

The Amazing Son In Law Chapter 5117

Ito Takehiko, who has been without legs for a long time, has actually adapted to his lack of legs physically and psychologically.

Suddenly he had a pair of legs, and his consciousness and nervous system couldn't even match those two legs.

Therefore, when Ito Yuhiko put his hand into the mud with zero visibility and suddenly touched two legs, his subconscious immediately concluded that it must be his own prosthetic limbs.

Because of this, he felt that the prosthesis was actually put into the bathtub, and his first thought was naturally very angry, so he scolded him sharply.

He didn't like the prosthetics, but being thrown into the mud like that made him feel more like some sort of contemptuous prank.

But the housekeeper at this time was innocent. He pointed to the changing stool in the bathroom changing area and said, "Sir, where is your prosthesis!"

Ito Yuhiko turned his head to look, and was surprised to find that his prosthetic limbs were now bent and placed on the changing stool.

He couldn't help but wonder, then looked at the mud in front of him and said, "Then what are the legs in here?!"

Saying that, he hugged one of them with both hands, and said coldly, "Let me see what the hell this is!"

Immediately afterwards, Ito Takehiko suddenly held the thing with both hands and flipped it upwards, and he felt that his whole body was thrown down uncontrollably.

The inside of the bathtub is originally arc-shaped, and it is relatively stable when lying still, but once a person rolls in it with his legs in his arms, the whole person will lose the center of gravity directly.

The housekeeper was also curious as to what was in the bathtub of Ito Takehiko, but the next second Ito Takehiko instantly fell backwards, slipped his upper body, and suddenly turned his back, and his whole head fell into the mud.

Ito Yuhiko saw that it was a foregone conclusion that his head fell into the mud. Before his head fell into the mud, he subconsciously scolded again: "Ah! Baka!"

After he finished speaking, his head plunged directly into the mud.

Then, a few clumps of air bubbles rolled out from the surface of the viscous mud.

And as his head got into the mud, at the other end of the bathtub, a foot and half a calf suddenly came out of the water.

The housekeeper was dumbfounded when he saw the foot and half of his calf, but before he could react, he was taken aback by Ito Takehiko who was submerged in the mud, so he rushed forward and took Ito Takehiko directly from him. Taken out of the mud.

After Ito Yuhiko got out with green mud on his face, he immediately spit out a large mouthful of green mud, and then coughed violently uncontrollably.

The housekeeper hurriedly brought a towel to wipe his face for him, and asked with concern, "Sir, are you alright?"

Ito Yuhiko shook his head in embarrassment, and asked him feebly, "How did I turn over just now?"

The housekeeper just remembered that in a trance just now, he saw a foot and half a calf.

So, he hurriedly said: "Sir, I see that you seem to have picked up a foot and half a leg just now..."

Ito Yuhiko recalled the strange process just now, and he really held a leg out of this mud just now!

Moreover, it is still very real human legs!

Ito Yuhiko was so nervous, he quickly grabbed the edge of the bathtub with both hands, and hurriedly propped his upper body out of the mud, and then his legs kicked uncontrollably inside for a while.

The Amazing Son In Law Chapter 5118

But until this time, Ito Yuhiko still didn't know that his legs had grown back.

At this time, he still subconsciously felt that he had lost his legs, and the subconscious kicking was completely a conditioned reflex made by people when they were in a panic, and this conditioned reflex basically did not pass through the human brain.

Seeing a thud in the mud behind him, as if something giant was about to get out of it, Ito Yuhiko was also frightened with goosebumps all over his body, and quickly stretched out a hand and said to the housekeeper, "Quick! Pull me out of this damn bathtub. go out!"

The housekeeper was also frightened, and hurriedly hugged Ito Takehiko's arm with both hands, and suddenly pulled her out of the bathtub with force.

Immediately afterwards, Ito Takehiko felt that the whole person jumped out in a swish, and before he was ready, the whole person fell heavily on the ground and fell a dog.

As soon as he groaned, he heard the butler let out a terrified scream.

The scream also frightened him, and he hurriedly asked, "What the hell is it?! Did you see it?!"

The housekeeper stared at Ito Yuhiko's two intact legs, and said shiveringly: "Big...sir...your legs! Your legs have grown...this...this is really absurd...this... How is this possible... I must be dreaming... must be dreaming..."

As he spoke, he subconsciously rubbed his eyes with both hands, and said something plausible like a mantra.

