

His True Colors Chapter 871-880

Chapter 871

Guards?

Deadman!

Yan Chen's face changed after hearing the words and said, "What are you talking about, I don't understand."

Han Qianli's mouth turned up in a strange curve, smiling without saying anything.

Such an expression made Yanran Chen feel more and more guilty and had to quickly turn around and leave.

The look in Han Qianli's eyes just now was like he had seen right through her, and this feeling made Yanran Chen feel very apprehensive, in Yanran Chen's opinion, she should have played Han Qianli off against her, but now, she felt as if Han Qianli had already seen right through it all, only that he hadn't put up any resistance.

Why was this?

Had he already guessed that he would die at the Beast Hunt?

But if you guessed it, why didn't you want to find a way to escape it?

"Huma, what's wrong with you?" Chen Tiesin saw that Yanran Chen didn't look quite right and asked.

Yanran Chen shook her head, she wasn't sure if what she had felt just now was right, there was an unexplainable feeling of uncertainty in her heart, but how could a piece of trash like Han Giang make her feel dangerous?

"It's nothing, brother, let's just hurry up and prepare for the Beast Hunt." Chen Yanran said.

Chen Tiesin nodded, for him who was determined to enter the imperial court, whether it was finding an expert to worship or the Beast Hunting Assembly, he never took it lightly, from one aspect, Chen Tiesin was very persistent in his pursuit of status.

But on the other hand, Chen Tiexin was too delusional, as his abilities were nothing but trash to the imperial court, yet he reported such illusions, which was really not self-aware.

City Lord Residence.

Huang Houyi was so angry when he saw his son get a painter to copy the portrait of a woman.

He wanted Huang Snapdragon to become successful, but Huang Snapdragon was putting all his energy into women.

It used to be Yan Chen, but now it was the woman in the painting, how could he not be angry.

"Huang Snap Yong, how can you be worthy of being my son when you are so useless, don't you have any other pursuits besides women?" Huang Houyi said angrily to Huang Snapdragon.

Huang Snap Yong knew that his father had misunderstood him, but he didn't know how to explain to his father about this matter, after all, he didn't dare to reveal anything about the matter between him and Han Qianqian, who had asked him to keep it a secret.

"Father, you've misunderstood, I'm not such a person, I'm infatuated with Yan Chen, how could I fall in love with another woman?" Huang Snapdragon said.

Huang Houyi was full of sneers and said, "What's the use of being infatuated with a woman, do you want to spend all your thoughts on women in your life?"

The angry Huang Houyi ordered those copy artists to get out of the City Hall, or none of them would be allowed to live.

Under this threat, the copy painters threw down their brushes one by one, they didn't want to lose their lives.

But Huang Snap Yong, who saw this situation, was anxious, the woman in the portrait was Han Qianqian's sister, and he was ordered to find her, if father drove them away, who would come to copy the portrait?

"Father, this is a very important matter for me, so could you please leave this matter alone." Huang Snapdragon said with an anxious face.

Huang Hou Yi looked at Huang Snap Yong with a frosty face, now was the crucial moment for him to get rid of his puppet body, not only did Huang Snap Yong not help, but he wasted his time on such a meaningless matter, how could he allow Huang Snap Yong to go on without doing his job.

"Huang Snap Yong, I'm warning you, from now on, if you do this kind of pointless thing in the house again, I'll kick you out of the house." Huang Houyi said in a stern voice.

Seeing that Huang Houyi looked as if there was no room for discussion, Huang Snapdragon became even more anxious, if his father didn't agree to his search for the woman in the painting, how would he be able to explain to Han Qianqian?

"Father, please come with me and I will show you something, and after that you will understand why I am doing this." Snapdragon Huang said.

"Don't you dare try to persuade me, no matter what you say, I won't accept it." Huang Houyi said firmly.

Snapdragon Huang said with a decisive look, "After you see it, you will very much agree with me doing this, if you don't believe me, then come with me."

After saying that, Huang Snapdragon walked towards the backyard.

He couldn't reveal Han Three Thousand's identity, but in order for Huang Houyi to revoke his control over him, he could only let Huang Houyi know his current strength and what the point of him doing this was.

Huang Houyi hadn't intended to give Huang Snapdragon a chance, but he saw an unprecedented amount of underlying strength on Huang Snapdragon's face, which made him very curious as to what Huang Snapdragon had that could bring him back to his senses.

Following to the backyard, where no one was around, Huang Houyi said, "If you have anything worth showing off, take it out quickly, if you can't convince me, your every move in the City Lord's Palace in the future must be approved by me."

Huang Snap Yong took out his broadsword with extreme confidence and said, "Father, this isn't showing off, it's an absolute fright for you."

Scare?

Huang Houyi scorned a smile, but his smile froze in a quick moment.

On top of Huang Snapdragon's broadsword, four flames representing the Four-Light Realm burned, which completely stunned Huang Houyi.

As Huang Snapdragon's father, Huang Houyi knew his son's skills, he had been under the door bar of the Second Lantern Realm for several years, it was simply impossible for him to break through on his own, unless there was a senior guide or perhaps even a chance.

But right now, the Huang Snapdragon in front of him was already at the Four Lantern Realm.

To Huang Houyi, this was something that he did not dare to imagine.

"Four, four-light realm!" Huang Houyi's eyes were round, his expression slightly stunned as he said, "How is it possible, how is it possible, how can you be in the Four Lantern Realm."

Huang Snapdragon looked smug, Huang Houyi behaving like this was something he expected, after all, breaking two realms in one night, for anyone, this was a very incredible thing.

"Father, I went from the Two-Light Realm to the Four-Light Realm in one night, can you believe it?" Huang Snapdragon smiled.

Huang Houyi's throat visibly squirmed a few times, overnight?

If this were to come out of an outsider's mouth, Huang Houyi would only treat it as a joke, as it was simply an impossible thing in common sense.

But now, the truth was in front of him, and Huang Snapdragon was alive and well in the Four Lantern Realm, so he couldn't disbelieve it.

Huang Houyi excitedly walked up to Huang Snapdragon and asked, "How did you do it, how could you possibly rise two realms in a row in one night, did you have some kind of strange encounter?"

"It's no exaggeration to call it a strange encounter, and it was indeed a strange encounter for me," Snapdragon Huang said.

"What's going on, tell me quickly, don't sell out in front of me." Huang Houyi was so excited that he was about to get violent, he couldn't wait to find out what was going on.

Chapter 872

"Father, don't get excited, I'll tell you just that, in fact, the reason why I've broken through in such a short period of time is all thanks to my master." Huang Snap Yong had a heartfelt pride when he spoke of Han Qianqian, I could tell that he was proud of this, and his loyalty to Han Qianqian could no longer be described by words.

"Master?" Huang Hou Yi looked at Huang Snapdragon in confusion, he had never heard of this before, and he knew very well as the master of a city what kind of people there were in Long Yun City, there was no way that an expert of this level could exist.

To be able to make Huang Snapdragon break two realms in a row to reach the Four Lantern Realm, in Huang Hou Yi's opinion, this was at least a strong person who was above the Six Lantern Realm, but how could such an expert exist in a small place like Long Yun City?

"Who is your master, he's in Long Yun City?" Huang Houyi asked.

This topic could stop for Snapdragon Huang, he was able to tell Huang Houyi that he had a master and that his realm advancement was also related to his master, but he mustn't reveal his master's identity, this was a warning given to him by Han Giang, even if he gave Snapdragon Huang a hundred guts, he wouldn't dare to tell Han Giang's identity.

"Father, don't ask about his identity, Master has orders not to mention him to anyone, he's a very low-key person." Huang Snap Yong said.

Low-key?

Do powerful people above the Sixth Lamp Realm still need to keep a low profile?

Huang Houyi wanted to find a flaw in Huang Snapdragon's words, but his actual Four-Light Realm had already manifested itself, leaving Huang Snapdragon with nothing to say at all.

"With Master, father becomes unimportant, right?" Huang Houyi disdained.

"Of course not, but since his old man doesn't want to reveal his identity, how can I dare to talk nonsense, in case his old man isn't happy, killing all the city's lordship is just a snap of my fingers." Snapdragon Huang said.

