

Chapter 3488

“Wow!” “

What!” The white light and the talisman chain suddenly stuck in front of the two of them. There wasn’t the slightest explosion or even the slightest fight between the two. It was just about half a meter in front of the two of them.

When the white light exploded, the two talisman chains suddenly separated from each other. After that, all kinds of strange runes from a square! As soon as the square formed, the runes were connected in series with each other,

and bursts of blue light were released, and the two men, the mercury and the water drop, suddenly stopped in the air, just half a meter in front of the rune square wall, and could no longer advance or retreat. “What? How could it be like this?”

The Mercury Man was clearly shocked. How could he expect that with such a strong attack, not only would he not hurt George Han in the slightest, but instead he would be caught in a dilemma at this time. . Shuizhuren was also a little panicked.

He tried to struggle but found that he could not be controlled by himself at all, and was tightly sucked by this strange talisman square in front of him. “What a strange spell.” The Mercury Man glanced at the Shuizhu Man.

Shuizhuren also nodded: “This kid is really evil, we can’t keep him.” After the words were finished, the two seemed to have reached some kind of consensus. Suddenly, a strong light radiated from them, and George Han still didn’t understand.

This is the *** trick, George Han is really angry, but facing such an attack, he has no can only impose defense and let others slaughter.

“Bang!”

Sure enough, with a loud noise, George Han’s entire body was directly knocked into a 90-degree bend, and then he fell heavily and flew nearly tens of meters.

boom! ! !

The wall shattered, and George Han’s entire body was half embedded in the hard wall.

“Ah...”

George Han sighed with difficulty. He only felt that his whole body was about to be abolished. The severe pain hit his entire body, and the fierce impact made his blood flow smoothly!

Without the support of George Han’s energy, the Nether Emperor’s technique suddenly lost its spirituality, the talisman collapsed, and turned into a light smoke that dispersed with the wind.

The Mercury and the Shuizhuren took on their humanoid shapes again, and both of them couldn’t help sneering when they looked at George Han, who was completely embedded in the wall.

They are very aware of the hardness of the Moon Palace's architecture

.

"The wall of the Moon Palace is made of the hardest cold stone in the lake. Everything is indestructible, but with your body, you can smash the wall of the cold stone into something like this. I have to say, young people, the body is not ordinary. Ah." The mercury man laughed.

Shuizhuren also snorted coldly and said, "Hmph, so what? Not to mention that this kid is not a true god at all, and he doesn't have the body of a true god. Even if he is, what is the difference between him and a waste? Hearing this, the

Mercury man also nodded softly: "It's a pity, it's a pity, but it happened to meet us."

"Hahahahaha!

"

George Han clenched his teeth, and his anger came from his heart, but what happened was that, as the two of them said, their bodies almost fell apart, let alone want to get up and beat them, even if only
If you want to move, it is extremely difficult.

"Tsk tsk, pitiful, pitiful, to have to do some pointless struggles when you are about to die, it is really sad to hear, and to cry when you see it."

"But unfortunately, the two of us have never been kind, on the contrary, hehe, What we like is to see the helpless and pitiful struggle of people before they die!"

Shuizhuren sneered, glanced at the mercury person next to him, smiled at each other, and then slowly walked towards Han three thousand.

To them, George Han was the chicken that had been tied to death, just waiting for them to stab him in the throat.

But just as the two were about to approach George Han, the sound of footsteps sounded slightly throughout the palace...

"Da Da Da..."

Mercury and Shuizhuren couldn't help but look back...

Chapter 3489

At this time, a huge figure slowly walked over and stood in front of them.

The two couldn't help frowning slightly, obviously a little surprised.

"It's you?"

Yes, it is!

Evil gluttony.

It stood coldly in front of the two of them, with its limbs upright, its single eye glaring, and it was extremely domineering.

“Hmph, I really don’t know whether to live or die. Does a little clown beast dare to block our way? Do you want to know how to die?” Shuizhuren said coldly after being slightly shocked.

The mercury man also scolded angrily: “God, go away, it’s not your turn to be a beast to die here. When we kill him, you will naturally feel better, get out!”

” It seemed extremely deafening, but at this time the gluttonous glutton of evil was unmoved at all, just staring at the two of them coldly.

“It seems that this dog can’t hear people’s words.”

“Well, since this beast is in a hurry to die, let’s send him back to the west first.

” After the

words were finished, the two men suddenly carried water polo in their hands.

“Roar!”

Seemingly feeling threatened, or perhaps his own cheering atmosphere before the war, the gluttonous glutton of Evil also roared with great momentum.

Although the body was injured before it came in, it stood up without turning back when faced with George Han’s peril.

George Han saw it in his eyes and was anxious in his heart. If it was a gluttonous glutton at its peak, George Han would naturally rest assured that it could single them all out.

But George Han is very clear about the stage of the gluttony of evil now.

With its current strength, it is impossible to be the opponent of the two true gods’ souls, but it is just to die.

“The gluttons of evil, go, get out of here, their target is me.”

With all his strength, George Han gritted his teeth urgently.

“Roar!”

But in response to George Han, it was not the glutton of evil leaving, but a roar, and the next second he attacked the two watermen directly.

Perhaps for it, dying with “friends” is the best destination.

Or perhaps for it, this is the necessary dignity of being an ancient beast.

“Looking for death.”

Facing the attack of the evil glutton, the two watermen didn’t even have to shoot at the same time, but the water drop man greeted them.

“Crack!”

It was almost exactly the same as the previous move. Facing the swooping of the gluttonous gluttons, he not only did not dodge at all, but directly greeted him.

When the two meet, it naturally turns into water and completely breaks the claws of Evil Taotie. At the same time, the water condenses and takes shape, and a punch hits Evil Taotie firmly.

With a loud bang, Evil Taotie’s entire body smashed to the ground heavily.

George Han closed his eyes and couldn’t bear to look anymore, but his heart was already both sad and angry.

As he said, he never regarded the gluttonous glutton as his subordinate

or strange beast, he just regarded it as a friend to accompany him.

Now, seeing him doing this for himself, how could George Han bear it.

“You are targeting me, what are you trying to do to me. Anyway, you are also famous seniors in the Bafang world. What’s the point of bullying a strange beast that hasn’t grown up yet?” George Han opened his eyes again and looked at The two watermen said loudly.

Hearing this, the two watermen glanced at each other with great interest.

Shuizhuren smiled, and suddenly appeared in front of Evil Taotie, looked at George Han, and said leisurely: “Originally, I really have no interest in this beast, but seeing you are so nervous, I suddenly became interested. ” When the

words fell, he suddenly raised his feet, and the pair of water feet suddenly guessed on Evil Taotie’s body, and the severe impact suddenly hurt Evil Taotie screaming.

“Enough!” George Han shouted angrily.

“Enough

is enough? What do you think you are, and you dare to command us? You have said enough, but I don’t think enough.” He smiled, and the next second, he raised his foot again, aiming at the evil Taotie is about to kick.

“Roar!”

With a roar, Evil Taotie seemed to be completely irritated. He didn’t care about his injuries, he forcibly got up, and before he got off his feet, he turned around and took a bite!

The water leg snapped, but in an instant, it healed again.

“You bastard, you dare to attack Lao Tzu? I tell you, you have successfully angered me, and I have to let you die.” As soon as

the voice fell, the Shuizhuren suddenly rose again, aiming at the gluttonous gluttons of evil. rushed straight away.

“Roar!”

The glutton of evil did not rush to fight back, but turned around and roared at George Han, and then he turned around and rushed towards Shuizhuren.

And only George Han himself understands what the evil gluttonous roar is saying to him!
