This fight between the gods, we just need to stand behind Han Qianli and watch quietly." After saying that, Tian Changsheng revealed a bitter smile and continued, "In the eyes of the people of Cloud City, the Heavenly Family is already an unreachable existence, a figure standing at the top of the mountain, but only we ourselves know that this position is just the foot of an even higher mountain."

"Who says it isn't." Tian Honghui sighed helplessly, Cloud City was just a very small place in the vast Huaxia, let alone on the map of the entire world, and the glory of the Heavenly Family was nothing in the eyes of those who were even more powerful.

After returning home, Han Marchand locked himself in his room, facing Han Yan and the entire MiG Han family behind her, Han Marchand felt powerless for the first time, used to being in control of the situation, he had now lost that control, he knew that the MiG Han family would definitely invest in Cloud City next with a large amount of capital, and even the entire Huaxia.

He held tens of billions of assets in his hands, in the eyes of ordinary people, this was an astronomical amount that he didn't dare to imagine, but to the MiG Han family, ten billion was just a drop in the ocean, and with this kind of huge amount of capital in the city, Han 3,000 didn't even have a chance to resist.

The Su Family Company, which had only just emerged, would most likely collapse in a moment, and he, on the other hand, could only watch it all happen.

In the living room, Jiang Lan still had an indifferent expression, not even the slightest sense of Han Qianli's worry.

"The way he looks now, it's like when he first entered our Su family, so lame that he doesn't even dare to utter a word, he's even afraid of a woman, it's too disgraceful." Lan Jiang said disdainfully.

Although Su Yingxia couldn't understand Han Qianli's feelings, she knew that being able to make Han Qianli so serious was enough to show that Han Yan was difficult to deal with.

Faced with Jiang Lan's attitude of looking down on Han Three Thousand, Su Yingxia said reproachfully, "Mom, what time is it, you're still in the mood for sarcastic remarks."

"What do you mean by sarcastic words, I'm not saying sarcastic words, I'm just angry, it's time for him to show his manhood, how can he be afraid of a woman?" Jiang Lan said indifferently.

"You're thinking too simply about Han Yan, are those people in Jiang Fu powerful enough, is Han 3000 afraid of them? There must be a reason why Han Giang is so worried this time." Su Yingxia said.

This incident at the People's Square gave Jiang Lan a severe shock, she didn't expect it to end with Jiang Fu and the others kneeling in bankruptcy, which showed how powerful Han 3000 was.

But since he was so powerful, wouldn't it be simpler to deal with a woman?

With Jiang Lan's pattern, she could only think of the situation in Cloud City, she thought that Cloud City was owned by the Heavenly Family, and with Han 3000 being so close to the Heavenly Family, it would be an easy task to defeat an outsider, she wouldn't be able to think of the power behind Han Yan, nor could she imagine what the world was like outside of Cloud City.

This was called long hair and short sightedness, and what she thought in her heart was extremely ridiculous.

"What other reason could there be, maybe, he's just looking at Han Yan's pretty face and can't bear to do it, Ying Xia, you have to watch him, if he cheats, he has to be made clean." Jiang Lan said disdainfully.

### **Chapter 345**

Su Yingxia heard Jiang Lan's words and instantly blew up, it was such a time, what Jiang Lan was actually thinking about was to make Han 3000 net out, it seemed that in her eyes, there was only money and nothing else she cared about.

"Mom, how can you think like that, 3000 is trying to find a way to solve the trouble, while you are thinking how to make him net out?" Su Yingxia gritted her teeth and said.

Faced with Su Yingxia's angry attitude, Jiang Lan didn't care in the slightest and said, "I'm just a precaution, who knows what's really in his head, my good girl, don't trust men too easily, in the world, which man is not lustful?"

Su Yingxia took a deep breath and was numb with anger, she knew very well what kind of man Han 3000 was.

It was true that there were few men in the world who were not lustful, but the line depended on whether or not they could control themselves.

Su Yingxia believed that even if Han Qianqiang had a lustful side, he would be able to control that line well.

"Mom, I'm warning you, don't say such words again." Su Yingxia said coldly.

Jiang Lan was unhappy for a moment and said, "I'm your mother, and you're talking to me in such a tone and warning me?"

"Even if you're my mother, you can't slander 3000 like this." Su Yingxia looked at Jiang Lan with a torch-like gaze.