"I'm at least the lord of a city, how could he dare to kill me at will?" Huang Houyi's bottom line was not strong enough to say this, as he guessed the strength of Han Qianqian to be at least Six Lantern realm, and even then, it was still very simple for a Six Lantern realm powerhouse to kill a small city lord, and the imperial court's side wouldn't take this little fart seriously at all.

Compared to a Six Lantern Realm powerhouse and a tiny little city lord, it was clear that the former was more worthy of the imperial court's attention.

"Father, it's not that I'm underestimating your status, a status like city lord is worthless to him, even if the high-ups of the imperial court saw him, I'm afraid they would have to be respectful." Huang Snapdragon said.

"Bragging." Huang Houyi glanced disdainfully at his mouth.

"Father, what status does the Pole Division possess in the Imperial Court?" Huang Snap Yong smiled and asked.

"That is naturally supreme, and the Imperial Emperor has to personally receive it." Huang Houyi said without even thinking, how noble was the Extreme Master, even for the Emperor, that was something he didn't dare to underestimate.

After saying this, Huang Houyi was momentarily stunned, and then looked at the smug smile on Huang Snapdragon's face.

A thunderbolt from the clear sky suddenly exploded in Huang Hou Yi's mind.

Extreme Master!

Could it be that Huang Snap Yong's master was actually an Extreme Master, how was that possible!

How could such a supreme figure appear in Little Dragon Cloud City?

Huang Houyi's legs weakened and he directly sat paralyzed on the ground.

The master of a city was actually behaving like a soft egg at this moment.

"You, you're saying that your master, is an Extreme Master!" Huang Houyi stared at Huang Snapdragon, not daring to believe it.

Huang Snap Yong didn't know anything about Han Qianqian's true realm, but through the questions Han Qianqian had asked him, he guessed that Han Qianqian should be in the Extreme Mastery realm, otherwise, why would he ask about things that didn't have their originals?

You know that the only cultivator in the world who doesn't need an original object is the Extreme Master.

"A cultivator without an original object, father, what do you call him?" Snapdragon Huang smiled and asked rhetorically.

Boom!

Huang Houyi's head thundered flatly once again.

He naturally knew what it meant to be without a native object, and it made his heart pound with fear.

Although Huang Houyi was a city lord, he hadn't really come into contact with a great person in his life, and an existence as high above him as the Extreme Master was even more unthinkable.

But now, Huang Snapdragon had become a disciple of the Extreme Master, which was a great blessing for the Huang family.

"Son, you must seize this opportunity, a great figure like the Extreme Master must be served well, this is your chance to enter the Imperial Court!" Huang Houyi instructed.

Huang Snap Yong smiled faintly and said, "Father, I'm already a disciple of the Extreme Master, does it still matter if I can enter the Imperial Court or not?"

Huang Hou Yi was stirred, which was why he nodded his head repeatedly.

The Extreme Master would not be affiliated with the Imperial Court, yet the Imperial Court would treat the Extreme Master with respect, to Huang Snapdragon, whether or not he entered the Imperial Court was indeed no longer important.

"Didn't you just say that I'm addicted to women, in fact, the woman in that painting is my master's sister, the reason why I copied the portrait was because my master wanted me to help him find his sister." Huang Snapdragon explained.

"The woman in the painting looks to be in her prime and not very old, is your master not ancient?" In the history of the Xuanyuan World, every Extreme Master had reached this level of achievement only when they reached the rarefied age of old, so in Huang Hou Yi's established impression, Huang Snapdragon's master should also be an ancient old man.

But he actually had such a young sister, indicating that he wasn't as old as he thought?

"Father, don't sidetrack me, I won't tell you about this matter, in case Master is unhappy, my great future will be ruined by you." Huang Snapdragon said.

Huang Houyi nodded repeatedly, although he was extremely curious about this matter, he didn't dare to anger a Pole Master over it.

Even if he provoked the Imperial Court, he would only be a bodyguard, while offending a Pole Master would end up more painful than death.

"Fine, fine, I won't say anything more, but can you reveal your current realm to the outside world?" Huang Hou Yi asked tentatively, now that the three great families wanted to deprive him of his position as city lord, if those people knew that Huang Snapdragon now possessed the strength of the Four Lantern Realm, the three great families would probably know that they were in trouble and retreat, which was a simple solution to Huang Hou Yi's troubles.

Huang Snap Yong frowned and considered for a moment, informing the public of his realm would surely shock many people, but it shouldn't affect Han Qianqian, after all, no one other than his father would know that his realm advancement was related to others.

Moreover, Huang Snapdragon knew why his father was doing this, and as a son, he should also relieve Huang Houyi of his worries.

"Yes, but never mention Master." Huang Snapdragon said.

"Fine, fine, don't worry, other than your realm, I will absolutely not mention a single word about anything else." Huang Houyi said.

Chapter 873

"What!"

A startled roar of astonishment erupted from the royal family's compound.

The Wang Family Master was filled with incredulity.

Huang Snapdragon had actually reached the Four Lantern Realm, this was a fatal blow to the Wang Family Master.

At a critical time when he wanted to overthrow Huang Houyi's position as City Lord, this news was almost desperate.

"Check it out, how could Huang Snapdragon have reached the Four Lantern Realm!"

At the same time, the Xie family compound was in the same situation.

The Xie Family Master was breathing rapidly, facing this sudden news, he was unwilling to believe it in his heart, but Huang Houyi releasing such a message could never be a joke.

"How could this be, how could Huang Snapdragon, a mere two-light realm, reach the four-light realm so quickly!" Family Master Xie asked to his servant.

"My lord, I heard from the eyewitnesses of the City Lord's Palace that Huang Snapdragon's real name, Broadblade, does indeed show that he is at the Four Lantern Realm, which is by no means false, as to why he was able to reach the Four Lantern Realm, it is unknown." The servant replied back.

Master Xie took a deep breath one after the other, if Huang Snapdragon really had such strength, it would become a luxury to overthrow Huang Houyi.

Not to mention whether or not the three big families could still be a threat to Huang Hou Yi by joining forces, Huang Snapdragon's Four Lantern Realm strength had become a scruple to them that could not be ignored, once Huang Snapdragon made his move, the three big families, who would be able to stop him?

Master Xie almost clenched his back groove teeth and said, "Is it possible that all this time's layout can only come to naught after all?"

After saying this, the Xie Family Lord collapsed weakly onto his reclining bed.

The Chen Family Residence.

Yan Chen's pace was so hurried that it could almost be described as a breeze on her feet.

Arriving at the door of Chen Tiesin's room in three steps, she knocked on the door and shouted, "Brother, are you in your room?"

"In." Chen Tiesin's heavy voice came from the room.

Yan Chen pushed the door in, and when she saw Chen Tiesin's expression, she guessed that her brother already knew about Snapdragon Huang.

"Brother, you've already heard about it, right?" Chen Yanran asked.

Chen Tiesin's gritted teeth expression looked very unhappy, for years he had travelled thousands of miles to find his senior master but had found nothing, but now Huang Snapdragon had reached the astonishing Four Lanterns realm, which was unacceptable within Chen Tiesin.

How on earth could a son of an idle city lord have such good luck!

"Huang Snapdragon must have found a master with a strong realm, otherwise, he would never be able to have such a terrifying realm improvement." Chen Tiesin said.

Yan Chen also had the same guess, as Huang Snap Yong had been stagnant in the Second Lamp Realm for several years, which was a huge gate barrier for a cultivator, and it was very difficult to cross unless a leader appeared.

But Yan Chen couldn't figure out who in a place like Long Yun City possessed such a strong strength that could allow Huang Snapdragon to break through two realms in a short period of time.

"Brother, did you say that his master is still in Long Yun City? What kind of realm must it be for him to be able to break two realms in a short period of time?" Yan Chen was confused.

Chen Tiesin took a deep breath, if that senior person was still in Long Yun City, even if he had to dig three feet into the ground, he would have to find him, as for what realm Master Huang Snapdragon was in, it was not something Chen Tiesin could guess.

"Sister, you help me mobilize all the hands in the entire house to search for this person with all your might, no matter what, you have to find him out." Chen Tiesin said.

