

## The Amazing Son In Law Chapter 5071

After Ito Yuhiko put on the uncomfortable prosthesis, several male servants helped him put on the woven hakama.

Standing in the same place, Ito Takehiko, dressed in a new way, does seem to have recovered a bit of his former style.

However, the pain in it is only known to him.

Just standing for two or three minutes while getting dressed, he felt pain, numbness, and itching where his body was in contact with the prosthesis.

He really wanted to throw the prosthesis aside immediately and put it back into a wheelchair. He could only think of what his daughter said about taking pictures, so he could only resist the urge.

Originally, he wanted to go out by himself, but because the prosthetic limb was not very convenient, after trying a few steps, it was indeed difficult, so he had to let the servant help him out of the room.

It's just that he didn't know that in the entire Ito family at this time, no one was still busy with his birthday, and everyone was preparing for the upcoming trip to New York.

Ito Emi, the commanding servant, hurriedly packed all the meals into the traditional wooden lunch box before the helicopter arrived, along with the birthday cake that Ito Nanako specially made for Ito Takehiko in advance.

Ito Nanako has been unable to change her clothes. While commanding and coordinating, she called her assistant to deal with her recent work arrangements. If it can be postponed, if it cannot be postponed but can be solved remotely, she will solve it remotely in New York. If it cannot be postponed If it cannot be solved remotely, a suitable person will be arranged to do it for the time being.

Tanaka Koichi was a little at a loss. He had nothing to prepare for, but he couldn't help much, so he could only sit in a wheelchair by himself and watch everyone busy.

Seeing Ito Takehiko walking out with the help of the servant, Tanaka Koichi was very excited, and he hurriedly operated the electric wheelchair to step forward and said respectfully, "Sir, you seem to be the same as before!"

Ito Yuhiko smiled bitterly: "What style is it, it's just an illusion supported by two prosthetic legs."

As he said that, he looked at Tanaka Koichi and said, "Tanaka, let's go to the front hall together."

Just as Tanaka Koichi was about to say don't go, Ito Nanako ran over in a hurry and saw Ito Yuhiko's new look, and said excitedly, "Father, you look really..."

Ito Yuhiko hurriedly said: "It's really not lost in style, isn't it? Tanaka already said it ten seconds ago."

Ito Nanako pursed her lips and said seriously: "What I want to say is that your style is better than that of the past. You now have a little more gray hair on your temples. Although you look a little older, you are more imposing overall!"

Ito Yuhiko smiled and laughed at himself: "It's just a bit bluffing to stay still."

Ito Nanako looked at him, smiled and said, "Father's tattooed hakama is very spirited, just wear it to the United States!"

"What?" Ito Yuhiko frowned and asked, "What are you going to do in America?"

Ito Nanako hurriedly said, "Mr. Wade let us go to the United States, immediately!"

"Immediately?" Ito Yuhiko asked tentatively, "Immediately you said, shouldn't it be now?"

"It's now." Ito Nanako looked at the watch on her wrist and said, "The helicopter will arrive in five minutes. Let's go directly to the airport. The business jet is ready!"

Ito Yuhiko said quickly: "I don't want to go to the United States! I'm not suitable for going out like this, I'll stay at home!"

## **The Amazing Son In Law Chapter 5072**

"How about that!" Ito Nanako said, "charlie asked me to take you and Tanaka-san by name!"

"Then I won't go either." Ito Yuhiko said angrily: "I haven't been out of the house for a long time, and I don't want to go out and be embarrassed, let alone go to the United States."

Ito Nanako said firmly: "This is what charlie meant."

Ito Yuhiko said angrily: "You like him but not me, so what does he mean? Just go by yourself, I'll stay here, and I won't go anywhere!"

Ito Nanako was a little angry, and her tone was a little serious, even a little reprimanded, and she blurted out, "Odosan! Have you forgotten the kindness of charlie to our Ito family?"

"I didn't forget it!" Ito Yuhiko said angrily: "But don't forget, he, charlie, also took money from me! The billions of dollars won't be given if they don't give it. Did I mention this later? ?no?"

Ito Nanako said very seriously: "Oduosang, charlie is so anxious to let us go to New York, there must be very important things, and we can't help but go."

Ito Yuhiko said: "If charlie needs any help, you can do it on behalf of the Ito family. Let me, a cripple without legs, do what? I can't help him."

"Odosan!" Ito Nanako asked him, "What if charlie asks you to go, instead of needing your help, but to help you?"

"Help me?" Ito Takehiko said seriously: "I, Ito Takehiko, have only two things that I might need his help with right now. The first thing is that he married you earlier, because I can't wait to see my daughter get married in costume; The thing is, does he have any supernatural powers that can make my legs grow back? If he can do it, I would like to stay by his side and be his servant for the rest of my life!"

At this time, Ito Takehiko couldn't believe that charlie had any way to make his legs grow back.

