

His True Colors Chapter 911-920

Chapter 911

Huang Snapdragon successfully breaking the realm was a reasonable thing in Han Giangli's opinion, after all, he was given the Red Fruit, and if he couldn't do a realm advancement in this situation, then it meant that Huang Snapdragon was too useless, and it was only a mere Five Lantern Realm, so it wasn't worth it for Huang Snapdragon to be so happy.

"Is it enough for you to be so excited about the Five Lantern Realm?" Han Giangli faintly said to Huang Snapdragon.

The words were like a pot of cold water poured over Huang Snapdragon, causing Huang Snapdragon to calm down, lowering his head and saying, "Master, I shouldn't be complacent."

The three Xiao Clan members were very helpless to hear such a conversation, Five Lantern Realm! To normal people, this was already an unattainable realm, but to this master and disciple, it was like trash, and this was how a truly strong person viewed the realm.

"I'll leave the rest to you, I'll leave first." Han Qianli suddenly said to Huang Snapdragon, then hurriedly left the ring.

Huang Snap Yong just assumed that Han Three Thousand was looking for an excuse to leave the arena, so he didn't say anything more.

The reason why Han three thousand was in such a hurry was because he felt the ringmaster's scent from earlier and had already left Xiao Ling City, but he still had many things to ask that person, and once he was far away and out of the range Han three thousand could sense, it would be difficult to find him again.

Outside of the city, when Han 3000 reappeared, he had changed into a new outfit to avoid being noticed that he was the masked man in the ring.

But when he reappeared in front of the ringmaster again, the ringmaster's attitude was so harsh that he probably didn't even notice that the young man in front of him was the one who had just suppressed him in the ring and dared not make a move.

"Young man, blocking my way, have you thought of the consequences?"

"What's your name?" Han Qianli asked.

The ringmaster laughed coldly and said, "Even you have the right to ask my name, get out of my way, or else I'll be rude to you."

Han Qianli smiled helplessly and said, "You're really forgetful, we just met and you forgot about me so quickly, is it because I'm not wearing a mask?"

Wearing a mask?

The ringmaster's eyes showed a hint of incredulity, the young man in front of him was the masked man in the ring just now?

How is that possible!

He's a Hou San realm powerhouse, how could he be so young!

"You you, how could you, it's impossible, how could you be him." The ringmaster said in a slight panic.

"What's impossible." Han Giangli's momentum changed abruptly, once again suppressing the ringmaster's breath.

Feeling the familiar strong pressure, he knew that this young man was indeed the person from earlier, but it was just inconceivable that he possessed the strength of the Back Three Realms at such a young age.

"What is your name?" Han 3,000 asked again.

"Zhao Yi."

"Zhao Qian Sun Li, you still have a big surname." Han Qianli said with a smile.

Zhao Yi looked frightened.

In the Xuanyuan World, there was no such surname ranking saying as Zhao Qian Sun Li, so how could he know that?

Does not say

Zhao Yi's breathing became quicker, but he was a bit incredulous.

"You, what are you?" Zhao Yi asked.

"I'll come from wherever you're from." Seeing Zhao Yi's reaction, Han Giangli was even more certain that he was from Earth, and the people of Xuanyuan World wouldn't have such a reaction to the words Zhao Qian Sun Li.

"You, you're from Apocalypse?" Zhao Yi continued to ask.

"Heaven and Earth Xuanhuang, you should be at the Heaven level, from the four gates or the three halls? Are they the next oldest man's men, or He Qingfeng's?" Han Giangli said.

Zhao Yi was completely dumbfounded, to be able to understand the apocalypse so well, who else could it be if it wasn't the apocalypse?

He had never dreamed that he would be able to meet an Earthling in the Xuanyuan World.

Although Zhao Yi knew that Apocalypse had sent many people to the Xuanyuan World, but in all these years, he had never met anyone who was born the same as him.

"I'm affiliated with the Next Old Green Dragon Gate, how about you?" Zhao Yi asked excitedly.

"Second Elder originally wanted to take me as his disciple, but there's no real worship between him and me, so it's half a disciple." Han Giangli said.

Zhao Yi walked up to Han Qianqian and couldn't hide his excitement, this feeling was even stronger than meeting a friend from another hometown, after all, he was now in another world, it was no longer just a feeling of seeing an old hometown.

"When did you come to Xuanyuan World, why are you still so young, yet you've already reached the Back Three Realms?" Zhao Yi asked.

"A few months ago."

Han 3,000 told Zhao Yi about what had happened to him in the Apocalypse, and Zhao Yi looked shocked when he learned that Han 3,000 had been promoted from Yellow Character to Heavenly

Character in just less than a month, because he had personally experienced the tests of the Apocalypse and knew that it wasn't an easy task, especially the test of the Devil's Cave, which had killed many people, and yet Han 3,000 had done it in just less than a month.

Han 3,000 also talked about why he had come to Xuanyuan World.

When Zhao Yi listened, there was only a sigh of admiration for Han Three Thousand's powerful worship, he was able to come to Xuanyuan World on behalf of the next oldest, it didn't just take courage to do so.

"How many years have you been here?" After Han Marchan finished his story, he began to learn about Zhao Yi's deeds.

Zhao Yi's memories of the past twenty years surfaced and said, "It's been a full twenty years, but unfortunately, my investigation of the Xuanyuan World has yielded nothing, and I haven't even had the chance to leave the imperial court's territory and visit the other two countries."

"I'm no more than a Seven Lamps realm, but in order to safely pass through the Dark Forest, you must possess the strength of the last three realms to do so, so these twenty years have been wasted by me for nothing."

Han Giang knew that the three kingdoms of Xuanyuan were split up by the Dark Forest, which was the reason why there was no diplomatic relations between the three kingdoms, but Han Giang knew that there was a war between the three kingdoms, so there should be paths to follow other than the Dark Forest.

"Besides the Dark Forest, there should be other ways to get to other countries, right?" Han Qianli asked.

"There's only one way out, but whether it's exit or entry, it's guarded by the country's top experts, and with my realm, if I try to leave without permission, I'll be killed by the imperial court's Hou San realm experts." Zhao Yi explained.

Han Giangli nodded, the reason why there was such an arrangement was to prevent the loss of strong people into other countries, it would be better to just kill them, this kind of tough tactics of the Imperial Court was also understandable.

"Where do you plan to go when you leave Lingxiao City?" Han Giangli continued to ask.

"I want to become stronger, but I'm afraid of dying because I still want to be able to return to the apocalypse with useful information, so I'm planning to move to a different city, but I don't have to now." Zhao Yi said.

Chapter 912

Hearing Zhao Yi's words meant that he was planning to follow him, which was unacceptable to Han 3000, after all, he was a powerful Seventh Lamp Realm, and many people knew that if he were to follow him, it would be a bit difficult for Han 3000 to keep a low profile.

"You can't follow me." Han Three Thousand said.

"Why?" Zhao Yi asked puzzled.

"Do you know why I appeared masked?" Han 3000 said.

This question was easy to explain, Zhao Yi was not a fool, wasn't the reason for masking his face to hide himself?

"You don't want people to know you're good," Zhao Yi said.

Han Giangli nodded and continued, "Since you know, there's no need for me to tell you the reason why you can't follow me, right?"

"But I had a hard time meeting folks, can't we investigate the world of Henchmen together?" Zhao Yi said reluctantly, he wanted to follow Han Qianxiang, besides having a caretaker, he actually had other selfish intentions.

The first was that he hoped to get Han Qianxiang to help him break through the realm, and the second was that if Han Qianxiang found a way to return to Earth, he would be able to leave here.

After twenty years of nothing, Zhao Yi didn't think he had the ability to find a way back to Earth, so his only reliance in this matter was Han Qianqian.

"Don't worry, if I find a way to leave Xuanyuan World, I'll definitely bring you along." Han Kuanyuan guessed Zhao Yi's thoughts and said straightforwardly.

"But if I don't follow you, where can I go? For the whole twenty years, I've been living a very confused life, with no goals at all." Zhao Yi said eagerly, he didn't want to be a walking corpse anymore, he wanted to live a more meaningful life, and following Han 3,000 was his only option.