Yan Chen knew that Chen Tiesin was very anxious in his heart, but this matter could not be acted recklessly, and since he was a high ranking person, it was useless for him to deliberately hide himself, no matter how many hands he had.

And even if he was really fortunate enough to be found by them, no one could say what the consequences would be in case it caused the senior person's discontent.

"Brother, don't be anxious yet, this matter has to be discussed in the long run." Chen Yanran said.

Chen Tiesin swept the teapot and cups across the table with one hand, appearing unusually angry, and said, "Even Huang Snapdragon is in the Four-Light Realm, while I'm still stuck in the Two-Light Realm, how can I accept this."

Yan Chen saw that her brother was angry, and although she wanted to help, this matter was beyond her ability to do so, and she was willing but powerless.

"Brother, don't be anxious yet, perhaps it's your chance that hasn't arrived yet, I believe that in terms of talent, you're stronger than Huang Snapdragon, once that senior knows of your existence, he'll definitely value you more." Chen Yanran said.

Chen Tiesin was thick-skinned and didn't feel that Yanran Chen had half a problem with this, but he showed a worried expression and said, "I'm afraid that this high person will leave Long Yun City before he sees me."

"No." Yan Chen said in a decisive manner.

"Why?" Chen Tiesin asked with a puzzled face, he didn't understand why Yan Chen was so sure.

"The Beast Hunt is coming up, and I feel that the reason why he appeared in Long Yun City is for the Beast Hunt, even if he has to leave, it should be after the Beast Hunt is over." Yan Chen explained.

After hearing these words, Chen Tiesin calmed down a bit as Yan Chen made a good point that it was a very inappropriate thing for a strong man to appear in Long Yun City, and since he had appeared, there must be some reason for him to do so.

And wasn't the biggest thing in Long Yun City recently the Beast Hunting Assembly?

"It looks like I need to perform well at the Beast Hunt before I can get this senior's idea." Chen Tiesin said.

Yan Chen saw his brother's mood calm down and nodded his head, "So ah brother, you can't be in a hurry right now, you have to prepare for the Beast Hunting Conference, the more anxious you are, the easier it will be for chaos to occur."

"Thanks to you for reminding me, otherwise, I might have acted recklessly and lost more than I gained." Chen Tiesin smiled.

"Alright, you can rest first, I also have to go prepare for the Beast Hunting Conference." Yanran Chen said.

Leaving Chen Tiesin's room, Yanran Chen didn't go straight back to her own room, but went to where Han Qianqian was staying.

Han Three thousand and Huang Snap Yong had left Long Yun City together to go to the outskirts before, and no one knew what had happened during that time, but Yan Chen guessed that something must have happened between Han Three thousand and Huang Snap Yong.

Of course, she wouldn't think that Han 3000 was Snapdragon Huang's master, she just wanted to find out more about Snapdragon Huang from Han 3000.

"You're not planning to sleep here tonight, are you?" Han 3000 looked a little startled to see Chen Yanran come to the room at this time of the day, although he and Chen Yanran were nominally husband and wife, but in reality there was nothing going on.

The most important thing is that Han Qianli doesn't have the slightest idea about Yanran Chen, for him, disloyalty to Su Yingxia is the most heinous thing in the world.

Yanran Chen smiled coldly and said, "With you also qualified to touch me, don't you daydream."

Han Qianli patted his chest with a celebratory face and said, "That's good."

Yan Chen paled and gritted her teeth as she said, "What do you mean?"

Chapter 874

There was no Han Qianqian in Yanran Chen's eyes, so how could Han Qianqian have ever put Yanran Chen in his eyes.

Although Yanran Chen had many followers in Long Yun City, her beauty was only tempting to others, to Han Qian, she was a woman who had nothing to do with herself, that was all.

Shrugging his shoulders as if nothing had happened, Han 3000 said, "It's nothing, you've come to find me, so just tell me what you want."

Yanran Chen's gaze was torchy as she looked at Han Qianqian, she had seen many men, and those men all coveted her beauty when they saw her, but Han Qianqian's eyes were clear and seemed to have no desire to possess her at all.

This made Chen Yanran very puzzled, could it be that this man in front of her was really able to remain unmoved in front of beauty?

Or is he not really a man at all, but some function is out of whack?

Walking in front of Han Three Thousand, Yan Chen deliberately puffed up her chest.

"Han Three Thousand, don't pretend to be a decent man in front of me, you men are all one hill of beasts, beauty is at hand, can you really not be moved?" Yanran Chen said with a fawning smile.

"You're seducing me?" Han Qianli raised his eyebrows, sizing up Yanran Chen and continued, "You're not bad looking, but I really don't have the slightest interest in you."

To be pretty and sexy, among the women Han Qianli had seen so far, none of them could compare to Qi Yiyun, but since he could hold himself in front of Qi Yiyun, how could he be tempted by Yanran Chen?

In the beginning, Qi Yi Yun but countless times to throw herself into the arms, and even deliberately to get Han 3000 drunk to sleep together, but so what?

Chen Yanran gritted her teeth, she wanted to find a flaw in Han Qianli's eyes, to find evidence of his lying, to find a loophole where he was swayed to himself, but Chen Yanran ended up powerlessly discovering that Han Qianli's clear eyes were really different from those of other men, that he didn't show any lust at all, and that this was in no way a pretense.

"You have a hidden disease, right." Yanran Chen sneered, this was the only explanation she could think of, only the kind of man who wasn't a man could hold it together in front of her.

"Go ahead, what do you want from me, if you're just here to prove your charm, I don't think it's necessary." Han Giang said indifferently, no matter what Yanran Chen thought of him, it didn't matter to him, he didn't want to get too involved with this woman, and now that he had Huang Snapdragon as his apprentice, the Chen residence wasn't as important to Han Giang as it used to be.

"I want to know what happened when you met with Snapdragon Huang, and how much you know about Snapdragon Huang breaking two realms in a row." Yan Chen's face was as frosty as ice, her confidence had taken a serious hit on Han Qianqian, beauty had always been invulnerable to men, but it was not reflected in Han Qianqian at all, causing Yan Chen to burn with rage.

"I'm meeting with Snapdragon Huang?" Han Qianli smiled calmly and said, "You know better than anyone how much Snapdragon Huang hates me, I met with him and he would love to try to kill me, how could I know about him breaking two realms in a row."

After this matter had spread in Long Yun City, Han 3000 had already received the news, but it didn't matter, after all, the news only broke that Huang Snapdragon had broken two realms in a row, and there was no other message, probably because Huang Snapdragon couldn't help but spread the news, perhaps for other reasons, exposing himself in front of his father.

This matter was something that Han Qianqian was able to look at from an understanding perspective, after all, now that the three great families of Long Yun City had joined forces to try to overthrow Huang Houyi, Huang Houyi's explosion of Huang Snapdragon's strength was also equivalent to deterring the three great families.

After all, in a place like Long Yun City, the strength of the Four Lantern Realm was already very strong enough to intimidate people.

"Impossible." Yan Chen didn't believe Han Qianqian at all and continued, "You and Huang Snapdragon went out of the city together, how could you not have met, and the more than ten Second Lantern Realms that Huang Snapdragon brought to the city all evaporated from the earth, there must be some secrets in it."

"As long as you're willing to tell me why Snapdragon Huang was able to break two realms in a row, I can promise you one thing, anything." Yan Chen said.

Han Giangli frowned, anything, these four words could mean a lot, he couldn't understand why Yanran Chen was doing this, was this news important to her to such an extent?

"You want to improve your realm too?" Han Giangli was confused.

"It's not me, it's my brother." Yanran Chen said.

Han Qianli laughed and said, "It seems you really are brother and sister, you're willing to do anything for your brother, aren't you afraid that I'll ask something out of the ordinary of you?"

"As long as you're willing to talk, I'll satisfy you." Saying that, Yan Chen pulled her clothes down her shoulders, revealing her snow-white skin.

Without even a glance, Han Qianli laid back on her bed, resting her hands on the back of her neck, and said, "I'm sorry, I'm not interested in you, and I don't know about the matter of Huang Snap Yong, so I can't give you a satisfactory answer."

Chen Tiesin had been out for many years seeking a high master, this matter Han Marchant had already heard from the servants of the house, but unfortunately Chen Tiesin had not succeeded for many years, this kind of behavior was completely idiotic in Han Marchant's opinion.

