

His True Colors Chapter 921-930

Chapter 921

"What happened to your face? Did my brother find out?"

After the maid returned to the Chen residence, Yan Chen saw the swelling and redness on her face and mistook it for Chen Tiesin's beating, and for a moment felt a little guilty, as she was the one who had asked the maid to go find Han Giang.

"Miss, I've seen Han Qianqian." The servant girl said.

"Where is he, and why didn't you bring him to me." Hearing the words Han Qianqian, Chen Yanran's emotions instantly flared up, her desire to see Han Qianqian was urgent.

"Miss, the wound on my face was inflicted by his wife." The maid continued.

"Wife!"

A spring thunderstorm sounded in Yanran Chen's ears.

Han Qianqian already had a wife!

How could this be.

It had only been a short time since he left the Chen residence, how could he have a wife so soon?

Yan Chen took a deep breath and asked, "What's going on, where did he get a wife?"

"Miss, you're not really in love with Han Qianli, are you?" The maid was puzzled, she really couldn't understand why Miss was looking for Han Qianqian, and what was so worthwhile for Miss to keep this trash, who now had a new woman?

"I'm not looking for him because I like him, but there are other reasons, which concern the Chen family's future position in Long Yun City." Chen Yanran said.

"But he has made it very clear that there is no longer any connection between you and him, so he will not come to see you." The maid said.

"Where he lives, you take me to him, I must see him." Yanran Chen said.

"Miss, the eldest young master has ordered someone to watch over you, you have no chance to leave the Chen residence, so you should give up." The maid said.

Yanran Chen shook her head.

Give up?

Those two words were absolutely impossible for her, and there was no way she would give up on seeing Han 3000 without confirming his strength.

"Help me think of a way, I must see him, and I must see him." Yan Chen said in a commanding tone.

The maid had a helpless expression, in her eyes, Yanran Chen was like a madwoman, how could a trash like Han 3000 be worth the risk to meet?

If Chen Tiesin knew about this matter, Yan Chen wouldn't be punished, but the maid would be unable to escape the bad consequences.

"Miss, if the young master knew, I would d*e." The servant girl said.

"If I can't see Han Giang, you'll d*e too." Yanran Chen said with a frosty face.

Thinking back to when Han 3000 was kicked out of the Chen family residence and Yanran Chen didn't ask any questions about it, at that time, she would never have dreamed that she would have such a desperate need to see Han 3000.

The next day, Chen Tiesin and Chen Yuanhai, father and son, met in the backyard.

Chen Yuanhai scattered the fish material in his hands, and the koi in the pond flipped up countless waves in order to grab food.

"Father, I've ordered people to search all the places in the house where the bodies can be hidden, but we found nothing, so it seems our guesses were wrong." As he said this, Chen Tiesin revealed a relieved expression, as he inherently did not want this matter to be true.

Chen Yuanhai frowned, if that Four Lantern Realm powerhouse hadn't died, how did he leave the Chen family without a reason?

It was simply unrealistic for Han Giangli to be able to make the Four Lanterns leave with a single mouth.

"Has every corner been searched already, are there any places we missed?" Chen Yuanhai asked.

"There's no way we missed anything, father, it should be us overthinking." Chen Tiesin said.

Chen Yuanhai let out a long sigh and said, "But why did the experts brought by Wang Xie and his family leave for no apparent reason, and what is the explanation for what happened in the Central District of the Long Yan Mountain Range."

"There's no doubt about this matter of Huang Snapdragon having a master, it's all related to Huang Snapdragon's master, we can't link his master to Han 3000." Chen Tiesin said.

"But were Huang Snapdragon's words just a casual remark with no other deep meaning?" Chen Yuanhai was puzzled.

On this issue, Chen Tiesin had also carefully thought about it, and in his opinion, it might be that Huang Snapdragon was just playing a mysterious game, trying to hide his identity for his master.

"Father, I think that Huang Snap Yong deliberately diverted our attention in order to conceal his true identity for his master, probably because he was afraid of being found out by us." Chen Tiesin said.

Chen Yuanhai shook his head and laughed, afraid of being found out?

Isn't that a joke?

If the Chen family really dared to go to its roots, that strong man could wipe out the Chen family overnight, so why would he be afraid?

"Search again, even if you've searched, and then look at all the land in your home for any signs of soil turning," Chen Yuanhai said.

Chen Tiesin sighed, in his opinion this was an unnecessary waste of manpower, it was simply impossible, so why waste time?

"The grounding of your sister has also been lifted, perhaps it would be more prudent to have her meet with Han Giang." Chen Yuanhai continued.

"Father, how can this be possible, my sister must not go to meet Han 3000 in her current situation." Chen Tiesin retorted.

Chen Yuanhai turned around, looked at Chen Tiesin and said, "Do you know that if this matter isn't confirmed, my Chen family will live in a huge shadow, whether he is really a waste or a hidden strong man, we need real evidence to prove it, our arbitrariness will most likely lead to the destruction of the Chen family."

Seeing Chen Yuanhai's tough attitude, although Chen Tiesin was still a little reluctant, he could only accept it.

The current Chen family was still Chen Yuanhai's to say after all.

"Yes, father, I'll go and explain my servant's work first."

"Go."

After Chen Tiesin left, Chen Yuanhai scattered all the fish material in his hands, the koi snatched food and exploded into huge water splashes, just as Chen Tiesin was about to exclaim that even the fish needed effort to live, his eyes suddenly changed.

The Place of Hidden Corpses!

Chen Tiesin had ordered his subordinates to search all the corners of the Chen residence, but the pond seemed to have been overlooked by Chen Tiesin, and wouldn't sinking the body at the bottom of the pond be the best option?

Chen Yuanhai's breathing suddenly became quicker, his intuition telling him that the corpse of that Four Lantern Realm powerhouse was most likely in this side of the pond.

"Call Chen Tiesin back immediately." Chen Yuanhai said to the housekeeper beside him.

The steward was an old man, but was quick on his feet and quickly summoned Chen Tiesin back.

"Father, what else have you ordered?" Chen Tiesin asked to Chen Yuanhai.

"This square pond is something you have never looked for, right?" Chen Yuanhai asked.

"Father, the koi in this is your most beloved object, how dare I touch it." Chen Tiesin said.

"Have your servant release the water." Chen Yuanhai said.

Chen Tiesin's eyebrows furrowed as Chen Yuanhai said that, and he immediately understood what Chen Yuanhai meant.

Chapter 922

The entire Chen residence inside and out Chen Tiexin had his servants search the entire residence and found nothing, but this backyard pond Chen Tiexin did not dare to touch, because this pond is Chen Yuanhai's beloved koi carp.

The first thing you need to do is to take a look at the pond, which is a good place to hide the body.

As the water level of the pond gradually dropped, Chen Tiexin became more and more nervous, even his breathing became rapid, this kind of reaction showed that he was worried and afraid, he was afraid that corpses would really appear here, afraid that Han 3000 was really as they suspected.

One had to know that when Chen Tiesin had expelled Han 3000 from the Chen residence, he had deliberately laid a trap for Han 3000, causing many people to watch, deliberately trying to make those people look at Han 3000's jokes, hoping to use this to make Han 3000's reputation in Long Yun City infamous.

Chen Tiesin had taken things this far, leaving absolutely no way out for himself, and he couldn't imagine how he would have faced this matter if Han Three Thousand was truly a strong man.

"Father, do you think the corpse is really in here?" Chen Tiesin asked to Chen Yuanhai.

Chen Yuanhai's expression also became more and more condensed as he thought about it, in the entire Chen residence, the easiest place to hide the body was here, so it was reasonable that the body could not be found in other places.

But whether it was there or not, this was not something Chen Yuanhai could determine.

"Everything can only be known when we see the results." Chen Yuanhai said.

Chen Tiesin no longer spoke, but quietly waited at the side.

The water level wasn't dropping fast, but the two of them didn't feel anxious at all inside, and even Chen Tiesin hoped that the water would never be drained, only then would he have an excuse to escape reality.