At the same time, when Ito Yuhiko heard his words, he turned his head subconsciously, and was immediately frightened by the sight in front of him and shouted!

Because, he suddenly discovered that his two legs that had been amputated had grown back!

It's just that Ito Takehiko couldn't care about happiness at this time, his whole world view was completely subverted, and he didn't know whether it was a reality or a dream. He was looking forward to these legs growing back all the time, but when he saw that there were two legs attached to his body, he was completely frightened by the sudden two legs.

It's as if a close relative has passed away, and he longs for the other party to be able to come back to life, but if the other party really sits up from the coffin, it will definitely scare these close relatives to pieces.

At this moment, Ito Nanako outside the door heard her father's scream and said nervously, "Did something happen to Odosan?"

After speaking, he subconsciously got up to look.

charlie stopped her at this time, smiled and said, "Don't worry, I'll go take a look."

Ito Nanako hurriedly said, "I'll go too..."

charlie said lightly: "Mr. Ito is not wearing clothes, so you should not go in."

Ito Nanako nodded helplessly, and said to charlie, "Then please ask charlie!"

charlie smiled slightly, got up and went to the bathroom where Takehiko Ito was. As soon as he pushed open the door, he saw Takehiko Ito sitting naked on the ground, looking at his legs in horror, and he was dumbfounded.

Seeing charlie coming in, Ito Yuhiko, whose mind couldn't move, seemed to grab a life-saving straw, and said quickly, "Mr. Wade... I... Am I being hypnotized by you?!"

charlie smiled and said, "I didn't hypnotize you."

"Impossible..." Ito Yuhiko said with a serious face: "I can see that both of my legs have grown out now, which looks too real, and those leg hairs covered in green mud, It's just like the real thing... Mr. Wade, this must be some kind of hallucination under hypnosis, right?"

As he said, he remembered something and said quickly: "Right! Even my housekeeper had the same hallucination! Could it be that there is some volatile hallucinogenic substance in the mud that caused both of us to appear? Hallucinations?!"

charlie shook his head and said indifferently: "Mr. Ito, you didn't have any hallucinations, the two legs you saw are real, what I just fed you is the medicine that can regenerate your severed limbs. , that's why I called you all the way from Japan, so I solemnly tell you that from today, you will no longer be a disabled person without legs!"

The Amazing Son In Law Chapter 5119

charlie's words made Ito Takehiko feel like a thunderclap!

He was stunned for a while, looked at charlie nervously, and asked in a trembling voice, "...Mr. Wade...Are you sure you're not kidding me? My legs...are they really growing? "

charlie nodded and said casually, "Mr. Ito, you came here anyway, so you don't need to be so surprised at this time, right? If you don't believe it's true, you might as well stand up and take two steps."

Ito Yuhiko stared at his two sturdy legs in a stunned manner, and subconsciously reached out and touched it.

The feeling of starting is very real.

Moreover, when he calmed down a little, he realized that not only did his hands feel the real touch when he touched his legs, but even his legs actually felt the feeling of being touched.

At this moment, Ito Takehiko's whole body began to tremble violently uncontrollably.

He has begun to gradually believe that all this seems to be true.

This huge shock and extreme excitement made him tremble like a severe Parkinson's patient.

Immediately afterwards, he subconsciously wanted to bend his legs.

Although the movements of the legs were a little jerky, they did gradually bend as he wanted!

At this moment, Ito Yuhiko could only feel hot tears pouring out of his eyes, so that his vision was blurred by tears.

Afterwards, he remembered charlie's words, wiped away his tears, hugged his knees with both hands, and wanted to stand up slowly with his knees.

He originally thought that this action would be very difficult, but what he didn't expect was that with just a little force on his legs, the whole person stood up steadily!

Although he has not yet adapted to the newly grown legs, it cannot be denied that the state of these two legs is at its peak.

Therefore, Ito Takehiko stood up completely in the blink of an eye.

Ito Yuhiko is not tall, his height is about 1.68 meters, but this man has been martial arts since he was a child. Although he is not a martial artist, he has practiced karate and Sanda for many years, which has also improved his physical fitness and strength. more than most of their peers.

Reshaping Dan reshaped his legs back to their peak state. Although the legs were a little short, they were very sturdy, standing in the same position, plus a suit of green mud, like a big green hair. Chimpanzees.