Jiang Lan saw Su Yingxia's tough attitude, didn't dare to be too competitive, just said, "I'm doing this for your own good, whether you want to listen to me or not, as you wish."

Su Yingxia smiled indifferently, it would always be this for your own good, there was no telling how many people in the world were inexplicably bound because of these four words, when they said this, did they not consider the other party's feelings?

"You elders are happy to meddle in other people's lives with these four words, and you're still acting like you're righteous." Su Yingxia disdained.

"Isn't it enough to do it for your own good?" Jiang Lan was angry.

"Is it for my own good, or for your desire for control, don't you know?" Su Yingxia retorted.

This made Lan Jiang unsure of how to refute, and even she herself wasn't sure if what she was doing was to satisfy control, or if it was really for Su Yingxia's own good.

In the room, Han Qianqian, who was racking her brain, suddenly received a phone call.

Looking at the caller ID, Han Three thousand's first thought was to hang up, he is now anxious, can not be in the mood to deal with these peach blossoms.

But after thinking about it, Han Three Thousand still pressed the answer button.

"What do you want?" Han Qianli asked.

The call was from Chi Yi Yun, and with Dong Hao's investigation at any monetary cost, she now knew Han 3,000's identity.

"I'm at the Kaiwei Hotel and want to meet you." Although Chi Yi Yun's current image was not necessarily recognizable to Han Yan and Han Feng, Chi Yi Yun still changed her place of residence to be on the safe side.

"I'm not interested in you." Han Giang said indifferently.

"I know." Qi Yiyun smiled miserably, with her posture like this, she was rejected by Han Qianli several times, she was hurt very badly inside, but now the situation was no longer certain, she didn't necessarily have to get Han Qianli, as long as she could reach a cooperation with Han Qianli, she could just as well solve the Qi family's troubles.

"Since you know, don't contact me in the future, I don't want Su Yingxia to be sad." Han Three Thousand said.

"Han Yan returned to China for you, right, although I don't know what the reason is, but you, the abandoned son of the Han family, are now facing a lot of trouble, and I, can be your helper." Chi Yi Yun said.

This made Han Giangli frown, the fact that Qi Yiyun could say the words Han family outcast meant that she already knew her identity, and trying to investigate that wasn't something that an ordinary person could do.

Han Giang had long suspected Chi Yiyun's identity, but who she really was, Han Giang couldn't go to determine.

"Why do you want to help me?" Han 3,000 asked.

"I'll wait for you, and when I come, I'll tell you everything." Qi Yiyun said and hung up the phone.

Holding the phone, Han 3,000 hesitated, this might be a good opportunity to seek a solution, but Chi Yi Yun could never simply help him, Han 3,000 was very sure of that.

As he walked out of the room, Han three thousand made his decision, planning to meet with Chi Yi Yun, no matter what she wanted, at least Han three thousand could know who she was.

"I'm going out." Han Three Thousand said to Su Yingxia.

Su Yingxia nervously approached Han Three Thousand and asked, "Did something happen?"

"No, I'm going to meet a friend, don't worry." Han Qianqian smiled.

Su Yingxia knew that Han Qianli was trying to comfort her, how could something not be wrong if she could make Han Qianli so serious.

But as a woman, all she could do now was to silently support Han three thousand behind him.

"Be careful." Su Yingxia said.

"Wait for me to come back and finish dinner." Han Three Thousand smiled.

As soon as Han Three Thousand went out on his front foot, Jiang Lan said in a gloomy manner, "You can be careful, maybe he's just going to the hotel to have a private meeting with someone."

Su Yingxia looked at Jiang Lan with fury and said with discontent, "Mom, do you have to try to ruin the relationship between us?"

"I'm just giving you a heads up, I don't want you to lose your money and people." Jiang Lan said in a righteous manner.

Su Yingxia sighed helplessly, arguing with Jiang Lan about such issues was really giving her a headache.

Han Qianli drove up to the Kaiwei Hotel and there was a man standing at the door, his familiar appearance and stature shook Han Qianli's heart.

Wasn't this the guy who had beaten Knife Twelve into the hospital in the boxing ring, why was he here!

"Long time no see." Dong Hao walked in front of Han Qianqian with a cold face, if he wanted to, he could kill Han Qianqian with a single thought, but he just couldn't do so.

"I didn't expect you to be one of Chi Yi Yun's men, I'm shocked." Han Three Thousand said.

