

The Amazing Son In Law Chapter 5105

After lunch, when the Ito family and Kairi were still flying over the ocean, Li Yalin's wife, daughter and son-in-law finally landed at JFK Airport in New York.

Anjia's helicopter has been waiting at the airport for a long time. Under the coordination of Anjia, the plane that was supposed to stop at the bridge was temporarily changed to a remote seat. When the three of them got off the plane, they were directly waited for.

At this time, Li Yalin was so nervous in the Anbang Building that he kept pacing and rubbing his hands.

He has been practicing the rhetoric that Fei Kexin gave him, for fear that he would say the wrong thing when he met later.

Seeing that he was very nervous, Fei Kexin said, "Inspector Li, don't worry too much. If you are too nervous for a while and can't express it well, I can explain it to your wife."

Asher also agreed and said: "Yes, if you feel that you can't speak well, just stop talking, don't talk, let Miss Fei speak for you, Miss Fei's speech is already perfect, as long as you don't screw it up, today It will definitely pass."

Li Yalin nodded again and again, looked at Fei Kexin gratefully, and said, "Then when they come later, I'll ask Miss Fei for more help..."

ten minutes later.

A helicopter landed on the roof, and Asher went to greet him in person.

When Holly saw Asher, she couldn't wait to ask nervously: "Asher, what clues do you have about our old Li? Where is he now? Is there anything wrong?"

Asher nodded and said with a smile, "Sister-in-law, nothing happened to Old Li, don't worry! Let's go in and talk about the specific situation!"

Holly Chen didn't dare to relax, so she followed and asked: "Asher, tell me the truth, can you be sure that Lao Li is still alive? I told you that I have done a good job in psychological construction these days. If something really happened, tell me the truth, I can resist, but don't hide it from me, it's better to let me know sooner than later..."

Asher said firmly: "Sister-in-law, can I talk nonsense with your mother about such a big thing? Old Li is really fine. The reason why I can't contact him these days is that there is a temporary emergency, so He didn't bother to report to your mother."

When Holly Chen heard this, most of her heart was put down, but her anger immediately surged up.

She immediately said angrily: "What's the difference between Li Yalin and a bastard? What kind of emergency can you be so anxious that you don't even have time to say a word? Even if you send a three-second voice on WeChat, saying that you have something to do, we Don't be so worried! Doesn't he know that her daughter is still pregnant?"

Asher sighed, and quickly comforted: "Sister-in-law, this is actually quite complicated, you mustn't blame Lao Li, let's go in and talk, go in and talk!"

Holly Chen didn't know the reason, and her heart was still hard to calm down.

She actually loves Li Yalin, but the most annoying thing is his attitude that he doesn't care about everything and does not recognize his six relatives.

As a wife, what she needs is not only a husband who can earn money to support the family, but also a dual partner in life and soul.

And she also knows that her daughter's needs for her father are not as simple as solving living expenses and tuition fees, but more about accompany her as much as possible and let her children feel the father's love as much as possible.

But Li Yalin, abruptly turned himself from a partner of this family into an angel investor of this family.

What is an angel investor?

The Amazing Son In Law Chapter 5106

That is just investing, not operating.

Anyway, the money is in place, you can do whatever you like. I have a lot of things here. You can tell me if you don't have money, but don't bother me if it's okay.

This is what makes Holly Chen the most unacceptable and most desperate.

However, when she heard Asher say that Li Yalin was missing for so many days because of some unexpected event, she burst into tears of anger, and couldn't help saying to Asher, "Asher, let me tell you something.

If I hadn't dig my heart out, if I hadn't had some feelings for that old bastard Li Yalin, I would have filed a divorce lawsuit with the court on the grounds of de facto separation! Anyway, it's easy to get a divorce in the U.S. We've been de facto separated for several years now. Divorce in any state is easy!"

As she said that, she took out a handkerchief, blew her nose, and said desperately, "Forget it, I won't torture myself anymore, as long as I make sure he is still alive, I will divorce him this marriage!"

I will immediately return to Houston. File a divorce lawsuit with the court, go through the simplified divorce procedure, and try to solve the problem within a week! Write the three words upside down without leaving me, Holly Chen!"

While inviting her into the elevator, Asher persuaded her with a smile: "Sister-in-law, I understand your mood very well, but you must not be impulsive, maybe Lao Li has his own good intentions, you are him."