In the evening, the pond was finally only knee-deep in water, and under these circumstances, everything at the bottom of the pond could almost be visible to the naked eye.

A human-shaped unidentified object appeared in front of the two.

This situation caused Chen Tiesin to turn pale, it was impossible for this side of the pond to have drowned for no reason, if a corpse really existed, it would most likely be that Four Lantern Realm expert.

"Father." Chen Tiesin took a deep breath and shouted to Chen Yuanhai.

Chen Yuanhai's hands trembled slightly, this was not the outcome he wanted to see, but it was not something he could just run away from.

"Have your servant go and see what's going on." Chen Yuanhai said.

Chen Tiesin immediately said to the servant beside him, "Go retrieve it and see what it is."

A few of the servants went straight into the water and smelled a foul odor after getting close to the mannequin.

"Master, young master, this is a corpse."

"Lift it up." Chen Yuanhai said with a livid face.

The corpse had been submerged in the water for too long, the corpse had perked up and would decompose upon touching it, a few servants endured the nausea inside and fought the corpse back to shore.

When Chen Yuanhai approached, he was not frightened by the corpse's appearance, but asked the nearby servants, "Have any of you seen this person before."

The best person to identify the corpse was Yanran Chen, but Chen Yuanhai didn't want Yanran Chen to know about it yet, and with such a terrifying aspect, Chen Yuanhai didn't want to scare Yanran Chen.

The few servants nearby didn't say anything, which excluded the possibility that they knew each other.

Chen Yuanhai continued to ask, "When the two Wang Xie families came to my Chen residence, who were present."

"Master, the housekeeper should be aware of this matter, he was the one who received the heads of the two Wang Xie families." A certain servant said.

"Where is the housekeeper, bring him to me immediately."

In a short time, a middle-aged and elderly looking man ran over panting, and when he saw the corpse on the ground, he was frightened by its decaying appearance and sat directly on the ground.

"Look at this man do you know him?" Chen Yuanhai said to the butler.

The housekeeper shuddered in fear and said, "Master, this matter has nothing to do with me, I didn't kill the person ah, I beg your discernment."

Chen Yuanhai helplessly looked at the housekeeper and said, "If you can kill him, why do you need to be a housekeeper in my Chen family, I know that you didn't kill the person, I'll let you see the person's face, do you recognize him."

The housekeeper was already scared to death with just one look, how could he have the courage to take a second look, he shook his head straight and said, "Master, I don't recognize him, I don't."

At this time, Chen Tiesin walked up to the housekeeper, grabbed the housekeeper's neck and said, "Open your eyes and take a good look, or you'll go to the Yellow Springs to be his companion."

The words almost made the housekeeper pee, which forced him to open his eyes and carefully examine the corpse.

Although the corpse's appearance had foamed and changed, it was still possible to see his previous appearance through the general outline.

When the face was clearly seen, the steward's expression became stunned.

"This this, this is not"

"It's not anything, so you should say it quickly." Chen Tiesin said impatiently.

"Young Master, isn't this the Four Lantern Realm expert brought by the Wang Xie two families at first, how did he die here." The housekeeper said in horror, the day the Wang Xie two families came to

the Chen residence to look for trouble, it was the housekeeper who personally received them, and he had specially observed that Four Lantern Realm expert, so his appearance, the housekeeper remembered very clearly.

That day, the housekeeper had thought that Miss was going to compromise with the Wang Xie family, after all, they had brought an expert with them.

But later on, when he heard that the Four Lantern Realm expert had inexplicably disappeared and the two families had returned without success, the housekeeper thought it was strange how a living person could disappear for no reason at all.

It wasn't until this moment that the housekeeper realized how this was not a disappearance, it was simply death, and in the backyard pond!

But who in the entire Chen residence could be a match for a Four-Light Realm expert, and who had the strength to kill him?

"Hey, young master, what's wrong with you." The housekeeper suddenly found Chen Tiesin limp on the ground and hurriedly expressed his concern.

With a face as white as paper, Chen Tiesin's limbs went limp and he didn't even have the strength to stand, because after confirming the identity of the corpse, it was already enough to show that he had made a terrible mistake and he had driven a truly strong man out of the Chen residence.

For many years, Chen Tiesin had been running all over the imperial court territory in order to find a master with a profound realm and worship him as his master, thus improving his cultivation, but such a strong man had appeared in the Chen Family Residence, and he had passed by this opportunity.

Not only that, the existence of such a hatred even made Chen Tiesin feel desperate.

"Young Master, are you alright." The butler wanted to assist Chen Tiesin, but his strength could not help Chen Tiesin at all.

Chen Yuanhai took a deep breath of cool air and said to the butler and the crowd of servants, "You guys go and dispose of the corpse, no one must know about this matter."

Chapter 923

"Housekeeper, this is a Four Lantern Realm expert, why is the body in the backyard pond?"

After the housekeeper and a group of servants led the corpse away, an unidentified servant asked the housekeeper.

The housekeeper also found this strange, if it were an ordinary person, it would be understandable for him to accidentally lose his footing and die in the pond, but this person was an expert brought in by the Wang Xie family to deal with the Chen family, to say that he lost his footing and drowned in the pond, this was absolutely impossible.

And looking at Chen Tiesin's reaction, this man's death was definitely not simple, otherwise, it would be impossible for him to have that kind of overly shocked reaction.

"I remember, it seems like this Four-Light Realm powerhouse was taken away by that trash that day, and it was precisely because he disappeared somehow after being taken away." The housekeeper said.

"Butler, what are you joking about." The man laughed, and not only that, several other servants also laughed.

"Butler, you're not going to say that that trash killed this man, are you."

"How is that possible, he's a useless person who was unconscious in the Chen family for nearly half a year, how could he have killed a Four Lantern Realm expert."

"Yeah, this is a Four Lantern Realm expert, in our Long Yun City, that's a first-rate expert."

Hearing these words, the steward's face suddenly changed.

On the surface, this matter was indeed unlikely, but judging from Chen Tiesin's reaction, it was most likely Han Qianqian's doing.

Why would Chen Tiesin react in shock, even if this Four Lantern Realm powerhouse died in the Chen residence, what did it matter if the two Wang Xie families knew about it?

The only possibility was that his death was not simple, and that was why Chen Tiesin was overly frightened.

"Don't make wild guesses, this matter has nothing to do with us." After saying that, the housekeeper paused and continued, "Also, don't mention that person again in the future, don't blame me for not reminding you guys, be careful of talking too much and attracting death."

When the steward said such words, those servants naturally did not dare to talk too much.

By the pond.

Both Chen Yuanhai and his son were as if they had lost their souls, although they could still make excuses that even if a Four-Light Realm expert died in the pond, it wasn't necessarily Han Qianqian's doing.

But this excuse was so far-fetched that even Chen Yuanhai himself didn't believe it.

Could it be that the entire Chen Residence could find another person who was qualified to kill a Four Lantern Realm expert?

And wasn't that Four Lantern realm powerhouse from that day that disappeared after being taken away by Han Qianxiang, so there was only one explanation for this, and that was that Han Qianxiang had hidden his realm!

Not only had the Four Lantern Realm powerhouse been killed by him, but even Huang Snapdragon's Seven Star Exotic Beast had been tamed by him, these two events could almost cause Chen Yuanhai and Chen Tiesin to despair.

"Father, is this true?" Suddenly, Chen Tiesin slapped himself, he very much wished that he was dreaming, but the pain on his face told him that this was reality.

At this time, Chen Tiesin was endlessly regretful.

In the past, when he thought of Han Qianli being driven out of the Chen residence by him, he would still be proud of himself, but now, he had no other emotions other than regret.

The corner of Chen Yuanhai's mouth raised a bitter smile, this should have been an opportunity for the Chen family to become stronger in Long Yun City, even to dominate the city and rule over the entire city, but now, the Chen family was in danger.

Having offended such a strong man, who knew when he would take revenge on the Chen family?

And once when his revenge came, it was something that no one in the Chen family was capable of resisting.

"Never would I have thought that a person who was treated as trash by my Chen family would possess such a strong strength." Chen Yuanhai said with a sigh on his face.