When charlie saw Ito Takehiko standing there, he knew in his heart that this kind of thing must be too shocking for Ito Takehiko, and at least he needed to get used to it a little.

The housekeeper on the side came back to his senses at this time, and asked in horror: "Mr. Wade...sir... his legs have really grown?! I'm not dreaming?!"

charlie asked lightly, "Have you ever had a dream of having a human leg amputated, can it grow back?"

The Amazing Son In Law Chapter 5120

The housekeeper quickly shook his head and said seriously: "I haven't done it..."

charlie smiled: "That's right, this kind of good thing can't be dreamed in a dream, it's like every man has gone through adolescence, but the object of every spring dream may not necessarily be him. The girl you love the most, is that true?"

The housekeeper agreed, nodding his head like garlic, and said, "Yes, yes... I have racked my brains throughout my adolescence and never dreamed of the goddess in my mind in that kind of dream..."

charlie snorted, then looked at Ito Yuhiko, and smiled lightly: "Mr. Ito, how does it feel to have your birthday wish come true?"

Ito Yuhiko, who was standing stupidly before, heard this, and suddenly knelt straight on the hard floor tile with a thud, his eyes filled with tears, looked at charlie and choked: "Mr. Wade! Thank you for your reconstruction. Well! I never dreamed that Ito Takehiko could become a normal person in this life! Your great kindness and virtue will be unforgettable in my life!"

Saying that, he opened his arms, knelt on the ground and kowtowed three times to charlie.

charlie saw Ito Yuuhiko kneeling on the ground, talking and crying, and with that face full of green mud and a little distorted, he felt no longer the same as before, like a green-haired gorilla, but like a new The big monkey that came out of the soil, plus this old man is still naked, it is a bit unsightly visually.

So charlie didn't want to step up to help, and said to the housekeeper beside Ito Yuhiko with a bit of disgust, "Quickly get a bath towel and put it on your Mr. Ito, at such an old age, kneeling on the ground with a bare bottom is like something. "

The butler came back to his senses, quickly pulled a bath towel, rushed forward in three or two steps, and wrapped Ito Yuhiko's waist down with the bath towel.

At this time, Ito Yuhiko didn't care whether to lose face or not, he was already out of breath from crying, looked at charlie with tears in his eyes, and choked up: "Mr. Wade... You are the next rebirth parents... From now on In the future... no matter what you ask me to do, I will have nothing to say, even if you ask me to jump out of here, I am still willing! Being able to die with dignity as a normal person is better than living a life in a wheelchair. Much better!"

charlie shook his head helplessly, and said, "I called you all the way, and then gave you such a precious medicine, not to watch you jump off the building and fall to your death, but to let Nanako later I can no longer worry about you, so from now on, you must cheer up, don't be like a half-dead all day long, and don't let Nanako worry about you anymore, understand?"

Ito Yuhiko suddenly realized and blurted out: “I understand Mr. Wade! Thank you for your love for your little girl! From today, I will definitely not let Nanako worry about me at all!”

charlie nodded and said: “Okay, get up and take a shower, wash all the mud off your body, especially your face, wash your face carefully, and then put on the sportswear prepared for you and come out, Nanako. Still waiting outside.”

Ito Yuhiko was about to kowtow again, but as soon as he bent down, the bath towel around him broke away, and the housekeeper on the side hurriedly stepped forward to help him wrap it again, charlie couldn't help but said, “Don't give me a big gift, I Helping you is entirely for Nanako's face.”

Ito Yuhiko choked his throat and focused his head, then remembered something, and asked, “Mr. Wade, I'm going to ask you something...”

charlie hummed: “You ask.”

Ito Yuhiko asked respectfully: “Mr. Wade, I want to know... how is Tanaka... how is now? Did you also give him medicine?”

charlie nodded and said, “I have already given him the medicine, but he took the medicine a few minutes later than you, so I guess he is almost awake now.”

Ito Yuhiko breathed a sigh of relief and choked: “Tanaka saved my life with all his might, without him, I might have been shot to death by the Takahashi family long ago, and now he can recover as before. , I can be regarded as a wish...”

After that, he looked at charlie and said with tears: “Thank you, Mr. Wade!”

charlie smiled slightly and said indifferently: “You don't have to thank me for this, I'll help you out of Nanako's face, helping Tanaka, and completely appreciating his loyalty to your Ito family as a loyal servant.
