

His True Colors Chapter 36-40

Chapter 36

"You Hugh." Su Yingxia's face changed greatly, never thought that the fatty would be involved in something that had nothing to do with her.

The fat man accosted and smiled, looking Su Yingxia up and down, tsking and sighing, "The body is really good, I wonder what it's like after you're naked. Beauty, it's not for you to decide now, I advise you better behave, none of the women I fancy can run away."

"Don't you dare, she's the Su family's granddaughter, the Su family won't let you off." Jiang Lan couldn't let Su Yingxia be ruined by this fatty, because if the old lady knew about this, Su Yingxia's future would be all over.

"The Su family?" Fatty frowned, always talking about the Su family, he had no idea who this Su family was, and asked, "Who is the Su family, is it powerful?"

"Even the Su family doesn't know how you hang out in Cloud City, she's Su Yingxia." Jiang Fengfeng said.

The fatty kicked Jiang Fengfeng and cursed, "What kind of dog thing, bend over when you talk to me, got it?"

Jiang Fengfeng hated to slap himself, if he didn't talk too much, he wouldn't be beaten ah.

The fatty turned to look at Su Yingxia without any fear, but full of laughter, "No wonder you were astonished three years ago, and what a beauty, your waste man, it can't be him, right?"

The person the fatty was pointing at was Jiang Sheng, and at this point even Liu Hua, the shrew, didn't dare to speak.

"I advise you better not get yourself into trouble, or you'll regret it." Su Yingxia said.

"The tone is not small, I like it, I don't know if you are this strong in bed. But there's no rush, I still have guests, give you some time to think about it, I'll come back to you after I've finished accompanying the guests." Before the fat man left the box, he asked his men to guard the door of the box.

Jiang Sheng tried to sneak away and quietly opened the door to take a look and was punched and kicked.

Liu Hua was so distressed, but didn't dare to let out a single fart.

"What to do?Yingxia, why don't you call your grandmother and ask her old man to step in, maybe we can solve this matter."Jiang Lan fearfully said to Su Yingxia.

Su Guoyao sighed, how could the old lady care about this matter, and that fatty clearly didn't have the Su family in his eyes.

"Mom won't interfere, this fatty doesn't look simple either."Su Guoyao said.

"Then what else can we do, do we really want our daughter to accompany him?"Jiang Lan glared at Su Guoyao and said.

Su Yingxia looked at Jiang Sheng, angry, if it wasn't for him, how could he have gotten into this trouble for no reason.

Liu Hua saw Su Yingxia staring at Jiang Sheng, protective calf said, "Su Yingxia, what are you looking at my son for, that woman is dressed in a flashy dress herself, what does it have to do with my son?"

Fatty was not present, Jiang Sheng's temper also came up, said: "This kind of b*tchy woman, at a glance is a ten thousand people to ride, I just said a few words, how did I know that they are so unreasonable."

Su Yingxia was discouraged, full of bitter smiles, by now, Jiang Sheng still didn't think he was wrong, and Liu Hua still had to protect the calf.

"Is that so?Why didn't you just say something like that?Shall I convey these words to him when he comes later?"Su Yingxia coldly said.

"You" Jiang Sheng pointed at Su Yingxia, no words came out.

"Let's stop arguing about who's right and who's wrong, let's find a way to solve this matter first, Yingxia, you should call the old lady." Jiang Lan urged.

"Mom, how can grandmother come out because of these things, what kind of character she has in the old man, don't you know? She's only strong in the Su family, how could she offend these people because of me." Su Yingxia took a deep breath and continued, "The only one who can save me is him."

"Who?" Jiang Lan was curious.

"Three thousand."

"Han three thousand?" Jiang Lan mistakenly looked at Su Yingxia and said speechlessly, "Are you crazy to expect this wimp to save you."

"Yingxia, why don't you call Su Haichao, he might have connections that can help with this matter." Su Guoyao directly filtered Su Yingxia's words, Han 3000? How could it be, what ability did he have to handle that fatty.

"Su Yingxia, are you insulting me? Let him help me solve the problem, if you don't want to help then just say so, why beat around the bush and humiliate me." Jiang Sheng coldly said.

Su Yingxia was so angry that she couldn't speak, and Jiang Sheng, this fury, didn't know where he got his sense of superiority.

"Am I helping you? If I hadn't been victimized by you too, I wouldn't have bothered with this matter." Su Yingxia said and took out her phone.

Jiang Lan watched Su Yingxia flip to Han Qianqian's number, anxious like ants on a hot pan, and said, "Yingxia, you really want to waste time calling him, what if the fatty will be back soon."

"Mom, stop talking, you all shut up." Su Yingxia raised her volume and said impatiently.

Liu Hua glared at Su Yingxia, this little nai'er really has a temper, but considering that the fatty wanted Su Yingxia to accompany him, he should have let Jiang Sheng go, she instead felt like it was none of her business.

After Su Yingxia dialed Han Qianqian's number, she asked, "Qianqian, where are you?"

Han 3,000 yuan instigated a mouthful of instant noodles and said, "I'm at home."