"You can go after your own way of breaking out of the world, the only way to leave the imperial court is to make yourself stronger, what if the passage to leave the Xuanyuan World isn't within the imperial court and you don't have the strength to be able to leave the imperial court?" Han Giangli said.

This statement made Zhao Yi's look serious, if that was the case, even if he knew the passage to leave Xuanyuan World, he wouldn't be able to return to Earth without the strength to leave the Imperial Court.

After giving it some serious consideration, Zhao Yi said, "How will you find me in the future?"

"Hey." Han Qianli suddenly sighed and said, "This world doesn't have cell phones, it's really troublesome to contact each other."

Zhao Yi smiled helplessly, speaking of cell phones, he had almost forgotten about the existence of this thing, having lived in the Imperial Court for twenty years, he had almost forgotten about the modernization of the Earth.

"Yeah, it would be much more convenient if I had a cell phone." Zhao Yi said.

After thinking about it, Han Qianli said, "After a year, we'll meet at the Wind Spirit Terrace, and at that time, I shouldn't need to continue hiding my identity."

Zhao Yi nodded and said, "See you in a year, I hope that I'll be able to break through then."

Han Qianli's words renewed Zhao Yi's hope and made him even more eager to break the border, being able to return to Earth was a large part of Zhao Yi's spiritual support, and the fact that Han Qianli was now in the back three realms was even more stimulating for Zhao Yi.

In the past, he wanted to break the realm but was afraid of death, but now, Zhao Yi was able to take greater risks for it, which also made breaking the realm more promising for him.

Of course, the risk was uncontrollable.

Whether or not he would still be able to see Zhao Yi was something that Han Qianli couldn't be sure of.

However, since it was uncontrollable, Han Three Thousand wouldn't think too much about it, even if he was from the same Earth, Han Three Thousand would consider his own situation before worrying about Zhao Yi, and right now, Han Three Thousand didn't have the energy to care about Zhao Yi.

Jiang Ying Ying hadn't been found yet, and the feeling of being involved in the first place hadn't been clarified, which was what Han Three Thousand needed to do as a matter of urgency.

After separating from Zhao Yi, Han Three Thousand returned to the inn.

After Bai Ling Wan'er saw Han 3,000, she followed Han 3,000 back to her room.

"If you're so powerful, why are you afraid of people knowing?" Bai Ling Wan'er had heard about the ring, and she knew that the masked man was Han Qianli, so she was curious as to why Han Qianli didn't dare reveal his identity.

"The Bai Ling Family is so powerful, do you dare to let anyone know that you are a descendant of the Bai Ling Family?" Han Qianli asked rhetorically.

"The Bai Ling family was exterminated by the Imperial Court, is it you too?" Bai Ling Wan'er said indifferently, of course, she didn't think so much that Han Qianli had an ulterior motive and was just using this way to counter Han Qianli.

"With that attitude, you still want to worship me as your master?" Han Giangli said disdainfully.

"I don't have to be your apprentice, I can still be your wife." Bai Ling Wan'er said.

Han 3000 couldn't help but roll his eyes, this little girl was only sixteen years old, thinking about being someone's wife all day long, if this were on Earth, Han 3000 would have already been arrested and sent to prison.

"Perhaps, you still have a choice." Bai Ling Wan'er continued.

"Having you by my side is already considered to be causing me a lot of trouble and danger, and you're still giving me a choice?" Han Giangli smiled.

"The Bai Ling Family has a secret vault that the Imperial Court has spent many years searching for, but I'm the only one in the world who knows where it is." Bai Ling Wan'er said.

This statement piqued Han Qianli's interest.

The Bai Ling family used to be powerful, and its secret vault must have many good things, and the fact that it was worth the many years the imperial court had spent searching for it also showed its value.

"I'll take you as my disciple, so you tell me where the secret vault is?" Han Giangli asked.

Bai Ling Wan'er shook her head and said, "More than simply accepting a disciple, I need to reach the Six Lantern Realm before I can tell you where the secret vault is."

Six Lantern Realm?

To Han Three Thousand Thousand, such a realm wasn't too high, and using a few more red fruits wouldn't even take half a year to allow Bai Ling Wan'er to reach the Six Lanterns realm.

But what exactly was in the secret vault, whether it was worth Han Three Thousand's time to consume red fruits for this, it was impossible to say, after all, for Han Three Thousand, the number of red fruits was limited, consuming one would be one less.

"Are you qualified to negotiate with me now? Without me, you should know very well what will happen to you." Han 3,000 said.

"Can't take revenge, whatever ends up the same for me, do you think I would care?" Bai Ling Wan'er's attitude was tough.

This little girl's temperament was like a bull's temper, this was the point Han Qianqian was most helpless in, although she was young, trying to engage in some tactics to trick her simply wouldn't work.

While they were chatting, Huang Snapdragon finally returned, and this guy had a satisfied expression on his face, as if he had asked for a lot of favors in the Xiao family.

"Master, guess how much money I extorted from the Xiao family?"

Chapter 913

The word money never held any interest for Han three thousand, and the way Huang Snapdragon was in a hurry made Han three thousand feel very speechless.

Han Three Thousand Thousand looked at Bai Ling Wan'er and asked Huang Snapdragon in front of her, "Have you heard of the Bai Ling Family's secret vault?"

"The secret library?" Huang Snap Yong was appalled as he looked at Han Qianqian, then looked at Bai Ling Wan'er and said honestly, "Master, if the Bai Ling family really does have a secret vault, it's not something I can know about ah."

"If the secret vault really existed, what do you think it would be?" Han Giangli said without shying away.

Huang Snapdragon thought about it, back then, the Bai Ling family, but it ruled many cities and its power could almost be on par with the imperial court, this kind of supreme existence, if it really had a secret stock, it would definitely be rich and powerful.

"Master." Huang Snapdragon said in a low voice, "If the Bai Ling Clan really had a secret stockpile in place, it would definitely be rich as hell."

Han Giangli frowned, rich as money, isn't that what it is? But he didn't dare to have any interest in money.

When he was on Earth, after Han Gong Gong took control of the Nangong family, its financial power was already the largest in the world, and being at such a high level, money was just a number to him, although there was still some difference between Earth and Xuanyuan World, but there was a limit to what money could do, it wasn't something worth Han Gong Gong's pursuit.

"Is it just money?" Han Qianli said with some disappointment.

"Master, there's definitely more than just money, rare treasures, or divine weapons, but this secret vault is real or not." At this point, Huang Snapdragon took a deliberate glance at Bai Ling Wan'er before continuing, "Whether it really exists or not is unknown."

Hearing these words Bai Ling Wan'er smiled faintly and said, "Ignorance, even to this day, the Imperial Court has not given up investigating where the secret vault is, the fact that you don't know only shows that you are ignorant."

Huang Snapdragon looked at Bai Ling Wan'er unconvinced, but did not refute, after all, this kind of matter was indeed not something that he could touch at the level of his status.

Back then, the extermination of the White Spirit Family was only the result of some sporadic news, and what was really going on was not clear to anyone other than those high-ups at the Imperial Court.

"I admit that my status is indeed low, but it's just for now, don't look down on me, one day, I'll become a high ranking member of the Imperial Court." Huang Snapdragon said to Bai Ling Wan'er with his head held high.

To become a high ranking member of the Imperial Court, strength was the most important thing, and as the first apprentice of Han Three Thousand, Huang Snap Yong was confident that he would become a strong man in the future.

Bai Ling Wan'er smiled, it wasn't for her to determine what Huang Snap Yong's future achievements could be, and based on the current situation, it was indeed very likely that Huang Snap Yong would be able to enter the Royal Court's upper echelons.

Having broken two realms in a row, he had now broken again to become a Five-Light Realm, such a speed of breaking was not something that ordinary people could do.

It was precisely because of this matter that Bai Ling Wan'er had let Han Qianqian know of the existence of the Bai Ling family's secret vault, and she hoped to use this as a way to tempt Han Qianqian to accept her as a disciple.

One thing Bai Ling Wan Er was very clear about, Han 3000 was by far the most likely person she had ever met to help her enter the imperial court, so Bai Ling Wan Er was willing to pay some price for this, because once she missed this opportunity, Bai Ling Wan Er was afraid that it would be difficult for her to meet an expert like Han 3000 again.

