

His True Colors Chapter 81-85

Chapter 81

"If Governor Du is embarrassed, I won't ask." Su Yingxia said.

Du Hong nodded and said, "If Miss Su has any questions, go ask your friend, I'm really not in a position to disclose."

Signing the contract, Du Hong promised that he would release the money as fast as possible, and Su Yingxia left.

"There will definitely be a lot of companies dissatisfied with me this time." Du Hong could foresee that he would be boycotted by those companies next, but it couldn't be helped.

"Brother Du, we have such a big client in our hands, and it's not simple for the Su family to develop in the future, so why are you still putting those small fish and shrimps in your eyes." The manager said.

Du Hong smiled and said, "That's true, but who exactly is this person, is there anyone so rich in our Cloud City?"

"Brother Du, his name is Han Qianqian, do you want to check it out?" The manager said.

"Han three thousand?" Du Hong's eyebrows gradually furrowed as he suddenly said in surprise, "Isn't Han Marchan, that famous waste of a son-in-law of the Su family, called Han Marchan?"

The manager was dumbstruck on the spot, although she already knew Han Marchan's name, but she didn't think in that direction at all, sitting on tens of billions of dollars, how could he be that waste son-in-law of the Su family?

"Du Du, no, he's, he's not a wimp, is he?" The manager said incredulously.

Du Hong shook his head with a sigh and said, "I'm not sure, maybe, the same name and different person, after all, the Su family never put that waste son-in-law in their eyes, if it's really the same person, why would Han Qianli help the Su family."

The manager also agreed with this and nodded his head.

Su Yingxia didn't go back to the company, but returned to the villa area of Genting Mountain, she wanted to share the good news with Han 3000, but when she reached the entrance of the villa, Su Yingxia was shocked to realize that Han 3000 already knew the result, for him, what was there to share?

But why he was able to sell Du Hong such a big face, Su Yingxia still wanted to ask.

"Yingxia, why are you back so early today?" Lan Jiang was very surprised to see Su Yingxia home.

"Mom, where's 3000?" Su Yingxia asked.

Jiang Lan pulled Su Yingxia to sit down on the sofa and said, "I've already talked to Han Qianqian, he's willing to change the name of the villa to yours, so you should quickly find a time to get this done with him."

Su Yingxia's face instantly sank when she heard this, "Mom, is this the reason you left Han 3000 at home?"

"How about that, am I good?"Lan Jiang said proudly.

"Mom, I won't take it."Su Yingxia said coldly.

"You girl, are you having a brain cramp, mom spent a lot of effort to get him to agree, I'm doing this for your own good, if you don't go through with it, don't recognize me as mom."Jiang Lan crossed her hands at the waist, dissatisfied, she believed that if she threatened Su Yingxia in this way, Su Yingxia would definitely compromise.

Han Qianqian's importance to this family is self-evident, without him, Su Yingxia couldn't have been the head of the west side of the city project, let alone get a billion dollar loan today, whether it's a villa or a divorce, Su Yingxia couldn't have done it.

And even without these things, Su Yingxia had already faced her heart and wouldn't divorce Han Qianqian.

"Good."Su Yingxia said without hesitation, standing up and walking towards the room.

Jiang Lan was dumbfounded, threatening Su Yingxia in this way, and she didn't even compromise.

"Su Yingxia, you stop right there."Jiang Lan yelled, "Do you not even care about me now?"

"Mom, if you're going to be unreasonable, do I have to stay with you?My words have been made very clear, I hope you put those little thoughts away, or you'll move out."Su Yingxia said indifferently.

"You "Jiang Lan pointed at Su Yingxia, so angry that she couldn't speak.

Su Yingxia returned to her room and found Han Qianqiang lying on the bed straining to play with her phone, looking very bored.

Walking to the side of the bed, Han Giang made some space for Su Yingxia and asked with a smile, "How's it going, are things going well?"

"Did my mom give you a hard time again?"Su Yingxia asked.

"It's okay, it's not too difficult, but it's only right for the villa to have your name on it,"Han Giangli said.

"Don't you know what my mother is doing this for, how can you agree to her?"Su Yingxia said with puzzlement.

"I know what she's up to ah, but you're the only one who can make the decision on this matter, aren't you?If I don't trust her, can I still not trust you?"Han Qianli smiled.

Su Yingxia was so touched by this that it turned out that he had agreed to Jiang Lan, not because of her, but because he believed in her!

Leaning down and very quickly slap a kiss on Han Giangli's mouth, Su Yingxia fled the room in a panic.

Han 3000 was still dumbfounded and didn't return for a moment, and when he realized what had happened, he smiled bitterly.

"This, at least give me some mental preparation before I have a chance to respond." Han Giangli licked his lips and said regretfully.

How did it taste sweet and fragrant?

Quickly, Su Yingxia snapped back into her room, as she still had one more thing to ask.

Lowering her head, she leaned against the door and said, "The loan thing has been taken care of, Governor Du is only willing to give the Su family a loan because of your face, is your face worth a billion?"