"You I have a little trouble here, can you come and help me." Su Yingxia said with some embarrassment, she didn't bring Han Qianqian with her when she ate, but now she remembered him when there was trouble, she blamed Jiang Lan, if it wasn't for her, she wouldn't have left Han Qianqian at home by herself.

"Okay, I'll come right away." Han Qianqian said without hesitation.

Su Yingxia was relieved to hear Han Marchant say that, she wouldn't rely on her unwarranted conjugal relationship to coerce Han Marchant into doing anything, and if he really didn't want to, Su Yingxia wouldn't force him.

Seeing that Su Yingxia put away her phone after making the call, Jiang Lan was anxious and quickly said, "Yingxia, you call your grandmother again ah, how can you put all your hopes on Han 3000."

Su Yingxia said indifferently, "I trust him."

"You, this " Jiang Lan was so angry that she didn't know what to say.

Jiang Sheng looked at Su Yingxia with a sneer, if he didn't solve this matter, he would at most get a beating, but Su Yingxia would be spoiled by that fat man, since Su Yingxia wasn't even anxious, what was he anxious about?

Inside another compartment of the hotel.

Fatty toasted warmly and said, "Brother Yong, if I soar in the future, you have to take care of me, even Cheng Gang has been planted in your hands, the world of this Cloud City won't be yours in the future."

Lin Yong was drinking wine, apparently unharmed, but inside he was laughing bitterly.

If it was before, he could accept these boasts as a matter of course, and Cloud City was indeed right in front of him, within his reach.

But after that incident with Chang Bin, Lin Yong felt vaguely that he seemed to be drifting away from being the number one person in Cloud City, and his performance in the underground casino had obviously made Han Qianqian very dissatisfied.

And now that Mo Yang was showing signs of reappearing in the world, what qualifications did he have to compete with Mo Yang?

"Well said, if I have this opportunity, I will not treat you badly." Lin Yong said.

The fatty piled on a smile and nodded repeatedly, "Then thank you, Brother Yong, fill it up, fill it up."

As he was pushing out the cups, Han Qianqian walked into the box with a heavy face.

When Lin Yong saw Han 3,000, he stood up with a boner, why did he suddenly appear?

"Brother 3000." Lin Yong shouted respectfully.

Fatty two-two wine on top, smiled and said to Lin Yong, "Brother Yong, who is this, you actually called him brother, what a joke."

Lin Yong glared at the fatty, afraid that he would say something nonsense again, and reminded him, "Shut your mouth, there's nothing for you to say."

"Is this your friend?" Han Qianqiang asked to Lin Yong.

Lin Yong couldn't guess why Han Three Thousand appeared out of the blue and didn't dare to admit anything, but said, "Shallow relationship, just friends at the wine table."

"The nerve to ask my woman to accompany him." Han Three Thousand coldly said.

Lin Yong got goosebumps when he heard this, but he knew exactly what Han Third Thousand had stayed in the Su family for these entire three years.

This dead fatty dared to speak out against Han Three Thousand's woman.

Lin Yong manipulated the wine bottle and smashed it on the fat man's head.

Half sober, the fat man covered his head and asked Lin Yong in puzzlement, "Brother Yong, what do you, what do you mean."

"What do you mean, you don't know what the f**k you're doing, is Brother 3000's woman something you can covet?" After saying that, Lin Yong raised his hand and a few of his men pinned the fat man to the ground and beat him up.

Chapter 37

The fat man was beaten to death and still didn't understand what was going on, but he knew that the young man in front of him wasn't someone he could offend.

Lin Yong's attitude towards him was full of respect, which meant that his status was even higher than Lin Yong's.

It was a pity that with the fat man's status, he couldn't imagine who Han Qianqian was.

Of course, he wouldn't have imagined that the person in front of him was the famous Su family's wasteful son-in-law in Yun City.

In the other compartment, Jiang Lan was so anxious that she jumped to her feet when she saw that Han Qianqian hadn't appeared late.

"Yingxia, I told you that Han Qianli is unreliable, even if he took a taxi, he should have arrived by now, he's probably hiding at home and doesn't dare to go out at all, how can you trust him?" Jiang Lan said.

"You got us all involved just because you believed in a loser." Jiang Sheng said shamelessly, it was obvious that this matter was caused by him, but he was now putting the blame on Su Yingxia and Han Qianqian's shoulders.

"Jiang Lan, think of something else quickly, my son is so badly injured, how can I not go to the hospital anymore." Jiang Yingxia said sternly.

Liu Hua, if she didn't still want to borrow money in Jiang Lan's hands, she would have already started to spill the beans, and said in a kind tone, "Jiang Lan, we can't put our hopes on Han 3000, you are Su

family's daughter-in-law no matter what, if something happens Su family will lose face, you'd better find Su family to step in."

Jiang Lan glared at Su Guoyao and said in a cold voice, "Su Guoyao, why don't you call your mother?"

Su Guoyao sighed, he also didn't believe that Han Marchan could be trusted, no matter what, he could only try.

"I'll try."

Just as Su Guoyao took out his phone, the box door was pushed open.

They thought it was Fatty returning, and one by one, they were scared white, and Jiang Sheng even hid directly behind Liu Hua.