"I tentatively believe that you really do have a secret stockpile, but is there anything in the secret stockpile that could interest me?" Han Giangli asked to Bai Ling Wan'er.

"I believe that there are things in the secret vault that are suitable to be your original object, the more powerful the original object, the more it can help you become stronger, even if you are as powerful as a polar master, if you have a rare original object, it would be like having a tiger on your back, a polar master with a cherished original object and a polar master with only an ordinary original object, the strength between the two is very different." Bai Ling Wan'er said.

Han Third Thousand had heard Huang Snap Yong mention about the original object, but he hadn't asked much about it at first, but now that he heard Bai Ling Wan'er say it, it seemed that the original object was also a very important thing, not something that was optional.

Han Giangli didn't say anything, but left the room directly.

He still had to think about this matter, after all, if he really took Bai Ling Wan'er as a disciple, then he would be considered a part of the White Spirit Family's affairs, and would definitely have to face trouble with Bai Ling Wan'er in the future, the gains and losses of which were not something that could be imagined now.

"You're lucky." After Han Giangli left the room, Bai Ling Wan'er said to Huang Snapdragon.

Huang Snap Yong nodded his head in complacency, the word lucky was almost a perfect reflection of the word used on him, but at first, he had the intention to kill Han Qianqian, who could have imagined that the end result would be him becoming Han Qianqian's disciple? And could not help but get a rapid improvement in his realm, and even became a seven-star Beast Master.

These things had never even crossed the mind of the previous Snapdragon Huang.

Huang Snap Yong's biggest dream in his life was to be promoted to the Four Lantern Realm, because in a place like Long Yun City, even the Four Lantern Realm was considered very powerful, and now, Huang Snap Yong even felt that he could one day become an Extreme Master!

"If you want to be my sister, complimenting me is useless unless Master nods, otherwise no one can help you." Snapdragon Huang said.

"Of course." Bai Ling Wan'er nodded her head as a matter of course, she didn't say these words in the hope that Huang Snap Yong would say something nice to help her in this matter, because she knew

very well that the absolute decision was in Han Qianqian's hands, and Huang Snap Yong's words would not carry any weight.

And the reason she said that to Snapdragon Huang was purely out of envy.

"Actually, I'd quite like to have a senior sister, but unfortunately your identity is indeed a bit sensitive, if it weren't for the fact that the person you met was my master, I'm afraid your identity would have been reported by now." Snapdragon Huang said.

"It's just a pity that I gambled with my life, but he still won't help me, the White Spirit Family's secret vault, it's a secret that the imperial court has been searching for years, if I can't even attract him with this, there's no other way for me to do it." Bai Ling Wan'er said somewhat lost in thought.

"The White Spirit Family really has a secret vault?" Snapdragon Huang asked in confusion.

"You can find out if you just ask around, it's not a secret in the imperial court." Bai Ling Wan'er said.

Seeing that Bai Ling Wan'er had spoken so frankly and indeed did not look like she was lying, Huang Snapdragon was inevitably moved, for he knew that the secret vault must contain astonishing riches and secrets, and the fact that it had been searched for by the Imperial Court for many years was enough to show the weight of the secret vault.

Chapter 914

Long Yun City.

In Chen Yuanhai's study room, Chen Tiesin came with wide strides, his unsteady breathing showing that he was emotionally unstable.

After walking up to Chen Yuanhai, Chen Tiesin said, "Father, you are looking for me."

Chen Yuanhai turned his head and looked at the excellent son in his eyes, he had been running around for years to become stronger and never gave up even after suffering setbacks, but now he had nothing to show for it, while Huang Snapdragon, an idle trash, had now gained a master, which made Chen Yuanhai even feel a little injustice for Chen Tiesin.

How could the heavens be so blind that a man who worked so hard to gain nothing, but instead was a loser, was given an opportunity that he did not deserve.

"Have you heard about what happened in Xiao Ling City?" Chen Yuanhai asked.

Chen Tiesin nodded his head, the reason why he was unstable was precisely because of this matter.

The matter of Huang Snapdragon breaking the Five Lantern Realm had spread back to Long Yun City, which had caused very many people in Long Yun City to be startled, but of course, the most important thing was that Huang Snapdragon's master had shown up, which had confirmed their previous suspicions.

Moreover, Chen Tiesin was very familiar with that ringmaster in Xiao Ling City, and had deliberately gone to Xiao Ling City to inquire about him, that person was a strong man with the Seven Lantern Realm, of course, Chen Tiesin was no exception to have gone to pay homage to him, but unfortunately, that person was not even interested in taking a glance at Chen Tiesin.

And now, a strong man of the Seven Lantern Realm was standing on the ring and didn't even have the courage to make a move against Huang Snapdragon's master, which meant that Huang Snapdragon's mysterious master's realm was at least the last three realms, which made Chen Tiesin feel even more unacceptable.

He could not accept that he had worked for years in vain for this, but Huang Snapdragon had been able to be so lucky.

More importantly, he had stagnated in the Second Lamp Realm for many years, but now Huang Snapdragon was already an expert in the Fifth Lamp Realm, which almost made his eyes turn red with envy.

"Hey." Chen Yuanhai sighed and said, "Son, I'm injustice for you."

"Father, my qualifications are definitely better than Huang Snapdragon, and I'm sure that as soon as I meet with that person, he will definitely take me as his disciple as well." Chen Tiesin said.

"What do you have in mind?" Chen Yuanhai asked.

Chen Tiesin took a deep breath and said, "I want to wait for Huang Snapdragon to return to Long Yun City and ask him to help me with the introduction."

Chen Yuanhai's brows furrowed, Chen Tiexin and Huang Snap Yong had never gotten along, so how could he help by asking Huang Snap Yong to help with the introduction?

And without helping, Chen Tiesin could still be humiliated by Snapdragon Huang because of this.

"Have you ever thought about how Snapdragon Huang will treat you?" Chen Yuanhai asked.

Chen Tiesin nodded his head and said, "Of course I know, with my relationship with him, it's likely that he will ridicule me, but I still want to give it a try, I don't want to miss such an opportunity."

Seeing Chen Tiesin's attitude so resolute, Chen Yuanhai knew that his persuasion would definitely not be useful, so he could only remind, "You must be clear, with the Chen family's current strength, it is no longer qualified to do anything against the City Lord's Palace, so even if Huang Snapdragon has gone too far, you must still hold back and not tear your face off with him."

"Father, don't worry, I know what to do." Chen Tiesin said.

Even though in his heart he had never looked down on Huang Snap Yong as a person, the reality was in front of him, Chen Tiesin was well aware of the gap between the Chen family and the City Lord's Palace, if he clashed head-on with Huang Snap Yong, it would be very dangerous for the Chen family, equivalent to giving the City Lord's Palace a justifiable reason to deal with the Chen family.

Chen Yuanhai didn't say anything more, he still had great faith in this son, and the way he did things was even less important for Chen Yuanhai to worry about.

Leaving the study room, the uncontrollable jealousy between Chen Tiesin's eyebrows was very strong, when he thought of the fact that Huang Snapdragon was now in the Five Lantern Realm, his heart felt like a knife, this feeling was like something that belonged to him had been snatched away by Huang Snapdragon.

"Eldest Young Master, Miss is emotionally unstable again." The maid hurriedly ran to Chen Tiesin's side and said anxiously.

During this period of time, Yanran Chen's mood fluctuated very severely, often looking like she was in a trance, sometimes she would suddenly become irritable, and sometimes she was quiet as if she was a statue.

Chen Tiesin gritted his teeth, he knew that the cause of his sister becoming like this was Han Qianqian, it must have been Han Qianqian who had done certain things to Yanran Chen to cause her to change like this.

It was still necessary to untie the bell.

It was a pity that Chen Tiesin had now dispatched all of the Chen family's men and hadn't found Han Qianqian.

When they arrived at Yanran Chen's room, anything that could be smashed had turned into pieces on the floor.

The room was a mess, like a tornado passing through.

Yanran Chen's cloaked appearance no longer had the appearance of a goddess in the slightest.

"Yanran, calm down for a moment, don't hurt yourself." Chen Tiesin hurried forward and grabbed Yanran Chen's hand.

When Yanran Chen saw Chen Tiesin, she was stunned for a moment before asking urgently, "Brother, have you found Han Giang, where is he, where is he!"