"Your kiss is worth a thousand gold, a billion is nothing." Han Qianli smiled.

Su Yingxia, who was already red in the face, could not wait to find a hole in the ground to drill into when she heard this, and said in a threatening tone, "What happened just now, don't mention it again in the future."

"How can I do that, I want to relish it a hundred times a day, and from today onwards, I'll have to go on a hunger strike, lest you lose your taste." Han Qianli said brazenly.

Su Yingxia was so angry that she stomped her foot, and her shy attitude made Han Qianli let out a laugh.

"You're still laughing, do you want to sleep on the floor tonight?"

The laughter stopped abruptly and Han Giangli said in a serious voice, "By the way, did Du Hong say anything else?"

"He said he'd like to meet you sometime for me to introduce you," Su Yingxia said.

"En, I'll find a time to meet him." Han Giangli said, this kind of connection he didn't care for, but it was very helpful to Su Yingxia, now Su Yingxia controlled almost all the power of the Su Family Company, if you want to have a better development in Cloud City, these connections are essential.

"You still haven't answered the question I just asked." Su Yingxia went back to the first question, because she was really curious, Han Qianqian bought a car and a house, that is the problem of money, but today this matter, not money can solve, can make Du Hong so important, must need a certain status.

But wasn't Han 3,000 yuan's reputation in Cloud City already stinky by Su Hachao?

What Su Yingxia doesn't understand is that when money becomes a meaningless string of numbers, status comes with it. But such status can't mean power.

Only power was a man's most gorgeous coat, and that was what Han Qianli lacked right now.

"I'm a ten billionaire, of course he has to give me face." Han Qianli smiled.

He looked like he was joking, where could Su Yingxia believe him and deflated, "Forget it, don't expect me to do that kind of thing again in the future."

"Which kind of thing, you should say it clearly instead." Seeing Su Yingxia run out of the room again, Han Qianli couldn't wait to ask.

For the next period of time, Han Three Thousand meditated at home, the doctor was saying that it would take forty days to recover, but in reality, one week was enough for Han Three Thousand.

After a week, Han Three Thousand went to the hospital to remove the plaster cast, even the doctor tsked, saying that he had never seen Han Three Thousand's kind of physique before, and that his amazing recovery ability was beyond the scope of normal people.

Finally able to move his hands, but this week's day is still worth remembering, after all, Han 3,000 yuan also enjoyed the treatment of an emperor, even to go to the toilet someone to help unbutton his pants, this kind of thing, I think it will never happen again.

Walking to the door of the hospital, Han 3,000 yuan took out his phone, dialed the bank manager's number, and said, "Didn't Du Hong want to see me? Tell him that I'll be at the bank right away."

The manager surprised Du Hong by conveying the news to him, and Du Hong rushed to the bank at once to meet Han Qianqiang.

Chapter 82

The bank's VIP room.

Du Hong met up with Han Qianqian with an excited and apprehensive heart.

Du Hong was very shocked that Han Qianqian was so young, it wasn't like he hadn't seen people who were young and successful before, but it was the first time he had ever seen someone with tens of billions of assets at such a young age.

"Mr. Han, it's surprising that you're so young," Du Hong said.

The manager was throwing fawning eyes at the side, intending to use his charm to seduce Han Qianqian, but unfortunately Han Qianqian couldn't look away and was completely oblivious to her deliberate leg-crossing to reveal the scenery.

"Governor Du, I'm here to see you today because I hope you'll take care of Su Yingxia more in the future." Han Qianli said explicitly.

Naming names to help Su Yingxia, this Han Three Thousand, it can't be really that son-in-law of the Su family!

"Mr. Han, I have a curiosity, I wonder if I can ask more," Du Hong said.

Han Qianli smiled, knowing the doubt in his heart, and said, "I'm the one you're thinking of, the rest, I'm not at liberty to say."

And really!

How could someone sitting on tens of billions of dollars join the Su family and be humiliated? Did he fancy the assets of the Soviet family?

With that amount of weight of the Su family, it wasn't enough to humiliate him for three years ah, how many Su families did his assets have to be compared to.

But Han Qianqian had already made it clear that it was inconvenient to say more, so Du Hong didn't dare to ask more.

"As long as you're willing to help Su Yingxia, I owe you a favor, and you can ask if there's anything you need from me in the future." Han Qianli continued.

A favor was more valuable than gold, and it was a favor from a big man like Han Qianqian, Du Hong was well aware of the weight of it.

Today, Cloud City was dominated by the Heavenly Family, but with Han Qianli's help, the Su Family might not be unqualified to compete with the Heavenly Family.

If in the future, the Su Family became the number one family in Cloud City, the use of this favor would be too great!

"Mr. Han, don't worry, I'll do my best." Du Hong said.

"Manager, you've also helped me a lot, introduce me to a financial product for fun." Han Qianli smiled at the manager.

The manager hadn't helped much in this matter, just contacted Du Hong, and now Han 3000 was clearly giving her the benefit of the doubt!