"Father, could it be, there are other possibilities?" Chen Tiexin looked at Chen Yuanhai with an expectant face, he especially hoped that Chen Yuanhai would be able to give an other reasonable explanation, as long as he could explain that the person was not killed by Han Qianqian.

But the result was destined to disappoint Chen Tiesin.

Even if Chen Yuanhai didn't want to admit it in his heart, he would never find an excuse to self-deceive.

The facts were already in front of him, so was there any use in making excuses?

Did he really mean it when he said he didn't kill Han Qianqian?

"Even if you don't want to admit it or accept the reality, it's useless, other than him, who else in the Chen Family Residence can do this." Chen Yuanhai said weakly.

After hearing this, Chen Tiesin's eyes became even more desperate, as if he had fallen into an endless abyss and could never get up again.

"Father, what should I do now, I drove him out of the Chen family and brought him countless humiliations, what should I do." Chen Tiesin looked at Chen Yuanhai like a plea for help, he didn't want to die, and he didn't have the courage to bear the wrath of Han Qianli's revenge.

Chen Yuanhai took a deep breath, it was indeed not a good thing to offend such a strong man, it would make the entire Chen family live in dire straits.

This matter, however, was not without a solution.

"There is only one way." Chen Yuanhai said.

"What solution?" Chen Tiesin asked eagerly.

"Only your sister can come forward, and perhaps we can still salvage this matter, he, after all, is a man." Chen Yuanhai said.

Chen Tiesin immediately understood what Chen Yuanhai meant.

As long as Yanran was able to reunite with Han Giang, then this hatred would naturally vanish, and Chen Tiesin would also be able to have Han Giang help him improve his realm as his brother, which was a more justifiable reason to even save the need to pay homage to his master.

"I'll go find Yanran right away." Chen Tiexin said.

Chen Yuanhai grabbed Chen Tiesin by the shoulders, it wasn't appropriate for him to meet Yanran in his current emotional state.

"What's wrong?" Chen Tiesin asked in puzzlement.

"Your sister still doesn't know that we've confirmed Han Qianli's strength, if you go to see her like this, she definitely won't agree to you." Chen Yuanhai said.

"Then what should I do?" Chen Tiesin said.

Chen Yuanhai frowned tightly, it was best for Yanran Chen to go to meet Han Giang with her true feelings, to give Han Giang the illusion that Yanran Chen was in love with him and wanted to get him back, in this case, Yanran Chen didn't know that Han Giang's strength was best, because it was the only way to show her true feelings.

"Hasn't Yanran been distraught because of him lately?" Chen Yuanhai asked.

Chen Tieshin nodded and said, "My sister should also be distraught because she doubts Han Qianli's true strength."

"You should tell her tomorrow morning that the only way to know Han 3000's true realm is to salvage their relationship, and tell her that you are distressed and willing to let her try, but you have to remind her that she must not show her true intentions in front of Han 3000, so let her show her love for Han 3000 The love will be fine." Chen Yuanhai said.

Chapter 924

Late night.

Chen Tiesin lay on his bed tossing and turning, not even having the courage to close his eyes, he was afraid that once he closed his eyes, he would never have the chance to open them again.

Offending an unknown expert of Han Qianqian's realm could not be easy for Chen Tiesin.

The previous complacency of driving Han Third Thousand out of the Chen residence and making the crowd sneer and watch had now become Chen Tiesin's nightmare, and he couldn't help but break out in cold sweat at the thought of it, a feeling like his life was passing away.

And he had even gone to Han Marchant's other courtyard and broke open the door to k*ll Han Marchant.

Remembering this incident now, Chen Tiesin was even more terrified.

If it wasn't for the timely appearance of Huang Snap Yong at that time, he might have lost his life in that courtyard.

Previously, Chen Tiesin thought that Han 3,000 was lucky that Huang Snapdragon had appeared to save him.

But now Chen Tie Xin realized that he was lucky enough, once he really had killed Han Qianxiang, would Han Qianxiang still be able to get away with it?

Chen Tiesin, who hadn't slept all night, got up at dawn and appeared to be a bit depleted.

When she came to Chen Yanran's room, the personal maid just happened to go out to fetch face-washing water for Chen Yanran, and felt guilty when she saw Chen Tiesin, after all, she had disobeyed Chen Tiesin's orders and left the Chen residence to meet Han Qianli.

"Eldest Young Master." The maid shouted with her head down, her guilty conscience not daring her to look up at Chen Tiesin at all.

"Has Yanran woken up yet?" Chen Tiesin asked.

"It has woken up." The maid said truthfully.

Chen Tiesin nodded and said, "You go busy with other things."

"Yes."

The maid knew that Chen Tiesin was reminding her not to go back to her room, but she didn't understand what Chen Tiesin was looking for Chen Yanran for this early morning, was it no longer enough to ground Chen Yanran now?

When I walked into the room, Yanran Chen, who was already dressed, was combing her makeup in front of the bronze mirror.

For the stunningly beautiful Yanran Chen, the first thing she did every morning was to dress up beautifully, and she didn't want her shaggy appearance to be seen by others.

"Didn't I tell you to go fetch water, how come you're back so soon." Yan Chen heard the sound of footsteps and said without turning back.

"It's me." Chen Tiesin said.

Yanran Chen turned her head in surprise and said, "Brother, what are you doing here."

Chen Tiesin managed to pull out a hint of a smile and said, "Couldn't I have come?"

"Brother, you're so haggard, haven't you slept well?" Yanran Chen questioned.

Chen Tiesin sighed and asked to Yanran Chen, "Sister, are you in love with Han Giang?"

Yan Chen's eyebrows furrowed, not quite understanding why Chen Tiesin would suddenly say that.

"Brother, I told you, I'm looking for Han 3,000, there's no other reason, I just want to confirm his identity." Chen Yanran said.

"Silly girl, if he really is an expert, how could he tell you so easily, if you want to know the truth of the matter, you have to think of other ways." Chen Tiesin said.

Yan Chen was even more puzzled because Chen Tiesin's attitude towards this matter was one of rejection and disbelief, but today his attitude was very strange, as if he still wanted to help think of other ways.

"Brother, what's wrong with you?" Yanran Chen asked.

"I know that you won't die if I don't give you this chance to prove it, and my brother doesn't want to see you in a trance every day anymore." Chen Tiesin said.

Yanran Chen was stunned for a moment, then with a face full of surprise, she asked, "Brother, do you agree that I should go see Han Giang?"

"If I don't agree, can I bear to watch you lose weight every day?" Chen Tiesin deliberately made a helpless expression and said.

That made Yanran Chen happy, she was trying to figure out how she could leave the Chen residence to meet Han Giang, and now that Chen Tiesin agreed, she didn't have to rack her brains.

"Brother, thank you." Chen Yanran said excitedly.

"But brother has just reminded you that it's not that easy to know Han Three Thousand's true realm." Chen Tiesin said.

"Brother, what should I do?" Chen Yanran asked.

"Why don't we let Han Qianqian return to the Chen family first, since he is your husband, he should also return to the Chen mansion, so let's just forget about the past." Chen Tiesin said.

Let Han Third Thousand go back to the Chen Family Residence.

And Chen Tiesin actually took the initiative to say such words as Han Three Thousand was her husband, which made Yan Chen feel a bit surprised.

In the entire Chen residence, even those servants had never acknowledged Han Three Thousand's identity, so how could Chen Tiesin suddenly think this way?

Feeling weird, Yan Chen asked, "Brother, you're not sick, are you."

"Brother just doesn't want you to waste too much time and energy on this matter, and doesn't want this matter to make you worry, it's the most feasible way." After saying that, Chen Tiesin hesitated for a moment and continued, "Only if you treat Han Giang well will he truly treat you and tell you what you want to know."

Although there was indeed some truth in saying so, Yan Chen still felt incredulous because Chen Tiesin's attitude had changed so much.

"Brother, you don't know anything already." Yanran Chen asked.

