

Dragon Husband Chapter Chapter 1908

Chapter 1908 Crying at you!

When she said this, Su Hongxiu looked longing.

As if there was a holy place for her.

William had a black line on his face.

WTF?

Emperor Yao Lingxu?

What a broken name?

Made it so fantastical?

Su Hongxiu seemed to understand William's mind, glared at William, and said, "Don't desecrate that place, or you will die miserably."

"Are you still serious? What is Emperor Yao Lingxu?" William said lazily to Su Hongxiu.

Su Hongxiu rolled her eyes again and said solemnly, "This method is the first of the five methods. Do you know the five methods?"

William shook his head bluntly, "I don't know."

Su Hongxiu almost spat out a mouthful of old blood, "I don't even know the five methods! All your cultivation is shown to the dog!"

I don't understand basic common sense, Su Hongxiu is very depressed.

"Speak up!" William knocked on the blackboard to focus on the key points.

"I'd better popularize the six methods for you first. There are four circles in our land of the common people. You can also see that the outermost is where the nine sects are located. The nine sects have the absolute right to speak." Su Hongxiu said proudly.

William didn't answer, and motioned her to continue to be arrogant.

"And in the middle, is the second circle, where the Six Dharmas are located. Further inside, is the place where Sandingtian is located, and the innermost, which is the most core circle, is the extremely terrifying Dengxian Ancient. Of course, these are still too far away for you, you don't need to know much. I will focus on telling you about the Six Dharmas."

“The so-called six methods are six powerful methods. Among them, the method ranked at the bottom is called the first champion. The people of this method are strange, and the people who practice it are knowledgeable. This is probably a vivid interpretation of knowledge as power. As for them how I cultivated, I still don’t know.” When Su Hongxiu said it, her expression became a little crazy. Han.

Who doesn’t like a man with knowledge?

William ho ho, and also came to be interested.

Is there really such a magical method?

Practice writing, practice knowledge?

Said William wanted to take a look.

“The fifth-ranked method is called Qingmei Kongmen. The name sounds good, right? But let me tell you, there are a group of monks who are not close to women. One by one, they are full of flesh, and they are blind to such a beautiful name.” Su Hongxiu is indeed a lesbian, and the focus is on whether a man is handsome or not.

“Isn’t muscular man fragrant?” William complained silently.

“Bah! Little milk dog is justice! Shit, I was led astray by you.” Su Hongxiu scolded William, feeling a little guilty, as if revealing some unknown shameful secret.

“Cough cough cough. The fourth-ranked method is called troubled times without support. This method is also a rough man who licks his hair and drinks blood. I don’t like it anyway.”

“As for the third-ranked method, you are very familiar with it, it’s called Beihe Yanwu. Well, you are right, it is the sad method that was killed overnight by some mysterious great master because he offended you. Beihe Yanwu. Wu has become a thing of the past, I heard that many methods are breaking their heads and trying to squeeze into the six methods recently.” Su Hongxiu said this and looked at William with a smirk.

William looked righteous, “It’s not me, I don’t have it, I deny it.”

Suffocating for three consecutive nos, forcefully clearing the relationship.

“The second sect, you are also very familiar with it. It is the sect where your eldest brother Liu Lang is. It’s called Chuanyun Jinglong. I still like this sect.” When Su Hongxiu said this, the corners of her mouth curled slightly.

“Are there more puppies?” William asked.

“Your sister!” Su Hongxiu blushed and cursed Wiliam.

Mrs. Shishi, it seems that it is also deeply ingrained in this kid’s heart.

“The number one is the Emperor Yao Lingxu I mentioned earlier. This method is too powerful. According to legend, any disciple who walks out can run amok among our nine sects.” Su Hongxiu looked fascinated.

Wiliam nodded, and his heart began to digest.

Emperor Yao Lingxu, Chuanyun Jinglong, Beihe Tired of Martial Arts, troubled times without support, Qingmei empty door, and the first champion.

Are these dharmas ranked according to how good their names sound?

Wiliam complained silently in his heart.

“And then, what I’m going to say next is the key point. The above six methods all have one thing in common. They all have blood inheritance! Among our nine sects, only Xianghualixue and Dugu Hongshi have this.” Su Hongxiu said.

As soon as Wiliam heard this, he couldn’t help thinking of Xiang Hua Li Xue.

The same is the inheritance of blood, why is Xianghua Lixue so miserable?

Does it have something to do with Lady Peach Blossom sleeping all year round?

“Ji Di Zhuang Yuan is the bloodline of the legendary Xuanwu Wushu, so he is more or less a scholar. The ancestor of Qingmei Kongmen is said to be a Buddhist Bodhisattva, and the troubled times are the blood of an orangutan or a baboon in ancient times.” Su Hongxiu said this, but was interrupted by Wiliam.

Wiliam had a black line, “What do you describe, the chaotic world has no branches, I guess it is the blood of Wuzhiqi in ancient times? Wuzhiqi is clearly an ape, what kind of orangutan or baboon, they heard it, use them The thick stick will stab you and cry.”

Su Hongxiu blushed, “You talk too much! Bah! You were stabbed and cried!”

After scolding, she hurriedly passed the party and continued: “The rumor of Beihe Yanwu is also the bloodline of some ancient monster. It’s not very famous, and it’s already extinct, so it doesn’t exist. Chuanyunjinglong is the bloodline of the golden dragon. You should be very clear about this, after all, your elder brother Liu Lang is a five-clawed golden dragon, a fighter in a plane.”

“And the Emperor Yao Lingxu you want to know most about, hehe, it is about the bloodline of the Mountain Emperor House. According to rumors, the Mountain Emperor

House is a divine tree that turned into a demon, and it still sleeps in the depths of the Emperor Yao Lingxu method. And if you want to get the Shandiwu, go and defeat the emperor demon Ling Xumanmen, and then kill the Shandiwu demon?" After speaking, Su Hongxiu looked at Wiliam with a playful expression.

When Wiliam heard this, everyone went numb.

Step on a horse, it's purgatory mode again!

Just talking about the Mountain Emperor's House alone, I not only have to face the evil spirits who are the leader of the Five Laws, but also directly face the Mountain Emperor House demon who has been sleeping for thousands of years. What a piti!

These sleeping old monsters are all quite terrifying!

Wiliam couldn't help thinking of Lady Peach Blossom.

These girls are not easy to mess with.

Su Hongxiu, who was on the side, watched Wiliam slump, not to mention how cool he was.

This goddamn man, recklessly attacked the old lady just because he looked good.

Madam shameless!

Oh yo yo, it's so pitiful to see the aggrieved look on your little white face.

Come on, my sister loves you-

"What are you worried about, you, isn't it just the first of the five methods? Just step on it with one foot. After all, it's a matter of destroying a case with one foot..."

"Brother, you have experience and are familiar with the way."

I cry for you!