"Mr. Han, it's all I should do," The manager said.

"You don't have to put it off, it's a pity you don't take advantage of the opportunity once." Han 3,000 said.

"Since Mr. Han has said it all, you can take it." Du Hong smiled.

The manager hurriedly brought a few documents and gave a detailed introduction to Han Three Thousand.

Han Marchiang was not interested in the financial products themselves, just benefiting the manager in this way, casually pointed to one and said, "How about this one, take 100 million to play with."

"One hundred million!"The manager mistakenly looked at Han Qianli, only to feel that his ears were out of whack.

Even Du Hong looked at Han Qianli incredulously, this shot was too astonishing, casually throwing 100 million out to play, it wasn't Heaven and Earth Bank's money.

"Hurry up and help me with it, I still have to pick up my wife from work."Han Qianli smiled.

This made the manager's eyes red with envy, they all said he was a wimp, who would have thought that he could casually buy a hundred million in financial products?And this true heart for Su Yingxia is even more rare.

He was so young and rich, yet he treated a woman so sincerely, envious of the women of the world.

"Mr. Han, your wife really deserves envy."The manager said, sighing in his heart, no wonder no matter how much she scratched her head she couldn't sway Han Qian, so he only had Su Yingxia in his heart.

After getting everything sorted out, Han Qianli left the bank.

Du Hong with a sighing look on his face, said, "Into the waste?I wonder how those who look down on Mr. Han would feel if they knew his true strength?"

"Brother Du, Mr. Han is so rich, why would he join the Su family?"The manager was puzzled.

"You can't think of any?"

The manager shook his head.

"I wouldn't have thought of that."Du Hong laughed bitterly, the thoughts of these rich people, he really could not fathom.

Han 3,000 had just had his cast removed, so he could only walk to the office, and the women in cool clothes along the way, raining white legs, didn't let Han 3,000 take a second look.

A Buddha with an empty heart and everything empty?

Nope.

Han three thousand is the one who has Su Yingxia in his heart, so he is indifferent in the face of the warblers.

On the way back to the company, a call made Han 3,000 stop in his tracks.

Following the voice, Shen Lingyao ran towards Han 3,000 with her bare feet on the ground and high heels in her hands.

This was summer, didn't this woman feel hot from showing her face?

"What are you doing?" Han Giangli asked, puzzled.

"Quick, where's your car." Shen Lingyao said hurriedly.

"I'm not driving today, are you being chased?" Han Giangli said with a smile as Shen Lingyao kept bouncing in place because of the hot feet from showing her face.

"Ah." Shen Ling Yao cried out in pain and roared, bouncing towards Han Three Thousand and saying, "Carry me."

Han Three Thousand moved two steps sideways, directly allowing Shen Lingyao to pounce.

At that moment, a few more people came after her, and Shen Ling Yao could only hide behind Han Three Thousand.

"Dead B*tch, let's see where you're going to run." The leader was a woman with heavy makeup, wearing a very thin black veil, her underwear clearly visible.

"You're the man of this eight-whore, just right, pay up."

Han 3,000 said, "I don't know her."

Shen Lingyao hammered a fist behind Han Third Thousand and said, "I'm your wife's best friend, you can't see death without saving her."

Han Qianqian smiled bitterly, he didn't even know what was happening, how could he save it?

"Since you have nothing to do with her, get out of my way and don't delay me."The woman in heavy makeup snapped.

"What if I don't f*ck off?"Han 3,000 said.

"No roll?"The woman in heavy makeup smiled coldly and said, "If you want to be beaten, you can certainly not roll."

A few men in bodyguard clothes behind the woman in heavy makeup walked towards Han Qianli, menacingly.

"Idiot, hero, at least look at what you are."

"But you're the one who's not leaving on your own, don't blame the brothers for being merciful."

Shen Ling Yao tugged at Han Qianqian's clothes and said, "I'm sorry, if you go into the hospital, I'll find the best doctor for you."

Han Three Thousand cried and laughed, saying, "Hide away, and by the way, find out for them where the best orthopedic hospital is."

Shen Lingyao still didn't understand what Han Qianli's words meant, only to see Han Qianli suddenly make a move, and those raging security guards, one at a time, had fallen to the ground, all of them screaming in pain.

The woman with heavy makeup looked at Han Qianqian in shock, although these security guards weren't powerful characters, they weren't so unbidden to fight, right?

Shen Lingyao's grown mouth was big enough to stuff an entire egg.

"Han 3000, you are so good at fighting!" Shen Lingyao said incredulously.

"Now you can tell me what really happened, right?" Han Giangli asked.

"I I" Shen Ling Yao fidgeted and couldn't say anything.

Han 3000 turned to look at the woman with heavy makeup and asked, "Or you can tell me what's going on."

"You this friend of yours, tried on clothes in my shop and scraped them up for me, but I didn't expect her to scatter her legs and run away." After witnessing Han Three Thousand's skill, the heavy makeup woman's anger just now was much lessened.

