

## His True Colors Chapter 901-910

### Chapter 901

"What is that, it's so fast."

"A different beast! He's actually a Beast Master."

"Such a young Beast Master, who exactly is he, could it be that he's from the Imperial Court!"

When the winged tiger appeared beside Snapdragon Huang, those watching the event let out exclamations.

Beast Master, after all, was a hot figure in the imperial court, and Huang Snapdragon's identity instantly felt like a veil of mystery.

As for that old man, at the moment, although he was still forcibly maintaining his composure, his hands were already trembling slightly.

Because he knew very well that the winged tiger in front of him was a seven-star exotic beast, and with his strength as a five-light realm, he was no match for a seven-star exotic beast!

This time, he had really kicked the iron plate.

The young man was also extremely ugly, his reputation in Rouge River, and even in the entire Xiao Ling City was very loud, putting out harsh words to kill Huang Snapdragon, but in the current situation, he was clearly unable to do so.

Not to mention that he wasn't qualified to kill Snapdragon Huang, even he himself was in danger of losing his life.

But he couldn't understand why there was a seven star beast master in Xiao Ling City, what was such a person doing in Xiao Ling City if he didn't go to the imperial court?

"If you want to kill me, old man, you'll have to see if my exotic beast agrees, don't you?" Snapdragon Huang said to the old man with a smiling face.

Listening to the exclams of the others, Snapdragon Huang was very proud of himself, in the past, although he was the son of the city lord, few people really took him seriously, but now, even if he faded away the aura of the city lord's son, he could still make these people not dare to underestimate him.

The old man looked at the young man, and although he did not speak, his eyes had expressed very clearly that he was telling the young man that he was no match for the exotic beast at all.

The young man was extremely facetious, and he was extremely reluctant to let him compromise with Snapdragon Huang in public, but he was also clear that if he didn't compromise and really fought, he would have absolutely no benefit whatsoever.

"Kneel down and apologize to me, I'll let you leave unscathed today." Snapdragon Huang suddenly said.

This statement once again caused the bystanders to be stunned in shock.

This young man had a very high status in Xiao Ling City, and his family was even the number one family in Xiao Ling City, to ask him to kneel down, wouldn't that be not putting the number one family in his eyes?

"Even you want to make me kneel, so you don't go and find out who I, Xiao Leng, am." Xiao Leng gritted his teeth and said.

Xiao Leng?

Although Huang Snap Yong had come to Xiao Ling City a handful of times, but this Xiao Ling City Xiao family he still knew, the first family, and the Xiao Ling City's lord was also a member of the Xiao family, it could be said that the Xiao family had the same status as an overlord in Xiao Ling City, no wonder he was so arrogant.

But even if it was the first family, it didn't mean that Huang Snapdragon would be afraid.

Regardless of whether it was the first family of the Xiao Ling City or the Lord of the Xiao Ling City, their power was only in the Xiao Ling City after all, but Huang Snap Yong, however, had received an invitation from the Imperial Court and was able to enter the Imperial Court at any time as long as he was willing, which was not something that the Xiao Ling City could compare to.

"Xiao Leng? I've long heard that the Xiao family is arrogant and tyrannical in Xiao Ling City, and seeing it today, it's true to its name ah, you actually want to kill in public, you really have a lot of guts." Huang Snap Yong said with a sneer on his face.

A hint of smugness flashed across Xiao Leng's face, it was good that this guy knew how powerful the Xiao family was, in this situation, Xiao Leng did not believe that he would dare to threaten himself.

"It's good that you know, if you don't want to cause any more trouble, I advise you to get out of here." Xiao Leng said.

"Just in the Xiao Ling City, you dare to be so arrogant, do you not take the Imperial Court seriously anymore?" Huang Snapdragon smiled and said.

Xiao Leng's face changed once again at the mention of the Royal Court.

The Xiao family was certainly powerful in Xiao Ling City, but how could they dare to be compared to the Royal Court, the Royal Court was after all the most supreme place in the entire country, they commanded all the cities within the territory of the Royal Court, that was the true supreme hall of power.

"You ..... are a member of the Royal Court?" Xiao Leng asked reluctantly, knowing that if this person in front of him was really someone from the Imperial Court, then this matter would be troublesome today and he would have to pay a painful price for his arrogance.

"Seven Star Beast Master, is there still a fake?" Huang Snapdragon touched the winged tiger beside him.

The winged tiger gave a meek whisper, and although it had sharp fangs and a huge body, it was as well-behaved as a family dog in front of Snapdragon Huang.

Xiao Leng took a deep breath, this was the last situation he wanted to see.

The Royal Court's Seven Star Beast Master, I'm afraid that his status in the Royal Court was not low, so if he fought against him, wouldn't this be the same as fighting against the Royal Court and not putting the Royal Court in his eyes?

Xiao Leng was used to being arrogant and domineering, but it didn't mean that he didn't have intelligence, it didn't mean that he didn't know what would happen if he went against the Royal Court.

"It's not too late to kneel down now, otherwise, I will replace the Royal Court and have the Xiao family removed." Huang Snapdragon's tone was soft, but it carried an even more domineering meaning.

Even those bystanders couldn't help but reveal an expression of horror upon hearing this sentence.

The number one family, to remove the name of the family when they said to do so, this was probably something only the Imperial Court could do, right?

At this time, at the Xiao residence, a servant crawled and ran to Xiao Zhan.

As Xiao Leng's father, Xiao Zhan's status in Xiao Ling City could be imagined, and the current lord of the city was his younger brother.

Xiao Zhan actually knew in his heart about Xiao Leng doing whatever he wanted in Xiao Ling City, but he had never intervened to stop Xiao Leng because he believed that young people should be exuberant, and the Xiao family had the capital to let Xiao Leng do whatever he wanted in Xiao Ling City, so naturally, there was no need to restrain him much.

"Master, something has happened, something big has happened." The servant panicked and said to Xiao Zhan.

Xiao Zhan took a sip of tea before asking nonchalantly, "What's the matter so panicked about, you are a servant of my Xiao family, could it be that the sky is still falling in this Xiao Ling City?"

"Young Master, Young Master has caused trouble in the Rouge River." The servant said.

Xiao Zhan faintly smiled, this brat really looked like his younger self, back then he was also immersed in the Rouge River and couldn't escape.

But this was his territory after all, and getting into trouble was not a big deal.

"It's not like he's been causing trouble for a day or two, what are you panicking about, is there still trouble that my Xiao family can't solve?" Xiao Zhan smiled indifferently, not taking this matter to heart at all.

"Master, this time is different, Young Master has messed with a Beast Master!" The servant said.

Master of the Beast!

Xiao Zhan's eyebrows furrowed slightly, Beast Master, this was really a bit troublesome ah, but after all, it was Xiao Ling City, even if it was a Beast Master, so what could it be, the Xiao family recruited quite a few experts, some ordinary Beast Masters would have to bow down even if they met the Xiao family.

## **Chapter 902**

"Leng'er never lets me wipe his ass, I believe that he can solve this matter by himself." Xiao Zhan still looked unworried, it was true that Beast Master was a bit difficult to deal with compared to ordinary people, but in Xiao Zhan's imagination, even a Beast Master's rank would not be too high, so he did not think it would be difficult for Xiao Leng to deal with this matter.

"Master, the other party is a seven-star Beast Master." The servant said helplessly.

Xiao Zhan was stunned for a moment, then he stood up with a face full of fear and said, "What did you say, he's a seven-star Beast Master?"

"Yes, his exotic beast is a winged tiger, the seven stars are definitely not false, and he also has ties to the imperial court." The subordinate said.

Xiao Zhanton felt chilled, Xiao Ling City was in a sense owned by the Xiao family, and saying that the entire Xiao Ling City was surnamed Xiao was just that.

But a seven-star beast master and having ties to the imperial court, this was not something the Xiao family could afford.

"When did a Seven Star Beast Master come to Xiao Ling City, why hasn't the Xiao Family received any news at all." Xiao Zhan said through clenched teeth.

"Master, you should go quickly, that person asked Young Master to kneel, but looking at Young Master's appearance, he seems unwilling to yield, I am worried that the conflict will escalate and it will be impossible to recover then." The servant reminded.

Xiao Zhan nodded repeatedly, he had looked indifferent a moment ago, but now he had become panicked.