But the person who came in wasn't the fatty, but Han Qianli.

The moment Su Yingxia saw Han Qianxiang, her eyes filled with tears, here he is, he's finally here, he's not going to disappoint anyone.

"Go home." Han Giangli softly said.

Su Yingxia nodded her head and walked over to Han Three Thousand's side.

"Go home to what, that fat man's men are still guarding outside, can you come in and think you can go out?" Jiang Sheng looked at Han 3,000 with disdain and said.

Without even looking at Jiang Sheng, Han Marchiang said to Jiang Lan and Su Guoyao, "Dad, Mom, let's go."

Jiang Lan and Su Guoyao were a bit confused, was it so easy to just leave?

While they were still considering it, Han Qianli and Su Yingxia had already walked out of the box, as if no one was stopping them, which was why they poked their heads out in confidence.

Outside the box, the fatty and a group of boys were buried on their knees, blinding a few people.

The fatty who was arrogant and didn't put the Su family in his eyes just now, why is he kneeling down now!

Su Yingxia was also puzzled, did he beat these people up?

"Three thousand, what's going on?" Su Yingxia asked.

Han Giangli looked at Su Yingxia blankly and said, "What's going on?"

"He them, why are they on their knees?"

"Uh this, probably fell down accidentally, let's just go home." Han Giangli said with sloppy eyes.

Falling?

How could you fall down and get a bruise, this is obviously a beating.

Su Yingxia was about to continue asking questions when the fat man silenced her and said, "The floor here is too slippery, I fell down by accident."

"See, he said he fell down himself, let's go, go home." Han Giangli urged.

Su Yingxia knew it was impossible, but Han Qianli was unwilling to say it, so she didn't bother to pursue it, saying that, again, she was paying for Lin Yong's help, afraid that she would scold the loser man, before she didn't dare to tell the truth.

In front of the hotel, the two groups of people parted ways, Liu Hua said before leaving, "Jiang Lan, I'll take Jiang Sheng to the hospital first, and we'll come back to you tomorrow for that money."

Without giving Jiang Lan a chance to speak, the family turned around and left.

"Son, is there anything wrong with you? Is the injury serious, if it's not, we won't go to the hospital, what's the point of wasting that money." After walking away, Liu Hua asked to Jiang Sheng.

Although Jiang Sheng was beaten badly, but they were just some external injuries, not heavy, it didn't matter whether he went to the hospital or not, but there was one thing he was worried about.

"Dad, you'd better ask Aunt Lan Lan to prepare the money tomorrow, we'll take the money and leave quickly." Jiang Sheng said.

"Didn't your Aunt Lan Lan say that it takes time to get the money, there's no hurry for this day or two." Jiang Feng Feng said.

"Dad, are you confused, that fat guy just now, can it be a fall? It must have been Han Qianqian who called out a few hoodlums to take action, this fatty is suffering from a lack of manpower tonight, do you think someone like him might let Han Qianqian and the Su family off the hook?" Jiang Sheng explained.

As soon as Liu Hua heard this there was some truth to it, if they were sought for revenge, wouldn't this money that came to their hands fly away, and said, "Right, let them get the money tomorrow, so that nothing changes, what if they are sought for revenge by the fatty and we can't get the money?"

"Also." Jiang Sheng nodded, the three members of the family didn't care in the slightest what consequences Fatty's quest for revenge would bring to the Su family, only money in their eyes.

"Okay, I'll call her when I find a place to stay later." Jiang Sheng said.

Han 3,000 and Su Yingxia were riding in the same car, but Liu Hua had just talked about money when she was leaving, making Han feel a bit strange.

"Auntie just said money, what money?" Han Giangli asked in confusion.

Su Yingxia was angry when it came to this matter, she didn't know why Jiang Lan had agreed to lend them money, two hundred thousand, it wasn't a small amount of money, and it was almost impossible for the money to be returned.

"It's all my mother's fault, my uncle mentioned that he wanted to borrow money, two hundred thousand, my mother even agreed to do it, a whole two hundred thousand ah, I see where she will find two hundred thousand." Su Yingxia looked speechless.

How good-looking Jiang Lan was, Han Qianqian knew very well, and every year back to her mother's house Jiang Lan would be sneered at, and now that the family had bought two cars, Jiang Lan might be under the delusion that Su Yingxia was easy to make money in the company, so that's why she agreed to lend them two hundred thousand for the sake of fighting for breath.

"Since we've all agreed, we can only think of a way, Mom is a good face, what if uncle and the others arrive tomorrow and can't get the money." Han 3,000 said.

"Whatever." Su Yingxia said angrily, "It has nothing to do with me anyway, let them think of their own way to go."

Su Yingxia wanted to be left alone, but Jiang Lan definitely wouldn't give her the chance, the 200,000 Jiang Lan couldn't pull it out, so she had to figure it out on Su Yingxia's own.

When she returned home, Jiang Lan dragged Su Yingxia back to her room, where Han 3000 a bucket of instant noodles hadn't finished, added some hot water, and carried it back to her room to eat.

"Yingxia, you have to help mom this time, if you don't get this money, where will I put this face in the future."Jiang Lan said to Su Yingxia.