How could a true senior apprentice be someone he could just find, this kind of opportunity was unattainable for anyone.

Yanran Chen's expression became hideous for a moment, her actions today had completely laid down her dignity in front of Han Qianli, but she never expected Han Qianli to have such an attitude, a mere trash, what makes her qualified to treat her like this?

"Han Qianqian, this is my Chen family residence, do you believe I'll let you die here." Yanran Chen gritted her teeth and said.

Han Qianli turned his side and said with his back to Yanran Chen, "If you want to kill me, just come, but for you, the time is not yet right, right?"

Yanran Chen took a deep breath, this guy actually knew he wanted to do something to him!

Angry, Yanran Chen suddenly laughed in an unusually evil manner, not knowing what was going on inside, and said to Han Qianqian, "You will beg me, and beg me on your knees."

After saying that, Yanran Chen left the room.

Han Qianli sighed helplessly, her personality was very similar to Mi Fei'er's, both were extremely confident in their beauty and felt that all the men in the world would be bewitched by them, but it was a pity that she had met Han Qianli's iron plate of oil and salt.

"A piece of trash like Chen Tiesin is worth selling your body for, ridiculous." Han Three Thousand Thousand said to herself.

In Han Qianqian's eyes, Chen Tiesin's realm would never be able to make a breakthrough, as his mindset over the years had been to expect to seek a high master to take shortcuts, and with that thought, he would only be a two-light realm for the rest of his life.

Chapter 875

"Triple dose, Miss, did I hear it right."

In Yanran Chen's room, the personal maid looked at her with a startled face, appearing a little incredulous.

But Yanran Chen's demeanor was calm and said, "Is three times not enough?"

The maid was speechless for a moment, Yanran Chen had asked her to put a drug in Han 3,000's dinner, and it was an aphrodisiac, three times the dose was already very heavy in her opinion, and Yanran Chen didn't even think it was enough.

"Miss, I ask nosily, why did you give him the aphrodisiac?" The maid was puzzled.

"You're too nosy." Yan Chen said faintly.

The maid quickly lowered her head, not daring to speak.

"Follow my words, triple the dose, not a bit less." Yanran Chen commanded.

Since the lady had already spoken, the maid didn't dare not to do anything and could only walk towards the kitchen.

According to Yanran Chen's instructions, the triple dose was not less at all.

The maid seemed to be able to imagine Han Qianqian's red-eyed, desire-filled eyes as she administered the medicine, a state that was no different from that of a wild animal in heat.

When the servants sent the food to Han 3,000's room, Han 3,000 didn't expect Chen Yanran to have such dirty tricks, gorging herself on food and drink, and soon had enough, triple doses of aphrodisiacs, Han 3,000 didn't even know.

After a short period of time, Han 3,000 suddenly felt his heart beating faster, his whole body was hot and dry, and thoughts of that aspect were born in his mind.

Although it had been a long time since he came to the second world, Han 3,000 hadn't shared a room with a woman, but to him, who had always had good control over his desires, this phenomenon was very abnormal.

Han 3000 breathed deeply and thought to himself what was going on, why would he suddenly have such a strong desire for that aspect of things?

And this desire became stronger and stronger with time, even as he felt like his entire body was almost on the verge of becoming uncontrollable.

At this moment, Yanran Chen's voice suddenly came from outside the door.

"I told you that I would make you kneel down and beg me."

In an instant, Han Giangli understood that this was all Yanran Chen's doing, and there must have been something strange in the meal just now.

Han Qianli pushed open the door and said angrily, "Yanran Chen, what do you want!"

After opening the door, Han Qianlian realized that Yanran Chen hadn't come alone, she was accompanied by many of the house guards, and looking at the number, most of them were there, it was obvious that she had planned this.

"Didn't I just tell you, I want you to kneel down and beg me." Yan Chen said with a cold face.

"You're a vicious woman, but you're using such nasty tactics." Han Qianli gritted his teeth.

Yanran Chen smiled faintly and said, "When dealing with someone like you, it's natural to use such tactics, beg me, kneel down and beg me, I can help you."

"You still have to know how Huang Snapdragon broke two realms in a row," Han Qianli scoffed.

"Good." Yan Chen said with a smile, in her opinion, she had played Han 3000 with her hands, and now Han 3000 could only compromise with her.

"I won't lie to you, I do know the secret of Huang Snapdragon breaking two realms in a row," Han Three Thousand Thousand said.

Yan Chen's calm expression was agitated when she heard this, "Quickly tell me, how exactly did he do it."

This matter was crucial to Yanran Chen, only if she knew how Huang Snapdragon did it would she be able to help Chen Tiesin break the realm.

"Oh." Han Qianli smiled fiercely and said, "You're underestimating me too much to want me to compromise with this little tactic."

As his words fell, Han Qianli heavily closed the door.

Yanran Chen wasn't in a hurry, the effects of the medicine hadn't reached their limits now, and she believed that Han 3000 would soon come out to beg her, and would also take the initiative to tell him the secret of Huang Snapdragon's breakthrough.

"Han Qianqian, I'll wait for you, I don't believe you'll really be able to endure this." Yanran Chen said.

The maid followed Yanran Chen and lowered her head, not daring to speak, because she knew clearly that doing such a thing could never be a lady going, and the maid in the house, most likely, was to sacrifice her.

As a maid, she had no control over her own destiny, and if Yanran Chen really wanted her to do this, she had no choice.

"Go and change into a beautiful dress, preferably something thinner." Yanran Chen said to the maid.

The maid's head buzzed.

What should come, has finally come.

"Yes, Miss."

In a short while, the maid dressed in red sand returned, her exquisite posture even those guards couldn't help but take a few glances at her.

Yan Chen nodded her head in satisfaction and said, "Go in and let him tell me the answer I want."

"Yes." The maid nodded her head and then walked towards the room.

Pushing open the door, the maid was in a very apprehensive mood, for a yellow-flowered maid to suddenly face this kind of thing, she couldn't contain her nervousness, but this was her destiny as a maid, what Miss asked her to do, she had to do.

"Han Qianqian, Miss said that she wants you to kneel down and tell her what she wants to know."
The servant girl said to Han Three Thousand.

Han Three Thousand sat on her knees on the bed, eyes closed tightly, sweat the size of soybeans constantly oozing from her forehead.

A triple dose of the drug was far too much for a normal person's body to handle, and if it weren't for Han Three Thousand's own strength, he would have been foaming at the mouth by now.

"Let her roll." Han Qianqian said through clenched teeth.

"This medicine comes from the most powerful apothecary in Long Yun City, you have no other choice." The maid kindly reminded.

It was true that Han Three Thousand had almost lost control of the beast out of his body, and the effects of the medicine hadn't reached their limits yet, but his current state of support was already very difficult, but asking him to compromise or even kneel to Yan Chen in this manner was definitely not something Han Three Thousand was willing to do.

"Convey a message to Yanran Chen for me, today's incident is the evil fruit sown by the Chen family, and when the flowers bloom, the Chen family will surely be destroyed." Han Qianli coldly said.

Exterminate the family!

The maid was trembling with fear, and was even more terrified when she raised her head slightly and saw the terrifying appearance of Han Three Thousand's crimson eyes.

In the maid's heart, Han Three Thousand was also an image of waste, but at this moment, the maid was terrified of Han Three Thousand from the bottom of her heart, and this terror was something she couldn't suppress no matter what.

"Han Qianqian, why do you have to go against Miss, do you have the qualifications?" The maid gathered her courage and said.

Han Giangli grinned like a demon and said, "I should have asked Yanran Chen about that, if you don't get out, I'll kill you."

Seeing Han Third Thousand's fierce gaze, as if he really wanted to kill someone, the maid was so frightened that she ran towards the door.

"Miss, he, he's going to kill me." The maid walked in front of Yanran Chen in fear, trembling with fear, and said.

Chapter 876

Yanran Chen's face was livid, and she had heard everything Han Qianli had said in the room.

By the time the flowers bloom, the Chen family will be exterminated!

For some reason, she somehow felt a strong sense of crisis in this man, as if what he said would eventually become reality one day in the future.

And now was the best chance for Yanran Chen to kill Han Qianxiang.

