

His True Colors Chapter 861-870

Chapter 861

These two words caused Yanran Chen's expression to become more and more ugly as she glared hatefully at her maid, if she wasn't nosy, how could Han Qianli appear, and how could she be ridiculed by these two old things.

"This is a matter for the senior herself, so don't bother the two elders with it," Yan Chen said.

"After seeing the power of the Four Lamps expert, why don't you get lost?" One of the family heads said to Han 3000 that he wouldn't even take a second look at this kind of waste.

At this moment, Han 3,000 shook his head and made a tsking sound.

"Kid, what are you doing?" The Four Lanterns expert felt that Han Qianqian's performance was directed at him, and he immediately became angry.

"It's just a bit of a pity, there's a rock as solid as steel in my Chen courtyard that an expert once split with his bare hands, and in my opinion, that's the real expert, you just shattered the wooden table, it doesn't seem like you're very powerful ah." Han Qianli said.

The Four Lanterns expert mocked and looked at Han Qianqian and said, "There can't be such a person in Long Yun City, you're underestimating me if you want to say these words to scare me."

"To scare you?" Han Qianli shook his head and said, "What I said is true, if you don't believe me, just ask my wife, she saw it with her own eyes."

These words didn't just make the Four Lanterns experts turn pale, even the two family heads were the same, if the Chen family really had such a powerful character, they were completely looking for death just by bringing a Four Lanterns expert with them.

No wonder Yan Chen had been acting very calmly, could it be that she had really invited someone even more powerful than the Four Lanterns?

Yanran Chen was confused inside, not understanding why Han Qianli said that, but at a time like this, she could only cooperate with Han Qianli.

"It's true." Yanran Chen said.

"If Master doesn't believe me, just come with me and take a look." Han Qianqian suggested.

The Four Lanterns expert looked at the two family heads, and although they doubted this, it would naturally be best if they could confirm it, but if the Chen family really had such an expert in existence, they would have to think of other ways to suppress Yanran Chen.

"Go take a look."

After the Four Lamps expert nodded, he said to Han Qianqian, "Lead the way."

"Please follow me." Han Qianli smiled and gave Yanran Chen a wink before he left.

But Yanran Chen clearly didn't understand what Han Qianli meant, nor did she know what kind of medicine he was selling.

After they left, the two heads of the two families looked a bit uncomfortable, if things were true, their previous plans would all be foiled, and if they wanted to destroy the Chen family, they would have to plan long and hard.

Han Giangli led the Four Lanterns expert to a deserted spot in the backyard, and when he stopped, the Four Lanterns expert asked, "I wonder where the stone you call solid as steel is?"

"Four-Light Master, I'm thinking about something," Han Giangli said.

"What is it?" The Four Lanterns expert asked, puzzled.

"You can last a few moves in my hands." Han Qianli laughed.

It was as if the Four Lamps expert had heard a joke, this trash dared to say such arrogant words, really not afraid of laughing off the bystanders' teeth.

"Kid, you really don't know how to write the word death, do you think that this is the Chen family and I wouldn't dare to kill you?" The Four Lanterns expert said.

Han Qianqian's face was stern, and he instantly attacked.

"You're honored, this is the first person I've killed since I came to Xuanyuan World."

The sound reached the fist.

With a muffled sound, Han Qianli punched the Four Lanterns expert in the chest.

The Four Lanterns expert instantly stared at it, and he could clearly feel his heart shattering in an instant and blood rushing wildly through his body.

But for a moment, the Four Lantern Expert's seven holes bled, and he didn't even have a chance to resist in front of Han Qianli.

"You"

Han Giangli shook his head and said, "Your strength is just a bit stronger than the Heavenly Apocalypse Earthly Character, but thanks to you, I have some understanding of the hierarchy of the Xuanyuan World."

The Four Lamps expert died with a restless spirit, he had never dreamed that this trash in front of him possessed such terrifying strength, and the Four Lamps realm was like an ant before him.

Han Giangli sank the corpse into the pond, clapped his hands as if nothing had happened, and walked towards the front hall.

Seeing Han Third Thousand come back alone while the Four Lanterns expert was nowhere to be seen, the two family heads stood up.

"Where's the man, why are you the only one back."

"Where's the Four Lanterns expert, where did you take him."

"Don't worry, the two family heads, he's a Four Lanterns expert, what can I do to him, it's just that after he saw that stone, he left in a hurry, saying that he had important matters to attend to and it was inconvenient for him to stay long, and when he left, his face was pale." Han Giangli explained to the two men.

When the two family heads heard these words, their faces likewise changed drastically.

Important business in hand, this was clearly just an excuse to say that this Four-Light Realm expert, but they had spent a lot of money to find him, and I'm afraid he would suddenly leave for only one reason, the stone had made him squeamish, which was why he had to leave.

Biting his teeth, one of the family heads said to Yanran Chen, "Miss Chen, I didn't expect the Chen family to still have such an expert in existence, what a surprise."

Yan Chen's face did not change as she said, "Don't the two of you invite experts of the Four Lantern Realm as well, won't you allow my Chen Clan to deploy them in secret?"

"Miss Chen, we still have important matters to attend to, so I'll leave first."

Seeing that the two of them couldn't wait to leave, Han Qianli smiled and retained them, "Won't the two of you sit down more, I'll serve tea for the two of you, good tea."

Before the words were finished, the two had already left the front hall, walking with a breeze in their feet, almost running, which made Han Giangli couldn't help but laugh.

At that moment, Yan Chen walked up to Han Giang, she knew very well that there was no expert in the Chen courtyard to split the stone, and that expert of the Four Lantern Realm couldn't have left because of that.

"How did you do that?" Yan Chen asked Han Qianqian.

"Do you believe me when I say that I gave him money?" Han 3000 said.

"Do you have money?" Yan Chen questioned.

"It seems that it's really hard to explain this matter, but if I don't tell you, there's nothing you can do about it." Han Marchant said, as long as he was willing, he had absolutely no problem making up a complete story, but Han Marchant just didn't have the patience to face Yanran Chen, a beautiful woman was a beautiful woman, but unfortunately it wasn't going to make Han Marchant's heart flutter.

"This is my Chen family, what you've done must be explained to me." Yanran Chen said through clenched teeth.

"Oh." Han Three Thousand nodded indifferently and said, "I killed him."

Watching Han Qianqian's back as he left, Yanran Chen's eyes flared with anger, how dare this guy not put her in his sights.

"Miss, did he really kill the Four Lamps expert?" The maid walked up to the side and said with an incredulous face.

"Him?" Yan Chen laughed disdainfully and said, "This trash can't possibly kill a Four-Light Realm expert."

Chapter 862

The maid frowned, it was indeed unlikely that Han Qianqian's strength would want to kill a Four Lantern Realm expert, but the strange departure of a Four Lantern Realm expert did make one wonder what was going on, and one couldn't help but be curious and want to find out what was going on.

"Miss, do you need to find out what's going on?" The maid asked.

"Just see if the family is missing money." Yan Chen said, that Four Lantern Realm expert was willing to come forward to help those two families because of the benefits, so in Yan Chen's opinion, Han Qianli

was able to let him leave, and he must have offered a high price, money can make the devil pay, and although Four Lantern Realm experts were powerful, it was only reasonable that they loved money.

After the two family heads left the Chen family, they didn't separate, but instead found a quiet place to discuss what to do next to deal with the Chen family.

"Clan Master Wang, I didn't expect Yan Chen to be able to find someone even more powerful, this variable has broken our entire plan, what should we do next?" Family Master Xie asked.

The Wang Family Master was pale, this variable was indeed something they hadn't expected, they had thought that a Four-Light Realm expert was already enough to suppress the Chen Family, but now even a Four-Light Realm expert had been scared away, indicating that at least one Five-Light Realm expert existed in the Chen Family, the fact that a Five-Light Realm expert could be invited to Long Yun City in the district almost represented the peak of the city's power.

"Hey." The Wang Family Master sighed and said, "I really didn't expect that Yan Chen still had this kind of skill, this woman is indeed not to be underestimated."

Master Xie nodded his head in agreement and said, "Indeed, with such an expert in the Chen family, it will be difficult for our two families to do anything, Yanran Chen is hiding really deeply."