The Royal Court's Seven Star Beast Master, even if Xiao Zhan were to give him ten guts, he would not dare to offend.

Rouge River.

Xiao Leng had a very hard time facing the pressure from Huang Snapdragon, especially since the words removing the Xiao family made him not know how to respond.

But as the young master of the Xiao family, kneeling in front of so many people, his future reputation, wouldn't he be laughed at, which was unacceptable to Xiao Leng who had never suffered a setback before.

"How much longer do you have to think about it, do you think I'm joking with you?" Snapdragon Huang said with a look of impatience.

"I'm a member of the Xiao family no matter what, are you really not leaving any room for error?" Xiao Leng said through clenched teeth.

"Margin?" Huang Snap Yong sneered at Xiao Leng and said, "Do you mean to say that the imperial court still needs to give face to the Xiao family?"

Xiao Leng was speechless, he didn't have the guts to refute this statement, how could the Royal Court give face to the Xiao family, and he didn't dare to brag about how powerful the Xiao family was in front of the Royal Court.

Not long after, Xiao Zhan hurriedly arrived.

When Xiao Leng saw his father, it was as if he saw a straw that saved his life.

Although he had often caused trouble, he had never asked Xiao Zhan to step in and help solve it, but this time was different, Xiao Leng, who was completely lost at the moment, didn't know how to face it.

Xiao Zhan looked at Huang Snapdragon and then at the Winged Tiger beside him.

Seven Star Beast Master this was absolutely no lie, and he had probably guessed Huang Snapdragon's identity.

After all, the incident in Long Yun City had long been known for making a lot of noise, and all the nearby cities had received the news.

"Little brother, you're Huang Snapdragon, right?" Xiao Zhan asked to Huang Snap Yong.

Huang Snap Yong raised his eyebrows, this old man actually knew himself, it looked like his deeds had already spread to the nearby cities.

This made Snapdragon Huang complacent, he had never thought that he could be famous to this extent.

"Toxic eyesight, yes, I am Snapdragon Huang." Huang Snapdragon admitted.

In the past, Xiao Zhan would never have been able to put a minor character like Snapdragon Huang in his eyes, as Long Yun City and Xiao Ling City were not on the same level, and the Xiao and Huang families were naturally incomparable in terms of strength.

But now that Huang Snapdragon had broken two realms in a row and had also become a Seven Star Beast Master, Long Yun City's status had risen with him, and with the Imperial Court sending someone to Long Yun City in person, Huang Snapdragon had most likely been recruited by the Imperial Court, making it even more incomparable to the Xiao family.

"This is my son, Xiao Leng, I have no intention of offending you, and I hope that you will bear with me." Xiao Zhan cupped his fist and said, it was a great man to be able to submit, Xiao Zhan would never bring more trouble to himself just to save a little face.

"He wants to kill me, and with one sentence of unintentional offense, he wants to pretend that nothing happened?" Huang Snap Yong said coldly.

Xiao Zhan frowned and looked at Xiao Leng, he had already warned Xiao Leng that no matter how big the conflict was, never show killing intent in public, and as for what he wanted to do in private, he didn't expect that Xiao Leng would still do such a thing, and the one he wanted to kill was still a seven-star beast master of the imperial court, so it was no wonder that his servant would say something big.

It was more than a big deal, if it was not handled properly, the entire Xiao family might be finished.

"Is that what you're saying?" Xiao Zhan questioned Xiao Leng.

Xiao Leng silenced him, his head lowered he nodded slightly, not daring to conceal anything.

Xiao Zhan took a deep breath, looked at Huang Snapdragon and said, "This is my son's fault, he needs to pay the price for his actions, what do you want him to do."

"A big man of my level has no intention of being catty with him, but this son of yours is really a bit too domineering, so I want to teach him a lesson, kneel down and apologize to me, and I will not pursue this matter any further." Huang Snapdragon said indifferently.

Han Qianqian, who was on the side, couldn't help but laugh when he heard these calf-playing words.

This guy actually had no skin and no shame to call himself a big shot, but now he really had the capital to do so, after all, in his current fox-fake state, he had the Royal Court behind him, and the Xiao family wouldn't dare to offend the Royal Court even if they were bold enough to do so.

"Didn't you hear what he said, kneel down." Xiao Zhan snapped at Xiao Leng, although this was something that disgraced the Xiao family, Xiao Zhan had to do it, he didn't want to expand the matter further, this was the only way to resolve it.

"Father, I'm the son of the Xiao family, how can I just kneel down to someone?" Xiao Leng said with a reluctant face, if it was a different environment without so many bystanders, Xiao Leng might have bowed, but with so many people watching, Xiao Leng did not want to lose face.

"Son of the Xiao family?" Xiao Zhan snorted coldly and said, "If you didn't have eyes to see, it wouldn't have come to this, so what about the son of the Xiao family, do you still expect the Xiao family to be against the imperial court?"

Feeling Xiao Zhan's tough attitude, Xiao Leng's face was ashen.

He knew that his father would not give him any help in this matter, as he would never bring the Xiao family against the imperial court.

"Hurry up and kneel down, do you want to harm the entire Xiao family?" Xiao Zhan whispered to Xiao Leng.

Bang!

Xiao Leng got down on both knees, having no choice but to abandon his face.

"I'm sorry."

It was a good thing for the Xiao family to be able to use these three words in exchange for the Xiao family's peace.

But those onlookers were a bit incredulous, after all, they knew very well how arrogant Xiao Leng usually was.

### **Chapter 903**

"Kneeling, actually actually kneeling."

"Even Xiao Leng has a day to kneel for someone, what a great joy."

"The Hallowed Xiao Family will also compromise, it's really unexpected, it seems that the Xiao Family is nothing more than that."

There were quite a few whispers in the crowd, some of them had suffered at the hands of Xiao Leng and dared not speak out in anger before, but now that Huang Snapdragon had made Xiao Leng kneel, it could be considered as taking out an evil breath for them.

However, these people did not dare to speak too loudly for fear of being heard by Xiao Leng and being retaliated by Xiao Leng in the future.

"Can we go now?" Xiao Zhan asked to Huang Snap Yong.

"A word of advice to your Xiao family, the Imperial Court is within the territory of the Imperial Court, even this Xiao Ling City is not something you can do whatever you want, don't think of yourself as the overlord here, if you dare to be so arrogant in the future, I, Huang Snap Yong, will never let the Xiao family off the hook." Huang Snapdragon said.

If it were anyone else who dared to speak to Xiao Zhan like this, even ten lives wouldn't be enough to kill him, but now, Xiao Zhan could only swallow his anger.

"Thank you for reminding me, my Xiao Clan will definitely keep that in mind in the future." After Xiao Zhan finished speaking, he left with Xiao Leng.

This matter was just a hoot to Han Three Thousand, and as a spectator of the show, other than feeling a bit ridiculous about Huang Snapdragon overplaying his hand, he didn't take the Xiao family to heart at all.

But Han Qianxiang knew that this lesson was meaningless to Xiao Leng, people like him were just like those second generation rich people on earth, arrogant and domineering, they were used to it, how could they change?

As the saying goes, it's hard to change one's nature, this kind of person usually won't shed a tear without seeing a coffin.

"Master, how is it, I haven't embarrassed you." Huang Snapdragon smiled and asked Han Qianqian.

"The last sentence is a bit redundant, do you think the Xiao family will take your warning seriously?" Han Giangli said.

Huang Snap Yong shrugged helplessly and said, "People like Xiao Leng will definitely not change, but to be able to step on this kind of person's head and kick him twice, I feel comfortable ah."

"You're doing whatever you want under the banner of the Imperial Court, what's the difference between you and Xiao Leng." Han Giangli laughed.

Huang Snap Yong was stunned, then retorted, "Master, how can there be no difference, but there's a fundamental difference between me and Xiao Leng, I'm not as arrogant and domineering as he is."

"Oh?" Han Giangli looked at Huang Snapdragon with a raised eyebrow and said, "Didn't you try to kill me before?"

"Uh ....." Huang Snapdragon looked embarrassed, so he and Xiao Leng were really fifty steps ahead.

"Master, that was stupid of me before, I didn't know you were so powerful."

"If you're not powerful, you can kill?" Han Giangli asked rhetorically.