Han Three Thousand Thousand was completely speechless, looking at a few security guards who had been beaten up for nothing, and apologized, "I'm sorry, how much the clothes cost, I'll pay for her, right, and these people's medical expenses as well."

The woman with heavy makeup didn't think Han Qianqian was still a reasonable person, she just thought of simply forgetting it, after all, these security guards couldn't be beaten.

"You're not kidding me, you really want to pay for it?"

"Of course, she ruined your clothes, so it's only right that she pay for it," Han Giangli said.

"Okay then, follow me to the store."

Keeping up with the woman with heavy makeup, Han Third Thousand didn't notice that across the street, a man with a cell phone was filming the scene.

Paying for the gift, as Han 3000 and Shen Ling Yao left the clothing store, Shen Ling Yao said weakly, "I'll pay you back later for this money."

"No need, but you better be careful next time, it's not every time you're so lucky," Han Giangli warned.

"By the way, is Ying Xia going to the reunion this year?" Shen Lingyao suddenly asked.

"A reunion?" Han Qianli and Su Yingxia had been married for three years, but she had never heard her talk about the reunion.

"Yingxia used to attend every year, but after marrying you, she didn't show up, and you don't know that all those classmates are now treating Yingxia as a joke."

Chapter 83

In Su Yingxia's classmate circle, Su Yingxia used to have a very high status, and even many male classmates held the idea of getting the moon first in the near water, pursuing Su Yingxia.

In the past, Su Yingxia was a star attraction, but since Han Qianqian joined the family, the only thing left between the classmates is the cynicism, especially those male classmates, if they don't get it, they start to have evil thoughts, and they make cold remarks and mockery in the classmates' meeting, so Su Yingxia is now avoiding the classmates' meeting.

The first thing that you need to do is to get your hands on a newborn child.

Now that Su Yingxia has moved into the hillside villa, and Han Marchant doesn't look like a loser, so Shen Lingyao wants Han Marchant to help Su Yingxia export her anger.

"You don't know how nasty those classmates talk, especially that slut Mother Rong, who has a grudge against Yingxia since she went to school, and she caught you entering the Su family, and she can't wait to talk about Su Yingxia as worthless." Shen Lingyao's expression became very angry when she spoke of these things, and she even shook her fist.

"Who is Sister Rong, such a strange name." Han Giangli asked with a smile.

"Her name is Rong Liu, she's a slut, and she's abominable, so I call her Sister Rong." Shen Lingyao said.

"Well, if she's willing to go, I'll go with her." Han Giangli said.

"What do you mean she's willing, she's not willing, and it's not because of you, Han Three Thousand, I'm warning you, Ying Xia has suffered so much for you, you have to help her vent her anger." Shen Ling Yao raised her pink fist and said with a threatening face.

"Fine, fine, I'll take note, if there's nothing else, I have to go pick her up from work." Han Qianli nodded repeatedly.

"Go on, I'll pay you back when I'm rich."

Looking at Han Qianli's departing back, Shen Lingyao's eyes suddenly dimmed as she said to herself, "Yingxia, you probably won't know in this lifetime how much I envy you."

Su Yingxia walked out of the company from work and saw that Han Marchant was even at the door, trotting to Han Marchant's side.

"What are you doing here, aren't you resting at home?" Su Yingxia said unexpectedly.

Han Giangli waved his hand and said, "Look at me, I still need to rest, right?"

Only then did Su Yingxia discover that Han Qianqian had removed the cast, her face darkened and she said in a cold voice, "When did you go to remove it, the doctor said it would take forty days to recover, don't you want a hand?"

"I'm already better and the doctor has checked me out, so if you don't believe me, I can take you to the hospital and ask." Han Giangli smiled.

Su Yingxia grabbed Han Qianli's hand and wondered, "Really, you didn't lie to me, did you?"

"How could I possibly lie to you, let's go home, I'm really fine."

Getting into the car, seeing Han Giangli driving with his hands moving freely, Su Yingxia was truly relieved.

"You've recovered so quickly, I'm afraid even the doctors can't believe it." Su Yingxia said.

"If it wasn't for my quick movements, his eyeballs almost fell to the ground, but luckily I tucked them back in for him."

Su Yingxia was amused by this and said, "Look at how powerful you are, your butt is almost up in the sky."

"Ahem, how could a man do this action." Han Giangli said.

Su Yingxia didn't understand the meaning of this sentence for a moment, and when she did, the temperature in the car was a little colder, and her eyes were intense with killing intent.

"Han Three Thousand, you're getting bolder." Su Yingxia said in a cold voice.

Han Qianli's eyelids jumped straight and quickly changed the subject, saying, "I ran into Shen Lingyao today."

"Yao Yao? But she hasn't contacted me for a few days, and I don't know what she's doing."

Han Giang told Su Yingxia about today's incident, and grumbled a bit about Han Giang mistakenly injuring those security guards, saying, "How can you just hit someone, what if you get hurt yourself, you're not allowed to fight with anyone without my permission from now on."