"The whole matter needs to be discussed in the long run, it must not be taken lightly, to avoid stealing a chicken, it's better to go back first and see if there's a chance to find someone more powerful." The Wang Family Master said.

"Right, there's also that Han Qianqian, should we think of a way to get rid of this punk first, but this punk didn't take us seriously in the lobby before." Family Master Xie said.

Hearing these words, the Wang Family Master snorted coldly and said, "This trash can be left to Huang Snapdragon, Huang Snapdragon would hate to cramp his muscles and skin him."

"Then" said Family Lord Xie in a low voice, "There are experts in the Chen family, do you want to tell Snapdragon Huang?"

The Wang Family Master laughed darkly and said, "Of course not, there is still the Chen Family in the city, we have to take it all together, it is naturally better if we can let them fight to the death and we get the fisherman's profit."

The two cunning foxes looked at each other and smiled, everything was left unsaid.

City Lord Mansion.

In the backyard, there were frequent cries of pain, and Huang Snapdragon, in order to vent his anger, used the servants of the house as a target, and the piece that fell to the ground were all badly injured, but Huang Snapdragon did not care.

As the son of the city's lord, Huang Snap Yong had never acted arbitrarily since he was a child, and didn't need to consider the feelings of others, and even if he killed someone, his father would handle the aftermath and wouldn't hold Huang Snap Yong accountable in any way.

Long Yun City belonged to a city on the edge of the imperial court, the sky was high and the emperor was far away, and the imperial court high-ups didn't even know what the Huang family was doing in Long Yun City, which led to Huang Snapdragon's father being like an earth emperor, dominating the city.

"Young Master, Young Master, the Xie family sent someone to send a message." A servant cautiously approached Huang Snapdragon, ever since Yan Chen had gotten married, Huang Snapdragon's temper had become more and more violent, and even he, a confidant who had followed Huang Snapdragon for ten years, didn't dare to disturb Huang Snapdragon easily.

"What news?" Huang Snapdragon was as muscular as a copper building, like and like those big men in the Earth Gym, but the difference was that Huang Snapdragon's muscles were real, while those big men in the Earth Gym were mostly eaten out of egg forbidden food.

"The Xie family went to the Chen family and saw Yanran Chen's husband." The servant said.

Husband!

These two words instantly exposed Huang Snapdragon, kicking his servant away and roaring, "Yanran Chen's husband can only be me, who is the husband you are talking about?"

The servant covered his abdomen and looked pained, knowing that he had said the wrong thing, and quickly knelt on the ground, constantly kowtowing, saying, "Young Master, I was wrong, I was wrong."

Snapdragon Huang stepped forward, looked at the servant with condescending cold eyes, and said, "Keep the news going."

The servant trembled in fear and continued, "The Xie family came to say that the man's name is Han Qianqian, a veritable waste, compared to you it's like an ant meeting an elephant, with your strength, it's easy to get rid of him."

"Han Three Thousand?" Huang Snapdragon's eyes burned with anger, he had long wanted to cut this man into pieces, but it was a shame that this man was now hiding in his home, not daring to show himself, leaving Huang Snapdragon with no opportunity at all.

He wished he could just kill the Chen family, but he was afraid of upsetting Yan Chen.

Although Huang Snap Yong was reckless and courageous, he was extra careful in this matter of treating Yanran Chen, after all, it was the woman he loved, and he did not want to do anything to displease Yanran Chen.

In Huang Snapdragon's heart, he had always believed that one day Yanran Chen would come to terms with reality and would know who was her true love, and that no one else in the entire Long Yun City would be able to match Yanran Chen except him.

"Guard the Chen family well, and once Han Qianli leaves, notify me at the first opportunity." Huang Snap Yong said.

"Yes." The servant covered his abdomen and even rolled and crawled away.

The Chen family compound.

After Han Third Thousand killed the Four Lantern Realm expert, his body sank to the bottom of the pond, a matter that wouldn't be noticed for a short time, as no one would think he was qualified to kill the Four Lantern Realm expert.

At this time, Han Third Thousand was very confused about one thing.

Thinking back to the first time he had arrived at the Forbidden Land of the Apocalypse, the feeling that the space-time tunnel had brought him made him feel that he was involved with the Xuanyuan World, and the second time also had the same feeling.

Originally, Han Giang thought that this feeling of traction would be even stronger after coming to Xuanyuan World, but now he couldn't feel anything, which made him wonder why he couldn't feel anything in the Forbidden Lands that he could feel in Xuanyuan World.

"Could it be that what gives me a sense of traction is just the time tunnel and not the Xuanyuan World?" Han Giangli frowned to himself.

After thinking about it for a long time, Han Three Thousand couldn't figure out what this was all about and simply put it out of her mind for the time being.

Pushing open the window and looking out the window at the Chen family compound, the environment of Xuanyuan World was definitely a paradise, a place where one could truly enjoy life, and whenever he saw these beautiful surroundings, Han Three Thousand couldn't help but want to bring Su Yingxia and Han Nian to live here.

Chapter 863

"Miss, the finances have already been inventoried, and no valuables are missing."

In Yanran Chen's room, the maid reported her investigation, not to mention that valuables were missing, even small pieces that weren't worth much were not missing.

"It seems that this new husband-in-law of mine is still a hidden rich man." Yan Chen smiled.

"But wasn't he unable to even pay for tea at the Tail Beast Residence before?" The maid was confused.

Yanran Chen smiled faintly and said, "He deliberately didn't reveal his wealth, he must have some kind of purpose, we know nothing about who he is or where he comes from, maybe he also has some big family behind him, but for some unknown reason, he was just driven out by the family."

Yan Chen would make such a guess because she wouldn't even think about the fact that Han 3000 had used his strength to conquer that Four Lantern Realm, much less believe Han 3000's claim that he had killed a Four Lantern Realm expert.

Long Yun City, a small city, how could there be an expert above the Four Lantern Realm? And it was a character who looked like a little white man.

"What do you mean, miss, he's an outcast from some big family?" The maid asked in surprise.

Yan Chen nodded her head and said, "It's not impossible, he might just be pretending he doesn't remember anything."

Yanran Chen was very smart, but it was because of her cleverness that it led to so many floating thoughts, she was used to thinking about every matter in a complicated and thorough dissection, but the more she did so, the more she would go astray.

"Miss, in that case, do you still kill him?" The maid was curious, if Han Three Thousand was just a piece of trash, killing it was irrelevant, but if Han Three Thousand really had other identities, this matter would have to be reconsidered.

Yanran Chen was thinking about this as well, before she thought that Han Three Thousand was an insignificant piece of trash, and such a person would die if he died, but now, if there really was some big family behind him, then his life would become more valuable.

Yan Chen was even thinking that if she could manipulate Han Third Thousand into her hands, it would definitely help her a lot in her future.

"I'll force him to tell the truth, and if he's truly valuable, I'll barely keep him alive." Yan Chen said.

The planned beast hunting meeting wouldn't change, it just changed from a murderous plan to forcing the truth, and whether or not Han Qianqiang would end up dead would depend on whether or not the truth would satisfy Yanran Chen.

In Yanran Chen's eyes, Han Three Thousand's life was nothing more than a trick she played with him, if she wanted Han Three Thousand to live, he couldn't die, if she wanted Han Three Thousand to die, there was no way for him to live.

"Miss is wise."

These days, Han Three Thousand was getting a little bored of being at home, and although the Chen courtyard was big enough, this feeling of being trapped in a cage made him feel like he was losing his freedom, and this state of life was not something Han Three Thousand liked.

And if he remained in the Chen compound, there was no way for him to investigate the whereabouts of Jiang Ying Ying.

"Looks like we'll have to meet up with Snapdragon Huang, it's not a good idea to keep hiding like this." Han Qianqiang said helplessly, he didn't want to be high profile and open, but the situation was pressing and he had no choice.

As he was walking to the courtyard gate, the maid sprang out of nowhere and blocked Han Three Thousand's way.

"Don't you know that outsiders have Huang Snapdragon, and you've forgotten my reminder to you?" The maid looked at Han Three Thousand with a cold face, although Han Three Thousand was nominally Yanran Chen's husband, his status in the Chen family compound was actually not even comparable to that of an ordinary servant.