Seeing that Huang Snapdragon was so embarrassed that he didn't know what to say, Han Three Thousand patted Huang Snapdragon's shoulder and said, "There's no need to kill unless you have to, even if you're very powerful and invincible, you should still respect every life."

"What if you are pushed to the point of desperation?" Huang Snapdragon said.

Han Qianqiang's eyes went cold and said, "Death is the best place for them to belong."

If the people of the world do not provoke me, the world will be at peace.

If the underworld provokes me, kill the world.

This was Han Qianqian's current way of doing things, not taking the initiative to stir up trouble, but never cowering from things either.

At that moment, the shopkeeper sent the girl on the flower boat.

The girl bowed her head in a shy manner, not even daring to look at Han Three Thousand.

Huang Snap Yong smiled obscenely and said, "Master, I'll go for a stroll on the shore and leave the space for you."

Han Qianqian glared at Huang Snapdragon, he wasn't buying this woman to do that kind of shameless thing, just a moment of pity.

"Little girl, where is your home?" Han Qianli asked the girl.

The girl shook her head, not sure if she was too shy to speak, or if she was in fear.

"Don't be afraid, I won't hurt you and I can still take you home." Han Marchand said.

Hearing the word home, the girl visibly trembled all over, an obvious sign of fear, which made Han 3000 a little puzzled.

To him, going home was something to be happy about, and even now he was looking forward to it all the time, but why was she afraid?

At that moment, Huang Snapdragon explained to Han Qianqian, "Master, a girl like her should have been sold by her family, and going home would be a nightmare for her."

"What should we do then?" Han 3000 said with a headache on his face, thinking that helping her solve this problem and sending her home would be complete.

"Girl, how old are you?" Snapdragon Yellow asked her.

"Sixteen." The girl said in a soft voice.

"Master, this is the golden age, since you've already bought her, let's bring her around to serve you, if she's well-trained, a special creature like her can make you reluctant to get out of bed in the future." Huang Snapdragon said with a cheap smile.

Sixteen!

To Han 3000, she was just a minor, and such a shameless thought could never be born in Han 3000's mind.

After glaring at Snapdragon Huang, he said to the girl, "How about this, I'll give you some money, and you can go anywhere you want."

Upon hearing these words, the girl immediately knelt down in front of Han Three Thousand.

"What are you doing?" Han Giangli panicked and tried to assist her.

"Please don't abandon me, if you don't want me, I'll still go back to this kind of place, please be able to give me a chance, Wan'er will definitely take care of you, and will definitely learn to serve you."

Han Qianqian's head was spinning, he didn't think that a moment of compassion would bring him such a big trouble, he had no worries now, if he brought a little girl with him, wouldn't he be finding trouble for himself?

And if Jiang Yingying sees her later, she'll be misunderstood, won't she?

"Master, her fate is in your hands right now, if you really don't want her, she might end up in a very miserable situation, and if you leave her in Xiaoleng City, I'm afraid Xiao Leng won't let her go either, after all, the conflict between us and Xiao Leng was all because of her." Huang Snap Yong reminded Han Qianqian.

These words did wake up Han Qianli somewhat, with Xiao Leng's character, if he learned afterwards that she was still in the Rouge River, he would definitely not let her go, this kind of domineering official's means of doing things but not half-heartedly.

"You get up first." Han Giangli said to her.

Wan'er stood up and acted as if she was listening to Han Qianli's sentences.

"What's your name?" Han Qianli asked.

"Bai Ling Wan'er."

Resuming the surname Bai Ling?

This surname didn't exist on Earth, and Han Giangli just found it interesting, but there was a very obvious change in Huang Snapdragon's expression.

He couldn't wait to ask Wan Er, "Where did you get your name from, did you take it for your own fun, or is it related to your family history?"

#### **Chapter 904**

Han Qianqian frowned slightly, seeing how much Huang Snapdragon cared about this surname, it seemed that Bai Ling had some special beginning.

Although Bai Ling Wan'er was answering Snapdragon Huang's question, what she was looking at was Han Qianqian.

"Wan'er was born with the surname Bai Ling, but never told anyone else her true name," Bai Ling Wan'er said.

Huang Snap Yong clearly showed a hint of horror that he couldn't hide, but Han Qianqian didn't inquire about the reason for his surprise, instead asking Bai Ling Wan'er, "If you've never told anyone else, why did you tell me?"

"Because Wan Er feels that the Duke is a good man." Bai Ling Wan'er said.

Han Qianli smiled helplessly.

It was a good man.

That didn't sound good, but if it were on Earth, it would have other meanings.

"Huang Snap Yong, find an inn and rest." Han Giangli said to Huang Snap Yong.

Huang Snap Yong nodded and told the boatman to just dock the boat, and the three of them went ashore together.

At this time, in addition to Xiao Leng and his son, there was a powerful middle-aged man standing beside the two, the current lord of Xiao Ling City and Xiao Zhan's younger brother, Xiao Dou.

"Dad, Second Uncle, is this matter going to be settled like this?" For Xiao Leng, who had never suffered any setbacks, kneeling to Huang Snapdragon was a strange humiliation in his life, he couldn't accept this reality as a foregone conclusion, in his heart, only revenge could diminish the hatred in his heart.

Xiao Dou helplessly looked at Xiao Leng, usually Xiao Leng no matter what mistake Xiao Leng committed, he, the elder of the uncle, would help Xiao Leng, after all, he was the lord of Xiao Ling City, he had the ability to hide most things.

But this incident was different, it involved the Royal Court's Seven Star Beast Master, and there was no need to investigate Huang Snapdragon's identity at all, after all, someone from the Royal Court had indeed visited Long Yun City recently, and from this point on, he was already able to sit on Huang Snapdragon's identity.

The Xiao family was able to cover the sky in Xiao Ling City, but when it came to the Imperial Court, this was never something that the Xiao family could mess up.

"Xiao Dou, what do you think should be done about this matter?" Xiao Zhan asked to Xiao Dou.

"In order to prevent Huang Snap Yong from making things difficult for the Xiao family with any excuses, a door-to-door apology is also required." Xiao Dou said.

"What!" Xiao Leng looked angry, he had already kneeled down to Huang Snapdragon before, and in public, and that wasn't enough, he had to apologize to Huang Snapdragon?

This was something that Xiao Leng absolutely could not accept, he had already given up his dignity once, how could this happen a second time?

"Uncle, are you crazy to ask me to apologize to him, don't you know I've already kneeled him?" Xiao Leng gritted his teeth and said.

"Xiao Leng, I know that you are disgruntled in your heart, but you have to know the identity of this Huang Snap Yong, he is not just a simple royal court man, he has the identity of a seven star beast master, even if he goes to the royal court, he still has a certain status, such a person is never something that my Xiao family can provoke." Xiao Dou said, he wasn't a master who bowed easily, even when conflicts broke out with other cities, Xiao Dou was very strong, but this time, he couldn't keep his head down, the Imperial Court was supreme, no city could possibly shake the position of the Imperial Court.

"Xiao Leng, do you think that the Xiao family can go against him?" Xiao Zhan asked.

Xiao Leng's eyes were filled with killing intent and said, "Kill him, does the Imperial Court really dare to exterminate my Xiao Family? If my Xiao family is gone, who else would be able to command the Xiao Ling City, the Xiao Ling City pays tribute to the imperial court every year, would the imperial court dare to ignore my Xiao family?"

Snap!

As soon as Xiao Leng's voice fell, Xiao Zhan slapped him in the face with a loud slap.

The reason why Xiao Zhan had asked such a question was to see how ignorant Xiao Leng was, he wanted revenge even though he knew that Huang Snapdragon was a member of the Imperial Court.

And Xiao Leng's words made Xiao Zhan extremely disappointed, this son who had been spoiled since he was a child was so ignorant that he thought that the imperial court did not dare to ignore the Xiao family.

"Xiao Leng, I didn't think that you had become arrogant to such a degree." Xiao Zhan said in a cold voice.

Xiao Leng touched his painfully hot face, he had been the treasure of the Xiao family since he was a child and had never been beaten!

"Father, isn't my Xiao family's foundation of so many years worthy of the imperial court's half-hearted scruples?" Xiao Leng said unconvinced.