Chen Tiesin's eyes flashed with anger, he couldn't imagine what Han Giang had done to Chen Yanran to make her so disillusioned.

"Brother is doing his best to find him, don't worry, I'll bring him to you soon." Chen Tiesin said.

Yanran Chen suddenly knelt in front of Chen Tiesin and cried out, "Brother, please, help me find Han Giang, I have to see him, I have to see him."

Chen Tiesin's heart was like a knife, for him who had always loved Yanran Chen, seeing her kneeling was very unpleasant.

"Tell brother, what exactly happened?" Chen Tiesin hadn't asked about this before for fear of revealing the scars in Yanran's heart, but seeing Yanran's current state, he really couldn't help but want to know what Han Qianxiang had done.

Done what?

By the way, Han 3000 hadn't done anything, the reason why Yanran Chen had become like this was solely because of Huang Snap Yong's words, and as the longer she didn't see Han 3000, the deeper Yanran Chen's obsession with this became, which led to her thinking all the time, and that's why her emotional instability occurred.

Because Yanran Chen was terrified that things were really as she thought they would be, that she had missed out on a truly strong man!

"Brother, don't ask me, just help me find him." Chen Yanran said with tears welling up like a spring.

"Fine, fine, brother won't ask, brother will go to find him himself right away, you stay at home, don't lose your temper, don't hurt yourself." Chen Tiesin quickly said.

Yanran Chen nodded her head, her emotions stabilized a bit.

Leaving Yanran Chen's room, Chen Tiesin was livid, with a strong k*lling intent in his heart, wishing he could cramp Han Qianqian's muscles and skin.

Chapter 915

Han 3,000 originally only planned to go to Xiao Ling City to see the world and casually see if it was possible for Jiang Yingying to be in Xiao Ling City, but although the world was seen, there was no sign of Jiang Yingying, and it brought back a problem that Han 3,000 hadn't expected.

But Han 3,000 didn't leave Bai Ling Wan'er behind, which meant that he was still wavering on the matter of accepting an apprentice, after all, the Bai Ling family's secret treasury was still a temptation to him.

Bai Ling Wan'er also knew in her heart that as long as she hadn't been left behind by Han Sangsan, she still had a chance, so she wasn't too worried.

Not far from Long Yun City, Han Qianqian and Huang Snapdragon parted ways and went into the city in two groups, after all, if he got too close to Huang Snapdragon now, it would inevitably make people suspicious of his identity.

"There's absolutely no comparison between this place and Xiao Ling City, so why are you staying here?" After entering the city, Bai Ling Wan'er found that the prosperity of Long Yun City couldn't be compared to Xiao Ling City at all, so she didn't quite understand the attraction of this place to Han 3,000.

It wasn't that Han 3,000 wanted to stay here, but Long Yun City was the first city he came into contact with when he arrived at Xuanyuan City, and he wasn't here by choice, as to why he would continue to stay, it was because of where his roots were, and there was also Huang Snapdragon's power that could help Han 3,000 do things that he didn't want to do.

"If you like a place, do you still need a reason, I think this place is quite good." Han Marchian casually perfunctorily said.

Such an explanation seemed far-fetched, and Bai Ling Wan'er knew that Han Three Thousand wouldn't simply like the place, but if he didn't say so, Bai Ling Wan'er wouldn't bother to ask.

Shortly after entering the city, Han Qianqian discovered that someone was following him, and it wasn't as simple as one or two people, which made him feel a bit baffled.

It was just that he had left Long Yun City for a while, so how could he be being followed, and he didn't have any enemies in Long Yun City.

What's more, those people's tracking methods were extremely shoddy, and not only Han Qianqian had discovered it, but even Bai Ling Wan'er could see it.

"Being tracked when you enter the city, it looks like you have quite a few enemies here." Bai Ling Wan'er teased.

Han Qian stroked his nose, he was feeling strange too, and to say enemies, Han Qian could only think of Chen Tiesin after thinking about it, but this guy had already humiliated him when Han Qian left the Chen residence, did he still want to gain an inch?

"Maybe." Han Giang said indifferently.

In the event that someone was following him, Han 3000 still brought Bai Ling Wan'er straight back to his home, he wasn't worried about exposing his residence because only then would the rightful owner behind it reveal himself.

Entering the courtyard, the garden full of flowers and trees and streams of water gave a completely different feeling, like a small paradise with a pleasant scenery.

"This is your home?" Bai Ling Wan'er was a little surprised when she asked Han Giangli.

"Don't I deserve to have a home like this?" Han Giangli smiled helplessly.

Bai Ling Wan'er shook her head, of course she didn't mean it that way, she just felt that everything here was different from other places, and looked even more exquisite under the exquisite design.

"Did you plant it all yourself?" Bai Ling Wan'er was curious.

"There are a lot of rooms here, but I only cleaned one room when I first moved in, so if you want to stay here, you can find your own room and clean it," Han Giangli said.

When Bai Ling Wan'er heard this, she was very appalled, it was unheard of for an expert like Han Qianqian to have him clean up after himself.

But her words were even more shocking to Han Qianli.

"Why can't I sleep with you?" Bai Ling Wan'er asked.

Why?

Han Qianqian looked at Bai Ling Wan'er in dismay, is there any need to ask why for such a question?

How could he sleep with Bai Ling Wan'er for no reason?

This was just a young girl of only sixteen years old, not to mention that Han Qianli wasn't interested in any woman other than Su Yingxia, even if he was a lustful man, he would never be perverted to this extent.

At this moment, Han Three Thousand suddenly condensed his eyebrows and said, "Here it comes."

Just as Bai Ling Wan'er was puzzled and wanted to ask what had come, the courtyard door was suddenly violently kicked open.

Only Chen Tiesin led a group of Chen family servants filled with anger into the courtyard.

"So it's you, Chen Tiesin." Han Qianli was surprised but felt it was reasonable, in the entire Long Yun City, it seemed that no one else would do such a thing except for Chen Tiesin who would find someone to follow him.

But Han Three Thousand was curious as to why Chen Tiesin would do this.

"Han Three Thousand, I'm going to k*ll you." Chen Tiesin said through gritted teeth.

"I don't have the slightest connection with the Chen family, so why do you want to k*ll me?" Han Qianqiang was puzzled.

Chen Tiesin clenched his hands, already almost unable to control himself, but he had to know the truth of the matter before Han Giang died, to know what Han Giang had actually done to Yanran Chen.

"What have you done to my sister?" Chen Tiesin asked in a deep voice.

Yanran Chen?

Chen Tiesin was stalking himself, but it was related to Chen Yanran.

This made Han Qianqian even more confused, although he and Chen Yanran were nominally husband and wife, they were not actually husband and wife, so how could they do anything to Chen Yanran?

"I think you have some misunderstanding, nothing happened between me and her," Han Giangli said.

Bai Ling Wan'er watched the scene with interest, but Han Three Thousand clearly could have settled the matter in a much simpler and more violent way.

This fellow named Chen Tiesin could never be Han Three Thousand's opponent, but his imposing appearance was eating Han Three Thousand to death, and perhaps he didn't even know that the man

standing in front of him was able to make him waver between life and death with nothing more than a thought.

"Nothing at all?" Chen Tiesin smiled coldly and waved his hand as the servants of the Chen residence surrounded Han Qianqian.

"I'll ask you one last time, if you don't tell me the truth, I want you to die here today." Chen Tiesin threatened.

Han Qianli shrugged helplessly, he knew nothing, so how was he going to explain?

Is it possible to fill the garden with more fertilizer again? After all, Chen Tiesin was so menacing, it was obvious that it would not be easy to calm down.

Just at this moment, an unexpected voice sounded out, "What a big mouth the Chen family's Grand Duke has, daring to k*ll someone in my Long Yun City."

Huang Snap Yong walked into the courtyard with a hangdog attitude, and after looking at Chen Tiesin, he continued, "I didn't expect to come across such a good show when I was just out and about."

Han 3000 laughed, Huang Snap Yong definitely wasn't just strolling around, he was probably here because he had received news, but he had come at a good time, helping Han 3000 with an unnecessary shot.