"Mom, do you think I can take out two hundred thousand?My entire possessions are less than fifty thousand."Su Yingxia said.

"You can even get money from the company for buying a car, what's this 200,000, just be careful."Jiang Lan said.

Su Guoyao wanted to say something, for the sake of face, she even disregarded Su Yingxia's safety, if the old lady found out, could there be any good results?

"No, you promised yourself to figure it out yourself, I can't help you." Su Yingxia said.

Jiang Lan's expression changed, and she directly sat on the floor and cried.

"Who made you have to promise them, two hundred thousand, not just any two dollars, why did you promise them." Su Guoyao couldn't bear it anymore and spoke up.

Jiang Lan angrily looked at Su Guoyao and said, "If it wasn't for you, a wimp, could I be so humiliated in my mother's house? I'm not fighting for a breath of air for your old Su family."

"Is it worth it to fight for a breath of air, two hundred thousand?" Su Guoyao made a rare retort.

"Is it worth it? So Kwok Yiu, do you have the nerve to ask me if I'm worth it? After being married to you for so many years, which time did I go back to my mother's house and not get poked in the back, 200,000 to fight for a breath of air, I'm willing." Jiang Lan said.

Su Yingxia knew that Jiang Lan had suffered a lot of grievances in her mother's home, not only was her status low in the Su family, even when she returned to her mother's home, she was also subjected to the eyes of others, and if she was allowed to continue to be so nonsense, Su Yingxia was afraid that it would affect her parents' feelings, so she could only say, "Mom, don't cry, get up first, I'll help you think of a solution."

When Jiang Lan heard this, she instantly put away her cries and said, "Still, my daughter is good to me."

Chapter 38

When Su Yingxia returned to her room, Han Giang had just finished the last mouthful of noodle soup and was about to get up and throw away the noodle box when Su Yingxia got in the way.

"I'll throw it for you."

Before Han Three Thousand could reflect, Su Yingxia had already snatched the box away.

Looking at Su Yingxia's squirming appearance, Han Three Thousand smiled and asked, "Is there something you want to tell me?"

Su Yingxia lowered her head, Jiang Lan's 200,000, she couldn't go to the company to get it, although the Su family relatives and even the old lady thought that she was only able to change the car if she was full of money, but she wouldn't do such a thing.

So when she promised Jiang Lan, Su Yingxia had already thought that she could only borrow it from Han Qianqian.

"You can sleep on the bed tonight, I want to sleep down there." Su Yingxia said.

Han Qianli looked at Su Yingxia with a bitter smile and said, "If there's anything you want to say, just say it."

This was the first time in three years that Su Yingxia had opened her mouth to talk about money to Han Giang, and she didn't know how to say it, her throat was like a stone stuck in her throat.

"Want two hundred thousand?" Seeing that Su Yingxia couldn't say it, Han Qianli simply said it for her.

"Don't worry, I'll definitely pay you back the two hundred thousand." Su Yingxia said, feeling that sincerity wasn't enough, and continued, "If you don't believe me, I can give you an IOU, with my personality guarantee."

Han Giang couldn't hold back his laughter.

Su Yingxia didn't know what he was laughing at and asked, confused, "What are you laughing at, you don't want to lend it to me?"

Han Qianli breathed a long sigh of relief, looked at Su Yingxia's eyes filled with spoiling, and said, "My money is not your money, do not say two hundred thousand, even two cough cough, that what, I will give you on the line, how can I say borrow it."

Han 3,000 yuan almost came out of his mouth two billion, fortunately collected quickly, otherwise I don't know how to explain to Su Yingxia.

"No, you have to write a loan note." Su Yingxia found a pen and paper and wrote down the number and date of the loan with all seriousness, then signed his name.

When the loan note was handed to Han Giang, Han Giang held it out in his hand, a bit speechless. But he also knew that Su Yingxia herself was a stubborn person, otherwise it would be simple to take 200,000 out of the company.

"Okay, I'll go get you the money tomorrow," Han Giangli said.

"Then do you sleep on the bed? Today is a chance for you." Su Yingxia asked with a smile on her face.

Han Giangli coughed up phlegm and asked, "Is there you in the bed?"

In the living room, Han Qianqiang curled up on the sofa, thinking that this woman's change of face is really fast enough, obviously still talking about the bed, how come she's attached to the sofa.

As expected, women are fierce tigers.

The next day, after sending Su Yingxia to the office, Han Three Thousand went to the bank.

It was hard to lead the queue, but when it was finally his turn, he was told to withdraw 200,000 cash to make an appointment in advance, and the little girl at the counter looked at the bank card in Han 3000's hand and shook her head, not knowing where the dirtbag came from, not even knowing this rule.

"This card of mine, I don't need to make an appointment, right?" Han Three thousand said.

Without going directly to the VIP room, Han Three Thousand was already considered low-key, but he didn't expect to be looked down upon by an employee.

"Do you still have privileges with this card?" Little Sister smiled, she had been working here for almost half a year, and had never seen the style of bank card in Han Marchant's hand, and she even suspected that Han Marchant had simply gone to the wrong bank.