Xiao Dou patted Xiao Leng's shoulder at this time and said, "Any family, as long as it is within the territory of the imperial court, is not qualified to go against the imperial court, as long as the imperial court is willing, he can always support a family that is more powerful than the Xiao family to rule the Xiao Ling City, to the imperial court, the Xiao family is like an insect."

"How powerful was the Bai Ling Family back then, but the entire family ended up wiped out in the end, from this is already enough to prove that the majesty of the imperial court cannot be provoked, what is my little Xiao Family worth." Xiao Zhan said with a self-deprecating smile.

When it came to the White Spirit Family, a trace of fear flashed across Xiao Dou's face, while Xiao Cooler was a baffled look.

It was obvious that Xiao Dou knew the stakes, while Xiao Leng, on the other hand, knew nothing at all.

"White Spirit Family, is it powerful, why haven't I heard of it?" Xiao Leng asked.

"This incident happened when we were young, back then, the Bai Ling Family was known as the number one family under the imperial court, with countless cities under its throne, there were even many people who believed that the Bai Ling Family could overthrow the imperial court's rule and establish another dynasty, but later on, the Bai Ling Family bled into rivers overnight and left no dogs or chickens behind, this was a warning from the imperial court to the world, it was telling everyone that nobody Being able to go against the imperial court." Xiao Zhan's eyes flickered with fear, he couldn't imagine what kind of consequences the Xiao family would attract when they angered the imperial court.

Even the Bai Ling Family could not resist the imperial court, wouldn't the district Xiao Family just seem ridiculous?

Xiao Leng had not experienced that year, so he could not understand the fear that this matter caused to those in the know, but there was one thing that he did figure out, Xiao Zhan and Xiao Dou would never go against the imperial court, and there was only one way to die if you went against the imperial court.

Xiao Leng was domineering, but it didn't mean that he didn't have intelligence, he knew very well under what basic conditions he could continue to live as a young master.

"Father, Second Uncle, if you ask me to apologize to Snapdragon Huang, I will do as you say." Xiao Leng said.

"I know that you are very reluctant, but you have no choice but to swallow your anger in this matter, unless one day, you are also qualified to enter the imperial court and challenge Snapdragon Huang, then that is the time for you to take your revenge." Xiao Zhan said.

Xiao Leng nodded heavily and said, "Father, I will avenge myself, and entering the Imperial Court will be my lifelong pursuit."

## Chapter 905

"You're not kidding me, the White Spirit family used to be this powerful?"

In the inn, Han Qianliang said in disbelief after hearing what Huang Snapdragon had told him about the White Spirit Family.

"Master, how could I be joking with you, although this matter has been forgotten by many people, I remember it very clearly, which is why my father often instructed me to keep a low profile." Huang Snapdragon said, this matter was a story that Huang Houyi had told him when he was very young, and from that time on, Huang Houyi would often use this story as a blueprint to warn him not to be too rampant, or else he would end up dead.

"Since you said that the Bai Ling Clan has been exterminated, why is there still a Bai Ling Wan Er, she might not even be from the Bai Ling Clan?" Han Giangli guessed.

"I don't know about that, but the White Spirit Family's extermination was only informed to the world by the imperial court, and it's true that the imperial court has done quite a bit to get rid of the family, but it's not impossible for a family of this size to have a leak." Huang Snapdragon said, in fact, the

appearance of the White Spirit Family's orphan didn't surprise Huang Snapdragon, and even he didn't suspect Bai Ling Wan'er's identity too much.

As he himself had said, the White Spirit Family was very large, and even the Imperial Court would have a difficult time trying to get rid of it, as long as someone escaped into anonymity, even the Imperial Court wouldn't be able to find out easily.

"If she's really from the White Spirit Family and is willing to tell me her true identity, she believes in me quite a bit." Han Marchan said, back then when the family was exterminated, I'm afraid the word Bai Ling had become taboo in the Imperial Court, she needed to face a very high risk by revealing her identity, once Han Marchan reported to the Imperial Court, she would have no way to live.

"Master, I'm also quite surprised, why would she trust you so much, simply thinking that you're a good person, I think that's too far-fetched a reason." Snapdragon Huang said.

"It looks like I'll have to go ask her about it." Han Giangli stood up and walked out of Snapdragon Huang's room.

Bai Ling Wan'er lived next door, and after knocking on the door, Bai Ling Wan'er quickly opened it.

After taking a glance at Bai Ling Wan'er, and knowing her background, Han 3000 would no longer treat this delicate girl as an ordinary person, and even Han 3000 felt that she must have some sort of purpose in telling her true identity.

"Do you know what your resuming the surname Bai Ling means?" After closing the door, Han Giangli asked Bai Ling Wan'er.

Bai Ling Wan'er smiled faintly and said, "You should already know my identity, yes, I'm a member of the Bai Ling Family."

"Since you're from the White Spirit Family, don't you know how dangerous it would be to reveal your identity, you simply think I'm a good person, so you told me about it, a reason I don't quite believe," Han Giangli said.

"I want to worship you as my master." Bai Ling Wan'er said.

"Worship your master?" Han Qianli was startled to see Bai Ling Wan'er, although he didn't have time to figure out Bai Ling Wan'er's purpose, the idea of her worshipping his master was still greatly unexpected by Han Qianli.

"He's Snapdragon Huang, I know about him, breaking two realms in a row and subduing the Seven Star Winged Tiger with the strength of the Four Lamp Realm, this is definitely not something he could have done on his own, and since he called you master, this is all thanks to you." Bai Ling Wan'er said.

Han Qianli took a deep breath, this girl really wasn't simple, she had shown her weakness in the Rouge River before, and it was because of this that Han Qianli felt compassion for her, but in reality it was clearly not so, and Bai Ling Wan'er wasn't the delicate weakness Han Qianli had imagined her to be.

"Your honesty, you want to exchange your identity for that of a disciple, why? Do you think you can get revenge by getting stronger? Once when the White Spirit Family was at its peak, they were no match for the Imperial Court, so how could you alone do it?" Han Giangli asked.

"With my own strength, there's absolutely no way I can succeed in my revenge, I want to become stronger, I just want to join the Imperial Court, I want to appear within the Imperial Court, only then will I have a chance to defeat the Imperial Court." Bai Ling Wan'er said.

This was a woman who had a mind and a means, from her steely expression Han Qian could tell that this woman was definitely a terrifying character once she had the power.

"If you hadn't met me, you would have become Xiao Leng's person tonight, what would you have planned?" Han 3,000 asked.

"Waiting for the right time, I can endure anything, even physical abuse, as long as I can take revenge," Bai Ling Wan'er said.

Han Qianli took a deep breath, was this something a sixteen-year-old girl could say?

In Earth, a sixteen-year-old girl would probably still be immersed in her first love, still at an ignorant age.

But as he marveled, he seemed to have forgotten that back then, when he had endured and conspired in the Han family compound, Han 3000 was even younger than Bai Ling Wan'er.

These two were extremely similar in a way, they could endure things that normal people couldn't for their own purposes.

"If I don't take you as my disciple, what will you do?" Han 3000 continued to ask.

"I can be your woman, I've seen many men afraid of their wives, and when you're afraid of me, you'll naturally teach me." Bai Ling Wan'er said.

Han Qianli couldn't help but puff out a smile, before he felt that Bai Ling Wan'er was calculating and deep in the city, not at all like how she should act at her current age.

But when she said those words, she still couldn't hide her naivety at that age.

"What are you laughing at?" Bai Ling Wan'er looked at Han Qianqian in puzzlement, she didn't feel like she had said anything wrong.

Han Qianli waved his hand helplessly and said, "That's a good idea, but unfortunately, I already have a wife."

"So?" Bai Ling Wan'er asked in confusion.

"I have a wife, don't you understand?" Han 3000 said.

"What do I have to understand?" Bai Ling Wan'er's foggy expression looked particularly droll, and with her already not bad looks, it added to her special allure.

Han Qianqian almost forgot that this wasn't Earth at all, and in the world of Xuanyuan, it was perfectly normal for a man to have three wives and four concubines, so for him to use Earth's set of monogamy to tell Bai Ling Wan'er his position was simply unworkable.

"What I mean is that you won't be my wife," Han Giangli said.

"I'm not pretty enough?" Bai Ling Wan Er said with some dismay.

