

Chapter 3558

also recovered at this time, and looked back at Qin Shuang in disbelief.

“This... what’s the situation?”

Qin Shuang was completely amused and didn’t know how to answer for a while.

Everyone is a cultivator. As for Amelia Su’s ability, even if you don’t see her making a move, you can roughly look at her cultivation base and guess one or two.

In Qin Shuang’s eyes, Amelia Su is more, maybe he can be regarded as a master, but he is absolutely nothing on the same level as super and top.

This is actually the best explanation as early as the time of the original Niu Wuzong war.

If Amelia Su was such a top-level expert, George Han would definitely not let Mingyu and himself guard Amelia Su, and even less would Renshenwa die in that battle.

Therefore, it turns out that Qin Shuang’s judgment should be correct.

In addition, he has been with Amelia Su for so long, which can be proved even more.

“I don’t know either, Ying... Amelia Su, how did she become so powerful all of a sudden?” Qin Shuang was puzzled and puzzled.

Anti-Buddha suddenly changed into a person overnight.

If the strength of ordinary people to top masters is divided from one to ten, then the previous Amelia Su is about three, maybe she is at least five and six without being affected by the family, but this is also her limit.

But now, just from the power of this move, her ability is at least between eight and nine, and she can even faintly step into the ranks of the top experts, and compete with some eight-level experts.

“Did she break through the shackles of her body? I mean she passed out a few days ago. Could it be because the old troubles that helped the family have relapsed, but after the help of George Han and Ziqing, everything has disappeared. , to restore her original strength?” Ningyue said.

Fu Li shook his head: “Fu’s family was worried about Amelia Su and resistance at the beginning, but Amelia Su’s body was indeed a chronic suppressant.”

“During the suppression period, let alone a sharp increase in cultivation, even if the original cultivation cannot be lost, all It is already a miracle. After such a long period of time, even if Amelia Su really got rid of the harm of these poisons, it is absolutely impossible for her cultivation level to rise instead of falling.”

“Besides, even at her peak, Amelia Su, It’s far from reaching this level of cultivation.”

Compared with other people, Fuli should be the person who knows Amelia Su the most, and naturally he knows more about Amelia Su's strength than anyone else.

"What do you mean... Amelia Su's strength is a sudden flood of growth?" Ningyue said in shock.

Fuli nodded affirmatively: "Although I don't know what exactly happened, I can be sure that this is the only possibility."

After hearing Fuli's unusual affirmation, Ningyue, Qin Shuang and the others were slightly open. With a small mouth, they looked at each other in surprise.

Overnight, like a flood of beasts.

Although there is a lot of spiritual energy in the Heavenly Book World, it can indeed greatly and quickly improve personal cultivation, but this is always a degree. Besides, everyone is in the same place, how could Amelia Su be far superior to others? Why did you suddenly grow up against the sky?

"What happened to Amelia Su?" Liu Fang murmured.

"Could it be because of Ziqing

?" Ningyueliu frowned even tighter.

Ziqing's body has always been a huge mystery, and she is also a freak who has made rapid progress in her cultivation. After the last time Amelia Su suddenly fainted, Ziqing was always by her side. This guess is indeed quite consistent.

But it's a pity that Ziqing has not returned from the bamboo house all the time, so she couldn't ask to understand for a while.

"Hoo!"

Bang Bang Bang!

And almost when everyone was puzzled, there were several explosions, and then, another white figure suddenly flew from the jungle in the distance, and while the sleeves were waving, it seemed like hundreds of mines had been placed on the ground. At the same time, it exploded.

At the same time, a series of loud noises caused the whole ground to explode with mud. Everyone looked at the woman in white and couldn't help but be even more shocked...

Chapter 3559

"Purple Love?" Liu Sha was the first to recognize her seventh sister and couldn't help but blurt out.

However, Ziqing did not stop, as if the smoke floated over the sky, and then swooped back in between turning around.

In an instant, the explosion starts again!

Boom boom boom!

Above the ground, with her as the center, looking out for hundreds of meters, there will be thousands of explosions.

And almost immediately after these ten thousand explosions, the ground of dozens of square meters was lifted with a bang, and the Buddha was completely sunk, leaving a huge earth pit.

“Huh.”

Everyone couldn't help but let out a sigh of relief, and Mo Yang perfectly reproduced the shock of seeing others blow up mountains on Earth from this move.

Just put dozens of blasting eyes on the ground at the top of the mountain, and the whole mountain will fall apart completely. In

front This also means that if these explosions are placed on one's body, not to mention all of them, but just a little bit, it is equivalent to a huge amount of explosives exploding in one's body. This kind of consequences and pain...

Just thinking about it makes me feel all over my body. Pain everywhere. The purple love fell to the ground, and Amelia Su over there also glanced at his two mushroom cloud masterpieces and fell to the ground with satisfaction.

“How is it? How is the power?” Amelia Su smiled. It's just that her voice was strange to everyone's ears, not to mention Amelia Su's voice, even a woman's voice couldn't stand it at all. Everyone looked at each other, what happened?

Has there been an illness and even the voice has changed?

Although this situation

does exist, isn't this change too outrageous? !

At this moment, Zi Qing smiled and replied: “It seems that the control of strength is not good enough.”

“It's itself is divided into muscles and bones. It is better to be soft and gentle.” Amelia Su smiled.

Zi Qing nodded, indicating that she knew.

“What about you?” Amelia Su asked again.

Everyone is very puzzled, who is she talking to?

Although everyone is around here, the problem is that there are only two of them on their side. It is obvious that Amelia Su is not talking to Ziqing. Is it possible that she is still talking to ghosts?

But just when everyone could not understand, something even more surprising happened to them.

I saw that Amelia Su opened her mouth at this time, and her voice was no longer the

male , but her original voice: “It seems to be quite powerful, if I continue to practice, the power will be stronger in the future. Bigger?”

Amelia Su's voice changed and returned to a male voice, hehe smiled: "As long as you practice properly, let alone these big pits in this area, even the collapse of a giant mountain is just a matter of your fingertips."

"So powerful? "

The conversation between the two is normal, but the person on the side is completely dumbfounded.

There was only one person, but it was the voice of two people. It was obvious that Amelia Su stood there alone and opened her mouth to speak, but it seemed... and it seemed that there was another person standing there and answering her...

Even a group of cultivators , At this time, it is inevitable to have some chills behind.

"Amelia Su, who are you talking to?" Mo Yang

couldn't help but asked loudly.

Hearing Mo Yang's voice, Amelia Su suddenly reacted, and when he looked up, he suddenly realized that a group of people had already gathered here not far from him.

"Why... why are you all here?" Amelia Su was a little surprised, but she was smart and suddenly understood what was going on, and felt a little embarrassed for a while.

Apparently, it was because they made too much noise just now...

Everyone didn't care about it, they just stared at her, expecting her to answer Mo Yang's question.

Amelia Su glanced at Ziqing, and she didn't know how to explain to everyone about the extraordinary things of the sky, after all, this thing is really too much.

But just when the two women didn't know how to explain, an accident happened...