Chapter 916

Chen Tiesin had a hard face, if it was in the past, he wouldn't have needed to care about Huang Snap Yong's appearance, but now, the Chen family was no longer able to do anything against the City Hall, and Huang Snap Yong's personal strength was far above Chen Tiesin's, which made him unqualified to mess around with Huang Snap Yong.

"Huang Snapdragon, this matter has nothing to do with you." Chen Tiesin said.

Huang Snap Yong frowned in dissatisfaction, walked up to Chen Tiesin and said with a gaze like a torch, "I am the son of the city lord, you want to k*ll someone in my Long Yun City and you say that it has nothing to do with me? Chen Tiesin, how dare you, is my Long Yun City a place where you can do whatever you want?"

Chen Tiesin was speechless, k*lling was inherently a thing that violated taboo, and with no one knowing about it, he could do as he pleased, but in front of Huang Snapdragon, the son of the city lord, once he did so, he could be committing the crime of imprisonment.

"Huang Snapdragon, don't you want this man to die?" Chen Tiesin said that in the past, Huang Snap Yong hated Han 3,000 very much because Han 3,000 had stolen Yanran Chen, so Chen Tiesin wanted to use this to convince Huang Snap Yong.

But wanting Han 3,000 to die had been Huang Snap Yong's idea a long time ago, but now Huang Snap Yong was Han 3,000's disciple, so how could he want Han 3,000 to die?

"Chen Tiesin, I'm the son of the City Lord, how could I be bothered with an ordinary citizen, and your sister, I've long since stopped caring about her, but you, you haven't belly-rowed me in the past, I should settle this account with you." Huang Snapdragon said.

Chen Tiesin bit his teeth, he knew that Huang Snapdragon was clearly coming for himself, this guy definitely wanted to vent his anger for the past, and he just happened to catch this opportunity.

"Huang Snapdragon, you are now a Five Lantern Realm expert, do you still need to settle scores with me?" Chen Tiesin said.

Huang Snapdragon was stunned, then laughed uproariously.

"Hahahahahahahahaha."

Chen Tiesin degraded himself to seek a compromise, was this still the old Chen Tiesin?

Huang Snap Yong could clearly remember that back then, when Chen Tieshin had broken through the Second Lamp Realm, but he hadn't missed a chance to flaunt his power in front of Huang Snap Yong, and at that time, he had always boasted that he would become a truly strong man in the future, often demeaning Huang Snap Yong to the point of worthlessness.

At that time, Huang Houyi was still a puppet of the Three Great Families, so even as the son of the City Lord, Huang Snapdragon did not dare to refute Chen Tiesin's words.

Now, however, the City Lord's Palace was out of the mercy of the three great families and that Huang Snapdragon's own strength had crushed Chen Tiesin.

"Chen Tiesin, I didn't expect that you would be able to say such words from your mouth." Huang Snapdragon said.

Chen Tiesin had been mentally prepared to be humiliated by Huang Snapdragon, after all, he had treated Huang Snapdragon this way back then as well, and this could only be considered karmic retribution.

"I'm just telling the truth," Chen Tiesin said.

"Tsk tsk tsk." Huang Snapdragon shook his head with a sigh on his face and said, "Chen Tiesin, if I remember correctly, back then, you were still showing off in front of me, saying that you would become a truly strong person one day, but now it seems that your bragging is a bit too big, I'm already at the Five Lantern Realm, while you are still parked at the Two Lantern Realm."

Chen Tiesin had always believed that his efforts hadn't paid off and that Huang Snapdragon was just lucky, so this made him feel very unconvinced.

After hearing Huang Snapdragon's words, Chen Tiesin was even more disgruntled inside, but he had to hold back because he still hoped that Huang Snapdragon would help him introduce his master.

"I said that I would become stronger one day, it's just that it's not time yet, but I also didn't say that you won't become stronger, did I." Chen Tiesin said.

Huang Snap Yong impatiently looked at Chen Tiesin and said, "Don't play word games with me, I won't eat this, take your people and get out, if I ever bump into you making trouble in Long Yun City with such fanfare again in the future, I will never let the Chen family go."

Chen Tiesin nodded his head in a row and withdrew with his Chen family servant.

He didn't dare to stay, even though he was extremely desperate to kill Han Giang, Chen Tiesin didn't have the guts to make a move in front of Huang Snap Yong, after all, Long Yun City was now under the complete control of the City Lord, and Chen Tiesin knew exactly what would happen if he went against Huang Snap Yong.

After Chen Tiesin's crowd had left, only then did Huang Snapdragon walk over to Han Giang.

"Master, this fellow is really blind and dares to trouble you, if I hadn't arrived just in time, this fellow would be dead today." Huang Snap Yong said indignantly.

Han Qianqian smiled faintly and said, "Huang Snap Yong, you're getting bolder now, how dare you try to beat around the bush to test me?"

Huang Snapdragon waved his hand repeatedly and explained, "Master, that's not what I meant, you've misunderstood, misunderstood."

Han Qianqiang let out a long sigh and said, "If you hadn't come, he would indeed have died today, as he had no intention of letting me go."

Huang Snap Yong's eyelids jumped straight, so Chen Tiesin's luck was really good, he was only one step away from becoming a corpse.

"By the way, what is it that you came to find me?" Han Qianqiang asked to Huang Snapdragon.

"Master, the men I sent out have all returned, and no one has found your sister." Huang Snap Yong said, the entire Long Yun City including the nearby villages had been dug up by his men, but there was no news at all, in Huang Snap Yong's opinion, it was most likely that Han 3000's sister wasn't even in Long Yun City.

Han 3,000 sighed helplessly, Jiang Yingying had entered the time passage at the same time as him, how could they not be in the same place, and the Xuanyuan World was so large, where could Jiang Yingying be if she wasn't in Long Yun City?

A problem that made Han Qianli even more worried surfaced internally.

If Jiang Ying Ying wasn't even pressed into the territory of the imperial court, but rather in another country, this could become even more troublesome.

"Arrange for people to look for it in other cities, you have a lot of money in your hands right now, so it shouldn't be a problem for you, right?" Han Marchant said.

Huang Snapdragon had indeed extorted a lot of money from the Xiao family in Xiaoling City, and he hadn't thought of the real use of the money, but since Han Qianqian had made such a request, Huang Snapdragon naturally wouldn't refuse.

"Alright, Master, I'll immediately go and arrange for someone." Huang Snapdragon said.

After leaving Han Three Thousand's house, on his way back to the city's main residence, Huang Snap Yong sensed that someone was following him, which made him a bit strange, he was now at the strength of the Five Lantern Realm, so how could someone be following him? Isn't this a death wish?

After walking into an alley, Snapdragon Huang deliberately waited for the person who was following him to show up.

And that person appeared and did not deliberately hide himself, but actually walked directly in front of Snapdragon Huang.

"Chen Tiesin!"

Chapter 917

Huang Snapdragon was a little confused and strange when he saw that the person he was following was Chen Tiesin.

This guy had picked up his life so easily for nothing, what was going on now, tracking himself, did he have to seek death? Is it possible that he's already dead without being able to break the boundary, so he's trying to k*ll himself in this way?

"Chen Tiesin, are you stalking me to get back at me?" Huang Snapdragon smiled faintly, his current strength was not afraid of Chen Tiesin, if this guy really had other intentions towards him, Huang Snapdragon would be able to subdue Chen Tiesin by his own strength.

"With my strength, how could I possibly retaliate against you, I have an unkind request." Chen Tiesin said.

"An unkind request?" Snapdragon Huang laughed and said, "You don't want me to introduce you to my master, do you?"

In Xiaoling City, Han Giangli personally showed up to relieve Huang Snapdragon, so the fact that Huang Snapdragon had a master was no longer a secret, and it wasn't a surprise that Chen Tiesin could know about it.

"Good, I hope to take this opportunity to become your junior brother." Chen Tiesin said.

Huang Snap Yong giggled, thinking that when Han Giang was in the Chen residence, but he was chased away by Chen Tiesin, but now he wanted to pay homage to his master, it was ridiculous.

"Chen Tiesin, how could you possibly be qualified to become my disciple, I advise you to give up on this idea, you'll never be his disciple." Huang Snapdragon said.

Chen Tiesin expected that he would be rejected, but he would not give up easily.

"Why?" Chen Tiesin asked.