I know, there are only two things in my heart, one is work and the other is family, but for a long time, he has taken work a little too seriously. After all, he has so many auras on him, and sometimes it is easy to get involved. It's too deep and you can't get out, so you have to understand more about this sister-in-law."

"Do you understand?" Holly Chen cried and said, "How do you want me to understand him like this?"

"You said just now that he has two things on his mind. Let me tell you, you are wrong. He has only one thing on his mind, whether to solve the case or solve the case!"

"You know, he spends more time with murderers than with me!"

"He has poured more effort into his apprentices than he has poured into his daughter!"

"You said to let me understand him. I used to grit my teeth to understand him. I have come here for so many years. Now it is not unbearable for me to bear it..."

"But this time he went too far! He ignored his daughter's pregnancy! It's okay to ignore it, and he also played with the world, is there such a father in the world?"

Just as he was talking, the elevator door opened.

Holly Chen didn't say enough, she continued with choked sobs: "He is a father, not as good as my daughter's in-laws. They heard that his daughter-in-law was pregnant, and he flew all the way from China to see him. You said he did this. Human affairs?"

As soon as the words fell, the daughter beside him suddenly exclaimed: "Dad!"

When Holly Chen heard this, she looked up suddenly, only to find that Li Yalin was standing at the elevator entrance.

At this time, Li Yalin looked ashamed and said with red eyes: "Holly, I'm sorry, I made you worry..."

Holly Chen was stunned for a while, then she came back to her senses. She strode out of the elevator and slapped Li Yalin, scolding hysterically, "Li Yalin, you are a bastard!"

Li Yalin was slapped, and in addition to the bright red five-fingerprints on his face, he was a little more ashamed.

So he said quickly, "I'm sorry, Holly...I..."

Holly Chen interrupted him directly, and said angrily: "Don't tell me such nonsense Li Yalin, open your eyes and look at me, I am also highly educated, and now you are making me a shrew. I have endured and tolerated you for so many years, and I really can't bear it anymore, and I can't bear it anymore. Since you are all right, we will stop delaying each other in the future. You and me will go to Houston, and we will happily get married. After you leave, what do you like to do after the divorce, how long does it take you to disappear, I, Holly Chen, don't care anymore!"

The Amazing Son In Law Chapter 5107

Li Yalin didn't expect that his always gentle wife would react so violently.

In the past, my wife would also have conflicts with myself.

But that was basically whining, sulking, and a few days of cold war at most.

It was the first time that it was so fierce, loud and scolding.

But Li Yalin also knew in his heart that the reason why his wife was so rude must be because he was too worried about himself during this time, so he naturally didn't have the slightest anger.

So, he couldn't wait to use Fei Kexin's rhetoric to whitewash himself.

After making up his mind, he quickly explained: "Holly, I...I have a reason for that..."

"Why? What's the reason?" Holly Chen asked angrily: "I don't know you yet, Li Yalin, in your eyes, everything is more important than our mothers! As long as someone dies in this acre of New York, your mind will be They're all gone, so how can we take care of our mothers?"

Li Yalin was at a loss for words.

He's not really good at words.

And even worse at lying.

In the face of his wife's fierce attack, he was a little confused for a while.

Sometimes, the success or failure of things depends on whether you can stabilize your own dimensions and stabilize your rhythm.

Just like a speech, the same manuscript, if you can use your own rhythm to drive the audience, it must be a success, but if your rhythm is disrupted by others, the result must be a failure, and it may even evolve into shame.

Just when Li Yalin couldn't find the rhythm, Fei Kexin said quickly, "Hello, are you Inspector Li's wife?"

Holly Chen glanced at Fei Kexin and said without thinking, "It won't be the case soon!"

Fei Kexin smiled slightly and continued: "Introduce myself, I am the chairman of the New York Fei Group, Fei Kexin..."

When Holly Chen heard this, she looked at Fei Kexin in surprise, then nodded and said, "I know you...I saw you on TV..."

Fei Kexin said: "Actually, I want to explain to you that the reason why Detective Li disappeared is actually because I asked him to help me investigate again a few days ago.

Jamura, the scum of the Fei family, did it before. Some things, and because this matter is too sensitive, I also asked Inspector Li to absolutely not have any contact with the outside world."