"No, it's just that I'm not interested in any woman other than my wife," Han Giangli said.

"You're afraid of your wife? I guessed right as expected." A smug smile suddenly appeared on Bai Ling Wan'er's face.

## **Chapter 906**

Han Three Thousand was speechless.

Looking at Bai Ling Wan'er's smug smile, Han Qianli knew that even explaining to her would be useless, as she was too pale with emotion to understand Han Qianli's feelings.

On the matter of revenge, Bai Ling Wan'er seemed very mature, but on everything else, she was still just a young girl with an immature mind after all.

"Rest early." Han Giangli stood up as he spoke.

But Bai Ling Wan'er suddenly blocked Han Three Thousand's path, holding out her hand to stop him from leaving.

"What are you doing?" Han Qianli was puzzled.

"Take me as your disciple, or marry me." Bai Ling Wan'er said.

"You're forcing me to make a choice?" Han Qianli faintly said.

Bai Ling Wan'er didn't say anything, but her expression was very firm.

For her to meet an expert like Han Qianqian was a very rare opportunity that she didn't want to miss, and once she missed it, she wasn't sure if she would ever run into such an opportunity again.

"Do you believe that I will give you to Xiao Leng tomorrow, I think he should be very willing," Han Giangli said.

Bai Ling Wan'er looked impressed and said, "Then I can also expose your identity and let everyone know that you are Huang Snapdragon's master."

This little girl was a bit difficult to deal with, and Han Qianli didn't expect her to use this to threaten him.

"I can also kill you, so there's no worries," Han Three Thousand said.

"You pitied me, so that's why you bought me, so how could you kill me." Bai Ling Wan'er raised her eyebrows.

It was true that Han 3000 wouldn't kill Bai Ling Wan'er, he wasn't a person with a fierce nature and wouldn't kill easily unless he had to, Bai Ling Wan'er's words were considered to have pinched Han 3000's weakness.

"Give me some time to think about it, taking you in as a disciple is tantamount to going against the imperial court, it's no small matter." Han Three Thousand said.

"If it were anyone else, they would definitely take me to the imperial court to ask for merit, but you didn't, I know that you're not an ordinary person, you might even be the same kind of person as me, and you're afraid of your wife, so there's no way I can be your wife, so you don't have to think about it because in the end, you'll still take me as your disciple." Bai Ling Wan'er said.

Han Giangli frowned at Bai Ling Wan'er, this woman's intelligence seemed to be erratic, sometimes high and sometimes low, making it impossible to see through her.

Her words hit the nail on the head, and even Han Qianli felt that there was no other choice but to take her as his disciple.

"Go to bed early." Han Qianqian pushed Bai Ling Wan'er away and left the room.

Bai Ling Wan'er wasn't lost, but instead smiled wistfully, with a repeated personality, as if she had a dual personality.

As soon as he walked out the door, Han Giangli saw the impatient Huang Snapdragon.

This guy was still awake, apparently wanting to know the content of the conversation between him and Bai Ling Wan'er.

"Master, what happened, did you ask anything?" Snapdragon Huang asked curiously.

"Get back to sleep." Han Qianqiang scolded, unable to threaten Bai Ling Wan'er, could he still not handle Huang Snap Yong?

And Huang Snap Yong didn't dare to be as reckless as Bai Ling Wan'er, immediately rolling back to his room, not daring to say even one more word.

The appearance of Bai Ling Wan'er was a problem in a way, and Han Qianli could have ignored it, but he knew that he was perhaps Bai Ling Wan'er's only hope, and in the Xuanyuan World Imperial Court, those who knew her identity and still dared to accept her as a disciple might not even exist.

This reminded Han Qianqian of himself back then, when although he didn't need help, he was in desperate need of an assistant, and if Qin Lin hadn't appeared, Han Qianqian's conspiracy wouldn't have gone so well.

It had to be said that the current Bai Ling Wan'er had a shadow of Han 3000's back then, which created a great curiosity within Han 3000.

If Bai Ling Wan'er was given the chance, did she really have the ability to take revenge?

If she could make her Royal Court turn upside down, it would be a good thing for Han Giang, after all, wasn't the purpose of his coming to Xuanyuan World to stop the invasion of Earth here?

If they could be made to implode, or even go to war, the invasion would naturally be resolved.

The next morning.

The three Xiao family members appeared at the entrance of the inn, these were the top people of Xiao Ling City, so their appearance immediately caused the innkeeper to tremble and stand in front of the three, not even daring to breathe.

"Lord City Lord, do you have anything to command?" The boss was frightened and asked Xiao Dou.

"You don't need to be afraid, I'm just waiting for someone." Xiao Dou said.

The boss secretly wiped a cold sweat, what kind of character must it be to be worth waiting for the three Xiao family members, he didn't know that he had such a big person in his shop.

Not long after, Snapdragon Huang finally appeared, and when he saw the three Xiao family members, he took a few quick, unobtrusive steps and walked up to Han Qianqian so that the three Xiao family members wouldn't guess Han Qianqian's identity and would only treat Han Qianqian as a servant accompanying them on a trip.

"You guys aren't going to come looking for trouble again early in the morning, are you." Snapdragon Huang walked up to the three and said in a calm tone.

"Mr. Huang, I'm the lord of Xiao Ling City, Xiao Dou." After introducing himself, Xiao Dou continued, "This nephew of mine accidentally offended you, I just learned of this, so I quickly brought him here to apologize to you."

Yesterday, Xiao Leng had already kneeled down to apologize, but I didn't think that Xiao Dou would even personally appear, which made Huang Snapdragon feel proud, it seemed that his current status was indeed enough to be scandalized ah, even Xiao Dou had appeared because of this matter.

"I have forgotten about yesterday's matter, City Lord Xiao need not be so polite, I, Huang Snap Yong, am not yet bothered about these trivial matters." Huang Snap Yong said.

Xiao Dou smiled faintly and said, "Your Excellency Huang is really magnanimous, if you don't mind, please ask the City Lord to catch up and give my Xiao family a chance to make amends."

"City Lord Xiao, you're inviting me to drink? But that's a far-fetched reason, so there's not going to be anything else you want me to help you with, is there?" Snapdragon Huang said.

The leader apologized for the second time, perhaps the Xiao family was still worried that he wouldn't let Xiao Leng go, but it was a bit redundant to invite someone to the door as a guest, so in Huang Snap Yong's opinion, Xiao Dou must have other things to ask of him.

"Mr. Huang is really smart, Xiao does still have something else to ask for, I wonder if Mr. Huang has heard of the Wind Spirit Platform in my Xiao Ling City?" Xiao Dou asked.

"Wind Spirit Stage?" Huang Snapdragon frowned slightly, he had heard of this, Xiao Ling City's Wind Spirit Platform, in fact, is a ring, three hundred and sixty-five days a year there are ring masters, accepting challenges from all sides at any time, the Wind Spirit Platform is equivalent to the domain of the strongest people in Xiao Ling City, but he suddenly mentioned this matter to himself, making Huang Snapdragon unable to figure out the original reason.

## **Chapter 907**

"City Lord Xiao, just say what you have to say, there's no need to beat around the bush with me." Huang Snap Yong didn't bother to guess what Xiao Dou actually wanted and asked directly.

"Mr. Huang, the Wind Spirit Stage has been dominated by a man with ferocious methods for the past half year, and anyone who goes to challenge him invariably dies in the ring, so I hope that Mr. Huang will step in and help me settle this man." Xiao Dou said.

"City Lord Xiao, isn't the Wind Spirit Stage a place where the strongest are the kings, since he is able to deal with all those who challenge him, it means that he is very strong, why would City Lord Xiao be hostile to him?" Huang Snap Yong was puzzled and asked.

"Mr. Huang is unaware of this, as the second landmark of Xiao Ling City, the Wind Spirit Platform used to be a lively place that attracted many people to attack the ring, but since he became the ring master, due to his strength and vicious means, the number of people who dared to ascend the Wind Spirit Platform to challenge him has been decreasing, and if this continues, I am afraid that the Wind Spirit Platform will lose its original value." Xiao Dou did not conceal anything and directly stated his purpose.