Originally, he had some guesses about Qi Yiyun's identity, but now, Dong Hao's appearance completely shattered Han Qianli's previous imagination, and it was clear that Qi Yiyun was more powerful than he had thought, and more than a little bit and a half.

"Miss won't let me touch you, or else you would have died in my hands already." Dong Hao said coldly.

Han Giangli nodded his head and didn't deny it, being able to beat Blade Twelve into the hospital, killing him was easy.

"But you don't dare, lead the way." Han Giangli said faintly.

Dong Hao instantly squeezed his fist, Han Qianli ignored his attitude, full of naked provocation, he wanted to kill Han Qianli with one punch, but just like Han Qianli said, he didn't dare to do so.

"Stop pretending, if you don't dare to do something, why struggle?" Han Giangli continued.

Dong Hao snorted coldly and said, "I'll find a chance to kill you sooner or later."

"You like her? So it's frustrating to face her throwing herself at me, isn't it?" Han Qianli deliberately angered Donghao.

Dong Hao's killing intent emerged, and he gritted his teeth and said, "Miss didn't throw herself at you, it's just that you have use value."

Hearing this, Han Qianqian laughed and said, "So she just wanted to use me."

Dong Hao was stunned, hating it so much that he almost gritted his back groove teeth, and that's when he understood why Han Qianli deliberately irritated him.

If Chi Yi Yun knew that he had said something like that, Chi Yi Yun would never forgive him.

"This is just my own speculation, it has nothing to do with Miss." Dong Hao said.

Han Giangli smiled without saying anything and walked into the hotel.

In the elevator, Dong Hao mentioned what had just happened again and said, "My wild guess, I hope you didn't take it seriously."

Han Qianli couldn't help but laugh and said, "Haven't you ever heard of the saying that the more you describe, the darker it gets?The more you explain, the more it shows your guilty conscience."

"I don't have a guilty conscience, I just don't want you to misunderstand Miss,"Dong Hao said.

"Don't worry, I didn't misunderstand her because I believe you're telling the truth."Han Qianqiang said, talking to this kind of person who only had force and no intelligence at all, Han Qianqiang felt quite relaxed, although Donghao could kill him in one move, but in terms of the mind city, Han Qianqiang could play Donghao around at will.

In Dong Hao's current mood, killing Han 3,000 times wouldn't vent his anger, but he was biased and couldn't do so.

When the elevator arrived at Chi Yi Yun's floor, Dong Hao said, "Miss is in the room at the end of the corridor, you can go by yourself."

"Don't worry, even if you don't go, I'll tell Chi Yiyun what I just said."Han Giangli smiled.

#### **Chapter 346**

In the room, Qi Yiyun, who had purposely applied light makeup and changed into a skirt, paced back and forth, constantly looking in the mirror in the bathroom.

The first time she met Han Qianqian, but every time she met him, it made Qi Yiyun feel like an ugly daughter-in-law meeting her in-laws, like a deer bumping around in her heart.

When she heard the footsteps stopping at the door, her entire nerves tensed up, and the doorbell rang, making her even more stunned.

Standing at the door, Chi Yi Yun only opened the door after taking a deep breath.

Han Qianli's cold eyes walked into the room without any emotion.

Qi Yiyun heavily exhaled a sigh of relief, the female pleasure was pleasing to the eye, deliberately dressed up in make-up, but she was unable to let Han Qianli look at her squarely, although this was a situation she had been able to foresee, but the real occurrence still made her heart somewhat unacceptable.

"Can't you even take a look at me?"Chi Yi Yun said unconvincingly, she didn't have feelings for Han Qianyan, but she felt that her elaborate dressing should at least be recognized by Han Qianyan's eyes, such disregard was tantamount to an insult to her.

"How do you want to use me, just say it."Han Qianqian said indifferently.

Chi Yi Yun frowned and said, "I'm not using you, I just want to work with you."

Han 3000 sat on the sofa, which was why he took a look at Qi Yiyun, and had to admit that her body and posture were extremely seductive to men, but to Han 3000, she was just a pretty woman, that's all.

In Han 3000's heart, there was no one who could compare to Su Yingxia's status, and his relationship with Su Yingxia did not happen because of Su Yingxia's beauty, but rather the pain they had suffered because of each other over the past three years.

It was hard to wait for the day to clear the clouds and fog, how could Han Qianqiang's feelings for Su Yingxia be swayed just because Chi Yiyun looked beautiful?

"Your men have made it very clear, you don't need to argue," Han Giangli said.