Chen Tiesin didn't change his face, he just smiled and looked very helpless, then said, "What can I know, this is the result of my discussion with my father, you've been a pain in my father's heart for a while, if it wasn't his idea, do you think I would have agreed?"

Yan Chen pursed her lips, she also knew that her state during this time would indeed be worrying, but she simply couldn't help herself, it was like a demon was stirring inside when she thought of what Snapdragon Huang had said.

"Brother, I'm sorry for making you guys worry." Yan Chen said with a face of self-loathing.

Chen Tiesin stood up and walked to Yanran Chen, patted her shoulder and said, "You're my sister, it's reasonable for me to worry about you, but I've figured it out now, you can do whatever you want, it's not good to be the brother who keeps stopping you, but you have to remember my reminder, if you want to know the truth of the matter, you can only be nice to him, and you can even behave Out yourself like him."

"I know what to do, brother, but what if this thing turns out to be a lie?" Chen Yanran asked.

Fake?

Chen Tiexin hoped it was fake, but through last night's events, Han Qianqian's strong identity had almost been confirmed, so how could it still be fake?

But on the surface, Chen Tiesin still made a show of not knowing anything and said, "Whether it's true or not, as long as it makes you happy, it's also up to you to decide how you're going to treat Han Giang in the future."

"Brother, you're so good to me, I'm too happy to have a brother like you." Yanran Chen, who had no idea that she was being used, said to Chen Tiesin with a cheerful smile on her face.

After Chen Yanran, who had gotten her ban lifted, left Chen Tiesin, her heart to go see Han Giangxi became uncontrollable, as it was something that had long been impatient for her, and she couldn't bear it even for a second longer.

Leaving the Chen family courtyard, with the maid leading the way, Yan Chen walked briskly, making her way towards Han Giang's other courtyard.

Inside the Chen Family Residence.

Chen Tiesin came to Chen Yuanhai's study and told Chen Yanran what he had explained to him.

"Only Yanran Chen can reverse this matter, I hope she won't disappoint us, otherwise, I'm afraid the Chen family will be devastated." Chen Yuanhai said with a sigh, now to him, Han Third Thousand's strength was almost confirmed, so he had to put his hope on Yanran Chen.

What Chen Tiesin had done to Han 3,000 before, this was enough to make the Chen family fall into the abyss, and whenever Chen Yuanhai thought about this matter, his heart would cringe.

The Chen family was able to be today, but after several generations of hard work, Chen Yuanhai didn't want the Chen family's foundation to be destroyed in his hands.

Chen Tiesin felt the same way, he didn't want to die, he even wanted to be able to help him break the border as his brother-in-law, so he was also hoping that Han Jiangan could forgive Yan Chen, the best outcome would be for the two of them to get back together and for Han Jiangan to return to the Chen family mansion.

But how likely this matter was, it wasn't something Chen Tiesin dared to imagine.

"Father, how likely do you think this matter is to succeed?" Chen Tiesin asked.

Chen Yuanhai was silent for a moment, then shook his head.

The odds were too small for him to say or think about.

But with Han Qianqian's status as a strong man, if he was not moved by beauty, the chances of success were very small.

But on the other hand, thinking about it, how could Han 3000's strength be lacking in women?

Although Yanran Chen was considered a top-notch posture in Long Yun City, Han Qianli was qualified to go within the Imperial Court, and the women there were still at his disposal?

Sighing, Chen Yuanhai said, "Now we can only leave it to fate, my Chen family did do a lot of things wrong to him, even if he doesn't forgive the Chen family, there's nothing wrong with that."

Chen Tiesin's face sank at the words, he knew that Chen Yuanhai's words were a reminder to himself, if he hadn't made things too desperate in the first place, the chances of trying to redeem himself now would definitely be higher.

Of course, Chen Tiesin also regretted inside, but unfortunately, it was useless even if he regretted when things came to this point.

At this time, Yan Chen had already arrived at the entrance of the other courtyard.

She knew that she would be able to see Han Qianli by knocking on the door, but at this moment, she was a little too courageous to do so.

In the past, in her eyes, Han 3,000 was a dispensable waste, a puppet at her mercy, and she had left Han 3,000 at the Chen residence just to use it to keep herself safe from Huang Snap Yong's harassment.

Now, however, she no longer had a high and mighty posture, and even appeared to be very humble, because the man she had always despised was a truly strong man, an existence capable of overturning the entire Long Yun City.

"Miss, do you want me to knock on the door?" The maid asked to Yanran Chen.

Yanran Chen shook her head numbly and said, "You go first."

The maid heard and said nervously, "Miss, how can I go, what if that waste hurts you."

Waste?

In the past, when the maid addressed Han 3,000 this way, Yan Chen didn't think there was a problem, but now, these two words could never be used to describe Han 3,000 and Han 3,000 could never hear them.

"From now on, you'd better not address him with those two words." Yanran Chen snapped at the maid in a cold voice.

The maid quickly lowered her head in shock, but the expression on her face was very unconvincing, wasn't that how Yanran Chen used to address Han 3000, but now she couldn't call him that?

Did the lady really go blind and fall for this guy Han Qianqian.

"You go first." Yanran Chen said in a stern voice.

When the maid saw Yanran Chen's tough attitude, she could only say, "Miss, be careful."

After the maid left, Yanran Chen finally summoned the courage to walk to the door, and just as she reached out to knock, the door opened of its own accord.

"Who are you?" Bai Ling Wan'er, who was standing inside the door, asked Yanran Chen.

"Who are you?" Yan Chen also found it strange that there were other women in Han Qianqian's house.

Bai Ling Wan'er sized up Yanran Chen, the woman in front of her was beautifully born and more mature, more seductive than her.

It was very likely that such a woman had an extraordinary relationship with Han Third Thousand, which would inevitably make Bai Ling Wan'er feel hostile when she came to her door.

"I'm Han Three Thousand's wife, what about you?" Bai Ling Wan'er said.

Hearing the word wife, Yanran Chen's face turned pale instantly, Han Qianli already had a new wife!

The first time Yanran Chen felt a surge of anger in her heart, because Han Qianli had not been away from the Chen residence for long, and he had found another woman so soon.

However, upon careful thought, Yanran Chen realized that she was in no position to blame Han Qianli, because she and Han Qianli were a nominal couple, and it was only natural that Han Qianli would find a new woman even if he did.

What's more, Han 3,000 was expelled from the Chen family's residence, so if the Chen family had wronged Han 3,000, why did they ask him not to find another woman?

Seeing Yanran Chen's reaction, Bai Ling Wan'er was even more certain of her identity, inevitably making her feel a little proud.

This was the mentality of a young girl, even though she didn't get Han Qianqian, it was cool for her to be able to show off a bit in front of her rival.

"What's wrong with you, I see that you don't look too good, is everything alright, or you should hurry home and rest." Bai Ling Wan'er said.

Yanran Chen subconsciously shook her head, she came here today to see Han Giang, how could she leave without seeing her face.

"Is Han Three Thousand at home, I want to see him." Yanran Chen asked.

Bai Ling Wan'er smiled and asked, "You're Yanran Chen, do you think he'll see you?"

"Since you know who I am, you should be clear about my previous relationship with him, and I've come to see him today to make some things clear." Yanran Chen said.

Bai Ling Wan'er didn't care what Yanran Chen wanted to make clear, to her, Yanran Chen was a rival, how could she let her rival meet with Han 3000?

"He won't see you, so you'd better leave and don't bother us in the future." After Bai Ling Wan'er said that, she prepared to close the door.

In a hurry, Yan Chen could only stretch out her hand between the door and said to Bai Ling Wan'er, "You tell him I'm coming, he'll definitely see me, what right do you have to block me out of the door."

Bai Ling Wan'er's face turned cold and said, "Isn't it enough just because I'm the wife of Han Qianli?"

Chapter 926

Bai Ling Wan'er's words almost made Yanran Chen vomit blood, and as Han Giang's wife, she was indeed qualified to stop Yanran Chen outside the door.

However, in Yanran Chen's opinion, the one who was qualified to say that should have been her.

