

Chapter 3892

"I am guilty, but... the leader punishes me, why is this?" Fu Lin murmured.

George Han, I don't know what kind of madness he made, when he walked out of the cave, he actually hit the sky with his backhand.

This palm has a lot of energy, but it is not pure enough. In other words, it is not too aggressive, but it can shine brightly.

In other words...

this thing is deliberately attracting the enemy.

What is this for?

Fu Lin murmured, extremely puzzled.

Right now, I'm already under siege, and the situation is extremely desperate. Now I meet someone who exposes his position. Do you think that everyone's situation is not bad enough?

This brought a large number of enemies here, and Fulin really couldn't understand what this was for.

The only thing he could explain was that Han

George Han .

"Punishment?" George Han glanced at Fulin strangely: "Is your kid not sick?"

"If brother-in-law is not punished, what do you mean?" Fulin exclaimed aggrieved.

George Han glanced at the others and saw that many of them were also frowning, and couldn't help but smile: "Is this mountain big?"

"Big." Everyone said without hesitation.

"Then, is the location of the hill we are going out of now big enough?"

"

George Han nodded: "Okay, then let me ask you, are we in the middle of the mountains now."

Everyone nodded again. "We are enemies on either side. Starting from our position, there is some distance to the edge of each side. The mountain road is rugged. When we arrive, are you tired

?" From entering the mountain to arriving here, didn't you rest in the cave for a long time tired? Even though cultivators don't have to rest, they still need a certain amount of time if they want to be in full bloom. "Since we all know we're tired, then let me ask you, what's the point of killing us sneakily? Why don't we take the initiative to expose the position and let them attack. While we wait for work, we can take advantage of this mountain to completely fight with them. Let's play." "Well, there is a saying that, if you die, you have to pull a few backs." Hearing George Han's words, everyone looked back at the surrounding terrain, and was stunned to find where they were now. It really is an excellent defensive place. The mountain is large enough, but not particularly large, which can help disperse the enemy's

forces and at the same time prevent the opponent's direct firepower from blowing up the mountain. As for the location, there is indeed a right place here. It is located in the center of the mountains, so no matter which side of the enemy wants to reach here, it is necessary to go over the mountains and mountains. "Now that you understand everything, what are you still doing?" George Han smiled slightly: "Why don't you deploy the defense?" , full of energy, but how to arm? George Han smiled lightly, and brought Fulin, Mo Yang, Young Master Ruyu and the others, and whispered something in their ears. The next second, all of them smiled.

After that, several people led a group of members to the surrounding area down the mountain quickly, only Ningyue led a group of old members to follow George Han.

George Han smiled slightly and said to Ningyue: "We have more than 200 people at most, but we have to meet a full 200,000 people. Ningyue, tell me the truth , are you afraid?"

Ningyue smiled softly . : "With such a huge disparity in power, don't you think it's not a pure lie? But, to be honest, I still have some expectations in my heart."

"Looking forward?"

What kind of beheading record is created in the face of adversity, at least, when I go to hell, I can find a few inmates to brag about my life." Ningyue smiled.

"I, George Han, have always been more concerned with winning and losing. Okay, in order to not lose to you in hell in the future, I have to perform well." After the

words were finished, George Han's hand moved slightly, and the jade sword was light. Out, the sky fire moon wheel also appeared in George Han in time.

Killing intent.

"Here's the head dog." Ningyue looked at the edge of the distant mountains, black energy rose, and she couldn't help laughing coldly.

The dark air is slow, and it is coming towards this side of the pavement...

Chapter 3893

a few hours, when the air around the hill suddenly dropped to freezing point, when the night sky became even darker even towards dawn, The strange stench also hit here.

"George Han!"

Suddenly, a loud shout broke the calm here.

Halfway up the mountain, black air filled the air, someone stood up and pointed angrily at George Han.

George Han looked down and couldn't help laughing.

Ye Shijun.

He, who had one arm cut off by George Han, jumped up when he saw George Han as if he saw the enemy who killed his father.

“This idiot, he was the first bird with a gun, how many times he has been beaten like this, how many times he has suffered such losses, and he still doesn’t know how to behave.” On the top of the mountain, George Han smiled helplessly.

Ningyue couldn’t help but laugh out loud: “Then someone has to be beaten, don’t they have the courage to take it?”

“I don’t know if I die, but I

can be sure that he will be beaten with blood.” Han Three thousand.

Ningyue nodded: “Actually, I don’t know who to start with. He shows his head, and I have a target.”

And poor Ye Shijun didn’t know that he had been listed as a target at this time. Instead, he believed that he had an army of 200,000 people, and now he was attacking George Han and others to death.

If you don’t come out to install the fork at this time, when will you wait? !

“Damn it, you stupid idiot is scared to see Lao Tzu now. I said, you George Han won’t be arrogant for long, and today is your stupid death date.”

“Oh, by the way, now there are 200,000 people surrounded by you, aren’t you quite capable of fighting? Come down and play, if you think there are not enough people, there are 200,000 troops outside me.”

“Haha, Stupid, are you fighting with me? You are a jerk.

“

Ye Shijun was very arrogant and proud. The situation in front of him finally made him raise his eyebrows and swept away his previous depression.

“Ye Shijun, your arrogant appearance is very cheap, didn’t anyone tell you?” George Han responded coldly.

“Ha, cheap?” Ye Shijun didn’t get angry but laughed instead: “You boy, you are just that boiled duck now, and you’re just talking shit. What’s wrong with me? Do you have the ability to kill me?”

“Of course it’s worth showing off, but unfortunately, you’re incompetent.” Ningyue sneered: “If it wasn’t for Fumei to use her family status to join us, I’m afraid you’re still waiting for you to eat steamed buns under our city.”

“Humph . You think I don’t know that Fu Mei has such a plan? She is Lao Tzu’s wife, what is she doing that Lao Tzu doesn’t know? Let me tell you the truth, Fu Mei’s actions this time were arranged by Lao Tzu.” Ye Shijun

sneered .

“You arranged it?” Ningyue smiled disdainfully: “Ye Shijun, I don’t want to compliment you if you have any other skills, but it’s the dog virtue that you keep putting gold on your face, which is really admirable.”

“f***, stinky three . Eight, if you don’t believe it, ask Fumei to come out and confront it.” After he finished speaking, he glanced into the black air.

Suddenly, Fu Mei slowly walked out from inside.

Seeing Fumei, Ningyue, George Han, and Amelia Su were obviously angry and stood up one by one.

Fu Mei dared to look at them: “Everyone, I’m sorry, the so-called marrying a chicken follows a chicken, marrying a dog follows a dog, I am very grateful that you gave me a chance to trust because I am a family member, but unfortunately, I am also Ye Shijun’s wife. So...”

“The strategy was indeed arranged by Shijun, and he was the first to do it.”

Ye Shijun originally thought that he was full of nonsense but feel very satisfied.

At least, in the face of this kind of great credit, Fumei, this **** can sensible and give the credit to himself. Based on this alone, when looking for those men to spoil her in the future, it is worth choosing a wave for her to watch. Looks like a good quality man.

“Did you hear it, idiots? Would you like to give you all your ears and listen carefully?” Ye Shijun looked at George Han with a sneering sneer.

For a time, the Buddha prevention was really the whole thing that he personally planned, that complacent energy, the Buddha prevention world is in his hands. George Han smiled helplessly, glanced at Ningyue

, and then looked back at Ye Shijun: “Well, since there is evidence and evidence that you are the first in this matter, then we don’t need to say more.”

Yue Qi smiled at each other, and the next second, Ye Shijun was dumbfounded.

“You...what the f*** are you doing?”