Even just some of the guards dared to talk down to Han Three Thousand and were able to keep Han Three Thousand out of their eyes, not to mention Yanran Chen's personal maid.

"I'm just going out for a walk," Han Three Thousand said.

"Going for a walk?" The maid mockingly looked at Han Qianqian and said, "Do you think you can walk out and still come back alive, but Huang Snapdragon will kill you."

"It's not that serious, even though he's the son of the lord of the city, he doesn't have the right to treat people's lives with impunity," Han 3,000 said.

The servant girl shook her head helplessly, in her eyes, Han Three Thousand was like an idiot, it's true that Huang Snapdragon didn't have the qualifications to rashly disregard human life, but he wasn't stupid, so how could he kill in public? As long as it wasn't known, who would care about Han Three Thousand's death.

"I'm not afraid to tell you the truth, even if a trash like you were to die, no one would care, as long as Huang Snapdragon doesn't commit murder on the street, he'll be safe." The maid said.

Han Qianli faintly smiled, how familiar, one mouthful of trash being called, just like the Yuncheng of the past.

This was the same treatment when Han 3000 had just joined the Su Family, he had just been kicked out of the Han Family at that time, so no matter how much he endured the humiliation was a small thing to Han 3000, but now, his mind had already been honed, even if he was still being called trash now, Han 3000 didn't care.

Only a true trash would be annoyed when he was spat upon.

And Han Three Thousand, who had the strength to shut these people up at any time, naturally didn't care about such names.

"Let's try and see if I can come back alive." Han Qianli said and continued to walk towards the door.

The maid frowned tightly, how could this trash even have the courage to face Snapdragon Huang when he wasn't even afraid of death.

"I'll advise you again, Huang Snapdragon's methods are extremely vicious, if you really go out, it's impossible for you to come back alive, so think about it." The maid said.

Han 3,000 passed by the maid, not caring about her words, an expert of the Four Lanterns Realm in Long Yun City was already a strong and invincible existence, and the Four Lanterns Realm was just a little stronger than the Heavenly Apocalypse Earth Grade, so how could Han 3,000 be afraid?

"Thank you for the reminder." Han Qianli said this and walked out the door without turning back.

The maid bit her teeth and said, "Waste thing, you were kindly reminded but didn't listen, when you face death, I'll see if you still have this kind of courage."

After saying this, the maid hurriedly trotted off to Yanran Chen's room, Han 3000 Li Kai Chen's compound, she had to inform Yanran Chen of this matter at the first opportunity.

Chen Yanran is bathing and changing clothes, a body of skin wins white snow, for men, this is absolutely great temptation, even the maid to see, also feel heartbeat.

"Miss, Han Giang has left the Chen family courtyard." The maid said.

Yanran Chen inside the yellow bucket had a calm expression and said, "Good thing."

"Good news?" The maid frowned in puzzlement, Huang Snapdragon's men were waiting outside the Chen courtyard for Han Marchant, Han Marchant's going out must be a death sentence, so how could it be a good thing?

"Of course it's a good thing, if he really was an outcast son of some big family, he would definitely reveal his true identity in front of Snapdragon Huang for a chance to survive, so I wouldn't bother to do it myself." Yan Chen explained.

The maid suddenly realized and said, "Miss is truly brilliant."

Chapter 864

The moment he left the Chen family compound, Han Qianqian noticed that at least ten people were following him, and it seemed that Huang Snap Yong did indeed hate him quite a bit for wasting so many men on him.

But thinking about Huang Snap Yong's identity, as the son of a city lord, it wasn't a big deal for him to mobilize a dozen or so men.

Han Qianqian deliberately strolled down the street, and those people didn't dare to stop him in person other than secretly following him, as if they were also somewhat scrupulous of the populace and didn't dare to act too openly.

After realizing this, Han Third Thousand deliberately walked towards the city gate.

"Young Master, that trash is even walking towards the city gate, it looks like he's going out of the city." The servant informed Huang Snap Yong of this news at the first opportunity.

Huang Snap Yong was stunned and said in puzzlement, "This guy is even going out of the city, doesn't he know I'm going to deal with him?"

"Young Master, maybe he's stupid, but he doesn't look like a smart man." The servant said.

Snapdragon Huang smiled coldly and said, "That gives me a chance, in that case, he won't be able to come back alive, go, I want to see for myself what kind of trash this is, and how willing Yan Chen is to marry him."

Is Han Qianqiang stupid?

Of course not, his scheming tactics weren't something ordinary people could compare to, the reason why he did this was to deliberately give Huang Snapdragon a chance, this trouble couldn't be eliminated for no reason for Han Three thousand, so the only solution was to face it.

The only way to solve the problem was to face it. Han Qianli also had his own thoughts, since Huang Snap Yong was the son of the city lord, if he could use him as a pawn, then in the future, Han Qianli would be able to dominate Long Yun City, and with Huang Snap Yong secretly helping, it would be easier to find Jiang Ying Ying.

Of course, the prerequisite was that Jiang Yingying had to be in Long Yun City.

It didn't matter if he was a man unconscious for such a long time, but Jiang Ying Ying was a girl, and if some unscrupulous person brought her home, the consequences would be very serious.

Walking out of the city, Han Qianli deliberately left the pipeline and headed towards the deserted countryside, where there was no human presence and could allow Huang Snapdragon to show up without any scruples.

But after walking for almost half an hour, Huang Snapdragon didn't show up, and Han Qianli had lost patience, simply stopping and saying loudly, "I've given you the chance, and you still haven't shown up, what are you waiting for?"

As soon as the voice fell, the person hiding in the shadows appeared, Huang Snapdragon stood at the head row of the crowd, judging by his size, he was almost almost as big as Qi Hu, and he could intimidate many people just by this figure alone.

"You're Han Qianqian?" Snapdragon Huang asked.

"Knowingly." Han Qianli faintly said.

Huang Snapdragon snorted coldly and said, "You're quite arrogant, do you know what situation you're in?"

"Of course I know, I've got you surrounded." Han Giangli said with a smile.

Surrounded?

This sentence made Snapdragon Huang look around in shock.

No wonder this guy had left the city and had deliberately gone to such a remote place, he had been prepared.

"Don't get me wrong, what I mean is that I've surrounded you all by myself and don't have any other helpers." Han Qianqiang couldn't help but laugh at Huang Snapdragon's nervous appearance, why did this city lord's son feel like an idiot.

Huang Snap Yong was stunned for a moment, then laughed.

"You're alone and have surrounded us, Han Three Thousand, you're an idiot, aren't you." Snapdragon Huang scoffed.

"What? You don't think that's enough?" Han 3,000 asked.

"Hahahahahaha." Huang Snapdragon let out a loud laugh, and even his underlings couldn't help but laugh.

In their opinion, Han Three Thousand's words were truly idiotic, how could one person surround more than ten people, wasn't this a joke?

"Laughing to death, what a laugh, Han 3000, I didn't know you were such an idiot." Huang Snapdragon said.

Han Three Thousand shrugged her shoulders as if she didn't care and said, "Snapdragon Huang, there's only a nominal couple between me and Yan Chen, even the whole thing is baffling to me, we shouldn't be enemies."

"I know, Yan Chen is only using you as a shield, how could she let you touch her, but even so, you have to die, I want Yan Chen to know that only I, Snapdragon Huang, am qualified to marry her." Snapdragon Huang said.

"Looks like there's no room for discussion on this matter?" Han 3,000 asked.

"You, you must die." Huang Snapdragon gritted his teeth and said.

Han Giangli sighed, it seemed unlikely that he would want to resolve this matter any other way, in that case, he would have to show Snapdragon Huang how he had surrounded the ten people by himself.

"When you regret later, remember to speak up earlier, or I'm afraid you won't even have the chance to speak up," Han Giangli said.

"Oh, you're really good at joking, my men are all experts of the Second Lamp Realm, you'd better think about how you should die." Snapdragon Huang waved his hand, and the gang of men approached Han Three Thousand.

Two-Light Realm could be called an expert?

Their strength was only around the Xuan level at best, and they didn't have that qualification if Han Giang wanted to put them on the spot.

"I'll show you what it means to be an expert." The corners of Han Three Thousand's mouth rose slightly, and he took the initiative without waiting for those people to approach.

