

Chapter 3634

“Yes, halved. The number of people is halved.” The stunning beauty sneered: “All of you living here, have One counts as one.”

“You can choose half of them to die, and the rest, they can live.”

After finishing the words, she looked at Amelia Su lightly.

Naturally, she wasn't embarrassing Amelia Su, she was just making plans that would benefit her.

George Han, who was furious and took terrifying revenge, was much more terrifying than George Han who had a handle.

However, the gap between them should not be greater than the combat effectiveness of the current group of people.

Otherwise, what's the point of her making this deal?

Moreover, the key point is that her current move can maximize the collapse of the Mysterious Man Alliance and disintegrate people's hearts. Even if the team is reorganized, it will not be as good as before.

It can even be said that the foundation is almost destroyed.

A good move to draw from the bottom of the pot.

Amelia Su's eyes were ruthless, of course she knew the other party's intentions.

But she couldn't rush to refuse, because although this condition is extremely cruel, in any case, at least half of the people are saved.

Once she does not agree, there is only one fate waiting for all of them here.

completely annihilated.

“Miss Su, I know you're not convinced, but you don't have a choice. This is your only choice and your only bargaining chip.” She laughed softly.

Amelia Su didn't speak, she was silent for a while, then turned to look at the crowd over there.

They are desperate!

Just when Amelia Su was in a difficult decision, Ziqing flew into the sky, and a few masters of it were about to attack.

However, seeing the stunning beauty shook their heads at them, the masters gave up this plan again.

“Everyone, listen, Sister Amelia Su wants to save our lives with her own body. Now, it is necessary to kill half of the people and leave the other half. My Ziqing is the first one willing to sacrifice.”

It was powerful and the sound was so lingering that everyone at the scene couldn't help but be stunned.

"The wife of the alliance leader actually wants to hand herself over to the other side for us? How is this possible?"

"Isn't this a joke? We can die, but the wife of the alliance leader can't be in trouble."

"Yeah, what are you afraid of? They fought, and the big deal is death. Haha, anyway, I have killed three or four just now, and I have made enough money."

"We cultivate and cultivate the body in order to not live as long as before. If it is still like this now, What is our purpose?"

"Yes, we will never surrender and fight with them to the end."

A group of disciples, whether male or female, after hearing Ziqing's words and understanding the truth of the matter, they all discussed in unison. in succession.

However, no matter how much they talk about it, their core has never changed, that is, refusing to surrender and fighting to the end.

Neither Ningyue nor Qingji said a word, and looked back at the executives in the alliance, such as Fuli and Jianghu Bai Xiaosheng, and asked for their opinions.

But this kind of inquiry is more like I want to die, how about you, rather than asking how they think about this request.

Jianghu Bai Xiaosheng chuckled: "From the first day I met George Han, I inquired from a bag on the rivers and lakes and became the so-called deputy leader. For my safety, George Han has always asked Brother Linlong to accompany me. Right and left, keep me safe, and now... I also have to tell him that the brother under his protection has grown up now." After the

words were finished, Jianghu Bai Xiaosheng slowly grasped the long sword.

Having been in the rivers and lakes all the year round, little people like Jianghu Bai Xiaosheng know the way of survival better than anyone else.

In other words, in order to survive, he left all his face behind, and lived like a smeared mouse

.

George Han helped him pick up his self-esteem, and now, he does not intend to leave it again.

"Well said." Wang Simin also smiled coldly and raised his sword again.

Du Yisheng also stood up at this time, looked at Zhong Beihai on the side, and said with a smile: "Junior brother, although Tianji Temple is traveling together, but when you go out, you pay attention to the word of righteousness.

" It's been a long time since three thousand, and it's time to pay him back."

Zhong Beihai nodded lightly and looked back slightly: "Where is the Tianji Palace disciple?"

“Yes!” Everyone shouted in unison. “Those who eliminate demons and defend the Dao should be the first and the soldiers. How about we take the first step?”