"There are some things that I can't tell you right now, but you'll naturally understand later." Huang Snap Yong said, knowing that sooner or later, Han Qianqian's identity in Long Yun City would be exposed, and then not only Chen Tiesin, but also Yan Chen would understand what he had missed out on.

In fact, in Huang Snap Yong's heart, he couldn't wait to see how the Chen family regretted it, but this wasn't something he was qualified to lead, so he could only wait slowly.

"You're afraid that after I become his disciple, my realm will rise even faster and steal your limelight?" Chen Tiesin said.

It was a very dangerous thing to say, once he upset Snapdragon Huang, he would end up very badly, but Chen Tiesin had to do it, this was a deliberate provocation he used.

But in fact, Snapdragon Huang wasn't angry, but instead smiled even more happily, as he knew exactly why his strength had increased so quickly, all thanks to that Cocoa Red Fruit.

But Chen Tiesin was arrogant enough to believe that he was more talented, so he was able to achieve faster realm advancement, wasn't this a joke?

"Chen Tiesin, I know you're very conceited, but after all these years, don't you still understand why those people don't take you as a disciple, is it because you're too talented and they're afraid you'll surpass them?" Snapdragon Huang sneered.

In the matter of talent, Chen Tiesin had the confidence of fascination, and it was because of this that he had travelled south, even when he had nothing to show for it, Chen Tiesin still thought that it was just those people who did not know the Pearl of Dust.

"Isn't it?" Chen Tiesin asked rhetorically.

Once again, Huang Snap Yong couldn't help but laugh, in his eyes, Chen Tiesin was like a complete brain-damaged person, and such a bizarre idea could even arise in his mind.

Walking up to Chen Tiesin, Huang Snap Yong patted Chen Tiesin's shoulder and said in a long-winded manner, "Chen Tiesin, when will you admit that you're a loser."

Chen Tiesin's face was set, he was expected to have high hopes by the Chen family and no one had ever dared to call him a trash.

Although he had long expected to be humiliated by Huang Snapdragon, the word waste was far beyond what Chen Tiesin could bear in his heart.

"Very angry? What's the point? Can you beat me? And do you know how ridiculous it is that you want to worship your master." Huang Snapdragon continued.

Chen Tiesin clenched his hands to control his impending outburst, as Huang Snapdragon said, he was no match for Huang Snapdragon at all, and even if he really fought, he would be the one to suffer.

"Chen Tiesin, when the truth floats a hundred in the world, you will know how funny this joke is." After saying this, Snapdragon Huang left.

Chen Tiesin's clenched fists oozed a thread of fishy red, this was due to the fact that he was holding his fists too hard, thus causing his nails to cut into his palms.

"Snapdragon Huang, one day, I, Chen Tiesin, will step on your head and return all this humiliation to you." Chen Tiesin said through gritted teeth.

Back at the Chen residence, Chen Tiesin found Yanran Chen.

"Sister, I've found Han Qianqian, I had a chance to kill that trash, but it was ruined by Huang Snap Yong, don't worry, brother will find another chance to avenge you." Chen Tiesin said to Yanran Chen.

Yanran Chen wasn't looking for Han 3000 for revenge, but to confirm her thoughts.

Now, hearing Chen Tiesin say that he wanted to kill Han Three Thousand, it made Yanran Chen panic.

"Brother, what did you do, did you offend him again?" Chen Yanran asked.

Offend him?

Can the word "offend" be used to teach that loser?

Chen Tiesin laughed disdainfully and said, "Sister, with my Chen family's status, is there any need to be afraid of him, so why use the word offended?"

Chen Yanran's face was ashen, she wanted to find Han Marchant, besides confirming her thoughts, she also wanted to ease the relationship between the Chen family and Han Marchant, and Chen Tiesin's appearance had clearly exacerbated the hatred between the Chen family and Han Marchant, this was not the result Chen Yanran wanted.

"Brother, where is he, I want to go see him personally." Chen Yanran said.

"Sister, don't worry, I'll bring his corpse back to the Chen family, what are you going to see him for now." Chen Tiesin said.

Yanran Chen shook her head in panic and said, "Brother, you don't understand, you simply don't understand why I want to see him."

It was true that Chen Tiesin didn't understand the reason, he had racked his brains and only thought that it was possible that Han 3000 had done something wrong to Chen Yanran, and that was why Chen Yanran had recently lost his mind trying to find Han 3000.

"Han 3000 is not as simple as we think, the Chen family can't afford to offend him anymore." Yanran Chen said.

Chen Tiesin frowned.

With the Chen family's status, they still couldn't offend that trash Han Three Thousand, wasn't this a joke?

"Sister, you're confused, Han Qianqian is a piece of trash, does the Chen family still need to take him seriously?" Chen Tiesin felt ridiculous and said.

"No, it's not like that, it's not like that, brother, I suspect that he's hiding his strength, I suspect that he did everything, he's actually an expert." Yan Chen explained.

"An expert?" When Chen Tiesin heard these two words, he couldn't help but feel like laughing inside.

Han 3,000 was an expert, wasn't this the same as Huang Snapdragon calling him a loser?

Chapter 918

Chen Tiesin touched Yanran Chen's forehead, because he felt that Yanran Chen would say such things, it must be because she was sick, otherwise how could she think that Han 3000 was an expert?

"Sister, I know you've been in a bit of a trance lately, take a good rest." Chen Tiesin said.

Yanran Chen plucked away Chen Tiesin's hand and said, "I don't need to rest, brother, what I said is true, take me to see him, I want to confirm this matter."

"Alright, stop fooling around, stay at home, don't go anywhere, brother doesn't want anything to happen to you." Chen Tiesin was ready to leave after saying that.

As soon as she saw this situation, Yan Chen quickly pulled Chen Tiesin's hand and said, "Brother, you believe me, my intuition is not wrong, when the two Wang Xie families brought a strong man of the Four Lantern Realm to blackmail me, it was Han 3000 who took that expert away and never came back."

"There's also Huang Snapdragon, he brought more than ten Two-Light Realm experts to rob Han 3000 outside the city, but none of those experts have returned."

"You know about the incident in the Long Yan Mountain Range, there was only Han Qianqian and Huang Snap Yong with me, with Huang Snap Yong's strength, it was impossible to subdue the Seven Star Exotic Beast, and it was Han Qianqian who did that."

This call seemed to make some sense, but Chen Tiesin felt that Yan Chen was so confused, according to her, wouldn't Snapdragon Huang's master be Han 3000, how could this be possible?

"You've said yourself that Snapdragon Huang wanted to kill Han Three Thousand, but your guess is that Han Three Thousand was also Snapdragon Huang's master, do you think that's valid?" Chen Tiesin was helpless.

It was true that the argument didn't hold water, but Yan Chen knew that there must be many things that she didn't know about and couldn't guess.

And until she met Han Giang, Yan Chen would not deny her thoughts.

"Brother, whether it's true or not, you'll know if you take me to meet Han Marchant." Yanran Chen said with a requesting face.

Chen Tiesin didn't want his sister to meet that trash, and he had brought back another woman with him, so Chen Tiesin was afraid that Yanran Chen would be even more stimulated if she met her.

She was already somewhat mentally abnormal now, and Chen Tiesin didn't want Chen Yanran's condition to worsen again because of this.

"Take good care of Miss, if she leaves the Chen residence, I will only ask you." Chen Tiesin said to the maid, this was a clear indication that he wanted to ground Chen Yanran.

The maid didn't dare to speak and could only nod her head.

After Chen Tiesin left, a trance-like Chen Yanran sat on the edge of the bed, her entire body as if she had lost her soul.

"Miss, I also think your thoughts are too outrageous, what kind of person is Han Qianli, aren't you clear on what kind of person he is, how can he be an expert, and how can he be blown out of the Chen family by the eldest young master when he is so powerful?" The maid said to Chen Yanran, hoping that this would calm Chen Yanran's nerves.

But in her current state, Yanran Chen's oil and salt would not work unless she could personally confirm this matter, otherwise what anyone said would be of no use to her.

"Go find out where Han Qianxiang is for me, I want to go see him." Yanran Chen instructed her maid.

As Yanran Chen's personal maid, all she had to do was to meet any of Yanran Chen's conditions, but just now, Chen Tiesin already had an order that Chen Yanran would never be allowed to leave the Chen family residence.

