

## Chapter 3566

“Wow!”

Suddenly, the breath of silver and gold on Qin Shuang’s body suddenly dissipated, and almost at the same time, the demon sword she also suddenly stayed in the position between her pupils, motionless.

“Phew!”

As the silver-gold demonic energy dissipated, Qin Shuang, who had been quite energetic before, dissipated with the energy in a moment and he seemed to have lost his soul. After a short pause, he suddenly fell to the ground.

As soon as Amelia Su’s hands were withdrawn, the Demon Suppressing Sword was pulled back by her on the spot and returned to her hands. I

put away the sword, and Amelia Su felt that her body was also released in an instant, and she hurriedly ran towards Qin Shuang with great worry.

She had no intention of hurting Qin Shuang at all. Under the circumstance that she could control herself at this time, of course, the first thing she cared about was Qin Shuang’s safety.

“Senior sister.”

However

, when Amelia Su helped Qin Shuang up, she couldn’t help but panic.

Qin Shuang closed his eyes slightly, angry like Lanshi, but his eyes were slightly closed, no matter how Amelia Su shouted, there was no response at all.

“What do you want? Why did you hurt her like this?” Amelia Su shouted angrily.

“She’s not what you think she is at all, yes, I know that Senior Sister Qin Shuang likes George Han, but all along, she just quietly retreated to the side with pure kindness, never the kind of dirty you said. Dirty thoughts, even when I quarreled with George Han, she always quietly helped us.”

“Why did you do this to her?”

“I’m not here to help you.” Tian Zhiqiang said nonchalantly. .

“I don’t need your help, I’d rather she really rob Han 3000 from me, and I don’t want to see her hurt, do you understand?” Amelia Su was angry and anxious.

She was angry at Tian Qiqi’s hurtful behavior, and also because it hurt Qin Shuang with her own body.

Although Amelia Su is unintentional, but after all, her body is hers, and so is Fa Neng, how could she be alone in this matter?

What she has, is just full of guilt for Qin Shuang.

“Hey, I understand, I understand, I never thought of hurting her.” Tian Zhiqiongqi said helplessly: “She is just a demonic energy rushing into her body. Now that the demonic energy has dissipated, she is temporarily weak.”

“It’s okay.”

“Both of you are thinking about each other. You want her to learn, but she doesn’t want to destroy your relationship with George Han and doesn’t want to learn. What can I do?”

“Although I’m not very familiar with her, I know that this girl is just like you, extremely smart, and you have similar

personalities, unless you are willing, if you want to force you to do something, isn’t that more difficult than going to the sky?”

Amelia Su had nothing to say on this point. She must admit.

Although she and Qin Shuang have completely different personalities, some things are surprisingly consistent.

They all identify something or someone or a person, and they will never give up easily, and if they refuse, they will never bow their heads at will.

From this point of view, Amelia Su believes that even if she puts a knife on Qin Shuang’s neck, she may not be able to nod her head to learn.

“Hey, don’t worry, she’s nothing serious, but the demonic energy is just rising.”

“I just anger her, when the demonic energy in her body is aroused and her heart changes, I will teach her something by attacking her. I want to teach her.”

Hearing this, Su

Amelia Su also suddenly understood and reflected that when she attacked Qin Shuang, even she herself felt that her moves were unusual.

That clearly doesn’t look like a way to attack people.

“What do you mean...” Amelia Su asked.

“The act of defense she was forced to make was to help her open the veins of dual cultivation. Only by opening dual veins can you achieve more with less than double cultivation. This is Laozi’s unique secret technique, and there is no semicolon. If it weren’t for the fact that she is George Han’s senior sister and you are so nervous about her, I wouldn’t be willing.”

Hearing this, Amelia Su was stunned for a moment, then suddenly overjoyed, so to speak...

But just before she had time to be happy, she suddenly realized a very serious problem, and she couldn’t help frowning all of a sudden...

**Chapter 3567**

to see Amelia Su's appearance, without her having to say anything, Tian Qiqi already knows what she wants to say.

"You mean to say that opening dual veins is not the same as dual cultivation, right?"

Amelia Su nodded undeniably, but that was the case.

"So, sending Buddha to the west, I have already considered this point."

"She has a very strong demonic energy. Once it erupts, it will never be easy. I have naturally taken this into account when I induce her demonic energy to surge up."

"However, I know that she has the Demon Suppression Sword in her hand. This sword is the only divine weapon to suppress evil."

"No wonder you just used this sword, and Senior Sister Qin Shuang soon..." Amelia Su seemed to understand something.

"That's right. The Demon Suppressing Sword can effectively suppress her demonic qi. She was forced by this sword when she was defeated. Naturally, the demonic qi dissipated, and people returned to their original state."

"But just now you and I worked together. The fatal blow was obviously not a light one, it almost cost her half of her life when she was unprepared, plus her demonic energy rushed away and quickly dissipated, right now, she is almost indistinguishable from dying.

"With these words, Amelia Su, who was still in a relatively stable mood, was completely stunned.

Thinking back for a moment, she suddenly asked, "Didn't you say she's all right?"

"Nothing means she can't die. There's a difference between dying and dying."

"You..." Amelia Su was in a hurry, and she was completely calm. It was because she knew that Qin Shuang had nothing to worry about, but how could she know that this goddamn qiongqi was just fooling her.

"I'm doing this for her own good, and to fulfill your request."

The poor of the sky is helpless.

Amelia Su was slightly angry: "nonsense, why is this for her own good, and when did I ask you to beat Senior Sister Qin Shuang like this?"

"Yes, you didn't say you wanted to hurt her, but the problem is you. You asked me to help her, didn't I help her?"

Amelia Su was so angry that she was almost speechless, what kind of crooked theory is this? How dare you call someone to help you when you label someone like this?

"Don't get excited, let me ask you, even if I open her dual cultivation vein, will she be willing to dual cultivation?" Tian Zhiqiong said with a smile.

After thinking about this question for a while, there is an answer: "Not necessarily."

"Isn't that right?" Tian Zhiqiong smiled oddly: "And if I take 10,000 steps back, she agrees, so what? Shuangxiu is If two people are needed, will

George Han agree again?"

Amelia Su was silent, no one knew George Han better than her.

This even touched his bottom line, and he would definitely not agree.

And if he forced him, then for George Han, being so intimidated by his beloved would be unimaginable.

Besides, George Han would promise her everything else, but Amelia Su had no confidence in this kind of thing.

"Isn't that right? She can't, and he doesn't want to, so what can I do?" Tian Zhiqiong said bitterly, and then sighed: "Isn't it right now?"

"With your words, Qin Shuang is dying again, and his life is in danger. In order to save people, will George Han think so much?"

"Qin Shuang is like this, it is impossible to resist, he can only be forced to accept it, kill two birds with one stone

, right?"

Amelia Su Thinking about it for a while, it really seems to be the most perfect solution at the moment.

Thinking of this, the big stone in Amelia Su's heart was finally put down again.

"However, George Han hasn't returned yet, and Senior Sister Qin Shuang..."

"Don't worry, I've lived for so many years, can I still make a move?" Speaking of which, Tian Zhiqiongqi was quite proud and swayed. He shook his head and smiled: "Everything is just right, everything is under control..."

At almost the same time, with the end of the battle here, the sun in the sky officially began to slowly set from the west.

On the other side of Suntan, George Han also felt the oblique shadow pass by and slowly opened his eyes.

Immediately afterwards, he stood up from the ground and walked quickly towards the last stop in the jungle, which was also the last stop of his trip...