But Yanran Chen was reluctant to do so, if she killed Han Qianqian, then no one would know the secret of Huang Snapdragon's two consecutive breakthroughs.

For the sake of her brother, Yanran Chen had to get the truth of this matter out of Han Qianqian.

When Yan Chen looked at the maid, although she was already dressed charmingly enough, her looks were still a shortcoming after all, and it looked like she could only be the one to do it herself.

Taking a deep breath, Yanran Chen walked towards the room.

The maid saw the situation and asked in shock, "Miss, what are you doing?"

Yanran Chen did not reply, but walked into the room without turning back.

Although she was uninvolved, she knew very well what would happen if Han Third Thousand couldn't hold herself back, but Yan Chen wasn't afraid, as long as she could break Chen Tiesin, she would be able to usher in the glory of the Chen family, and it would be worth it to pay a small price for that.

"Han Qianqian, with just a word from you, I can make you fade away the effects of this medicine." Yan Chen said as she stood in front of Han Third Thousand.

Han Qianqian closed his eyes tightly, the effect of the drug had now reached the point where he couldn't look at the woman, or else he wouldn't be able to control himself.

"Yanran Chen, I advise you to get out of my sight." Han Qianli coldly said.

"The result of being strong is that you'll bleed to death from your seven apertures, do you want to die here?" Chen Yanran said.

Han Giangli's blood qi surged within his body, and if this continued, bleeding from his seven orifices was inevitable, but even so, the looks of Su Yingxia and Han Nian flashed in his mind, not allowing him to do anything that would derail him.

"Even this little bit of medicine wants to poison me, you're underestimating me." Han Giangli said.

Yanran Chen faded her coat and rustling noises made Han Giang's heart beat faster again, so he could only close his eyes tightly.

"Don't you dare open your eyes and look at me." Yanran Chen said provocatively.

Han Three thousand clenched his fists, his nose heated, and blood spilled out.

Right at this moment, Chen Tiesin suddenly barged into Han Three Thousand's room.

He was unaware of Yanran Chen's layout tonight, and when he heard about it from his servant, he rushed over in a hurry.

Seeing that things hadn't developed to the point he had imagined, Chen Tiesin let out a sigh of relief.

"Yanran, what are you doing?" Chen Tiesin asked with a serious face.

"Brother, he knows the secret of Huang Snapdragon breaking two realms in a row, I have to make him tell me." Yanran Chen said.

Chen Tiesin looked heartbroken, he didn't expect Yanran Chen to make such a sacrifice for himself.

But even so, he was unwilling to let Yanran Chen do so.

Holding Yanran Chen's hand, Chen Tiesin said, "Come with me, if it takes such a price, it's better not to know."

Yanran Chen wanted to shake off Chen Tiesin, but her strength obviously couldn't compare to Chen Tiesin's, so she could only say, "Brother, if I leave like this, he will surely die."

Chen Tiesin looked at Han Qianqian with disdain and sneered, "This kind of trash, die as you wish."

After saying that, Chen Tiesin forcefully pulled Yanran Chen out of the room.

"Yanran, from today onwards, don't do such a stupid thing, I know how to solve my brother's matter myself, and this kind of trash, do you think it's possible for him to know about Huang Snapdragon?" Chen Tiesin reminded Yanran Chen.

Just now, Han Qianqiang had made it very clear that he knew how Huang Snapdragon would break the border.

But looking at Chen Tiesin's tough attitude, Yanran Chen knew that it was useless no matter what he said.

"Brother, I know I was wrong and I won't do this again, but he" Yanran Chen didn't want Han Three Thousand to die yet, because Han Three Thousand still had secrets she was curious about.

"Regardless of him, it's up to his own fate whether he can live or not." Chen Tiesin said.

A triple dose, in this case, would definitely end up being suffocated alive if it was not ventilated.

After the group dispersed, Han Qianli's body had reached the limit of its support.

With no one else around, Han 3,000 gritted his teeth and said, "Little thing, you're still f**king watching the show, hurry up and think of a way to help me."

The little white snake swam out from its arm, but looking at it as if it couldn't help, it didn't seem to be helping Han Qianqian.

"If you really can't, you can just f*cking bite me," Han 3,000 said, he also really had no choice, the blood qi churning in his body was simply uncontrollable.

The little white snake spat out red letters, revealing two fangs.

The venom of the Red-Eyed Jade Python was like a nightmare for the cultivators of Xuanyuan World, and even someone as powerful as a Pole Division was feared like a tiger.

In one bite, the little white snake released just a little bit of venom and quickly loosened its mouth.

Han Qianqiang's fingers slowly turned black and purple from the bite, and the blackness spread to his arm at a very fast rate.

The invasion of the venom from the red-eyed jade python quickly made the triple dose of aphrodisiacs in his body subside, but his state was even more painful, as a sharp pain that tore at his heart spread throughout his body.

After a night of torment, Han 3,000 was like a trip to hell, going through the cycle of life and death, leaving behind a residual gasp.

In Yanran Chen's room, she had woken up just after dawn, wondering if Han 3000 could have died in her room, and quickly summoned her personal maid.

"Go to Han Third Thousand's room and see if he's dead, and have his body disposed of." That said, in her heart, Yan Chen didn't want Han Three Thousand to die, after all, the secret she was curious about still needed to be learned from Han Three Thousand's mouth.

"Yes."

The maid led the order and left.

Arriving at the door of Han Three Thousand's room, the maid was still a little nervous, her fear of Han Three Thousand had been buried deep in her heart after last night, like a lingering haze.

Pushing the door in, the maid was shocked to see Han Qianqian lying motionless on the ground.

Dead?

Is this dead?

Summoning the courage to walk into Han Three Thousand's side, the maid took a deep breath and prepared to squat down to see if Han Three Thousand was still breathing.

Just then, Han Three Thousand Year suddenly spoke up, "Don't bother, you're not dead yet."

This opening of the mouth to speak frightened the maid so much that she took three straight steps back.

"Han Three Thousand Years, if you were willing to kneel to Miss, you wouldn't be in such a mess." The servant girl said.

Han Three Thousand looked sideways at the maid, grinned, and said, "I, Han Three Thousand, won't kneel even if heaven and earth do."

The maid gritted her teeth, this guy's stubborn temper was a real bull, what right did he have to fight with Miss in the Chen residence.

Chapter 877

The day of the Beast Hunting Assembly.

The north gate of Long Yun City was already overcrowded early in the morning, and the clusters of people were densely packed, these were all people who were attending the Beast Hunting Assembly.

As an annual event for all the cities near the Long Yun Mountain Range, every cultivator wouldn't miss such an opportunity, because most of the people here were in the one or two-light realm, and they already had no hope of breaking through the realm, so the only way to improve their status was to participate in the Beast Hunting Assembly, even if they could only tame a one-star exotic beast, they would be able to get some humble official position in the imperial court.

As long as there was an official position, no matter how big or small, changing the existing life was inevitable.

"I didn't expect so many people to participate in the Beast Hunting Assembly, are there that many exotic beasts in the Longyan Mountain Range?" Han Qianli followed Yanran Chen and said.

He meant to talk to himself and didn't question Yanran Chen, but Yanran Chen took the initiative to chat, "Will every single one of you who participates be able to become a Beast Master? Thousands of people from Long Yun City attend every year, but after so many years, there hasn't been a single beast master."

"Exotic beast tracks are hard to find?" Han Qianli was confused.

"Most people here aren't at a high realm and they're not willing to risk too much for it, so they only dare to look for exotic beasts in the outer layers of the Dragon Rock Mountain Range, and the number of exotic beasts in the outer layers had plummeted more than a decade ago, but now it's all luck if you want to find one, and it's not that simple to tame." Yan Chen explained.

The Beast Hunting Conference was held once a year, no matter how many exotic beasts there were, they would still be consumed, it was fortunate that it was only on the outskirts, if there were more experts in the nearby cities, I'm afraid that even the exotic beasts in the inner layer would be poisoned by it.

"Since you're participating, you shouldn't be wasting your time on the periphery, right?" Han Qianli asked.

Yan Chen was a very ambitious person, and what she wanted to do was never as simple as just going to try her luck, so Han Qianli guessed that she wouldn't stay on the periphery like everyone else.