The reason why I say this is just to express my dissatisfaction with going to the United States and fighting the epidemic.

Although Ito Nanako didn't have this extravagant hope, she still didn't want her father to play a temper on this matter, so she said without thinking, "Odosan, your opinion is not accepted today, you must go to the United States with me. , if you don't go, I'll have someone carry you on the plane!"

"You dare!" Ito Yuhiko said angrily: "Although you are the patriarch of the Ito family now, I am still your father!"

Ito Nanako hugged her shoulders and said with a serious face: "Oduosang, I now solemnly inform you that from now on, I am the biggest in the Ito family!"

Just as he was talking, the whistling sound of the helicopter came quickly.

At this time, a heavy helicopter was approaching quickly in midair, and was already preparing to land in the center of the yard.

Ito Nanako looked at her father, who was speechless and didn't know how to refute, and said to several servants, "You guys take Odosan on the plane first!"

The few of them looked at each other for a while. Although they were servants of the Ito family, they should obey the orders of the patriarch, but they have been by Ito

Takehiko's side for many years, and Ito Takehiko has always given orders to them, so they don't know what to do now. Is good.

Ito Nanako said in a cold voice, "If you linger any longer, then I will fire you now, and you can disband on the spot!"

Hearing this, several people immediately made up their minds, exchanged glances with each other, and directly raised Ito Yuhiko.

Ito Yuhiko has been trying to resist angrily, but after all, he is no match for a few strong young men. As soon as the helicopter stopped, he was directly stuffed into it.

Ito Nanako didn't delay any longer, and immediately had Koichi Tanaka be carried up. The aunt took the housekeeper and arranged a group of servants to carry a lot of lunch boxes into the helicopter. Then Nanako Ito immediately boarded the helicopter. Fly with everyone to Tokyo Airport...

Until the plane took off, Ito Yuhiko still looked a little gloomy.

Before boarding the plane, Nanako Ito took a photo of Takehiko Ito wearing a hakama and standing on a prosthetic leg under the plane. After the photo was taken, she immediately asked the family servant to carry him on the plane.

Half an hour after the plane took off, it started to fly smoothly. Nanako Ito quickly gathered the food and cakes that she had brought with her aunt, and gave Ito Takehiko a 50th birthday in the air.

Ito Nanako lit a candle for him and after singing the birthday song, he coaxed him and said, "Odosan, blow out the candle!"

At this time, Ito Nanako didn't realize that her title to her father, Ito Yuhiko, had changed from his father to Odosan.

He even used a slightly reprimanding tone several times inadvertently.

I never thought that this would actually dampen Ito Yuhiko's original arrogance. After being reprimanded by his precious daughter, he lost his original violent temper and was replaced by a child-like grievance.

Hearing that Nanako Ito asked him to blow out candles, Ito Yuhiko played a childish temper angrily because he was not very happy, and hummed, "I don't want to blow out candles! For such an important birthday as 50 years old, I have to be carried on the plane. It was too sloppy and too perfunctory!"

Ito Nanako was slightly startled, and then said with a smile: "Odosan! It's because the 50th birthday is very important, so I specially want to give you two times! Maybe charlie let us go there, but also to celebrate your birthday, If you are not satisfied, I will make another one for you after getting off the plane!"

Ito Yuhiko hummed and said, "Don't lie to me, it's already past seven o'clock, and today has passed before I get off the plane. What can I do for my two birthdays?"

Ito Nanako said seriously: "Odosan, have you forgotten that Japan and the United States have a time difference? New York is thirteen hours behind us, but if we fly faster, we can reach New York in eleven hours. It was already dark when we took off from Japan, but it was not dark when we landed in New York!"

When Ito Yuhiko heard this, he was stunned for a moment, and then said in surprise, "Yeah! How could I forget the jet lag!"

Seeing him smiling, Ito Nanako hurriedly said, "So Odosan, let's blow out the candles!"

Ito Yuhiko realized that there was a problem with his expression management, and quickly said with a straight face: "Do you think I would like to be forced to fly from this side of the earth to the other side of the earth on my 50th birthday?"

Ito Nanako said with a smile, "Okay, Oduosang, you can accompany me to New York to meet charliejun, who I've been thinking about all day long. If you can make your precious daughter happy, what else would you be dissatisfied with?"

When Ito Yuhiko heard this, the whole person was stunned for a moment, and then he suddenly smiled and looked at Ito Nanako, who was wearing a kimono and was slim, and couldn't help sighing: "Nanako, Oduosang really wants to see you get married sooner... ."

.....

At this moment.

It's half past eight in the morning in New York.

charlie called Fei Kexin and said, "Miss Fei has worked hard to arrange it. I want to go to the freezing center to see Li Yalin."

Fei Kexin said without hesitation: "Okay, Mr. Wade, Kexin will prepare a helicopter and pick you up at the top of the hotel within fifteen minutes."