The Wind Spirit Stage used to be able to attract many people and was a must-visit place for many people to come to Xiao Ling City, and it was also able to raise the desire to challenge many people, but now, the Wind Spirit Stage was rarely watched by anyone, which led to the loss of people and was a blow to the prosperity of Xiao Ling City, which was why Xiao Dou had asked Huang Snap Yong to step in and take care of that person.

The reasoning behind this was simple, a lively and bustling location was now unoccupied, and as the lord of Xiao Ling City, Xiao Dou was bound to find a way to change this situation.

"So, you want him dead because he is too powerful?" Huang Snap Yong smiled and asked.

"The ring is for the strong and only the strong are eligible to become ring masters, but the Wind Spirit Stage is different, as a popular landmark of Xiao Ling City, it does not allow the absolute strong to appear." Xiao Dou said.

Huang Snap Yong understood what Xiao Dou meant, there was more than just the Wind Spirit Stage, the nearby industries were the most important to Xiao Dou, and a strong man that no one could shake, but also because the cruelty of his methods made no one challenge him, it would naturally affect the nearby industries, this was what Xiao Dou did not want to see.

But as City Lord Xiao Dou couldn't even find anyone to resolve that ringmaster, he must be very strong, although Huang Snapdragon was a seven-star Beast Master, he was essentially just a Four Lantern realm, he didn't think that the Four Lantern realm would be able to resolve that ringmaster.

"City Lord Xiao, you think too highly of me, I'm only at the Four Lantern Realm, and if you can't even solve someone, it would be a death sentence for me to go there." Huang Snap Yong said.

"The Wind Spirit Stage is a ring without any restrictions, so your Seven Star Exotic Beast is enough to tear him to pieces." Xiao Dou smiled and said that he would not deliberately come to see Snapdragon Huang if he was unsure.

Huang Snap Yong would not dare to respond to this matter himself, although he still cared quite a bit about such meaningless fame and wanted his name to be remembered by the people of Xiao Ling City, he still had to seek Han Qianqian's opinion.

In Huang Snapdragon's heart, Han Three Thousand's words were an absolute decree, and only if he said it could be done would Huang Snapdragon have the guts to do it.

"I'll give this matter some thought, but if there's nothing else, City Lord Xiao should go about his own business," Huang Snapdragon said.

Xiao Dou knew that this was an eviction order, so he did not say anything more and left after some polite words of farewell.

The three of them found a corner to sit down and made sure that no one was around before Huang Snap Yong said to Han Qianqian, "Master, do you want to promise him?"

Han Giangli buried his head in his food and said indifferently, "This Xiao Dou has two purposes, to use your hands to solve his troubles or to solve you."

"Solve me?" Huang Snap Yong was stunned and said, "Master, do you mean that Xiao Dou wants to use that ringmaster to kill me?"

"If you die in the ring, even if the Imperial Court tracks you down, it has nothing to do with the Xiao family, then you are to blame for your lack of strength. If you can kill him, even if you help Xiao Dou solve his problems, no matter what the outcome, it will be good for him, but this Xiao Dou is playing you for a fool." Han Giangli explained.

Huang Snap Yong got cross eyed and gnashed his teeth, saying, "Master, it seems like I haven't taught the Xiao family enough lessons, this old thing dares to use me as a tool."

"Do you know why?" Han Giangli smiled and asked.

Snapdragon Huang shook his head and said, "I don't know."

"Because he knows you're young and energetic and care about your reputation, he's eaten up the idea that you'll agree." Han Giangli said, "With Huang Snapdragon's personality, if he wasn't there, I'm afraid Huang Snapdragon would have agreed without hesitation."

A strong man who had already successfully defended the ring for half a year and had fierce methods, Huang Snap Yong would definitely be able to make a name for himself in this matter, the temptation for someone who liked fame was tremendous, Xiao Dou guessed that this was why he felt that Huang Snap Yong would definitely come forward.

But Xiao Dou could never have imagined that the underling in his eyes was actually Huang Snapdragon's master, and Huang Snapdragon would always consult with Han Qianqian before making any decisions.

"Master, what makes him think that I care about fame?" Snapdragon Huang left his mouth open and said.

"You're the son of the Lord of Long Yun City, will he not understand your character? And after this hunting conference, he must have already made a special trip to investigate you, and I'm afraid he already knows everything about your character." Han Giangli smiled.

Huang Snapdragon wrinkled his nose in embarrassment, he wasn't quite willing to admit this comment, but his character was indeed the type that liked to make a name for himself, having strength

in his body and never hiding it, it was best to be able to do something that would shock the world and let everyone know his name, Huang Snapdragon.

"Master, then what should I do now?" Snapdragon Huang inquired.

"Promise him, but you can't use foreign beasts in battle." Han 3,000 said.

"Can't use exotic beasts?" Huang Snap Yong looked at Han Qianqian in dismay, with his Four Lantern realm strength, wouldn't not using a foreign beast be a dead end?

"The actual battle will allow you to improve your cultivation faster, especially when facing death, it's the most effective way to increase your strength, maybe this is the chance for you to break through the Four Lantern Realm." Han Giangli said.

Huang Snap Yong's eyebrows jumped straight, breaking through the Four Lantern Realm!

He had already broken two realms in a row before, and in Huang Snap Yong's opinion, even with Han Qianqian's guidance, it would take two or three years for him to break through, but he didn't expect Han Qianqian to say something like that now.

This meant that it was possible for him to reach the Five Lantern Realm soon, which made Huang Snapdragon's heart gush with excitement.

"Master, is it really possible for me ..... to break the realm now?" Snapdragon Huang's voice trembled as he asked.

## **Chapter 908**

Han Giangli nodded, the utility of the Red Fruit was clearer to him than anyone else, by no means could it just provide Huang Snapdragon with a breakthrough in two realms, even the two people of the

apocalypse, Zhuang Tang and Gong Tian, had not only improved their realms with this, so Huang Snapdragon's desire to break through was just missing some opportunity.

For Snapdragon Huang, who was convinced that Han Qianqian's certainty was unquestionable, this made Snapdragon Huang even more excited.

If he really managed to break the boundary and reach the Five Lantern Realm in such a short period of time, it would shock the entire Long Yun City once again!

City Lord Residence.

Xiao Dou's purpose in asking Huang Snap Yong to attack the ring was clear to both Xiao Zhan and Xiao Leng's father and son, but in Xiao Leng's opinion, it was impossible for Huang Snap Yong to accept this matter, Xiao Dou was clearly using him, unless Huang Snap Yong was really a fool to agree.

"Second Uncle, do you think it's possible for Huang Snapdragon to agree?" Xiao Leng asked curiously.

"It's not that it's possible, but it will definitely be agreed to." Xiao Dou said with a confident smile on his face.

Xiao Leng looked at Xiao Zhan with confusion, he did not understand where Xiao Dou's confidence came from.

Xiao Zhan asked, "You are going to use Huang Snapdragon, it is impossible for him not to feel this."

"Even if he knew, even if I told him plainly, he would still agree," Xiao Dou said.

This was something that Xiao Zhan couldn't even understand, so why did he decide that Huang Snapdragon would agree?

"Why?" Xiao Zhan was confused.

"Because of what I know about him, this person likes to make a name for himself in Long Yun City, and the current Long Yun City is no longer able to satisfy him, now that there is an opportunity to make a name for himself in Xiao Ling City, why would he give it up, this kind of young man is a hot head, he won't even consider whether or not I am using him." Xiao Dou explained.

"But doesn't he think about his own safety?" Xiao Leng was puzzled.

"If you were to suddenly become a Seven Star Beast Master, would you swell your arrogance?" Xiao Dou asked rhetorically.

This question caused Xiao Leng to be stunned for a moment.

Seven Star Beast Master, this was already a realm that ordinary people couldn't reach, and it was very likely that inflated arrogance would happen to him.

"Second Uncle, if he wins, won't it make him even more arrogant and proud?" Xiao Dou said.

"Win?" Xiao Leng suddenly laughed up at the sky and said, "How could he win, do you know what realm that man is in?"

Xiao Leng shook his head, when that man first became the ring master, although there were many people attacking the ring, none of them were able to force out his true strength, due to his fierce methods, this also led to fewer and fewer challengers later on, so far, his true strength had never exploded at all, so no one even knew what his realm was.

"I'm afraid that he is the strongest seven-light realm in the world, and he is only a short distance away from the eight-light realm," Xiao Dou said.