If the Chen family hadn't kicked Han 3000 out of the Chen residence, if she hadn't been so high and might not have taken Han 3000 as her husband, perhaps today's situation would have been different, and perhaps the person who was qualified to call herself Han 3000's wife would have been her.

"Wan Er, what are you doing?" At this moment, Han Qianli's voice sounded in the courtyard.

Bai Ling Wan'er said without turning back, "It's nothing, a person I don't know wants to enter our house."

"Han Qianqian, it's me, Yanran Chen, I want to see you." Yanran Chen was afraid that she wouldn't be able to see Han Three Thousand because of Bai Ling Wan'er's obstruction, so she could only pull out her voice and shout, hoping that Han Three Thousand could hear her.

"You woman, why are you such a scoundrel." Bai Ling Wan'er said with an annoyed face, if she had known earlier, she wouldn't have said so much nonsense to her, and now that she had attracted Han Qian's attention, with Han Qian's personality, she probably wouldn't be able to stop the two of them from seeing each other.

Hearing Yanran Chen's voice, Han Three Thousand was doubly surprised.

Previously, when the maid appeared and said that Yanran Chen wanted to see him, it made Han Three Thousand feel strange, because from the maid's words, Han Three Thousand felt that Yanran Chen seemed to have changed her opinion of him.

And now, Chen Yanran had even taken the initiative to come to the door, which was even more unexpected for Han Three Thousand.

"Wan'er, let her in." Han Qianqian said.

Bai Ling Wan'er gritted her teeth as she wanted to tell Yanran Chen to get lost, but Han Qianqian had spoken again, so she didn't dare disobey Han Qianqian's wishes.

She had to open the door, but she didn't forget to make a sarcastic remark to Yanran Chen, "I've never seen a cheeky woman like you before."

As Miss Chen Yanran, when had she ever been described like this, but now she no longer cared, she was willing to do anything as long as she could see Han Qianqian and have her do anything.

Walking into the courtyard and seeing the beautiful surroundings within, Yanran Chen smiled bitterly inside.

Once upon a time, she thought that Han Qianxiang would live a life as down-trodden as a dog as long as she left the Chen residence, but now it seemed that she was too naive, Han Qianxiang not only wasn't down-trodden, but was actually doing well.

This small courtyard wasn't as luxurious as the Chen residence, but it was more welcoming and more like a home.

In front of Han Qianli, Yanran's heartbeat accelerated. In the past, Han Qianli's handsomeness was just a white face in her eyes, not worth mentioning.

But now when she saw Han Marchant again, she felt completely different, the angular face wasn't just handsome, but also had a man's unique charm.

"Why did you have to see me?" Han Qianqiang was puzzled and asked Yanran Chen.

Yanran Chen looked at Bai Ling Wan'er, as if she was afraid that there were some things she couldn't say in her presence.

Bai Ling Wan'er was instantly flamed by this questioning stare from Yanran Chen and said, "I'm his wife, so what can't I say in front of my face."

This little girl had deliberately tampered with her identity again, but Han Qianqian didn't explain anything more to Yanran Chen because there was no need.

Yanran Chen's heart sank, if she didn't believe that Bai Ling Wan'er was really with Han 3000 before, then now she had to believe it even if she didn't, because Han 3000's lack of rebuttal was tantamount to acquiescence.

"I didn't expect you to find a new woman so quickly." Yan Chen said with a deadpan expression.

Bai Ling Wan'er was even more imposing, and without being denied by Han Qianqian, she was naturally more qualified to suppress Yanran Chen's identity.

"That's a strange thing to say, what do you mean so quickly, do the two of us have to go through your consent to be together?" Bai Ling Wan'er said in a high and mighty manner.

Faced with Bai Ling Wan'er's aggressiveness, although Yan Chen was angry inside, she was in no position to refute Bai Ling Wan'er.

"In that case, I'll cut to the chase, I came to find you because I want to ask you something." Yanran Chen said.

Han Giangli didn't say anything, but gestured with his hand in an OK gesture, but this wasn't on Earth, not only did Yanran Chen not understand it, but Bai Ling Wan'er was also in a fog.

"Husband, what do you mean?" Bai Ling Wan'er asked curiously.

Only then did Han 3000 reacted, how could someone from the Xuanyuan World understand Earth's hand gestures, and quickly said, "It means you can say it."

Bai Ling Wan'er gestured according to Han 3000's earlier gesture, then nodded contentedly, as if she was happy because she had learned a new move.

Yan Chen took a deep breath, finally arriving to face the day, and she couldn't help but feel a little nervous.

"You killed the Four Lantern Realm expert that the two Wang Xie families brought in at first?" Yanran Chen asked.

"I've already told you about this matter, but you just didn't believe me." Han Marchan said, he wasn't hiding anything, at first under Yanran Chen's questioning, Han Marchan had already told the truth, it was just a pity that at that time Yanran Chen had only taken it as a joke.

Chen Yanran's complexion changed, Han 3,000 had indeed said such a thing at first, but at that time, Chen Yanran only thought of Han 3,000 as a trash, so she naturally thought that a trash couldn't possibly deal with a Four Lantern Realm expert, so naturally she wouldn't believe Han 3,000's words.

Taking another deep breath, Yanran Chen continued to ask, "In the Central District of the Dragonstone Mountain Range, no one else appeared other than the three of us, right?"

Han Qianli raised his eyebrows and looked at Yanran Chen, since then he understood the reason why Yanran Chen had come to see him, he didn't expect her to have doubts about his strength, it was even possible that she already had some evidence.

Han Qianli patted his head, in fact, he should have guessed this matter a long time ago, or else, would Chen Yanran still change her mind about him for other reasons?

It was just that Han Giang's subconscious thought that the secret was well hidden, so he didn't make the association towards that aspect.

"Why do you ask that?" Han Giangli said.

"Because many of the things that happened to you were very bizarre, and these bizarre things prove that you're not trash," Yanran Chen said.

Bai Ling Wan'er, who was on the side, couldn't help but laugh when she heard this.

It was ridiculous that this woman was able to say such words, it was clear that she had previously treated Han Qianqian as trash, but the Chen family's group of blind eyes were able to treat Han Qianqian as trash.

"Is that so? Perhaps what you find bizarre is nothing more than a few coincidences?" Han 3,000 said.

Yanran Chen shook her head, and very firmly, and said, "It can't be a coincidence, nor could so many coincidences happen to you, I know that you're Huang Snapdragon's master, and you helped him tame the Seven Star Exotic Beast, right?"

Chapter 927

Faced with Yanran Chen's question, Han Qianqian did not answer directly, but said, "I no longer have any connection with the Chen family, and these matters are meaningless to you, since you've asked what you wanted to ask, you can leave now."

Yanran Chen shook her head like a rattle drum, she was not willing to leave like this, she also hoped to be able to salvage Han Qianli and have her return to the Chen family residence.

Because the Chen family's position in Long Yun City was declining, only Han Sangsan could save the Chen family.

And if Han Three thousand was willing to return to the Chen family, it would be a good thing for Chen Tiexin, it would enable Chen Tiexin to stop wandering the world and running around to pay homage to his master.

Only if Chen Tiesin could break through and become strong, the Chen family would be considered truly strong.

"I'm not leaving." Yan Chen said.

"What do you want to do if you're not leaving and still relying on our home." Bai Ling Wan'er said impatiently, this woman's skin was really thick, Han Qianli had already given an eviction order, but she was still deadbeat.

"Han 3000, as long as you nod your head, I'll be able to become your wife again, and it's the kind with a husband and wife, I can satisfy you at any time." Yan Chen completely let go of her dignity at this moment.

Thinking about the kind of high and mighty posture Chen Yanran used to have in front of Han Qianqian, and now she was completely two extreme changes in status.

Bai Ling Wan'er was anxious when she heard this, she was afraid that Han 3000 wouldn't be able to resist Chen Yanran's beauty and promise her, if so, she would have even less chance of becoming Han 3000's wife.

"You won't agree to her." Bai Ling Wan'er asked to Han Three Thousand.

Han Qianqian laughed.