"Miss, don't make things difficult for me, the eldest young master ordered me to watch over you and not to let you leave the Chen family, if I help you, the eldest young master will not let me go." The maid said.

Yanran Chen looked at the maid with a frosty face and said, "Are you afraid that he won't let you go, aren't you afraid of me?"

"Miss." The maid was so frightened that she kneeled on the ground and said, "Miss, please don't embarrass me, I'm just a servant, you and the young master, I don't dare offend anyone."

"Don't worry, I'll bear the consequences of this matter, but if you don't help me now, you should know very well what the consequences are." Yan Chen said in a cold voice.

The maid was directly frightened to tears, she knew that although Miss was usually easy to approach in normal time, she also had a side like a snake and scorpion, if she really upset Miss, the consequences would be very serious.

"Miss, I can secretly ask questions for you, but I can't guarantee if I can actually find out." The maid said.

"Go ahead."

Shortly after Chen Tiesin returned to his room, Chen Yuanhai arrived.

"How is it, is Han 3000 dead?" Chen Yuanhai asked directly.

"I had a chance to kill Han Qianqian, but Huang Snap Yong appeared at the crucial moment." Chen Tiesin said with a sigh.

"Huang Snap Yong is deliberately rushing at you, right." Chen Yuanhai said with a slight anger.

Chen Tiesin nodded, now was Huang Snapdragon's chance to get back at him, so Huang Snapdragon's appearance didn't surprise Chen Tiesin too much.

"Have you asked him about his master?" Chen Yuanhai asked.

About this matter, Chen Tiesin was also thinking deeply just now.

Now thinking back on what Huang Snap Yong had said in the alley, it made Chen Tiesin feel very strange.

The truth floated in the world.

What exactly was the truth?

Coupled with Yanran Chen's speculations, Chen Tiesin would inevitably wonder, could it be that Huang Snapdragon's master was really Han Qianqian, and that Han Qianqian was really a strong man?

But when Han Three Thousand was blown out of the Chen residence, there was no sign of a strong man in the slightest.

How could a truly powerful strong man be cowardly to such an extent?

"Father, do you think that Han Qianli will be a strong man?" Chen Tiesin asked.

"A strong man?" Chen Yuanhai giggled and said, "Are you silly, why would you think so, if Han Qianqian was strong, I'm afraid my Chen family would have already been exterminated."

Chen Tiesin also thought so, but the words of Yanran Chen and Snapdragon Huang were again really a bit hard to understand.

Next, Chen Tiesin told Chen Yuanhai all about what Yan Chen had said, as well as his conversation with Snapdragon Huang, hoping that Chen Yuanhai would help him analyze it.

After hearing that, Chen Yuanhai's expression became heavy, everything was indeed related to Han 3,000, whether it was the strange disappearance of the Four-Light Realm, the ten or so Two-Light Realms that Huang Snap Yong had brought out of the city, or the events in the middle of the Dragon Rock Mountains, Han 3,000 happened to be involved, which was indeed a bit strange.

What was more important was Huang Snap Yong's so-called truth, and if this truth was also related to Han Three Thousand, Han Three Thousand's identity would be worthy of their re-examination.

"In the beginning, that Four-Light Realm powerhouse disappeared from my Chen residence?" Chen Yuanhai asked.

"Good." Chen Tiesin echoed.

Chen Yuanhai took a deep breath and said, "If he died in my Chen family, his corpse will definitely be in the Chen family as well."

"Father, you mean that if you can find the corpse of that Four-Light Realm expert, you'll be able to prove Han Qianli's strength?" Chen Tiesin questioned.

Chapter 919

Chen Yuanhai nodded, this was the only way he could think of at the moment, since there was speculation in this regard, he should go and confirm it, in case Han 3000 was really a strong man, he might be able to find a way to save it.

"Since there is a possibility in this regard, it's good to confirm it," Chen Yuanhai said.

Although Chen Tiesin felt that the possibility of this matter was minimal, but since Chen Yuanhai had asked for this, he had no choice but to comply, and if the corpse was really in the Chen residence, it wouldn't be difficult for his servants to find it.

Of course, in his heart he didn't want Han Qianxiang to be a strong man, because not only did he despise Han Qianxiang, but he also had an irreconcilable grudge against Han Qianxiang, so if Han Qianxiang was really a strong man, it wouldn't be a blow to Chen Tiesin, and if he offended such a person, Chen Tiesin would have a hard time in the future.

At the same time, Chen Yanran's personal maid had already left the Chen residence, although Chen Tiesin ordered her to keep an eye on Chen Yanran, but forced by Chen Yanran's pressure, the maid had to do so, after all, this big miss is not something she can offend.

Han Three Thousand Year's Boundaries.

Bai Ling Wan'er asked to stay in the same room as Han 3000, but after being forcefully refused by Han 3000, Bai Ling Wan'er had to clean the room next door to Han 3000, so it was a good thing that the amount of work wasn't too big and it wasn't a difficult task for Bai Ling Wan'er.

But there was one thing that made Bai Ling Wan'er very unconvinced, because whenever a man saw her, his eyes would be filled with lust, and this desire was to possess her, but Han Qianxiang didn't reflect this in the slightest, and Bai Ling Wan'er doubted herself for the first time.

Could it be that what she was able to attract was just some ordinary men?

A truly powerful person like Han Giangli doesn't even look at her?

Looking at herself in the bronze mirror, Bai Ling Wan'er deliberately flipped her long sideburn hair behind her ears, her delicate face free of any flaws, her beauty was almost deathless, but why would Han Qianqian refuse her initiative to throw herself at her?

"Is it, like the other adults said, that he doesn't have that ability at all?" Bai Ling Wan'er speculated to herself.

"If I can't tempt her with beauty, what else can I do?" Bai Ling Wan'er looked like she was hanging her head in shame.

Beauty didn't work, and even the Bai Ling Family's secret treasury was unable to move Han Sangsan, which made Bai Ling Wan'er feel helpless.

But she couldn't give up on becoming Han Three Thousand's disciple, because not only was Han Three Thousand the strongest person she had seen so far in her life, but she believed that Han Three Thousand's realm was incomparable to even those experts of the Imperial Court, and such a person was most suitable to become her master.

Of course, a husband was also possible, but it was a pity that he wasn't a real man, and it was even less realistic to become a couple.

"Do you know how to cook?" At this moment, Han Qianqian walked to the door of the room and asked Bai Ling Wan'er.

Although Bai Ling Wan'er was born into a noble family, her nurse had secretly left after nursing her only until she was ten, and for the next six years, Bai Ling Wan'er had lived alone, her cooking skills honed long ago.

"It will." Bai Ling Wan'er said.

"I'll leave the cooking at home to you in the future." Han Giangli said.

"With what? I'm not your disciple, much less your wife, so why should I cook for you." Bai Ling Wan'er looked unconvinced and said to Han Giangli.

"If you don't cook, you have a second choice, which is to leave my home, so why should I let you live here for nothing?" Han Giangli said.

Bai Ling Wan'er was suddenly discouraged and could only say, "I'm just saying casually, don't take it seriously."

"I'm just saying casually too." Han Qianli laughed.

This little girl thought of bargaining with him all the time, but how could she have the qualifications to bargain, how could she not bow her head when she was a parasite.

Bai Ling Wan'er's cooking skills were good, and while Han Qianqian was tidying up the flower garden in the courtyard, she soon smelled the aroma coming from the kitchen and couldn't help but walk to the kitchen.

Watching Bai Ling Wan'er's skillful operation, Han Giangli smiled and said, "I didn't think you were really good at it, it looks like there's still some value in having you stay."

"If you can make me an apprentice or wife, I can cook you more delicious food." Bai Ling Wan'er spread her face and smiled charmingly.

"When can we start eating?" Han Three Thousand couldn't help but ask.

When Bai Ling Wan'er saw Han Qianli deliberately avoiding her topic, she wasn't angry, anyway, as long as she could stay by Han Qianli's side, she still had a chance, and as long as she was persistent, she could grind a pestle into a needle.

Just as dinner was being prepared, another uninvited guest came to the other courtyard.

As Yanran Chen's personal maid, Han Three Thousand was also very familiar with her, but Chen Tiesin had just left a foot before and this maid had come again, leaving Han Three Thousand somewhat confused.