The strongest Seven-Light Realm!

Xiao Zhan and Xiao Leng's faces turned pale, no wonder no one was able to beat him, this was a Seven Lantern realm powerhouse and was only a stone's throw away from breaking the realm!

Xiao Zhan took a deep breath of cold air and asked, "Why would such a strong person appear in the Celestial Lings City?"

Xiao Dou shook his head, he had gone to investigate this matter but had found nothing, so he could only rely on his own guesses to guess his purpose.

"In my opinion, he is probably seeking a way to break the boundary, and the most direct way is through non-stop fighting, as to why he chose Skyrim City, I still haven't come up with an answer." Xiao Dou said.

"Second Uncle, according to what you say, wouldn't Huang Snapdragon be dead?" A cold smile suddenly flashed across Xiao Leng's face, this was his chance for revenge, only if Huang Snapdragon died could he feel happy.

"Hey." Xiao Dou suddenly sighed, he originally did not want to go against the imperial court and did not want to cause too much trouble on Huang Snapdragon, but the Xiao family had only one descendant, he had no children at his knees, he almost treated Xiao Leng as his own son, he really did not want to see Xiao Leng being bullied, that's why he had a hard scalp to help Xiao Leng take revenge.

"Xiao Leng, this time Second Uncle is taking a big risk by helping you," Xiao Dou said.

Xiao Leng looked grateful and said, "Second Uncle, I will definitely be filial to you in the future."

"How big of a risk will it be?" Xiao Dou asked.

"The Imperial Court will probably have some trouble if they track it down, but this matter has nothing to do with the City Lord's Palace, after all, attacking the ring is his own choice, the Imperial Court should not blame the City Lord's Palace, so don't worry."

The next day, the Wind Spirit Stage was bustling with activity, no one had attacked the ring for a long time, and the already sluggish popularity of the stage had become lively again, and it was almost overcrowded with people.

When Huang Snapdragon appeared, the crowd became even more agitated, because they all knew that the person attacking the ring this time was Huang Snapdragon, who possessed the status of a seven-star beast master, so in the eyes of those melon eaters, this time's battle in the ring must have been exceptionally exciting.

"Why is he the only one?" The appearance of Huang Snapdragon alone made Xiao Dou feel a little surprised that the servant who followed him at all times didn't even come out.

"According to what the eyewitness said, only Huang Snapdragon left the inn, I guess his servant and the woman he bought are warming up in their bunks." Xiao Leng laughed shamelessly, in his head, there were only dirty thoughts, which was probably what kind of character would have dirty thoughts.

"Many people in Long Yun City say that Huang Snapdragon is a simple-minded person, now it seems that it is indeed so, but even a servant can play him around." Xiao Dou sneered, it was ridiculous that such a person was able to become a Seven Star Beast Master.

At this time, Huang Snapdragon walked directly towards the ring.

He knew that Han 3,000 wasn't not coming, but was hiding nearby and would only come to his rescue when he was in danger, which Han 3,000 had explained when he left the inn.

Han 3000's request was simple, let Huang Snapdragon strike as hard as he could without thinking about the consequences and bring out his full strength, if it really came to a life or death situation, Han 3000 would automatically lend a hand to save him.

There was a shaggy-haired man sitting on the ring, his hair was messy and oily, like a pile of weeds, and if you got a little closer to him, you could smell a very strong stench, not knowing how long it had been since he had taken a bath.

With a heartbeat, a white figure descended from the sky.

The winged tiger with a huge body landed directly beside Snapdragon Huang, appearing to be good and docile.

The appearance of the seven-star exotic beast caused the crowds watching the spectacle to let out sighs for a moment, most of them had heard of the Rouge River incident but had never had the opportunity to witness it with their own eyes, and now seeing a real seven-star exotic beast, this visual impact was extremely strong.

## **Chapter 909**

"Four-light realm, yet you have a seven-star exotic beast, how did you do it?" The man in the ring finally opened his eyes, apparently because Huang Snapdragon had given him a different surprise.

"I'm here to fight, so there's no need to talk so much nonsense, right?" Huang Snapdragon said indifferently.

The man's eyes stared at the Seven Star Exotic Beast without even looking at Huang Snapdragon, clearly not taking Huang Snapdragon into consideration.

"Do you know that the lives of the Beast Master and the exotic beast are connected, it's a pity that if you die, it will die as well." The man said.

Huang Snap Yong's eyebrows furrowed, this beggar-like fellow's tone was really not small, he had already decided whether he would live or die.

However, Huang Snap Yong was still self-aware, he knew that he couldn't possibly be a match for this guy, if it wasn't for the secret protection of Han Qianqian, he wouldn't even have the guts to enter the ring.

"You haven't even fought yet and you think I'll die, aren't you a little too arrogant?" Snapdragon Huang said.

The man smiled at the corners of his mouth, as if he thought that Huang Snap Yong's words were a joke, and said, "From the moment you entered the ring, you were already doomed, and as for it, it will only add a little bit of trouble to me."

"Don't get me wrong, I have no intention of letting a foreign beast fight," Huang Snapdragon said.

The man finally looked squarely at Snapdragon Huang, but his eyes were filled with puzzlement.

By not letting the foreign beasts fight, did he want to use his ridiculous strength of the Four Lantern Realm to challenge himself?

Even the three Xiao family members who were watching the battle from afar were confused by this statement.

"Second Uncle, what does he mean by that?" Xiao Leng asked to Xiao Dou.

Xiao Dou was also puzzled, how was it possible to not allow the foreign beasts to fight, could he be naive enough to think that his strength of the Four Lantern Realm would be able to challenge him?

At this time, the winged tiger suddenly reared up to the sky and stomped away on all four legs.

"This guy, is he insane." Xiao Dou said in confusion, he thought that Huang Snapdragon was just talking, but he didn't expect that he really wasn't going to use a different beast, this was purely a joke.

"Although Snapdragon Huang is not smart, he is not so stupid as to be stupid, what is he doing?" Xiao Zhan was filled with doubts and said.

No one could explain this problem.

Even the man in the ring was puzzled as to what Huang Snapdragon's move was intended to be.

"You are committing suicide." The man said to Snapdragon Huang.

The reason why Snapdragon Huang had called out the Winged Tiger, but not allowed it to fight, was because Han Giang had instructed him to do so.

If he only fought at the Four Lantern realm, the opponent would most likely be unwilling to waste time with him and just make a killing move, and with the huge difference in his realm, there would be no room for Huang Snapdragon to play and he would definitely be killed in one move.

The appearance of the winged tiger would definitely make his opponent suspicious, and he would definitely give Snapdragon Huang some opportunity to make a move to figure out what Snapdragon Huang was up to.

During this period was the opportunity for Snapdragon Huang to make his move, and as long as he could exert his extreme strength, the purpose of the attack would be achieved.

"Take the move." Huang Snapdragon took the initiative to attack without any defensive moves, using all of his strength on the attack.

This scene made the three Xiao family members more and more confused and bewildered, they really didn't understand what Huang Snapdragon was trying to do, with the Winged Tiger fighting, he still had a chance of survival, but by himself alone, he was definitely dead.

"Second Uncle, doesn't he know how powerful this man is and that's why he's careless?" Xiao Leng speculated.

"Let's watch it, perhaps only by seeing the end will we know what he really wants." Xiao Dou took a deep breath and said.

In the ring, Huang Snapdragon's attacks seemed to be extremely ferocious, but in reality, he was unable to give real damage to his opponent and did not even have the chance to touch him.

The man, on the other hand, didn't make a move because he had too many doubts he wanted to figure out and didn't want Snapdragon Huang to die so easily.

At the very least, he had to know why a seven-star beast master would challenge him with the strength of a four-light realm, and what secrets this deliberate act of seeking death was hiding.

"Kid, why are you doing this, do you know you're looking for death." The man asked to Snapdragon Huang during the fight.

Huang Snapdragon just shot, he didn't think of anything at this point because he knew that Han Giang could protect his well-being, and he knew that he would only find a way to break through if he pushed his limits to the fullest.

"If you don't say anything, I'll kill you." The man threatened to Snapdragon Huang.

Snapdragon Huang mobilized all the power in his body to make an attack, the word death didn't make him feel any crisis, all he felt at this time was a constant stream of power in his body that seemed to never run out, this was a feeling Snapdragon Huang had never felt before.