Yanran Chen smiled faintly and said, "Is there any need to ask a question like yours, can I be like everyone else?"

Han Giangli shrugged his shoulders, Yanran Chen herself was just a one-light realm, purely in terms of strength, what difference could she make from the others?

The only difference was that it was just that she was the Chen family's eldest sister, but such things as beast hunting could have nothing to do with her identity, and the exotic beasts wouldn't submit to her just because she was the Chen family's eldest sister.

"You're certainly different from the others, maybe the exotic beasts will even bow down to you directly because of your status as the Chen family's eldest sister." Han Giangli smiled.

Yanran Chen turned to look at Han Qianli with a cold face, and she knew that it was Han Qianli who was mocking her.

In Long Yun City, her status as Miss Chen was pivotal, but what significance did it have to a different beast?

"Han Qianqian, before mocking me, you'd better look at what you are and whether you're qualified." Yanran Chen gritted her teeth.

Han Qianqian no longer spoke, as the saying goes, good men don't fight with women, it's useless to reason with a domineering woman like Yanran Chen, even if she takes up the cause.

At this time, Huang Snap Yong rode a horse slowly and leisurely, now that he was a Four Lantern Realm expert, he would have adoring eyes wherever he went.

Snapdragon Huang enjoyed this feeling of focus very much, although he was the son of the city lord and his status was already extraordinary, but those flimsy status symbols were compared to his true strength now, the latter could naturally make him even more superior.

"Yan Chen, after not seeing you for many days, I've finally figured out one thing." Huang Snapdragon deliberately walked to Yanran Chen's side and said.

"What is it?" Yan Chen looked straight ahead and didn't take a second glance at Snapdragon Huang because she was guilty and didn't have the courage.

Once upon a time, Yanran Chen didn't even care about Huang Snap Yong because Huang Houyi was just a puppet of the three great families, and Huang Snap Yong, the son of the city's lord, was a joke in her eyes.

But now, Huang Snapdragon was already an expert of the Four Lantern Realm, and his strength was above everyone in Long Yun City, she had no right to look down on Huang Snapdragon anymore.

"I'm not worried about women at all, so why should I have my heart set on you, when I go to the imperial court, there are plenty of beautiful women who can accompany me around." Huang Snapdragon said proudly.

Yan Chen's face was filled with coldness, now even Huang Snap Yong dared to mock her.

After a cold snort, Yan Chen said, "It's only a Four-Light Realm, do you think the Imperial Court will take a Four-Light Realm seriously, with a strength like yours, you're really delusional to want to enter the Imperial Court."

Huang Snap Yong did not get angry at Yan Chen's rebuttal, instead, he smiled faintly and said, "Are you so sure that I can only get to the Four Lantern Realm?"

Yan Chen looked ugly, for Huang Snapdragon who had broken two realms in a row, there were definitely still opportunities to break in the future, his end was never just the Four Lantern Realm.

"And now that I have the strength of the Four Lantern Realm, I can enter deeper into the Dragon Rock Mountain Range, the chances of running into exotic beasts will be even greater, if I'm not careful and I become a Beast Master again, tell me, how will the Imperial Court treat me?" Snapdragon Huang laughed proudly.

Yan Chen's face was as white as paper, Master of Beasts!

If he really became a Beast Master, it would be a big loss for Yan Chen to reject Huang Snapdragon's offer of love.

"I know you used to look down on me, but now, please remember that you are no longer qualified, and I, for one, don't take you seriously." After saying that, Snapdragon Huang rode his horse and walked to the front of the crowd.

Possessing the strength of the Four Lantern Realm, he was definitely qualified to take the lead.

Han Giangli held back a smile, not expecting Huang Snap Yong to be so full of derring-do, this speech was probably going to make Yanran Chen angry.

At this time, Chen Tiesin came to Yanran Chen's side, seeing that she didn't look quite right, he asked, "Sister, what's wrong with you?"

As soon as the question was finished, before receiving an answer from Yanran Chen, Chen Tiesin turned to Han Qianqian with a murderous look on his face and questioned, "Did you make her angry?"

Han Qianqiang is really a disaster from heaven, but he didn't say anything, so how could he provoke Chen Yanran?

But Han Qianqiang wanted to see if Chen Tiesin had the guts to stand up for his sister.

"Don't come at me, it's Huang Snapdragon, if you want to avenge her, go find Huang Snapdragon."

This statement stunned Chen Tiesin, if it had been before, he would still be qualified to scream at Snapdragon Huang for a few words, and even make Snapdragon Huang apologize to Yan Chen, but now, Snapdragon Huang was already a Four Lantern Realm powerhouse, and could beat Chen Tiesin into submission with one hand, so who was he to go find Snapdragon Huang's trouble?

Han Giangli laughed, it turned out to be a bullying lord, just a mouth to shout.

"Not going to take revenge?" Han Giangli saw that Chen Tiesin was unmoved and deliberately irritated.

Chapter 878

"Do you have a right to speak?" Yan Chen snapped at Han Qianqian in a cold voice.

She knew very well that Chen Tiexin had a hard time with this matter of Huang Snapdragon breaking the border, and Han Sanqiang was deliberately trying to provoke Chen Tiexin into going after Huang Snapdragon, so wasn't this an embarrassment to Chen Tiexin?

Han Qianli waved her hand helplessly and said, "I just thought your brother was going to avenge you, it looks like he doesn't quite dare, so forget I said anything."

Chen Tiesin suddenly turned around and with a murderous face, reached out and grabbed Han Three Thousand's neck, saying with red eyes, "Han Three Thousand, do you believe I'll kill you!"

Han Giangli acted as if he didn't care, even Huang Snap Yong wouldn't dare to kill in public, let alone Chen Tiesin.

And if Chen Tiexin really dared to kill him, Han Three Thousand could end Chen Tiexin's life even faster.

Although Han Three Thousand was now poisoned by the Red-Eyed Jade Python and wasn't at the peak of its strength, it still had no problem dealing with a weakling of the Second Lamp Realm like Chen Tiesin.

"Chen Tiesin, you only have the guts to fierce me, don't you think it's pathetic? And you dare to kill me and do it in front of all these people?" Han Qianqian faded.

Chen Tiesin was furious, but he eventually let go of Han Qianqian.

Killing someone in public was setting himself on fire, and he didn't dare to ruin his own future out of impulse.

At this time, Yanran Chen's killing intent was revealed, she had originally wanted to use the Beast Hunt to end Han Qianli's life, and now her thoughts in this regard were even stronger.

Not long after, Huang Houyi appeared.

As the lord of Long Yun City, a major event such as the Beast Hunting Assembly naturally required him to give orders.

"I'm sure you've all been waiting for a long time, so I won't say any more nonsense, I hope you can all return home fully loaded today, let's go."

After saying this, the crowd began to sprint, everyone wanted to get the first opportunity, after all, there weren't many exotic beasts on the outskirts of the Dragon Rock Mountain Range, if they went late, they might not even see the shadow of the exotic beasts.

Chen Tiesin was also among the crowd, at this time, he didn't have the feeling of being superior in front of Han Qianqian, just like a hungry beggar who saw a distant steamed bun and couldn't wait to fight for it with his life.

However, Yan Chen wasn't in a hurry because her intention wasn't to hunt beasts, but to find an opportunity to kill Han Qianqian.

Huang Snap Yong, who was a Four Lantern Realm expert, was likewise not in a hurry, as most people could only look for exotic beasts on the outskirts of the Dragon Rock Mountain, but he had the strength to enter a little deeper, with much less competition, and there was no use in panicking for a while.

"Yan Chen, did you just give up at the beginning?" Huang Snap Yong approached Yanran Chen once again, and it could be seen that he was quite resentful about this matter, otherwise, he wouldn't have endlessly shown superiority in front of Yanran Chen.

However, Huang Snap Yong's feelings were understandable, after all, he had been pursuing Yanran Chen for many years, and it was well known in Long Yun City, but it was bitterly fruitless, and had caused many jokes.

Now that he had broken the four lamps, it was only reasonable for him to flaunt his power.

"Couldn't I just be like you and go deeper into the Dragon Rock Mountain Range, where there are fewer competitors, why should I be in a hurry?" Yan Chen said.