Holly Chen couldn't help frowning and asked Fei Kexin: "Didn't he already retire early? Why should he obey your orders? If you don't let him contact the outside world, he won't contact him, so why should he be bound by you?!"

Fei Kexin smiled lightly and said seriously, "Because I am Inspector Li's employer."

Saying that, she took out a check that had been written long ago from her checkbook. Handing it to Holly Chen, she said sternly, "Mrs. Li, the ten million dollars is the commission I promised to give to Inspector Li after the completion of the matter. You were not curious why Inspector Li should obey me and accept my orders. Constraints, that's why, I need someone who can keep absolute confidentiality and has enough experience to help me investigate the matter, and Detective Li knows that his daughter is pregnant, and also needs a considerable income to pay for his unborn child. Grandchildren or granddaughters plan for a better future."

"What?!" Holly Chen's eyes widened and she asked dumbfoundedly, "What did you ask him to do that is worth so much \$10 million?!"

The Amazing Son In Law Chapter 5108

Fei Kexin said indifferently: "In your eyes, 10 million may be a lot, but for me, 10 million dollars is not as good as 1% of the compensation that I will pay to those victims on behalf of the Fei family. It's actually very dangerous, and a little carelessness could cost your life."

Immediately afterwards, Fei Kexin explained further: "Also, the matter of Jamura is known all over the world, and you must have heard of it. In order to make up for the victims as much as possible, the Fei family spent billions of dollars, 10 million dollars. Here, it's just a drop in the bucket."

As she said that, she looked at Holly Chen and Bella behind her, and said seriously: "Actually, what I want to say is that you shouldn't subjectively complain that Inspector Li didn't greet you before this, after all, I commissioned him to do this."

The matter is not only very complicated, but also very dangerous, if you are not careful, you may even die,"

"As for Inspector Li, who had already retired and planned to go back to take care of his life, there was no need to take risks, but it was precisely because the commission of ten million dollars made his heart that he took the risk and took the commission, and he did this, not in order to solve the case, not to make money for himself, but for the child in his daughter's belly."

Seeing their jaw-dropping expressions, Fei Kexin continued: "Also, Detective Li has gone through a lot of dangers naively these days."

As an employer, I admire his courage and his sense of responsibility to his family; "

"He exchanged his life for 10 million dollars so that his future grandson or granddaughter can ensure that he or she has a good life before birth, lay an excellent life foundation for him or her, and let him or her have a good life. To be able to be born to be a superior person, and to struggle for decades less than other peers!"

"For this, even if he gave his life, he would not hesitate. I personally think that this is very great!"

"So Mrs. Li, I think you should not only blame Inspector Li, but give him a big hug and apologize to him for your irrational behavior just now, what do you think?"

At this time, Holly Chen and Bella's mother and daughter were extremely shocked.

The An family members and Li Yalin were also shocked.

Because they can all see that Fei Kexin's ability to reverse the situation and control the rhythm is too strong, and his performance in this regard is a master.

The ability to tell a lie so easily and so impassively is not weak.

After Fei Kexin said these words, Li Yalin felt a little ashamed.

He knew what he was, so he couldn't help but sneer at himself: "I'm not a goddamn great, I was beaten into a sieve when I was still confused, and it's worse than cannon fodder. I shouted twice and fired two shots before the battle. I was so outrageous that I didn't even have a chance to let a fart fall down..."

Just when Li Yalin felt ashamed, her daughter Bella couldn't hold back.

She threw herself into Li Yalin's arms crying and choked: "Dad, our family is not short of money, why are you fighting so hard..."

Li Yalin was a little flustered all of a sudden, and he couldn't say anything for a while.

Still Fei Kexin said on the side: "Inspector Li said that there is no shortage of money, but I still hope that the child can have a better life in the future."

At this time, Holly Chen also changed from the anger just now to a mixture of emotion, shame, and fear.

She couldn't help but burst into tears and asked Li Yalin, "Old Li, how old are you, why do you work so hard when you finally retire!"

Li Yalin sneered and said embarrassingly, "Just... just like what Miss Fei said... it's all... for the sake of the children, for the children..."

She reached out and stroked the half of Li Yalin's face that was flushed by her slap, and asked with extreme guilt, "Does it hurt? I'm sorry, it's all my fault..."

Li Yalin was flattered and said, "It doesn't hurt, it doesn't hurt at all, it doesn't hurt at all!"