In Huang Snapdragon's opinion, it was hard for a trash like Han Third Thousand to fly with his wings, and in the entire Long Yun City, the only one that could have so many Two-Light Realm experts was the City Lord's Palace, and the current City Lord was qualified to tear his face off from the three great families because of this, not being at their mercy and getting rid of his puppet body.

In the world of Xuanyuan, strength determined status, but status could not speak the same language as strength, so even if the high-ups of the imperial court saw a true expert, they had to be in awe, just like the apocalypse, which was a place where strength was respected.

Han Qianli went deep into the encirclement of more than ten people, every time he made a move, one of his opponents would be shelled out, and the so-called two-light realm powerhouse would lose his battle power with just one move in Han Qianli's hands.

As he watched his men fall one by one, Snapdragon Huang stared at them, his jaw dropping to the ground.

"Young Master, this guy is so strong that he's actually able to stay afloat against a dozen or so Two Lantern Realm experts!" The subordinate said to Huang Snapdragon with a startled face.

Huang Snapdragon was speechless, he dared to be so arrogant all because of these Two-Light Realm experts around him, but now, these experts were like paper mache in front of Han Qianqian, not reflecting the slightest bit of combat power at all.

"How is it possible, how is it possible!" Snapdragon Huang couldn't believe it, but the truth was vividly displayed in front of him.

Soon, everyone collapsed, and Han Giangli testified to his previous words of siege.

"You, regret?"

Chapter 865

Huang Snapdragon snapped out of his shock at Han Qianqian's words, while the man beside him had already sat paralyzed on the ground with frightened legs.

"You you, who the hell are you!" Huang Snap Yong subconsciously retreated a few steps when he saw Han Third Thousand coming towards him.

In Huang Snap Yong's opinion, Han 3,000 left the Chen residence and walked into the outer suburbs, he was bound to die, he had even thought Han 3,000 was stupid before, but now he finally understood why Han 3,000 was doing this, this trash that many people thought was no trash at all, able to take care of more than ten Second Lantern Realm experts in such a short time, he was at least at the Four Lantern Realm!

Four-Light Realm!

Such a strong realm was already a phoenix-like existence in Long Yun City, and it wouldn't be an exaggeration to say that he was the number one expert in Long Yun City.

"Me? My name is Han Qianqian, Chen Yanran's husband, how could you have forgotten so quickly." Han Qianqian said with a smile.

Huang Snap Yong swallowed his throat, of course he knew what the identity of the person standing in front of him was, but what he was asking was not something that was well known, but rather a layer of identity that Han Three Thousand was hiding.

"If you're so powerful, why did you marry Yan Chen and why did you stay in Long Yun City?" Snapdragon Huang was curious.

"Wanna know?" Han Qianqian asked.

Huang Snapdragon nodded his head as if pounding garlic.

"It's fine if you want to know, I can tell you, but the others" Han Three Thousand deliberately left suspense in mid-sentence.

Huang Snap Yong was stunned and quickly comprehended what Han Qianqian meant, but he was reluctant to do so, after all, with these experts of the Two Lantern Realm, the City would be able to counter the Three Great Families, and if all these people died, the City would lose its power against them.

"If you're willing to be obedient, I can take you as my disciple." Han Giangli saw that Huang Snapdragon was still hesitant and continued.

Adopt a disciple!

Huang Snap Yong's eyes lit up, he guessed that Han Qianxiang possessed at least the strength of the Four Lantern Realm, if not more, and if he could worship such an expert as his master, it would be a once-in-a-lifetime opportunity for him.

After all, having strength under one's command was not as good as becoming stronger himself anyway.

"Yes." Huang Snapdragon immediately made up his mind.

Since those Two-Light Realm people were already heavily injured, they were powerless to resist even if Huang Snapdragon took action.

Han Third Thousand's back was turned to all of this, and all that could be heard was the sound of prolonged howling.

Huang Snapdragon knew that Han Giang was worried about his identity being exposed, so even if it was his personal servant, he didn't let it go.

After doing all of this, Huang Snapdragon walked respectfully behind Han Three Thousand and bent his head slightly.

Although he had previously hated Han Qianqian very much for stealing the woman he loved, now, becoming stronger and a woman were clearly more tempting compared to the former.

Although Huang Snap Yong was simple-minded and had well-developed limbs, he still understood the shallow truth: if he could become stronger, how many beautiful women would he have in the future?

"You don't need to know what my status is, and as for my realm, I'm afraid that telling you would scare you to death, so I won't tell you for now, what happened today cannot be known by anyone, including your father, if you dare to leak out a single word, I will bloodstain the entire City Hall." Han Qianli said indifferently.

Huang Snap Yong nodded his head with a determined expression on his face, he was convinced of Han Qianqian's words, what was a mere city lord's residence to such an expert?

"Master, according to the rules of worship, I need to serve you tea." Huang Snapdragon said.

"There's no need for these mundane rules." Han Qianli turned around, took out a red fruit, and said, "Eat it."

"Master, what is this?" Snapdragon Huang asked with a puzzled look on his face.

Han Qianqian didn't know what this fruit was, but he was clear on one thing: it could quickly enhance his own strength after eating it.

It actually existed in the Xuanyuan World, but those who had seen it were extremely rare, as this fruit grew in an environment that required a strong person of at least the Seventh Lamp Realm to dare to visit, and it wasn't always possible to find it.

It had a very strange name, Holy Chestnut, and there was a legend in Xuanyuan World that those most powerful Extreme Masters almost always ate Holy Chestnut to reach that level, so the value of Holy Chestnut in Xuanyuan World was unimaginable.

A generous means like Han Qianqian being able to casually give away Sacred Chestnut, those powerful people wouldn't even dare to imagine it.

Huang Snap Yong received it and put it in his mouth, slightly sweet and with quite a bit of moisture, praising the fruit straight away as delicious.

Han Qianqian instructed, "For the time being, don't let anyone know about our relationship, in front of outsiders, you still see me as an enemy, never show your face."

Huang Snapdragon nodded repeatedly, treating Han Three Thousand's words as if they were an imperial decree.

"Alright, you can go back to the city first." Han Qianqian said.

"Master, it's better for you to go first, how can you be the one to go first as an apprentice." Huang Snapdragon said.

Han Qianqian kicked Huang Snap Yong's buttocks and said, "If I tell you to go, just go, where's all the nonsense."

Huang Snap Yong rubbed his buttocks with a painful face, so he had to listen to Han Three Thousand's words and go first.

Looking at Huang Snap Yong's departing back, Han 3000 knew that this guy wouldn't be easily sincere to himself, but he was confident that when he woke up tomorrow morning, Huang Snap Yong wouldn't have any ill will towards him after he noticed his refined strength, and it would still be of some use to Han 3000 to have such a chess piece in Long Yun City.

The news of Huang Snap Yong's return to the city reached the three great families at once.

"Miss, Huang Snap Yong has returned to the city, but Han Qianxiang is nowhere to be seen, he is, I'm afraid, already dead." The maid ran to Yanran Chen's room at the first time to inform her of this matter.

There was no surprise on Yanran Chen's face, but Huang Snapdragon had left the city with more than a dozen Two Lanterns, how could Han Three Thousand have a chance of survival under such circumstances?

"There's no one else to blame for his own disobedience, and it doesn't look like there's any big family behind him, or else he wouldn't have died at the hands of Snapdragon Huang." Yan Chen said.

"Miss, is this matter just going to go away?" The maid asked.

"Or else, do I have to go looking for trouble with Snapdragon Huang because of this trash? Whether he dies or not has nothing to do with me, anyway, the effect I used him to achieve has been achieved, even if he dies, I need to keep a wake for three years, during these three years, Huang Snapdragon wouldn't dare to harass me easily." Yan Chen said.

The maid nodded her head, she could only blame Han Qianqian, a trash who was too incompetent to deserve anyone's sympathy for his death.

At the same time, the other two families had also received the news, and the two family heads were especially happy about Han Three Thousand's death, but soon, a pot of cold water was thrown once again.

Not long after Huang Snapdragon returned to the city, Han Sanxiang also walked through the city gates unharmed!

Chapter 866

"How could he, how could he come back alive!"