Chi Yi Yun's face sank as she gritted her teeth and said, "What did he say?"

"He said you threw yourself at me, not because he liked me, but because he wanted to use me, but you don't have to blame him, it's something I side-stepped, and although he's a great fighter, his brains, they're still lacking." Han Giangli smiled.

Chi Yi Yun knew that Dong Hao had never wanted her and Han Giang to get too close, but Chi Yi Yun also believed that Dong Hao would never dare to say these words casually, it must have been Han Giang who had made a scheme to make Dong Hao say it unguardedly.

"Yes, I did want to use you in the past, but now, we have a common enemy, so we can work together." Chi Yi Yun said.

"A common enemy?" Han Qianqiang said, "Your so-called common enemy, is it Han Yan?"

"It's the whole Mickey Han family," Chi Yi Yun said.

"It seems that your family is not simply doing business in the rice country, right?" Han Giangli smiled, Qi Yiyun's identity couldn't be investigated in Cloud City without the slightest flaw, which meant that they were extremely well hidden, and the deeper they were hidden, the more it meant that she was not simple.

"Yes, the Chi family has a great deal of influence in the Chinese area of Mi Guo, and even has some ties to the royal family, but it's still a far cry from the Han family." Qi Yi Yun explained.

"Su Yingxia and Shen Lingyao were really cheated by you, I heard Yingxia say that when you didn't have money in school, you used to spend them both." Han Giangli said.

"It's just that they mistakenly thought I didn't have money, I never said I didn't have money." Qi Yiyun said, during school, she ate very little, but it was what she liked, but it was misunderstood by Su Yingxia and Shen Lingyao as being economical, so these two would often buy her some delicious food, although this food ended up being dumped into the trash, but this love was still something that Qi Yiyun always remembered in her heart.

If it wasn't for the appearance of Han Qianqian, Qi Yiyun would never have destroyed the relationship between the three of them.

There was actually a problem that Qi Yiyun had pondered over for a long time, when she and Han Qianqian had a common enemy, she didn't have to destroy the relationship between Han Qianqian and Su Yingxia, as long as she reached a cooperative relationship with Han Qianqian, then the Qi family's troubles could be solved with the help of Han Qianqian.

However, an excellent man was in front of her, and for Qi Yiyun, who was quite harsh in her selection criteria, she still couldn't give up Han 3000 in her heart, even if she didn't love it now, but one day, Qi Yiyun felt that she would fall in love with the man in front of her, and the sisterly relationship between her and Su Yingxia was destined to be shattered.

"The Han family has some kind of grudge against you." Han Qianli asked.

"The Han family is just a helper of the Chi family's enemies, but if you can take care of the Han family, the Chi family's rivals will not be enough to fear, although I don't know why Han Yan came to you, but with what I know of the Miya Han family, they will definitely make very excessive demands of you." Chi Yi Yun said.

Han Qianli smiled helplessly and said, "Not only is it excessive, it's simply unreasonable, they asked me to change my surname, how could I possibly agree to such an overbearing request."

Qi Yiyun looked astonished, she had guessed countless possibilities, but never would she have thought that the Han family would be such a request.

In the middle of the world, there were so many people with the Han surname, could they still be overbearing and ask everyone to change their surname?

"Because you have Han blood, are they afraid of disgracing you?" Although it was an absurd reason, Chiyun couldn't think of any other reason other than that.

"Good." Han Marchan said with a nod, "But the Yanjing Han family, who had long forgotten about this matter and never thought of climbing into the Mickey's Han family relationship, doesn't know why they decided to do so this time."

This was something that Han Qianli hadn't figured out, after all it had been many years since his grandfather had returned to the country and had never had any contact with the MiG Han family, he knew that there must be some kind of reason, but what it was, Han Qianli couldn't figure out.

"Have you ever thought that this matter is related to your brother?" Chi Yi Yun said.

"It seems you know the Han family well, you found out in such a short time, you didn't spend a lot of money, right?" Han Giangli smiled.

"For me, as long as I can get the Qi family through this difficult time, I'd be willing to spend any amount of money." Chi Yi Yun said with a firm gaze, she hadn't done anything for the Chi family, but this time, since the responsibility to help resisted on her shoulders, she had to complete it.

"If it was him, this matter would involve another person, after all, he's still in jail, and these things aren't something he can accomplish." Han Giang said, there was indeed a high possibility that Shen Weng would do this, Han Giang had envisioned it before, but the reason why he wasn't sure that it was Shen Weng's doing was because he couldn't see Han Jun getting anything out of it.