"Not really, your bank president will probably count the money for me personally when he sees me," Han Three Thousand said.

As if she had heard a joke, the straightforward contempt in her eyes was not concealed, and she said, "Handsome, this window isn't for you to participate in a bragging contest, so don't delay me in doing business for others if you have nothing to do."

After saying that, Little Sister directly called the next number one, not putting Han 3000 in her eyes at all.

Han 3000 blocked the window with a smile on his face, and didn't give in or speak.

"What are you doing, I told you that I can't withdraw the money, is it useful for you to rely on here?" My little sister said impatiently.

"What's going on?" At this time, a graceful middle-aged woman came over and asked the little sister at the counter.

"Manager, this man wants to withdraw two hundred thousand dollars, I told him that he must make an appointment in advance, but I didn't expect that he would still be reluctant to leave here." The little sister explained.

The manager looked at Han Qianqian and said quite politely, "Sir, I'm sorry, you need to make an appointment in advance if you want to withdraw more than 50,000, but if you want to withdraw 200,000, you can only do it tomorrow."

"How about you reconsider?" Han Giangli held up his bank card and said indifferently.

Little sister felt that she might have met a fool today, how could such things be accommodated by considering them?

When the manager saw the bank card in Han Qianqian's hand, his pupils instantly dilated several times and even trembled, as if an earthquake had occurred.

Hurriedly ran out from the counter, nodded and said, "Sir sorry, your business, you can handle it today."

Changing from you to you, and still with a scared expression, the little sister in the counter was confused.

What was the manager's draw, how could his attitude become so fast.

"Sir, if you had gone straight to the VIP room, this misunderstanding wouldn't have happened, I'll make amends to you from my side, and I hope you can understand."The manager was bent over, an endless abyss caught in the snowy white of his chest.

Seeing that Han Qianqian still didn't say anything, the manager's forehead dripped with cold sweat and said to the little sister at the counter, "Don't give this gentleman an apology yet, if you misunderstood, you won't be able to keep your job."

The little sister didn't understand what was going on now, but the manager's attitude wouldn't be fake, and quickly said to Han Qianqian, "I'm sorry sir, I didn't mean it."

The other people in the queue were a bit shocked to see this situation, after all, the manager was considered a not low position in terms of the bank, so it was impossible to just bend over and apologize to someone casually.

"Who is this young man, he looks very powerful."

"I guess he's the young master of a certain family who wants to withdraw money in a low profile, but I didn't expect to be looked down upon by these employees."

"There should be a cure for these snobs, watching the dishes go down, she deserves to be looked down upon."

Han 3,000 finally spoke out, "When can we withdraw the money?"

"Now, now you can, if you'll follow me."The manager said.

At the VIP room, the manager took a careful look at Han Qianqian, a rather handsome young man, presumably some rich young master from Cloud City.

When doing business, the manager intentionally or unintentionally bent over in front of Han 3,000, the chest majestic display is clearly teasing Han 3,000.

Even when counting money, the manager also deliberately sat beside Han 3,000, a strong perfume to stimulate Han 3,000.

The charm of a mature woman is like a deadly poison for a man, but for Han three thousand, removing all the women of Su Yingxia is a floating cloud.

With no distractions, she didn't even have the desire to take a second look at the manager.

The manager was quickly deflated, thinking to himself that this young man, couldn't have a special fetish, didn't like women at all!Why else wouldn't this white, round, bulging top dangle in front of him at all?

Or was he simply being prudish.

After a few more probes, the manager recognized the reality that no matter how graceful she was, it was impossible to break a bend into a straight one.

The manager's heart's small nuisance Han 3,000 unknown, after withdrawing the money and left the bank.

The manager escorted to the door, and watched Han 3,000 yuan drive out, which exclaimed, "A good young man, how come he doesn't like women, what a pity."

Back at the bank, the manager called the little sister from earlier to his office.

"You go back to rest first, and wait for notice."The manager said.

The little sister looked pale, it was hard to put together this job, she didn't even know the reason why she was suspended.

"Manager, what did I do wrong, did he tell you to suspend me?"Little Sister asked.

"How can someone like him bother with you, I'm suspending you because of your professionalism, you don't even know the most basic knowledge of the bank, what qualifications do you have for this job."The manager said coldly.

"Manager, I don't understand."

"Don't understand it, okay, I'll convince you, the bank card in his hand is an exclusive customization of our bank, with less than ten billion deposits, it's not eligible for customization."The manager coldly said.

Ten billion!

My little sister was completely confused.

Chapter 39

Before Han 3,000 yuan returned home, Su Yingxia called, Liu Hua's family had already arrived home, and Jiang Lan urged Su Yingxia to find a way to get the money back.

"I've got the money and I'm on my way home," Han Giangli said.

Su Yingxia was still a little apologetic about this matter, especially since she had gone to the hotel for dinner yesterday and hadn't brought Han Giang with her, leaving him alone at home to eat instant noodles and bothering him to go to the hotel to help with the trouble.

"You shouldn't cook at home tonight." Su Yingxia said.

Han Giangli smiled and said, "If I don't cook, what will Mom and Dad eat?"