The Wang Family Master was filled with consternation after learning this news.

How much Snapdragon Huang hated Han 3,000, it was something everyone in Long Yun City knew, his obsession with Yan Chen was overwhelming, ever since the news of Yan Chen's marriage had spread in Long Yun City, Snapdragon Huang had even killed many of his own servants, so how could he let Han 3,000 go?

"Is the information accurate, could it be a case of mistaken identity?" The king's family lord asked the servant.

"My lord, there will never be any mistaken identity, it is indeed Han Qianxiang." The servant said.

The Wang Family Lord took a deep breath and said, "What's going on, how come Huang Snapdragon didn't kill him?"

Meanwhile, the Xie family was in the same situation.

After hearing the news, the Xie Family Master also believed that his own servant had mistakenly identified the wrong person, but after repeatedly confirming that it was indeed Han Qianqian, it filled his head with fog.

"Family Master, there's something strange." The servant said to Family Master Xie.

"Where is it strange, quickly say it." Family Lord Xie said urgently.

"Huang Snapdragon returned to the city alone, but when he left the city, he was bringing more than ten Two Lantern Realm experts with him, and those people have disappeared." The servant said.

"Yeah, where are those Two Lantern Realm people?" Family Master Xie was confused.

"Family Master, could it be that has already been killed by Han Qianli?" The subordinates speculated.

Without hesitation, Master Xie waved his large hand and said, "Impossible, how could this trash kill more than ten Two Lantern Realm experts."

"Was leaving the city just a pretense, and Huang Snapdragon didn't intend to deal with Han Giang, but let those people do something else?" The servant continued.

In that case, Master Xie felt it was still more believable, but what tricks could this simple-minded fellow, Huang Snapdragon, play?

"It seems likely that Huang Bingtian has some sort of premeditation ah, this puppet has long since sensed our discontent and might be the first to take action against us." After thinking about it, Master Xie said with a serious face, "Recently, strengthen the guards in the courtyard, not a fly is allowed to fly in."

Chen Family Residence.

When the latest news reached Chen Yanran's ears, Chen Yanran's beautiful eyes rounded, in her opinion, this situation was also very bizarre, as the party concerned, she knew better than anyone how

much Huang Snapdragon wanted her, and Han 3000 was the first to go, for Huang Snapdragon, his hatred was already deep in the bone marrow, such a great opportunity, but he did not kill Han 3000, it was really incomprehensible.

"Miss, apart from the safe return of Han 3,000, the more than ten Second Lantern realm powerhouses that Huang Snapdragon brought with him have all disappeared, as if they had vanished from the face of the earth." The maid said to Yanran Chen.

Yanran Chen's heartbeat suddenly accelerated, and there seemed to be only one incredibly unbelievable explanation for such a situation, and that was that Han Giang had killed those people.

But was it possible?

Is it really possible for this trash to kill more than ten Two-Light Realm experts?

Suddenly, Yan Chen thought of that Four Lantern Realm expert who had strangely left, could it be that what Han Giang had said before was true, that he had really killed the Four Lantern Realm expert.

Unconsciously, Yan Chen's breathing became rapid, if that was the case, it would be like picking up a treasure for the Chen family.

But in the absence of any solid evidence, Yan Chen would not blindly believe in it because of her own speculations.

"Miss, Han Qianli is back." Another maid rushed into Yanran Chen's room and said.

Yanran Chen immediately got up and headed out the door.

Han Three Thousand returned to her room and was just about to lie down for a while when Yanran Chen arrived.

This wasn't a surprise to Han Three Thousand, and even he had already guessed it.

"What's so important about coming to me in such a hurry?" Han 3,000 asked.

"How did you get back alive?" Yanran Chen questioned.

"Yanran Chen, I'm your ostensible husband no matter what, do you want me dead so much?" Han Giangli smiled.

"Snapdragon Huang brought more than ten Two-Light Realm experts out of the city, so how could you survive in this situation." Yan Chen continued, acting very strong and only wanting to get the answers she wanted rather than answering Han Qianqian's question.

"Snapdragon Huang, the city lord's son, I haven't seen him before, is he going to kill me?" Han Qianqiang said with an act of confusion.

Chen Yanran's eyes glazed over, Han Qianli was simply playing dumb, how could he not know that Huang Snapdragon wanted to kill him? And this was something that the maid had also warned him about when he left the Chen residence, but now he was acting as if he knew nothing about it, how could Yan Chen believe it.

"Han Qianqian, don't treat me like a fool." Yanran Chen was filled with rage and was on the verge of exploding.

But Han Three Thousand Year still acted like a hangdog and said, "You also know that if I run into Snapdragon Huang I'm bound to die, and since I can come back alive, it means that Snapdragon Huang isn't bothering me at all, Yanran Chen, you're so smart, can't you even figure this out?"

The two of them left the city one after the other, and Huang Snapdragon did not run into Han Qianqian, how was this possible,.

Naturally, Yan Chen was not stupid, that's why she thought that there was something strange about this matter, some unknown situation must have happened.

"You, killed those experts of the Second Lamp Realm?" Yan Chen finally asked the question she was most concerned about, which was her main purpose for coming to find Han Third Thousand.

If Han 3,000 was truly capable of doing so, then her plan against Han 3,000 would need to be changed in its entirety.

Although she wouldn't be in love with Han 3000, if the Chen family could have such a strong person in place, it would be of unimaginable benefit to Yan Chen.

Han Qianqian giggled and said, "Yanran Chen, if I remember correctly, in your heart, I'm just a piece of trash, and you actually think that I've killed more than a dozen Second Lamp Realm experts? If you're willing to think so, I'm certainly happy to take on the honor, and you can even believe that I killed the Four-Light Realm."

Yan Chen gritted her teeth, Han Qianqian's ambiguous words didn't count as an answer to her question at all.

"Han Qianqian, no matter who you are, I'll find out what you are sooner or later." Chen Yanran angrily turned to leave after leaving these words.

Han Qianli smiled indifferently, this woman had an extremely strong personality and would definitely do her best to do what she said.

But Han Giang was not worried in the slightest, for the Xuanyuan World, his history was blank, no matter what methods Yanran Chen used, it would be impossible to find out what the identity of a person who appeared out of thin air was.

"Not bad looking, but unfortunately it's a far cry compared to the gentle Ying Xia." Han Qianli sighed to herself, unable to help but think of Su Yingxia and Han Nian again.

Chapter 867

Chen Yanran didn't get the answer she wanted, and her anger was so hot that she wanted to cramp Han Three Thousand's muscles and skin, the maid carefully strode along and said to Chen Yanran, "Miss, the master is about to return to the house tomorrow, you don't need to be in a bad mood for this Si."

Yanran Chen really wanted to calm down, but her churning heart couldn't calm down at all.

Han Qianqiang lived in the Chen family residence, and as the eldest Miss of the Chen family, she couldn't even handle such a piece of trash, so how could the anger in her heart be calmed.

"Miss, why don't we wait for the eldest young master to return and let him test Han Qianli?" The maid suggested.

Yanran Chen had an older brother named Chen Tiesin, Second Lantern realm, although his strength wasn't outstanding, but his love and care for Yanran Chen was unparalleled, the reason why Huang Snapdragon hadn't succeeded all these years, Chen Tiesin had made a lot of contributions.

This time, Chen Tiesin was very resistant to the marriage of Yanran Chen, but at the thought of being able to use a piece of trash to make Snapdragon Huang subside, he could only accept reality.

In Chen Tiesin's heart, Han Qianqiang was an expendable character who would be thrown out of the Chen residence at any moment.

Yan Chen thought about it and nodded her head, "That's a good idea, with your brother's strength, you should be able to test him out."

The next day, the Chen residence was decorated with lights, Han Qianli looked at the busy servants and thought it was the New Year.

"What's going on, what are you guys busy with?" Han Qianqian grabbed a random servant and asked.

The servant impatiently looked at Han Three Thousand and said, "Quickly let go of me, it has nothing to do with you, why do you care."

Han Qianli shrugged his shoulders helplessly, thinking that in the past when he was in the Han family compound, those servants also didn't take him seriously, but he didn't expect that when he came to Xuanyuan World, the servants here were actually like that.