“I would like to listen to my uncle’s teaching.”

On the journey, the brothers of Tianji Palace will open the way first.” After the words fell, under the leadership of Du Yisheng and Zhong Beihai, Tianji Palace flew directly into the vast enemy army...

Chapter 3635

and others hurriedly wanted to call back, but at this time, the disciples of Tianji Palace had already rushed with Zhong Beihai and Du Yisheng out.

“The disciples of Tianji Palace have not joined our alliance at all, but they have taken the lead in this catastrophe. If we want them to die on our behalf, then it would be better for me to live than to die. Brothers who are not afraid of death? Come with me.” A

certain soldier shouted angrily, and then went up with a knife.

Although he knew that his cultivation was nothing in front of a group of bigwigs, or in front of a group of soldiers, rushing out was just a living target for others.

But there is a deadly way of dying, and a living and living morality.

“Damn, you’re right. Outsiders have all taken care of my own business. If you want me to open my eyes and close my eyes as if I can’t see it,

I can’t do it either. You bosses, I’ll go first.

” Minions followed.

“I’m going too!”

“I’m going too!”

“**** it, I don’t want to live!”

One soldier after another rushed out of the team, followed by the first soldier. Run towards the opposite side.

However, just as they rushed from the rear to the front, a group of people blocked their way.

It is Ningyue.

“What? Do you think you are not afraid of death?” Ningyue smiled.

“If you’re not afraid of death, why stop us?” the lead soldier said angrily.

Ningyue looked at him and said, “As you said, if you earn a few more heads from dead money, wouldn’t that make more money? A dozen of you charged,

what can be done? However, the dry grass in the strong wind fell down before it blew. “

If we have to rush, everyone rushes together and takes care of each other so that we can kill more people.” When the

words fell, Ningyue smiled, suddenly looked at the disciples behind her, and shouted coldly: “Baguio Palace asks the deputy leader to agree to lead the charge first, we will never surrender, we will fight to the end, there is no other choice. “

“It seems that my brother in the Hundred Demon Temple is afraid of death.” “Qing Ji sneered, and also stood up, looked at Jianghu Bai Xiaosheng and said, “I will also set off with the big team. If it is the second team, we will be very unhappy.” “

Although there are six of the seven monsters in Jiangbei, they are not afraid of death. Dabingtian also stood up. Without waiting for

Jianghu Bai Xiaosheng to speak,

the disciples behind him also began to shout in unison.

“Kill, kill, kill, and fight them to the end.” Jianghu Bai Xiaosheng smiled and nodded: “

Okay, good, good, to be able to fight with you, live and die together, and finally wrap up the body on the battlefield, is my Jianghu Baixiaosheng’s blessing, and it is also George Han’s blessing. “

“Since you all think so, listen to my orders!” “

“Roar!” “

Everyone responded in unison.

“Blood battle to the end!” ! kill! “

“Roar!” “

Linlong is full of dragon roars and takes the lead in carrying Jianghu Bai Xiaosheng.

“Kill!” The

generals roared and followed closely.

A group of people gave up their defense completely, and instead went straight to attack.

Behind the crowd, only Lu Yuan and other elites of the Lu family were left. At this time, their subordinates also looked at Lu

Yuan . :”what should we do? “

Lu Yuan was also confused for a while, let’s go, knowing that he is dead.

But if you don’t rush, it doesn’t seem too strong.

“The thief boats are all on board, and they can’t get off now. Staying here is nothing but death. Get on.”

“Yes!”

With Lu Yuan's final decision, all the horses and horses in the entire wooden house rushed out, and no one was left behind.

Seeing the large army attacking again, Mo Yang and the others, although sporadically made people look pitiful, but along with Mo Yang's roaring charge again, although they were few, they were powerful enough...

Looking at the wooden house that suddenly launched the charge Over there, even the slut who has always been indifferent, can't help standing up suddenly at this time, and his eyes are looking at the other side...

"This..."