"Good." Han Giangli responded in one breath, not caring what the consequences of this promise would be.

"By the way, she also talked about the reunion and wanted you to join her." Han Three Thousand said.

"Don't go." Su Yingxia refused without even thinking about it, going to the reunion Rongliu would definitely not let her go, so why go to be humiliated for no reason?

"But I've promised her that I'll take you there, so what do you say." Han Qianliang saddened.

"You go with her, maybe, you can even go hand in hand."

There was a smell of vinegar in the car, someone's jealousy jar was somehow overturned, but Han Qianli was laughing heartlessly.

Su Yingxia looked at Han Qianqian still laughing, her anger was unbearable, and said coldly, "You're so happy, do you want me to simply fulfill you two, Yao Yao likes you very much anyway."

"No no, I'm a married man." Han Giangli said in a panic, the tumultuous jealousy had formed a shock wave, if it continued like this, one more wave would be able to slap him to death.

Although Su Yingxia was jealous, she didn't take it seriously, and she never doubted Han Qianli's sincerity.

For three years, he silently witnessed commuting to and from work, silently followed her on her morning jog, protecting her, this true heart, heaven and earth can be learned, if Su Yingxia still doubted this, it would be unconscionable.

"You may not be too clear, those students of mine, they are now treating me as a joke." Su Yingxia said with a long sigh of relief.

"That's why it's all the more reason to go, you're now the head of the west side of the city project and you live in a hillside villa, who's still qualified to laugh at you." Han Giangli said.

"But "Su Yingxia wanted to say something, what she didn't say was that all the jokes came from Han Qianli, if Han Qianli went with her, those classmates would definitely put their cannon fire on Han Qianli, she didn't want Han Qianli to be mocked.

"Nothing but, as long as you don't treat me like a wimp, no one in the world has the right to look at me like that." Han Three Thousand Palms said indifferently.

"I don't, of course I don't." Su Yingxia, who was eager to explain, said in a panic.

"Since I don't have one, take me to see it, I've never been to a reunion before, it's good to see the world." Han Giangli smiled.

After a long silence, Su Yingxia nodded her head and said, "Good."

Back home, Su Yingxia received another call from Shen Lingyao, and after being convinced that Su Yingxia would be attending the reunion, she was overjoyed beyond measure, wanting to see Han Giang perform at the reunion and be able to hit those classmates hard in the face.

The next day, Su's company.

Su Haichao was sitting in an office chair, his feet on the desk, and he looked comfortable.

It has been a whole week's time, Su Yingxia's loan has not yet been talked down, although he is a little worried about the company's situation, but his heart is still more happy, he now feels, even if he dies, he will pull Su Yingxia to die, never want to see Su Yingxia do this thing.

At this time, Su Yehan suddenly panicked and rushed into the office.

"Hai Chao, have you heard?"

"What the hell are you doing in such a hurry?" Su Haichao said indifferently.

"I heard from the finance department that the loan is already in the company's account." Su Yehan said.

When Su Hachao heard this, he frowned and asked, "It can't be fake news, right? How many loans?"

"Now the whole finance department knows about this, and a whole billion dollars has arrived," Su Yeh Han said.

"What!" Su Haichao was so excited that he fell right off his office chair and stood up in a mess, gritting his teeth, "How is it possible, how could she have borrowed a billion."

"I don't want to believe it either, but the words of the finance department shouldn't be false." Su Yehan had previously decided that Su Yingxia couldn't have done this, but now that one billion had arrived, she had no choice but to admit it even if she didn't want to.

Su Haichao's gloomy face, and really let Su Yingxia do it, in the future, the company's finances will also be handed over to Su Yingxia, this is a nightmare for all the Su family relatives.

"Let's go, go to the finance department and take a look." As soon as Su Hachao said that, the landline on his desk rang.

Only after Su Hachao hung up the phone did Su Yehan ask, "What's wrong?"

"Grandmother said that she wants us to go to the conference room for a meeting." Su Haichao said reluctantly, since grandmother had made an appearance, then this matter would definitely not be false.

Chapter 84

The old lady smiled and took Su Yingxia's hand, which was never close, before the old lady but did not take Su Yingxia as family, but now, Su Yingxia seems to have become her favorite granddaughter.

In the future, Su Yehan may still marry into the rich family, but for now, Su Yingxia is the one who will help the Su family tide over the difficult times.

But other than the old lady, the other relatives didn't look too good.

The Su family did tide over the crisis well, but when the company's finances are in Su Yingxia's hands, it won't be so easy for them to get oil in the future.

The old lady can turn a blind eye to them, but can Su Yingxia?

Thinking about the way she treated Su Yingxia in the past, if she knew she was greedy for the company's money, how could she let them go?

Su Haichao and Su Yehan both came to the conference room, their faces were like eating shit, especially Su Haichao saw the old lady and Su Yingxia's affection, and was even more furious, in the past this kind of treatment, only he can enjoy, but now, Su Yingxia already has the trend of taking his place.