"What are you doing here?" Han Qianli asked in a calm tone.

When the maid saw Bai Ling Wan'er, she was furious, she didn't expect Han Qianli, who had just been kicked out of the Chen family, to find another lover so quickly, but more importantly, this woman's looks were not at all inferior to the lady, and she didn't know how Han Qianli, a trash, had managed to fool this girl.

"My lady wants to see you." The maid said in a cold voice.

"I'm no longer related to her, am I right, if she wants to see me, I have to visit her, what kind of reasoning is that?" Han Marchant said.

"Miss is grounded, so she can't leave the Chen residence, but these days, Miss has been looking for you." The maid said, she was able to leave the Chen residence, but she also had to grind her lips and find many excuses, under the surveillance of Chen Tiesin's men, the chances of Yanran Chen wanting to leave the Chen residence were almost nil.

"Looking for me?" Han Qianqian looked at the maid in confusion, there was no affection between him and Yanran Chen, and this Miss Chen, who could never have real feelings for him, how could she find him for no reason?

"If Miss hadn't saved you in the first place, you'd be dead now, and now that Miss wants to see you, shouldn't you go see her out of gratitude?" The maid said.

Although Han Three Thousand didn't know what it was like when he was unconscious, he had been unconscious for a long time, and if it wasn't for Yanran Chen, he might have actually died.

Although Yanran Chen had a purpose for leaving him behind, saving his life was something that Han 3000 could not deny.

"Did she say what she was looking for me for? And the current Chen residence isn't something I can go to just because I want to, right?" Han Marchant said.

"You disguise yourself as a servant and I can take you into the Chen residence, but as for what the lady is looking for, I don't know." The servant girl said.

Chapter 920

"Don't go."

Before Han Marchan could reply, the frosty-faced Bai Ling Wan'er spoke up.

She didn't want Han Three Thousand to meet any woman right now, and to Bai Ling Wan'er, any woman who came close to Han Three Thousand was a threat to her.

Han 3000 smiled helplessly, the hostility Bai Ling Wan'er showed was like someone trying to steal her husband from her, this little ninny wouldn't really think of herself as a candidate for husband in her heart, would she?

"Who are you to speak here?" The maid looked at Bai Ling Wan'er with a cold face, she was already very dissatisfied with Bai Ling Wan'er's appearance, but now Bai Ling Wan'er dared to interject without a reason, this was a bump towards the gun, giving her the opportunity to berate Bai Ling Wan'er.

"I'm her wife." Bai Ling Wan'er said.

The maid gritted her teeth, although she had speculated about this when she saw Bai Ling Wan'er, but she didn't expect it to be true.

It had only been a short time since Han Qianqiang had been kicked out of the Chen family residence, and he had found a new woman so quickly, this was not caring about the lady's feelings at all ah.

"Don't listen to her nonsense, we're just friends, not going over to see Yan Chen, in my opinion, there's indeed no need, what I owe her has actually been replaced to her already." Han Qianli said indifferently, not to mention that Wang Xie and his family had gone to threaten Chen Yanran, just in the middle of the Dragon Rock Mountain Range, Han Qianli had saved Chen Yanran's life.

One life for one life, the two were already considered to have cleared the air.

"Han Three Thousand Year, do you have to be so ungrateful?" The maid gritted her teeth and said.

"Ungrateful?" Han Giangli couldn't help but laugh, being kicked out of the Chen residence, even though it was Chen Tiesin's doing, Yanran Chen must have acquiesced to it.

Since Yanran Chen had already taken the initiative to draw the line between the two of them, how could they talk about the word ungrateful?

"Isn't it true, Miss lost her soul for you, how can you be so heartless." The maid said.

Losing your soul?

Han Qianqian didn't understand the meaning of the maid's words, there had never been a moment of emotion between him and Chen Yanran, and Chen Yanran had always treated him like a stranger, so how could she lose her mind over him?

It might have made sense if there had been a longer period of contact and Yan Chen had fallen in love with Han Giang, but between the two of them, there was no emotional exchange, and they even saw each other for very little time.

"She can't be looking for me because she's in love with me, what exactly is it for?" Han Qianqian asked.

"Miss won't say anything, even when the young master wanted to ask, Miss kept her mouth shut, but she said there were some things she wanted to find you in order to confirm." The maid said.

To confirm certain things?

Han Giangli frowned, could it be that his strength had been accidentally exposed and Yanran Chen had discovered it?

If that was the case, Yan Chen's loss of consciousness would be explained.

After all, if she knew she was a strong man, it wouldn't be impossible for her to come back to her senses, or to want to return to the Chen residence herself.

But the Chen residence was nothing more than an optional life experience for Han Qianli, and he didn't care.

"Tell your lady that there's no need for me to meet with her, so go away." Han Third Thousand directly issued an eviction order.

Seeing that the maid still didn't want to leave, Bai Ling Wan'er stood up, walked over to the maid, and said in a high and mighty voice, "Can't you understand human language, so hurry up and leave."

The maid was a servant of the Chen family's residence, as the saying goes, even if you beat a dog, you have to look at the master, how could she endure a young girl talking to her in such a posture.

"What kind of a thing are you, why should I listen to you." The maid looked at Bai Ling Wan'er with cold eyes.

Although Bai Ling Wan'er was still a girl, she was born into the Bai Ling family and had an innate strong spirit, and she had already looked at this maid with displeasure, because the maid's eyes when she looked at Han Qianqian had an inescapable contempt, as if she had deliberately underestimated Han Qianqian.

Slap!

Bai Ling Wan'er slapped the maid's face with a loud slap and said in a cold voice, "Hurry up and leave, or else I won't be polite to you."

The maid covered her face and looked at Bai Ling Wan'er incredulously, she never thought that Bai Ling Wan'er would dare to do anything to her.

"Dead girl, I'll make you regret it and make you kneel before me and apologize." The maid let out harsh words.

Bai Ling Wan'er raised her hand again, not at all intending to be polite to the maid.

When the maid saw this, she could only spread her legs and ran away.

Returning to the table to continue eating, Bai Ling Wan'er, who had beaten someone, acted as if nothing had happened.

But the air pressure at the dining table had clearly become much lower.

"What is her lady's relationship with you?" After a long period of silence, Bai Ling Wan'er finally couldn't help but ask Han Qianli, who seemed to be a bit jealous from her tone.

"The former couple's relationship, and it's still the nominal kind, and Yan Chen only uses me as a tool to use." Han Giangli said.

"Nothing really happened?" Bai Ling Wan'er looked at Han Qianqian questioningly.

Han Qianqian put down the chopsticks and said indifferently, "There's no need for me to explain these things to you, right, and you're not in a position to meddle in my meddling."

Bai Ling Wan'er bit her teeth, it was true that the current her had no position to meddle in these matters, but the other women were related to Han Qianli, and her heart was somehow very uncomfortable, like the feeling that her beloved thing was about to be taken away from her.

"You can't have a relationship with any woman but me," Bai Ling Wan'er said.

"Right, I forgot to tell you, I've actually already gotten married, and I even have a child." Han Qianli smiled, although Su Yingxia and Han Nian weren't from Xuanyuan World, but in Han Qianli's concept, whether it was Earth or Xuanyuan World, it wouldn't affect his loyalty to Su Yingxia.

Bai Ling Wan'er's face was pale, she never would have thought that Han 3000 would already be a married man and a father.

But soon, Bai Ling Wan'er's face eased, in Xuanyuan World, polygamy was the norm, and even if Han 3000 had a wife and children, it wouldn't affect her from becoming Han 3000's woman.

Although Bai Ling Wan'er felt that she could become Han 3000's wife or disciple regardless of whether she became Han 3000's wife or disciple, she obviously wanted to become a wife even more, because only then would she be able to bind Han 3000 and herself together completely, and be able to obtain Han 3000's help in avenging the White Spirit Family.

"Bai Ling Wan'er, I know you want me to help you take revenge, but it's not the best way to do it, and between you and me, it's absolutely impossible." Before Han 3000 left the table, he said to Bai Ling Wan'er, which was considered a very resolute statement of his attitude.

However, Bai Ling Wan'er pretended not to hear it in general, not caring at all.