"You?" Huang Snapdragon laughed after a moment of consternation and said, "Yan Chen, you really have no self-awareness at all, aren't you afraid that your fragrance will fade and you will die in the Dragon Rock Mountain Range."

"Whether I die or not, what does it have to do with you?" Yan Chen said.

"Your life or death, of course it has nothing to do with me, do you think I still care about you as much as I used to, I'm just looking for an opportunity to mock you." Snapdragon Huang said with a big smile.

Yan Chen's face was livid, as ugly as it had to be, she had once been so fond of Huang Snap Yong, but now, she already had a feeling of being too high and mighty.

Han Qianqiang glared at Huang Snap Yong, instructing him to get out of the way, to be a little bit cocky, just a woman, why bother to be so calculating.

Huang Snap Yong shivered in fear and rode off, his master's orders not daring to disobey.

After Huang Snap Yong left, Han Qianqiang looked at Yanran Chen, Chen Yanran's murderous intent towards him, he has long felt, and this beast hunting competition, is the best time.

Just now, he heard again that Yanran Chen was going to enter deeper into the Dragon Rock Mountain Range, with her strength, there was no way she could venture into those places, so the only explanation Han Qianli could think of was that Yanran Chen wanted to get him killed, so he went.

"Is it necessary to want to kill me and take such a big risk yourself, have you ever thought that you might die in the Dragon Rock Mountain Range as well?" Han Qianli said directly to Yanran Chen, who didn't need to hide his suspicions since things had come to this point.

"Han Qianqian, since when did you know that I wanted you dead?" Yanran Chen asked to Han 3,000.

Previously when Han Giang had mentioned guarding the dead, Yanran Chen felt that her plan was exposed, but she couldn't figure out why Han Giang knew about it, after all, only she and her personal maid knew about her plan, and the maid would never tell Han Giang about it.

"From the moment I woke up." Han Qianqian said indifferently, "The reason you married me was because you saw that I was in a coma and could be at your mercy, but once I was awake, I became an unstable factor, that's why you wanted to kill me, but you also hesitated on this issue, testing me out, probably to see if I still had any use for you, or perhaps this time, it was also a test, but with my The life of the man to test it out is just that."

Han Qianqian's analysis made Chen Yanran tremble with fear, she didn't expect her plan to be dissected so thoroughly by Han Qianqian, how could such an insignificant looking man be so scheming!

"If you guessed it, why did you come?" Yan Chen was puzzled and asked.

"Beast Hunt, I've never experienced this before, so naturally I have to come and feel it, as for the danger, aren't you still here? If I'm facing death, do you think I can escape? It's probably not bad to be able to die with you." Han Three Thousand smiled, knowing that Yanran Chen was very much repulsed by him, which was why he said it on purpose to disgust Yanran Chen.

It had to be said that Han Third Thousand's goal had been achieved.

Thinking of dying with Han Third Thousand, Yanran Chen did feel a little sick inside, she was the eldest Miss of the Chen family, how could she die with a piece of trash?

But Yan Chen had already thought about it, once she encountered a powerful exotic beast, she wouldn't hesitate to run away, she would always have a greater chance of survival as long as Han Qianqian was in the way.

"When it's the anniversary of your death, I'll give you two columns of incense as a token of my sympathy for you," Yan Chen said.

Chapter 879

Near the Long Yan Mountain Range, there were people from all the major cities converging, the scene was even more spectacular, most of them were looking for traces of exotic beasts on the outskirts of the Long Yan Mountain Range, it was no wonder that it was hard for a beast master to appear, with this battle, even if there were exotic beasts on the outskirts, they had already been scared into hiding, how could they dare to show up.

Ninety-nine percent of them must have returned without success.

Han Giangli said with a sigh on his face, "Wanting to use this to become a Beast Master to boost their status, but not daring to take risks, these people might as well sleep at home."

"They all want to try their luck, and no one can tell when good luck will come," Chen Yanran said.

"There's a question I want to know, once the exotic beasts appear, what will be the scene, these people will fight for the exotic beasts, right?" Han Giangli was curious.

"I remember the worst year, where over a thousand One-Light Realm people were killed or injured, and it was for a two-star exotic beast." Yan Chen explained.

Han 3,000 nodded his head, but another doubt arose in his heart and asked, "Isn't it true that if it's not a beast hunting tournament, you can't come looking for exotic beasts?"

"Sure, but as you can see, most people here aren't strong, they don't dare to act alone, and their lives are more important than the lure of status." Yan Chen said.

It seems that Xuanyuan World is the same as Earth, there are too many ordinary people, not much better in comparison, but they have more superior cultivation conditions, that's why they are a bit stronger than Earth in terms of cultivation.

The more he got to know the Xuanyuan World, the more Han Giang found that it wasn't a place to be too scrupulous about.

Rather, it was the kind of pull that he had felt in the forbidden area of the apocalypse before that made Han Three Thousand pay even more attention to it.

Where exactly this feeling came from was one thing that Han Three Thousand needed to figure out.

The Longyan Mountain Range was divided into three layers in total, with a periphery, a middle region, and a core.

Generally speaking, the periphery occupied ninety-nine percent of the people, while only one percent of the people in the middle zone dared to enter, and as for the core, no one had gone in there for many years.

For the truly strong, the exotic beasts of the Dragon Rock Mountain Range were no longer in their eyes, and the even more terrifying Dark Forest was the place they liked to conquer.

When the horseback-riding Snapdragon Huang entered the Dragon Rock Mountain Range was the Middle Passage, many people let out envious sighs.

"Huang Snap Yong has broken two realms in a row, I had already guessed that he would go to the Central Region, and as expected."

"Would a Four-Light Realm powerhouse still be wasting his time in the periphery."

"If Snapdragon Huang were to become a Beast Master, no one would be able to shake the Huang family's position in Long Yun City."

"Huang Snap Yong used to like the Chen family's eldest sister, but the Chen family's eldest sister didn't take him seriously and got married to a trash, and I don't know if that eldest sister regrets it now."

Han Qianqiang took a special look at Yanran Chen, but she didn't have much emotional turmoil, and looked like she was already prepared for it.

The passage was a naturally formed path between two mountains, and after Huang Snap Yong entered, Yanran Chen followed.

Han Giangli could only follow after seeing this.

Although Yanran Chen wanted to kill him, Han Three Thousand knew he wouldn't die here, and he also wanted to see the other exotic beasts.

"Isn't this Yanran Chen, she's even going to the Central District?"

"Yanran Chen's strength is just a mere one lantern realm, how dare she go to her death."

"Who is that man following behind, is he the strong helper that Yanran Chen invited?"

The crowd guessed at what they saw, and became even more curious about Han Qianli's identity.

Entering the Central Region without the strength of the Four Lanterns, one could easily lose their lives, so in their opinion, since Yanran Chen dared to go, she must have some kind of support, and it was only natural that Han Qiangan, a strange face, was guessed by them to be a strong man.

Soon, however, some people recognized Han Three Thousand, after all, there were also many people who had witnessed Yanran Chen's appearance for Han Three Thousand at the Tail Beast Residence that day.

"That person, isn't that person Yanran Chen's husband?"

"Husband, is he the one who got married to Yan Chen?"

"Aren't the rumors that he's just a loser? Is it all a lie?"

"Of course not, I heard from the servants of the Chen residence that he is indeed a waste, as for why Yan Chen took him to the Central District, it is indeed quite strange."

"Could it be that these two are going to be martyred?"

All sorts of multifarious speculations stirred up in the crowd, some saying that Han 3000 might have hidden her strength, while others said that Yanran Chen wanted to die with Han 3000 in the Central District.

Others guessed to the point that Yanran Chen wanted to use this Beast Hunt to get her useless husband killed, and that was why she had gone to the Central District.

Originally, Huang Snap Yong's heart was still a little unsteady, after all, the Central District was a place he had never been before, and there was no telling what kind of beasts he would encounter, if he was unlucky enough to encounter a powerful beast, his life would be on the line.

But after seeing Han Qianqian, Huang Snap Yong felt much more at ease, in his opinion, as long as his master was there, even if he went to the core region of the Dragon Rock Mountain Range, there would be no danger.