"Yingxia helped our company tide over the difficult times with a loan of one billion yuan, and in the future, the company's finances will be fully taken care of by Yingxia, which is what I promised before. In addition, I have one more thing to announce today." The old lady said.

Hearing this, Su Haichao was shocked, the old lady is not going to give Su Yingxia the position of the company's chairman, is she!

This was something that all the relatives didn't want to see, Su Guolin immediately stood up and said, "Mom, you have to think it over, this is a big deal for the company, it can't be child's play."

"Right, grandmother, you must think it over, our Su family's company cannot fall into the hands of outsiders ah." Su Haichao reminded with words in his mouth.

The old lady smiled faintly and said, "Considering the burden on Yingxia's shoulders is so heavy, so I want to have someone help her share some of it, Haichao, from now on, you are the deputy director of the company, and you will fully assist the west side of the city project in Su Yingxia's hands."

As soon as this statement was made, everyone present was dumbfounded, no one would have thought that the old lady would give Su Hachao a promotion at this time! He doesn't have any bright performance in the company lately ah.

The vice director position was given to Su Hachao, doesn't this mean that half of the power in Su Yingxia's hands must also be in Su Hachao's hands?

Su Yingxia bit her teeth, the old lady spoke beautifully and even acted affectionate with her, but in reality, she still didn't trust herself, afraid that all the power of the company was in her hands, which would make Su Hachao lose the chance to be the chairman in the future.

No matter how much I've done, my position in your heart is not as good as Su Hachao?

The Su family relatives laughed in relief after being stunned, of course they knew why the old lady was doing this, it was a coincidental way to weaken Su Yingxia's power in the company. The old lady had always regarded Su Hachao as her successor.

Su Hachao smiled and quickly said, "Thank you, grandmother, I will not fail to meet her expectations."

"Yingxia, you will cooperate more with Haichao in the future, discuss any problems."The old lady said.

"En."Su Yingxia echoed.

After the meeting ended, the old lady was the first to leave.

Su Haichao proudly said to Su Yingxia, "It seems that no matter how many things you've done, grandmother doesn't value you, my position in her old man's heart is not something you can compare to."

"From today onwards, I will go through every single account of the company, I don't care how you made money in the company before, but in the future, even if it's a penny less, you better explain it to me."Su Yingxia finished in a cold voice, did not pay attention to Su Hachao, and walked out of the conference room.

Su family relatives were all indignant, they weren't living on their monthly salary, if they couldn't be corrupt in the company, what else would they live on in the future.

"This Su Yingxia really doesn't know what's good for her, even the old lady doesn't care about these things, she's actually on the line."

"Does she think we'll take her seriously?What should be taken in the future, not a penny less, I'd like to see what she dares to do to me."

Su Guolin stood up and said to all the relatives of the Su family, "Don't worry, Hai Chao is now the deputy director of the company, how would Su Yingxia dare to make things difficult for us."

Su Haichao smiled and said, "This loan is one billion, if we can't take some money home, sorry to the Su family's ancestors ah, don't worry, I will bail you out, if this bitch dares to make things difficult for you, I want her to look good."

"Hai Chao, we can count on you."

"With your position in the old lady's heart, what's Su Yingxia to you."

"Yeah, she's just a woman, how can she compare to Hai Chao."

Su Yingxia returned to the office with a face as heavy as water, never thought that the old lady would grab her by the throat in this way.

Su Hachao became the deputy director, and the old lady also deliberately talked about having problems to discuss with Su Hachao, this is a clear way to cross the river to split the bridge.

"How long will it take for you to recognize that Su Hachao is not fit to be the chairman at all, do you really want the company to be completely finished?"

It was almost the end of the day and Su Yingxia received a call from Shen Ling Yao, saying that she had invited the two of them to dinner to thank Han Qianqian for her help yesterday.

Su Yingxia also hadn't seen Shen Lingyao for a few days, so she agreed.

After work, Su Yingxia, who was standing by the car door, said, "Shen Ling Yao invited us to dinner at home, I'll drive, you don't know the way."

Han 3,000 yuan got out of the car, walked to the passenger side, got into the car and found that Su Yingxia's expression was not too bright today.

The bank had already released the money, it was only reasonable that she should be in a good mood today.

"What's wrong?" Han Qianli questioned.

"In the name of helping me share the pressure, grandmother gave Su Haichao the position of vice director, and told me to discuss any matters with Su Haichao in the future." Su Yingxia said angrily.

"I had expected that the old lady would find a way to curb your momentum in the company, I just didn't expect her to use such a brazen way." Han Qianli said indifferently.

"Why? But she had clearly agreed before to let me take full responsibility for the west side of the city project as well as the company's financial power ah." Su Yingxia was puzzled.

"Isn't that simple? She doesn't want you to get too big in the company's limelight and influence Su Hae Chao, who is the chairman's choice after all." Han Marchiang said.