Did the MiG Han family not put Han Jun in his sights? That was obviously not possible.

"It does seem that your brother is more popular than you, and even though your grandmother is dead, there are still people willing to help him." Chi Yi Yun said.

Han 3000 nodded his head undeniably, all along, Han Jun's status was higher than his, he was like an orphan who had been put out to pasture, even though he lived in the Han family compound, no one would take him seriously, even those servants at home would talk behind his back, saying that this young master of his was a loser who wouldn't make it in the future, and would even be kicked out of the Han family.

"But he won't get any benefit from doing so," Han Qianli was confused.

Smiling like a flower, Chi Yi Yun was even more beautiful and touching as she walked over to Han Qianli and sat down, her slender and fair legs interlocking, her feet on crystal heels, outlining the curves in a sexy way.

"Some people do things and don't want to gain anything for themselves, but to see what you lose, he doesn't get the benefit but can see you lose a lot, isn't it a good thing for him?" Chi Yi Yun smiled.

This was considered a complete awakening to Han Qianqian, the problem he had been struggling with was solved, and this argument was absolutely capable of being justified, with the character of Shen Weng and Han Jun, there was nothing wrong with them doing this.

As long as he lost what he had now, Shen Weng still had the ability to make a comeback for Han Jun, and Han Kuang knew that the biggest purpose of Shen Weng's appearance was actually to help Nangong Qianqiu take revenge.

### **Chapter 347**

"How about, want to work with me?" Qi Yiyun saw Han Qianli was silent in thought and asked.

Han Qianli suddenly stood up, walked to the window, and said lightly, "I don't want Yingxia to be sad, and since the MiG Han family is also your enemy, the matter of cooperation is not impossible, but you have to remember that under no circumstances can you do anything to make Su Yingxia sad, or else I will never let you off the hook."

Hearing Han Qianqian's stern voice, Qi Yiyun felt a hint of pain in her heart.

Just for Su Yingxia?

"Can't I have some weight in your heart, do you know how many men will like me, for them, to be able to kiss me is a great blessing in life, and now, this opportunity is right in front of you." Chi Yi Yun said unwillingly.

Han Qianli smiled lightly and said, "You are indeed very beautiful, beauty can move most men, but I am an exception, my love has been given entirely to Ying Xia, and in this life, I will never be tempted by another woman."

After saying that, Han Qianli left the room.

Qi Yiyun sat on the sofa with a pale face, her hand covering her aching chest, this kind of merciless rejection should not have happened to the excellent her, when she took off her glasses and amazed the world, but she never thought that Han Qianqian didn't care about it at all.

"Dad said that the more difficult the peak is to climb, when it's over, the more accomplished you'll be, Han Qianli, I don't believe you can really be unmoved, you're just a mere mortal." Chi Yi Yun gritted her teeth and talked to herself, clearly very unhappy about this matter, and had no intention of giving up.

At this time, Dong Hao pushed in the door, and Chi Yi Yun looked up abruptly, looking at Dong Hao with cold eyes.

The first time Dong Hao lowered his head, he explained, "Miss, I accidentally let my mouth slip, if you want to blame me, Dong Hao has no complaints."

"This is the last time I'll give you a warning, or you'll get the hell back to MiG." Chi Yi Yun said.

"Yes."

For the next half month, Han Qianqiang accompanied Su Yingxia on her morning jog every day, picking Su Yingxia up and down from work, everything seemed choppy, but Han Qianqiang was clear that this was just the calm before the storm.

During this time, the Peninsula Hotel's courtyard, every day, there will be countless luxury cars parked at the door, they all came to see Han Yan, there are even figures in the city council, but what they actually talked about, no one knows.

One day half a month later, a heavy piece of news smashed the calm Cloud City into waves of shock.

The east of the city will create a new city, not and the west of the city distant corresponding, but the competition, the investment will be far more than the west of the city, for a small cloud city, the establishment of two new city, will certainly have one of them become a stepping stone.

The rice country Han family is also in cloud city officially listed Han's group, Han Yan as Han's group chairman, public statements, will use the Han family's strength, drive the development of the entire cloud city, within five years, to the cloud city's standard of living significantly improved, a time, Han Yan the two words, became the cloud city masses sought after object, and even many people take Han Yan as faith.

Weak Water Real Estate, Han 3000 appeared in Zhong Liang's office with a face as heavy as water.

