Chapter 1906 The ultimate fate of the world

The ultimate destiny of the world is to be destroyed.

William didn't know what this unknown world was.

But he knew before he fell into a coma that he stepped in.

After an unknown amount of time, William only heard a dazed call coming from his ear.

"William! William! Wake up!"

William opened his eyes with difficulty, and Bai Fengxue's nervous and worried look suddenly came into view.

"William, what did you do to frighten me to death!" Bai Fengxue had tears in her eyes. After seeing William awake, she couldn't hold back any longer, so she started to cry.

William stretched out his hand, stroked Bai Fengxue's head tremblingly, and said weakly, "I, I'm fine..."

He wants to mobilize the metaplasia in his body to heal himself.

However, it was found that the body was so weak that even the metamorphosis could not function.

After trying it out, William gave up directly.

Let's wait until some power is recovered.

William lay on the bed, and the image of the wind and snow became clearer and clearer.

Seeing her pear blossom with rain, William was very distressed.

Let Feng Xue cry for himself again and again, he is really a bastard.

"I'm sorry for worrying you. I really have nothing to do." William said slowly to Feng Xue again.

"Don't talk, lie down for a while, and I'll go out and call Grandpa." Bai Fengxue said to William with red eyes.

After that, Bai Fengxue hurried out.

William lay on the bed and turned his head to look at his surroundings.

Seeing this, William couldn't help but be speechless!

Here's what happened!

Been robbed?

I saw that the room where William was in was a mess.

There was a big hole in the ceiling.

Except for the bed, the whole room was almost completely destroyed.

And William looked at his body again, blood dripping all over his body, the blood was not dry yet.

There are also a few silver needles tied to the chest.

It should be Grandpa who handled it urgently.

Heck.

William readjusted and gradually sank his consciousness into the spiritual platform.

This sinking, William almost screamed out.

Is this still my spiritual platform?

I saw that my spiritual platform was no longer the dark little world it used to be.

Instead, it has become a boundless world!

In this boundless world, aura is full, warm and smooth.

The success of opening the spiritual root is like this?

William suddenly wanted to know what would happen to others after they opened their spiritual roots?

When William returned to his own world, he clearly realized that he had not cultivated at all, but the spiritual energy from all directions gathered continuously into his spiritual platform, forming a small cycle.

He was overjoyed.

Su Emei was right.

Linggen above the spiritual level can turn on the on-hook mode.

There is no need to practice at all, the spiritual energy is automatically attracted.

And a very terrifying level of spiritual energy was gathered.

William can even describe himself like this.

Now he is a training machine that moves and walks.

Thinking about it, William was a little excited.

He admired himself a little.

In that case, I persevered and succeeded.

He wanted to jump up from the bed at the moment, and asked aloud, who else!

I believe that my elder brother and second brother can't do this.

But unfortunately, William is unable to jump around now.

At this time, William suddenly remembered something.

He quickly asked in his heart, "Old Ancestor, Senior Chi You, can you hear me?"

"Humph!" The first voice that rang out was the voice of the soldier, Chi You.

One word expresses all the disdain and ridicule.

As if to say, you scumbag.

However, Tianqing Qilin immediately said kindly, "I can hear you, what's the matter?"

William was even happier, "You'll be fine. I didn't do well before, and I didn't think of a way to do it right away, so I asked you to follow me on an adventure and almost died."

Indeed, William didn't understand the doorway at first, but chose the method of covering the soil with water and forcibly swallowing the spiritual energy.

They even pulled out two big men to devour them together.

As everyone knows, the direction is wrong, no matter how hard you try, it will be in vain.

During the opening of the spiritual root, the dangers are one after another.

If Wiliam didn't think of a way in time.

If it wasn't for the two bosses finally giving up their prejudices and working together to help Wiliam.

All kinds of opportunities and all kinds of hard work have created the current Wiliam. Not only did he successfully overcome the difficulties, but he also successfully opened the world-shattering spiritual root.

"Humph!" Chi You continued to express his disdain.

Tianqing Qilin smiled and said: "How can you blame you? I am also an eye-opener. Your cultivation skills in later generations are really so ingenious that you can open your spiritual roots, tsk tsk tsk, you have opened your spiritual roots, I dare to say that there will be no future. If it weren't for the right time, place and people, such a miraculous spiritual root would never be unlocked! With this spiritual root, your cultivation speed will reach an exceptionally terrifying level. Over time, your cultivation will surpass ours, no longer Next."

Hearing this, Wiliam even became a little complacent.

However, he remained awake and immediately asked, "What about you? Are you injured?"

"Hum hum hum!" Chi You continued to mock and attack.

Tianqing Qilin rescued Wiliam and said, "Don't listen to that barbarian's ridicule. We were not injured at all. On the contrary, I would like to thank you. In opening the spiritual roots this time, we not only had a full meal of spiritual energy, but also let the soul Great benefit. And with your spiritual roots, our souls will recover hundreds of times faster than before! Let me tell you this, you let us devour a few ancient treasures before. The soul has recovered half. Now after this battle, our soul has recovered to two-thirds, and only one-third has not fully recovered. It is also a matter of time, it will not be too long! "

After Wiliam heard it, he was extremely shocked!

He never thought of opening the spiritual root, which actually made the two seniors a blessing in disguise, which was even more gratifying than Wiliam's smooth opening of the spiritual root.

"It's just this time, it won't happen next time." Chi You hardly said a few more words, and there was no disdain or ridicule in his words.

Indeed, Chi You and Wiliam were very unhappy at first.

But after fighting together again and again, Chiyou's soul recovered faster than it had been for thousands of years before.

Now, there is a day when the soul can be completely repaired.

He had never even thought about this before!

It can only be said that working with Wiliam is really enjoyable.

Moreover, Chi You gradually accepted Wiliam.

Under the double beauty, Chi You is also in a good mood.

It's just that Chi You is more than arrogant, how could he admit that Wiliam is a good person.

Tianqing Qilin naturally knew this, so he took the initiative to stop the job.

He said to Wiliam, "So Wiliam, we want to ask you one thing next."

"What's the matter? It's okay for you to say it!" The two seniors helped Wiliam many times, which could be said to have saved lives.

Wiliam took advantage of it many times.

Without them, there would be no Wiliam today.

So help no matter what!

Tianqing Qilin said slowly: "It's time, I want you to help us collect a few things and help us reshape our bodies!"