"She's not afraid of me leaving it alone, is she? The City West partnership, the bank loan, but I did it all, if I don't care about the company, how long will the Su family last?" Su Yingxia said unconvinced.

"You would?" Han Giangli asked.

Su Yingxia was like a throat, would it? Definitely not, she'd had a hard time getting this far, how could she give up so easily?

"That's why the old lady dared to do it, because she ate you up and knew you wouldn't do it." Han Qianli sighed, Su Yingxia was still too soft-hearted, but how she was going to decide, Han Qianli wouldn't interfere, and the Su family was indeed a good step for Su Yingxia, she could learn slowly.

Su family villa.

After the old lady returned home, her assistant said with a worried face, "Chairman, aren't you afraid of causing Su Yingxia's discontent if you do this?"

The old lady snorted coldly and said, "What position was she in the Su family before and what position is she in now, what else is there to be dissatisfied with. What she did for the Su family is a matter of course, is it hard to believe that I really want to give her the chairman's position?"

"But the survival of the Su family is now on her," The assistant said.

"Don't worry, she doesn't have the guts, she's nothing without the Su family, and she'll have to eat this grievance or not. And I'm treating her pretty well now, she should feel lucky." The old lady said.

The assistant nodded her head and didn't say anything more, after all, what the old lady decided was not something that ordinary people could sway.

And Su Yingxia, the probability is that she will not do anything stupid, after all, she also has to rely on the company to survive, the company collapsed, she may not be able to have a good life, the old lady is considered to have pinched Su Yingxia's lifeline.

The old lady stood up, took a deep breath, and said, "I'm still really afraid of that wimp, Su Yingxia has changed a lot in this period of time, it's very likely that he is behind the influence, the Su family, must not fall into the hands of the wimp."

Chapter 85

Shen Lingyao's house.

Han Giangli and Su Yingxia were sitting in the living room, the kitchen constantly emitted a symphony of pots and pans, and from time to time there was smoke mixed with Shen Lingyao's screams, but she ordered Han Giangli and Su Yingxia to stay in the living room, and Su Yingxia could only do anxiously even if she was worried.

"Really don't go to see? I'm afraid she'll burn the house down." Another burst of smoke choked even the living room, and Han Qianqiang wished he could have worn a gas mask.

Su Yingxia was filled with anxiety, standing up and bellowing, "Shen Lingyao, did you start World War III?"

Walking to the door of the kitchen, the kitchen was a mess, Shen Lingyao was a mess covered in grease and her hair was disheveled, just like a crazy woman.

Seeing the two, panicked, "Didn't I tell you guys to wait in the living room? Hurry up and leave, don't visit me."

Su Yingxia sighed helplessly and said, "Why force yourself to do something you can't do, is it hard for you to burn down your home before you're willing?"

"Who says I can't do it, I've already prepared a dish and will be ready to eat soon." Shen Lingyao crossed her waist with one arm, proudly pointing at a plate of something so black that it was completely invisible.

Han Qianli walked into the kitchen that resembled a battlefield and said, "It's better if I do, you go take a shower."

"No, I only invited you for dinner to thank you, how can I let you cook?" Shen Lingyao shook Han Giang and said.

"Even if you were to thank me, you wouldn't send me to the hospital, would you? After eating you, I'm afraid I won't survive the night." Han Three Thousand said.

Su Yingxia also couldn't bear to see it anymore and advised, "You'd better hurry up and let 3,000, if you really eat the poison, we'll be sick friends."

"Yingxia, even you don't believe me." Shen Lingyao said sullenly.

"Yes, I just don't believe you, hurry out." Su Yingxia said without hesitation.

Shen Lingyao was so angry that she put down the spatula and hurried out of the kitchen in anger.

"I'll shower first, and next time I'll show you guys how good my cooking skills are."

After Han Qianli took over the kitchen heavily, everything calmed down.

Shen Lingyao finished her shower and gulped as soon as she left the bathroom door, smelling an aroma that made her mouth water.

"Ying Xia, is Han 3000 really as powerful as you say?" Shen Lingyao couldn't help but ask, she had heard Su Yingxia mention that Han Qianqiang cooked at home every day and was an excellent cook, but had never eaten before, so she was skeptical about it, but now, the aroma kept coming out of the kitchen, so she couldn't disbelieve it.

"You'll know in a moment." Su Yingxia said with a smile on her face, Han Qianqian's cooking skills were more impressive than many restaurant chefs, and she had eaten for three whole years without getting tired of it.

Shen Lingyao muttered and said, "Look at how beautiful you are, it's really hard to envy you."

It wasn't long before Han Qianqian had prepared three dishes and one soup with all the colors and aromas, watching Shen Lingyao's appetite, she couldn't help but take a piece with her hand before serving the chopsticks.

"Ooh" Shen Lingyao, who was full of happiness, enjoyed the delicious taste coming from her tongue and clapped her hands straight, "It's so delicious, Han Three Thousand, how did you get so good."

For three years, Han Three Thousand in order to be able to change the patterns to Su Yingxia cooking, but enrolled in private kitchen classes to learn, and eight dishes have been involved, for him, three dishes and a soup but a handful.