Bai Ling Wan'er became anxious and said, "What are you laughing at, don't let her go yet."

At this moment, even Yan Chen felt like she had a chance and couldn't help but relax a bit, but Han Qianli's next words completely knocked her to the bottom of the valley.

"You're just an ordinary woman at most in my eyes, and I'm not interested in you," Han Three Thousand Thousand said.

So far, Han Three Thousand Thousand had met many women, and these women did have great beauties with extraordinary looks, but none of them could be compared to Qi Yiyun.

To think that Qi Yiyun was the one who had offered to throw herself at Han Qianli countless times and was rejected by Han Qianli, if he was a man who was manipulated by lust, he would have fallen under Qi Yiyun's pomegranate skirt long ago.

Yanran Chen was a superb existence both in looks and figure, but unfortunately, she wasn't able to tempt Han Qianqian in any way.

That was like a pot of cold water pouring through Yanran Chen, an ordinary woman, not interested!

The blow that these eight words caused to Yanran Chen was almost beyond words.

Since childhood, Yan Chen's life had only been filled with praise, and her looks did deserve those words of praise, when had the word ordinary been able to be used on her?

But right now, how others judged her was of no value, and it was Han Marchan's words that were the deciding factor.

If Han Marchan thought she was ordinary, then she was truly ordinary.

"Isn't there any possibility at all between us?" Yanran Chen refused to give up on the question, in other words, she was unwilling to admit that there was no chance between her and Han Marchant, after all, she had too much to rely on Han Marchant for.

"It's been made clear, you'd better hurry up and leave, you're not welcome in our home." Bai Ling Wan'er couldn't wait to say before Han Three Thousand Thousand had even opened her mouth, she was worried that it would be bad if Han Three Thousand went soft and left Yanran Chen behind again.

Of course, worries in this regard were completely unnecessary, Han Three Thousand won't compromise on his feelings to any woman other than Su Yingxia, even if it was Qi Yiyun who had once given his entire family crisis for him, Han Three Thousand had never accepted Qi Yiyun's love when he was softhearted.

Yanran Chen's gaze was torchy as she looked at Han Qianli, it didn't matter what Bai Ling Wan'er had said, what mattered was Han Qianli's attitude.

"You should go." Han Qianqian said.

These three words caused Yanran Chen to completely despair, and she knew that she would never have the chance to salvage the relationship between her and Han Three Thousand.

Regret erupted from within like a volcano.

If she hadn't treated Han Qianli excessively badly in the past, if she hadn't driven Han Qianli out of the Chen family, how could her relationship with Han Qianli have broken down to this point now?

"I know I was wrong, Han Qianqian, please forgive me." Yanran Chen's cheeks dripped with tears, pear-shaped, and said.

Han Qianli was unmoved, iron stone hearted, and said in a flat tone, "Go away, I won't mind what the Chen family did to me in the past."

"But the current Chen family can't do without you," Yanran Chen said.

Han Qianli smiled faintly and said, "So you came to me for the Chen family, for Chen Tiesin?"

Yanran Chen shook her head in panic, she was here to play the emotion card, naturally she couldn't reveal her true purpose and said, "No, I like you, I came to you because I like you, I want you to come back to me, I want us to renew our relationship as husband and wife again."

How could Han Giangli believe such words, there was no emotional foundation between Yanran Chen and him, how could she have fallen in love with him for no reason?

"Wan'er, send the guests away." Han Giangli said.

Bai Ling Wan'er had already seen no more and walked up to Yanran Chen and said, "You'd better leave on your own, don't let your dignity be swept away."

Yanran Chen looked at Han Qianqian with undying determination as she was clear that by leaving, the fate between her and Han Qianqian would be completely broken.

Bang!

Yanran Chen actually knelt in front of Han Qianli and said, "I know I was sorry before, I'll apologize to you on my knees, as long as you can forgive me, no matter what you let me do."

Han Qianqian didn't even look at Yanran Chen and went straight back to his room.

Bai Ling Wan'er was all a bit intolerant inside, after all, Yanran Chen as a woman had taken the initiative to kneel down and apologize to him, which was almost throwing away all her dignity.

But Han Qianqian was such a cold and heartless reaction, this guy was like a stone that couldn't be covered with heat, an iceberg that couldn't be melted, the way she was looking at Yanran Chen now felt like a mirror, making her feel as if this kind of thing would happen to her sooner or later.

"Han 3000, why can't you give me another chance." Yanran Chen ripped her voice out and yelled at Han Three Thousand.

Bai Ling Wan'er sighed, Han Qianqian had already gone back to his room, and his resolute attitude made it obvious that he couldn't give Yanran Chen another chance.

"You'd better leave, can't you see his determination?" Bai Ling Wan'er said.

Yan Chen was as if she had lost her soul for a moment, she had never dreamed that this trip would end like this.

Chapter 928

After Yanran Chen left, Bai Ling Wan'er was also in a very low mood because the current Yanran Chen was like a mirror, making Bai Ling Wan'er feel like she could see her future from her.

She chose to abandon her dignity and kneel down to Han Qianqian, but she still didn't get the slightest softening of heart from Han Qianqian, which proved that Han Qianqian didn't have a merciful heart, which made Bai Ling Wan'er start to worry about her future.

But now it seemed that such a possibility was minimal.

Arriving at Han Three Thousand's room, Bai Ling Wan'er said, "You're really cruel, she's kneeling to you and you didn't even look at her."

"Scared?" Han Qianli retorted.

Bai Ling Wan'er held her head high and said, "Fear, how could I be afraid, I'm not the same as her."

"In my eyes, you're the same as her, or even all women," Han Giangli said with a light smile on his face.

"Che, you men, when you meet a beautiful woman, you all love one another, don't think I don't know, just because you're not tempted now, doesn't mean you won't be tempted later." Bai Ling Wan'er said.

Han Qianli shook his head helplessly, it seemed that no matter how much he showed his determination, there was a high probability that Bai Ling Wan'er wouldn't give up, but Han Qianli wasn't worried, being able to carry the temptation brought about by Qi Yiyun, the other women were nothing.

Yanran Chen returned to the Chen residence in a lost state of mind, like a walking corpse, with Han Qianli's emotionless face constantly floating in her mind.

She didn't expect Han Qianqian to be so desperate, nor did she expect her compromise to be so worthless, Han Qianqian seemed to have reached a stage where he had no desire for women.

Was it because he was too high up in the realm that he was unable to charm with beauty?

With a dead heart, Yanran Chen knew that she had already missed the opportunity to be able to be with Han Qianli, if she hadn't looked down on Han Qianli, if the Chen family hadn't kicked Han Qianli out of the house, perhaps today's outcome would have been completely different.

Locking herself in her room, Yanran Chen lay on her bed and stared at the ceiling, her sluggish eyes leaving her whole body devoid of energy.

Knowing that Yanran Chen had returned to the house, Chen Tiesin came to Yanran Chen's room at the first time.

"How is Yanran doing?" Chen Tiesin asked the maid at the door.

The maid shook her head, she didn't know what happened when Yan Chen met Han Qianqian, but she knew that absolutely nothing good happened, Miss's entire state was clearly off when she returned home.

"Eldest Young Master, Miss seems to have suffered a great shock, even when I called out to her, she didn't respond to me, as if she had lost her soul." The maid said.

When Chen Tiesin heard such words, he guessed the approximate outcome, which made him heartbroken and regretful at the same time.

The fact that even Yanran Chen couldn't salvage Han Giang now meant that the Chen family had no chance at all, and if he hadn't driven Han Giang away in the first place, perhaps things wouldn't have reached this point.

"Yanran, Yanran, can I come in?" Chen Tiesin knocked on the door of his room, he was a little worried about Yanran Chen's condition, so he wanted to take a look inside.

But after knocking on the door, he didn't get any response from Yanran Chen, and when Chen Tiesin wanted to push the door straight in, he even found that the door was already tied.

"Yanran, are you alright?" Chen Tiesin asked worriedly.

"Brother, I want to be quiet." Yanran Chen's emotionless voice came out.