Abandoning his horse and not daring to walk too fast, Huang Snap Yong deliberately slowed down his pace, preparing to travel with Han Qianqian.

Naturally, Yan Chen didn't want to walk with Huang Snap Yong, after all, she wanted to take this opportunity to test Han Qianqian's strength, and if he was really a loser, then get him killed here, naturally, such things couldn't exist as bystanders.

"Snapdragon Huang, you're a Four-Light Realm expert, and you still want to get together with us, would it be a loss of your identity?" Yan Chen was deliberately irritating to Snapdragon Huang.

"Yanran Chen, you should feel lucky to have a Four Lantern Realm expert protecting you." Snapdragon Huang smiled.

"I don't need your protection, you'd better go find the exotic beast yourself." Yanran Chen said.

"No." Snapdragon Huang decisively refused and said, "I'm a person who likes to have fun and doesn't like to act alone, and protecting the weak is something that a strong person like me should do."

Yan Chen frowned, I'm afraid her plans would change if Huang Snapdragon interfered, but if Huang Snapdragon didn't leave, what could she do to force him away?

Han Qianli's heart was gleeful, which of Huang Snap Yong was protecting the weak, it was clear that he was guilty and scared, that's why he was walking with him, this guy was now in the Four Lantern Realm anyway, but he didn't even have the guts to do that.

Han Qianqiang once wondered if it was a wrong decision to take him on as a disciple, with such a cowardly disciple, how could he still be expected to do great things?

Chapter 880

After entering the Central District, Yan Chen and Huang Snap Yong's appearance became much more serious, after all, they knew very well that the exotic beasts here were not comparable to the outskirts of the Dragon Rock Mountains, and if they were less fortunate, it was very likely that they would give their lives here.

But compared to Snapdragon Huang, Yanran Chen was a bit more serious, because Snapdragon Huang at least knew that if it was really dangerous, there would still be Han Qiangong to take action, while Yanran Chen was completely unaware of it.

When Huang Snap Yong saw Han Qianqian walking behind him, he deliberately slowed down his pace, gradually running parallel to Han Qianqian.

Since Yanran Chen's attention was all focused on observing the nearby environment, she didn't even notice the whispers between Han Qianqian and Huang Snap Yong.

"Master, my disciple's life is in your hands, you have to protect me," Huang Snapdragon said softly.

"You're already in the Four Lantern Realm now, it's not like you're entering the core, so what are you afraid of." Han Qianli was speechless.

"Master, you don't know, even though this is only the Central Region, there are core exotic beasts that will appear here, and those powerful exotic beasts will always need some food." Huang Snap Yong explained.

Han Giangli nodded, if luck was really that unlucky, the Four Lantern Realm was probably nothing.

At this moment, the sounds of fighting came from ahead, and Yan Chen subconsciously stopped in her tracks.

Huang Snap Yong hurriedly put some distance between himself and Han Qianqian, so as not to let Yanran Chen notice that his relationship with Han Qianqian was abnormal.

"Looks like someone has already encountered a foreign beast, want to go take a look?" Yan Chen asked to Huang Snap Yong, obviously asking for his opinion, after all, in her heart, Huang Snap Yong was a strong man, while Han 3000 was just a piece of trash, and she couldn't expect Han 3000 to be able to protect him.

Without revealing a word, Snapdragon Huang looked at Han Three Thousand with his afterglow, only to see Han Three Thousand nod slightly, which was why he said, "Of course I'll watch, and see if I can pick up a bargain along the way."

The three of them headed in the direction of the sounds of fighting, and at a mountain rock corner, they found four people in front of them, attacking an exotic beast that looked very much like a rat, but was even larger than a normal tiger.

"Antelope Rat! These guys are really unlucky to have met a gazelle rat." Snapdragon Huang said softly.

"Is it great?" Han Giangli was confused.

"A four-star exotic beast, in the Central Region of the Dragon Rock Mountain Range, is already considered a very powerful exotic beast, but compared to exotic beasts of the same star, the Antelope Rat is even more difficult to deal with, as it is good at speed, which will make it difficult to make a real attack on him, there is an army of Antelope Rats under the Imperial Court, rumored to have thousands of people, used for raids." Huang Snap Yong explained.

Han 3,000 nodded, it looked like this large rat still had some value, the fact that the Imperial Court was able to use it as a base to build an army already showed that it was extraordinary.

The other three were obviously a little weak against the gazelle's agility, and after several attacks, they didn't even touch a single hair on the gazelle's body, and the battle was at a complete stalemate.

At this time, Han Qianqian suddenly spoke to Huang Snapdragon, "Aren't you going to go up and help?"

The words were a question, but coming from Han Qianqian's mouth, Huang Snapdragon was naturally able to understand their true meaning.

Master was going to do it himself ah.

Four-star exotic beasts, and with three helpers, Huang Snap Yong wasn't very afraid, so he walked out.

Yan Chen was faintly surprised inside, this guy Huang Snap Yong would be so kind? But if he was fighting for the antelope rat, shouldn't he have waited a little longer, preferably when both sides were losing, and then he'd show up to sit back and reap the benefits.

"What a fool, it's simply not the best time to show up now." Yan Chen said with a look of disdain.

Huang Snap Yong's appearance also made the other three wary, after all, he was an outsider, who could guess what he really wanted?

"What are you?"

"It's an exotic beast we found first, do you want to take it?"

"I suggest you better get the hell out of here, or else don't blame us for being rude."

The three of them were putting harsh words at Snapdragon Huang, clearly unwilling to have their pot of deliciousness ruined by Snapdragon Huang.

"Don't worry, I won't steal from you, but with the strength of the three of you to deal with this gazelle rat, I'm afraid it will be a bit difficult, if you add me, it will be a lot easier, I don't ask for anything in return, just help for nothing." Huang Snapdragon said with a faint smile.

The three of them obviously wouldn't easily believe such words from Snapdragon Huang, in front of a different beast, who could not be tempted by it, knowing that after becoming a beast master, one would be able to be used by the imperial court, and the antelope rat had its own special characteristics, once the antelope rat was tamed, one would be able to directly join the antelope rat army.

"Who are you and what realm do you possess?" A certain person asked to Snapdragon Huang.

"My name is Huang Snap Yong, son of the Lord of Long Yun City, Four Lantern Realm." Huang Snap Yong introduced himself, his tone filled with pride, this would have been something he wouldn't have had the strength to say in the past, but now that he possessed the Four Lantern Realm, he was fully qualified.

"Snapdragon Huang!"

"You're the Huang Snapdragon who broke two realms in a row!"

The three of them had surprised expressions, it looked like they also knew about Huang Snapdragon's breakthrough.

With a smug look on his face, Huang Snap Yong said, "You guys shouldn't be from Long Yun City, I didn't expect that my story has spread to other cities."

"Breaking two realms in a row, the rumor is that you have received expert guidance, is this true? Is there really such an expert in Long Yun City?" A certain person couldn't wait to ask the question, as if in his eyes, gazelle rats had become unimportant, after all, being strong in the realm itself was more important than hunting exotic beasts.

Huang Snapdragon smiled without saying anything, not answering the question directly, if they were to know about Han Qianqian's realm, wouldn't the worshippers have to step through the door bars of the Chen residence, Huang Snapdragon didn't want anyone to compete with him for favors.

"Cut the crap, let's settle the matter at hand first, this gazelle rat, I'll go out and take it for you." Snapdragon Huang said.

The four of them went together and surrounded the gazelle rat with a siege.

With the addition of Snapdragon Huang, the antelope's escape route was almost blocked, which resulted in its agility speed not being used at all, and soon, the antelope looked decrepit, and after several hit attacks, even its speed slowed down.

"Alright, I'm almost leaving it to you guys, I'm going to go watch the show." Seeing that the Antelope was almost at the point where it was almost powerless to resist, Snapdragon Huang withdrew from the battle.

The three of them didn't think that Snapdragon Huang would actually be so happy and not covet the antelope at all, so they were much relieved.

Huang Snap Yong raised an eyebrow at Han Three Thousand, as if to claim credit, as if to say Master, I did a good job, right?

Han Qianqian glanced at Huang Snap Yong with disdain, then returned his attention to the antelope rat.