Although he had expected Han Yan to interfere with the situation in Cloud City, he hadn't expected Han Yan to be so menacing.

The new city in the east of the city was now only in the area planning stage, but it had already gained the support of almost the entire Cloud City, whether it was ordinary people, businesses, or official personnel, all of them were now involved in this matter, and the momentum was already completely incomparable to the west of the city.

"Young Master, even many of the workers on the west side of the city site have run away, what should we do now?" Zhongliang asked to Han 3,000.

"Stop the construction and stop the damage in time." Han Qianqian said.

Zhong Liang was shocked, the investment in the west side of the city project was already enormous, if we stopped construction at this point, the damage would be irreversible.

"Young Master, are we going to admit defeat?" Zhong Liang said unwillingly.

"This is just their initial investment, there will be a large amount of capital pouring into Cloud City next, with the funds I have in my hands now, I won't be able to compete with her." Han Qianli heaved a breath, this was the power of money, he couldn't admit it even if he didn't want to, no matter how many means he had to turn the tide, but with the non-stop capital entering the market, any scheme would seem powerless.

No matter if it was ordinary people or those businessmen, they could only see the benefits, and who would put the west of the city in their eyes when the east of the city could bring them even greater benefits?

What's more, even the official attitude was now more than willing to support Chengdong, which left Han 3000 with no choice at all.

Zhong Liang gritted his teeth and said, "This Han is like a divine army that has deliberately come to target us."

"Her appearance itself is aimed at me, and now I can only take one step at a time." It wasn't that Han 3000 didn't have a solution, nor did he want to be in this passive situation, but he didn't have any way to solve the dilemma at hand.

Money to him was just a string of unimportant numbers, but that was only for living, and now that he was facing things that were under overwhelming pressure from the business world, this amount of money was a bit insignificant.

The MiG Han family had a hundred-year heritage, how could he turn the tide with only ten billion in his hand?

At this time, the office door was pushed open and the petite secretary walked in looking panicked, saying to Zhong Liang, "Brother Zhong, a woman named Han Yan wants to see you."

Hearing this name, Zhong Liang was even more furious, and just wanted to say no see, but Han Yan had already walked into the office, followed by Han Feng and Han Qing.

Han Feng looked like a dude, walking like a crab across the room.

"Everyone but Han Qianqian, get out." Han Feng said in an arrogant manner.

Zhong Liang looked at Han Qianqian, he wouldn't listen to Han Feng unless Han Qianqian wanted him out.

Han 3000 looked at the secretary and motioned for her to leave first, but Zhongliang was left behind by Han 3000.

"Can't you understand human language? I told you to get out." Han Feng said with cold eyes at Zhong Liang.

"Why don't you try barking a dog, maybe he'll understand." Han Giang said indifferently.

"Rubbish, are you calling me a dog?" Han Feng's eyes looked coldly at Han Giang.

"I didn't say that, but if you're willing to admit it yourself, of course I'm fine with it." Han Qianqian said calmly.

Han Yan stopped Han Feng who was about to get angry, that aristocratic lady's temperament was most vividly reflected at this moment, and said to Han Three Thousand, "Han Three Thousand, you still have a chance now, my request is simple, I want all of Huaxia to know that you don't deserve the surname Han from now on, whether it's through the TV or the internet."

"Han Yan, what makes you think I will agree to you?" Han Qianli said.

"With me now in control of Cloud City, and a trash like you, is there any room for resistance?" Han Yan laughed lightly, her eyes filled with contempt, it was still just her first step in dealing with Han Sanchi, the real capital hadn't even appeared yet Han Sanchi had no other choice but to surrender, in Han Yan's eyes.

"We still have more time to play." Han Three Thousand Thousand said.

Han Yan's eyes were cold, the reason why she came to Han 3000 was because she didn't want to waste too much time in Huaxia, the East Side project, even if she spent a huge amount of money to hire more people, it would take at least two years to complete, if she were to stay in Huaxia for two years, she would collapse, this kind of garbage place, to take one more breath of air, Han Yan felt that it was a disservice to herself.

"What are you playing with me with, do you have such strength? Even if you could inherit all of the Han family's assets, in my eyes, it's just a pile of pocket money." Han Yan said disdainfully.

"Rubbish, do you know what it means to be truly rich? You don't think you're rich if you have a few hundred million, do you." Feng mocked Han Qianqian with disdain.