Chen Tiesin heaved out a heavy breath, from among Chen Yanran's tone he could feel how hard it was for her right now, and he couldn't help in any way with this matter, because most of the blame for this outcome was on him.

"Keep an eye on Miss, if anything happens to her, your life will be in danger." Chen Tiesin said to the maid.

The maid was scared and nodded her head repeatedly.

Chen Tiesin directly walked quickly towards Chen Yuanhai's study, he had to inform Chen Yuanhai of this matter in time, hoping that Chen Yuanhai would think of some other way.

"Father."

"Come in,"

Walking into the study, Chen Tiesin unconsciously lowered his head, having the feeling that he was ashamed to see Chen Yuanhai.

"Has Huma returned?" Chen Yuanhai asked.

"My sister is back." Chen Tiesin said.

Although Chen Yuanhai was calm on the surface, he secretly sucked in a breath, because Yan Chen's return meant that things had come to an end, and the difference in the outcome had a direct implication on the Chen family's fate.

"How was it?" Chen Yuanhai asked in a deep voice.

"My sister locked herself in her room and didn't see anyone, so it must not have gone well." Chen Tiesin said.

Chen Yuanhai's shoulders slumped in half, and his entire spirit withered.

Even Yan Chen's appearance had failed to save Han Qianli, so this matter was almost ironclad.

"It's understandable, after all, what my Chen family did to him was too much." Chen Yuanhai shook his head, looking very helpless.

"Father, it's all my fault, if I hadn't kicked him out of the Chen family, things wouldn't have turned out like this." Chen Tiesin took the initiative to take the blame, after all, he had not discussed this matter with Chen Yuanhai when he designed Han Qianli to leave, it was entirely his own decision, and now that an irretrievable situation had arisen, he naturally had to take responsibility.

However, Chen Yuanhai did not blame Chen Tiexin, because although the matter was not discussed, but he was aware of it, and he did not stop Chen Tiexin, and even at the beginning, he thought that Chen Tiexin did this very good, directly let outsiders also know that the Chen family and Han Three Thousand draw a clear line.

But now, it seemed that what was a good thing to do in the first place had become the biggest trouble.

"I don't blame you." Chen Yuanhai said.

"Father, is there any other way out, can the Chen family only accept their fate?" Chen Tiesin asked, which was why he had come to find Chen Yuanhai.

The best way that Chen Yuanhai could think of at the moment was to have Yanran Chen come out, after all, she was a woman, which was a fatal temptation for most men.

Unfortunately, Yanran Chen's appearance did not bring a good ending in return, in this situation, how could Chen Yuanhai do anything else?

"Do you think he might take you on as an apprentice?" Chen Yuanhai asked to Chen Tiesin.

What Chen Tiesin was thinking about before was using his big brother-in-law's identity to get Han Qianqian to help him break through, and as for the idea of worshipping his master, it hadn't formed such a concept in Chen Tiesin's head.

Of course, now he had woken up, what the hell was a big brother-in-law, for someone like Han Qianqian, how could he put it in his eyes?

But even if he were to pay homage to his master, it would be impossible to reverse this matter, so how could Han Qianqian take him on as a disciple?

Chapter 929

All along, Chen Tiesin had believed that he was so talented that as long as those powerful people knew of his talent, they would definitely take him as a disciple, which was why Chen Tiesin hadn't given up on the path of worshipping his master for so many years, even though he had already traveled half of the cities within the imperial court, he still wasn't the slightest bit discouraged.

However, when he faced Han Qianqian, this confidence appeared to have nowhere to go, and based on other factors, talent had become less important.

And Han Three Thousand's strength was clearly above the average strong man, after all, even a trash like Huang Snap Yong was able to reach the Five Lantern Realm in a short period of time.

"Father, if there wasn't a grudge between the Chen family and him, I believe that with my talent, he would have accepted me as his disciple, but I'm afraid that won't work now." Chen Tiesin said.

Chen Yuanhai sighed and said, "You know, I finally understand one thing now."

"What is it?" Chen Tiesin asked in confusion.

"Perhaps the so-called talent is worthless in the eyes of these truly powerful people, that's why you didn't succeed in your apprenticeship, perhaps, you will never find a powerful master in your life." Chen Yuanhai said.

Through this matter of Huang Snapdragon, Chen Yuanhai realized that the word talent wasn't as important as he had previously thought, so he had lost confidence in Chen Tiesin, and the effort he had put in for so many years to this end was likely to be nothing more than a bubble.

It was true that talent was unimportant to Han 3,000, and even if he didn't have talent, just one red fruit would be able to open up his cultivation path.

For example, Huang Snapdragon, this was a man who had almost deserted his realm and never worked on his cultivation, but after eating the red fruit, all the obstacles became invisible, so much so that Huang Snapdragon's path to breaking through the realm was particularly smooth.

Of course, the value of this red fruit was very high in the Xuanyuan World, and it was very difficult for even the strongest of the latter three realms to obtain it, they were not as wealthy as Han Qianqian, and even less likely to give away the Sacred Chestnut as freely as Han Qianqian.

In some aspects, Chen Yuanhai's vision was correct, but it was also true that in some aspects, they had been wrong from the start.

Chen Tiesin's belief that he had talent was merely their own belief, not recognized by anyone, meaning that for so many years, this father and son had actually been living in a dream and had been just self-consoling.

"Father, how is it possible that having talent to reach a higher realm is worthless." Chen Tiesin said with a pale face, the only thing that could sustain him was the word talent, if talent really no longer mattered, Chen Tiesin's confidence would be completely crushed.

"Tomorrow, come with me to meet Han Qianqian, you have to personally apologize to him, and hopefully he will forgive my Chen family for what he did." Chen Yuanhai no longer dwelled on the issue of talent, as he knew that these two words were Chen Tiesin's beliefs to sustain him, and if he were to come to terms with reality, he would most likely be devastated.

The Chen family would still have to rely on Chen Tiesin to hold it together, Chen Yanran was a woman after all, Chen Tiesin must not fall down.

Leaving Chen Yuanhai's study, the words from earlier kept echoing in Chen Tiesin's mind.

If talent really became no longer useful, then what qualifications did he have to seek out master teachers?

"Impossible, absolutely impossible, how could talent be worthless." Chen Tiesin shook his head and talked to himself.

The next morning, Chen Tiesin followed Chen Yuanhai out and headed straight towards Han Giangli's other courtyard.

On the way, Chen Yuanhai instructed Chen Tiesin, "Put down your so-called dignity in front of him, this is the last chance for my Chen family, if you still dare to act disrespectfully towards him, the Chen family will truly be finished."

Chen Tiesin had already built himself up mentally last night, he was ready to accept any humiliation and said to Chen Yuanhai, "Father, don't worry, I know what to do."

"The future of the Chen family can be in his hands, if I can, even if I have to kneel down and make amends to him, I have no complaints." Chen Yuanhai said.

Han Three Thousand Year's Boundaries.

Bai Ling Wan'er woke up early in the morning and made a pot of fragrant porridge for Han Three Thousand, although Han Three Thousand's ruthless rejection of Yanran Chen yesterday made Bai Ling Wan'er feel a slight chill, she didn't just give up because of this matter.

In Bai Ling Wan'er's opinion, sublimation was very important, and she wanted to slowly integrate into Han 3000's life so that Han 3000 could not live without her, so she would have to do everything in terms of these little things.

"The craftsmanship is really good, I didn't expect you to be able to do so much work at such a young age." Han Giangli's words were a heartfelt compliment, as how could Bai Ling Wan'er cook at this age if she were on Earth, and even if she did, it was a very rare existence.

"Cook for you forever?" Bai Ling Wan'er asked tentatively.

Han Giangli smiled without saying anything, and after drinking a bowl of porridge, he went to the courtyard to tidy up his flowers and plants.

Bai Ling Wan'er pursed her lips, and although she was angry, her appearance was slightly playful.

"What kind of flowers and plants is someone not playing with," Bai Ling Wan'er said.

Han Qianli's eyelids jumped straight, this was a bit too blunt, not like something that could come out of the mouth of a girl only sixteen years old.