"Buddy, I'm just curious, you give the reveal, otherwise, I won't let go." Han Giangli said.

The servant had important business to attend to, and he couldn't bear the consequences if he was delayed, so he could only say, "The master and the eldest young master are home today, and the entire house is preparing."

Han Giangli got the desired answer and loosened his grip.

The Chen family's connections were already known to Han Third Thousand... Chen Yanran's father, Chen Yuanhai, and his brother, Chen Tiesin.

For so many years, Chen Yuanhai's energy had been focused on finding a senior master for Chen Tiesin, hoping to find a strong master for Chen Tiesin to make a breakthrough in his strength, while all the other trivial matters of the Chen family were left to Yanran Chen to handle.

Unfortunately, after all these years, Chen Tiesin had never succeeded in paying homage to a master, and had never even met a real expert.

But even so, Chen Yuanhai didn't give up, because under the Xuanyuan World Imperial Court, in order to truly stand out, one had to have strong strength, and just a little money in the clan wouldn't help at all.

Chen Yuanhai was very ambitious, he didn't want the Chen family to spend the rest of their lives turtled up in a small place like Long Yun City, he wanted the general under the imperial court to have a place for his Chen family.

Chen Yanran waited at the entrance of the residence early in the morning, after a long time the carriage appeared and Chen Yanran couldn't wait to run over.

The carriage came down with a middle-aged man with a beard and looked very manly, he was Chen Tiesin.

"Brother, you guys are back." Yan Chen took Chen Tiesin's arm and said with a coquettish face.

Chen Tiesin was full of smiles and said, "I've only been gone for half a year, missing me so much?"

"Of course." Yanran Chen muttered with a matter-of-fact look.

Only in front of Chen Tiesin would Yanran Chen behave like a real woman, and it had to be said that she was extraordinarily charming at this time.

"Alright, let's go home first." Chen Tiesin said.

"Brother, he's already awake." Yanran Chen said.

Chen Tiesin frowned, he naturally knew who he was that Yanran Chen was talking about.

"Didn't he say he'll never wake up, he didn't do anything to you, right." Chen Tiesin had a heavy expression on his face, as if he was going to shred Han 3000 into a million pieces if he did anything to Yanran Chen.

"Of course not, but something has happened recently that I need to tell you about," Yanran Chen said.

Chen Tiesin nodded.

At this time, a voice full of acidity sounded and said, "Some people want brother and don't want me as their old father anymore, what a sad old age."

Yan Chen spat out her tongue, and hurried to Chen Yuanhai's side, saying, "Old father, how could I not want you, but my daughter is looking forward to the stars and moon waiting for you to return every day."

"If it wasn't for your sweet mouth, I wouldn't have forgiven you today." Chen Yuanhai let out a loud laugh.

When the three of them returned to the Chen residence, Yan Chen told both Chen Yuanhai and Chen Tiesin about the recent events.

Regarding the strange disappearance of the Four Lantern Realm powerhouses and the evaporation of more than a dozen Two Lantern Realm experts from the earth, both of them showed great confusion.

The Two-Light Realm wasn't unusual in Long Yun City, and Chen Tiesin himself possessed such strength, but the Four-Light Realm wasn't something that could be found everywhere.

"Sister, what you mean is that the disappearance of these people is related to that guy called Han Qianqian?" Chen Tiesin asked.

"Although I don't really believe it either, but both of these things involve him, there must be some secret in it." Yan Chen said, she couldn't conclude that these people had been killed by Han Qianqian and didn't quite believe it either, but since there was an implication, there must be some sort of reason hidden in it.

"It's impossible to think that this kind of trash, who has been unconscious for a long time, could be the opponent of the Four Lantern Realm and even kill it." Chen Yuanhai frowned, clearly feeling that Yan Chen's guess was too reckless.

"Dad, there's only one way to prove it now." After saying that, Yan Chen looked towards Chen Tiesin.

Chen Tiesin instantly comprehended Yanran Chen's meaning and asked, "You want me to make a move to test his strength?"

"Good." Yan Chen said.

"Where is the man, I'll go find him right away." Chen Tiesin said.

"Brother, don't be anxious yet, the best results can only be achieved by surprise, if you challenge him head-on, he can hide his strength completely." Yanran Chen said.

Chen Tiesin nodded his head and said, "That's right, it's only when you take him by surprise that you can make him react subconsciously, in that case, I'll find another opportunity tomorrow."

"Did you get anything from this trip?" Yan Chen asked.

Chen Tiesin and his father and son couldn't help but sigh, not to mention the harvest, they hadn't even seen the shadow of a strong man.

Chen Yuanhai wanted to find a Seven Lantern Realm strongman as a master for Chen Tiesin, but it was as difficult as ascending to the heavens.

"Not yet, but I won't give up." Chen Tiesin said.

"Brother, there's no hurry, there isn't one now, it's just that the fate is not there, I'm sure you'll be able to find a satisfactory master." Yanran Chen said.

Chapter 868

The next morning.

City Lord Residence.

The moment Huang Snapdragon opened his eyes, his expression was stunned, as if he was in an endless state of shock.

Looking at his original object, it was burning with four flames, a manifestation of the Four Lights Realm.

In the Xuanyuan World, everyone had their own original object, and the manifestation of the realm would be presented on top of the original object.

Huang Snapdragon's original object was a broadsword, which had accompanied him as early as his early childhood, and although he had always had a low realm, his use of this broadsword had long since become one with the human blade.

"Breaking two realms in a row in one night." Huang Snapdragon spoke to himself numbly, somewhat unable to believe what he saw before him.

Three years ago, Huang Snap Yong had reached the Two Lantern Realm, and since then there had been no breakthroughs, which was a cut that many people were unable to get past.

More than ten Second Lantern realms in the City Lord's Mansion, almost all of them were hopelessly over the border, and Huang Snapdragon thought he would be stuck in the Second Lantern realm forever in his lifetime.

However, he never expected that such a divine thing as breaking two realms in one night would happen to him.

Suddenly, Huang Snap Yong knelt down on both knees.

"Master, in this life, Huang Snap Yong will always be by your side." After saying this, Snapdragon Huang bowed piously.

Ever since being accepted as a disciple by Han Qianqian yesterday, Huang Snap Yong didn't really consider Han Qianqian as his master at that time; for him, before he had received any real benefits, it was enough for him to face Han Qianqian with a false side, after all, he didn't even know what realm Han Qianqian was, so how could he treat him sincerely?

But now, Huang Snapdragon was deeply cognizant of Han Three Thousand's power.

A single red fruit had allowed him to break two realms in a row, which meant that Han Three Thousand's strength had even reached an unimaginable level.

Such a person was enough for Huang Snapdragon to treat with utter sincerity.

The Chen Family Residence.

Han Three thousand woke up early in the morning and sneezed inexplicably, looking like someone was reading about him.

"This pawn, Huang Snap Yong, should have already been made, next, I'll have to ask this guy to help me find Ying Ying." Han 3,000 said to himself, after one night, the energy of the red fruit must have been exerted, and Huang Snapdragon, who felt his realm improve, wouldn't have any ill will towards him, this was something Han 3,000 could be sure of.

After dressing and washing up, Han Three Thousand had just left the house shortly after, and sensed that someone was secretly following him behind.

This was still within the Chen family compound, so how could someone be following him?

Frowning slightly, Han Giangli quickly relaxed his guard, and with his level of intelligence, he was naturally able to guess that the person stalking him was most likely Chen Yanran who had sought him out to test him.

After all, Yanran Chen hadn't gotten the answer she wanted yesterday, and with her character, there was no way she would give up easily.

At that moment, the man suddenly made a move, and Han Qianli suppressed his desire to fight back and continued to walk forward as if he knew nothing about it.

A strong force came from his back, directly knocking Han Three Thousand into the air, and on the way to lift off, Han Three Thousand even sprayed a mouthful of blood mist in the air.

Chen Tiesin laughed coldly and walked up to Han Three Thousand and looked at Han in a condescending manner, saying, "It's a pity that my sister thought you were an expert, you don't even have any vigilance, I see you as a complete and utter waste."

Han Qianqiang gritted her teeth and asked in a show of anger, "Who are you and what makes you think you can beat me?"