"Don't you have hands yourself, let them do it themselves." Su Yingxia was indignant.

"Good."

Back home, Liu Hua saw the bag in Han Giang's hand, decided that inside was money, and before Han Giang gave it to her, she couldn't wait to snatch it up, sneaking a peek at it, which was red and bright, before her face showed an excited smile.

"Where did you go, it took so long." Liu Hua chided Han 3,000.

Han 3,000 shook his head and didn't speak, this family of unreasonable people, that is, for the sake of Su Yingxia's laziness, or else, last night they would be finished.

After Liu Hua took a look at Jiang Feng, Jiang Feng said to Jiang Lan, "Jiang Lan, we still have things to do, so we'll leave first."

Su Guoyao was so angry that he didn't know what to say, borrowing away 200,000, not even saying thank you, taking the money and leaving, this kind of person, can he still be expected to pay back the money?

"Han 3,000, you go see them off." Jiang Lan didn't look too good either, but it wasn't Jiang Feng's attitude, but after really giving them the two hundred thousand, her heart ached so much that she couldn't breathe.

"Good." Han Giangli should say.

After walking out of the house, Jiang Sheng said, "Mom, don't get tired of your old man, it's better for me to take it."

Liu Hua was like hugging her grandson, holding her handbag in a deathly embrace for fear of being snatched away by Jiang Sheng, and said, "No, you get in the car and go to sleep, what if you lose it."

"Then you can give me a glance ah, I've never seen what 200,000 looks like before." Jiang Sheng couldn't wait to say.

Liu Hua carefully opened the bag, just one second, can't be more.

Looking at the three of them looking like city folk, Han 3,000 really wasn't even interested in laughing.

Jiang Sheng vigilantly looked at Han Three Thousand and said, "What are you looking at, haven't you seen so much money?"

"En, haven't seen it." Han Giangli said in a serious manner.

"Shoot, you're not going to drive and wait for us, run faster, like a log." Jiang Sheng scowled.

Han 3,000 yuan quickly went downstairs, midway took out the phone and dialed Lin Yong, "Find me some pickpockets, be professional."

"Mom, you'll have to give me half of this money, I'm still not looking for a wife." When he went downstairs, Jiang Sheng coveted and looked at Liu Hua and said.

"Half? What daughter-in-law is so expensive, I've already found you a good one, although she's not very good looking, but her family's dowry is thick, so you'll go meet her when you get home." Liu Hua said.

"Mom, it won't be some ugly woman again, your son I'm a talented person, how can I casually marry an ugly woman home." Jiang Sheng said unhappily.

"Can pretty be a meal? I have asked around, that girl's family is rich, the accompanying marriage also prepared a car, if you refuse to go, don't ever think of taking a penny away from me in the future."

As the saying goes, if you don't enter a family, you don't enter a family, this family of three is completely of the same sex.

After getting into the car, Jiang Sheng sat on the passenger side and looked at Han Qianqian with a contemptuous look in his eyes and said, "Why is a wimp like you so lucky, not only can you find beautiful women, but you can also eat soft food so rightfully."

"You guys should take the money, I've heard that there are a lot of pickpockets in the car lately, so don't lose it by accident." Han 3,000 warned.

"You crow's feet, you're deliberately cursing me aren't you." Liu Hua furiously glared at Han Qianqian, this was her treasure, and Han Qianqian said such words to touch bad luck.

Han three thousand three thousand really wanted to see what they looked like after losing their money, but unfortunately it was not that chance.

After dropping them off at the station, the three of them were spied on as soon as they got off the bus, but they were unaware of it.

On the bus ride back to Bin County, Liu Hua held the bag of money in her arms with a death grip, refusing to let go of it for a moment, and was so focused that she didn't even want to blink her eyes for fear that someone would steal the money.

Halfway through the trip, Liu Hua's eyes dry, a faint strange fragrance gradually let her into the dream.

When the bus arrived at the station, the family of three was still woken up by the bus driver.

The first time Liu Hua opened her eyes, she hugged her hands and found her arms empty, which made her instantly awake.

"Money, my money, where did my money go!" Liu Hua roared in shock.

Jiang Feng and Jiang Sheng were also as sober as if they were on hormones.

"Didn't you take it, how come it's gone."

"Mom, didn't you say you don't sleep, where's the money, the money for me to marry my wife ah." Jiang Sheng said in pain.

Liu Hua grabbed the driver's collar and said, "I lost the money only after I took your car, compensate me, compensate me 200,000!"

The three members of the family made a scene at the station, and even the station leadership was alarmed at the extent of the shouting, and had to compensate them for 200,000 yuan, Liu Hua even ran to the ticket hall and rolled and cried.

In the end, the station called the police and took the three away before the matter was settled.

The first time I saw it was when I was waiting for Su Yingxia to get off work that I received a call from Lin Yong.

"Brother Three Thousand, it's been won, what about the money." Lin Yong asked.

"Let them split it, it's a reward for them." Han 3,000 said.

Two hundred thousand wasn't much, but it was quite a lot, Lin Yong thought Han 3,000 was joking when he heard this and said, "Brother 3,000, I'll have them send it over to you."