Han Qing also said in passing, "Young Master Feng, for someone like him who has no insight, not to mention a few hundred million, even tens of millions is a lot for him."

With a faint smile, Han Feng deliberately asked Han Qing, "Little Qing, how much did I pay for that island I bought last time?"

"Young Master Maple, it's only 1.3 billion." Han Qing laughed.

Feng looked at Han Qianqian with a raised eyebrow and said, "Rubbish, do you have that kind of strength?"

### **Chapter 348**

"How can trash have strength, Young Master Maple, you're such a joker." Han Qing covered his mouth and laughed lightly.

Han Feng nodded his head in his old spirit and said, "That's right, why would I ask such a stupid question."

"Han 3000, this is the last chance I'm giving you, I hope you can think clearly, otherwise you won't be able to live." Han Yan said, she didn't come to Cloud City to force Han Three Thousand into a death situation, playing dead with a loser wouldn't be fulfilling for Han Yan, finishing this matter as soon as possible and leaving Huaxia was Han Yan's appeal.

But if Han Qianxiang insisted on having a hard bone, Han Yan didn't mind giving her some bloody lessons.

Watching the three of them leave the office, Han Qianli smashed her fist on the desk.

The solid wood desk trembled from the tremendous force, and some cracks even appeared on the desktop.

Zhong Zhi was shocked, but this desk was one he had personally picked out and bought, and it had been cracked by the young master's fist, how much force had to be exerted!

"Young Master, they're so hateful, do we need to deal with them in other ways?" Zhong Liang gritted his teeth and said.

Zhong Liang's meaning was clear to Han Qianli, but even Chi Yi Yun had an expert like Dong Hao by her side, so how could Han Yan not have one? So this idea was one that Han Qianli had already given up on, he was afraid that if he did so, it would affect Su Yingxia's safety.

"Do as I say, the city is shut down." After saying that, Han Qianliang looked at the time, it was almost time to pick up Su Yingxia from work.

When Han 3,000 yuan left, Zhong Liang touched the crack on his desk and was frightened, if this punch hit someone, he would be half useless if he didn't die.

What had he gone through all these years of being treated as trash by the Han family?

"Young Master, I hope you can survive this, all these years of holding back, even I don't want to see it go down the drain." Zhong Liang said silently.

Arriving at the downstairs of Su's company, Han Qianliang, as usual, after parking the car, leaned against the side of the car to smoke, because Su Yingxia was afraid of the smell of smoke, so when he smoked, he would try to avoid Su Yingxia, and would never leave any smell of smoke in the car.

Taking a glance at the kiosk, since Mo Yang was not the boss, Han Marchiang had one less place to pass the time, whenever this kind of time, Han Marchiang regretted a little, if not to let Mo Yang back into the world, at least there was someone to chat with him, not so boring.

When he saw Su Yingxia walk out from the company, Han Three Thousand quickly threw away his cigarette, took a few breaths, and patted his clothes to dissipate the smell of smoke as much as possible.

"How is it, nothing happened in the company today, right?" After getting into the car, Han Marchiang asked Su Yingxia.

Su Yingxia afterglow surreptitiously sized up Han Three Thousand and said, "The company is nothing, but the current situation in Cloud City is a bit scary ah, Han's group is raging, I'm afraid the west project of the city will be waist-deep, does that classmate of yours know about this matter?"

Speaking of classmates, Han Giangli had a bit of a headache because this legendary classmate was himself, and he hadn't figured out how to explain this to Su Yingxia.

"Let's talk about this ..... at home." Han Three Thousand said.

Back at the hillside villa, both Jiang Lan and Su Guoyao were actually in the living room, which was unusual, since their family had become rich, Jiang Lan was usually still out playing cards at such times, while Su Guoyao had already met up with a drinking buddy to go out for a drink.

"Mom, what are you guys doing here?" Su Yingxia asked to Jiang Lan.

"The Han Clan is making so much noise, Mom is so distraught that she doesn't even have the desire to play mahjong, Han Qianli, you should hurry up and think of a way to deal with Han Yan instead, don't get our family into trouble." Jiang Lan said to Han Three Thousand with a hint of reproach in her tone, as if Han Three Thousand had done something wrong in this matter.

"Three Thousand, who is this Han Yan, and how did she get so rich?" Su Guoyao was puzzled.

These two were very selfishly worried, they were simply afraid of affecting their existing lives, as for what Han 3000 was facing, they didn't care at all.