Chen Tiesin squatted down and grabbed Han Qianqian's hair, forcing Han Qianqian to look up at himself and said, "Remember my name, Chen Tiesin, Chen Yanran's brother, as for why I should beat you, do I still need a reason to beat a piece of trash like you?"

After saying that, Chen Tiesin let go of Han Three Thousand's hair and stood up to raise his head and walk away.

Han Three Thousand spat out a mouthful of blood, his injury was just an illusion, wouldn't it be ludicrous for a punch of the Second Lamp Realm to try to injure him?

But the effect that Han Qianli wanted had already been achieved, and at this point, Chen Tiesin was completely convinced that he was a loser.

Wiping off the blood from the corner of his mouth, Han Three thousand stood up and walked out of the Chen residence.

There were still Huang Snapdragon's eyes outside the door, and when Han Three Thousand left the Chen residence the first time, Huang Snapdragon received the news and then hurriedly left the city's main residence.

Han 3,000 thousand headed towards the outskirts, and Huang Snap Yong left by another gate, and they met in an unpopulated area.

The first time they met, Huang Snap Yong knelt in front of Han 3,000 with the utmost sincerity and sincerely called out, "Master."

"When you and I meet in the future, we don't need to perform such a great ceremony, so get up." Han Qianqian said indifferently.

"Thank you, Master." Huang Snapdragon walked behind Han Three Thousand, and all of his previous hatred turned into admiration at this point.

Breaking two realms in one night was something that no one would believe if they said it out loud, but Huang Snap Yong had done it, so he could deeply understand how powerful Han Qianli was.

"How about it, did you break the realm?" Han Giangli asked.

"Master, I broke two realms in one night, and now I'm in the Four Lanterns realm." Huang Snapdragon said excitedly.

The utility of the red fruit was truly extraordinary, allowing Huang Snapdragon to break two realms, and this was still just beginning to manifest itself, in the future, Huang Snapdragon's realm advancement would be smoother due to the utility of the red fruit.

"Although it's not as good as my ideal effect, it's still good, the Four Lantern Realm is already considered a top expert in Long Yun City," Han Qianli faintly said.

"Not bad, the Four Lantern Realm is very rare in Long Yun City, and with me possessing such a realm, it's almost unstoppable in Long Yun City, except for Master of course." Huang Snapdragon said.

Han Giang had never quite understood how the division of realms in the Xuanyuan World was manifested, but this question should be well known to everyone in the Xuanyuan World, so if he asked questions about this, it would inevitably arouse suspicion among the bystanders.

But with Huang Snapdragon's current loyalty to him, even if there was some suspicion, it shouldn't be a big deal.

"I've been in seclusion for many years and don't ask about world affairs, so I've long forgotten how this realm division is manifested, so explain it to my teacher," Han Giangli said.

Although Huang Snapdragon found it strange, he didn't think much of it and took out his broadsword and said, "Master, every cultivator has their own origin, and the manifestation of the realm is on top of the origin."

As he spoke, the broadsword throbbed with four blue flames.

"If the original object is destroyed, what will happen?" Han Giangli was confused.

"If you don't have your originals and your realm is completely destroyed, it's equivalent to a cripple, but in the Xuanyuan World, destroying one's originals will cause public anger, and people don't usually do that." Huang Snapdragon said.

Han Giang nodded, it looked like there were still many rules in the Xuanyuan World that he didn't understand, he would have to slowly go deeper into them later.

"What if there's no Benevolent Object?" Han Marchiang continued to ask.

Chapter 869

Huang Snap Yong was stunned, then laughed and said, "Master, what are you joking about, how can a cultivator not have an original object?"

"No way at all?" Han Giangli was confused, as he himself had no originals, though he wasn't a native of Xuanyuan World, and perhaps his cultivation conditions were inherently different from theirs.

"Master." Huang Snapdragon's breathing suddenly quickened and he said, "Don't, don't you have an original object? I did hear that once you reach the Extreme Master realm, you no longer need the original object."

Snapdragon Huang's eyes grew more and more frightened, if Master really didn't have an original object, had he already reached the Extreme Master realm?

This was the ultimate realm, and in the entire Xuanyuan World, there were only a total of three pole masters in the legends.

For Huang Snap Yong, he had had the privilege of meeting a Seven Lamps realm powerhouse, which was already a top-notch expert, but he had never expected to see a Pole Master in this lifetime!

Han Giangli didn't know what realm he was in, as he didn't have an original object to manifest, but a top level like Extreme Master shouldn't be something he could reach with his current strength.

"Do me a favor, can you find a powerful painter?" Han Marchant ended the topic of the realm, but in Huang Snapdragon's heart, he already thought of Han Marchant as a strong man of the Extreme Master realm.

"Can." Huang Snapdragon replied without thinking, no matter what request Han Qianxiang made, he would help Han Qianxiang meet it, because the one standing in front of him was an Extreme Master, and as an Extreme Master's disciple, how could he be embarrassed by such a trivial matter?

"Okay, meet him here tomorrow and bring your pen and ink." Han 3,000 said.

"Yes." Huang Snapdragon responded.

"If there's nothing else, I'll leave first, remember, we can't let anyone know about our meeting."
Han Giangli reminded.

Snapdragon Huang nodded repeatedly, even if it was his father, he would never reveal just a single word.

Snapdragon Huang knew that his achievements would be determined by Han Three Thousand, and that Han Three Thousand was the most important factor in what he could achieve, so he would never do anything that would displease Han Three Thousand.

Watching Han Qianqian's back as he walked further and further away, Huang Snap Yong said to himself in excitement, "I never thought that I would have such an honor in my life, to be the disciple of an Extreme Master, Father, you wanted me to become a City Lord, and now, a City Lord is nothing more than an optional status to me, with Master, one day, I will step into the Imperial Court! "

At the Chen residence, Chen Tiesin, who had tested out Han Marchant, found Yan Chen and explained the circumstances of his surprise attack, and it was very clear that Chen Tiesin's attitude was that Han Marchant was a trash, not at all what Yan Chen had guessed.

How could a person who had been seriously injured by his punch kill more than ten Two-Light Realms and one Four-Light Realm powerhouse?

Yan Chen's eyebrows furrowed slightly after hearing this, and although she also felt that this possibility was very low, she couldn't make any explanation for the inexplicable disappearance of these strong men.

"How did those people disappear without a trace since Han Qianqian doesn't have the ability to do that." Yan Chen wondered.

Chen Tiesin didn't like to use his brain to guess these pointless things and said, "Sister, why let these things hurt his brain, maybe it's just that he's lucky."

Yan Chen wouldn't think so simply, and even if he was lucky, he would have to be somewhat able to explain the logic of this matter, but right now, there were no factors, just saying that Han Qianqian was lucky, from what aspect would it manifest?

"Brother, the Beast Hunt is starting soon, do you want to attend?" Yan Chen said.

"Of course, coming back early this time is for the Beast Hunting Competition, and if you can become a Beast Master, it's also a way to get ahead." Chen Tiesin said.

Yanran Chen nodded, Beast Master was also a very precious talent to the Imperial Court, Chen Tiesin could not worship a strong person as his master, this was another shortcut to enter the Imperial Court.

"I want Han Qianqian to participate as well." Yan Chen said.

"You still think he's hiding his strength?" Chen Tiesin couldn't help but roll his eyes, he naturally knew why Yan Chen was doing this, but in his opinion, it was completely unnecessary, Han Qianqian's strength was already in front of him, so why bother?

"In addition to testing him, I actually have another purpose, to make him die." Yanran Chen said.

Chen Tiesin thought about it, and then it dawned on him, and said with a smile, "Sister, there's actually no need to be so troublesome, brother can make him die right now."

Yan Chen shook her head and said, "Brother, I know you're powerful, it's easy enough to kill him, but I'm only more qualified to mourn for him for three years if he dies at the Beast Hunt."

"Fine, as long as you're happy, do whatever you want, but this trash, don't let him jump around in the courtyard in the future, I don't want to see him." Chen Tiesin said.

Yan Chen nodded, she was not the same, a trash hanging around in front of her eyes would also affect her mood.

The next day, Han Qianqian and Huang Snap Yong met at their usual place, and brought an old man with them.