"Yingxia, I'm going to stay at your house, I want to eat Han Qianqian's cooking every day." Shen Lingyao said excitedly.

"Three thousand doesn't cook now, the family has hired an aunt who specializes in cooking, so you're considered to be very lucky today." Su Yingxia smiled.

Han Three Thousand said at this time, "If you want to eat the food I cook, I can cook it for you every day."

"Hey." Shen Lingyao's expression sank as she said, "Can you guys consider the feelings of a single dog, I want to eat, not eat dog food."

"Alright, let's eat and eat, we won't talk about it, alright." Su Yingxia smiled happily.

Shen Lingyao sat next to Su Yingxia with dissatisfaction and said, "I know you're happy, but you have to take care of your best friend's feelings, otherwise, I'll have to make a move on Han 3000."

"Fine, as long as he's willing, it's fine with me." Su Yingxia said indifferently.

Shen Lingyao stood up, gestured with the chopsticks in her hand, and said to Han Qianli, "How about taking advantage of this lady and letting you sing at night?"

"Stop fooling around and eat quickly, it'll get cold later." Han Giangli said.

Shen Lingyao sat down weakly, this corner definitely couldn't be dug, and she was just joking.

"Right, I told the group of students today that you were going to the reunion, now they all know about it." Shen Lingyao said after sitting down.

Su Yingxia had already quit this so-called classmate group, and the classmates in it had no other serious business other than showing off what luxuries they had bought and which country they were traveling to.

"They're surprised, aren't they." Su Yingxia said.

Shen Ling Yao nodded her head, "No, they all thought I was joking, that bitch Rong Liu, she also said she hadn't seen you for a long time and missed you, I think she just wanted to trouble you."

"The boys that Rong Liu used to like, all like me, and I don't blame her for targeting me." Su Yingxia was targeted by Rongliu, and it was an unmitigated disaster, Rongliu had actively chased after several boys, but they all liked Su Yingxia.

"She's ugly, so she can still blame others, but she's lucky enough to have married a rich man, and now she's showing off what designer bags she's bought every day in the group." Shen Lingyao sighed, although she didn't like Rongliu, she had to admit that Rongliu had a better life than her.

"She's married?" Su Yingxia unexpectedly said.

"I was even invited, but I didn't go, so I didn't bother to tell you." Shen Lingyao said.

At this point, Shen Lingyao suddenly put down her chopsticks and said to Han Qianli with a heavy face, "Han Qianli, you can't let Yingxia be bullied at this reunion, or I won't let you off the hook."

"You want to say that if you have the chance, you'll teach Sister Rong a lesson by the way, right?" Han Giangli smiled.

Shen Lingyao, of course, wanted to see this scene, gritting her teeth and saying, "Do you know that Yingxia was severely slapped by Rongliu at the reunion, and if you can't take revenge for her, what kind of husband are you still."

Han Qianqian's eyes glazed over.

Su Yingxia quickly said, "It's been a long time ago, what's the point of mentioning it, as long as Rongliu doesn't make things difficult for me this time."

"How could she not make things difficult for you, but she treats you as an enemy, have you forgotten how she used to point at her nose and scold you?" Shen Lingyao said.

"Okay, stop it." Su Yingxia took a look at Han Qianqian and quickly stopped Shen Ling Yao's rambling.

After dinner, Su Yingxia was dragged back to her room by Shen Lingyao for the Girlfriend's Night Out program, Han 3000 was left alone in the living room watching TV, and was tedious when Mo Yang called him.

"Didn't I tell you to keep a low profile lately?" Mo Yang opened his mouth and said with a grumble.

"What's wrong?" Han Qianli asked without knowing why.

"You guy, did you beat up a few security guards yesterday?" Mo Yang asked.

Yesterday's incident, Han Qianqiang helped Shen Ling Yao in passing and mistakenly injured a few security guards, how could such a trivial matter reach Mo Yang's ears?

"How do you know?" Han Giangli asked curiously.

"The video of your shot was taken, and now it's all over the dao, do you really think that Ye Fei won't suspect you, so you have to give him some clues." Mo Yang said.

Han Giang's eyebrows curled, he didn't expect such a small matter to trigger such consequences, if Ye Fei suspected him, this was a big trouble.

"I know." Han Qianli said in a deep voice.

"What are your plans, do you need my help?" Mo Yang was concerned.

"No, I have a solution, you'd better go work on Blade Twelve's matter, this person is vital to me." Han Three Thousand said.

After hanging up the phone, Han Three Thousand sighed a long sigh, it seemed that he wouldn't be able to casually make a move in public in the future, or else his three years of hibernation would be ruined, the price would be too high!

Late night eleven, Han three thousand and Su Yingxia only left in Shen Lingyao's loving expression.

A person's night deep lonely, Shen Lingyao holding a teddy bear to sleep, dream language murmured Han three thousand words, she may not even know, this infatuation to low how deep.