"Han Yan is back from the Mi Kingdom, the Mi Kingdom has a history of a hundred years, and the Han family has more assets than you can imagine." Han 3000 said.

"If you can't deal with it, then go find helpers ah, isn't the west side of the city project owned by Weak Water Real Estate, instead you should quickly go find Zhong Liang to co-opt it, isn't Weak Water Real Estate not afraid of the impact this matter will have on the west side of the city?" Jiang Lan glared at Han Qianqian, complaining that Han Qianqian was not doing his job well and couldn't even think of a way to do this.

Han Marchian was filled with a bitter smile and took a look at Su Yingxia, this lie, it seems like it's time to tell Su Yingxia, continue to conceal it, I'm afraid this opportunity for confession won't arise again.

"Yingxia, actually ..... I'm actually the owner behind the Weak Water Property." Han Giangli said.

"What!"

"What!"

Jiang Lan and Su Guoyao mischievously stood up from the sofa and looked at Han Marchant incredulously.

Weakwater Real Estate was even owned by Han Three Thousand!

That is to say, Weak Water Real Estate used to have to have Su Yingxia as the person in charge, but in fact it was all Han 3000 who was secretly arranging it.

Jiang Lan had always thought that it was because Su Yingxia was excellent that she was valued by Zhongliang, and even felt that Han Qianliang had more capital to eat soft rice in the future, and hated Han Qianliang even more.

But now, such thoughts gave Jiang Lan a headbutt.

What she was thinking was a complete joke, but the man who ate soft food in her eyes had already taken control of it all.

All the changes in the Su family were all from this man?

"Are you kidding me, how can Weakwater Real Estate be your company." Jiang Lan did not want to believe it.

Su Guoyao also had the same attitude, after being a wimp in the Su family for so many years, how could he believe it when he suddenly shook his body and became the owner behind a big company?

"Han 3,000, don't you talk nonsense, isn't the Weak Water property owned by the Yanjing Han family? What does it have to do with you." When this was said, Su Guoyao was completely dumbfounded, the intense shock in his eyes causing his eyeballs to bulge out a little.

Yanjing Han Family, Han 3000!

A crazy idea was born in Su Guoyao's mind, so much so that in an instant, Su Guoyao got goosebumps.

"You ..... you, you're not someone from the Yanjing Han family, are you!" Su Guotao felt his scalp go numb and his legs go weak.

"That woman called Shi Jing, the reason why she gave the bride-price to Ying Xia is because this bride-price, originally belonged to her?" Jiang Lan also figured out some things at this time, she used to think that Shi Jing was rich and generous, so she didn't care about that money, that's why she would give it to Su Yingxia in passing, but now that she knew the truth, Jiang Lan's worldview was about to be turned upside down.

"Not bad." Han Qianli nodded in acknowledgement.

Jiang Lan and Su Guoyao both collapsed onto the couch.

The young master of the Yanjing Han family had been a wimpy son-in-law in their house for several years, being pointed out and humiliated and looked down upon by them, and the past was like a running horse in the minds of both of them.

At this moment, Jiang Lan finally felt what it meant to be frightened, and she knew that if Han Qianli was going to argue with her about all this, her grave would probably be two meters high.

The reactions of these two, Han three thousand did not even look at them, his eyes were always on Su Yingxia, because in his world, only Su Yingxia was worth caring about, what other people thought of him, irrelevant.

But to Han 3000's surprise, Su Yingxia didn't react as much as Jiang Lan and Su Guoyao did, and instead still seemed very calm.

"I actually guessed this possibility long ago." Su Yingxia said with a smile.

"Why? When did I show my hand?" Han Qianliang was puzzled.

"How could my abilities be favored by Weak Water Real Estate, and with my position in the Su family, I can't afford the position of the person in charge, Su Haichao is more qualified for the job than me, and your classmate, who never shows up, and more importantly, the company name of Weak Water Real Estate." Su Yingxia paused and continued, "Weak Water, right?"

Han Qianli smiled helplessly, he thought he had hidden it well enough, but he didn't expect Su Yingxia to be able to guess it, which made him unexpectedly say, "Weak water, three thousand, only marry Yingxia."

In Han Qianli's opinion, at this time Su Yingxia should be somewhat touched, but in fact it was not so, Su Yingxia walked to Han Qianli's side, grabbed Han Qianli's ear and said fiercely, "Let you lie to me, and still say that you are a classmate."