"Master, this is the top painter in Long Yun City, if you have any requests, just feel free to ask him."
Huang Snap Yong said to Han Qianqian.

The old man buried his head and hadn't looked at Han Qianqian until the very end, while he was a little surprised at the matter of Huang Snap Yong calling Han Qianqian master, he hid it well.

The old man was smart, and if he wanted to survive, he must not meddle in affairs.

Han 3,000 nodded and said to the old man, "Master, I want you to draw a portrait for me, I'll narrate her appearance to you and you move the brush, can I?"

"As long as the little gentleman's narrative is accurate, the old man will not disappoint the little gentleman." The old man said.

The next step was Han Qianli's and the old man's cooperation.

Having been in contact with Jiang Ying Ying for such a long time, her appearance was already etched in Han Three Thousand's head, so his narrative had captured almost every key point.

The old man's penmanship was also quite seasoned, and a finished portrait was completed in less than an hour, and the resemblance was over ninety percent, making Han Three Thousand very satisfied.

After stopping his strokes, the old man asked Han Qianqian, "Little sir, I wonder if the work I've written can satisfy you?"

Han Qianqian held the portrait, although not as fully rendered as the photo, but to be able to draw to this extent, in order to be hard, said evenly, "Satisfied, very satisfied, I didn't expect the old man to be such a good painter."

The old man smiled faintly and said, "It's good that you're satisfied, it seems that I've saved this life."

Huang Snap Yong looked at Han Qianqian, to keep the relationship between the two of them a secret, it was best to kill the old man, but Han Qianqian shook his head.

Chapter 870

Asking for help and taking someone's life, such a shameful thing Han Qianqian couldn't do.

"Old man, please keep today's matter a secret." Han Third Thousand said to the old man.

The old man nodded and said, "It's natural, I didn't look at Little Sir from start to finish, just to live and thank him for not killing me."

"You can go, I'll have Huang Snapdragon deliver today's payment to the house." Han Giangli said.

The old man cupped his hands and bowed deeply, then turned to leave.

Since Han 3000 didn't kill, Huang Snap Yong wouldn't dictate in this matter, looking at the painting in Han 3000's hand, Huang Snap Yong couldn't help but say, "Master, the woman in this painting is beautiful, is she Master's dream lover?"

Han Qianqiang glared at Huang Snap Yong and said, "This is my lost sister, take this portrait and order your men to help me find her."

"So it's Master's sister, no wonder she's so talented and beautiful, don't worry, I'll help you find her." Huang Snapdragon said.

This guy's ability to sneak around was not bad, but this kind of rainbow fart wasn't useful to Han Qianqian, saying, "You have to show your true skills to do things, not rely on a mouth."

"As long as she's in Long Yun City, I'll be able to find her, but Master, in case your sister isn't in Long Yun City, I won't be able to do anything about it." Snapdragon Huang said, he could have men he could use in Long Yun City, but out of Long Yun City, his identity would not be reflected.

"Keep this manuscript for me and find some more painters to copy it, if Long Yun City can't find her, I should leave here as soon as possible." Han Giangli said.

Staying in Long Yun City was to familiarize herself with the Xuanyuan World, but just by staying in Long Yun City, what could be learned wasn't comprehensive, and having determined that Jiang Ying Ying wasn't in Long Yun City, there wasn't much point in Han Three Thousand staying.

Hearing that Han Three thousand was leaving Long Yun City, Huang Snap Yong became nervous and quickly said, "Master, I want to serve at your side for life."

Han Qianli smiled faintly and said, "Don't worry, if I'm leaving, I'll definitely take you with me."

Huang Snapdragon's familiarity with the Xuanyuan World was stronger than Han Three Thousand's, taking him with him was like being a tour guide, and Han Three Thousand wouldn't leave Huang Snapdragon behind if he really wanted to leave.

"Thank you, Master." Huang Snapdragon said with a smile.

"By the way, do you want to participate in the Beast Hunting Conference in a few days?" Han Qianli asked.

"To be, this is a grand event that every cultivator wouldn't want to miss, and if there's a chance to tame exotic beasts and become a beast master, it's the fastest shortcut into the imperial court." Snapdragon Huang said.

"Is a Beast Master powerful?" Han Qianliang was confused.

"Beast Handlers are very rare in the entire Xuanyuan World, and being able to master exotic beasts gives them the attention of the imperial court, not because of how powerful they are, but because there are so few of them that they are precious." Huang Snapdragon explained.

Han Giangli nodded and subconsciously touched his arm, this red-eyed jade python, he didn't know what rank it was among the exotic beasts, according to his situation, he could be called a beast master now, right?

"What is the most powerful exotic beast?" Han Qianli was curious.

"Master, this beast hunting tournament is held in the Dragon Rock Mountain Range, the exotic beasts there are all relatively elementary, I've heard that the most powerful ones are only three-star exotic beasts, if you want to see the most powerful exotic beasts, you'll have to go to the Dark Forest, where the three countries meet, I've heard that the Dark Forest only has nine-star exotic beasts." Huang Snapdragon said.

Hearing Huang Snapdragon say that, Han 3,000 roughly understood that the division of levels of exotic beasts was based on the star rating, and wondered what star rating the little white snake on his arm was.

"Nine star exotic beasts, which ones have you heard of?" Han Qianli was curious.

"Legend has it that someone once took in a red-eyed jade python, a nine-star exotic beast, and it was the most powerful of the nine stars." Huang Snap Yong said.

Han Qianqian looked startled.

A red-eyed jade python was actually a nine-star exotic beast!

That little guy on his arm, is he really that good?

"You mean that the Red-Eyed Jade Python is the strongest?" Han Qianli asked.

"There are legends that there are still ten-star exotic beasts, but that's just a legend and no one has actually seen them, Master, if you want to know, you can only go to the Dark Forest, but the three countries don't have any diplomatic relations and can't interoperate, once they are bumped into by experts from other countries, it's bound to be a war, but with Master's ability, he's certainly not afraid of those people." Huang Snapdragon smiled.

"Alright, stop flattering, hurry back and have the portrait copied, and get to work on finding someone right away." Han Qianqian said.

Huang Snapdragon nodded repeatedly and took the portrait away with him.

When Huang Snapdragon had gone far away, Han Three Thousand Thousand lifted up his cuffs, the little white snake spitting out red letters and looking arrogant.

"You little thing, are you really a nine-star exotic beast?" Han Qianli was confused, he really couldn't see what was so great about this little guy, he couldn't find anything special about him all day except for sleeping.

The little white snake opened its mouth, revealing its sharp fangs, as if it was showing Han Three Thousand awe-inspiring.

With a flick of his finger, Han 3,000 flicked at the little white snake's head and said, "What's with the open teeth and claws, scaring me?"

The little white snake looked aggrieved and put away its fangs, not even daring to spit out the red letter.

Han Giangli smoothed down his cuffs and said to himself, "The Dark Forest, looks like I must go there in the future when I have the chance, but this Xuanyuan World is really strange, the three countries have no diplomatic relations and can't even communicate with each other, so what about the previous wars?"

With doubts, Han Qianqian returned to the Chen residence and ran into Chen Tiexin, who was about to go out.

When Chen Tiesin saw Han Three Thousand, it was with an impatient expression on his face that he snapped at Han Three Thousand, "Rubbish, stay in your own room from now on and don't walk around, lest you dirty my eyes, or else, don't blame me for being rude."

Han Qianqian smiled indifferently, this Chen Tiexin's strength wasn't very good, but his temper was quite big, a mere two-light realm, so arrogant and domineering.

The two of them wiped the tube and Han Qianli didn't reply, which made Chen Tiexin discontented, and was about to teach Han Qianli a lesson when Chen Yanran appeared.

"Where have you been, is the Chen family a place where you can come and go as you please?" Chen Yanran snapped at Han Qianqian.

"What do you think about me moving out then?" Han Three Thousand Thousand replied.

Yanran Chen still needed Han Qianli as a shield, if Han Qianli moved out of the Chen family, wouldn't that be a mouthful, she naturally didn't want to hear such gossip.

"From today onwards, you can't go anywhere, stay honestly in your room, and the Beast Hunting Conference will begin, and you'll be accompanying me as my escort." Yan Chen said.

"An escort, or a dead man?" Han Giangli asked with a smile.