"No need, tell them to be careful, don't get checked out." After saying that, Han 3,000 hung up the phone, Lin Yong just knew that Han 3,000 wasn't joking, this 200,000, really let those pickpockets split it.

When Su Yingxia got off work, Su Yingxia who had worked for a whole day looked particularly tired, Han Three Thousand saw the situation and said, "Why don't we go to dinner another day, and go home and rest today."

Su Yingxia shook her head, the restaurant had already been booked, how could she not go, and tonight's meal was thanks to Han Qianqian's help.

"Flying Saucer House, but I can't afford to treat you to Crystal Restaurant, it's at Junyue Ting." Su Yingxia said.

"Junyue Ting is not bad either."

Han Three Thousand drove towards the Flying Saucer Building, on the way Su Yingxia said something about the cooperation with Weak Water Real Estate, in addition to more things in hand, Weak Water Real Estate did not give her any trouble, but instead followed her opinion on everything.

"Three thousand, your classmate's relationship with you, must be very good, otherwise it wouldn't help me so much." Su Yingxia asked.

"I used to sleep in the same bed, so of course the relationship is good." Han Mianyuan smiled.

"No wonder." Su Yingxia nodded her head as a matter of course, "In all aspects, the weak water property is all about facilitating the Su family, saving me a lot of trouble, sometime, invite your classmate out and I'll treat him to a meal, just as a thank you."

"I I'll try my best, but he's usually very busy and it's rare to see him." Han Giangli said with a somewhat stiff expression.

"I know, try your best to find a chance, if it's not possible forget it, don't delay his big event." Su Yingxia said.

Han Three Thousand was relieved, if Su Yingxia had to ask him to find out his classmate, it would be a hard time.

"That's what I thought, after all, he's not just this one company."

Arriving at Junyue Court, Su Yingxia used her phone number to book a place and confirm information with the other party, but learned that the place she had booked was even gone.

"Isn't it scheduled to arrive at 5:30? It's only five twenty-five, so why not?" Su Yingxia said angrily, it's not even time yet, the restaurant even assigned the place to someone else, so what's the point of her reservation?

"I'm sorry miss, you can reserve a place when no one else is available, but look now, it's full, if you want to eat here, we have a rest area, you can go and wait." The cashier said arrogantly, as if to say we're not short of customers here, what's a reservation for.

"Why should I wait, I want my reservation now." Su Yingxia said angrily.

Chapter 40

"Miss, please don't be unreasonable here, you don't look at the situation, where is there a place for you now, if you are willing to wait, if not, you can leave, we don't lack a customer for you here."The cashier said with an arrogant attitude.

Su Yingxia was so angry that she wanted to hit someone, what kind of crooked reasoning is this, is there a lot of customers, so you don't have to take your service attitude out?And since it was a reservation, there should be rules for reservations.

What's more, Su Yingxia was merely protecting her rights, yet she's being called unreasonable!

"I won't leave, what can you do to me?"Su Yingxia forked her waist and said.

Seeing this, Han Qianli couldn't help but laugh, she really couldn't think of some ruthless tactics, so she didn't walk away like a child saying it.

"Security, there's a troublemaker here."The cashier picked up the walkie-talkie and said, relentlessly trying to drive Su Yingxia out.

Three security guards soon came, and what happened at the cashier attracted the attention of many patrons, all watching like a crowd.

The lobby manager came over at this time with an imposing look, and asked the cashier, "What's going on."

"Manager, this person is being unreasonable, I was about to have security blow them out."The cashier said.

Seeing the person who could be in charge came out, Su Yingxia said righteously, "I made a reservation for 5:30, but why is it that when I arrive, the place is gone?"

The manager looked at his watch and said, "I'm sorry, but it's past time, haven't you heard the idiom of obsolescence?"

Su Yingxia almost didn't let the manager's words make her vomit blood, it wasn't 5:30 when she arrived.

"I arrived at 5:25, it's not even 5:30 yet, but you've already given up your seat to someone else." Su Yingxia said, looking like she was arguing with reason and vowing to do herself justice.

"What messed up people, if you continue to be unreasonable, I'll make the security guards rude." The manager said impatiently, when has Junyue Court ever lacked customers, even if they were kicked out, it wouldn't affect business.

Several security guards came forward together, Han Qianqian stepped in front of Su Yingxia and said in a cold voice, "What do you mean, we're being unreasonable?"

"Or what? Can't you see it's already full, so what if you've made a reservation, I'm not giving it to you, just leave if you're not happy to eat, how simple." The manager was disdainful.

"Fine, I'll show you what it really means to be unreasonable." Han Marchiang said.

The manager didn't want them messing around and disturbing the other customers' meals, and the boss was here today, so he couldn't afford the responsibility if he was alarmed.

"Throw them out, don't be an eyesore here." The manager said to the security guards.

Three security guards reached out and tried to grab Han Marchant, but Han Marchant made a backhand tackle, and the man turned around instantly and was kicked by Han Marchant.

The other two raised their fists when they saw that Han 3,000 had dared to do it.

Su Yingxia knew that things were going badly and wanted to pull Han Three Thousand, but Han Three Thousand had already sprung out, punching and kicking and knocking those two down again.