To begin with, Chi Yi Yun had acted in such a direct manner, but she was an adult woman after all, and the feeling she gave Han 3000 was completely different.

While Chi Yi Yun's was called seduction, Bai Ling Wan'er would give Han Qianqian a guilty conscience.

After Bai Ling Wan'er had washed the dishes, she came to help in the courtyard, the two of them were more like father and daughter in a way that would never give the impression that this was a couple, and the childishness on Bai Ling Wan'er's face was something she couldn't hide no matter what.

"Last night, Yan Chen will definitely be very sad, and will probably cry all night." Bai Ling Wan'er said.

"Are you heartbroken for her, or for your future self?" Han Qianqian smiled.

Seeing this heartless performance of Han Qianli, Bai Ling Wan'er clenched her pink fist, but didn't dare to do it, after all, she still had the self-awareness to know that she couldn't beat Han Qianli.

After raising her fist, she put it down helplessly and said, "How can a man not have a heart of pity, are you really hard-hearted?"

"Yanran Chen's intentions aren't pure, so there's no need for you to feel bad," Han Giangli said.

"Purpose, what other purpose does she have?" Bai Ling Wan'er asked curiously.

"It's possible that you'll find out later." Han Giangli smiled.

"Wait a while?" Bai Ling Wan'er frowned, could it be that the answer would still fall from the sky?

Just then, a knock sounded on the door.

Chapter 930

When he heard a knock on the door, Han Three Thousand Thousand smiled and said to Bai Ling Wan'er, "Here's the answer."

Bai Ling Wan'er was still puzzled, and after a puzzled glance at Han Three Thousand, she went to open the door.

When the door opened and she saw Chen Tiesin, Bai Ling Wan'er frowned, this guy who didn't know whether he was dead or alive, escaped a life but still came to die, was he really not going to shed tears until he saw the coffin?

Last time Han Qianqiang had made it very clear to Huang Snapdragon that if Huang Snapdragon hadn't shown up in time, the guy would have been dead, couldn't he have noticed it at all?

"I suggest you better get out of the way and not get yourself killed." Bai Ling Wan'er said coldly.

"We're not here to cause trouble, but to make amends to Han Qianli." Chen Tiesin said.

Compared to last time's arrogance, this time Chen Tiesin was much more honest, after all, knowing the strength of Han 3,000, how could he dare to mess around with Han 3,000, and he was also aware that last time, if Huang Snap Yong hadn't appeared, he would have mostly died.

"Compensation?" Bai Ling Wan'er was stunned for a moment and said, "No need, he didn't put you in his eyes."

After saying that, Bai Ling Wan'er prepared to close the door, but Chen Yuanhai reached out his hand to stop her.

"Old thing, what do you want?" Bai Ling Wan'er asked.

If it were anyone else, calling Chen Yuanhai something old and sinful, especially a little girl like Bai Ling Wan'er, Chen Yuanhai had a special way of treating her, but now, Chen Yuanhai could only smile and say, "Please also let us meet Han Giang."

"Let them in." Han Third Thousand said in the courtyard.

Bai Ling Wan'er reluctantly opened the door, but the fact that these two weren't women didn't worry her too much.

Walking into the courtyard, this time when they saw Han Three Thousand, Chen Tiesin and Chen Yuanhai had completely different feelings.

Although Han Three Thousand simply stood there, it would still make the two feel inscrutable and even have the illusion of a strong person's breath coming over them.

"Apologize and make amends? Or do you want me to go back to the Chen family?" Han Qianqian didn't wait for the two to speak and said directly.

When Chen Yuanhai looked at Chen Tiesin, Chen Tiesin immediately knelt down and said to Han 3000, "I came to apologize for my previous foolishness."

"Your sister already kneeled yesterday, it's useless." Han Qianqian said indifferently.

Chen Tiesin's complexion changed, but even Yanran Chen had already kneeled down to Han Three Thousand?

"Han 3,000, I know the Chen family has done a lot of things wrong to you, I hope you can forgive us for what we've done, if you're willing, the Chen family will do anything for you." Chen Yuanhai said.

"The Chen family?" Han Qianqiang sneered at Chen Yuanhai and said, "Do you think the Chen family has any weight in my eyes? What can the Chen family do for me, and to put it more bluntly, is the Chen family qualified and capable of meddling in my affairs?"

This statement made Chen Yuanhai's face extremely ugly.

Although the Chen family was rich and belonged to one of the three great families in Long Yun City, this level of status really didn't mean anything to a strong man like Han Qianqian.

Money?

How much does Han Qianqian want?

Status?

What was the Chen family's status in Long Yun City, and what was it to him?

I'm afraid that today's City Lord's Palace would take orders from him, after all, Huang Snapdragon was his disciple.

"My son is excessively talented, his achievements will never be lower than Snapdragon Huang, as long as you are willing, he can become your puppet and help you do anything." Chen Yuanhai said.

"Hahahahahaha." Han Qianli laughed up at the heavens and said, "Talented? He's nothing more than a waste in my eyes at best."

A trash!

These two words severely stimulated Chen Tiesin's confidence, knowing that Chen Tiesin was able to hold on to his faith for so long all because of the word talent.

"Is my son still not as good as Huang Snapdragon?" Chen Yuanhai bit his back groove teeth and said, in his opinion, Chen Tiexin was several times better than Huang Snapdragon, what Huang Snapdragon could do, Chen Tiexin could definitely do better.

He could reach the Five Lantern Realm, Chen Tiesin could at least break the Six Lantern Realm!

But to Han Three Thousand, there was no difference between Huang Snap Yong and Chen Tiesin, who were half a catty and eight taels.

Huang Snapdragon was able to break so quickly because of the red fruit.

But this was something that Han Three Thousand Thousand wouldn't easily give to Chen Tiesin.

These two had a very different point in that Huang Snapdragon was controllable, while someone like Chen Tiesin would turn his back on him once he got what he wanted.

Of course, the most important thing was that Chen Tiesin was a member of the Chen family, and Han Kuang could ignore what had happened in the past because Chen Tiesin was like an ant in his eyes, not worth his time.

But it didn't mean that Han Three Thousand could be merciful and pretend that nothing had happened and even give Chen Tiesin the benefit of the doubt.

"Chen Yuanhai, what do you mean by that, am I still not as good as your son? I'm at the Five Lantern Realm, so why don't you let him fight me and see if I can kill him with one punch." Huang Snapdragon appeared at the right time and said to Chen Yuanhai with hostility.

Chen Yuanhai did not expect Huang Snapdragon to suddenly appear and hear him.

It was not a good thing to offend Huang Snap Yong in this situation now, in case of retaliation from the City Lord, the Chen family's demise would only come faster.

"Snapdragon Huang, that's not what I meant." Chen Yuanhai said.

Huang Snap Yong smiled coldly and said, "Then tell me what you meant."

Chen Yuanhai had a hard time explaining how to explain.

If he had known that Snapdragon Huang would appear, he would never have said those words just now.

"Snapdragon Huang, you are just having a good master, if I could have one as well, you would never be a match for me." Chen Tiesin spoke up.

Hearing this, Han Giang couldn't help but laugh, this guy actually cornered himself to flatter himself, but it was useless, Han Giang was a long time rainbow fart survivor, for him, such things as flattery were already immune.

"Chen Tiesin, you're the Chen family's young master, but in Long Yun City, you don't put anyone in your eyes, but now you've learned how to flatter?" Snapdragon Huang ridiculed.

In the past, Chen Tiesin indeed didn't take anyone in Long Yun City seriously.

His posture in Long Yun City had always been high and mighty, and he boasted that he was excessively talented and would definitely be able to join the imperial court in the future, so the general public would not want to provoke him, after all, there were possibilities for such things, and no one would want to offend someone who would join the imperial court in the future.

But now, Chen Tiesin had recognized his identity and knew how he should behave in front of Han Giang, what was a little flattery?

"So what if it is, haven't you done something like this before?" Chen Tiesin asked rhetorically without blushing.