Of course, in all of Snapdragon Huang's life, he had never acted so unscrupulously before, and that too against such a powerful enemy!

The man's patience was running out a little bit, and his expression had clearly taken on a hint of impatience.

"I'll give you one last chance, what exactly do you want." The man continued.

Huang Snapdragon ignored it, at this time, he had become somewhat out of control of himself, the power that had emerged in his body had become somewhat out of control, even if he wanted to stop, he couldn't.

The man's eyebrows furrowed as he felt Snapdragon Huang's state, then he laughed and said, "How dare you want to use me to break the border, boy, do you know that even if I let you succeed in breaking the border, I can still kill you, it's pointless for you to do so."

The man retreated a few steps back, closing the distance between him and Snapdragon Huang, just as he was about to let the ignorant kid in front of him go to hell, he suddenly felt himself being locked by a breath that was so powerful that it felt like it was capable of killing him at any moment!

The moment fear showed in his eyes, the man sensed the source of the breath.

Among the crowd, there was a person slowly walking towards him, someone who was not only above him, but many times stronger!

How could someone so powerful exist in the district of Xiao Ling City.

"Second Uncle, what is he doing, why hasn't he just killed Snapdragon Huang yet." Xiao Leng, who was watching the battle from afar, asked in puzzlement, in his opinion, that person had clearly shown his killing intent towards Snapdragon Huang, so why would he suddenly stop?

Xiao Dou frowned tightly, he didn't understand why the man froze, it was as if the picture had stopped frame.

"I don't know, but I have a bad feeling about it." Xiao Dou was somehow trembling with fear, as if something bad was about to happen.

Out of the crowd, a man in white with a mask walked out, picked up the steps to the ring, and with a thick voice, said to Huang Snapdragon, "Go rest on the side."

### **Chapter 910**

The appearance of the masked man filled the onlookers with confusion and bewilderment, especially the three Xiao family members were even more curious about his identity.

"This man ....." Xiao Dou pondered for a moment, and suddenly his eyes showed fear and said, "Is he the master of Huang Snapdragon?"

Although Huang Snapdragon had never revealed the fact that he had a master, he had crossed the line to tame the Seven Star Exotic Beast, and anyone with a bit of brains would be able to guess that there was definitely someone strong behind Huang Snapdragon, so this was actually no longer a secret.

"Second Uncle, is this person powerful?" Xiao Leng couldn't help but ask.

Whether it was powerful or not Xiao Dou didn't know yet, after all, this masked man hadn't made a move yet, but through the ringmaster's performance, he was certain that this masked man was definitely not simple.

The ringmaster had clearly already had killing intent towards Snapdragon Huang, but after the masked man appeared, he suddenly stopped, and there was only one explanation for this, and that was the ringmaster's scruples towards this masked man.

"I might have done something wrong in this matter." Xiao Dou said through clenched teeth, he only thought of using the ringmaster to kill Snapdragon Huang, but he forgot that apart from his relationship with the Imperial Court, there was also a strong man behind him that was worthy of scruples, and it was very obvious that he had this in mind, but if Snapdragon Huang's master wanted to find trouble with the Xiao family, Xiao Dou did not dare to think of the consequences.

At this time, the masked Han Qianqian had already walked in front of the ringmaster, and with just a lock of breath, the ringmaster did not dare to move.

This was the first time Han Qianqian had truly exploded with his power suppression, and the Seven Lantern Realm didn't even have the heart to resist in front of him.

"If you're so powerful, why are you in Skyrim City?" Han Qianli deliberately changed his voice and asked the ringmaster.

"If you want to break through the last three realms, you have to go by the sword, and after I learned about the Wind Spirit Stage in the Skyscraper City, I wanted to use this place to break through for myself." The ringmaster said honestly, not daring to hide anything about his purpose.

Although he hadn't fought yet, he already felt that he could never be a match for the masked man in front of him, his suppressed aura making him not even have the desire to fight, there was only one explanation for such a feeling.

Standing in front of him was an absolute strong man of the Back Three Realms, as to what realm he was in, it was something he couldn't feel.

"But there simply won't be anyone stronger than you in Skyscraper City, and you have killed so many people, has it ever brought you half a bit of benefit?" Han Giangli questioned.

The ringmaster did not speak.

Han Giangli continued, "You want to break through, but you're afraid of dying, so you can only comfort yourself with the lives of these weaklings, so you can live in the illusion of becoming stronger?"

This statement made the ringmaster's face change dramatically, in a way, his current situation was indeed what Han Giang had said, but it wasn't all because he was afraid of dying, but he had some special reason that prevented him from dying so simply.

"You're strong, and I have nothing to say if I fall into your hands." The ringmaster resigned himself to his fate and said.

Han Qianli idly approached towards the ringmaster, just about to teach him a little lesson, but he heard him whisper, "After all, you can't go back, so maybe this isn't a place worth coming to."

Han Qianli's brows furrowed, these words might have sounded ordinary and commonplace to others, but the feeling was completely different to Han Qianli's ears.

"Where did you come from?" Han 3,000 asked.

The ringmaster laughed lightly and looked at Han Qianli and said, "You're very powerful, but you've never seen another world, you know, and there's another world that exists that people like you will never see."

Another world.

A hint of excitement flashed across the face of Han Giangli under the mask.

Could it be that the person in front of him was someone that Apocalypse had sent to Xuanyuan World!

If that was the case, he would be considered one of us, wouldn't Han Qianqiang be able to understand the Xuanyuan World more deeply through him?

Unfortunately, there were so many people in the ring that Han 3000 couldn't discuss the issue with him in depth, so he could only say, "Go away, I won't kill you."

The ringmaster looked at Han Marchan in confusion and asked, "Why?"

"I have no quarrel with you, why would I want to kill you, this is my disciple, and I'm just borrowing your hand to break the border for him." Han Giangli said as he looked at Snapdragon Huang who was meditating on the side.

The ringmaster had already sensed Huang Snapdragon's intentions before, and it was because of this that he had burst into killing Huang Snapdragon.

"He's lucky to have someone as strong as the Back Three Realms as his mentor." After saying this, the ringmaster walked out of the ring and left.

Such a move was very disappointing to the crowds who were watching the spectacle and thought that there was a good show to watch, but who knew that after the masked man entered the stage, none of them even fought.

"No way, it's over? Why don't you fight."

"It looks like that guy is no match for this masked man, so he doesn't even dare to fight."

"This guy, with a masked face, doesn't dare to show his true face, I don't know if he's really that powerful or if he's just being deceptive."

Xiao Dou walked to the ring the first time after the ringmaster left, as the mastermind of the whole thing, it was obviously impossible for him to get rid of his relationship with this matter, so he could only choose to deal with it head on.

"Senior, do you need to clear the arena for your apprentice?" Xiao Dou asked Han Qianqian, it seemed to him that the strong man of the back three realms must be a very old man, so it was only natural to call him senior.

"After my disciple wakes up, he will look for you after the Xiao family's account is settled." Han Qianli said indifferently.

These words caused Xiao Dou's heart to fall into an icy valley and his face to instantly turn incomparably pale.

"Senior, it is indeed my fault for calculating your disciple, and after he wakes up, I will make it up to him in every way possible." Xiao Dou said.

Xiao Leng and his son also walked to the ring with trepidation at this time, the always arrogant and domineering Xiao Leng didn't even have the courage to look at Han Qianqian squarely at this time.

In Xiaoling City, the Xiao family dominated one side, but Xiao Leng was very clear that if the person in front of him wanted to kill him, he had no chance of surviving at all, so he didn't dare to show his flamboyant side in front of Han Qianqian.

After a little over half a day, Huang Snapdragon finally opened his eyes, and at this time, his momentum was clearly a little stronger than before, and he had clearly broken through the realm successfully.

"Master, I've broken the realm, I've broken the realm!" Huang Snapdragon stood up in excitement and excitedly said to Han Giangli.

Five-Light Realm!

This was a realm that Huang Snapdragon had never dreamed of, and he had never dreamed that he would be able to become a Five-Light Realm powerhouse in his lifetime.

Moreover, Huang Snap Yong knew clearly that as long as Han Qianqian was there, his realm would still improve, and that was what made it even more exciting for him.