The whole process, less than ten seconds, the three security guards have been lying on the ground grunting, Su Yingxia covered her mouth, incredulous.

This was the first time she had seen such a brave side of Han Qianli, and it was somewhat sudden.

Was this Han Qianli who had endured three years in the Su family? He can't fight back, he can't scold back, he's so good at it!

Su Hacchao used to have a hand in Han 3,000, if Han 3,000 fought back, Su Hacchao's fate wouldn't be better than these security guards.

The manager didn't expect Han Qianqian to be a tough person, these security guards can't be ordinary people, the boss spent a lot of money to hire them, just to avoid someone causing trouble in the Junyue Court, didn't expect Han Qianqian to get rid of them so easily.

"Kid, I'm warning you, causing trouble in the Grand Hyatt, there won't be a good end to it." The manager said through gritted teeth.

"Tell your boss to get out." Han Qianqian said to the manager in a commanding tone.

The manager wanted to chase Han Qianli away just so he wouldn't disturb his boss, but when he heard Han Qianli speak so verbally, he was furious.

"Fine, if you have the guts, I'll make you go out on your knees today." The manager took out his phone and prepared to call someone.

At this time, a leisurely voice came out, "What's going on?"

When the manager heard the voice, he was like a frosty eggplant and rushed to the man's side, "Boss, there's an unsightly kid here causing trouble and injuring the security guard."

"Oh?" Lei Chuan looked at Han 3,000 with great interest, what strength were the three security guards here, he knew very well, surprisingly one person could beat three security guards, strength should not be underestimated ah.

Looking up and down at Han 3,000, he didn't see anything peculiar, but the three injured security guards were real.

"Little brother, you're quite good at it, are you interested in following me, I'll give you 30,000 yuan a month." Lei Chuan said to Han Qianqian.

Han Qianqian smiled contemptuously and said, "What are you."

Lei Chuan's face turned pale, with his status in Cloud City, how could anyone dare to speak to him with such an attitude.

"Little brother, I see that you are a talented person, and I, Lei Chuan, am a person who values talent, so I won't bother with you. Kneel down and give me an apology, I can pretend that nothing has happened." Lei Chuan said coldly.

"Your people, say that my wife is unreasonable, I'll be unreasonable and show you, how about you kneel down and I'll forgive you?" Han Giangli's attitude was strong.

Su Yingxia a small mouth has completely opened, at this moment what she feels on Han Qianli is no longer weak and cowardly, but strong, so strong that Su Yingxia even feels that even if the sky is falling, he can resist!

So the real you, is that it?

Lei Chuan laughed furiously, his eyes already showed killing intent, if this matter was not handled properly today, wouldn't all of Cloud City in the future have to see his Lei Chuan's jokes?

"Let these customers leave, the fee for today will not be charged for a penny." Lei Chuan said to the manager in a cold voice.

The manager took a glance at Han Qianqian and smiled coldly at the corners of his mouth, something that doesn't know how to live, piss off Lei, see how you end up.

Those patrons who were still in love and wanted to continue watching the show had to leave after Jun Yueting started clearing out, sighing that they had missed another good show.

Everyone left with a very standard gesture and look, shaking their head as well as disdain.

Offend Lei Chuan, do you think you've lived too long?

Su Yingxia was a little scared at this point and tightly gripped Han Qianli's corner.

After seeing Su Yingxia's nervousness, Han Three Thousand said softly, "Don't be afraid, no one can hurt you."

Su Yingxia had recently become more and more reliant on Han Qianqian and didn't question Han Qianqian's words in the slightest, the fear in her heart gradually closed up.

"Have a couple of moves with my personal bodyguard, I'll see how well you can fight, if you can last ten moves under him, I'll only cripple your legs and leave you alive today." After Lei Chuan said that, a one-meter, nine-headed bodyguard walked out behind him.

It was a full half a head taller than Han Giangli, and had already won half the battle in terms of size.

"Little thing, you've got guts, not putting Brother Lei in your eyes, today I'll let you know what an iron fist is." The bouncer craned his neck to move his body, and his hands crackled like soybeans popping as he made fists.

"Do you want a set of radio gymnastics before the fight?" Han Giangli said.

Even if Su Yingxia was already so nervous that her palms were sweating, she couldn't help but laugh out loud at Han Qianli's words, this guy actually had the leisure to joke!

"Looking for death!" The bodyguard roared in anger, bullying his way in and swinging his fist, the whistling fist wind clear to his ears.

Lei Chuan saw this scene, the corners of his mouth raised a smile, this bodyguard of his was special retired and was known to be able to fight, even if he didn't die from this punch, he would have to become an idiot.

"Nice sandbag." Han Giangli bent his legs, his entire body like a full moon bow, bouncing up in an instant.

Faster and stronger, the punch struck the bodyguard's temple.

The bodyguard fell to the ground with a muffled grunt and fainted to death.

The smile on Lei Chuan's lips instantly solidified.

How could that be!

His bodyguard was defeated in a single move!

The lobby manager has also seen this bouncer fight before, once punching a man into a vegetable, now wouldn't be punching a man into a vegetable!
